	CBMS Emergency Processing Unit.....	1-23

Line Item Descriptions FY 10-11 BUDGET REQUEST

Line Item Descriptions FY 10-11 BUDGET REQUEST

(1) EXECUTIVE DIRECTOR'S OFFICE

(A) GENERAL ADMINISTRATION

The Executive Director's Office contains the staff and resources for overall direction of all departmental activities. The Executive Director accomplishes this task through the direct supervision of the Executive Management Team (EMT). Through EMT, the Executive Director provides the direction and supervision of the program and administrative areas.

Public Information Officer: The PIO serves as the department's primary contact for the media, supports the department's internal communications efforts, and coordinates departmental involvement in community events.

Legislative Liaison: The Legislative Liaison is the Department's designated lobbyist and oversees and coordinates all external and internal activities related to development and promotion of the Department's legislative agenda, and represents the Department's position on legislative matters impacting departmental operations or programs.

Division of Field Administration: The County Commissioner Liaison (CCL) serves as a direct point of contact between County Commissioners and the Executive Management of the Colorado Department of Human Services on issues of mutual concern or interest. This position also supervises the Field Administration Unit. This division is the Department's primary operational link to locally administered agencies. Field Administration extends the authority and influence of all state programs by collaborating with and working on behalf of the state offices, divisions, and units. It provides management consultation, technical assistance, training, facilitation services and operational oversight to the Directors of the 64 County Departments of Human Services, 16 Area Agencies on Aging (AAAs) and 2 American Indian Tribes in the state. The Division accomplishes this through on-site interaction and involvement with the local agencies through geographically assigned individuals who are familiar with county administrative personnel and knowledgeable about local needs and issues.

The Budget Office provides budget development, support, management and analysis services for all program areas of CDHS. The budget office focuses heavily on assisting programs in managing appropriated dollars and FTE. The budget office also provides program staff with the tools to manage financial resources in the most effective manner possible, which allows services to be provided in an efficient manner to the most clients possible.

Line Item Descriptions FY 10-11 BUDGET REQUEST

Functions of the Budget Division include:

- **Budget Development:** Each DHS program is assigned a budget analyst that works with program staff to identify financial issues to be addressed through the budget process. Each analyst develops the annual budget request for the assigned program areas following OSPB requirements and direction from the Executive Management Team. Budget development begins with an extensive review of budget actions proposed by program staff for policy implications and resource requirements. Once approved, budget analysts prepare the necessary documents for submission to the Governor's Office and the Joint Budget Committee. Other responsibilities in this area include identifying cash fund sources and preparing revenue projections to ensure that revenues are sufficient to support the Department's request.

Budget Office staff is also tasked with developing budget requests for centrally appropriated items using common policy instructions issued by the OSPB, The Department of Personnel and Administration, or JBC staff. Examples of these types of requests include Salary Survey, Pay for Performance, Health, Life and Dental Insurance, Shift Differential Pay, Overtime Pay, Vehicle Lease Payments, and Utilities. When required, DHS budget analysts coordinate budget requests with budget analysts at other agencies such as Health Care Policy and Financing.

Once the budget request has been submitted, budget analysts are responsible for guiding their assigned program budgets through the Executive and Legislative budget processes. This responsibility includes attending budget-related hearings, responding to questions and request for information from OSPB and JBC staff, updating program staff and DHS management regarding the budget process, and working with JBC staff to finalize fund splits and letter note amounts for the Long Bill.

- **Financial Oversight:** Budget staff also monitor current year revenues and expenditures. Using COFRS and other available data systems, budget analysts periodically review revenues and expenditures to ensure compliance with appropriated dollar amounts. Financial data is analyzed and used to anticipate budget issues such as revenue shortfalls or over/under expenditures in a timeframe sufficient to allow for adjustments to be made as necessary. DHS budget analysts are actively involved in program budget management and work to assist programs in developing solutions to potential budget issues, and to ensure fiscal accountability and the efficient utilization of resources.

The Budget office holds departmental responsibility for allocating and managing POTS appropriated to the Office of Executive Director. Staff monitors program FTE levels to ensure that usage does not exceed appropriation levels. Budget staff holds responsibility for certifying adequate program resources for personnel additions or changes and contracts. This review is also designed to ensure that expenditures meet legal requirements and that they support departmental requirements and objectives.

Line Item Descriptions FY 10-11 BUDGET REQUEST

- **Financial Data:** The Budget Office staff develops processes, protocols and internal controls to ensure that financial information provided is accurate, concise, timely and defensible. The Office serves as the single entry point into DHS for financial information flowing between DHS programs and Joint Budget Committee and OSPB staff and reviews outgoing information such that JBC/OSPB is provided with consistent, accurate information. The DHS budget office acts as a liaison to provide financial information to other state agencies including the Department of Personnel and Administration and the Department of Health Care Policy and Financing.
Budget analysts are responsible for coordinating the booking of long bill, special bills, and supplemental appropriations with the accounting division. Staff also works with program and accounting staff to complete transfers, ensure that revenues are properly booked, and restrict dollars as appropriate. Each analyst also attends periodic fiscal team meetings consisting of program and accounting staff assigned to each program.
- **Fiscal Notes:** The responsibility for fiscal note coordination is assigned the budget office staff. This entails receiving requests for fiscal analysis on proposed or introduced legislation, disseminating requests to appropriate program staff, and monitoring legislation with a potential fiscal impact to DHS. In addition, analysts are responsible for reviewing fiscal analysis provided by their assigned programs to verify funding request is accurate and justifiable. Staff also attends weekly legislative meetings to update program staff on the status of relevant bills.

Grants Management: It is the policy of CDHS to ensure that grants originating from this Department are consistent and comply with requirements from the Governor's Office. The Governor's Office approves all grants to verify congruence with statewide policy and initiatives, as well as to monitor any fiscal obligations related to matching funds. The Grants Management section of the Office of Financial Services is responsible for serving as a central clearinghouse, for coordinating the approval process for all grant funding that is solicited by all offices of the Department, and for providing information to the Governor's Office for purposes of statewide coordination.

The goals of this internal centralization are to assure that: (1) the grants being solicited are in line with the Department's Mission and Goals; (2) proposals are coordinated with other departments as well as with internal divisions; and (3) a comprehensive list of existing grants is maintained

Strategic Planning: The Budget Office has historically held the responsibility for coordinating the Department's strategic planning process. Responsibilities in this area have included coordination of meetings, tasks and deadlines for the Department's Strategic Planning Committee (SPC), acting as a liaison between DHS Executive Management Team and SPC members, and the editing and compilation of strategic planning documents into the DHS budget request.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The budget office staff is charged with all strategic planning functions including: developing and monitoring performance measures; coordinating the development of Departmental goals and objectives.

PERSONAL SERVICES

This line item provides funding for employees' salaries and wages, as well as the associated state contribution to the Public Employees Retirement Association and the state share of federal Medicare taxes. This line item also provides funding for certain professional and temporary services.

HB 08-1375, the FY 2008-09 Long Bill, appropriated \$2,076,123 and 22.4 FTE for this line. The FY 2008-09 salary survey, and 80% of performance-based pay added \$85,346 and \$24,785 respectively to increase continuation to \$2,186,254 and 22.4 FTE. An adjustment for indirect cost Medicaid reduced the appropriation by (\$160,000) as well as a 1.82% personal service reduction (\$39,733) adjusted the appropriation to \$1,986,521.

SB 09-259, the FY 2009-10 Long Bill, appropriated \$1,986,521 and 22.4 FTE for this line. The FY 2009-10 1.82% personal services reduction of (\$39,733) is added back in for a continuation of \$2,026,254.

HEALTH, LIFE, AND DENTAL

The Health, Life, and Dental (HLD) appropriation is designed to cover the State's contribution for the premium on each employee's HLD insurance policy. This insurance benefit is part of the POTS component paid jointly by the State and State employees on a predetermined rate based on the tier that each employee selected (e.g., Employee, Employee + Spouse, Employee + Child(ren), Employee + Spouse + Child(ren)).

HB 08-1375 the FY08-09 Long Bill, appropriated \$22,609,877 for this line item. SB08-1287, the FY07-08 Long Bill, appropriated \$18,740,921 for this line item. Enrollment adjustment increased this appropriation by \$2,775,648 increasing the appropriation to \$25,385,525.

SB 09-259 the FY09-10 Long Bill appropriated \$25,385,525 for this line item. Reduction for the closure of beds at Fort Logan as well as closure of beds at Grand Junction Regional Center in the amount of (\$1,678,108), OIT consolidation (\$1,139,112) as well as application of DPA common policy (\$98,769) adjusted continuation request to \$22,469,536.

SHORT-TERM DISABILITY

Short-Term Disability (STD) is insurance that provides partial payment of an employee's salary in the event that an individual becomes disabled and cannot perform his or her work duties. All employees have this employer-paid payroll-based benefit. STD rates are calculated on a fiscal-year basis per the Common Policy instructions. The year-to-year estimated rate is set by the Department of

Line Item Descriptions FY 10-11 BUDGET REQUEST

Personnel and Administration. If the actual rate for the fiscal year differs substantially from the estimated rate, the Department of Personnel and Administration will submit a statewide Supplemental Request to adjust the appropriation.

SB08-1287, the FY07-08 Long Bill, appropriated \$285,124 for this line item. HB 08-1375 the FY08-09 Long Bill, appropriated \$331,564 for this line item. JBC adjustments for enrollment added \$27,736 for a total of \$359,300.

SB 09-259 the FY09-10 Long Bill appropriated \$359,300 for this line item. Reduction for the closure of beds at Fort Logan as well as closure of beds at Grand Junction Regional Center in the amount of (\$14,652), OIT consolidation (\$20,796), as well as application of DPA common policy \$11,444 adjusted continuation request to \$335,296.

SB 04-257 AMORTIZATION EQUALIZATION DISBURSEMENT

The Amortization Equalization Disbursement increases the employer contribution to the PERA Trust Fund to amortize the unfunded liability in the Trust Fund beginning in January 2006. The Budget Request for this line is computed per the Office of State Planning and Budgeting's budget instructions. The rate is provided by the Department of Personnel and Administration and is calculated using the sum of base salaries, Salary Survey, Performance-based Pay and Shift Differential. During the 2005 legislative session, the General Assembly created a single Amortization Equalization Disbursement line item in all departments to fund these expenses. The FY 05-06 Amortization Equalization Disbursement used a rate of 0.5% of payroll beginning January 1, 2006. This remained at this level until January 1, 2007 when it increased to 1%. The rate is projected to increase to 3% over seven years. FY 06-07 was the first full year this program was in effect.

SB 08-1287, the FY07-08 Long Bill, appropriated \$2,651,400 for this line item. HB 08-1375 the FY08-09 Long Bill, appropriated \$4,012,420 for this line item. Incremental increase adjustments added \$784,107 bringing appropriation to \$4,796,527.

SB 09-259 the FY09-10 Long Bill appropriated \$4,796,527 for this line item. Reduction for the closure of beds at Fort Logan as well as closure of beds at Grand Junction Regional Center in the amount of (\$201,775), OIT consolidation (\$322,008), as well as application of DPA common policy \$941,944 adjusted continuation request to \$5,214,688.

S.B. 06-235 SUPPLEMENTAL AMORTIZATION EQUALIZATION DISBURSEMENT

The Supplemental Amortization Equalization Disbursement increases the employee's contribution to the PERA Trust Fund to amortize the unfunded liability beginning January 2008. It is similar to the Amortization Equalization Disbursement discussed above. The Budget Request for this line is computed per the Office of State Planning and Budgeting's budget instructions. The rate is provided by the Department of Personnel and Administration and is calculated using the sum of base salaries, Salary Survey, Performance-based Pay and Shift Differential. During the 2006 legislative session, the General Assembly passed SB 06-235, which

Line Item Descriptions FY 10-11 BUDGET REQUEST

included creation of the Supplemental Amortization Equalization Disbursement as a sub-line of the Salary Survey and Senior Executive Services line item in all departments to fund these expenses. The Supplemental Amortization Equalization Disbursement rate will be first implemented in FY 07-08 and will use a rate of 0.5% of payroll beginning January 1, 2008. This rate will increase by 0.5% per year, in each calendar year until 2013.

SB 08-1287, the FY07-08 Long Bill, appropriated \$486,293 for this line item. HB 08-1375 the FY08-09 Long Bill, appropriated \$1,827,413 for this line item. Incremental increase adjustments added \$1,129,308 bringing appropriation to \$2,956,721.

SB 09-259 the FY09-10 Long Bill appropriated \$2,956,721 for this line item. Reduction for the closure of beds at Fort Logan as well as closure of beds at Grand Junction Regional Center in the amount of (\$134,060), OIT consolidation (\$234,792), as well as application of DPA common policy \$1,227,627 adjusted continuation request to \$3,815,496.

SALARY SURVEY AND SENIOR EXECUTIVE SERVICE

The Salary Survey and Senior Executive Service appropriation reflects the amounts appropriated to the Department to cover the cost of salary increases based on the job and wage classification survey performed annually by the Department of Personnel and Administration. In general, the appropriations incorporate results of the "Annual Compensation Survey" recommendation provided by the Department of Personnel and Administration, which reflects percentage adjustments by occupational group. Applicable PERA and Medicare amounts are added into the Salary Survey calculations.

HB 08-1375 the FY08-09 Long Bill, appropriated \$9,460,039 for this line item.
SB 08-1287, the FY07-08 Long Bill, appropriated \$8,901,972 for this line item.

This Request is based on Common Policy instructions from the Office of State Planning and Budgeting.

PERFORMANCE-BASED PAY AWARDS

Department of Personnel and Administration established the guidelines for Achievement Pay, which is a combination of Salary Survey and Performance Pay. Effective July 1, 2007, Fully Competent, Commendable and Superior performers received an increase based on the following.

HB 08-1375 the FY08-09 Long Bill, appropriated \$3,951,587 for this line item.
SB 08-1287, the FY07-08 Long Bill, appropriated \$3,427,553 for this line item.

The Request is based on Common Policy instructions from the Office of State Planning and Budgeting.

Line Item Descriptions FY 10-11 BUDGET REQUEST

SHIFT DIFFERENTIAL

SB 08-1287, the FY07-08 Long Bill, appropriated \$4,304,380 for this line item. HB 08-1375 the FY08-09 Long Bill, appropriated \$3,958,334 for this line item. Funding determined by DPA.

SB 09-259 the FY09-10 Long Bill appropriated \$3,536,438 for this line item. Reduction for the closure of beds at Fort Logan as well as closure of beds at Grand Junction Regional Center in the amount of (\$437,313) as well as an annualization for Regional Center DI-1 (FY 2009-10) of \$30,520 as well as application of DPA common policy \$651,324, adjusted continuation request to \$3,780,969.

WORKERS' COMPENSATION

This line item is used to pay the Department's estimated share for inclusion in the state's workers' compensation program for state employees. This program is administered by the Department of Personnel and Administration. The cost basis is developed relative to estimated claim payouts, purchased professional services (actuarial and broker costs), and Common Policy adjustments. The Department of Personnel and Administration's actuaries determine departmental allocations.

SB 08-1287, the FY07-08 Long Bill, appropriated \$6,764,507 for this line item. HB 08-1375 the FY08-09 Long Bill, appropriated \$8,587,528 for this line item. Funding determined by DPA.

SB 09-259 the FY09-10 Long Bill appropriated \$10,335,023 for this line item. Common policy adjustments for \$443,134 increased continuation to \$10,778,157.

The Request is based on Common Policy instructions from the Office of State Planning and Budgeting.

OPERATING EXPENSES

This line item provides funding for supplies and materials, as well as departmental Capital Outlay for the purchase or replacement of medical equipment, furniture, and other items that cost less than \$50,000.

HB 08-1375, the FY 2008-09 Long Bill, appropriated \$494,827 for this line. Non-Prioritized-2 added \$1,658 for postage increases. The line now reflects a total of \$496,485 based on these increases. Reversal for one-time postage increase reduced continuation back to \$494,827.

LEGAL SERVICES FOR 18,439 HOURS

The legal services appropriation is used to purchase legal services from the Department of Law.

Line Item Descriptions FY 10-11 BUDGET REQUEST

HB 08-1375 the FY08-09 Long Bill, appropriated \$1,384,769 for this line item (18,439 hours). HB 08-1314 also increased this line by \$2,866. SB 08-1287, the FY07-08 Long Bill, appropriated \$1,328,161 for this line item (18,439 hours).

SB 09-259 the FY09-10 Long Bill appropriated \$1,389,932 for this line item. This remains the same for FY 2010-2011.

The Request is based on Common Policy instructions from the Office of State Planning and Budgeting.

ADMINISTRATIVE LAW JUDGE SERVICES

This line item provides funding for the Department to purchase services from the Department of Personnel and Administration, Administrative Hearings Division.

SB 08-1287, the FY07-08 Long Bill, appropriated \$833,592 for this line item. HB 08-1375 the FY08-09 Long Bill, appropriated \$873,818 for this line item. Funding determined by DPA.

SB 09-259 the FY09-10 Long Bill appropriated \$1,007,557 for this line item.

The Request is based on Common Policy instructions from the Office of State Planning and Budgeting, which includes requesting a reduction of (\$203,790) adjusting continuation to \$803,767.

PAYMENT TO RISK MANAGEMENT AND PROPERTY FUNDS

This line item provides funding for the Department's share of statewide costs for two programs operated by the Department of Personnel and Administration: (1) the liability program, and (2) the property program. The State's liability program is used to pay liability claims and expenses brought against the State. The property program provides insurance for state buildings and their contents.

HB 08-1375 the FY08-09 Long Bill appropriated \$1,768,970 for this line item.

SB 08-1287, the FY07-08 Long Bill appropriated \$1,296,369 for this line item.

SB 09-259 the FY09-10 Long Bill appropriated \$1,819,192 for this line item. For FY 2010-11 a common policy budget reductions in the amount of (\$1,252,789) adjust continuation request to \$566,402.

The Request is based on Common Policy instructions from the Office of State Planning and Budgeting.

Line Item Descriptions FY 10-11 BUDGET REQUEST

STAFF TRAINING

The staff training line provides funding for the conferences and training enterprise fund managed by the Mental Health Institute at Fort Logan and the Grand Junction Regional Center for charges made by non-departmental employees who participate in selected staff training programs.

HB 08-1375 the FY08-09 Long Bill appropriated \$31,870 for this line item.

SB 08-1287, the FY07-08 Long Bill appropriated \$31,870 for this line item.

SB 09-259 the FY09-10 Long Bill appropriated \$31,870 for this line item. The same is requested for FY 2010-11.

INJURY PREVENTION PROGRAM

The injury prevention line provides funding for employee injury prevention, loss control initiatives,

HB 08-1375 the FY08-09 Long Bill appropriated \$105,970 for this line item.

SB 08-1287, the FY07-08 Long Bill appropriated \$105,970 for this line item.

SB 09-259 the FY09-10 Long Bill appropriated \$105,970 for this line item. The same is requested for FY 2010-11.

CBMS EMERGENCY PROCESSING UNIT

This line was created as a result of a temporary court order to support benefit applicants. SB 09-259, the FY09-10 Long Bill, moved this line to Executive Director's Office, Special Purpose.

(B) SPECIAL PURPOSE

Most of the line items that are included in the Special Purpose section of the Long Bill are included in the Office of Employment and Regulatory Affairs (OERA). This includes the Office of Performance Improvement, Administrative Review, and the Boards and Commissions that have their budgets in this section. At the end of this section are two line item descriptions that are not are not in OERA, Health Insurance Portability and Accountability Act of 1996-Security Remediation, which is in the Office of Operations, and the CBMS Emergency Processing Unit, which is included in the Office of Information Technology.

HB 08-1375 the FY08-09 Long Bill appropriated \$213,822 for this line item.

SB 08-1287, the FY07-08 Long Bill appropriated \$213,822 for this line item.

Line Item Descriptions FY 10-11 BUDGET REQUEST

OFFICE OF PERFORMANCE IMPROVEMENT

The Office of Performance Improvement is organized and structured around the acknowledgement that a centralized approach to accountability: 1) provides a unique, overall, department-wide perspective to performance improvement; 2) is more cost effective and efficient than having similar functions localized within the various programs (i.e., each office having its own human resources office or its own audit division); and 3) provides a separation of the monitoring and quality assurance functions from the design and implementation of the programs, thus adding objectivity to the information gained by these processes and used to base program improvements.

The Office of Performance Improvement (OPI) is responsible for functions focusing on a different key area of responsibility in ensuring accountability or in providing the support services necessary to achieve high levels of accountability. Since the various OPI functions often involve the same customers (county administrators, program management, etc.), the functions are closely coordinated to ensure that their separate accountability processes are conducted in the most efficient and effective manner, and are non-duplicative for the customer.

The Office is responsible for four separate functions of the Department of Human Services, including (1) Audits, (2) Food Stamp Quality Assurance, and (3) Human Resources. The Office was created to address each function in a separate manner in order to achieve higher accountability to interested parties (such as county social services departments, program management, and legislators). Finally, the functions of the separate entities are coordinated so that their functions are not duplicative.

- **Audits.** This program independently verifies, through internal and external audits, that state and federal financial assistance has been distributed correctly. The Audit Division is responsible for federally mandated sub-recipient monitoring of federal and State funds to insure that the awards are used for authorized purposes in compliance with laws, rules and regulations, and grant provisions.
- **Food Stamp Quality Assurance.** This program performs the federally mandated food stamp quality control function. Included in the quality control function are monthly reviews to ensure eligibility and the correct allotment of food stamps. Reviews are used to: (1) calculate the State's food stamp error rate; (2) assist in corrective action and payment accuracy strategies; and (3) establish the State's eligibility for enhanced federal funding or liability for payment error rates that exceed the national tolerance level.
- **Human Resources.** This program performs all activities related to the Department's personnel/employees. These activities include, but are not limited to: recruitment, examinations, orientation, benefits administration, evaluations, workers' compensation case management, performance management, and personnel records maintenance.

The Office's staffing history is summarized in the following table.

Line Item Descriptions FY 10-11 BUDGET REQUEST

	FY 2007-08 Actual	FY 2008-09 Actual	FY 2009-10 Appropriation	FY 2010-11 Request
Management	0.1	1.0	0.1	0.1

ADMINISTRATIVE REVIEW UNIT

The Administrative Review Division (ARD) is responsible for the federally required Case Review and Quality Assurance (QA) Systems for both the Division of Child Welfare and the Division of Youth Corrections (DYC) in Colorado. The Administrative Review Process involves an on-site case review and face-to-face meeting for all children who are in out-of-home placement for at least six months and is held every six months, as long as the child/youth remains in out-of-home placement. The Quality Assurance Review system includes the review of a random sampling of child welfare cases that are receiving in-home and short-term placement services. A primary purpose of both types of reviews is to monitor the federally prescribed outcomes of safety, permanence, and child and family well being for children and families receiving services through the Child Welfare or Division of Youth Corrections programs. Both reviews have incorporated many of the requirements addressed in Colorado's federally mandated Performance Improvement Plan. Written findings and case specific data reports are provided daily for each completed Administrative Review. Aggregate data reports are provided to county departments, DYC regions, Child Welfare Program staff and the Federal Government on a quarterly or semi-annual and annual basis. Aggregate data reports on the separate Quality Assurance Reviews are provided to the counties as the reviews are completed. As ARD staff is geographically based, the Division is able to provide a Case Review and QA system in each jurisdiction in the state.

These reviews ensure that:

- The child or youth is safe and receiving services identified in their case plan;

Line Item Descriptions FY 10-11 BUDGET REQUEST

- The placement of the child or youth is necessary, the setting is appropriate, and progress is being made to either return the child or youth home safely or achieve permanency through another means; and
- The county has appropriately determined the child or youth's eligibility for federal Title IV-E funds

This unit is also responsible for conducting federally required quality assurance reviews concerning all children and families receiving child welfare services. These reviews currently involve a random sample of individual cases, client satisfaction surveys, and evaluations of systemic indicators. The unit is thus responsible for ensuring compliance with state and federal laws, assuring that out-of-home placement care criteria are met, reviewing the level of care for the child or youth, and assisting in moving the child or youth to a safe, permanent environment. In addition, this unit was designed to facilitate maximization of federal Title IV-E revenues and to assist counties in identifying other available revenues, such as federal Social Security, federal Social Security Disability Income, federal Supplemental Security Income, private insurance, and victim advocacy funds.

DI-16 and SBA -2 – Increases in Administrative Review FTE

The Department's DI-16, as amended by SBA #2, with funds to address travel costs for the new staff was approved for 3.0 FTE with associated operating expenses including a hybrid vehicle and travel expenses for FY 2009-10. Funding was adjusted to include General Fund and federal Title IV-E funds. The source of the federal funding involves redirecting federal funds that would otherwise flow into the Excess Federal Title IV-E Cash Fund and, from there, to counties. The administrative review consists of a compliance officer reading a case file and facilitating a one-hour face-to-face with those involved in any case involving an out-of home placement longer than six months. The Division out of compliance with federal requirements to provide timely reviews and that this could lead to federal sanctions and the additional compliance officers will help the Department in meeting federal standards. Previously there were staff cuts during the 2003-2005 period (11.0 FTE in total, including 7.0 compliance officers). A total of 2.2 FTE were restored in FY 2006-07, but the Department indicates additional staff is still required. This issue was also addressed through S-10 Administrative Review Compliance FTE FY 2008-09. Approved were 3.0 FTE for three months (.8 FTE and \$54,282).

The following table traces the appropriation from the FY 2006-07 Long Bill (HB 06-1385) to the FY 2010-11 Request.

RECORDS AND REPORTS OF CHILD ABUSE OR NEGLECT

This line item provides funding for the Department to maintain records of abuse and neglect and to perform related functions. Funding for this purpose was previously included in a line item in the Division of Child Welfare entitled, “Central Registry of Child Protection”. House Bill 03-1211 repealed the state Central Registry of Child Protection, effective January 1, 2004. Pursuant to H.B. 03-1211, the Department of Human Services now utilizes records of child abuse or neglect for the purpose of conducting background screening check (generally requested by employers and agencies to screen potential child care employees, child care facility license applicants, and prospective adoptive parents). Fees paid for screening checks continue to be used to cover the direct and indirect costs of performing background checks and administering provisions related to the appeals process and the release of information contained in records and reports.

Functions related to records and reports of abuse and neglect are currently performed as follows:

- County departments of social services enter confirmed reports of child abuse or neglect in the state Department's automated system (Colorado Trails) within 60 days of receiving the complaint. County departments of social services provide notice to a person responsible in a confirmed report of child abuse or neglect of the person's right to appeal the county department's finding to the state Department within 90 days.

Line Item Descriptions FY 10-11 BUDGET REQUEST

- Such a person may request: (1) a paper review of the county's confirmed report and record by the Department of Personnel and Administration, Division of Administrative Hearings; or (2) a fair hearing (either by telephone or in person) by the Division of Administrative Hearings before an administrative law judge, at which the state Department would bear the burden of proof. The notice includes information as to how the individual can access the county department's dispute resolution process.
- The state Department's Office of Appeals issues final agency decisions upon review of an administrative law judge's final decision. The final agency decision continues to advise the individual who filed the appeal of his/her right to seek judicial review in the state district court.

This organization includes two units that have specific functions:

- The Records and Reports Background Investigation Unit performs approximately 28,000 background screens annually using the department's automated data system "Trails". The Trails system captures reports of child abuse and neglect that have been investigated by County departments of human/social services. Individuals seeking employment involving children, foster care placements, adoption and volunteer activities are required to be screened against this data. This unit provides information to other states, for example, when former Colorado residents seek to be foster care placement families in the state they currently reside. This unit also ensures proper handling of revenues received for fees that are charged for background screens.
- The Child Abuse/Neglect Dispute Review Section handles approximately 900 appeals annually from individuals who have been confirmed, at the county level, for child abuse or neglect. HB 03-1211 mandated an adequate due process system to protect the children and the citizens of the state and the prompt expungement of reports that are unsubstantiated or found to be false in accordance with the requirements of the federal Child Abuse Prevention and Treatment Act (CAPTA). Unit staff are responsible for complying with the statutory mandate to create a consistent approach to the confirmation and appeal process statewide; increasing the legal capacity to analyze the different phases of appeals; consulting with the Attorney General's Office and county attorneys on legal strategy; responding and incorporating legal precedent in guidelines and procedures; researching, reviewing and analyzing the appeals and the county record that supports the action; determining the resolution strategy in cases; scheduling and meeting with the appellant and/or counsel; determining settlement offers; completing and drafting complex documents; and, responding to calls from citizens, case-workers, lawyers, and other interested persons concerning the Trails appeals process.

In FY 2007-08, 1.3 FTE was added to this line item to help address a backlog in child abuse dispute reviews and to avoid a backlog for background checks. The fee for a background check is currently \$30. It was temporarily lowered to \$10, from the previous level of \$35, to spend down the program's fund balance between January 2004 and August 2008.

The following table traces the appropriation from the FY 2006-07 Long Bill (HB 06-1385) to the FY 2010-11 Request.

JUVENILE PAROLE BOARD

Pursuant to Section 19-2-206 (6), C.R.S. (2009), the department is responsible for providing support for the Juvenile Parole Board (JPB). The executive director of the department appoints the juvenile parole board administrator. The JPB is a type 1 transfer agency with independent authority to conduct parole hearings for youths committed by the judicial branch to the custody of the Department of Human Services' Youth Corrections system. The work unit consists of a statutorily mandated Administrator and professional and support staff who provide high level technical and professional support to the nine-member appointed Board in the tracking, review and conduct of juvenile parole hearings, and coordination with case managers and administrators in the Division of Youth Corrections. The JPB is responsible for ensuring the victims of crimes against persons, as defined by the Colorado Victim Rights Amendment, are provided their statutory and constitutional rights. The Department applied for an received grant funding for staff (.8 FTE) to support the JPB in meeting these requirements.

The Juvenile Parole Board is a nine-member body responsible for reviewing and approving parole applications for adjudicated juveniles in the custody of the Division of Youth Corrections. Authority for the Juvenile Parole Board is established in Section 19-2-206, C.R.S. (2009) The full board is required to meet no less than once per month. Members of the Juvenile Parole Board are reimbursed for expenses incurred in the performance of their duties. In addition to the reimbursement of expenses, the four citizen

Line Item Descriptions FY 10-11 BUDGET REQUEST

board members and the local elected official member receive a per diem of one hundred fifty dollars per day spent transacting official business of the board.

COLORADO COMMISSION FOR THE DEAF AND HARD OF HEARING

Created in FY 2000-01, the Colorado Commission for the Deaf and Hard of Hearing is codified at Section 26-21-101, etc. seq., C.R.S. (2009) The Commission is responsible for: (1) facilitating the provision of general government services to persons who are deaf and hard of hearing; (2) distribution of telecommunications equipment for persons who are deaf and hard of hearing (pursuant to H.B. 02-1180); and, since FY 2006-07, (3) overseeing provision of legal interpreters for the hearing impaired (pursuant to S.B. 06-61). Funding is from the General Fund (for a portion of the legal interpreters program), and the balance reflects appropriations from the Colorado disabled Telephone Users Fund (DTUF) to the Colorado Commission for the Deaf and Hard of Hearing Cash Fund for the Commission's use. The Commission may also receive and expend gifts, grants and donations.

During the 2006 legislative session, statutory changes were made to transfer authority for overseeing provisions of legal interpreters for the hearing impaired from the Division of Vocation Rehabilitation to the Commission. The responsibility for the line was moved to the Executive Director's Office - Special Purpose in SB 07-239, the Long Bill.

Prior to FY 2006-07, the Commission was supported by ongoing and one-time transfers from the DTUF to the Commission's Cash Fund that were fixed in statute; however, pursuant to S.B. 06-218, amounts from the DTUF to the Commission Cash Fund are based on annual appropriation.

Line Item Descriptions FY 10-11 BUDGET REQUEST

SB 09-144- Accessibility Deaf and Hard of Hearing

This bill substantially increases the Commission's funding and staffing through increased appropriations from the Colorado Disabled Telephone Users Fund. The following are the new expenditures for FY 2009-10, which will be annualized in the FY 2010-11 Base Request. The bill expands the mission of the Colorado Commission for the Deaf and Hard of Hearing (the commission) by:

- Creating the position of system navigator specialist to promote public awareness and provide technical assistance;
- Clarifying the commission's role in arranging services and accommodation for the deaf and hard of hearing in the state court system; and
- Establishing a grant program to address the needs of the deaf and hard of hearing community.

The commission is to establish rules for the grant program and form a subcommittee to review and approve grant applications. The bill also specifies that the state court system does not include municipal courts, and revises the qualifications for commission members and the procedures for filling vacancies.

Personal Services

The commission requires \$81,033 and 1.6 FTE for personal services in FY 2009-10, including a service referral specialist to coordinate scheduling requests for the deaf and hard of hearing in the court system and two part-time system navigator specialists to provide technical assistance training and public outreach. New staff will begin work in September 2009. Staff costs increase to \$149,401 and 3.0 FTE in FY 2010-11 to reflect full-year staffing and the transition of the system navigator specialists to full-time employees.

Training Costs

The fiscal note assumes that commission staff will conduct regular training sessions with government agencies, businesses, and members of the deaf and hard of hearing community to meet the public outreach and technical assistance requirements of the bill. Commission staff would focus on developing curricula in FY 2009-10 and conduct 2 training sessions a month beginning in November 2009. The number of training sessions increases to 4 per month in FY 2010-11. Each training session is estimated to cost \$250 for travel, supplies and other costs. Total training costs are estimated to be \$4,000 in FY 2009-10 and \$12,000 in FY 2010-11.

Accommodations for the Deaf and Hard of Hearing

The commission requires \$12,800 in FY 2009-10 and \$38,400 in FY 2010-11 to accommodate the needs of the deaf and hard of hearing at commission training sessions. The training conducted by the commission would be offered to members of the deaf and hard of hearing community. In addition, commission staff may include persons who are deaf or hard of hearing. For these reasons, the fiscal note assumes it is necessary to provide accommodations for the deaf and hard of hearing at training sessions. Accommodation costs for a 4-hour session are estimated to be \$800 and include sign language interpreting and captioning services.

Line Item Descriptions FY 10-11 BUDGET REQUEST

Grants Awarded

The commission is expected to award \$25,000 in grants in FY 2009-10. This amount will increase to \$50,000 in FY 2010-11. Funding for the grant program is to come from moneys appropriated from the Colorado Disabled Telephone Users Fund. The bill requires an annual appropriation from the cash fund beginning in FY 2009-10, if funds are available, and specifies that no more than \$50,000 may be appropriated per year. The estimated amount of grants awarded are based on projects considered by the commission in the past, but were unable to fund.

Expenditures Under SB09-144 - Cost Components	FY 2009-10	FY 2010-11
Personal Services	\$81,033	\$149,401
FTE	1.6	3.0
Operating Expenses and Capital Outlay	12,356	2,850

COLORADO COMMISSION FOR INDIVIDUALS WHO ARE BLIND OR VISUALLY IMPAIRED

HB 07-1274 created the Colorado Commission for Individuals who are Blind or Visually Impaired in the Department of Human Services. The commission is to consist of no more than 15 members, appointed by the Governor. Members of the commission must represent different areas of the state. Initial appointments to the committee are to be made by September 1, 2007, and the commission must meet at least quarterly. The Department of Human Services must appoint an administrator to provide staff services to the commission, and the members of the commission may interview candidates for the position. Members of the commission are to receive a per diem reimbursement of up to \$50 per day, and reimbursement for any travel expenses incurred to attend commission meetings.

The powers and duties of the commission include making recommendations regarding the following services for persons who are blind or visually impaired:

- Vocational rehabilitation services and pre-vocational and vocational training;
- Business enterprise programs;
- The provision of independent living services; and,
- The development and administration of any other program that will further the provision of services to individuals who are blind or visually impaired.

The appropriation for the Commission is from the Disabled Telephone Users Fund and is transferred from the Department of Regulatory Agencies, Public Utilities Commission up to a maximum of \$112,067, per statutory restrictions.

This line item was associated with the passage of SB 06-61 and S.B. 06-218. SB 06-218 authorizes the General Assembly to annually appropriate funds from the Disabled Telephone Users Fund in the Department of Regulatory Agencies to the Commission.

HB 08-1375, the FY 2008-09 Long Bill, appropriated \$112,067 and 1.0 FTE for this line. The amount has not changed because it is a statutory restriction.

Line Item Descriptions FY 10-11 BUDGET REQUEST

FY 2010-11 Request	\$112,067	1.0

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996 - SECURITY REMEDIATION

The Department is considered a covered entity under HIPAA, as it is responsible for the administration of numerous programs that handle health information. Specifically, the security rule covers: (1) the Mental Health Institutes at Pueblo and Fort Logan; (2) Mental Health Services; (3) the Alcohol and Drug Abuse Division; (4) department-wide security; (5) the Department’s accounting program; (6) the Office of Information Technology Services; (7) the Regional Centers at Wheat Ridge, Pueblo, and Grand Junction; (8) the Division of Developmental Disabilities; and (9) the Nursing Homes at Rifle and Fitzsimons.

Responsibilities of this section include the development of a department-wide, system-based risk assessment and the integration of this assessment into the Department's operations. The staff also conducts periodic evaluations for all systems where technical, environmental, or operational changes have occurred. The section is responsible for the continuation of consolidation efforts associated with protected health information covered by the security rules, for an annual test that details the Department's security management processes, and for on-going privacy and security training.

The following table traces the appropriation from the FY 2006-07 Long Bill (HB 06-1385) to the FY 2010-11 Request.

Description / Source of Appropriation	Amount	FTE
HB 06-1385 Long Bill FY 2006-07 Appropriation	\$290,250	2.0

CBMS EMERGENCY PROCESSING UNIT

The initial deployment of the Colorado Benefits Management System was contested in court. The court allowed the deployment to go forward, but issued a temporary order that required the State to meet several conditions. One of those created an emergency processing unit (EPU) to support benefit applicants. Continued operation of the EPU was included in a subsequent agreement between plaintiffs and the State during negotiations toward a settlement of the lawsuit, and is part of the final order that was issued when the case was recently settled. The unit was initially staffed with contract workers, but those positions were converted to state employees when it became clear that the function would be ongoing.

This line item has historically been shown in the Administration sub-division of the Executive Director's Office. In FY 2009-10 SB 09-259 the line item was moved to the Special Purpose long bill group.

Description / Source of Appropriation	Amount	FTE
HB 08-1375 Long Bill FY 2008-09 Appropriation (in (1) EDO-Administration)	\$213,822	2.0

(2) OFFICE OF INFORMATION TECHNOLOGY

The Department of Human Services' Office of Information Technology Services (OITS) is responsible for developing and maintaining the major centralized computer systems of the Department, including systems that link to all counties in the state. The office supports centralized databases and provides support and training to users, including county staff and private social service providers. The office also helps to set policies and strategic directions for de-centralized information technology systems that are operated by individual divisions within the department.

PERSONAL SERVICES

This line item funds salaries and the state's share of PERA payments and Medicare taxes for a little less than half of the FTE in the Division, as well as a variety of contractual services. Most of the FTE associated with this line are information technology professionals who support various systems as well as all hardware technical support (for approximately 2,100 desktop and laptop computers as well as over 200+ servers) throughout the department, as well as management, financial and administrative support staff for the division. Other FTE in the division are allocated to specific systems and are reflected in the associated program line items and commonly a large portion of the expense is for contractual services rather than for state employees. In some cases this takes the form of contracts spanning multiple years with negotiated fixed payment rates.

FY 2007-08

SB 07-239, the FY 2007-08 Long Bill, appropriated \$5,617,053 and 76.2 FTE.

FY 2008-09

The FY 2008-09 Long Bill (HB 08-1375) appropriation is for the continuation level of funding of \$5,617,053 plus \$194,490 salary survey, \$64,007 pay for performance increase, and a (\$58,755) personal services base reduction. \$144,944 and 2.4 FTE were added for FY 2008-09 DI# 11 – ITS Infrastructure Support to increase the department-wide technical operations support to a level commensurate with growth in the customer base and to address new external business requirements.

This support job has become more complicated over time. In particular, the computer security requirements to which the State must conform have become much more complex. Some of the State's new systems have greatly increased security administration requirements compared to the systems they have replaced. Both Colorado Trails and the Colorado Benefits Management System (CBMS) have over 100 unique security profiles depending on the exact mix of programs on which an individual works. If a worker transfers to a new position, their security access must be modified, perhaps extensively. The federal Health Information Portability

Line Item Descriptions FY 10-11 BUDGET REQUEST

and Accountability Act (HIPAA) have placed numerous new information security requirements on agencies and their computer systems. The State Chief Information Security Officer has promulgated a variety of rules regarding computer security with which the Department must comply. Like new federal rules, these new state rules drive an incremental increase in the scope of the work performed by the support staff.

The total FY 2008-09 appropriation is \$5,961,739 and 78.6 FTE. Some lines in this division are funded through indirect cost recoveries from other divisions. In several cases, this causes the cash funds exempt portion of an appropriation to be recharacterized entirely as reappropriated funds in the new format.

FY 2009-10

The FY 2009-10 Long Bill (SB 09-259) appropriation is based on the continuation level of funding of \$6,961,739 and 78.6 FTE, less (6.0) FTE for Special Bill SB 08-115 and a reduction of (\$520,470) for the Non-Prioritized Supplemental/Budget Amendment for the Governor's Office, Office of Information Technology's Decision Item entitled - Management and Administration of OIT. Other adjustments include: \$191,586 and 2.6 FTE for the annualization of FY 2008-09 DI #11, ITS Infrastructure Support, \$234,922 salary survey, \$84,382 pay for performance, and a reduction of (\$16,877) for the 20% performance non-based pay adjustment. The total FY 2009-10 appropriation is \$5,758,681 and 75.2 FTE.

FY 2010-11

The FY 2010-11 Request is for \$0 and 0.0 FTE. The request is based on the continuation level of funding of \$5,758,681 and 75.2 FTE, with a \$107,869 adjustment to restore the one-time FY 2009-10 Personal Services cut, less (\$450,000) and (7.0) FTE for the annualization of the FY 2010-11 August Budget Reduction entitled "Information Technology Personal Services FTE Reduction". The total FY 2010-11 amount for Personal Services is \$5,416,550 and 68.2 FTE. Change Request NP-3, Statewide Information Technology Staff Consolidation, transfers the total request amount and associated FTE to the Governor's Office of Information Technology, resulting in a FY 2010-11 Request for the Department of Human Services, Office of Information Technology, Personal Services of \$0 and 0.0 FTE.

OPERATING EXPENSES

This line item pays for the operating expenses associated with the FTE in the personal services line item, plus much of the centralized hardware and software infrastructure used by the department.

Line Item Descriptions FY 10-11 BUDGET REQUEST

FY 2007-08

SB 07-239, the FY 2007-08 Long Bill, appropriated the continuation level of \$386,576.

FY 2008-09

The FY 2008-09 Long Bill (HB 08-1375) appropriated \$407,176 including \$331,546 *net* General Fund, for operating expenses including the continuation funding of \$386,576, an increase of \$19,650 for FY 2008-09 DI#11 ITS Infrastructure Support, and a JBC adjustment of \$950. The cash funds exempt portion of the appropriation consists entirely of a transfer from the Department of Health Care Policy and Financing, and is identified as reappropriated funds in the new format.

FY 2009-10

The FY 2009-10 Long Bill (SB 09-259) provided funding for this appropriation at the continuation level of \$407,176 with a (\$14,900) reduction for annualization of FY 2008-09 Decision Item #11: Infrastructure Support. The total appropriation is \$392,276.

FY 2010-11

The FY 2010-11 Request for Operating Expenses is for the continuation level of \$392,276.

PURCHASE OF SERVICES FROM COMPUTER CENTER (GGCC)

This common policy based line item represents the Department of Human Services share of utilization of the General Government Computer Center (GGCC) services and equipment. The source of funds is based on the financing for the programs that use GGCC services. The GGCC Common Policy supports the planning, management, operation and delivery of the computing infrastructure. All adjustments to this line are based on the Governor's Office of Information Technology as approved by the JBC.

FY 2007-08

SB 07-239, the FY 2007-08 Long Bill, appropriated \$4,687,376.

FY 2008-09

The FY 2008-09 Long Bill (HB 08-1375) appropriation is for the continuation level of \$4,687,376 plus the common policy reduction of (\$223,408) for a total spending authority of \$4,463,968.

FY 2009-10

The FY 2009-10 Long Bill (SB 09-259) provided funding for the continuation level of \$4,463,968.

Line Item Descriptions FY 10-11 BUDGET REQUEST

FY 2010-11

The FY 2009-10 Request for Purchase of Services from Computer Center is the continuation level of \$4,463,968 with adjustments for the FY 2010-11 August Budget Reduction Annualization for “OIT Personal Services Reduction Initiative” (\$148,224) and the FY 2010-11 OIT Common Policy adjustment of (\$1,431,729). Change Request NP-3, Statewide Information Technology Staff Consolidation, increases the request by \$10,260,772 to reflect the transfer of Department ITS FTE to the Governor’s Office of Information Technology. The total FY 2010-11 Request for the Purchase of Services from Computer Center is \$13,144,787.

MICROCOMPUTER LEASE PAYMENTS

This line item is used for lease payments on personal computers and related equipment. The line item was originally recommended and approved in FY99 for the transition of old purchased (5 to 7 years) microcomputers to new leased microcomputers for the Y2K (year 2000) conversion. The original amount appropriated was \$839,914 which has been reduced to its current amount of \$539,344 by savings due to the reduction in micro-computer costs and the reduction in leased interest rates over the next nine Fiscal Years.

FY 2007-08

SB 07-239, the FY 2007-08 Long Bill, appropriated the continuation level of \$539,344.

FY 2008-09

The FY 08-09 Long Bill (HB 08-1375) appropriation is for the continuation level of funding of \$539,344, including \$333,613 Net General Fund for the microcomputer lease payments. The cash funds exempt portion of this appropriation is identified as reappropriated funds in the new format.

FY 2009-10

The FY 2009-10 Long Bill (SB 09-259) appropriated the continuation level of funding of \$539,344.

FY 2010-11

The Department's FY 2010-11 Request for Microcomputer Lease Payments is the continuation level funding of \$539,344.

COLORADO TRAILS

This line item pays personal services, operating, and contract costs associated with Colorado Trails. Colorado Trails is a statewide system, operational since 2002, that supports activities in the Division of Child Welfare and the Division of Youth Corrections. It provides case management, financial tools, and other resources to users of the program.

The Colorado Trails system was an initiative of the Division of Child Welfare, the Division of Youth Corrections, the Office of Information Technology Services, and the Office of Operations to redesign and implement an information system for case management, case tracking, court reporting, case information sharing, automated desktop procedures, and facility and placement tracking. The goal was to assist caseworkers and client managers in performing their jobs, as well as to provide better reporting tools and management information for CDHS.

Two key pieces of legislation enacted in the 1996 Legislative Session, including H.B. 96-1017, “Concerning the Management of Information Related to Children Who Receive Services under the Colorado Children’s Code,” and S.B. 96-221, “Concerning the Integrated Criminal Justice Information System,” were legislative efforts to build upon past efforts to streamline, simplify and mandate accessibility to client data for the purposes of improving services to children.

In addition, the Child Welfare Settlement Agreement (CWSA) required changes in policies, procedures and data collection for CDHS. The Colorado Trails system was designed and developed to address the data collection change addressed in the Settlement Agreement. The CWSA refers to the need for a “unitary data system.” This need was met by completion of the Colorado Trails system.

Colorado Trails was also the result of federally mandated requirements of the Omnibus Budget Reconciliation Act of 1993, which required states to develop a comprehensive statewide automated system capable of supporting the administration of services under Title IV-B and IV-E.

The type of client information needed and used by the Child Welfare and Youth Corrections in determining treatment or other client care plans is very often similar and may involve the same client. As an example, Child Welfare clientele once in an out-of-home placement situation may also be placed in a Division of Youth Corrections detention center. Information related to such children and youth, however, was not, prior to implementation of Colorado Trails readily accessible by all agencies and/or across counties involved in services to the client due to historically based differences in requirements attached to funding streams and how the data was collected and stored. Colorado Trails is the result of an effort to remedy this situation by reducing duplication of effort to serve clients as well as providing more comprehensive historical client records to aid in the preparation of care plans and other services for clients.

Line Item Descriptions FY 10-11 BUDGET REQUEST

FY 2007-08

SB 07-239, the FY 2007-08 Long Bill, appropriated \$9,276,217 and 48.0 FTE.

FY 2008-09

The FY 08-09 Long Bill (HB 08-1375) appropriation is for the continuation level of funding of \$9,276,217 plus \$98,908 salary survey, \$32,788 pay for performance increase, and a (\$31,084) personal services base reduction. The total FY 2008-09 appropriation is \$9,376,829.

FY 2009-10

The FY 2009-10 Long Bill (SB 09-259) appropriated \$9,252,736 for Trails which included the continuation level of funding of \$9,376,829, plus \$175,000 for Special Bill HB 1391, \$141,607 salary survey, \$50,696 pay for performance, a reduction of (\$10,139) for performance based pay adjustment, and a FY 2009-10 Personal Services Reduction of (\$56,257). The appropriation also includes a reduction in funding as the result of FY 2009-10 Decision Item #49, Trails Elimination of Contract Labor in the amount of (\$250,000). (See JBC FY 2009-10 Staff Figure Setting Document for the Department of Human Services, Office of Information Technology, Page 30.)

FY 2010-11

The FY 2010-11 Request is for the continuation level of funding of \$9,252,736 plus \$86,000 for Special Bill SB 09-245, Child Welfare Kinship, and a \$56,257 adjustment for the one-time FY 2009-10 Personal Services Cut. The Request includes annualization of the FY 2009-10 August Budget Reduction, Information Technology Personal Services FTE Reduction of (\$400,000) and (3.0) FTE. Change Request NP-3, Statewide Information Technology Staff Consolidation, transfers (\$3,503,292) and (45.0) FTE to the Governor's Office of Information Technology. The total FY 2010-11 Request for Colorado Trails is \$5,491,701 and 0.0 FTE.

COUNTY FINANCIAL MANAGEMENT SYSTEM

This line item pays for contract and operating expenses associated with maintaining the County Financial Management System (CFMS). The system tracks program expenditures by program, by funding source, by county; tracks and allocates administrative costs by program; and, tracks expenditures that are estimated to count toward federal maintenance of effort requirements. The system manages over \$1.0 billion in payments annually. Funding for CFMS is used for contractual services (IT programmers) and hardware and software maintenance.

Line Item Descriptions FY 10-11 BUDGET REQUEST

FY 2007-08

SB 07-239, the FY 2007-08 Long Bill, appropriated the continuation level of \$1,515,836.

FY 2008-09

The FY 08-09 Long Bill (HB 08-1375) appropriation is for the continuation level of funding of \$1,515,836 (\$781,835 General Fund and \$734,001 federal funds from various sources) for the County Financial Management System.

FY 2009-10

The FY 2009-10 Long Bill (SB 09-259) appropriated funding at the continuation level of \$1,515,836.

FY 2010-11

The FY 2010-11 Request is for a continuation level of \$1,515,836.

HEALTH INFORMATION MANAGEMENT SYSTEM

This line item pays operating and contract costs associated with maintaining the Health Information Management System, also known as AVATAR. This automated system supports clinical and administrative business functions at the Mental Health Institutes, the Regional Centers for persons with developmental disabilities, and the Division of Youth Corrections' detention and institutional facilities. The system was created in October 1995, in response to a requirement by the federal Health Care Financing Administration for providers to itemize all services and bill Medicare under a physician fee schedule. The system includes medical records, census, billing and accounts receivable, client banking, nutrition, laboratory, pharmacy, and clinical assessment and treatment information.

FY 2007-08

SB 07-239, the FY 2007-08 Long Bill, appropriated \$339,168, which consisted of a continuation level of \$337,768 and a \$1,400 annualization of FY 2006-07 DI# 9 for the Division of Youth Corrections Sol Vista.

FY 2008-09

The FY 2008-09 Long Bill (HB 08-1375) appropriation is for the continuation level of funding of \$339,168, including \$211,290 General Fund. The cash funds exempt moneys are transfers from other divisions in the department. The cash funds exempt portion of this appropriation consists of indirect assessments from a variety of sources, and is shown as reappropriated funds in the new format.

Line Item Descriptions FY 10-11 BUDGET REQUEST

FY 2009-10

The FY 09-10 Long Bill (SB 09-259) appropriated the continuation level of \$339,168.

FY 2010-11

The FY 2010-11 Request for the Health Information Management System is for a continuation level of \$339,168.

CLIENT INDEX PROJECT

This line item funds salaries and the state's share of PERA payments and Medicare taxes for three FTE. The Client Index system assures that each recipient of state benefits has a unique identifier. Each program uploads the name, gender, date-of-birth, social security number, and other identifying information for any individual served, and the Client Index System looks for other duplicate entries and assigns a unique identifier. The Client Index System retains both this unique identifier and the identifiers assigned by each respective program's system. By maintaining a central, unduplicated listing of clients served, the Client Index System enhances interagency coordination and cooperation, reduces data entry requirements, reduces referrals for duplicated services, reduces fraud, and provides information for program evaluations.

FY 2007-08

SB 07-239, the FY 2007-08 Long Bill, appropriated the continuation level of funding of \$156,116. DI#27 replaced ITS contractors with 3.0 state FTE.

FY 2008-09

The FY 2008-09 Long Bill (HB 08-1375) appropriation is for the continuation level of funding of \$156,116 and 3.0 FTE.

FY 2009-10

The FY 2009-10 Long Bill (SB 09-259) appropriated the continuation level of funding of \$156,116 and 3.0 FTE plus \$4,781 salary survey, \$2,036 pay for performance and a reduction of (\$407) for the performance based pay adjustment. The total FY 2009-10 appropriation is \$162,526 and 3.0 FTE.

FY 2010-11

The FY 09-10 Request for the Client Index Project is based on the continuation level of \$162,526 and 3.0 FTE. Change Request NP-3, Statewide Information Technology Staff Consolidation, transfers (\$144,828) and (3.0) to the Governor's Office of Information

Line Item Descriptions FY 10-11 BUDGET REQUEST

Technology, resulting in a \$17,698 and 0.0 FTE Total FY 2010-11 Request for the Department of Human Services, Client Index Project.

NATIONAL AGING PROGRAM INFORMATION SYSTEM

This system helps the department comply with federal reporting requirements regarding clients served through Older Americans Act programs. Funding is primarily used to purchase contract programmer services and to partially fund the cost of leasing/purchasing microcomputers for area agencies on aging (AAA's) and service providers. Federal funds are from Title III of the Older Americans Act and this grant requires a 25.0 percent match. Of the match, 66.6 percent is General Fund and 33.3 percent is cash funds exempt (from a local match).

FY 2007-08

SB 07-239, the FY 2007-08 Long Bill, appropriated the continuation level of \$93,114 for the National Aging Program Information System.

FY 2008-09

The FY 08-09 Long Bill (HB 08-1375) appropriation is for the continuation level of \$93,114. Which includes \$15,526 General Fund for the National Aging Program Information System. The entire cash funds exempt portion of this appropriation was reclassified as cash funds in the new reappropriated funds format.

FY 2009-10

The FY 09-10 Long Bill, (SB 09-259) appropriated the continuation funding level of \$93,114.

FY 2010-11

The FY 2010-11 Request for the National Aging Program Information System is for the continuation level of \$93,114. Decision Item #10 requests a revision to letternote k. to change the source of cash funding from various sources to interest earned on the Older Coloradans Cash Fund.

COLORADO BENEFITS MANAGEMENT SYSTEM (CBMS)

CBMS is involved in the distribution of over \$2 billion in benefits to over 500,000 individual clients annually. Each month, the system is used to process approximately 30,000 new client applications and 40,000 client reauthorizations. In addition to these client-side functions, CBMS communicates with over 100 external systems. These system-to-system interactions occur on a wide range of time scales: real-time online access, nightly batch jobs, and weekly, bi-weekly, monthly, and quarterly report generation and distribution. The external systems with which CBMS communicates include other State of Colorado systems, systems operated by other states, and federal systems.

Colorado currently uses the Colorado Benefit's Management System (CBMS) to provide benefits to approximately 1 out of 9 Coloradoans. As Colorado past the eight-year mark since the start of the development of the system, the CBMS is used to effectively distribute more than \$2.7 billion annually in benefits.

The system supports interactive interviews with clients, assesses the eligibility of applicants, calculates benefits for clients, and provides on-going case management and history tracking. The CBMS determines eligibility for many types of public assistance including TANF, Food Stamps, Medicaid, and children's health insurance.

Citizens are able to apply for benefits for 18 high-level programs and 94 aid codes (services) through 64 Counties with a single application. Colorado's continues to focus on simplifying the benefit application process and increasing awareness of the availability of assistance for those who are eligible but not requesting benefits. For individuals requesting medical only benefits, they can apply at one of several medical assistance sites. Colorado has also recently established over 60 sites where individuals can apply for benefits under the presumptive eligibility rules for pregnant women and children. The CBMS encompasses programs that determine eligibility and associated benefits for close to 500,000 clients and for more than 280,000 cases.

Colorado enlisted the help of EDS, a technology services business, to develop, implement, operate and maintain their system. The system was launched in September 2004 and took approximately four years to complete from development to implementation. There are almost 1,200 different screens in the system, including tabs, contained in 25 tracks within CBMS. There are approximately 4100 users of the CBMS. This number encompasses county, state, Medical Assistance, and Presumptive Eligibility site users. In addition to these client-side functions, CBMS communicates with over 100 external systems. These system-to-system interactions occur on a wide range of time scales: real-time online access, nightly batch jobs, and weekly, bi-weekly, monthly, and quarterly report generation and distribution. The external systems with which CBMS communicates include other State of Colorado systems, systems operated by other states, and federal systems.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The programs, which the CBMS supports are state-supervised and county, administered. The State serves as a conduit for state and federal funding that ultimately flows to the counties. In this capacity, the State is responsible for policy setting, ensuring adherence to state and federal rules and mandates. Counties provide the bulk of services to the public and perform most of the interaction with clients.

A key component of the CBMS Project is provision of Medical Assistance intake and eligibility determination at non-county sites. These sites include a subset of health care providers that process applications for public Medical Assistance in Colorado. They target special programs to low income, high risk, and under-served populations. They are unique in being able to accept and process applications for some Medical Assistance programs and many facilitate applications to Medicaid.

Together, these providers are referred to as non-county (Department of Social Services) Medical Assistance application sites. The 155 primary Medical Assistance sites are predominantly public, non-profit, and not-for-profit organizations. Of these, 105 operate at a single location and another 41 have one or more secondary or satellite sites. The non-county Medical Assistance sites operate and provide services at a total 301 different locations. These sites are critically important to providing and maintaining access to medical care and linking into the medical assistance programs that fund such care.

Some of the programs supported by the CBMS include:

Aid To The Blind (AB)

The Aid to the Blind (AB) program provides cash assistance to low-income Colorado residents, age 18 and over, who have at least a six-month total disability that precludes them from working.

Aid To The Needy Disabled (AND)

The Aid To The Needy Disabled (AND) program provides cash assistance to low-income Colorado residents, age 18 and over, who have at least a six-month total disability that precludes them from working.

Adult Protective Services (APS)

The Adult Protective Service (APS) program provides services to adults who are at risk or victims of abuse, neglect, and exploitation. The Program intervenes with or on behalf of at-risk adults to correct or alleviate situations in which actual or imminent danger of abuse, self-neglect, neglect, or exploitation exists. APS utilizes community support systems to provide for the continuing safety of the at-risk adult.

Line Item Descriptions FY 10-11 BUDGET REQUEST

Child Health Plan Plus (CHP+)

The Child Health Plan Plus (CHP+) is health insurance coverage for low-income children (18 years of age and under). CHP+ provides medical benefits including inpatient and outpatient hospital, physician, prescription drugs, dental, and mental health care. Depending on the geographic area in which an enrollee lives, services are provided either by an HMO or by a fee-for-service network.

Colorado Works (CO Works)

Colorado Works is the state's Temporary Assistance for Needy Families (TANF) program. CO Works is designed to assist participants to terminate their dependence on government benefits by promoting job preparation, work, and marriage. Eligible families receive a monthly cash assistance grant. Counties may also offer various diversion programs to families who meet the income requirements. This can vary from county to county.

Food Stamps

The purpose of the federally-funded Food Stamp Program is to alleviate hunger and malnutrition among low-income households by increasing their food purchasing power. Eligible households who apply receive a monthly benefit allotment. Households can redeem their allotment for food items only using an Electronic Benefits Transaction (EBT) card.

Medicaid

Medicaid provides health insurance for low income families who meet state and federal eligibility requirements. Medicaid can assist families with children, pregnant women, the elderly, and people with disabilities when eligibility requirements are met. Persons who are not United States citizens are not eligible for Medicaid except in a life threatening medical emergency. Other state medical programs may be available to those persons who do not meet Medicaid eligibility requirements.

Old Age Pension (OAP)

The Old Age Pension (OAP) program provides financial assistance and may provide medical benefits for low-income adults age 60 or older. They must meet basic eligibility requirements to be eligible for this program.

Work Programs (WP)

The purpose of the Work Programs (WP) is to provide case management to required Colorado Works and food stamps participants by increasing self-sufficiency through employment activities and employment support services. This includes issuing payments to both clients and providers.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The following table depicts which Department administers the program.

CDHS	CDHCP&F
Aid To The Blind	Medicaid
Aid To The Needy Disabled	Children’s Basic Health Plan/Child Health Plan Plus (CHP+)
Adult Protective Services	Colorado Indigent Care Program (CICP)
Colorado Works	Old Age Pension Health and Medical Care Plan (OAP)
Food Stamps	
Work Programs	

The system is continually being enhanced to support new legislation and programs.

FY 2007-08

SB 07-239, the FY 2007-08 Long Bill, appropriated \$24,946,862 and 35.1 FTE.

FY 2008-09

The FY 08-09 Long Bill (HB 08-1375) appropriation is for \$22,857,178 and 47.1 FTE.

FY 2009-10

The FY 09-10 Long Bill, (SB 09-259) appropriated \$24,745,123 and 47.1 FTE for CBMS. This amount included the continuation funding level of \$22,857,178 and 47.1 FTE and the following adjustments:

Special Bills related to the Department of Health Care Policy and Financing:	
SB 08-006 Special Bill FY 08-09 Appropriation	\$271,080
SB 08-160 Special Bill FY 08-09 Appropriation	\$91,806
SB 08-161 Special Bill FY 08-09 Appropriation	\$16,000
HB 08-1046 Special Bill FY 08-09 Appropriation	\$76,081

Annualization of Special Bills related to the Department of Health Care Policy and Financing:

Line Item Descriptions FY 10-11 BUDGET REQUEST

SB 08-006 Special Bill FY 08-09 Appropriation Annualization	(\$271,080)
SB 08-160 Special Bill FY 08-09 Appropriation Annualization	(\$41,633)
SB 08-161 Special Bill FY 08-09 Appropriation Annualization	(\$16,000)
HB 08-1046 Special Bill FY 08-09 Appropriation Annualization	(\$76,081)
Personal Services Adjustments:	
Prior Year Salary Survey	\$196,224
Prior Year Performance-based Pay	\$50,615
Prior Year Performance-based Pay Adjustment 20% non-base	(\$10,123)
FY 2009-10 Personal Services Reduction	(\$68,307)
Common Policy Decision Items:	
FY 2009-10 DI# NP-2 Postage Increase and Mail Equipment Upgrade	\$340,895

The appropriation funding sources for CBMS and the CBMS SAS-70 Audit was adjusted through the JBC approval of FY 2009-10 Stand Alone Budget Amendment #1. (See JBC FY 2009-10 Figuresetting Document for the Department of Human Services, Office of Information Technology, February 27, 2009, pages 33-35.) Funding splits for the Colorado Benefits Management System are determined by formulas agreed to by the State and the federal agencies that provide funding. Different formulas apply during the development phase for such a system and the operating phase. Operational formulas are determined by random moment sampling (RMS) statistical techniques. These statistics make up a part of the public assistance cost allocation plan (PACAP) prepared by the State. The federal government must, formally accept the PACAP for each fiscal year, after the year has ended. Once the PACAP is formally accepted, any overpayments made by federal agencies in the fiscal year in question must be repaid in the current fiscal year. The most recent RMS statistics were used to estimate the proper allocation of expenses between state and federal sources that will be reasonably close to the final values which will not be known until the next complete year's RMS statistics are available. This action reduced the size of the necessary supplemental request when the FY 2009-10 appropriation is "trued-up".

FY 2010-11

The FY 2010-11 Request for the Colorado Benefits Management System is based on the continuation level of funding of \$23,416,655 and 47.1 FTE, plus Special Bill H.B. 09-1293, Medicaid Hospital Provider Fee. Adjustments include \$68,307 to restore the one-time FY 2009-10 Personal Services cut, less (\$340,895) for the annualization of the FY 2010-11 non-prioritized DPA Common Policy Decision Item #NP-2 Postage Increase, and an increase of \$425,610 for the annualization of H.B. 09-1293, Medicaid Hospital Provider Fee. The request includes two FY 2010-11 Decision Items: DI#1 for \$1,231,524 to provide additional funding for CBMS

Line Item Descriptions FY 10-11 BUDGET REQUEST

Client Correspondence Costs and BRI#1 for \$45,250 for Enforcing Sponsorship Commitment for Applicants of Adult Financial Programs. Change Request NP-3, Statewide Information Technology Staff Consolidation, transfers (\$3,530,844) and (47.1) FTE to the Governor's Office of Information Technology, resulting in a total FY 2010-11 Request for the Colorado Benefits Management System of \$21,639,889 and 0.0 FTE.

CBMS SAS-70 AUDIT

This appropriation funds an on-going audit of the CBMS system. A Statement on Auditing Standards (SAS) 70 audit focuses on: (1) management policies, standards and procedures; (2) state and county staff training and subsequent adherence to standards and procedures; (3) general controls over system development, acquisition, maintenance, and change management; (4) operational controls over change management of software, logical and physical security, and contingency planning; and (5) application controls over source documents, data input, editing and processing, data output, and system access. The audit requires an assessment regarding "which functions (including reports) of the CBMS system are currently operating as intended and/or as necessary; and which, if any, functions are not working as intended and/or as necessary."

FY 2007-08

SB 07-239, the FY 2007-08 Long Bill, appropriated the continuation level of \$149,000 for the CBMS SAS-70 Audit.

FY 2008-09

The FY 2008-09 Long Bill (HB 08-1375) appropriation is for the continuation level of \$149,000, including \$47,614 *net* General Fund. The cash funds exempt portion of this appropriation consists entirely of a transfer from the Department of Health Care Policy and Financing, and is shown as reappropriated funds in the new format.

FY 2009-10

SB 09-259, the FY 2009-10 Long Bill, appropriated the continuation level of \$149,000 for the CBMS SAS-70 Audit.

FY 2010-11

The FY 2010-11 Request for the CBMS SAS-70 Audit is for the continuation funding level of \$149,000.

CBMS TANF REAUTHORIZATION CHANGES

This line item was established in HB 08-1375 to provide ongoing federal funds (TANF) to fund system changes in the Colorado Benefits Management System (CBMS) that have been identified as necessary to allow the State and counties to conform to changes in TANF legislation and rules. The federal government reauthorized the TANF program in 2006. The reauthorization, and subsequent rules developed by the federal Department of Health and Human Services, change the work participation activities which can be counted against state targets, place additional requirements on recording and reporting of such work participation, and establish new targets for work participation which are, at least in Colorado's case, more difficult to meet. Rule development is ongoing; the federal government has provided feedback to Colorado on its work verification plan that requires additional changes to CBMS.

Failure to meet the federal guidelines may result in reductions in the State's federal TANF block grant. If the Department fails to meet work verification requirements, the sanctions begin at one percent of the block grant, approximately \$1.5 million. Sanctions for failure to meet work participation requirements begin at five percent of the block grant, approximately \$7.5 million. In the event such a sanction is imposed, the State is also required to make up the reduction with state funds: if the block grant is reduced by \$7.5 million, Colorado must also spend an additional \$7.5 million of state money. Sanctions increase if the requirements are not met in subsequent years. Work participation sanctions can reach as much as 21 percent of the total block grant.

TANF eligibility determination and case tracking are performed by CBMS. Changes in data collection and report generation require that the system be modified. The Department has identified 41 distinct changes that must be made in order to conform to the latest federal requirements. Without additional funding, these change requests must compete with changes needed to support other programs. The CBMS base budget includes approximately \$2.5 million per year for change requests. Funding these TANF changes within the base budget would have a very large impact on non-TANF changes.

FY 2008-09

This appropriation for \$2,838,755 federal funds (TANF) includes grant roll-forward spending authority through FY 2009-10. The resources required to implement these TANF-related changes (measured by the total price tag) are comparable in scale to the annual resources for such changes included in the CBMS base budget. These resources are primarily those of the CBMS support vendor. Since it is not possible for the vendor to provide adequate staffing to double the resources available to CBMS this activity is a two-year undertaking so the appropriation includes roll-forward authority for FY 2009-10.

FY 2009-10

The FY 09-10 Long Bill (SB 09-259) appropriated the continuation funding level of \$2,838,755.

Line Item Descriptions FY 10-11 BUDGET REQUEST

FY 2010-11

The Department is not requesting funding for this appropriation in FY 2010-11.

CBMS REALLOCATION

FY 2007-08

This line was added in the Department's supplemental budget request for FY 2007-08 to “true-up” the federal participation financing of CBMS between the “old” method of financing CBMS the Calculator method, and the “new” method of financing CBMS, RMS (Random Moment Sampling) Statistics.

All participation rates to cover the cost of the CBMS during the Design, Development, and Implementation phases of the CBMS (beginning in FY1996-97 through August 31st, 2004) were a fixed set of rates that had been Federally agreed upon (the CBMS Calculator) based on the Advanced Planning Document Update (APDU) given annually to Food & Nutritional Services (FNS).

After the Implementation phase was completed in August 2004, all participation rates should have shifted from the CBMS Calculator (a fixed set of Federal rates) to CBMS specific Random Moment Sampling (RMS) statistics. DHS uses the federally approved Random Moment Sampling statistical method to determine the effort county employees are spending on the various federal and state programs. During a given quarter, county workers doing RMS activities (primarily workers with direct client contact, or workers who carry a case load) are randomly polled and asked what RMS activity they are performing at the moment and for what program. To determine the work effort in CBMS, only the RMS responses related to CBMS activities are compiled and used to allocate the State CBMS operating costs to all benefiting Federal and State programs.

DHS collaborated with the Federal Division of Cost Allocation (DCA) to gain acceptance of the DHS FY2005-06 PACAP (Public Assistance Cost Allocation Plan). The FY2005-06 PACAP defined CBMS specific RMS statistics for the operational costs of the CBMS. DHS received formal acceptance of the FY2005-06 PACAP in March 2008. This Supplemental covers a shift in all participation rates between the CBMS specific RMS statistics and the CBMS Calculator for a full year of operations.

Because the final formulas for subsequent fiscal years have not been established (the PACAP for DHS), the Department did not request an appropriation for this line for FY 2008-09, FY 2009-10 or FY 2010-11.

Line Item Descriptions FY 10-11 BUDGET REQUEST

MUTIUSE NETWORK PAYMENTS

The Multiuse Network (MNT) provides cost-effective, quality, high-speed broadband data communications and Internet access to Colorado's public sector: e.g., state agencies, schools, colleges, libraries, hospitals and local government. The goal of the MNT is to increase telecommunications services and economic development in the State's rural areas. This Common Policy appropriation provides funding for the Department of Human Services allocation from the Governor's Office of Information Technology for the statewide multi-use network. This costs represents the Department of Human Services share of circuits and recoverable costs associated with the provision of and administration of MNT to its customers. All adjustments to this line are based on OIT Common Policies as approved by the JBC.

FY 2007-08

SB 07-239, the FY 2007-08 Long Bill, appropriated \$2,041,936.

FY 2008-09

The FY 2008-09 Long Bill (HB 08-1375) appropriation is for \$2,282,929.

FY 2009-10

The FY 2009-10 Long Bill (SB 09-259) appropriation is for the continuation level of \$2,282,929.

FY 2010-11

The FY 2010-11 Request for Multiuse Network Payments is based on a continuation level of \$2,282,929 plus an OIT Common Policy adjustment that will reduce the appropriation by (\$91,989). Change Request NP-3, Statewide Information Technology Staff Consolidation, increases the request by \$866,768 to reflect OIT's statewide cost allocation of IT personal services. The total FY 2010-11 request for MNT is \$3,057,708.

MANAGEMENT AND ADMINISTRATION OF OIT

This new common policy appropriation was established to support the Department of Human Services' share of the costs statewide services managed by the Governor's Office, Office of Information Technology. All adjustments to this line are based on OIT Common Policies as approved by the JBC.

Line Item Descriptions FY 10-11 BUDGET REQUEST

FY 2009-10 (New)

The FY 09-10 Long Bill (SB 09-259) appropriation is for \$932,938.

FY 2010-11

The FY 2010-11 Request is for the continuation level of \$932,936 plus an OIT Common Policy adjustment for an additional \$70,646. Change Request NP-3, Statewide Information Technology Staff Consolidation, increases the request by \$636,437 to reflect OIT's statewide cost allocation of IT personal services. The total FY 2010-11 request for Management and Administration of OIT is \$1,640,021.

COMMUNICATION SERVICES PAYMENTS

This common policy appropriation supports the Department of Human Services' share of the costs for the state's public safety communications infrastructure. The Governor's Office of Information Technology is responsible for operations and maintenance of this program. All adjustments to this line are based on OIT Common Policies as approved by the JBC.

FY 2007-08

SB 07-239, the FY 2007-08 Long Bill, appropriated \$140,222. A supplemental appropriation added \$16,088 for a total spending authority of \$156,510.

FY 2008-09

The FY 08-09 Long Bill (HB 08-1375) appropriation is for the continuation level of \$156,510 plus the common policy increase of \$6,965 for a total spending authority of \$163,475.

FY 2009-10

The FY 2009-10 Long Bill (SB 09-259) appropriation for is the continuation level of \$163,475.

FY 2010-11

The FY 2010-11 Request is for a continuation level of \$163,475 plus an OIT Common Policy adjustment of \$26,530, for a total request amount of \$190,005.

Line Item Descriptions FY 10-11 BUDGET REQUEST

CHILD CARE AUTOMATED TRACKING (CHATS) (New Line)

This new line will provide funds for the support of the new information technology system eligibility and payment for the Child Care Assistance Program, which provides child care subsidies for low-income families, Temporary Assistance for Needy Families (TANF) families, and families transitioning from the Colorado Works program.

FY 2010-11

The FY 2010-11 Decision Item #4, Child Care Automated Tracking System Point of Service, is for \$1,239,000.

TANF-SPECIFIC CBMS CHANGES (New Line)

Through FY 2010-11 Decision Item #6, the Division of Colorado Works in the Department of Human Services is requesting one-time spending authority for funding system changes in the Colorado Benefit Management System (CBMS). Funds would allow the Division to make Colorado-Works-specific adjustments and fixes to CBMS to enable effective program monitoring and timely and accurate case processing. These changes would ensure compliance with upcoming changes in federal and state statutes and emphases. Failure to comply may lead to financial penalties.

FY 2010-11

This request for FY 2010-11 of \$1,300,000 in federal Temporary Assistance for Needy Families (TANF) funds would be appropriated out of the Colorado Works Long-term Reserve. These funds will be used to serve a TANF purpose, that is, to build system changes that will better facilitate the statewide implementation of the Colorado Works program. If the funds go unspent, they revert to the Long-Term Reserve pursuant to section 26-2-721 C.R.S. (2009).

OFFICE OF INFORMATION TECHNOLOGY, COLORADO BENEFITS MANAGEMENT SYSTEM (New Line)

This new line will provide funding for the personal services costs associated with the operation of the Colorado Benefits Management System that is transferred to the Governor's Office of Information Technology.

FY 2010-11

The FY 2010-11 Decision Item #NP-3, Statewide Information Technology Staff Consolidation, is for \$3,703,173.

(3) OFFICE OF OPERATIONS

The Office of Operations includes four divisions:

The Division of Facilities Management accounts for over 68% of the staff in the Office of Operations. The Division is responsible for operating, cleaning, and maintaining all Department buildings and facilities, including Youth Correction facilities, the two State Mental Health Institute campuses, and three Regional Centers for the Developmentally Disabled, in addition to Department office buildings. The Division operates 299 buildings and over 3.25 million gross square feet of space. It is also responsible for the acquisition, operations and management of utility services, planning, design and construction and controlled maintenance projects, and the Department's commercial space and vehicles leases.

The Division of Accounting includes 25% of the staff in the Office of Operations. The Division manages all departmental financial operations and resources, including payments to counties and service providers throughout the state for human services programs, Medicaid, Medicare and private party billing for the Department's various community and institutional programs, and overall accounts and controls over expenditures and revenues from multiple state and federal sources.

The Procurement Division includes 6% of the staff in the Office of Operations. The Purchasing Unit has been delegated autonomous authority by the Department of Personnel and Administration and is responsible for purchasing goods and services for Departmental programs in excess of \$35 million per year. The Materials Management Unit is responsible for providing warehouse and distribution for all Department programs which house direct care clients. This includes ordering and inventory control of food and non-food items through three primary warehouse and office facilities throughout the State.

The Contract Management Unit includes less than 1% of the Office of Operations staff. It is responsible for managing the contract process in the Department, including development, approval, and performance oversight of all Department contracts.

Line Item Descriptions FY 2010-11 BUDGET REQUEST

(A) ADMINISTRATION

PERSONAL SERVICES

The personal services line item provides funding for employees' salaries and wages, as well as the associated state contribution to the Public Employees Retirement Association (PERA) and the state share of federal Medicare taxes. This line item also provides funding for contracted professional and temporary services.

FY 2007-08

SB 07-239, the FY07-08 Long Bill, appropriated \$22,428,377 for personal services and 454.6 FTE. This included the continuation level of \$22,124,002 and 462.2 FTE and the following changes:

- A salary survey increase of \$347,663 and the common policy 0.5% reduction personal services reduction of (\$112,291).
- Supplemental #S-1J for the 20-Bed Competency Restoration at the Colorado Mental Health Institute at Pueblo added an initial \$17,679 and 0.6 FTE and the appropriation was later increased again by the S-1J amendment with an additional \$24,750 and 0.8 FTE. Special Bill SB 06-219 reduced the appropriation by \$56,000 and (1.0 FTE).
- Two FY 2005-06 decision items were annualized – DI#7 annualization of \$28,582 and 0.6 FTE for the Division of Youth Corrections Sol Vista facility maintenance and annualization of the Department of Corrections decision item for the La Vista facility maintenance for an increase of \$53,992 and 1.4 FTE.

FY 2008-09

HB 08-1375, the FY 2008-09 Long Bill, appropriated \$23,151,177 and 453.1 FTE. This included the continuation level of \$22,428,377 and 454.6 FTE with the following changes:

- A salary survey increase of \$623,084, a performance pay increase of \$247,044, and a JBC common policy base reduction of (\$233,470).
- Two Special Bills were annualized – SB07-004 for \$48,479 and 1.0 FTE; and SB 07-228 for \$61,622 and 1.0 FTE that requires the department to implement a variety of new steps to monitor contractor performance on state contracts.
- Three decision items were added: DI#1 added additional facilities personnel for the new High Security Forensics Institute in the amount of 222,683 and 6.5 FTE; DI#9 transferred (\$84,159) from the Office of Operations to the Mental Health Institutes for the Colorado Mental Health Institute at Fort Logan for the linen contract in order to place the management and funding of the linen contract with the mental health institute administration. As the recipient of the services, CMHIFL will be better able to monitor deliveries, track and manage linen usage and assess the quality of services provided; and SBA#1 reduced the appropriation by (\$40,096) and (1.0 FTE) to reflect the savings achieved through consolidation of the department meal preparation and food related purchasing in an effort to increase efficiency and reduce costs. The two mental health institutes

Line Item Descriptions FY 2010-11 BUDGET REQUEST

develop menus and order food separately. By consolidating menu preparation and food ordering at the two institutes duplicative functions were eliminated.

FY 2009-10

SB 09-259, the FY 2009-10 Long Bill, appropriated \$23,605,442 and 461.6 FTE. This included the continuation level of \$23,151,177 and 453.1 FTE with the following changes:

- Prior year salary survey of \$722,498, prior year performance-based pay of \$339,452, and a 20% non-base building personal services base reduction of (\$67,890).
- Annualization of HB 08-1047 Special Bill Set Aside Program DD Employment for an additional \$21,600 and 0.5 FTE.
- Annualizations for two FY 2008-09 Decision items are also included: \$304,558 and 10.5 FTE for DI#1 providing facilities support for the High Security Forensics Institute, and a reduction of (\$40,096) and (1.0) for SBA#1 to consolidate the department food procurement process and food storage.
- Budget Amendment #31, Mental Health Institute General Hospital Closure, reduced the appropriation by (\$41,840) and (1.5) FTE.
- The JBC adjusted the Office of Operations Medicaid Indirect, decreasing the total appropriation by (\$340,000) Medicaid Cash Fund/Medicaid General Fund. This adjustment was applied to the Office of Operations Personal Services line since this is where the majority of the Medicaid revenue is applied.

FY 2010-11

The FY 2010-11 Request was developed in accordance with the Executive Budget Instructions at the continuation level of \$23,605,442 and 461.6 FTE, with adjustments for:

- The annualization of FY 2009-10 Budget Amendment #31, Mental Health Institute General Hospital Closure, reducing the line item by (\$20,920) and (0.8) FTE.
- Annualization of three FY 2010-11 August Budget Reduction annualizations for: 1) the Office of Operations Personal Services and Budget Reduction (\$335,568) and (6.0) FTE; 2) Close Fifty-Nine Beds at the Colorado Mental Health Institute at Fort Logan (\$129,092) and (4.0) FTE; and, 3) Closure of 32 Bed Nursing Facility at Grand Junction Regional Center (\$329,733).
An adjustment was made to reverse the one-time FY 2009-10 Personal Services cut \$444,017.

The FY 2010-11 Request for Personal Services is \$23,234,146 and 450.8 FTE.

OPERATING EXPENSES

The operating expenses line item provides for most of the non-personal services costs with the exception of leased space, leased vehicles and utilities. The expenses include the materials and supplies needed by the Office of Operations divisions of facilities management, accounting, and procurement.

Line Item Descriptions FY 2010-11 BUDGET REQUEST

FY 2007-08

SB 07-239, the FY07-08 Long Bill, appropriated \$2,637,856 for operating expenses. This reflected a continuation level of \$2,345,383 with increases for:

- Supplemental #S-1J for the 20-Bed Competency Restoration at the Colorado Mental Health Institute at Pueblo added an initial \$10,383 and the appropriation was later increased again by the S-1J amendment with an additional \$583.
- Two FY 2005-06 decision items were annualized – DI#7 annualization of \$6,288 for the Division of Youth Corrections Sol Vista facility maintenance and annualization of the Department of Corrections decision item for the La Vista facility maintenance for an decrease of one-time start-up costs of (\$14,000).
- Funds for DI#4 Facilities Management Operating Funds were added in the amount of #288,753.

FY 2008-09

HB 08-1375, the FY 2008-09 Long Bill, appropriated \$3,433,463. This included the continuation level of \$2,637,856 with the following changes:

- Two Special Bills were included – SB07-004 for \$5,441 with the FY 2009-09 annualization of (\$4,505) to reduce one-time costs associated with a position added in FY 2007-08. The reduction is in cash funds form payments by insurance providers to manage early intervention programs. SB 07-228 increased the operating expenses appropriation by \$500 and that requires the department implements a variety of new steps to monitor contractor performance on state contracts.
- Two decision items were added: DI#1 added \$296,364 additional facilities operating funds for the new High Security Forensics Institute at the Colorado Mental Health Institute at Pueblo and SBA#1 reduced the appropriation by (\$500) to reflect the operating expense savings achieved through consolidation of the department meal preparation and food related purchasing in an effort to increase efficiency and reduce costs. The two mental health institutes develop menus and order food separately. By consolidating menu preparation and food ordering at the two institutes duplicative functions were eliminated.
- A technical adjustment was made to align maintenance personnel operating costs with the facilities that they maintain and fund them from the appropriate line item. Funds in the amount of \$97,900 were transferred from the Office of Operations Buildings and Grounds Fund to the Operating Expenses appropriation to better reflect the resources devoted to the maintenance of facilities that house Department of Human Services programs from those which house external lease tenants
- A transfer of \$400,407 was made from the leased space appropriation to the operating expenses line. These amounts represent funds for maintaining property currently being used by the Division of Youth Corrections and Alcohol and Drug Abuse Division. These divisions previously leased property from private entities for office space; however, they have now moved into Department of Human Services buildings on the Fort Logan campus. Operating expense amounts will help support maintenance for the buildings that these agencies use.

Line Item Descriptions FY 2010-11 BUDGET REQUEST

FY 2009-10

SB 09-259, the FY 2009-10 Long Bill, appropriated \$3,720,857. This included a continuation level of funding of \$3,433,463 and the following adjustments:

- HB 08-1047 Special Bill Set Aside Program DD Employment added \$2,200; with a (\$1,700) annualization for one-time costs.
- Annualizations for two FY 2008-09 Decision items are also included – (\$39,212) for one-time costs related to DI#1 that provided facilities support for the High Security Forensics Institute, and a reduction of (\$500) for SBA#1 to consolidate the department food procurement process and food storage.
- FY 2009-10 DI#5 Direct Care Capital Outlay for Regional Centers, Mental Health Institutes and Facilities Management, and Facilities Management Operating Increase for \$327,459. These funds will enable the Office to replace a portion of the most aged and failing building components and equipment including air conditioner compressors, plumbing pumps, valves and piping, water heaters and fixtures, and cleaning equipment. For additional information, see the FY 2009-10 JBC Staff Figuresetting Document for the Department of Human Services, Office of Operations, March 4, 2009, pages 34-37.
- FY 2009-10 DI# NP-1 State Fleet Variable Cost for \$56,810, a companion to the Department of Personnel and Administration Request.
- FY 2009-10 DI#NP-2 Postage Increase and Mail Equipment Upgrade for \$4,392, a companion to the Department of Personnel and Administration Request.
- A reduction of (\$5,245) was included in FY 2009-10 Budget Amendment #31 for the Mental Health Institute General Hospital Closure to reflect the decrease in facilities housekeeping and maintenance costs for this direct client care space.

FY 2010-11

The FY 10-11 Request for operating expenses is for the continuation level of funding of \$3,720,857 with adjustments for:

- Annualization of FY 2009-10 Decision Items: #NP-2, Postage Increase (\$4,392) and the FY 2009-10 Budget Amendment #31 for the Mental Health Institute General Hospital Closure (\$2,622).
- Annualization of two FY 2009-10 August Budget Reduction Items: Office of Operations Personal Services and Operating Reduction (\$43,750) and Close 59 Beds at the Colorado Mental Health Institute at Fort Logan (\$15,205).

The total FY 2010-11 Request for Operating Expenses is for \$3,654,888.

Line Item Descriptions FY 2010-11 BUDGET REQUEST

VEHICLE LEASE PAYMENTS

This line item provides funding for annual payments to the Department of Personnel and Administration for the cost of administration, loan repayment, and lease-purchase payments for new and replacement motor vehicles [see Section 24-30-1117, C.R.S.]. The vehicle lease payment line item provides for the fixed portion of the vehicle leases from fleet management. CDHS currently has 465 vehicles, including 7 short-term and 15 delayed turn-in vehicles. Adjustments to this appropriation are made via DPA common policy.

FY 2007-08

SB 07-239, the FY2007-08 Long Bill, appropriated \$716,648 for vehicle lease payments.

FY 2008-09

The Joint Budget Committee adjusted the FY 2007-08 appropriation with a base reduction of (\$98,963) and added \$66,085 to purchase new replacement vehicles. Funding in the amount of \$6,388 was added for vehicle lease payments for additional vehicles through DI#1- High Security Forensics Institute and \$1,888 was added for vehicles in DI#8 County Foster Care Monitoring. S#1 for the Colorado Mental Health Institute at Pueblo was annualized for \$11,185. HB 08-1375, the FY 2008-09 Long Bill, appropriated \$703,231 for vehicle lease payments.

FY 2009-10

SB 09-259, the FY 2009-10 Long Bill, appropriated \$921,320. This included a continuation level of funding of \$703,231 and the following adjustments:

- Annualization of FY 2009-10 Decision Item #1, High Security Forensics Institute, \$12,776.
- The appropriation was increased by the addition of two FY 2009-10 Decision Items: DI#7 Child Welfare Training Academy \$4,950 and Stand Alone Budget Amendment #2, \$3,311.
- FY 2009-10 JBC Common Policy adjustments to the base and for replacement vehicles, \$197,320.

FY 2010-11

The FY 2010-11 Request for vehicle lease payments is for a continuation level of \$921,320 plus \$72,079 for NP-2 Annual Fleet Replacements that includes the annualization of vehicles received through FY 2009-10 DI# 7 Child Welfare Training Academy. The total FY 2010-11 Request for Leased Vehicle Payments is \$993,399.

Line Item Descriptions FY 2010-11 BUDGET REQUEST

LEASED SPACE

The overall appropriation for this line item comprises funding for 45 commercial space leases throughout the State associated with nine major program areas (Alcohol and Drug Abuse Services, Child Care, Disability Determination, Vocational Rehabilitation, Youth Corrections, etc.). The Department leases approximately 143,827 square feet at an average cost of \$189.23 per square foot.

FY 2007-08

SB 07-239, the FY 2007-08 Long Bill, appropriated \$2,938,212 for leased space which consisted of a continuation level of \$2,935,212 plus \$3,000 in annualization for FY 2006-07 DI#29 for the Business Enterprise Program.

FY 2008-09

The FY 08-09 Long Bill (HB 08-1375) appropriation is for \$2,537,805, which includes the continuation level of \$2,938,212 with a reduction of (\$400,407). The JBC transferred \$400,407 from this line item to the operating expenses line item. This amount represents funds for maintaining property currently being used by the Division of Youth Corrections and Alcohol and Drug Abuse Division. These divisions previously leased property from private entities for office space; however, they have now moved into Department of Human Services buildings on the Fort Logan campus.

FY 2009-10

SB 09-259 appropriation for leased spaced was for the continuation level of \$2,537,805.

FY 2010-11

The FY 2010-11 Request for Leased Space is for the continuation level of \$2,537,805.

CAPITOL COMPLEX LEASED SPACE

Capitol Complex Leased Space is appropriated based on usable square footage utilized by each State department. Currently, for the Department of Human Services, this includes 99,087 square feet at 1575 Sherman Street in Denver and 3,104 square feet at the State Office Building in Grand Junction. Changes to this line item are made annually through the DPA common policy process.

FY 2007-08

SB 07-239, the FY 2007-08 Long Bill, appropriated \$1,254,224 for Capitol Complex leased space, which included a FY 2006-07 continuation level of \$1,103,065 and common policy adjustments of \$151,159.

Line Item Descriptions FY 2010-11 BUDGET REQUEST

FY 2008-09

The FY 08-09 Long Bill (HB 08-1375) appropriation is for \$1,267,295, which includes the continuation level of \$1,254,224 and a common policy adjustment of \$13,071.

FY 2009-10

SB 09-259, the FY 09-10 Long Bill, appropriated \$1,286,029 for Capital Complex Leased Space. This amount includes the continuation level of \$1,267,295 plus a common policy adjustment of \$18,734.

FY 2010-11

The FY 2010-11 Request for Capital Complex Leased Space is for the continuation level of \$1,286,029 with the following two reductions:

- (\$16,991) for the FY 2010-11 August Budget Reduction for DPA Building Maintenance Reductions
- (\$22,625) for the FY 2010-11 DPA common policy adjustment.

The total FY 2010-11 Request for Capital Complex Leased Space is \$1,246,413.

UTILITIES

This line item funds utilities expenditures including natural gas, electricity, water and waste water expenses for the Department's residential facilities (Division of Youth Corrections, Mental Health Institutes, and Regional Centers for Persons with Developmental Disabilities and Office of Operations Support Facilities). This appropriation also funds the energy performance contracts, pursuant to Section 24-30-2001.

FY 2007-08

SB 07-239, the FY 07-08 Long Bill, appropriated \$7,335,406 for the Office of Operations utilities. This included a continuation level of \$7,275,195 with an increase of \$9,392 for annualization of FY 2006-07 S1-J for the Colorado Mental Health Institute at Pueblo 20-Bed Unit, \$26,042 for annualization of FY 2006-07 DI#7 for the Division of Youth Corrections Sol Vista, and an additional \$25,384 for the Department of Corrections La Vista.

FY 2008-09

HB 08-1375, the FY 08-09 Long Bill, appropriated \$7,569,799 for utilities. This included an increase of \$234,393 GF for FY 2008-09 DI#1 High Security Forensics Institute.

Line Item Descriptions FY 2010-11 BUDGET REQUEST

FY 2009-10

SB 09-259, the FY 09-10 Long Bill, appropriated \$7,785,407 for utilities; this includes the continuation amount of \$7,569,799 plus the annualization of FY 2009-10 Decision Item #1, High Security Forensics Institute in the amount of \$215,608.

FY 2010-11

The FY 2010-11 Request is for the continuation level of \$7,785,407 less the annualization FY 2009-10 Budget Reduction Item entitled, Close 59 Beds at the Colorado Mental Health Institute at Fort Logan (\$41,197). The total FY 2010-11 Request for Utilities is \$7,744,210.

(B) SPECIAL PURPOSE

BUILDINGS AND GROUNDS RENTAL

The appropriation for this line item provides cash fund spending authority for FTE and operating expenses for the maintenance, repair, and upkeep of Department of Human Services facilities and grounds that are leased to public and private agencies. The Department leases space to other state agencies or non-profit organizations for offices or for the direct provision of services. Most of these rentals are at the Colorado Mental Health Institute at Fort Logan with agencies having missions compatible with the Department. The rates paid by agencies are based on the Department's calculated costs for maintenance, repair, and upkeep of the rented spaces. Spending Authority for this line item is based on anticipated revenue from the leasing agencies. Pursuant to Section 26-1-1335.6 C.R.S., rents collected are deposited into the Buildings and Grounds Fund to be used for the operating, maintaining, remodeling or demolishing of the rental properties. HB 08-1268 expanded the Department's authority to rent property to other Department of Human Services locations, which was previously restricted to the Fort Logan campus.

FY 2007-08

SB 07-239, the FY07-08 Long Bill, appropriated \$896,014 for the Buildings and Ground Fund and 6.5 FTE. This included the continuation level of 897,346 and 6.5 FTE, and a common policy reduction personal services reduction of (\$1,332).

FY 2008-09

HB 08-1375, the FY 2008-09 Long Bill, appropriated \$629,944 and 5.5 FTE. This was based on the continuation level of \$896,014 and 6.5 FTE with the following adjustments:

- A salary survey increase of \$5,564 and a performance pay increase of \$2,392.

Line Item Descriptions FY 2010-11 BUDGET REQUEST

- An increase of \$251,894 in cash fund spending authority for DI# 12/SBA #1 for one-time spending from reserves, associated with irrigation systems, exterior paint, and a building remodel at Fort Logan.
- A reduction of (\$525,920) and (1.0) for funds and staff transferred to other Office of Operations line items.
- Elimination of \$400,407 from the Buildings and Grounds Rental appropriation spending authority for revenue associated with the Division of Youth Corrections and Alcohol and Drug Abuse Division rentals that was included in both the Office of Operations Leased Space line item and the Buildings and Grounds Rental line item.
- Transfer of \$125,513 (\$27,613 and 1.0 to Personal Services, and \$97,900 to Operating Expenses) for revenues collected from Human Services programs and the Department of Corrections that will no longer be included in the rental building inventory, but will be funded through the Office of Operations general administration lines.
- Amounts in the Buildings and Grounds line item previously included cash funds from the Buildings and Grounds cash fund and cash funds exempt from reserves in the same cash fund. JBC classified amounts in this line item "cash funds", based on the new funds classification policy.

FY 2009-10

SB 09-259, the FY 2009-10 Long Bill, appropriated \$948,748 and 6.5 FTE for the Buildings and Grounds Fund. This appropriation amount included the continuation level of \$629,944 and 5.5 FTE, with adjustments for:

- Prior year salary survey of \$6,522, prior year performance-based pay of \$3,608, and a 20% non-base building personal services base reduction of (\$722).
- Special Bill HB 08-1268, Rental of Department Surplus Facilities, increased the appropriation by \$81,024 and 1.0 FTE.
- Annualization of FY 2009-10 DI#12 for one-time projects reduced the appropriation base by (\$251,894).
- FY 2009-10 Decision Item #22 Buildings and Grounds Increase in Spending Authority for \$480,266 to provide for spending associated with an agreement with the University of Colorado Health Sciences center to address life safety improvements in the facilities that it leases. (See FY 2009-10 JBC Staff Figuresetting Document for the Department of Human Services, Office of Operations, March 4, 2009, pages 47-48.)

FY 2010-11

The FY 2010-11 Request for the Buildings and Grounds Fund is \$468,482 and 6.5 FTE; this amount includes the continuation level of \$948,748 less the annualization of FY 2009-10 Decision Item #22 for one-time spending authority of (\$480,266).

Line Item Descriptions FY 2010-11 BUDGET REQUEST

STATE GARAGE FUND

The Department has an agreement with the Department of Personnel to operate vehicle maintenance and fueling stations at three state facilities, including the Mental Health Institutes at Fort Logan and Pueblo, and Grand Junction Regional Center. The Office of Operations is reimbursed by divisions within the Department and by other state agencies (Department of Transportation and the Colorado State Patrol) for maintenance, repair, storage and fueling of state-owned passenger motor vehicles. Revenues are deposited into the State Garage Fund. This line item provides the spending authority for the Department to receive and spend such reimbursement. Pursuant to Section 24-30-1104(2)(b), C.R.S., the Department of Personnel has the authority to use any available state facilities (and enter into contracts with such facilities) to establish and operate central facilities for the maintenance, repair and storage of state-owned passenger motor vehicles for the use of state agencies.

FY 2007-08

SB 07-239, the FY07-08 Long Bill, appropriated \$618,445 and 2.1 FTE for the Office of Operations State Garage Fund. This included a continuation level of \$445,298 and 2.1 FTE, with a decrease of (\$444) for SAED and an increase of \$173,591 for DI#26 Garage Fund Spending Authority Increase.

FY 2007-08

HB 08-1375, the FY08-09 Long Bill, appropriated \$733,187 and 2.6 FTE for the State Garage Fund. This included an increase of \$114,742 and 0.5 FTE for the Department of Transportation Multi Agency Stand Alone Amendment. This budget amendment was designed to facilitate increased use of state-operated facilities for maintaining state vehicles and to encourage departments without in-house facilities to use the services available from other departments. Amounts in this line item were previously classified as cash funds exempt; they were re-classified as reappropriated funds.

FY 2008-09

SB 09-259, the FY 2009-10 Long Bill, appropriated the continuation amount of \$733,187 and 2.6 FTE.

FY 2010-11

The FY 2010-11 Request for the Garage Fund is at the continuation level of \$733,187 and 2.6 FTE.

 COUNTY SHARE OF OFFSETTING REVENUES 4-3

 COUNTY INCENTIVE PAYMENTS 4-3

Line Item Descriptions FY 10-11 BUDGET REQUEST

(4) COUNTY ADMINISTRATION

County Administration provides funding for 64 county departments of social services to administer several programs including food stamps, adult protection, and adult assistance payment programs. Over recent fiscal years, County Administration has witnessed several programs leave its coverage. In FY 1998-99, this section included the administrative functions previously referenced and also included child care services and child welfare services. Administrative funding for the Colorado Works program is now appropriated in the Office of Self Sufficiency. Pursuant to S.B. 97-120, counties now have the authority to use Works Program block grants for either administrative or program needs.

Two other bills passed in the 1997 session that impacted this Long Bill Group. S.B. 97-006 abolished the state-operated county merit system for employees of county social services departments. Each county was to establish a successor merit system that conformed to federal standards by January 1, 2001. S.B. 97-218 modified the method of reimbursing counties for costs associated with the provision of child welfare services by limiting such reimbursements to the amount of capped allocation. The bill also authorized counties to use capped moneys for child welfare services without category restriction.

As a result of the aforementioned legislative changes, the FY 1998-99 Long Bill included a single consolidated line item for county administration funding. In FY 1999-00, administrative funding related to child welfare programs was transferred to the then named Children Youth and Families section of the Department.

In the 2006 session, S.B. 06-219 (re-organization of programs administered by the Department of Health Care Policy and Financing) transferred the funding to the counties for services related to Medicaid eligibility determination to HCPF.

COUNTY ADMINISTRATION

As noted in the introduction above, this line item currently provides funding for county social services departments to administer the following programs: Food Stamps, Adult Protection, and Adult Cash Assistance Programs (except for Old Age Pension).

Section 26-1-122 (3) (C), C.R.S. , generally defines county expenditures that qualify as administration. According to statute, administration costs include:

“Salaries of the county director and employees of the county department staff engaged in the performance of assistance payments, food stamps, and social services activities; the county’s payments on behalf of such employees for old age and survivor’s insurance or pursuant to a county officers’ and employees’ retirement plan and for any health insurance plan, if approved by the state department; the necessary travel expenses of the county board and administrative staff of the county department in the performance of their duties; necessary telephone and telegraph; necessary equipment and supplies; necessary

Line Item Descriptions FY 10-11 BUDGET REQUEST

payments for postage and printing; including the printing and preparation of county warrants required for the administration of the county department; and other such administrative costs as may be approved by the state department; but advancements for office space, utilities, and fixtures may be made from state funds only if federal matching funds are available.”

For FY 2007-08, the line was appropriated at \$40,938,883. This amount represents continuation funding from the prior year plus an additional \$1,482 for the annualization of H.B. 06S-1023, an additional \$540,695 related to provider rate increase of 2%, and an appropriation increase of \$4,350,410 (GBA-2, 03/05/07 Figure Setting, Pages 24-25). This appropriation was continued into the FY 2008-09 Long Bill. Added to the continuation funding was an additional \$10,200,000 from H.B. 08-1250. Of the additional funding from this special bill, \$4,000,000 General Funds came from the former County Contingency Payment line (see line item description below), an additional \$1,600,000 Cash Funds came from local funds, and an additional \$4,600,000 from Federal Funds. The resulting appropriation for this line for FY 2008-09 was \$51,138,883 (\$20,227,939 in General Fund, \$9,381,078 in Cash (local) Funds, and \$21,529,866 in Federal Funds). This appropriation continued into FY 2009-10. The Department is requesting Base Reduction Item #4 as part of the budget balancing process for FY 2010-11. This action will permanently reduce all funding sources in this line by two percent (2%) for a Community Provider Rate Base Decrease. The resulting request for FY 2010-11 is \$50,116,105, of which \$19,823,380 is General Fund, \$9,193,456 is Cash Funds, and \$21,099,269 is Federal Funds.

COUNTY TAX BASE RELIEF

This line was formerly titled County Contingency Payments Pursuant to Section 26-1-126, C.R.S. The County Contingency Fund line was created to provide additional General Fund moneys to assist counties with high social services costs relative to their assessed property valuations. The FY 2007-08 Long Bill appropriation was for \$11,069,321. The statutory formula for determining each county's eligibility for these funds contained multiple flaws that resulted in a steady increase in the number of counties that qualified for such funds, as well as the total amount for which they qualified. The 2008 General Assembly approved H.B. 08-1250, which changed the formula for calculating county eligibility for assistance monies, attempting to correct the flaws previously referenced. For FY 2008-09, the County Contingency Payment line was eliminated and was replaced by the County Tax Base Relief line. From the funds that had previously been used to fund the County Contingency Payment line, H.B. 08-1250 transferred \$4,000,000 to the County Administration line and \$6,069,321 to the newly created County Tax Base Relief line.

Pursuant to H.B. 08-1250, this line was appropriated \$6,069,321 in General Funds for FY 2008-09. As part of the budget balancing process for FY 2008-09, the General Assembly approved (S.B. 09-189, Supplemental Appropriations to CDHS) a reduction to the line in the amount of \$416,667, resulting in a final appropriation for FY 2008-09 of \$5,652,654. This appropriation was continued for FY

Line Item Descriptions FY 10-11 BUDGET REQUEST

2009-10. As part of the budget balancing process for FY 2010-11, the Department has proposed Budget Reduction Item #3 that will eliminate the County Tax Base Relief line.

COUNTY SHARE OF OFFSETTING REVENUES

The funding for this line reflects revenues earned by counties through child support collections, fraud refunds, state revenue intercepts, and other refunds that assist the State in meeting the maintenance of effort (MOE) for the Temporary Assistance for Needy Families (TANF) Block Grant. The FY 2007-08 appropriation for this line was \$3,789,313 Cash Funds. This funding was continued into FY 2008-09 and FY 2009-10. The Department is requesting continuation funding for FY 2010-11.

COUNTY INCENTIVE PAYMENTS

Section 26-13-108, C.R.S., provides that when child support enforcement payments are collected on behalf of custodial parents who have received public assistance, such amounts may be used to reimburse public assistance paid in accordance with federal law. Funding in this line reflects revenues earned by the State through child support collections, fraud refunds, state revenue intercepts, and other refunds that assist the State in meeting the maintenance of effort (MOE) for the Temporary Assistance for Needy Families (TANF) Block Grant. The FY 2007-08 appropriation for this line was \$3,084,361 Cash Funds Exempt. This funding was continued in FY 2008-09. The 2008 General Assembly approved H.B. 08-1342, which provided an additional \$2,500,000 Cash Funds to this line, which previously had been appropriated in the Colorado Works – County Block Grant line and represents a portion of the State’s half-share of revenues referenced at the beginning of this line item description. The resulting appropriation for this line for FY 2008-09 was \$5,584,361 Cash Funds. This funding was continued in FY 2009-10. The Department is requesting Decision Item #8 which will reduce the Cash Funds in this line from the state’s share of retained child support collections by \$844,737 and re-direct these funds to the Child Support Enforcement line to cover the Cash Fund Requirement in this change request. The final request for funding for FY 2010-11 for this line is \$4,739,624 in Cash Funds.

(5) DIVISION OF CHILD WELFARE

Child Welfare is a Division located in the Office of Children, Youth and Family Services. It consists of a group of services intended to protect children from harm and to assist families in caring for and protecting their children. Taken together, these programs comprise the main thrust of Colorado's effort to meet the needs of children who must be placed or are at risk of placement outside of their homes for reasons of protection or community safety. These appropriations fulfill the State's obligation to fund these services, which it mandates the counties to provide, and to generate match and maintenance of effort for federal funding. The delivery of Child Welfare Services in Colorado is a state-supervised, county administered system. Sub-programs include:

ADMINISTRATION

Child Welfare Administration was established as a separate line item in FY 2000-01 in response to footnote 78 to SB 99-215. This appropriation provides funding for:

- Positions responsible to provide supervision to the county departments of social services in the provision of all Child Welfare Services as defined in 26-5-101(3), C.R.S. (2009).
- Response to legislation defining policy and fiscal issues.
- Coordination and collaboration with other Divisions including Self Sufficiency, Information Technology Services, Child Care, Mental Health, Alcohol and Drug Abuse, Youth Corrections, Health and Rehabilitation and Departments including Health Care Policy and Financing, Judicial, and Education. The purpose of activity is to eliminate service duplication and assure service integration.
- Policy development and subsequent program development, implementation and monitoring.
- Response to consumers for information as well as follow-up on complaints.

FY 2007-08

The Department was appropriated \$2,350,900 and 26.0 FTE in the FY 2007-08 Long Bill (SB 07-239). From the prior year (HB 06-1385), this budget increased by \$27,761 and 0.0 FTE: \$38,445 increase was provided through Prior Year Salary Survey and a reduction of (\$10,684) for the base reduction.

Final FY 2007-08 appropriation was \$2,450,900 and 26.0 FTE (Supplemental HB 08-1287) resulting in a one-time increase in funding of \$100,000. This was for the Evaluation of Child Welfare Services Division workload and staffing. (Department of Human Services' FY 2007-08 and FY 2006-07 late Supplemental, January 23, 2008, page 28).

Line Item Descriptions FY 10-11 BUDGET REQUEST

FY 2008-09

The Department was appropriated \$2,900,820 and 31.5 FTE through Long Bill (H.B. 08-1375). From the prior year, this budget increased by \$449,920 and 5.5 FTE. \$67,134 increase was provided through Prior Year Salary Survey; \$22,460 increase was for the Prior Year Performance-based Pay at 80%; (\$100,000) reduction to back out the one-time funding for the Evaluation of the Child Welfare Services Division and its staffing; \$392,483 and 5.5 FTE increase from the approval of Decision Item #8 (Foster Care Program Monitoring Specialists and Kinship Program Administrator); \$90,000 one-time increase to fund Supplemental Budget Amendment #7 (Child Welfare Rate Study); and (\$22,157) 1% Base Budget Reduction.

The next two items were cited on the Department of Human Services' FY 2008-09 Figure Setting for Division of Child Welfare, Division of Child Care, and related Executive Director's Office line items ONLY, March 5, 2008:

- *Decision Item #8 (FY 2008-09): County Foster Care Program Monitoring Specialists and Kinship Program Administrator* was approved for \$392,483 and 5.5 FTE, which will annualize to 6.0 FTE in FY 2009-10. The Division is responding to a 2002 State Auditor's Office performance audit where it agreed to increased monitoring of county programs. (Page 13)
- *Supplemental Budget Amendment #7(FY 2008-09) - FY 2007 Foster Care Performance Audit Recommendations and Fatality Review Projects* was approved for a one-time funding of \$90,000 to: (1) research and determine fair and reasonable base anchor rates for CPAs, RCCFs, and foster care providers; and (2) locate and implement a Level-of-Care Assessment Tool: These proposed projects stem from the September 2007 State Auditor Office Foster Care Financial Services Performance Audit. (Page 17)

Final FY 2008-09 appropriation was \$2,807,537 and 31.5 FTE (Add-on Supplemental SB 09-259), resulting in an overall decrease of (\$93,283) from HB 08-1375. One-time reduction of (\$53,282) taken through Supplemental #30a "Hiring Freeze Savings" (Supplemental SB 09-189). One-time reduction of (\$40,000) taken through Supplemental #2 "Utilities - Increase For Projected Need"

Supplemental #30a (FY 2008-09): "Hiring Freeze Savings" reductions associated with the hiring freeze imposed by the Governor in Fall 2008. ((Department of Human Services' Supplemental Request for FY 2008-09 and FY 2007-08, Services for People with Disabilities, Child Welfare, Child Care, Office of Operations, January 23, 2009, page 30).

Supplemental #2 (FY 2008-09): "Utilities - Increase For Projected Need" a \$40,000 reduction was taken under the Child Welfare Administration line to help fund the Departments' utility shortage. (Department of Human Services' FY 2009-10 Figure Setting for Office of Operations and Services for People with Disabilities, March 4, 2009, page 40).

Line Item Descriptions FY 10-11 BUDGET REQUEST

FY 2009-10

The Department was appropriated through SB 09-259 Long Bill \$3,557,876 and 36.5 FTE. From the prior year, this budget increased by \$657,057 and 5.0 FTE. \$94,038 increase was provided through Prior Year Salary Survey; \$26,825 increase was for the Prior Year Performance-based Pay at 80%; \$13,933 and 0.5 FTE increase for the annualization of FY 2008-09 DI#8: "County Foster Care Program Monitoring Specialists and SAFE Training"; \$338,673 and 4.5 FTE increase for DI #6 / BA #55: "Child Welfare Staffing Recommendations from the Division Organizational Assessment"; \$321,250 increase for DI #9: "Title IV-E Administrative Claims for CPA Administrative Activities"; Net \$0 for SBA #3: "True up Federal Title IV-E Appropriation Earnings"; \$1,365 one-time increase for DI-NP-2: "Postage Increase and Mail Equipment Upgrade" which was part of DPA Common Policy item; (\$90,000) reduction on Supplemental Budget Amendment #7 (Child Welfare Rate Study) which was a one-time funding and should had not been part of the base budget; and a reduction to reduce personnel services line by 1.82% of (\$49,027) taken by the Joint Budget Committee April 22, 2009 to help balance the state budget.

The next three items were cited on the Department of Human Services' FY 2009-10 Figure Setting for Division of Child Welfare and Division of Child Care, February 18, 2009:

- *Decision Item #6 / Budget Amendment #55 (FY 2009-10): "Child Welfare Staffing Recommendations from the Division Organizational Assessment"* was approved by the General Assembly for funding of \$338,673 and 4.5 FTE in FY 2009-10 and ongoing annual funding of \$583,242 and 9.0 FTE to address identified concerns and gaps in the Child Welfare Division's supervisory responsibility and county oversight, as presented in the 2007 Foster Care Performance Report, the 2008 Child Fatality Report, and the Interim Child Welfare Action Committees Report. (Page 22)
- *Decision Item #9 (FY 2009-10): "Title IV-E Administrative Claims for CPA Administrative Activities"* was approved for \$321,250 General Fund in FY 2009-10 and ongoing annual funding of \$220,000 General Fund to implement administrative claiming for federal Title IV-E funds for child placement agencies (CPAs). This was identified in a 2007 State Auditor's Office report as an untapped source of federal revenue. Starting from FY 2010-11, the Department estimates an additional \$758,032 Federal Funds (Title IV-E) will be claimed annually upon implementation of the RMS process to claim allowable CPA administrative costs through Title IV-E funding. This may offset the need for General Fund for Child Welfare in future years. (Page 29)
- *SBA #3 (FY 2009-10): "True up Federal Title IV-E Appropriation Earnings"* is to more accurately reflect the amount the Department is actually earning in Title IV-E revenue for specific long bill line items. This is a technical request for \$0 (\$0 Net

Line Item Descriptions FY 10-11 BUDGET REQUEST

General Fund). Refinancing appropriations that more accurately reflect true Title IV-E revenues and will allow the department to more effectively manage these specific long bill line items. (Page 14)

FY 2010-11

The Department is requesting \$3,748,857 and 41.0 FTE, an increase of \$190,981 and 4.5 FTE from FY 2009-10. The increase comes in the form from prior year annualizations of Decision Items: \$244,569 and 4.5 FTE increase from the annualization of FY 2009-10 DI #6: "Child Welfare Staffing Recommendations from the Division Organizational Assessment"; reduction of (\$101,250) from the annualization of FY 2009-10 DI #9: "Title IV-E Administrative Claims for CPA Administrative Activities"; reduction of (\$1,365) from the annualization of FY 2009-10 DI-NP-2 "Postage Increase and Mail Equipment Upgrade"; and adding back the one-time 1.82% Personal Services Reductions taken in FY 2009-10 of \$49,027.

TRAINING

The centralized administration of Child Welfare training ensures that there is uniform interpretation, integration and implementation of Federal and State Statutes, Federal and State Regulations and generally accepted Best Practice Standards integrated into a competency based training system. Approximately 85 percent of curriculum development and training is provided by outside contractors, including departments of social work at several colleges and universities and a few for-profit training providers. The training is focused on the development of knowledge, skills and abilities that workers need to provide mandated services to children and their families at the highest quality. In addition, the training is also designed to meet federal requirements allowing the State to continue earning federal Title IV-E revenue and to avoid federal fiscal penalties. The target audiences for the training provided are county departments of human services child welfare caseworkers, case services aides and supervisors; child placement and residential treatment service providers; supportive services providers such as domestic abuse counselors, substance abuse counselors, mental health practitioners, developmental disabilities counselors and law enforcement officers.

In coordination with the Colorado Department of Human Services and Division of Youth Corrections training groups, the Division of Child Welfare has assisted in implementing the Colorado Sex Offender Management Board's (SOMB) Juveniles Standards of Care through a regional train-the-trainer resource and support network, using the limited sex offender surcharge funding. The results to date include four county and two private providers trained and authorized to train others to do train-the-trainers for informed supervision in their region; five county training staff completed the instructor training course, nine county staff are train-the-trainers who are authorized to train staff and providers in their region, and 22 county staff completed the state-of-the-art National Adolescent Perpetration Network conference. In addition, a pilot training curriculum for "Mildly Cognitively Impaired Sexually Abusive Youth" was implemented for caseworkers and providers.

Line Item Descriptions FY 10-11 BUDGET REQUEST

FY 2007-08

The Department was appropriated \$4,928,419 and 0.0 FTE in the FY 2007-08 Long Bill (SB 07-239). This budget was a continuation from the prior year (HB 06-1385).

FY 2008-09

In order to ensure sufficient resources are available to provide training to county and state staff, as well as other individuals involved in the provision of child welfare services, the Department was appropriated \$4,981,462 and 0.0 FTE in the FY 2008-09 Long Bill (HB 08-1375). From the prior year, this includes \$53,043 funding from Decision Item #8 reflected in the Training line.

\$53,043 in contract funds for training county staff responsible for completion of home studies and training their supervisors regarding an instrument used for conducting home studies of foster and adoptive homes (the Structured Analysis Family Evaluation or SAFE instrument). Colorado was originally assisted in implementing SAFE based on a grant received by the Consortium for Children, federally funded by the Children's Bureau, who developed the program. The grant expires in 2008. This training is an ongoing need to ensure casework staffs that conduct home studies are adequately supported in use of the SAFE instrument. (Department of Human Services' FY 2008-09 Figure Setting for Division of Child Welfare, Division of Child Care, and related Executive Director's Office line items ONLY, March 5, 2008, Page 13).

FY 2009-10

The Department was appropriated through SB 09-259 Long Bill \$6,588,815 and 5.5 FTE. From the prior year, this budget increased by \$1,607,353 and 5.5 FTE. \$1,606,952 and 5.5 FTE increase for DI #7 "Child Welfare Training Academy" (Department of Human Services' FY 2009-10 Figure Setting for Division of Child Welfare and Division of Child Care, February 18, 2009, page 36) and a one-time increase of \$401 for DI-NP-2 "Postage Increase and Mail Equipment Upgrade" which was part of DPA Common Policy item.

Decision Item #7 (FY 2009-10) / SB 09-164: Child Welfare Training Academy was approved by the General Assemble to establish a training academy for newly hired child welfare caseworkers and newly hired or promoted child welfare supervisors. The Academy would provide for new caseworkers 40 hours of pre-requisite computer based training; 4 weeks of pre-service classroom instructions coupled with two weeks of on-the-job training, 24 two-day sessions of Legal preparation training; and three weeks of pre-service for newly hired or promoted child welfare supervisors and two-weeks of on-the-job training; plus training evaluation and oversight. The two weeks of on-the-job training for new workers and new supervisors would be coordinated and monitored by five regional field training specialists. (Section 26-5-109 C.R.S.) (Department of Human Services' FY 2009-10 Figure Setting for Division of Child Welfare and Division of Child Care, February 18, 2009, Page 36).

Line Item Descriptions FY 10-11 BUDGET REQUEST

FY 2010-11

The Department is requesting \$6,552,060 and 6.0 FTE, an increase of \$689,479 and 3.0 FTE from FY 2009-10. The increase is from prior year annualizations of Decision Items: \$689,880 and 3.0 FTE increase from the annualization DI #7 (FY 2009-10) "Child Welfare Training Academy" and a reduction of (\$401) from the annualization of FY 2009-10 DI-NP-2 "Postage Increase and Mail Equipment Upgrade".

FOSTER AND ADOPTIVE PARENT RECRUITMENT, TRAINING, AND SUPPORT

This line item represents the consolidated funding the Department receives related to the recruitment and retention of foster and adoptive parents. A major emphasis will continue to be on retention activities but the importance of continuing to recruit will not be minimized. Previously successful recruitment activities include public service announcements for television and radio; the provision of calendars, magnets, brochures and other materials for use by county staff; RTD bus and shelter advertisements; and minority-focused events to assure that foster care and adoptive services satisfy the needs of children with diverse racial and cultural backgrounds. The following retention activities have been initiated: newspaper articles highlighting foster parents in a positive manner, special recognition events honoring foster parents, training with county department staff and private agencies regarding reasons why foster parents resign and guidelines for the development of work plans to address those issues, and the development of community support to assist foster parents. Materials have been developed to solicit support of foster parents by provision of services; such as respite or mentoring of youth, or through contributions of goods and money; such as offering discounts on merchandise. All of these efforts have included workers from the public and private sectors as well as members of the business community in order to maximize effectiveness and to strengthen working relationships with community partners and the human service system.

Funding is provided to support 1.0 FTE charged with monitoring and improving counties' adoptive and foster parent recruitment and retention activities and providing technical assistance to counties. This position was first funded in FY 2001-02 to meet one of the requirements of the federal *Adoption and Safe Families Act*, which requires states to have an identifiable process for assuring diligent recruitment and retention of foster and adoptive families that reflect the ethnic and racial diversity of children for whom placements are needed. This funding was also intended to assist counties in ensuring that placement resources are available so that children in foster care can reside close to their homes, sibling groups can be placed together, and adolescents and children with developmental disabilities or mental health issues can be placed in the least restrictive, most appropriate placement.

In FY 2007-08, the Department was appropriated \$330,685 and 1.0 FTE in the FY 2007-08 Long Bill (SB 07-239). From the prior year (HB 06-1385), this budget increased by \$1,219 and 0.0 FTE: \$1,589 increase was provided through Prior Year Salary Survey and a reduction of (\$370) for the base reduction.

Line Item Descriptions FY 10-11 BUDGET REQUEST

In FY 2008-09, the Department was appropriated \$333,812 and 1.0 FTE through Long Bill (H.B. 08-1375). From the prior year, this budget increased by \$3,127 and 0.0 FTE. \$2,360 increase was provided through Prior Year Salary Survey and \$767 increase was for the Prior Year Performance-based Pay at 80%.

In FY 2009-10, the Department was appropriated through SB 09-259 Long Bill \$337,717 and 1.0 FTE. From the prior year, this budget increased by \$3,905 and 0.0 FTE. \$2,585 increase was provided through Prior Year Salary Survey; \$737 increase was for the Prior Year Performance-based Pay at 80%; and a one-time increase of \$583 for DI-NP-2: "Postage Increase and Mail Equipment Upgrade" which was part of DPA Common Policy item.

In FY 2010-11, the Department is requesting \$337,134 and 1.0 FTE a reduction of (\$583) from the annualization of FY 2009-10 DI-NP-2 "Postage Increase and Mail Equipment Upgrade".

CHILD WELFARE SERVICES

Provides the primary funding for County Departments of Social Services to provide child welfare services. Services that are provided through this block allocation may include but are not limited to: out-of-home placement including foster care, residential care, and Medicaid treatment; Adoptions; Subsidized Adoptions; Subsidized Adoption Case Services Payments; Child Welfare-related Child Care and Burials; County Case Management and Administration; and the administration of the Interstate Compact on the Placement of Children for Child Welfare service for children who are either moving to Colorado from another state or are being placed by Colorado in another state. Under 26-5-104(4)(a) C.R.S. (2009), county departments are authorized to use this allocation to provide child welfare services without categorical restriction. These funds are allocated to counties under a formula developed by the Child Welfare Allocations Committee. Prior to FY 2001-02 the formula was primarily based upon historical expenditures with increases tied to changes in child population and poverty in each county. Effective with the Department's FY 2001-02 Change Request, the basis for increase was shifted to child welfare caseload. Effective FY 2001-02, the Department and the Allocation Committee implemented an Optimization Model designed to provide an equitable, efficient, accountable, and outcome based distribution of the Child Welfare Allocation Block. In FY 2003-04 the Child Welfare Allocation Committee approved modifying the Optimization Model to include three new "drivers:" referrals, new adoptions and the average adoption cost per day. The committee also approved additional program costs (special circumstance child care, foster care case services) to be included into the program service cost driver. With these new additions all of the Child Welfare Services appropriation continues to be allocated through the dynamic optimization model.

In FY 2005-06, the State was notified by federal Center for Medicare and Medicaid Services that Medicaid funding would not be available for Colorado's Residential Treatment Center program, effective July 1, 2006. The Department worked with county departments and provider groups to redesign the services available to children requiring residential mental health services. The new

Line Item Descriptions FY 10-11 BUDGET REQUEST

service array includes psychiatric residential treatment facilities that bill Medicaid per diem for children with the most extensive mental health needs. The service array also includes therapeutic residential child care facilities (TRCCFs) that offer Medicaid fee for service therapy in the menu of service. This change resulted in a loss of federal Medicaid funding and an increase in State General Funds needed for the program. It is believed that the new array of services will provide an expanded continuum to meet the needs of children requiring mental health therapy.

This line item provides the primary source of funding for counties to administer child welfare programs and deliver associated services to children and families. This line item thus provides funding for: (1) county administration for child welfare related activities; (2) out-of-home care; (3) subsidized adoptions; and (4) other necessary and appropriate services for children and families.

County Capped Allocations. Pursuant to Section 26-5-104 (4), C.R.S. (2009), counties receive capped funding allocations for the administration and provision of child welfare services. Counties are allowed to use capped allocation moneys for child welfare services without categorical restriction. Those counties that serve at least 80 percent of the total child welfare services population (the largest ten counties, currently) receive individual capped allocations, and the remaining small- and medium-sized counties receive separate capped allocations. Each county's allocation consists of local, state, and federal funds. The Department uses *state and federal* funds appropriated through the Child Welfare Services line item to reimburse county departments of social services for 80 percent of related expenses, up to the amount available in each county's allocation. In addition, pursuant to Section 26-5-104 (7), C.R.S. (2009), the Department is authorized, based upon the recommendations of the Allocations Committee; to allocate any unexpended funds at fiscal year-end to any county that has over spent its capped allocation. However, a county may only receive such "close-out" funds for authorized expenditures attributable to caseload increases beyond those anticipated when the allocations were made, and for expenditures *other than* those attributable to administrative and support functions.

The state achieved compliance with Federal Law regarding placement of a child outside of the home with the passage of SB 07-266, which increased this line by \$142,561. SB 07-226 makes several changes to various statutes in the Federal Safe and Timely Interstate Placement of Foster Children Act of 2006, Child and Family Services Improvement Act of 2006, and Adam Walsh Child Protection and Safety Act of 2006. Authorizes the release of certain confidential child abuse information during the screening of prospective foster or adoptive parents. Requires the court to consult with a child, in an age-appropriate manner, regarding the child's permanency plan. Requires all family foster care and kinship care applicants, and all adults who reside in the foster care or kinship care applicant's home, to submit to a fingerprint-based criminal history records check. Requires the court to ensure that a juvenile and the juvenile's foster parents, pre-adoptive parents, or relatives receive notice of all hearings and reviews concerning the juvenile. For FY 2007-08, increases the appropriation to the Department of Human Services, Division of Child Welfare by \$142,561 total funds.

Line Item Descriptions FY 10-11 BUDGET REQUEST

FY 2007-08

The Department was appropriated \$337,208,753 and 0.0 FTE in the FY 2007-08 Long Bill (SB 07-239). From the prior year (HB 06-1385), this budget increased by \$12,201,043 and 0.0 FTE: \$3,623,768 increase from HB 06-1395 “Residential Child Health Care”; (\$588,944) reduction from SB 06-219 “HCPF Reorganization” concerning an administrative reorganization of programs administered by the State Department of Health Care Policy and Financing; \$107,802 increase from FY 2006-07 1331 Supplemental #1-H “County Implementation Costs For HB 06S-1023” to assist county human services department with cost related to implementing H.B. 06S-1023 “Restrictions On Defined Public Benefits”; \$495,077 increase for Leap Year Adjustment; (\$57,768) reduction for the annualization of HB 06-1023; \$3,690,262 increase from FY 2007-08 DI #6 “Child Welfare Services Block Increase”; and an increase of \$4,930,846 for a 1.5% provider rate increase.

Final FY 2007-08 appropriation was \$339,701,380 and 0.0 FTE (Supplemental HB 08-1287) resulting in an increase of \$2,492,627. This increase was from FY 2007-08 Supplemental #7 “Funding Adjustments Related to Residential Child Health Care Program”. (Department of Human Services’ FY 2007-08 and FY 2006-07 late Supplementals, Office of Operations, Division of Child Welfare, Division of Child Care, Services for People with Disabilities, and Executive Director’s office (selected Special Purpose line items), January 23, 2008, page 31).

FY 2008-09

The Department was appropriated \$351,124,655 and 0.0 FTE through Long Bill (HB 08-1375). From the prior year, this budget increased by \$13,915,902 and 0.0 FTE. (Department of Human Services’ FY 2008-09 Figure Setting, Division of Child Welfare, Division of Child Care, and related Executive Director’s Office line items ONLY, March 5, 2008): \$62,790 increase from the annualization of SB 07-226 “Compliance Fed Law Placement Children”; \$2,492,627 increase from the annualization of FY 2007-08 Supplemental #7 “Funding Adjustments Related to Residential Child Health Care Program” (Page 27); (\$6,750,000) reduction to adjust Medicaid actual expenditures (Page 32); \$13,585,602 increase from FY 2008-09 Decision Item #3 “Child Welfare Services Block Increase” (Page 29); \$5,019,960 increase for the Provider Rate Cost of Living Adjustment of 1.5% (Page 31); (\$495,077) reversal of FY 2007-08 Leap Year Adjustment; net effect of \$0 Total Funds to adjust for 20% TRCCF local share by reducing General Fund by (\$8,104,287) and increasing Cash Fund by \$8,104,287 (Page 34); and a net effect of \$0 Total Funds to back fill Federal Funds by increasing \$2,134,518 General Fund and reducing Federal Funds by (\$2,134,518) (Page 33).

Decision Item #3 (FY 2008-09) “Child Welfare Services Block Increase” (Page 29)

Each year, the Department requests additional funds anticipated being required for counties to provide services to additional children and their families. The Department has calculated the projected funding need for counties based on historical increases in the overall

Line Item Descriptions FY 10-11 BUDGET REQUEST

number of children receiving child welfare services. The projected percent increase in the overall caseload was then applied to the base funding. Cost drivers for the provision of Child Welfare Services include:

- ✓ changes in the child / adolescent population (ages 0 - 17);
- ✓ the number of families referred, per 1,000 child / adolescent population;
- ✓ the number of children assessed, as a percent of the number referred;
- ✓ the number of new involvements, as a percent of assessments;
- ✓ the number of children in residential care as a percent of open involvements;
- ✓ the average number of days per year a child spends in residential care;
- ✓ the average cost per day per child for residential care;
- ✓ "program services" costs per open involvement (administration and other direct services related to foster care);
- ✓ new adoptions as a percent of the total number of children in residential care; and
- ✓ the average cost per child per day for adoptions.

Adjust Medicaid to reflect actual expenditure pattern (\$0 Net general fund impact) (Page 32)

The Departments of Human Services and Health Care Policy and Financing have statutory authorization to transfer unlimited amounts of General Fund between the two departments when required by changes from the appropriated levels in the amount of Medicaid cash funds earned through programs or services provided under the supervision of the Departments (Section 24-75-106, C.R.S. 2009). This provision is commonly used for child welfare services. If an unexpectedly large number of the children receiving child welfare services receive services that are eligible for Medicaid reimbursement, the Department of Human Services may transfer General Fund to the Department of Health Care Policy and Financing and draw down the associated federal Medicaid match. Conversely, if child welfare billing for Medicaid services is lower than the amounts reflected in the appropriation, the Department of Human Services will request the Department of Health Care Policy and Financing to transfer the General Fund portion of associated Medicaid appropriations back to the Department of Human Services, where these General Fund amounts may be used to provide child welfare services that are not eligible for federal Medicaid match.

For a number of years, the Medicaid amounts appropriated for child welfare services, including amounts for the children's residential habilitation program (the "CHRP" waiver for children with developmental disabilities), as well amounts for the psychiatric and therapeutic residential treatment programs (PRTF and TRCCF programs), have been substantially higher than actual billing for these programs. As a result, the General Fund portion of these Medicaid appropriations has been transferred back to the Department of Human Services.

Line Item Descriptions FY 10-11 BUDGET REQUEST

1. Reduce the Medicaid appropriation to the Department of Human Services for child welfare services by \$18.0 million previously appropriated funds, and making an associated reduction of \$9.0 million General Fund and \$9.0 million federal Medicaid funds in the appropriation to the Department of Health Care Policy and Financing; and
2. Increasing the appropriation to the Department of Human Services for child welfare services by \$9.0 million General Fund and \$2.25 million cash funds (to reflect the associated 20 percent local match).

This has a net General Fund impact of \$0. Further, if Medicaid earnings are ultimately higher than the amounts included in the appropriation, this change will not restrict the Departments from transferring General Fund amounts and drawing down associated Medicaid funds as authorized by statute.

Due to revenue shortfalls, SB 09-189 amended FY 2008-09 Long Bill (HB 08-1375) reducing the appropriation by (\$1,963,366) to \$349,161,289 and 0.0 FTE. The following actions were taken to reduce General Fund. (Department of Human Services' Supplemental Request for FY 2008-09 and FY 2007-08, Services for People with Disabilities, Child Welfare, Child Care, Office of Operations, January 23, 2009).

1. (\$2,543,665) reduction, Supplemental / Budget Amendment #18 (FY 2008-09) "CW Block Correction from FY 2008-09 Figure Setting" (Page 8)
2. A net effect of \$0 Total funds: reduction of (\$1,545,747) in General Fund and increasing Federal Funds (Title IV-E) by \$1,545,747, Supplemental / Budget Amendment #22 "CW Services Block Refinance" (Page 21)
3. \$580,299 increase, Supplemental NP-HCPF-2 "HCPF S-15, BA-14: Reduce Funding for Administrative Case Management" Department of Health Care Policy and Financings' Supplemental Request for FY 2008-09 and FY 2007-08, January 29, 2009, Page 62).

The March 20, 2009 revenue forecast showed continued to show no improvement, therefore additional General Fund savings was achieved by Supplemental/ Budget Amendment #56 "Refinance Child Welfare" reduced (\$3,335,847) in General Fund and increased Federal Funds (Title IV-E) by \$3,335,847. (Add-on Supplemental Bill SB 09-259) (Department of Human Services' Supplemental Request for FY 2008-09 and Late Budget Amendments for FY 2009-10, Division of Child Welfare and Division of Child Care, April 20, 2009, Page 1).

FY 2009-10

The Department was appropriated through SB 09-259 Long Bill \$353,575,261 and 0.0 FTE. From the prior year, this budget increased by \$2,450,606 and 0.0 FTE:

Line Item Descriptions FY 10-11 BUDGET REQUEST

- Annualized reduction of (\$2,543,665) from Supplemental / Budget Amendment #18 (FY 2008-09) “CW Block Correction from FY 2008-09 Figure Setting” (Department of Human Services’ Supplemental Request for FY 2008-09 and FY 2007-08, Services for People with Disabilities, Child Welfare, Child Care, Office of Operations, January 23, 2009, Page 8)
- Annualized net effect of \$0 Total funds, reducing (\$1,100,000) in General Fund and increasing Federal Funds (Title IV-E) by \$1,100,000 from Supplemental / Budget Amendment #22 “CW Services Block Refinance” (Department of Human Services’ Supplemental Request for FY 2008-09 and FY 2007-08, Services for People with Disabilities, Child Welfare, Child Care, Office of Operations, January 23, 2009, Page 21)
- Annualized increase of \$580,299 from Supplemental NP-HCPF-2 “HCPF S-15, BA-14: Reduce Funding for Administrative Case Management” Department of Health Care Policy and Financings’ Supplemental Request for FY 2008-09 and FY 2007-08, January 29, 2009, Page 62)
- \$4,413,972 increase from Decision Item #10 (FY 2009-10) “Child Welfare Services Block Increase”, (Department of Human Services’ FY 2009-10 Figure Setting, Division of Child Welfare and Division of Child Care, February 18, 2009, Page 20); and
- Annualized net effect of \$0 Total funds, reducing (\$3,335,847) in General Fund and increased Federal Funds (Title IV-E) by \$3,335,847 from Supplemental/ Budget Amendment #56 “Refinance Child Welfare”, (Add-on Supplemental Bill SB 09-259) (Department of Human Services’ Supplemental Request for FY 2008-09 and Late Budget Amendments for FY 2009-10, Division of Child Welfare and Division of Child Care, April 20, 2009, Page 1).

Decision Item #10 (FY 2009-10) “Child Welfare Caseload”. This increase in funding to fund the Division of Child Welfare; Child Welfare Services line to support children and families receiving services through the Child Welfare Block funding. This request is to provide appropriate and adequate funding to the Child Welfare Block to continue to meet the need by the counties for the care of children requiring protection from abuse and neglect, and their families needing assistance in caring for these children.

FY 2010-11

The Department is requesting \$338,258,062 and 0.0 FTE, a reduction of (\$15,317,199) and 0.0 FTE from SB 09-259. A reduction of (\$8,413,972) is the result of annualizing the August Budget Reduction request "5-Reduction to the Child Welfare Services Block, a reduction of (\$6,903,227) from the FY 2010-11 Budget Reduction Item #4 "Two Percent (2%) Community Provider Rate Base Decrease" request, and a net \$0 refinance through a Budget Reduction Item #5 “Refinance \$3,000,000 of Child Welfare Services with TANF”.

The reduction from the prior year is from FY 2010-11 August Budget Reduction Annualization "Reduction to the Child Welfare Services Block” due to the State revenues coming in lower than expected during September 20, 2008 and March 20, 2009 forecast.

- A. Defund the remaining amount funded for the Child Welfare Services Block Increase (DI #10, FY 2009-10).

Line Item Descriptions FY 10-11 BUDGET REQUEST

B. True-up Medicaid funding within the Child Welfare Services appropriation of \$2,000,000 Net General Fund.

This action will adjust the Medicaid amounts appropriated to the Child Welfare Services appropriation to align with expected Medicaid expenditures. For FY 2009-10 the Child Welfare Services line is appropriated \$18.7 million in Medicaid funds. Based on historical Medicaid spending in this line, the Department is estimating the actual amount to be significantly less and is proposing a reduction of \$2,000,000 Net General Fund.

For a number of years, the Medicaid amounts appropriated for child welfare services, including amounts for the children's residential habilitation program (the "CHRP" waiver for children with developmental disabilities), as well amounts for the psychiatric and therapeutic residential treatment programs (PRTF and TRCCF programs), have been substantially higher than actual billing for these programs. As a result, the General Fund portion of these Medicaid appropriations has been transferred back to the Department of Human Services.

If Medicaid earnings are ultimately higher than the amounts included in the appropriation, this change will not restrict the Departments from transferring General Fund amounts and drawing down associated Medicaid funds as authorized by statute.

Budget Reduction Item #5 (FY 2010-11) "Refinance \$3,000,000 of Child Welfare Services with TANF". The Department is proposing a \$3,000,000 refinance to the Child Welfare Services Line (Child Welfare Block) by reducing the General Fund by \$3,000,000 and refinancing it with federal Temporary Assistance for Needy Families (TANF) funds for FY 2010-11 and FY 2011-12.

EXCESS FEDERAL TITLE IV-E DISTRIBUTIONS FOR RELATED COUNTY ADMINISTRATIVE FUNCTIONS

The line is allocated to counties for the purpose of defraying costs associated with providing administrative functions for Title IV-E eligibility. This funding helps to assure adequate staffing and supervision of Title IV-E eligibility worker positions. Adequate staffing is critical for assuring compliance with federal Title IV-E regulations, and for maximizing and securing federal revenue for Child Welfare Services. A Federal Title IV-E Compliance Review of Colorado practice was conducted in April 2006; Colorado was found to be within the required 95% compliance, and thus was not subjected to a potential federal fiscal penalty extrapolated against the total Title IV-E administrative costs. The distribution of funds to counties in FY 2005-06 was based on number of out-of-home placements by county in FY 2004-05. The funds were used primarily to support county IV-E eligibility workers and their supervisors across the state.

States are allowed to earn federal Title IV-E funds (Title IV-E refers to a section of the federal Social Security Act) for a number of activities associated with providing services to certain children who are placed outside their own homes. Specifically, states may earn Title IV-E funds for the "room and board" costs of providing out-of-home care, for related administrative costs, and for costs

Line Item Descriptions FY 10-11 BUDGET REQUEST

associated with training staff and service providers. The federal Title IV-E program is an open-ended entitlement program, so there is no dollar limit on what any state may earn. Federal Title IV-E funds are earned on a matching basis, and the match ratio varies by activity. In general, Title IV-E funds are provided on a 50/50 basis, except that eligible training expenses are reimbursed at a higher 75/25 (federal/state) ratio.

In FY 2007-08, the Department was appropriated \$1,710,316 and 0.0 (Long Bill SB 07-239). From the prior year (HB 06-1385), this budget increased by \$25,276 and 0.0 FTE for a 1.5% provider rate increase. In FY 2008-09, the Department was appropriated \$1,735,971 and 0.0 FTE (Long Bill HB 08-1375). From the prior year, this budget increased by \$25,655 and 0.0 FTE for a 1.5% provider rate increase. In FY 2009-10, the Department was appropriated \$1,735,971 and 0.0 FTE (Long Bill SB 09-259). This is a continuation from prior years budget. In FY 2010-11 the Department is requesting an appropriation of \$1,701,252, which is a reduction from SB 09-259 of (\$34,719) which is from the FY 2010-11 Budget Reduction Item #4 "Two Percent (2%) Community Provider Rate Base Decrease" request.

EXCESS FEDERAL TITLE IV-E REIMBURSEMENTS

This line provides the opportunity for the counties to access excess IV-E additional funds to provide early intervention, placement prevention and family preservation, and crisis intervention services to families to prevent out-of-home placement or to extend child care assistance and other social services that may meet the Maintenance of Effort for TANF.

In addition to providing moneys to counties to defray the costs of Title IV-E administrative functions, Section 26-1-111 (2) (d) (II) (C), C.R.S. (2009), also allows the General Assembly to appropriate to the Department moneys for TANF related purposes, child care assistance, and child welfare services. These moneys are appropriated for allocation to the counties.

In FY 2007-08, the Department was appropriated \$5,929,152 and 0.0 (Long Bill SB 07-239). This budget was a continuation from the prior year (HB 06-1385). In FY 2008-09, the Department was appropriated \$2,800,000 and 0.0 FTE (Long Bill HB 08-1375). From the prior year, this budget decreased by (\$3,129,152) and 0.0 FTE based on FY 2007-08 Late Supplemental recommendation from Joint Budget Committee staff. (Department of Human Services' FY 2008-09 Figure Setting, Division of Child Welfare, Division of Child Care, and related Executive Director's Office line items ONLY, March 5, 2008, Page 37). In FY 2009-10, this appropriation was removed under Long Bill SB 09-259 due to the continued decline in federal Title IV-E revenues. (Department of Human Services' FY 2009-10 Figure Setting, Division of Child Welfare and Division of Child Care, February 18, 2009, Page 56).

Line Item Descriptions FY 10-11 BUDGET REQUEST

FAMILY AND CHILDREN'S PROGRAMS

This line item was established largely as a result of the Child Welfare Settlement Agreement (which was finalized in February 1995). The settlement agreement required a number of improvements in the child welfare system, including: (1) an increase in the number of county caseworkers and supervisors; (2) improvements in the amount and types of training provided to caseworkers, supervisors, and out-of-home care providers; (3) the provision of Core Services to children and families (described below); (4) improvements in investigations, needs assessments, and case planning; (5) improvements in services to children placed in residential care; (6) increased rates for out-of-home care providers and elimination of certain rate disparities; and (7) the development of a unitary computerized information system (the Colorado Trails System). In January 2002, the parties agreed that the Department and counties were in substantial compliance with the terms of the settlement agreement, and it was terminated.

This program serves children who are dependent and neglected or abused, delinquent or in conflict with their families or communities. In 1991, Article 5.5 was enacted to create the Colorado Family Preservation Act. Although the program is defined in state statutes as Family Preservation, the program is referenced in Colorado Department of Human Service (CDHS), Staff Manual Volume 7 as Core Services. Pursuant to Section 19-3-208, C.R.S. (2009), the Core Services Program serves children that are at imminent risk of out-of-home placement.

Description of "Core Services"

Pursuant to Section 19-3-208, C.R.S. (2009), the following services are to be made available and provided based upon the State's capacity to increase federal funding or any other moneys appropriated for these services and as determined necessary and appropriate by individual case plans:

- ✓ transportation;
- ✓ child care;
- ✓ in-home supportive homemaker services;
- ✓ diagnostic, mental health, and health care services;
- ✓ drug and alcohol treatment services;
- ✓ after care services to prevent a return to out-of-home placement;
- ✓ family support services while a child is in out-of-home placement including home-based services, family counseling, and placement alternative services;
- ✓ financial services in order to prevent placement; and
- ✓ family preservation services, which are brief, comprehensive, and intensive services provided to prevent the out-of-home placement of children or to promote the safe return of children to the home.

Line Item Descriptions FY 10-11 BUDGET REQUEST

In addition, pursuant to Section 26-5.3-105, C.R.S. (2009), “emergency assistance” was made available to serve the same population. Counties are required to submit a Core Services plan for approval by the Division of Child Welfare. Counties must have the eight basic Core Services accessible to children and their families who meet the eligibility criteria for the program. Those services are Home Based Intervention, Intensive Family Therapy, Life Skills, Day Treatment, Sexual Abuse Treatment, Special Economic Assistance, Mental Health Services, and Substance Abuse. Counties also have the option to provide county designed services. In order to be eligible for the Core Services Program, each child shall: meet the criteria for Program Area 4, 5, or 6 target group; and, meet the Colorado out-of-home placement criteria at the time of each placement in any Core Services Program; and, require a more restrictive level of care but may be maintained at a less restrictive out-of-home placement or in his/her own home with Core Services. Core Services are provided through an approved county plan as alternatives to out-of-home care or in conjunction with out-of-home care, to either reduce the level of placement needed or to facilitate the child’s move to a permanent family. In order to be eligible for services, the child case must be a Program Area 4, 5, or 6 case - this means the child must meet Colorado’s out-of-home placement criteria and be at imminent risk for out-of-home placement.

In FY 2007-08, the Department was appropriated \$45,379,414 and 0.0 (Long Bill SB 07-239). From the prior year (HB 06-1385), this budget decreased by (\$323,898) and 0.0 FTE: \$680,691 for a 1.5% provider rate increase; and a reduction of (\$1,004,680) from SB 06-219 “HCPF Reorganization” concerning an administrative reorganization of programs administered by the State Department of Health Care Policy and Financing.

In FY 2008-09, the Department was appropriated \$45,081,257 and 0.0 FTE (Long Bill HB 08-1375). From the prior year, this budget increased by \$25,832 and 0.0 FTE: \$675,832 provider rate increase and a reduction of (\$650,000) adjustment made for Medicaid. (Department of Human Services’ FY 2008-09 Figure Setting, Division of Child Welfare, Division of Child Care, and related Executive Director’s Office, February 18, 2009, Page 39).

Final FY 2008-09 appropriation was \$45,689,850 and 0.0 FTE (Supplemental SB 09-189) resulting in an increase of \$608,593. (Supplemental NP-HCPF-2 “HCPF S-15, BA-14: Reduce Funding for Administrative Case Management” Department of Health Care Policy and Financings’ Supplemental Request for FY 2008-09 and FY 2007-08, January 29, 2009, Page 62).

In FY 2009-10, the Department was appropriated through SB 09-259 Long Bill \$45,689,850 and 0.0 FTE. From the prior year, this budget increased by \$608,593 and 0.0 FTE: annualized increase of \$608,593 and a net effect of \$0, refinancing \$9.5 million General Fund with Federal TANF funds. (Department of Human Services’ FY 2009-10 Figure Setting, Division of Child Welfare and Division of Child Care, February 18, 2009, Page 59-60).

Line Item Descriptions FY 10-11 BUDGET REQUEST

In FY 2010-11 the Department is requesting an appropriation of \$44,776,053, which is a reduction from SB 09-259 of (\$913,797) which is from the FY 2010-11 Budget Reduction Item #4 "Two Percent (2%) Community Provider Rate Base Decrease" request.

PERFORMANCE-BASED COLLABORATIVE MANAGEMENT INCENTIVES

This is a new line item, first appropriated in FY 2005-06, to provide spending authority for the Department to provide incentives to counties pursuant to HB 04-1451 and previous legislation. This bill authorizes (but does not require) each county department of social services to enter into a memorandum of understanding (MOU) with local representatives of various agencies to promote a collaborative system of services to children and families. If a county department elects to enter into an MOU pursuant to this bill, the MOU is required to include local representatives from the following agencies:

- the local judicial districts, including probation services;
- the health department, whether a county, district, or regional health department;
- the local school district or school districts;
- each community mental health center; and
- each behavioral health organization (BHO).

The bill specifies, however, that nothing shall preclude a county from including other parties in the MOU (e.g., the Division of Youth Corrections). The bill encourages local agencies to enter into MOUs by region, and recommends that the agencies seek input, support, and collaboration from key stakeholders in the private and non-profit sectors, as well as from parent advocacy or family advocacy organizations.

Parties to each MOU are required to establish collaborative management processes that are designed to: (1) reduce duplication and eliminate fragmentation of services; (2) increase the quality and effectiveness of services; and (3) encourage cost sharing among service providers. The bill also authorizes departments and agencies that provide oversight to the parties to the MOU to issue waivers of state rules necessary for effective implementation of the MOUs that would not compromise the safety of children. Through the establishment of a local interagency oversight group, parties to an MOU are to create a procedure to allow any state General Fund savings realized as a result of the MOU to be reinvested in services for children and families. The sources of funding subject to this reinvestment process are to be specified in the MOU. However, the bill specifies that a county that under spends the General Fund portion of its "capped or targeted allocation" may use the savings to provide services to children and families.

Parties to an MOU may agree to attempt to meet certain performance measures, specified by the Department and the Board of Human Services. Local interagency groups that choose this option are eligible to receive incentive moneys from the newly created "Performance-Based Collaborative Management Incentive Cash Fund", beginning in FY 2005-06. Incentive moneys, which will be

Line Item Descriptions FY 10-11 BUDGET REQUEST

allocated by the Department to those interagency groups that meet or exceed the specified performance measures, are to be reinvested in services for children and families.

Funding for the Program. House Bill 04-1451 amended a number of existing statutory provisions to change the destination of approximately \$2.1 million in civil docket fee revenue. For FY 2007-08, the Performance Incentive Cash Fund is repealed and all moneys in the fund are transferred into the Performance-Based Collaborative Management Incentive Cash Fund (in addition, the fund will receive transfers from the family stabilization services fund and from docket fees in civil actions - dissolution of marriage - as specified in Section 13-32-101 (1) (a), C.R.S. (2009) All revenue will be available to provide incentives for those groups that choose to enter into MOUs.

House Bill 08-1005 (Frangas/Boyd), as referred from House Appropriations, includes several adjustments to this program, including: (1) requires the Division of Youth Corrections to be included in all collaboratives; (2) specifies that the amount of General Fund savings from collaboratives shall be determined in accordance with rules established by the Department of Human Services; (3) authorizes use of moneys in the Collaborative Management Incentive Programs Cash Fund for ongoing external evaluations of the counties participating in the program, and includes an appropriation for such evaluations from the Cash Fund.

In FY 2007-08, the Department was appropriated \$3,188,750 and 0.0 (Long Bill SB 07-239). From the prior year (HB 06-1385), this budget increased by \$1,088,750 and 0.0 FTE from Decision Item #23 (FY 2007-08) “Collaborative Management Incentives Funding”. (Department of Human Services’ FY 2007-08 Figure Setting, Executive Director’s Office, Division of Child Welfare, and Division of Youth Corrections, February 22, 2007, Page 49).

In FY 2008-09, the Department was appropriated \$3,188,750 and 0.0 FTE (Long Bill HB 08-1375). HB 08-1005 “Conduct ongoing external evaluation of the counties which have entered into the MOE” increased FY 2008-09 budget by \$376,950. During the budget cuts, this cash fund experienced a one-time reduction of \$300,000. In FY 2009-10, the Department was appropriated \$3,555,500 and 0.0 FTE (Long Bill SB 09-259). Annualization of HB 08-1005 “Conduct ongoing external evaluation of the counties which have entered into the MOE” reduced this appropriation by (\$10,200). In FY 2010-11, the Department is requesting a continuation from the FY 2009-10 appropriation of \$3,555,500.

INDEPENDENT LIVING PROGRAMS

The *Chafee Foster Care Independence Program* is a federally-funded program designed to provide independent living resources to youth in out-of-home care, who are at least sixteen years of age and below twenty-one years of age, as well as emancipated young adults, ages 18 – 21, who were in foster care on or after their 18th birthday. The eligible young people receive a comprehensive assessment of independent living skills using an approved assessment form, and an individualized plan for transition to independent living based on the

Line Item Descriptions FY 10-11 BUDGET REQUEST

assessment. The young people in the program are taught skills in five core areas such as money management. They are taught other skills and given information in a variety of ancillary areas depending on their individual needs. The relationship between the Independent Living Program specialist and the young person is seen as central to the program. The specialist receives a referral from the county caseworker or Division of Youth Correction's client manager and, if the referred person is accepted, he/she will receive services either through a group or individual mode. For FFY 2004-05, the Chafee program served 1,130 youth. In addition to the programs provided by the county departments of social services there is the Youth Empowerment Systems Academy (YES! Academy), a partnership between Colorado Department of Human Services Division of Child Welfare and Supportive Housing and Homeless Program (SHHP) for the purpose of providing Chafee eligible youth access to services and housing. YES! Academy is an incubator for ideas and services driven by youth/young adults to promote self-sufficiency and determination through achieving 25 outcomes in the domains of safe and stable housing, employment, education and community connectedness. There are three contracted Chafee service providers serving distinct populations: Denver Indian Family Resource Center serving youth determined to be an "Indian Child", Epworth Foundation as a faith based organization providing services to primarily urban youth and Elbert County Department of Social Services serving youth in 54 Balance of State (BOS) counties. This system of services provides access to Section 8 housing vouchers and services for 18 months for former foster youth, ages 18-21 who were in foster care on or after their 18th birthday, and who are homeless, in dilapidated or overcrowded housing, in a domestic violence situation, or in housing which does not accommodate their disability or, services only for foster care youth 16-21 years old.

As part of the Promoting Safe and Stable Families Amendments (PSSF Amendments) of 2001, Public Law 107-133 into law, Title II, Section 201 of the Amendments, entitled "Educational and Training Vouchers for Youths Aging Out of Foster Care" amending section 477 of Title IV-E of the Act; Colorado's Educational and Training Voucher (ETV) Program was developed. The ETV targets additional resources to meet the educational and training needs of youth aging out of foster care. Colorado received an allocation for FFY 2005-06 \$769,321.

- The ETV program offers up to \$5000 per year to eligible youth who have exited out of foster care, to go to college or attend an accredited vocational or technical training program. Child Welfare has contracted with the Orphan Foundation of America to administer and track the ETV funds. OFA is a non-profit organization dedicated to helping youth transition from foster care to independent adulthood since 1981. CDHS also contracts with the Orphan Foundation of America to administer the Educational and Training Voucher Program for Colorado's eligible foster care youth.
- In FFY 2004-2005, the Colorado ETV Program disbursed \$640,346 to 186 youth in 29 counties throughout Colorado. For FFY2006, 228 eligible youth have applied for the program.
- Colorado has received \$769,321 through 2006 for the program.

Line Item Descriptions FY 10-11 BUDGET REQUEST

This line item reflects, for informational purposes, federal Title IV-E "Chafee Foster Care Independence Program" funds that are available to states to provide services for youth up to age 21 who are, or will be, emancipating from out-of-home care. While some counties use other existing funding sources to support staffing units devoted to independent living and emancipation services, federal Chafee funds provide the primary source of funding for independent living services in Colorado. These federal funds support direct services to eligible youth, as well as technical assistance, program and policy development, monitoring, and program administration.

Studies concerning the circumstances of youth after leaving foster care indicate that this population is at higher risk of experiencing unemployment, poor educational outcomes, poor health, long-term dependency on public assistance, and increased rates of incarceration when compared to their peers in the general population. Since 1986, the federal government has provided states with funding to develop independent living programs intended to minimize these negative effects and prepare youth for adulthood.

Independent living programs are designed for youth who need to develop the skills necessary to lead self-sufficient, healthy, productive and responsible interdependent lives. Services are focused on encouraging the development of support systems within the community, education, career planning, money management, securing and maintaining a stable source of income and affordable housing, and health and safety. It is a goal that all youth that leave the program have completed their high school education and are continuing to participate in an educational program or obtaining a training certificate in a specific skill area and are working while in the program. County departments of social services have the flexibility to provide direct services in the manner that works well for their county and the population they serve.

This program also works in conjunction with other programs to provide services to youth emancipating from foster care. Two examples include:

- The Supportive Housing and Homeless Program [this program is also funded with 100 percent federal funds available from the Department of Housing and Urban Development] was awarded 100 time-limited (18-month) housing vouchers for youth who have aged out of foster care. In June 2002, the Department began using these vouchers to provide housing and transitional living services to young adults aging out of foster care.
- In January 2002, the President signed legislation that authorized additional Title IV-E funds (up to \$60.0 million per year nationally) for educational and training vouchers for youths who age out of foster care (including youth who are adopted out of foster care after age 15).

Eligible youth may receive vouchers for up to \$5,000 per year for four years to attend college, a university, or an accredited vocational or technical training program. The funds may be used for tuition, books or qualified living expenses. These funds are available on a

Line Item Descriptions FY 10-11 BUDGET REQUEST

first-come, first-served basis to students out of the Colorado foster care system. The Division of Child Welfare contracted with the Orphan Foundation, a non-profit organization, to administer and track Colorado's share of the funds [see www.statevoucher.org].

In FY 2007-08, the Department was appropriated \$2,826,582 and 0.0 (Long Bill SB 07-239). This was a continuation from prior year Long Bill (HB 06-1385). During Figure Setting for FY 2009-10, the Joint Budget Committee approved the recommendation to add 4.0 FTE, which are federally funded on the Long Bill. (Department of Human Services' FY 2009-10 Figure Setting, Division of Child Welfare and Division of Child Care, February 18, 2009, Page 67). This budget has not changed since FY 2006-07 and for FY 2010-11 the Department is requesting a continuation from FY 2009-10 Appropriation of \$2,826,582 and 4.0 FTE.

PROMOTING SAFE AND STABLE FAMILIES PROGRAM

Formerly known as Family Preservation and Family Support (FP/FS), Promoting Safe & Stable Families Program (PSSFP) provides funding and technical assistance to selected neighborhoods, communities, counties, and/or regions to create, enhance and coordinate four service areas at the local level: family support networks on behalf of all families to increase family well-being; family preservation programs geared to families in crisis who have children at risk for maltreatment and/or children with disabilities; time-limited reunification services for families with children in out-of-home placement; and adoption promotion and support services to encourage more formal and informal adoptions out of the foster care system.

This program, authorized under Sub-Part 2 of Title IV-B of the federal Social Security Act, provides funding for local communities to provide a variety of services to families in times of need or crises. This appropriation is not part of the Child Welfare Services block allocation to counties. Thirty-seven (37) counties and one Indian Tribe are actively involved in PSSFP. It promotes permanency and safety for children by providing support to families in a flexible, family-centered manner through a collaborative community effort. While a small portion of the federal funds are used to support 2.0 FTE state staff responsible for administering the program, the majority of the funds are made available to local communities and tribes.

Each local site is required to have a Community Advisory Council comprised of governmental and community stakeholders, family advocates and parents, and consumers to help direct the project. Currently, 36 counties and the Ute Mountain Ute tribe receive funding to:

- reunify children placed in the foster care system with their families;
- support and promote adoption or permanent placement with kin for children who cannot be safely returned home; and
- prevent child abuse and neglect in at-risk families.

Line Item Descriptions FY 10-11 BUDGET REQUEST

Seventy-nine percent of program funds are awarded to local communities, 13 percent is set aside to provide support to adoptive families, and the remainder is used for administrative costs, technical assistance, and training.

A 25 percent match is required to draw down the federal funds. The General Fund is used to provide the match for the portion of the funds that are used for state-level staff and activities, and local communities are required to provide the match for the funds they receive.

In FY 2007-08, the Department was appropriated \$4,449,912 and 2.0 (Long Bill SB 07-239). Each year this appropriation increases slightly for Prior Year Salary Survey and Prior Year Performance-based Pay at 80%. From the prior year (HB 06-1385), this budget increased by \$9,880 and 0.0 FTE for Prior Year Salary Survey. In FY 2008-09, the budget increased by \$7,747: \$5,840 for Prior Year Salary Survey and \$1,907 for Prior Year Performance-based Pay at 80%, bring the base to \$4,457,659. In FY 2009-10, the budget increased by \$3,717: \$2,893 for Prior Year Salary Survey and \$824 for Prior Year Performance-based Pay at 80%, bring the base to \$4,461,376. For FY 2010-11, the Department is requesting a continuation from FY 2009-10 Appropriation of \$4,461,376 and 2.0 FTE.

FEDERAL CHILD ABUSE PREVENTION AND TREATMENT ACT GRANT

This line item reflects funding and staff responsible for administering grants available pursuant to Section 106 of the Child Abuse Prevention and Treatment Act (CAPTA), as amended by Public Law 105-235. Under federal law, states have five years to spend the funds available through this grant program. Funding is allotted to states annually on a formula basis according to each state's ratio of children under the age of 18 to the national total. This grant program requires each state to submit a five-year plan and an assurance that the state is operating a statewide child abuse and neglect program that includes specific provisions and procedures. Among other things, these assurances include:

- ❑ establishment of citizen review panels;
- ❑ expungement of unsubstantiated and false reports of child abuse and neglect;
- ❑ preservation of the confidentiality of reports and records of child abuse and neglect, and limited disclosure to individuals and entities permitted in statute;
- ❑ provision for public disclosure of information and findings about a case of child abuse and neglect that results in a child fatality or near fatality;
- ❑ the appointment of a guardian ad litem to represent a child's best interests in court; and,
- ❑ expedited termination of parental rights for abandoned infants, and provisions that make conviction of certain felonies grounds for termination of parental rights.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The CAPTA State Grant program provides states with flexible funds to improve their child protective service systems in one or more of the following areas:

- ✓ the intake, assessment, screening, and investigation of reports of abuse and neglect;
- ✓ protocols to enhance investigations;
- ✓ improving legal preparation and representation;
- ✓ case management and delivery of services provided to children and their families;
- ✓ risk and safety assessment tools and protocols;
- ✓ automation systems that support the program and track reports of child abuse and neglect;
- ✓ training for agency staff, service providers, and mandated reporters; and
- ✓ developing, strengthening, and supporting child abuse and neglect prevention, treatment, and research programs in the public and private sectors.

In FY 2007-08, the Department was appropriated \$908,201 and 3.0 (Long Bill SB 07-239). Each year this appropriation increases slightly for Prior Year Salary Survey and Prior Year Performance-based Pay at 80%. From the prior year (HB 06-1385), this budget increased by \$2,941 and 0.0 FTE for Prior Year Salary Survey. In FY 2008-09, the total appropriation was \$378,332 under HB 08-1375: budget reduced by (\$529,869) to \$378,332: \$4,656 for Prior Year Salary Survey and \$1,585 for Prior Year Performance-based Pay at 80% and a reduction of (\$536,110) federal spending authority to more accurately reflect the annual expenditures for this program. (Department of Human Services' FY 2008-09 Figure Setting, Division of Child Welfare, Division of Child Care, and related Executive Director's Office line items ONLY, March 5, 2008, Page 46). In FY 2009-10, the budget increased by \$7,735 to \$386,067: \$5,986 for Prior Year Salary Survey; \$1,709 for Prior Year Performance-based Pay at 80%; and \$40 one-time increase for DI-NP-2: "Postage Increase and Mail Equipment Upgrade" which was part of DPA Common Policy item. For FY 2010-11, the Department is requesting \$386,027 and 2.0 FTE, which is a reduction of \$40, backing out the one-time increase for DI-NP-2: "Postage Increase and Mail Equipment Upgrade".

CHILD WELFARE AND MENTAL HEALTH SERVICES PILOT PROGRAM

Through the General Assembly approval of HB 08-1391, a new line was created in Child Welfare. This new line appropriated \$1,925,169 total funding for FY 2008-09, annualizes to \$3,472,530 for FY 2009-10. This bill creates a three-year pilot program in 3 counties or groups of counties to provide mental health assessment and services for abused and neglected children ages 4-10 years and their siblings, and to and evaluate the effectiveness of such services. The Department is required to issue an RFP to select a contractor to develop and implement the pilot in three counties or groups of counties, and separately, the Department will be selecting the pilot sites to work with the contractor.

Line Item Descriptions FY 10-11 BUDGET REQUEST

Due to the State revenues coming in lower than expected during September 20, 2008 and March 20, 2009 forecast, the Department has proposed several reductions. For FY 2008-09 and FY 2009-10, this program has been delayed through the enactment of SB 09-207 “Delay Child Welfare Mental Health Pilot” till 2015. (Department of Human Services’ FY 2009-10 Figure Setting, Division of Child Welfare and Division of Child Care, February 18, 2009, Page 70).

CHILD WELFARE ACTION COMMITTEE

Through the General Assembly enactment of HB 08-1404, a new line was created in Child Welfare. This is a new appropriated \$550,000 for FY 2008-09. This bill provides legislative support and appropriations to assist in the implementation of the Governor’s Executive Order creating a “Child Welfare Action Committee” to reform and improve Colorado’s systems for the protection of children from abuse or neglect. The bill also clarifies that the State Department has access to employee files on county social services employees. Combined with the Governor’s Executive Order, the Department will engage in an intensive and extensive review of the entire child protection system, including looking at different models than Colorado’s state supervised-county administered child welfare system. An interim report and recommendations for consideration in the 2009 legislative session is due at the end of October 2008.

Pursuant to Section 26-1-135 (2) C.R.S. (2009), moneys in the Fund are continuously appropriated to the Department of Human Services and do not revert to the General Fund. The Department anticipates that amounts in the cash fund will not be spent as of the end of FY 2008-09 and will instead be spent in FY 2009-10. In FY 2009-10, the Department was appropriation \$200,000 Cash Funds. (Department of Human Services’ FY 2009-10 Figure Setting, Division of Child Welfare and Division of Child Care, February 18, 2009, Page 70). In FY 2010-11, the Department is not requesting \$0 for this appropriation.

CHILD WELFARE FUNCTIONAL FAMILY THERAPY

Through a Change Request for FY 2009-10 a new line was created appropriating \$3,281,941 and 0.5 FTE to implement four Functional Family Therapy (FFT) programs in needed areas of Colorado and a half-time program administrator to assist in the development and support of these evidence-based services for Child Welfare clients throughout the State. FFT is used both before youth are placed out-of-home in expensive residential settings or institutions, as well as, when youth are being discharged following placements. These funds will be first targeted to a county or region of counties participating in the Collaborative Management Program and in need of additional FFT services for populations of youth identified in their Collaborative Management Memorandum of Understanding. (Department of Human Services’ FY 2009-10 Figure Setting, Division of Child Welfare and Division of Child Care, February 18, 2009, Page 61).

Line Item Descriptions FY 10-11 BUDGET REQUEST

For FY 2009-10 and FY 2010-11, the Department is requesting to eliminate the Functional Family Therapy program (FFT) (DI #4, FY 2009-10) within the Division of Child Welfare due to the State revenues coming in lower than expected during September 20, 2008 and March 20, 2009 forecast.

(6) DIVISION OF CHILD CARE

The Department of Human Services is the State's lead agency in planning and implementing public child care policy. The Division of Child Care is responsible for licensing of child care facilities, monitoring, managing child care assistance (subsidy) programs for low-income families, child care grants and quality initiatives, and serving as the lead in implementing federal child care programs. The Division of Child Care currently is composed of 69.1 state full time employees (FTE), including Licensing Specialists, Licensing Supervisors, 24-Hour Facility Specialists, Information and Support Staff, grant program staff, child care assistance program staff, and administrators. In addition to state FTE, the state oversees 34.3 Licensing Contractors. The overall goal of the division is to promote quality, accessible and affordable child care services for Colorado families. The Division of Child Care accomplishes this in the following ways.

CHILD CARE LICENSING AND ADMINISTRATION

The Division of Child Care is responsible for inspecting, licensing and monitoring child care facilities throughout the state, including child care homes and centers, preschool and school-age child care programs, homeless youth shelters, and summer camps, as well as 24-hour facilities (such as residential treatment facilities, residential child care facilities, and child placement agencies). In some counties, the Division contracts with local entities (*e.g.*, county departments of social services, county health departments, child placement agencies) to perform licensing functions for certain types of facilities. In addition, the Division supervises the county-administered Child Care Assistance Program, and it performs several quality-related functions. This line item provides funding for all Division staff, except the 1.0 FTE associated with the School-readiness Child Care Subsidization Program.

Pursuant to Section 26-6-105, C.R.S. (2009), the Department is to establish license fees pursuant to rules promulgated by the State Board of Human Services. Such fees are not to exceed the direct and indirect costs incurred by the Department. The Department is to develop and implement an objective, systematic approach for setting, monitoring, and revising child care licensing fees by developing and using an ongoing method to track all direct and indirect costs associated with child care inspection licensing, developing a methodology to assess the relationship between licensing costs and fees, and annually reassessing costs and fees and reporting the results to the State Board. The Department is to consider the licensed capacity of facilities and the time required to license facilities.

The licensing program is responsible for enforcement when consumers report providers in the community for operating a child care home or facility without a license. Periodically, the Division obtains input from providers and consumers in order to evaluate and revise regulations and procedures as needed to maintain a responsive system that addresses basic health and safety needs of children. The Division provides technical assistance to child care providers and establishes educational and experience requirements for child care providers in all facilities.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The Licensing Appeals Board reviews provider requests for waivers to licensing regulations. Applicants or licensed providers may appeal any regulation that they believe causes them undue hardship or has been too stringently applied. The Child Care Licensing Appeal Panel of the Division hears an average of 650 appeals a year. To facilitate parents' involvement in monitoring and making decisions about licensed facilities, the Division makes licensing histories of child care facilities available to the public. On average, more than 1,900 licensing histories are reviewed annually.

Prior to FY 2002-03, child care licensing fees had not been adjusted since June 1999. The fee structure that existed in FY 2001-02 generated about \$475,000 in cash fund revenues, covering about 11 percent of the costs of the licensing program; the General Fund covered about one-third of such costs, and federal funds covered the remainder (56 percent). In order to reduce General Fund appropriations while mitigating the need to reduce the effectiveness of the licensure unit, financing changes were made to this line item beginning in FY 2002-03. It was estimated that if licensure fees were increased by 36 percent, cash fund revenues would support about 15 percent of the annual costs of the licensing program (versus 11 percent). In May 2003, child care licensure fees were increased 36 percent. A 10% increase in licensing fees was introduced in June 2008 and will take effect in September 2008. Based on FY 2004-05 actual, licensure fees made up about 11 percent of the annual appropriation for the licensing program—i.e., the same level that existed prior to the FY 2002-03 fee increases. Fees range from \$22 per year for a smaller family child care home to \$840 for a secured residential treatment center. *License fee schedules are set based on the staffing needs in this line item.*

FY 2007-08

The Department was appropriated \$6,295,696 and 63.0 FTE in the FY 2007-08 Long Bill (SB 07-239). From the prior year (HB 06-1385), this budget increased by \$112,558 and 0.5 FTE: \$88,462 increase was provided through Prior Year Salary Survey; a reduction of (\$20,247) for the base reduction; increase of \$17,290 and 0.5 FTE for the annualization of SB 06-045 Family Child Care Home Investigations, concerning the investigation of Child Care providers; and \$27,053 for a 1.5% provider rate increase.

Final FY 2007-08 appropriation was \$6,475,696 and 63.0 FTE (Supplemental HB 08-1287) resulting in a one-time increase in funding of \$180,000. S #18: Efficiency Item for Technical adjustment to Child Care Assistance Program and Line Transfer of federal Child Care Development Funds to meet Federal Mandate. (Department of Human Services' FY 2007-08 and FY 2006-07 late Supplementals, January 23, 2008, page 51).

FY 2008-09

The Department was appropriated \$6,464,657 and 64.0 FTE through Long Bill (HB 08-1375). From the prior year, this budget increased by \$168,961 and 1.0 FTE: \$139,722 increase was provided through Prior Year Salary Survey; \$43,771 increase was for the Prior Year Performance-based Pay at 80%; increase 1.0 FTE from DI #20; and (\$14,532) Base Budget Reduction.

Line Item Descriptions FY 10-11 BUDGET REQUEST

Decision Item #20 (Child Care Program Liaison) was approved for 1.0 FTE to provide support for the Division Web Page and Colorado Child Care Licensing System (CCCLS) with the Child Care Automated Tracking System (CHATS) replacement project. This FTE manages and coordinates the data and information system as well as facilitate increased on-line functions via the Division web page and manages the *content* for the Division's website, interfacing with information technology staff. This will help improve the timeliness of communicating information regarding the status of child care facilities through improved technology. (Department of Human Services' FY 2008-09 Figure Setting for Division of Child Welfare, Division of Child Care, and related Executive Director's Office line items ONLY, March 5, 2008, Page 56).

FY 2009-10

The Department was appropriated through SB 09-259 Long Bill \$6,810,584 and 67.1 FTE. From the prior year, this budget increased by \$345,927 and 3.1 FTE. (Department of Human Services' FY 2009-10 Figure Setting, Division of Child Welfare and Division of Child Care, February 18, 2009): \$162,057 increase was provided through Prior Year Salary Survey; \$46,302 increase was for the Prior Year Performance-based Pay at 80%; \$79,909 and 1.5 FTE increase from HB 08-1388 "Concerning the Financing of Public Schools"; \$129,293 and 1.6 FTE FY 2009-10 DI#18 "Child Care Assistance Program Compliance Assurance" (page 85); BA #39 "Child Care Licensing and Administration one-time refinancing with Cash Fund" refinancing General Fund with Cash Fund of \$110,000 (page 88); \$9,375 one-time increase for DI-NP-2: "Postage Increase and Mail Equipment Upgrade" which was part of DPA Common Policy item; and a reduction to reduce personnel services line by 1.82% of (\$81,009) taken by the Joint Budget Committee April 22, 2009 to help balance the state budget.

FY 2009-10 spending authority was further reduced by (\$146,105) and (3.3) FTE as part of the August 24, 2009 reduction plan. FY 2009-10 August Budget Reduction: "6-Division of Child Care – FTE General Fund Reduction". This reduction annualizes to (\$178,808) General Fund and (3.5) FTE in FY 2010-11.

HB 08-1388 (Concerning the Financing of Public Schools)

Child Care will be licensing an additional 3,000 new preschool slots and shifting 2,454 existing slots from full-day kindergarten to preschool slots. To fund this in FY 2008-09, it will cost \$85,012 in general fund and 1.5 FTE. Beginning in FY 2009-10, costs are estimated at \$79,909. It should be noted that these costs are in addition to any costs associated with adding 3,500 new preschool slots in FY 2008-09 under current law.

Decision Item #18: Child Care Assistance Program Compliance Assurance was approved for \$129,293 and 1.6 FTE to meet the federal audit requirements specified in Code of Federal Regulations (CFR), Title 45 – Public Welfare - Parts 98 and 99, the official regulations for the Child Care and Development Fund. The FTE is funded using Child Care Development Fund (CCDF) transferred

Line Item Descriptions FY 10-11 BUDGET REQUEST

from the Child Care Assistant Program (CCAP) line to the Child Care Licensing and Administration. CFR Title 45 Part 98 Subpart K - Error Rate Reporting - requires States, the District of Columbia and Puerto Rico (States) to measure, calculate, and report improper payments as well as identify strategies for reducing future improper payments.

FY 2010-11

The Department is requesting \$6,690,742 and 64.0 FTE, a reduction of (\$119,842) and reduction of (3.1) FTE in FY 2010-11: increase of \$28,436 and 0.4 FTE for the annualization of FY 2009-10 DI #18 "Child Care Assistance Program Compliance Assurance"; reduction of (\$9,375) from the annualization of FY 2009-10 DI-NP-2 "Postage Increase and Mail Equipment Upgrade"; adding back the one-time 1.82% Personal Services Reductions taken in FY 2009-10 of \$81,009; annualization of FY 2009-10 BA #39 "Child Care Licensing and Administration one-time refinancing with Cash Fund"; a reduction of (\$178,808) and (3.5) FTE will be taken from the FY 2010-11 August Budget Reduction annualization: "6-Division of Child Care – FTE General Fund Reduction", and a reduction of (\$41,104) from the FY 2010-11 Budget Reduction Item #4 "Two Percent (2%) Community Provider Rate Base Decrease" request.

FINES ASSESSED AGAINST LICENSEES

Senate Bill 99-152 created the Child Care Cash Fund, which consists of fines collected from licensees by the Department [see 26-6-114 (5), C.R.S. (2009)]. Moneys in the Fund are continuously appropriated to the Department "to fund activities related to the improvement of the quality of child care in the state of Colorado". Fines have been assessed against unlicensed child care providers for operating illegally and have been assessed against licensed child care providers for consistent violation of regulations.

In FY 2007-08, the Department was appropriated \$18,000 and 0.0 (Long Bill SB 07-239). This budget was a continuation from the prior year (HB 06-1385). In FY 2008-09 (HB 08-1375) this line funding remained at \$18,000. In FY 2009-10 (SB 09-259) the appropriation increase to \$32,000, which gave the department an additional \$14,000 spending authority to support administration activities directed at child care quality during the fiscal year. (Department of Human Services' FY 2009-10 Figure Setting, Division of Child Welfare and Division of Child Care, February 18, 2009, Page 89). In FY 2010-11 the Department requests a continuation from prior year (SB 09-259) of \$32,000.

CHILD CARE ASSISTANCE PROGRAM AUTOMATED SYSTEM REPLACEMENT

For FY 2007-08, the Capital Development Committee authorized the Department to proceed with the replacement and upgrade of its system for managing child care assistance payments. Most of the \$14.7 million project was funded through the capital construction budget using state-appropriated federal Child Care Development Funds, with a small additional appropriation in the operating budget.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The Child Care Automated Tracking System (CHATS) is a data system that supports the Department and all counties in managing the subsidized child care program (total expenditures of \$70 to \$100 million, depending on the year). The system serves over 38,000 children within 19,000 low income and disadvantaged families who receive services from 7,500 licensed and legally exempt child care providers. CHATS current functions include: client administration, provider administration, payments, recovery, program technical assistance, program monitoring, and reporting. It was first developed in 1995 on mainframe technology. In FY 2003-04 the Joint Budget Committee appropriated funds for a feasibility study on replacement of the system. The new, more modern system will meet business needs that have changed, improve child care expenditure tracking, reconciliation and reporting, and reduce fraud, among other issues.

The project will replace the current CHATS system with a web-based system that uses "point of sale" technology. The Department plans to build a new system starting in FY 2008-09, using an outside vendor. A significant portion of the cost is for "point of sale" technology that would allow a family to "swipe" a child care assistance program "electronic benefit card" that would reflect the family's child care assistance program authorization. The new system is expected to have a life span of 10 years. Equipment lease and maintenance costs of approximately \$1.2 million per year would be ongoing during this period. The majority of such maintenance costs are associated with the "point of sale" technology.

A new line was created for the Department in FY 2007-08 (SB 07-239) and was appropriated \$73,924 and 0.0 FTE. (Decision Item #18 - Child Care Assistance Program Automated System Replacement: Department of Human Services' FY 2007-08 Figure Setting, Office of Operations, Division of Child Care, and Mental Health and Alcohol and Drug Abuse Services, Alcohol and Drug Abuse Division ONLY, February 14, 2007, Page 32). In FY 2008-09, the Department was appropriated \$47,685 for this line, Joint Budget Committee action was made to reduce by (\$26,239) based on the FY 2008-09 projected operating budget included in the FY 2007-08 decision item for this project. (Department of Human Services' FY 2008-09 Figure Setting for Division of Child Welfare, Division of Child Care, and related Executive Director's Office line items ONLY, March 5, 2008, Page 62). In FY 2009-10, the Department was appropriated for \$103,246. Stand Alone Budget Amendment #4 "CHATS Replacement Project – Operations Budget" adjusted this appropriation by reducing the annualization of Decision Item #18 (FY 2007-08) by (\$1,136,045) which increased the overall appropriation by \$55,561 to cover pilot cost associated with the development of this project. (Department of Human Services' FY 2009-10 Figure Setting, Division of Child Welfare and Division of Child Care, February 18, 2009, Page 90).

For FY 2010-11 DI-4: "Child Care Automated Tracking System (CHATS) – Point of Sale Maintenance" the Department is requesting the remaining appropriation of \$103,246 to be transferred to (2) Office of Information Technology Services, Child Care Automated Tracking System (CHATS) [New line] to cover the annual cost of system maintenance for the Child Care Automated Tracking System (CHATS) Point of Sale (POS) system. The Department is requesting \$0 for FY 2010-11.

Line Item Descriptions FY 10-11 BUDGET REQUEST

CHILD CARE ASSISTANCE PROGRAM

The Division of Child Care is the lead agency on the Colorado Child Care Assistance Program (CCCAP). The CCCAP is state-supervised and administered through county departments of social services. Colorado Child Care Assistance Program (CCCAP) provides financial assistance to low-income families that are working, searching for employment and/or training, and families that are enrolled in the Colorado Works Program and need child care services to support their efforts toward self-sufficiency. Additionally, the Division of Child Care is responsible for administering the federal Child Care Development Fund monies to increase accessibility, availability, and affordability of quality child care services for Colorado's families.

Child care assistance to low-income families, both Temporary Aid to Needy (TANF) families and non-TANF families, is provided by counties through the Colorado Child Care Assistance Program (CCCAP). Families eligible for assistance are working, in job search activities, or enrolled in training or education programs for purposes of achieving or maintaining self-sufficiency. All eligible applicant families up to 130% of poverty shall receive child care assistance within the limits of the available appropriation as outlined in Statute. Counties may set a higher eligibility level between 130% of federal poverty guidelines and 85% of state median income.

Counties receive annual allocations that include county administration and direct services for payments to providers. Each county is responsible for meeting an annual maintenance of effort, as well as a 20% county share of administration expenditures. The maintenance of effort is established in state statute 26-2-804 C.R.S. (2009). Counties may transfer up to 30% of their TANF funds, less any amounts transferred to Child Welfare, into the Child Care Development Fund grant for use in the CCCAP program. State staff, along with county representatives, reviewed the formula used for allocating funds to counties in 2004, resulting in a changed formula for SFY 2005 and amended for SFY 2007. A major component of CCCAP expenditures relates to provider reimbursement rates. The State identifies market rates being paid to providers through a bi-annual survey process; however, counties may set their own rates by negotiating higher or lower rates in order to meet local needs.

FY 2007-08

The Department was appropriated \$78,142,956 and 0.0 FTE in the FY 2007-08 Long Bill (SB 07-239). From the prior year (HB 06-1385), this budget decrease by (\$1,728,805) and 0.0 FTE. The Joint Budget Committee Staff recommendation was approved to reduce the total appropriation of the federal block grant funds for this program, based on two factors: (1) the continuing declines in county expenditures for the CCAP program; and (2) the imbalance between annual federal allocations of Child Care Development Fund moneys and state appropriations. (Department of Human Services' FY 2007-08 Figure Setting, Office of Operations, Division of Child Care, and Mental Health and Alcohol and Drug Abuse Services, Alcohol and Drug Abuse Division ONLY, February 14, 2007, Page 43).

Line Item Descriptions FY 10-11 BUDGET REQUEST

Final FY 2007-08 appropriation was \$77,942,701 and 0.0 FTE (Supplemental HB 08-1287) resulting in a decrease of (\$200,255), through Supplemental #18 "Efficiency Item for Technical adjustment to Child Care Assistance Program and Line Transfer of federal Child Care Development Funds to meet Federal Mandate". (\$20,255) is to address the technical adjustment to Child Care Assistance Program (CCAP) correcting the county share (CFE) which was not reduced proportionately when funds were reduced to the CCAP line through HB 07-1062. The remaining (\$180,000) transfer CCDF transfer of funds to Child Care Licensing and Administration line is to address the federal government adopted rules September 5, 2007, related to the Child Care Development Fund, that requires states to conduct a case review to determine improper authorizations for child care assistance. The final federal rule allows states to use \$180,000 of the existing federal award of the CCDF within the stated time frame to meet a newly defined federal requirement related to an error rate determined through improper authorizations. (Department of Human Services' FY 2007-08 and FY 2006-07 late Supplementals, Office of Operations, Division of Child Welfare, Division of Child Care, Services for People with Disabilities, and Executive Director's office (selected Special Purpose line items), January 23, 2008, page 51).

FY 2008-09

The Department was appropriated \$75,868,579 and 0.0 FTE through Long Bill (HB 08-1375). From the prior year, this budget decreased by (\$2,274,377) and 0.0 FTE. (\$230,040) reduction is from the annualization of Supplemental #18 (FY 2007-08), and (\$2,044,337) transferred to Early Childhood Councils appropriation under HB 07-1062: Concerning the creation of a Statewide System of Early Childhood Councils. (Department of Human Services' FY 2008-09 Figure Setting for Division of Child Welfare, Division of Child Care, and related Executive Director's Office line items ONLY, March 5, 2008, Page 65.)

FY 2009-10

The Department was appropriated through SB 09-259 Long Bill \$75,618,195 and 0.0 FTE. From the prior year, this budget decreased by (\$250,384) and 0.0 FTE. DI #18: (\$147,138) reduction from DI #18, "Child Care Assistance Program Compliance Assurance" (Department of Human Services' FY 2009-10 Figure Setting, Division of Child Welfare and Division of Child Care, February 18, 2009, page 85); and a reduction of (\$103,246) from SBA #4: CHATS Replacement Project – Operations Budget as the CHATS system has experienced some delays and therefore the CHATS operation budget is being delayed as well. (Department of Human Services' FY 2009-10 Figure Setting, Division of Child Welfare and Division of Child Care, February 18, 2009, page 90).

FY 2010-11

The Department is requesting \$74,452,719 and 0.0 FTE, a decrease of (\$1,165,476) from FY 2009-10. From the prior year, this budget is being requested to be decreased by: (\$29,722) from the annualization of FY 2009-10 DI #18 "Child Care Assistance Program Compliance Assurance" and (\$1,135,754) for FY 2010-11 DI #4 "Child Care Automated Tracking System (CHATS) – Point of Sale Maintenance". DI #4 is requesting to transfer \$1,135,754 to (2) Office of Information Technology Services, Child Care

Line Item Descriptions FY 10-11 BUDGET REQUEST

Automated Tracking System (CHATS) [New line] to cover the annual cost of system maintenance for the Child Care Automated Tracking System (CHATS) Point of Sale (POS) system.

CHILD CARE ASSISTANCE PROGRAM – AMERICAN RECOVERY AND REINVESTMENT ACT FUNDING

This line item was created in FY 2008-09 as Colorado received an increase in its total Child Care and Development Block Grant from the American Recovery and Reinvestment Act (ARRA) in FY 2008-09. The Joint Budget Committee approved a new line under the Division of Child Care for \$11,064,462 on March 20, 2008. (Department of Human Services' FY 2009-10 Late Budget Amendments, Division of Child Welfare and Division of Child Care, April 20, 2009, page 3). The appropriation continues at \$11,064,462 for FY 2009-10. For FY 2010-11, this appropriation annualizes to \$0, as ARRA funding will no longer be available. This one-time infusion of funds will be used to fund additional cases in FY 2008-09 and FY 2009-10.

GRANTS TO IMPROVE THE QUALITY AND AVAILABILITY OF CHILD CARE AND TO COMPLY WITH FEDERAL TARGETED FUNDS REQUIREMENTS

This line item was created in FY 2007-08 and combined the former "Grants to Improve the Quality and Availability of Child Care" and "Federal Discretionary Child Care Funds Earmarked for Certain Purposes" line items for a new appropriation of \$3,473,633.

"Quality" requirement: The federal government requires that 4.0 percent of expenditures for Child Care and Development Fund-supported activities be used to improve service quality. The 4.0 percent calculation is based on total CCDF expenditures, including state expenditures required to match a portion of the federal CCDF grant and county transfers of TANF funds to CCDF.

"Targeted Funds" requirements: Federal law concerning Child Care Development Funds also requires specific dollar amounts of the "discretionary grant" funding under CCDF be "targeted" (formerly known as "earmarked") for specific purposes. These targeted amounts are for: (1) infant/toddler programs; (2) school age and/or resource and referral programs; and (3) quality expansion activities such as professional development, mentioning, provider retention, equipment supply, facility start-up and minor facility renovation. Funding used to meet the "target" requirement may not also be used to meet the "quality" requirement (although many expenditures could be assigned to either category).

4% quality and targeted funds initiatives are mandated and defined under the federal Child Care and Development Fund Grant (CCDF). Several budget lines (Grants to Improve the Quality and Availability of Child Care and to Comply with Federal Targeted Funds Requirements, Early Childhood Councils, School-Readiness Child Care Quality Improvement Program) are dedicated to meet the federal requirements. The Division of Child Care contracts with multiple local entities to increase the availability of affordable quality early care and education and school age programs for low-income families. Grants and/or loans to providers to assist them in

Line Item Descriptions FY 10-11 BUDGET REQUEST

meeting state and local standards are a part of these grants. Under these grants, activities to create new child care capacity and/or to expand existing capacity to accommodate more children would be allowed. These projects are closely coordinated with low-income and child care assistance programs serving low-income families or families where parents are involved in work training and preparation. The intent of these grants is to position the state to meet the work participation requirements under TANF as well as the 4% quality requirement for CCDF. All local grantees are expected to work in partnership with others in the grant service area, including but not limited to local child care resource and referral agencies; local Head Start programs; local early childhood learning clusters; and the Colorado Preschool Programs funded through local school districts.

The Department seeks to target grant funds reflected in this line item to those areas determined to provide the greatest long-term gains. These areas include: increasing the efficiency and effectiveness of local child care services; raising the level of professional development in the field and providing early childhood training opportunities for child care providers; providing child care resource and referral services for families and child care providers; and, improving the ability of child care providers to prepare children for entering elementary school.

This budget has not changed since FY 2007-08 and for FY 2010-11 the Department is requesting a continuation from FY 2009-10 Appropriation of \$3,473,633.

GRANTS TO IMPROVE THE QUALITY & AVILABILITY OF CHILD CARE & COMPLY WITH FEDERAL TARGETED FUNDS REQUIREMENTS – AMERICAN RECOVERY AND REINVESTMENT ACT FUNDING

This line item was created in FY 2009-10 as Colorado received an increase in its total Child Care and Development Block Grant from the American Recovery and Reinvestment Act (ARRA) in FY 2008-09. The Joint Budget Committee approved a new line under the Division of Child Care for \$2,805,076 on March 20, 2008. (Department of Human Services' FY 2009-10 Late Budget Amendments, Division of Child Welfare and Division of Child Care, April 20, 2009, page 3). This increase is intended to increase the capacity of local communities and/or child care providers to make long-term increases in their collective ability to provide quality early childhood services. The funds will supplement existing programs and have an immediate impact to families, providers, and communities in a variety of ways; e.g., support local economic development, increase access to child care for working parents, and increase training and professional development for child care providers. The infusion of one-time funds will not require sustainability by the Department and will be removed in FY 2010-11.

EARLY CHILDHOOD COUNCILS

The Early Childhood Councils program includes 31 self-described communities that span 57 counties. 97% of Colorado's population lives within these communities. This project has successfully brought key child care stakeholders together to identify and implement approaches at the local level that provide valuable policy information and allow the development of a seamless, and accessible system of

Line Item Descriptions FY 10-11 BUDGET REQUEST

care for families. Under these councils, the communities are developing comprehensive child care programs, which integrate Head Start, the Colorado Preschool Program, and CCCAP to result in full day, full year child care for low income families, expanding the availability and quality of child care. In addition, councils address health, mental health, parental education, local licensing models and other community-based services for families. The ultimate vision is that local seamless systems of care for children and families will evolve which further full-day, full-year quality care alternatives that can better meet the diverse and often complex needs of working parents and their children. The councils have also been the proving ground for the viability and necessity of waivers to state rule, when current rule impedes the integrated approach to best practice in services. Several waivers have resulted in statewide changes through legislation.

Prior to FY 2000-01, funding for this program was included in other line items (the Child Care Services line item in FY 1998-99, and the Child Care Grants line item in FY 1999-00). Funding for the pilot program was then reflected in its own line item starting in FY 2000-01 (the Pilot Program for Community Consolidated Child Care Services). Effective FY 2008-09, this line item was renamed to "Early Childhood Councils" from the "Pilot Program for Community Consolidated Child Care Services".

Since FY 1997-98, the Department of Human Services has worked with the Department of Education to provide grant funds and technical assistance to local communities to design consolidated programs of comprehensive early childhood care and education services intended to serve children in low-income families. The "pilot programs", as they were named, were allowed to blend various sources of state and federal funding and could apply for waivers of state rules. The pilots were used to identify best practices relative to increasing quality, meeting the diverse needs of families seeking child care, and integrating early childhood care with education programs. The law authorizing pilots was repealed and reenacted pursuant to HB 07-1062 [Solano/Williams] to create the Early Childhood Councils program.

House Bill 07-1062, codified at Section 26-6.5-101 et. seq., C.R.S. (2009):

- Replaced the pilot program for consolidated child care services with a new, statewide system of early childhood councils. Councils represent public and private stakeholders in a local community who work to develop and improve local early childhood services and to create a seamless network of such services statewide.
- Expanded the existing 17 consolidated childcare pilot sites to additional sites, subject to available appropriation.
- Established procedures for stakeholders to apply to the Department of Human Services to become early childhood council sites, specified required and optional representation on councils (from local government, health care, mental health care, childcare providers and parents, among others); and specified duties of councils including development of funding applications, local strategic plans to improve early childhood services, accountability measures and evaluations.
- Indicated that councils may apply for waivers of state rules that would prevent a council from implementing a project.

Line Item Descriptions FY 10-11 BUDGET REQUEST

- Established the Colorado Early Childhood Council Advisory Team in the Office of the Lieutenant Governor.
- Required a contracted evaluation of the early childhood council system no later than March 1, 2010.
- Required the Office of the State Auditor to conduct a performance audit of the Colorado Child Care Assistance Program in the Department of Human Services beginning in FY 2007- 08 with a report of findings and recommendations to the Legislative Audit Committee no later than December 30, 2008.
- Established the Early Childhood Councils Cash Fund and authorized the appropriation of General Fund to the Cash Fund and the Councils (previously prohibited).
- Included an appropriation of \$1.0 million General Fund and \$1.0 million federal Child Care Development Funds for the Councils, with an associated reduction to the Colorado Child Care Assistance Program line item. (The \$1.0 million General Fund was first appropriated to the Early Childhood Councils Cash Fund and further appropriated to the Department for the Councils; this portion of the appropriation therefore appears in this line item as cash funds exempt/reappropriated funds.)

In FY 2007-08 the Department was appropriated \$972,438 and 0.0 FTE in the FY 2007-08 Long Bill (SB 07-239) which is HB 07-1062: Concerning the creation of a Statewide System of Early Childhood Councils continuation from the prior year (HB 06-1385).

In FY 2008-09, the Department was appropriated \$2,984,760 and 0.0 FTE through Long Bill (HB 08-1375). From the prior year, this budget increased by \$2,012,322 and 1.0 FTE, which was from HB 07-1062: Concerning the creation of a Statewide System of Early Childhood Councils. (Department of Human Services' FY 2007-08 and FY 2006-07 late Supplementals, Office of Operations, Division of Child Welfare, Division of Child Care, Services for People with Disabilities, and Executive Director's office (selected Special Purpose line items), January 23, 2008, page 73).

For FY 2009-10, the Department was appropriated through SB 09-259 Long Bill \$2,985,200 and 1.0 FTE. From the prior year, this budget increased by \$440 for the Prior Year Performance-based Pay at 80%. In FY 2010-11 the Department is requesting a continuation from the FY 2009-10 appropriation of \$2,985,200 and 1.0 FTE.

SCHOOL-READINESS QUALITY IMPROVEMENT PROGRAM

School-readiness Child Care Subsidization Program was created by House Bill 02-1297 [Section 26-6.5-106, C.R.S. (2009)] to improve the quality of certain licensed child care facilities whose enrolled children ultimately attend low-performing neighborhood elementary schools. The legislation was reauthorized in HB 05-1238 [Hefley/Williams] and the program renamed the School Readiness Quality Improvement Program. This program provides targeted investments, through a Qualistar Early Learning rating and Quality Improvement Plan, in the form of quality grants to licensed child care providers serving families and children low-income

Line Item Descriptions FY 10-11 BUDGET REQUEST

communities where elementary schools have been rated as either low-performing or unsatisfactory. The program will help to improve the school readiness of children five years of age and younger to assist in closing the learning gap and enhancing the overall.

As revised, the statute specifies that school-readiness quality improvement program funding shall be awarded to early childhood care and education councils for subsidies to local early care and education providers based upon allocations made at the state department. The program targets the school readiness of young children who will ultimately attend eligible elementary schools that have an overall performance rating of "low" or "unsatisfactory" or that have an overall rating of "average" but have received a CSAP overall academic improvement rating of "decline" or "significant decline".

The program provides subsidies over a three year period to participating child care centers and family child care homes to cover the cost of equipment, supplies, minor renovations, curricula, staff education, scholarships, training, and bonuses for facility staff for demonstrating quality improvements and addressing problems identified in the ratings.

The act requires the Early Childhood and School Readiness Commission to adopt a voluntary school-readiness rating system to measure the quality of services provided by a child care provider to prepare children to enter elementary school. As revised, it requires early childhood care and education councils to submit reports by April 1, 2009, and every three years thereafter, and requires a consolidated report to the Education Committees of the house of representatives and the senate of the general assembly.

Program Implementation. Baseline evaluations for grantees are currently in progress, for the grant period from July 1, 2006 to June 30, 2009. All sites participating in the program will undergo baseline evaluation by Qualistar and have two follow-up evaluations. Each site receives a baseline overall quality rating score (one, two, three, or four stars, with four being the highest achievable). These ratings are based on five measurement areas:

- Learning Environment -- a program's health and safety standards, classroom environment, curriculum and activities, interactions between adults and children, and the daily schedule
- Family Partnerships -- how a program develops relationships with families, serves as a resource for them, and offers them opportunities to be part of their children's early learning experience
- Training and Education -- work experience and the average level of early childhood education attained by the providers working in the home or center
- Adult-to-Child Ratios -- average ratios in a classroom over a 10-day period, from the time the program opens until it closes
- Accreditation -- whether a program is accredited through a national accrediting agency

Line Item Descriptions FY 10-11 BUDGET REQUEST

Qualistar describes each of the rating levels as follows:

Zero star - "Children in a zero-star rated program may find themselves confronting sub-standard conditions. Health and safety issues are often neglected, teacher training can be non-existent, and staff turnover is usually high. Often, programs at this level lack basic equipment and toys, and may be violating state licensing requirements."

One star - "Though conditions improve with each STAR level, children may not be experiencing routine high-quality interactive care. Health and safety issues may still need to be addressed, and staff turnover often continues to be high. Teachers and program administrators may lack formal early childhood training and experience. Adult-to-child ratios tend to meet the minimum standards, but generally do not allow for staff to provide individualized attention during the course of a day."

Two stars - "Children in 2-STAR programs are read to regularly, watch some television, and have access to toys that support children's discovery and learning. Though health and safety issues may still exist, children's basic needs are satisfied and parents often feel a sense of stability within a 2-STAR rated program. Programs at this level are beginning to see how children's feelings of security are linked to their experiences in the classroom and how their learning is supported by opportunities for meaningful play."

Three stars - "In addition to being safe, a program at this quality level organizes many fun, educational activities for children, and employs teachers who understand age-appropriate behaviors. Staff also support parents and keep them regularly informed about their child's progress. 3-STAR programs tend to have higher tuition rates and receive additional funding, relieving some of the financial burden."

Four stars - "In addition to many fun activities and regular communication with parents, a 4-STAR Quality Rating means a program fundamentally understands the importance of preparing children for school through a strong curriculum that addresses the social, emotional, physical, and academic needs of each child. Staff is knowledgeable and educated in early childhood development and provides wonderful age-appropriate activities based on the individual needs of the children. Ratios are optimal allowing staff to provide a loving, stable environment for the children in care."

Each site receives detailed information about its strengths and weaknesses in each of the five areas, as well as a list of concrete action steps recommended to improve program quality. The evaluation also includes a list of additional services that will be made available through the program to support quality improvement efforts. Specific quality rating information for providers receiving one or more stars is also made available to parents and members of the public through Qualistar's website [www.Qualistar.org].

Line Item Descriptions FY 10-11 BUDGET REQUEST

The first iteration of this program reflected significant impact, with the percentage of programs achieving 3 or 4 stars increasing from 36 percent at baseline to 77 percent at second follow-up, and the programs achieving 0, 1, or 2 stars decreasing from 64 percent at baseline to 23 percent at second follow up.

In FY 2007-08, the Department was appropriated \$2,226,096 and 1.0 FTE in the FY 2007-08 Long Bill (SB 07-239). From the prior year (HB 06-1385), this budget increased by \$546 for Prior Year Salary Survey. In FY 2008-09, the Department was appropriated \$2,227,765 and 1.0 FTE through Long Bill (HB 08-1375). From the prior year, this budget increased by \$1,669 and 0.0 FTE: \$1,258 increase was provided through Prior Year Salary Survey and \$411 increase was for the Prior Year Performance-based Pay at 80%. In FY 2009-10, the department was appropriated \$2,229,305 and 1.0 FTE through Long Bill (SB 09-259), this includes an increase of \$440 for Prior Year Salary Survey. For FY 2010-11, the Department is requesting a continuation from FY 2009-10 Appropriation of \$2,229,305 and 1.0 FTE.

(7) OFFICE OF SELF SUFFICIENCY

(A) ADMINISTRATION

The Office of Self Sufficiency's Administration section is responsible for the oversight of the Colorado Works Program, the Special Purpose Welfare Programs (Low Income Energy Assistance Program, Food Stamp Job Search, Food Distribution, Low-Income Telephone Assistance Program, Income Tax Offset, Electronic Benefits Transfer Service, Refugee Assistance, and Systematic Alien Verification for Eligibility), Child Support Enforcement and Disability Determination Services. This section is comprised of both general fund and federal fund dollars and includes state funded appropriations for personal services and operating expenditures.

PERSONAL SERVICES

This line item provides funding for base salary, state PERA contributions and personal services contracts the division management uses for administrative oversight of its programs.

In FY 2006-07, Decision Item #23 (03/08/06 JBC Figure Setting, Page 114) titled "Colorado Works Administration Transfer," transferred FTE from the Office of Self Sufficiency Administration line and into the newly created line item under Colorado Works.

In FY 2007-08, Decision Item #13 (03/05/07 JBC Figure Setting, Page 29) added 3.0 FTE to this line to provide additional oversight of counties' administration of the Food Stamps program. The FY 2007-08 Long Bill appropriation for this line was \$1,605,384, with 22.0 FTE. This was continued into FY 2008-09 with the annual adjustments for salary survey and pay for performance, resulting in an appropriation of \$1,647,548. As part of the budget balancing process for FY 2008-09, Supplemental Request #30a for hiring freeze savings was approved and was reflected in S.B. 09-189, Supplemental Appropriations for the Department of Human Services. This supplemental action reduced the line by a total of \$172,942, split equally between General and Federal Funds. The resulting appropriation for FY 2009-10 was \$1,474,606, with \$577,517 in General Fund and \$897,089 in Federal Funds. For FY 2009-10, the appropriation was adjusted for the annual adjustments for salary survey and pay for performance. The FY 2009-10 appropriation also included an adjustment to restore the hiring freeze savings. In addition, an adjustment was made to reduce the line by \$31,407 as part of the 1.82% personal services reduction that came out of a JBC conference committee. The resulting appropriation for FY 2009-10 was \$1,696,754, \$731,069 in General Fund and \$965,685 in Federal Funds. For FY 2010-11, the Department is requesting that the \$31,407 personal services reduction be restored, bringing the appropriation to \$1,728,161.

OPERATING EXPENSES

This line item provides funding for operational and training expenses for the Self Sufficiency manager and Food Stamp program. The FY 2007-08 appropriation for this line was \$85,601. This was continued into FY 2008-09, less \$8,445 in one-time expenses from a prior year decision item, resulting in an appropriation of \$77,156. For FY 2009-10, the Department requested and received continuation funding along with one-time funding in the amount of \$25,460 for Decision Item #25, Destruction of Obsolete Forms

Line Item Descriptions FY 10-11 BUDGET REQUEST

(02/27/09 JBC Figure Setting, Page 38). Decision Item #NP-2, which requested additional one-time funding in the amount of \$681 for an increase in postage and a mail equipment upgrade, was also approved. The total appropriation for FY 2009-10 was \$103,297, with \$54,361 in General Fund and \$48,936 in Federal Funds. For FY 2010-11, the Department is requesting \$77,156, which is the FY 2009-10 appropriation less the one-time funding for the forms destruction and the postage/mail equipment upgrade.

(B) COLORADO WORKS PROGRAMS

ADMINISTRATION

This line item was established through FY 2006-07 Decision Item #23 (03/08/06 JBC Figure Setting, Page 114) titled “Colorado Works Administration Transfer.” Colorado Works administration funding and FTE were formerly part of the Office of Self Sufficiency Administration line. The JBC funded this line item through the FY 2006-07 figure setting process to create a separate line item in Colorado Works to allow for more efficient administration of the program. The federal Temporary Assistance for Needy Families (TANF) program had evolved programmatically and financially since its implementation. Identifying the administration of the program would allow the General Assembly and the Department to track costs and FTE specifically related to Colorado Works.

That year the General Assembly appropriated \$1,069,221 in federal TANF funds and 13.0 FTE to the new line. An additional \$48,155 in operating expenses was added to the \$1,023,122 (minus \$2,046 for a two percent base reduction) transferred from the Office of Self Sufficiency line item and an additional 1.0 FTE was added to the 12.0 that were transferred from the old line. The new 1.0 FTE was approved to provide additional county oversight and support required by federal TANF reauthorization.

In FY 2007-08 the General Assembly appropriated \$1,161,307 in federal TANF funds and 14.0 FTE to the line. An additional FTE was appropriated for fraud investigation and prevention through Decision Item #19 (03/05/07 JBC Figure Setting, Page 31). Decision Item #19 also transferred \$70,000 in federal TANF funds from the County Training Line to the Administration line to fund this position.

In FY 2008-09 the General Assembly appropriated \$1,430,023 in federal TANF funds and 18.0 FTE to the line. This included an additional \$231,048 in federal TANF funds and 4.0 FTE that were approved through Decision Item #13 (02/28/08 JBC Figure Setting, Page 47) for a new quality control focus necessitated by federal TANF reauthorization. In addition, the 2008 General Assembly passed S.B. 08-177, which provided an additional \$65,071, and one FTE for this line. The resulting appropriation for FY 2008-09 was \$1,495,094 and 19.0 FTE. For FY 2009-10, the Department requested and received continuation funding with the annual salary adjustments. In addition, \$94 was requested and approved for Decision Item #NP-2 for an increase in postage and a mail equipment upgrade. The total appropriation for FY 2009-10 was \$1,552,298. For FY 2010-11, the Department is requesting \$1,599,471, which is the FY 2009-10 appropriation less the one-time funding for the postage/mail equipment upgrade, plus Decision Item #5 which is

Line Item Descriptions FY 10-11 BUDGET REQUEST

requesting \$47,267 in on-going TANF funding to pay for certain operating expenses that were not included with Decision #13 for FY 2008-09.

COUNTY BLOCK GRANTS

This line was created by S.B. 97-120, the Colorado Works Program Act. The General Assembly funded this line to provide funding to county departments of social services to administer the Colorado Works Program. Counties have the flexibility to use the funds for administration or program needs. The line item is funded with federal TANF funds, and State and local funds.

In FY 2007-08 the General Assembly appropriated \$154,441,672 to the line, including \$627,726 General Fund, \$25,323,033 cash funds exempt, and \$128,490,913 federal funds.

In FY 2008-09 the General Assembly appropriated \$154,441,672 to the line, including \$405,504 General Fund, \$25,323,033 reappropriated funds, and \$128,713,135 federal funds. The appropriation includes Decision Item #16 (02/28/08 JBC Figure Setting, Page 48), which approved a decrease of \$222,222 in General Funds and an increase of \$222,222 in Federal Funds for this line. Decision Item #16 appropriated the General Fund savings to the newly created Promoting Responsible Fatherhood Grant line which funded the State match for the federal grant of \$2,000,000. The 2008 General Assembly approved H.B. 08-1342 that transferred \$2,500,000 Cash Funds from this line to the County Administration-County Incentive Payments line. The resulting appropriation for FY 2008-09 was \$151,941,672. This appropriation continued into FY 2009-10, but was decreased by \$405,504 for BA-40 (02/27/09 JBC Figure Setting, Page 44) which withheld the General Fund portion of the County Block Grant. The final appropriation for FY 2009-10 was \$151,536,168. The Department is requesting continuation funding for FY 2010-11.

REIMBURSEMENT TO COUNTIES FOR PRIOR YEAR EXPENDITURES DUE TO REDUCTION IN FEDERAL MAINTENANCE OF EFFORT REQUIREMENT

This line was created by S.B. 97-120, the Colorado Works Program Act. Pursuant to Section 26-2-714 (10), C.R.S. (2009), this line item provides spending authority for the Department to reimburse counties when the state is notified that its federally required TANF Maintenance of Effort (MOE) has been reduced based on the State meeting specified work participation rates. If the Department receives notification from the federal government that Colorado met the federal TANF work participation rate for a federal fiscal year, the State is entitled to reduce its TANF MOE spending (State and local expenditures) for that federal fiscal year by five percent (\$5,524,726). In order to take advantage of this credit, the Department revises its federal spending report for the relevant federal fiscal year by reducing reported State and local program expenditures by \$5,524,726 million and increasing reported federal expenditures by a like amount.

In FY 2007-08, Supplemental Request #15 (01/24/08 JBC Supplemental document, Page 18) adjusted the appropriation to \$11,049,452 in federal TANF funds, from \$5,524,726. The federal government has historically notified the State that it met the rate

Line Item Descriptions FY 10-11 BUDGET REQUEST

two years after the fact. The information regarding the rate for FFY 2004-05 came later last year and was not received during FY 2006-07. The funds were not rolled forward. However, the State did receive information from the federal government that it met the rates for FFY 2005 and FFY 2006 during FY 2007-08. While the State had spending authority in FY 2007-08 to rebate \$5,524,726, it did not have spending authority for the remaining funds. Therefore, the Department requested the \$11,049,452 in the supplemental in order to reimburse the counties at the appropriate amount for both years. The appropriation returned to the normal \$5,524,726 amount for FY 2009-10. Department is requesting continuation funding for FY 2009-10.

COUNTY BLOCK GRANT SUPPORT FUND (FORMERLY TITLED SHORT- TERM WORKS EMERGENCY FUND)

This line was originally created by S.B. 97-120, the Colorado Works Program Act. Pursuant to Section 26-2-720, C.R.S. (2009), this line item consists of moneys appropriated annually by the General Assembly. This Fund was intended to ensure that any emergencies that arose could be addressed in a timely fashion, regardless of whether the General Assembly was in session. The fund exists to provide relief to county programs in need.

The original appropriation included in S.B. 97-120 for this line item was \$3 million; the appropriation was reduced to \$1 million in FY 2002-03, where it has remained since.

In FY 2008-09, S.B. 08-177 repealed the fund and created in its place at Section 26-2-720.5, C.R.S. (2009), the County Block Grant Support Fund. The new fund's function is similar to the former, but the criteria by which counties can access the fund is more flexible. The FY 2009-10 appropriation was for \$1,000,000 in federal TANF funds. The Department is requesting continuation funding for FY 2010-11.

COUNTY RESERVE ACCOUNTS

This line was created by S.B. 97-120, the Colorado Works Program Act. Pursuant to Section 26-2-714 (5) (a), C.R.S. (2009), counties are authorized to maintain a County Reserve Account of unspent Colorado Works federal county block grant funds. The appropriation is based on the balance of the county reserves at the end of the prior State fiscal year. Prior to the passage of S.B. 08-177, counties were allowed to keep 100 percent of their unspent TANF dollars. Now, section 26-2-714 (5) (a) (I), C.R.S. (2009), establishes annual caps that require counties to redirect a portion of their reserves back to the State, beginning on June 30, 2009. Every year, the Department requests a technical supplemental to correct the appropriation based on the actual county reserves balance available after final closeout on September 30. It is important to note that these funds are not new funds, but simply a reflection of the spending authority counties have for the fiscal year.

In FY 2007-08, the General Assembly appropriated \$79,820,105 in federal TANF funds to the line. Supplemental Request #16 (01/24/08 JBC Supplemental document, Page 19) adjusted the original appropriation of \$51,539,912 to reflect the actual county reserve balance available upon final closeout.

Line Item Descriptions FY 10-11 BUDGET REQUEST

In FY 2008-09, the General Assembly appropriated \$79,820,105 in federal TANF funds to the line. S-14, BA-14 was submitted and approved to adjust the appropriation to the actual county reserves balance. The final FY 2008-09 appropriation was \$90,609,365. This appropriation continued into FY 2009-10. The Department is requesting continuation funding for FY 2010-11.

COUNTY TRAINING

This line was created by S.B. 97-120, the Colorado Works Program Act. Pursuant to Section 26-2-712 (7), C.R.S. (2009), the Department is to develop training for county caseworkers. S.B. 08-177 broadened this requirement to include other entities that provide TANF assistance to participants, and changed the name of the line to Colorado Works Program Capacity Building.

In FY 2007-08, the General Assembly appropriated \$444,917 in federal TANF funds and 2.0 FTE to the line. Decision Item #19 (03/05/07 JBC Figure Setting, Page 34) consolidated the Domestic Violence Training line and the County Training line into this one line. The rationale for this decision was that consolidation of the lines streamlined budgeting and accounting procedures. Prior to the combining of the lines, these procedures were more complex given the fact that many of the county training and domestic violence training courses were offered together in one module.

H.B. 01-1184 created the former Domestic Violence Training line. Pursuant to Section 26-2-708 (5.5), C.R.S. (2009), the Department is required to provide ongoing domestic violence training to county staff. The purpose is to facilitate the proper identification, screening, and assessment of past and present victims applying for or participating in the Colorado Works Program. The Department is authorized to contract with any individual or entity that has demonstrated expertise in the area of domestic violence for the provision of such services. Section 26-2-708 (5.5) (c), C.R.S. (2009), provides that implementation of the Domestic Violence Training program "shall be conditioned upon the availability of appropriations from the Colorado long-term works reserve fund created in Section 26-2-721, C.R.S. (2009)."

In FY 2008-09, the General Assembly appropriated \$444,917 in federal TANF funds and 2.0 FTE for the line. In addition, the 2008 General Assembly passed S.B. 08-177, which provided an additional \$140,000 for this line. The Department received continuation funding for FY 2009-10, with the annual salary adjustments. In addition, Decision Item #NP-2 was approved in the amount of \$220 for a one-time increase in postage and a mail equipment upgrade. The final appropriation for FY 2009-10 was \$592,534. The Department is requesting \$592,314 for FY 2010-11, which is the FY 2009-10 appropriation less the one-time funding for the postage/mail equipment upgrade.

DOMESTIC ABUSE PROGRAM

Pursuant to Section 26-7.5-105 (3), C.R.S. (2009), moneys are appropriated from the Colorado Domestic Abuse Program Fund to the Department's Domestic Abuse Assistance Program (DAAP) to encourage local governments and non-governmental agencies to

Line Item Descriptions FY 10-11 BUDGET REQUEST

develop domestic abuse programs. This line item provides spending authority out of the Colorado Domestic Abuse Program Fund for distribution to local entities as well as for the Department's related administrative expenses. This fund consists of taxpayer contributions (through a check-off on Colorado individual income tax returns) and appropriations from the General Assembly.

In FY 2003-04, the General Assembly moved the line from the Child Welfare program to the Colorado Works program. At the same time, the General Fund appropriation was eliminated, due to the General Fund shortfall, and replaced with \$650,000 in TANF funds. Prior to that action in FY 2003-04, the DAAP had received a General Fund appropriation each year since FY 2001. In FY 2001, the DAAP received \$400,000 in General Funds; FY 2002, \$550,000; and FY 2003, \$676,776. The DAAP also receives \$330,711 in Cash Funds spending authority. The DAAP receives cash funds through donations to the Colorado Domestic Abuse Program Fund established in section 39-22-802, C.R.S. (2009). Donations are received through an income tax check-off option. In recent years, donations have been declining; in FY 2009 the cash-funded contribution to the line is \$330,711 while in FY 2007, it was \$350,000. The State also receives \$1,463,884 per year in non-appropriated federal Family Violence Prevention Services (FVPSA) funds as a formula grant. FVPSA funds are allocated to domestic violence programs for direct services. The State is allowed to keep five percent of the FVPSA funds for administration.

In FY 2007-08, the General Assembly appropriated \$975,000 and 2.0 FTE for this line, of which \$650,000 was federal TANF funds and \$325,000 was cash funds exempt from the Domestic Abuse Program Fund.

In FY 2008-09, the General Assembly appropriated \$983,919 and 2.0 FTE for this line, of which \$652,906 was federal TANF funds and \$330,711 was cash funds from the Domestic Abuse Program Fund. The Department received continuation funding for FY 2009-10, with the annual salary adjustments. In addition, Decision Item #NP-2 was approved \$272 for a one-time postage increase and a mail equipment upgrade. Also, the 2009 General Assembly passed S.B. 09-068, Funding to Support Domestic Abuse Services. This legislation added \$843,430 in Cash Funds and .7 FTE to the line. The total appropriation for FY 2009-10 was \$1,834,237 and 2.7 FTE. For FY 2010-11, the Department is requesting \$1,833,965, which is the FY 2009-10 appropriation less the one-time funding for the postage/mail equipment upgrade.

WORKS PROGRAM EVALUATION

The Colorado Works evaluation line was first appropriated with federal TANF funds in FY 1998 as part of S.B. 98-185, and later reauthorized by H.B. 04-1030. Those bills required, pursuant to Section 26-2-723, C.R.S. (2009), the State Auditor and the Department respectively, overseeing an annual evaluation of the Colorado Works program. The original bill appropriated \$1,500,000 in federal TANF funds to the line. That appropriation remained at \$1,500,000 until FY 2003-04 when it was decreased to \$500,000. The line has remained at \$500,000 through FY 2009. The statutory authority for the appropriation was repealed on July 1, 2009. The Department submitted and received approval for Decision Item #23 (02/27/09 JBC Figure Setting, Page 47) which allowed for an on-going evaluation of the program through an annual appropriation of \$350,000. In addition, Decision Item #NP-2 was

Line Item Descriptions FY 10-11 BUDGET REQUEST

approved which provided an additional \$29 for a one-time increase in postage and a mail equipment upgrade. The final appropriation for FY 2009-10 was \$350,029. For FY 2010-11, the Department is requesting \$350,000, which is the FY 2009-10 appropriation less the one-time funding for the postage/mail equipment upgrade.

WORKFORCE DEVELOPMENT COUNCIL

This line item was established through FY 2004-05 Budget Amendment #16. The line represents the Department's share of funding for the Workforce Development Council in the Department of Local Affairs' Office of Workforce Development. The Council serves as the State's "work force investment board" as required under the federal *Workforce Investment Act of 1998*, and is responsible for statewide planning and coordination of the delivery of federal workforce development programs and associated federal block grant moneys received. In this regard, the Council is required to develop and submit to the U.S. Department of Labor a statewide plan for workforce development which coordinates federal, state, and local workforce development programs. The Council performs support functions and activities related to the eighteen-workforce development centers throughout the state, which provide services to individuals seeking employment (including TANF participants).

Pursuant to Section 24-46.3-101 (8), C.R.S. (2009), the Office of Workforce Development is to establish an annual budget for Council functions, activities, and staff. Funding for the Council is to come from administrative moneys from several federal programs delineated in federal law; the allocation of federal funds is determined annually by the Office of State Planning and Budgeting (OSPB). The enabling legislation included an appropriation of \$29,189 in federal Temporary Assistance for Needy Families (TANF) funds transferred from the Department of Human Services (19.5 percent of the total Council appropriation).

Prior to FY 2004-05, the Department of Human Services had never received an additional appropriation of TANF funds for this purpose. The department was using TANF moneys appropriated through the Executive Director's Office to make the required transfer each year. Now each year the Department must make a technical supplemental request to correct the appropriation based on the actual TANF share determined by OSPB.

In FY 2007-08, the General Assembly appropriated \$88,838 in federal TANF funds for this line. Supplemental Request #13 (01/24/08 JBC Supplemental document, Page 16) adjusted the original appropriation of \$76,813 to reflect the actual TANF share.

In FY 2008-09, the General Assembly appropriated \$105,007 in federal TANF funds for this line. Supplemental Request #15 (01/27/09 JBC Supplemental document, Page 5) adjusted the original appropriation of \$88,838 to reflect the actual TANF share. This amount was continued into FY 2009-10. The Department is requesting continuation level funding for FY 2010-11.

Line Item Descriptions FY 10-11 BUDGET REQUEST

PROMOTING RESPONSIBLE FATHERHOOD GRANT

This line was established through FY 2008-09 Decision Item #16 (02/28/08 JBC Figure Setting, Page 48). Decision Item #16 appropriated \$222,222 in the General Fund savings reduced in the County Block Grants line to this line which provides the State match for the federal grant of \$2,000,000. The \$2,000,000 in federal grant funds is shown for informational purposes. The funds are used to support the administrative functions related to the grant including a statewide public awareness campaign and for providing technical assistance. In addition, funds are allocated to counties and to local/faith based organizations for programs geared towards promoting responsible fatherhood. The Department was appropriated \$2,222,222 in FY 2009-10. As part of the budget balancing process for FY 2009-10, a reduction of \$150,000 in General Fund was applied to this line, resulting in a total appropriation of \$2,072,222. The Department is requesting continuation funding in this amount for FY 2010-11.

PROGRAM MAINTENANCE FUNDS

S.B. 08-177 created this line. Pursuant to Section 26-2-721.3, C.R.S. (2009), the fund was created for the Department to respond to emergencies or otherwise unforeseen purposes consistent with the four purposes of the federal TANF program.

In FY 2008-09, the bill appropriated \$3,000,000 in federal TANF funds to the line. The Department received continuation funding for FY 2009-10, and is requesting the same for FY 2010-11.

STATEWIDE STRATEGIC USE FUNDS

S.B. 08-177 created the line. Pursuant to Section 26-2-721.7, C.R.S. (2009), the fund was created for the Department to allocate, based on recommendations from an advisory committee, dollars to initiatives and programs that meet one of the four purposes of the federal TANF program. In addition, statute requires that the fund is intended to support initiatives that have either demonstrated effectiveness in achieving, or represent an evidence-based, innovative approach that is likely to achieve, one or more of the following goals:

1. Enhancing the long-term self-sufficiency of eligible, low-income families;
2. Reducing the number of children and families living in poverty;
3. Strengthening families who are living in poverty; or
4. Increasing the participation of Colorado Works participants in meaningful work activities.

In FY 2008-09, the bill appropriated \$10,000,000 in federal TANF funds to the line. The Department received continuation funding for FY 2009-10, and is requesting the same for FY 2010-11.

C) SPECIAL PURPOSE WELFARE PROGRAMS

(1) LOW INCOME ENERGY ASSISTANCE PROGRAM (LEAP)

The LEAP is a federally funded program that provides heating assistance, furnace repair and replacement, and weatherization assistance to households at or below 185% of the Federal Poverty Level. This line provides funding for the benefit payments and for the expenses related to the administration of the program for the State. In addition to the federal funding, the LEAP program has also received funding from other sources such as the State Operational Account of the Severance Tax Trust Fund and from Energy Outreach Colorado which receives funding through the Governor's Office. Adjustments often need to be made during the year to adjust the appropriation to the amount that the State actually receives from the federal Low-Income Home Energy Assistance Program (LIHEAP).

The FY2007-08 appropriation for the program was \$39,674,338 with 6.6 FTE. The FY 2008-09 appropriation was a continuation of the prior year with adjustments for salary survey and performance pay. The 2008 General Assembly passed H.B. 08-1387, which eliminated the appropriation of the Severance Tax moneys in the amount of \$5,950,000. These moneys will now be allocated to the Department through a transfer from Treasury. The resulting appropriation for FY 2008-09 was \$33,742,345. The Department received continuation funding for FY 2009-10, with annual salary adjustments. In addition, Decision Item #NP-2 was approved which provided an additional \$33,166 for a one-time postage increase and a mail equipment upgrade. The final appropriation for FY 2009-10 was \$33,795,980. The Department is requesting \$33,683,278 and 5.6 FTE for FY 2010-11 which is the FY 2009-10 appropriation less the one-time funding for the postage/mail equipment upgrade, plus Decision Item #NP-3 which is for a decrease in Federal Funding in the amount of \$79,536 and 1.0 FTE related to the Statewide Information Technology Staff Consolidation.

(2) FOOD STAMP JOB SEARCH UNITS

Food Stamp Job Search (FSJS) Units (called Employment First in Colorado) provide or facilitate employment and training services for all food stamp applicants and recipients determined by the county food assistance worker to be able-bodied and ready to work, and not eligible for services under Colorado Works. The Employment First Program has been operational in Colorado since 1983, when it was initiated as a pilot project under contract with USDA. In 1985, the program was mandated nationwide by an amendment to the Federal Food Stamp Act of 1977. The Food Stamp Act was subsequently modified by the Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996 and the Balanced Budget Act of 1997 (P.L. 108-269). . The current public law authorizing the program is the Food Stamp Act of 2008, as amended through Public Law 110-246 (effective October 1, 2008). Special 100% federal funds are appropriated nationally for this program. The funds are allocated to the states annually based for the most part on the proportion of the target population in the state compared to the national total. The allocation varies from year to year as the population fluctuates. There are uncapped 50% federal matching funds available to match local and state funds.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The federal law requires all areas of the state to have the program unless an area's unemployment rate is above the national average. In Colorado, services are directed through the county department responsible for food assistance benefits. The county can choose to operate the program in-house or contract with another provider in the community – most often the local workforce center. Services include job seeking skills training, referral to education and training classes, and work experience placements. Client participation is carefully monitored and sanctions against food assistance benefits are imposed for non-compliance with program requirements.

The state administrative unit allocates federal 100% grant funds, assists with identifying and documenting local match for additional federal funds, provides training and technical assistance to local program staff, and monitors program operation and performance to insure compliance with federal regulations.

The appropriated General Fund is used to fund the state administrative unit. The other appropriated federal funds are allocated to the counties to fund staff to provide the client services. For the General Fund that the Food Stamp Job Search Program in Colorado receives:

- ❑ A portion is designated match to fund participant reimbursement as required by the federal law to reimburse program participants for costs of participation such as transportation for job search or to attend training. Funds must be 50% state/local to be matched by federal funds.
- ❑ The remaining is used as match for federal funds which provide the cornerstone of an effective statewide job search assistance program for food stamp recipients as well as supporting a statewide workfare program which allows counties to qualify for enhanced federal reimbursement when food stamp applicants participate in workfare, find a job, and no longer need food stamps.

The Food Stamp Job Search Program uses the small appropriation of general fund to draw down more than a million dollars in federal 100% and matching funds, which are passed through to the counties. The overall general fund level has changed very little from 2007 to the present. This is true for both the participant supportive service allocation and the program costs.

FSJS - PROGRAM COSTS

The FY 2007-08 appropriation for this line was \$2,027,218 with 6.2 FTE. This funding was continued into FY 2008-09 with adjustments for salary survey and performance pay, resulting in an appropriation of \$2,043,946. The Department received continuation funding for FY 2009-10 in the amount of \$2,067,077, which includes the annual salary adjustments. The Department is requesting a continuation level of funding for FY 2010-11.

FSJS - SUPPORTIVE SERVICES

The FY 2007-08 appropriation for this line was \$261,452. This funding was continued into FY 2008-09 and FY 2009-10. The Department is requesting continuation funding for FY 2010-11.

Line Item Descriptions FY 10-11 BUDGET REQUEST

(3) FOOD DISTRIBUTION PROGRAM

On behalf of the U.S. Department of Agriculture (USDA), the Colorado Food Distribution Program (FDP) administers the logistics of the Commodity Food Programs and is responsible for getting USDA Commodities from the ranchers and farmers of America to school children, needy families, and the homeless.

FDP works closely with the local office of the USDA and with two partner agencies in Colorado State Government: the Colorado Department of Education, and the Colorado Department of Public Health and Environment.

Currently, the Food Distribution Program provides nutritious commodities through 6 outlets:

1. National School Lunch Program (NSLP)
2. Child and Adult Care Food Program (CACFP)
3. Summer Food Service Program (SFSP)
4. Commodity Supplemental Food Program (CSFP)
5. The Emergency Food Assistance Program (TEFAP)
6. Food Assistance for Disaster Situation (Disaster Assistance)

This program's authority resides with U.S. Department of Agriculture, Food and Nutrition Services 7 CFR Part 210 – 251, and also 26-1-121 C.R.S. (2009).

For FY 2007-08, \$532,834 and 6.5 FTE were appropriated to the program. This funding was continued for FY 2008-09, with adjustments for salary survey and performance pay, resulting in an appropriation of \$551,499. The Department received continuation funding for FY 2009-10, with annual salary adjustments. In addition, Decision Item #NP-2 provided an additional \$77 for a one-time postage increase and a mail equipment upgrade. The total funding for FY 2009-10 was \$574,605. For FY 2010-11, the Department is requesting \$574,528, which is the FY 2009-10 appropriation less the one-time funding for the postage/mail equipment upgrade.

(4) LOW-INCOME TELEPHONE ASSISTANCE PROGRAM

The Low-Income Telephone Assistance Program (LITAP) provides financial assistance to low-income households to maintain basic telephone assistance. This line item funds the administrative costs associated with the program and comes from the Low-Income Telephone Assistance fund created in Section 40-3.4-108 (2) (a), C.R.S. (2009). Pursuant to Section 40-3.4-105, C.R.S. (2009), eligibility is determined by The Department of Human Services for those individuals at or below 185% of the Federal Poverty Level receiving public assistance. The program is funded through a telephone surcharge assessed on telephone customers statewide. As a utility, the Public Utilities Commission (Department of Regulatory Agencies) oversees the uniform charge to each business and individual line (government and eligible individuals are exempt). The General Assembly appropriates from the fund for the direct and indirect costs of administering the program in the Department of Human Services.

Line Item Descriptions FY 10-11 BUDGET REQUEST

For FY 2007-08, \$60,811 and 0.9 FTE was appropriated to the LITAP program. This funding was continued into FY 2008-09 with adjustments for salary survey and performance pay. The 2008 General Assembly passed H.B. 08-1227, which harmonized the eligibility for the Low-Income Energy Assistance Program and the Low-Income Telephone Assistance Program. This bill is expected to increase participation in the LITAP program by 25 percent, thus driving a corresponding increase in workload. An additional \$15,578 and 0.2 FTE were appropriated to the program as a result of this legislation passing, resulting in a total appropriation for FY 2008-09 of \$77,801 and 1.1 FTE. The Department received continuation funding for FY 2009-10, with the annual salary adjustments. In addition, Decision Item #NP-2 was approved which provided an additional \$178 for a one-time postage increase and a mail equipment upgrade. The total appropriation for FY 2009-10 was \$79,685. The Department is requesting \$79,507 for FY 2010-11, which is the FY 2009-10 appropriation less the one-time funding for the postage/mail equipment upgrade.

(5) INCOME TAX OFFSET

The Income Tax Offset line is mandated by Section 26-2-133, C.R.S. (2009) and directs the Department of Human Services to submit information regarding individuals who are obligated to the state for overpayments of assistance payments. This appropriation covers the operational costs associated with matching Food Stamps program lists of overpaid recipients with Department of Revenue data in order to intercept corresponding income tax refunds.

The administrative activities associated with this line are funded with 50 percent General Fund and 50 percent federal funds. The FY 2007-08 appropriation for this line was \$4,128. This appropriation was continued into FY 2008-09 and FY 2009-10. The Department is requesting continuation funding for FY 2010-11.

(6) ELECTRONIC BENEFITS TRANSFER SERVICE

H.B. 95-1144 authorized the Department to implement an electronic benefits transfer system (EBTS) to deliver Food Stamp, Works Program, Old age Pension, Aid to the Needy Disabled, Aid to the Blind, Child Welfare, Child Care, and Low-Income Energy Assistance benefits. The EBTS is a state administered and contractor-operated benefit delivery system which allows clients to use a debit-type card to access their cash benefits through Automated Teller Machines (ATM) or their food stamp benefits and cash benefits through Point of Sale terminals at food retailers. The program is administered by the Department which includes: contract monitoring and compliance; transmission of payment files; coordination with federal, state, and local government agencies, retailers, bankers, clients and providers; and state and local training. In July 1996, the Department contracted with Citibank Electronic Financial Services to operate the system. The contract was re-bid in 2003 with Citibank Electronic Financial Services (EFS) again the winner. In January 2004 JP Morgan Electronic Financial Services purchased Citibank's EFS division. EBTS has been in operation statewide since February 1998.

For FY 2007-08, \$3,188,582 and 5.0 FTE were appropriated for this line. This funding was continued into FY 2008-09, with adjustments for salary survey and performance pay, resulting in a total appropriation of \$3,201,710. The Department received

Line Item Descriptions FY 10-11 BUDGET REQUEST

continuation funding for FY 2009-10, with annual salary adjustments. In addition, two decision items were approved that adjusted the line as follows: Decision Item #11 was approved (02/27/09 JBC Figure Setting, Page 53) which provided two additional staff at a cost of \$112,981, to allow for increased oversight by the State of possible fraudulent activities relating to food assistance benefits as recommended from an audit recently conducted by the U.S. Department of Agriculture, Office of the Inspector General; Decision Item #NP-2 in the amount of \$187 was approved for one-time funding for a postage increase and a mail equipment upgrade. The total appropriation for FY 2009-10 was \$3,334,903. The Department is requesting \$3,328,606 for FY 2010-11, which is the FY 2009-10 appropriation less the one-time funding for the postage/mail equipment upgrade.

(7) REFUGEE ASSISTANCE

The Colorado Refugee Services Program (CRSP) provides short-term, intensive assistance to legally admitted refugees in order to avoid their long-term reliance on public assistance. Because refugee status makes individuals eligible for permanent legal residence and, eventually, citizenship, they are also eligible for TANF assistance if unable to provide adequately for themselves. The Colorado Refugee Services Program seeks to avoid this scenario by providing refugees with up-front services and training designed to improve their chances for successful employment and integration into the Colorado community. The Program has seen high success rates for many of the refugees it serves; however, some do not succeed and eventually transition onto county TANF programs that are much less prepared to provide the same level of service necessary for refugees. Therefore, the Colorado Refugee Services Program continues to work with Colorado Works to utilize TANF Block Grant funds to provide training and integration services to refugees and minimize the number who transition onto county TANF programs for long-term assistance. This appropriation is for additional funding from the Colorado Works TANF Block Grant to provide services to refugees, who are anticipated to increase in total numbers based on actual and projected data for the past five Federal Fiscal Years.

Prior to FY 2005-06, the CRSP appropriation was funded entirely by the federal Refugee Act of 1980 (Refugee Social Services Grant and Cash and Medical Assistance Grant). Funding from the Refugee Act had been continuing to decrease each year related to the provisions of cash and employability services for refugees. To compensate for the decrease in funding, a supplemental request SBA #18 was approved (03-08-09 JBC /figure Setting, page 137) for FY 2006-07. With the support from and collaboration with Colorado Works, this request successfully resulted in a standing line in the Long Bill through which CRSP received \$457,132 annually from the federal TANF Block Grant to provide culturally and linguistically specialized employability training. This training is provided through the Colorado Refugee English as a Second Language (CRESL) programs of Emily Griffith Opportunity School (EGOS), and through the Work Styles (WS) pre-employment training programs of Spring Institute for Intercultural Learning (SIIL). A decision item for additional funds was not submitted for SFY 2007-08, because there had not been enough time since the receipt of these initial funds to adequately absorb the growth and measure the outcomes from this funding. However, as CRSP began to analyze its data and program evaluations from FFY 2006 (the first full year of program implementation with the increased funds from the TANF Block Grant), and as CRSP began to plan for FFY 2008, it decided to submit a decision item, DI #19 for FY 2008-09 (02-28-08 JBC Figure Setting, page 62), and submitted a supplemental request for FY 2007-08, both based on new data and new information impacting

Line Item Descriptions FY 10-11 BUDGET REQUEST

refugee resettlement in Colorado in FFY 2008 and beyond, requesting an additional \$358,718. With the approval of the additional TANF funding, the total appropriation for the CRSP for FY 2008-09 was \$4,017,400 with 10.0 FTE. This funding was carried forward for FY 2009-10. The Department is requesting continuation funding for FY 2010-11, in addition to Decision Item #7 which is requesting on-going additional TANF funding for refugee services in the amount of \$3,083,526. The total request for FY 2010-11 is \$7,101,016.

(8) SYSTEMATIC ALIEN VERIFICATION FOR ELIGIBILITY

The Systematic Alien Verification for Eligibility (SAVE) line supports the State's interface with the federal alien verification database, which serves all programs for which citizenship or legal residence is a requirement. This line was added in FY 2003-04 through H.B. 04-1322 in the form of a supplemental appropriation for the Department of Human Services so that funding and staffing for the SAVE program could be separated from the Refugee Assistance Program.

For FY 2007-08, \$49,012 and 1.0 FTE was appropriated for this line. This funding was continued into FY 2008-09, with adjustments for salary act and performance pay, resulting in an appropriation of \$53,040. The Department received continuation funding for FY 2009-10, with annual salary adjustments for a total appropriation of \$55,002. The Department is requesting continuation funding for FY 2010-11.

(D) CHILD SUPPORT ENFORCEMENT

AUTOMATED CHILD SUPPORT ENFORCEMENT SYSTEM

The Child Support Enforcement (CSE) Program is mandated by Title IV-D of the Social Security Act and 26-13-101, C.R.S. (2009) et. seq.. The Automated Child Support Enforcement System (ACSES) is the automated system that is used to support all required case handling activities for the 142,00 child support cases in Colorado. This line not only contains funding for the ACSES, but also contains funding for significant operational units housed and run by the Division of Child Support Enforcement (CSE) for the benefit of the statewide CSE Program operated by the 64 county CSE Units. Specifically, these operational units include the Family Support Registry (FSR) and the State Directory of New Hires (SDNH).

The inception of this line item dates back to approximately 1980 when it was originally called "Special Purpose Welfare Programs – Child Support Enforcement Program". Its purpose at the time was to fund the development and implementation of a comprehensive statewide computer system in support of the CSE Program in coordination with the Client Oriented Information Network (COIN) System. The original line was funded with 10% general fund and 90% Federal Financial Participation (FFP). The line today is funded with 34% General Fund and 66% Federal Financial Participation (FFP).

Line Item Descriptions FY 10-11 BUDGET REQUEST

This line was expanded pursuant to S.B. 90-160 and H.B. 92-1232 to fund the implementation and operation of the Family Support Registry. The FSR is the entity responsible for the receipt and disbursement of virtually all child support in the State. In calendar year 2007, the FSR processed \$367 million.

The line was further expanded by H.B. 97-1205 to accommodate the child support requirements mandated by the Federal Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA). A number of enforcement remedies and other requirements were added to the Program, the most significant of which was New Hire Reporting. All employers in the state are required to submit new hire reports to the State Directory of New Hires (SDNH) where they are collected and then transmitted to the National Directory of New Hires. Ultimately this data is used by the Program to initiate the withholding of employee wages to meet their child support obligation. During 2007, approximately 1.8 million new hire reports were processed by the SDNH.

For FY 2007-08, this line was appropriated \$11,613,279 and 37.9 FTE. During FY 2007-08, the line was expanded through H.B. 07-1349 to implement the requirements of the Federal Deficit Reduction Act. An \$118,943 one-time appropriation was added to the line to implement these provisions. In FY 2008-09, two changes were made to the line. The one-time appropriation of \$118,943 for the DRA provisions was removed and BRI #1 was submitted and approved (02-28-08 JBC Figure Setting, page 64) to convert two contract Information Technology staff to FTE was approved, which resulted in an efficiency item reduction of \$121,982. As part of the budget balancing process for FY 2008-09, Supplemental Request #30a for hiring freeze savings was approved and was reflected in S.B. 09-189, Supplemental Appropriations for the Department of Human Services. This supplemental action reduced the line by a total of \$112,884, \$38,381 in General Fund and \$74,503 in Federal Funds. The final appropriation for FY 2008-09 was \$11,342,182 with 39.9 FTE. For FY 2009-10, the appropriation was adjusted for the annual adjustments for salary survey and pay for performance. The FY 2009-10 appropriation also included an adjustment to restore the hiring freeze savings. In addition, an adjustment was made to reduce the line by \$46,545 as part of the 1.82% personal services reduction that came out of a JBC conference committee. Furthermore, the Department received funding for Decision Item #NP-2 in the amount of \$6,274 for a postage increase and a mail equipment upgrade. As part of the budget balancing process for FY 2009-10, a reduction of \$400,00, \$136,000 in General Fund and \$264,000 in Federal Funds. The final appropriation for FY 2009-10 was \$11,152,799. For FY 2010-11, the Department is requesting that the \$46,545 personal services reduction be restored and that the one-time funding for the postage/mail equipment upgrade be removed. In addition, the Department is requesting Decision Item #NP-3 which reduces the line by \$1,917,012, of which \$651,783 is General Fund and \$1,265,229 is Federal Funds, and 23.0 FTE for the Statewide Information Technology Staff Consolidation. For FY 2010-11, the Department is requesting total funding in the amount of \$9,276,058.

CHILD SUPPORT ENFORCEMENT

The Child Support Enforcement (CSE) program is mandated by Title IV-D of the Social Security Act of 1975, which provides federal funding through grants for state-run child support enforcement programs. Title IV of the Social Security Act covers grants to states for the purpose of providing aid and services to needy families with Part "D" of that law providing for child support and the

Line Item Descriptions FY 10-11 BUDGET REQUEST

establishment of paternity. Additionally, C.R.S. 26-13-101, C.R.S. (2009) et seq. enacted the "Colorado Child Support Enforcement Act" and states "the purposes of this article is to provide for enforcing the support obligations owed by obligors, to locate obligors, to establish parentage, to establish and modify child support obligations, and to obtain support in cooperation with the federal government pursuant to Title IV-D of the federal 'Social Security Act', as amended, and other applicable federal regulations."

The inception of this line item dates back to the mid- 1970's when the IV-D program began. The line provides funding for the staff and operating costs of the Child Support Enforcement Division. The Division provides operational oversight, training, policy development and monitoring to the 64 county child support units. It also operates several centralized enforcement remedies, such as the drivers and professional license suspension programs, and a unit that processes cases where one of the parties lives in a different state or country. The Division insures that Colorado complies with all federal and state regulations and laws concerning child support enforcement. Finally, the Division continually works to improve the state's performance in establishing and enforcing orders for paternity, child support, and medical support. The line is funded with 34% General Fund and 66% Federal Financial Participation (FFP) with the federal funding for child support remaining uncapped. It does not include costs for the operation, maintenance and ongoing development of the Automated Child Support Enforcement System (ACSES), the operation of the Family Support Registry (FSR) that processes child support payments or the State Directory of New Hires (SDNH); these are contained in the ACSES line.

The Child Support Enforcement line was appropriated \$2,027,077 and 24.5 FTE for FY 2007-08. This funding was continued into FY 2008-09 with adjustments for salary act and performance pay, resulting in an appropriation of \$2,075,707. The Department received continuation funding for FY 2009-10, with the annual salary adjustments. In addition, Decision Item #NP-2 was approved which provided \$15,629 for a one-time postage increase and a mail equipment upgrade. The final appropriation for FY 2009-10 was \$2,175,345. For FY 2010-11, the Department is requesting \$2,159,716, which is the FY 2009-10 appropriation less the one-time funding for the postage/mail equipment upgrade. In addition, Decision Item #8 is requesting one-time funding in the amount of \$2,484,521 (\$844,737 Cash Funds from the state's share of retained child support collections, and \$1,639,784 Federal Funds) for the following programs: Enhanced Medical Support; Paternity Establishment; and Education Initiatives. The total request for FY 2010-11 is \$4,644,237.

(E) DISABILITY DETERMINATION SERVICES

Disability Determination Services (DDS) is a 100% federally funded program that provides the Social Security Administration (SSA) with medical disability decisions for Colorado residents who apply for benefits under the Social Security Disability Insurance (SSDI) and/or Supplemental Security Income (SSI) programs. Utilizing standards provided by the SSA, State Disability Determination Specialists and Medical Consultants located in the DDS office in Denver provide adjudication services for initial, reconsideration and continuing disability review (CDR) cases for SSDI and SSI claimants on behalf of the federal government. DDS is the agency sanctioned by the SSA to determine medical eligibility for these benefits. See: Social Security Act: Sections 205, 1102, 1106 and 1601-1634; Title 20: Parts 400-401 and 416, C.F.R. The SSDI is an insurance program providing benefits to disabled workers. The basic

Line Item Descriptions FY 10-11 BUDGET REQUEST

purpose of SSI is to assure a minimum level of income to people who are aged, blind or disabled, and who have limited income and resources. There is no minimum age limit in establishing eligibility on the basis of blindness or disability.

The DDS was appropriated \$16,962,577 and 140.5 FTE for FY 2007-08. It included decision item, DI #17, which transferred 6.0 FTE and \$430,847 from the Office of Information Technology Services to Disability Determination Services, since all work performed is in direct support of the operations and mission of DDS, using SSA computer systems independent from the State network. The JBC approved the D.I. on March 5, 2007 (Figure Setting, Page 47). The DDS was appropriated continuation funding of \$17,208,434 for FY 2008-09. The Department received continuation funding for FY 2009-10, with the annual salary adjustments. In addition, Decision Item #NP-2 was approved in the amount of \$722 for a one-time postage increase and a mail equipment upgrade. The final appropriation for FY 2009-10 was \$17,654,687. The Department is requesting \$16,886,781 for FY 2010-11, which is the FY 2009-10 appropriation less the one-time funding for the postage/mail equipment upgrade, plus Decision Item #NP-3 which is for a decrease of \$767,184 and 8.8 FTE related to the Statewide Information Technology Staff Consolidation.

Line Item Descriptions FY 10-11 BUDGET REQUEST

(8) MENTAL HEALTH AND ALCOHOL AND DRUG ABUSE SERVICES

(A) ADMINISTRATION

Personal Services

The Personal Services line item includes salaries and benefits for the Office of Behavioral Health Housing central administration.

The appropriation for FY 2007-08 totaling \$1,718,386 and 20.1 FTE (SB 07-239) includes \$51,741 for salary survey and a 0.5% personal services base reduction (\$8,095) pursuant to the Office of State Planning and Budgeting (OSPB) and the Joint Budget Committee (JBC) common policies.

FY 2007-08 Special Bills included \$26,998 and 0.5 FTE for HB 07-1057 concerning Demonstration Programs for Integrated Systems of Care Family Advocacy Programs for Mental Health Juvenile Justice Populations, \$51,161 and 0.8 FTE for SB 07-097/HB 07-1359 Allocation of Tobacco Litigation Settlement Moneys, \$14,471 and 0.3 FTE for SB 07-146 concerning the creation of A Pilot Program to provide Mental Health Services to Families of Recently Discharged Veterans and \$72,330 and 1.0 FTE for SB 07-230 concerning Revisions to the Children's Mental Health Treatment.

The Department submitted Decision Item #8 titled Community Health Services totaling \$1,501,032 and 2.0 FTE to provide appropriate mental health services to an additional 446 children with serious emotional disturbance (SED) and adults with serious mental illness (SMI), who live under 300 percent of the federal poverty level (FPL), and who do not currently receive care in any system. Of the \$117,234 requested for personal services, \$107,464 and 2.0 FTE was appropriated to provide adequate contract compliance/administration for the Division of Mental Health programs and to provide adequate program quality assurance and monitoring through site reviews, technical assistance and training (FY 2007-2008 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Services, Administration and Mental Health Sections Only, March 14, 2007, Page 34.)

The Division of Children's Health and Rehabilitation (CHR) was established in January 2000 and included mental health, developmental disabilities, and alcohol and drug abuse programs to address the youth components of programs that were traditionally considered adult services. The personal services and operating expenses associated with 2.0 FTE in the Alcohol and Drug Abuse Division (ADAD), 1.5 FTE in the Division of Mental Health (DMH) and 1.0 FTE in Developmental Disability Services were transferred to the CHR to fund the administrative cost in FY 2001-02. The objective was to focus on services for children and

Line Item Descriptions FY 10-11 BUDGET REQUEST

increase collaboration and integration of children's services. In FY 2003-04, the Department determined it would be more effective to dissolve the CHR and return the original funding. The 2.0 ADAD FTE were incorrectly allocated to the DMH. Therefore, the Department submitted technical Supplemental/Budget Amendment T-5 titled Transfer 2.0 FTE to ADAD from DMH to transfer (\$121,202) and (2.0 FTE) that appropriated in this line item to the ADAD Personal Services line item. (FY 2007-2008 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Services, Administration and Mental Health Sections Only, March 14, 2007, Page 35.)

The Goebel Lawsuit Settlement line item was created in FY 2003-04 to fund services for approximately 1,600 Medicaid eligible and non-Medicaid eligible individuals with mental illness in northwest Denver. Effective March 31, 2006, the Goebel Lawsuit was dismissed as a result of compliance with court ordered service requirements associated with the Goebel Settlement. As a result, the Department submitted a Technical Supplemental/Budget Amendment T-4 titled Incorporate Goebel GF and FTE Appropriations into Appropriate DMH line items (net zero dollar impact) to accurately reflect the status of the Goebel Lawsuit settlement and to maintain services and state staffing and operating funding at base levels. The Joint Budget Committee approved the transfer of \$178,424 and 2.0 FTE to the Personal Services line item. (FY 2007-2008 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Services, Administration and Mental Health Sections Only, March 14, 2007, Page 35.)

In FY 2005-06 funding associated with staff providing direct services to indigent clients was transferred from other line items to the personal services line item in order to consolidate personal services and operating expenses for the Division of Mental Health in one section of the Long Bill. However, the corresponding FTE authority associated with the dollars was not increased. The JBC staff added 1.0 FTE authority for a position that monitors the programmatic/clinical services and outcomes for the treatment of youth in approximately sixty residential treatment facilities, reviews seventeen community mental health centers, seven clinics and twelve 27-10 facilities, enforces corrective action plans and provides training and technical assistance. 0.5 FTE authority was also added to an existing position for data and evaluation. (FY 2007-2008 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Services, Administration and Mental Health Sections Only, March 14, 2007, Page 36.)

Supplemental/Budget Amendment S-12 titled Additional Mental Health Services Block Grant Funds and 2008 Population In Need Study requested additional Federal Funds spending authority in FY 2007-08 and FY 2008-09 due to an increase in the Mental Health Services Block Grant in the amount of \$441,499. These monies will be used to complete the 2008 Colorado Population in Need (PIN) Study and fund 1.0 FTE in FY 2008-09 to support data, evaluation and reporting functions, provide technical assistance and training on services to the non-Medicaid eligible population (i.e. indigent population) and also included technical changes. \$75,000 for the PIN Study and \$44,000 for training and technical assistance was appropriated as requested in HB 07-1287 Supplemental Bill (FY

Line Item Descriptions FY 10-11 BUDGET REQUEST

2007-08 Supplemental, Department of Human Services, Mental Health and Alcohol and Drug Abuse Services, January 21, 2008, Page 11).

Supplemental/Budget Amendment S-1 titled Staff and Operating Funding to Improve Monitoring of the Not Guilty by Reason of Insanity Outpatients in the Community requested \$114,862 General Fund and 1.0 FTE in FY 2007-08, which annualizes to \$522,394 General Fund and 5.5 FTE in FY 2008-09, to provide the staff and operating funds needed to adequately assess and monitor 152 Not Guilty by Reason of Insanity (NGRI) outpatients currently residing in Colorado communities. \$16,254 and 0.2 FTE was appropriated in HB 08-1375 Supplemental Add on (FY 2007-08 Supplemental: Department of Human Services Mental Health and Alcohol and Drug Abuse Services, January 21, 2008, Page 7).

Budget Amendment #3 Colorado Unified Supervision Treatment Program (CUSP) included in the Governor's Recidivism Reduction and Offender Diversion Package totaling \$3,094,267 General Fund and 11.0 FTE in the Departments of Corrections, Human Services, Judicial and Public Safety was not recommended by JBC staff due to concerns regarding the efficacy of the pilot projects. The CUSP proposal created interdisciplinary pilot projects in four judicial districts to supervise and treat adult offenders referred from probation, parole and/or community corrections staff. \$60,666 General Fund and 1.0 FTE were requested in the Personal Services line item. (FY 2007-08 Figure Setting: Recidivism Reduction Package Various Departments, March 13, 2007, Page 38).

The appropriation for FY 2008-09 (HB 08-1375) includes \$53,869 for salary survey, \$17,527 for achievement pay and a 1.0% personal services base reduction (\$20,737) pursuant to the OSPB and the JBC common policies, and annualizations totaling \$54,976 (DI#8 \$9,770, S-12 (\$5,955) and 1.0 FTE, SB 07-097/HB 07-1359 \$51,161 and 0.7 FTE). Special Bill HB 07-1022 Family Mental Health Services Grant Program provided one-time funding totaling \$59,505 and 0.4 FTE (\$29,505 for personal services and \$30,000 contractual for site evaluations at each community mental health center receiving a grant) for family mental health services in rural areas.

Supplemental/Budget Amendment S-1 titled Staff and Operating Funding to Improve Monitoring of the Not Guilty by Reason of Insanity Outpatients in the Community appropriated \$12,561 and 0.2 FTE and \$66,077 and 0.8 FTE annualized in FY 2008-09. (FY 2007-08 Supplemental, Department of Human Services, Mental Health and Alcohol and Drug Abuse Services, January 21, 2008, Page 7).

The appropriation for FY 2009-10 totaling \$2,243,843 and 25.4 FTE includes \$70,643 for prior year salary survey, \$27,232 for prior year performance-based pay, and (\$5,467) for prior year performance-based pay adjustment (20% non-based) pursuant to the OSPB common policies as well as 1.82% budget balancing personal services reduction totaling \$35,284. JBC staff initiative #1 eliminated

Line Item Descriptions FY 10-11 BUDGET REQUEST

\$59,505 and 0.4 FTE for the Family Mental Health Services Grant Program (Supplemental Requests for FY 2008-09 and FY 2007-08, Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, January 29, 2009, Page 11). There were no Change Requests submitted for this line item in FY 2009-10.

The FY 2010-11 Base Request totaling \$2,264,656 and 25.1 FTE deletes \$14,471 Cash Funds and 0.3 FTE because SB 07-146 Mental Health Services Pilot Program for Veterans and Families sunsets and includes an adjustment of \$35,284 to restore the one-time personal services cut in FY 2009-10. There were no Change Requests submitted for this line item in FY 2010-11.

Operating Expenses

This appropriation includes general operating, travel, capital outlay and transfer expenditures for the Office of Behavioral Health and Housing central administration.

The continuation base was \$33,690 in FY 2007-08. \$500 (Supplemental/Budget Amendment T-4) and \$8,760 (Decision Item #8) were appropriated to this line item in FY 2007-08. Information regarding these requests is included in the Personal Services line item description.

FY 2007-08 Special Bills included \$2,599 FTE for HB 07-1057 Three Demonstration Programs for Integrated Systems of Care Family Advocacy Programs, \$8,476 for SB 07-097/HB 07-1359 Allocation of Tobacco Litigation Settlement, and \$5,337 for SB 07-230 Revisions to the Children's Mental Health Treatment.

Budget Amendment #3 Colorado Unified Supervision Treatment Program (CUSP) included \$3,800 General Fund for the Operating Expenses line item was not recommended by JBC staff due to concerns regarding the efficacy of the pilot projects. (FY 2007-08 Figure Setting: Recidivism Reduction Package Various Departments, March 13, 2007, Page 38).

Supplemental/Budget Amendment S-12 titled Additional Mental Health Services Block Grant Funds and 2008 Population In Need Study requested additional Federal Funds spending authority in FY 2007-08 and FY 2008-09 due to an increase in the Mental Health Services Block Grant. \$45,000 was appropriated as requested in HB 07-1287 Supplemental Bill and annualized in the amount of \$4,405 in FY 2008-09. (FY 2007-08 Supplemental, Department of Human Services, Mental Health and Alcohol and Drug Abuse Services, January 21, 2008, Page 11).

Line Item Descriptions FY 10-11 BUDGET REQUEST

Supplemental/Budget Amendment S-1 titled Staff and Operating Funding to Improve Monitoring of the Not Guilty by Reason of Insanity Outpatients in the Community appropriated \$3,693 and annualized in the amount of (\$2,743) in FY 2008-09. (FY 2007-08 Supplemental, Department of Human Services, Mental Health and Alcohol and Drug Abuse Services, January 21, 2008, Page 7).

FY 2008-09 annualizations totaled (\$14,205) comprised of DI#8 (\$6,010), SB 07-230 (\$2,897), HB 07-1057 (\$1,503), SB 07-097/HB 07-1359 (\$3,795).

The FY 2009-10 Base Request totals \$95,512. The FY 2009-10 Request includes Decision Items #NP-1 State Fleet Variable Cost (\$331) and NP-2 Postage Increase and Mail Equipment Upgrade (\$929) pursuant to the OSPB common policies and totals \$96,772. Decision Item #NP-2 was appropriated as requested in FY 2009-10.

The FY 2010-11 Base Request totals \$95,512. The FY 2010-11 Request includes the annualization of Decision Item #NP-2 Postage Increase and Mail Equipment Upgrade in the amount of (\$929). There were no Change Requests submitted for this line item in FY 2010-11.

Federal Indirect Cost

This line item reflects the monies anticipated to be recovered from federal sources that allow for indirect administrative costs. These monies are used to offset General Fund expenditures in the Department of Human Services Executive Director's Office. HB 08-1375 and SB 09-259 appropriated \$27,138 Federal Funds in FY 2008-09 and FY 2009-10 respectively. The FY 2010-11 base request totals \$27,138 Federal Funds. There were no Change Requests submitted for this line item in FY 2010-11.

Federal Programs and Grants

The Division of Behavioral Health applies for a variety of federal grants designed to enhance mental health services in Colorado. The Federal Programs and Grants line item includes special purpose demonstration projects and research program grants funded at the Division level by the federal government. The appropriation for FY 2007-08 (SB 07-239) includes \$8,926 for Salary Survey and a 0.5% Personal Services base reduction (\$3,435) pursuant to the OSPB and the JBC common policies.

Supplemental/Budget Amendment T-6 titled Update Federal Funds and FTE Authority in HB 06-1385 (Long Bill) for Supportive Housing and Homeless Programs, Division of Mental Health and Alcohol and Drug Abuse Division requested a technical correction to reflect actual federal funds received for administration and direct program costs and corresponding FTE for the Supportive Housing

Line Item Descriptions FY 10-11 BUDGET REQUEST

and Homeless Program (SHHP), the Division of Mental Health and the Alcohol and Drug Abuse Division totaling \$9,806,613 and 10.5 FTE. \$785,416 and 4.0 FTE were appropriated as requested for the Division.

The appropriation for FY 2008-09 (HB 08-1375) includes \$24,463 for Salary Survey and \$7,580 for achievement pay pursuant to the OSPB and the JBC common policies.

The appropriation for FY 2009-10 (SB 09-259) totals \$2,531,634 and 11.0 FTE \$15,669 for prior year salary survey, \$5,647 for prior year performance-based pay, and (\$1,129) for prior year performance-based pay adjustment (20% non-based) pursuant to the OSPB common policies. There were no Change Requests submitted for this line item in FY 2009-10.

The FY 2010-11 base request totals \$2,531,634 and 11.0 FTE. There were no Change Requests submitted for this line item in FY 2010-11.

Supportive Housing and Homeless Program

The Supportive Housing and Homeless Program (SHHP) provides housing subsidies to consumers through community agencies that work with persons who have special needs and persons who are homeless. In addition to serving individuals with mental illness, SHHP assists in obtaining affordable housing for persons with developmental disabilities, homeless individuals and families, families who are receiving or have received Temporary Assistance for Needy Families (TANF), persons with disabilities who are served through the Division of Vocational Rehabilitation, youth aging out of foster care and other homeless youth, non-elderly persons with disabilities moving from nursing homes to the community and other persons and families with special needs. All of the Supportive Housing and Homeless Programs are federally funded.

SB 07-239 appropriated \$26,743 for Salary Survey and a 0.5% Personal Services base reduction (\$5,373) pursuant to the OSPB and JBC common policies in FY 2007-08. SHHP has also been successful in increasing the amount of federal dollars received each year through grant applications to the U.S. Department of Housing and Urban Development. As a result, \$4,313,588 in Federal Funds and 5.5 FTE requested in Supplemental/Budget Amendment T-6 were appropriated in FY 2007-08. The increase in dollars resulted in an increase in the number of persons receiving housing assistance and also the number of staff needed to administer the programs.

The appropriation for FY 2008-09 (HB 08-1375) includes \$34,339 for Salary Survey and \$11,725 for achievement pay pursuant to the OSPB and the JBC common policies

Line Item Descriptions FY 10-11 BUDGET REQUEST

The FY 2009-10 Base Request totaled \$20,089,757 and 19.0 FTE includes \$40,243 for prior year salary survey, \$14,490 for prior year performance-based pay, and (\$2,898) for prior year performance-based pay adjustment (20% non-based) pursuant to the OSPB common policies. Additionally, FY 2009-10 Decision Item #NP-2 included \$1,731 Federal Funds for postage increase and mail equipment upgrade.

FY 2009-10 Decision Item #13 Homeless Program Funding requested \$241,718 General Fund (annualizes to \$254,752 General Fund in FY 2010-11) for Supportive Housing and Homeless Programs (SHHP) to continue operating several of the Department's homeless programs. The homeless programs for which funding is requested include the Shelter Plus Care (S+C) Program, the Office of Homeless Youth Services, and participation in initiatives related to homelessness. This funding request included three components:

1. \$22,017 in unfunded administrative cost and operating expenses overhead (General Professional III position) to continue administering seven federal Shelter Plus Care (S+C) Program grants totaling \$2.9 million;
2. \$92,302 for a General Professional III position to continue staffing the statutorily required Office of Homeless Youth Services (OHYS); and
3. \$127,399 for a General Professional VI position to continue management and oversight of SHHP's homeless programs, grant acquisition and administration, and participation in initiatives related to homelessness.

Historically, all staff positions and administrative expenses including SHHP's homeless programs have been 100% federally funded by Section 8 administrative funding from the Department of Housing and Urban Development (HUD). Prior to 2004, HUD also allowed agencies to use Section 8 administrative funds and reserves that were not needed to cover administrative costs for general housing purposes.

Effective January 1, 2004, HUD regulations changed, mandating the use of these funds solely for activities related to the provision of Section 8 tenant-based housing. As a result, the Long Bill appropriation does not cover costs associated with the administration of SHHP's homeless programs. (FY 2009-10 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, March 3, 2009, Page 20).

The appropriation for FY 2009-10 totaling \$20,091,488 and 19.0 FTE includes \$40,243 for prior year salary survey, \$14,490 for prior year performance-based pay, and (\$2,898) for prior year performance-based pay adjustment (20% non-based) pursuant to the OSPB common policies as well as \$1,731 for Decision Item #NP-2 Postage Increase and Mail Equipment Upgrade.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The FY 2010-11 Base Request totals \$20,089,757 and 19.0 FTE and includes the (\$1,731) annualization of FY 2008-09 Decision Item #NP-2 Postage Increase and Mail Equipment Upgrade. There were no Change Requests submitted for this line item in FY 2010-11.

Traumatic Brain Injury Trust Fund

HB 02-1281 created the Colorado Traumatic Brain Injury Board and the Traumatic Brain Injury Trust Fund to provide for services, education and research in traumatic brain injuries. The General Assembly established the Colorado Traumatic Brain Injury Trust Fund to meet an identified need for a coordinated system to serve persons with traumatic brain injuries. HB 02-1281 created the Colorado Traumatic Brain Injury Board to manage the trust fund, and directed the Board to expend the monies collected based on a statutorily defined allocation. Monies in the trust fund are designated in statute for client services (65%), research (30%), and education (5%).

The TBI program provides a variety of services to adults and children, including care coordination, cognitive therapy, speech therapy, physical therapy, one-time home modifications, and many other types of services. These services assist individuals with TBI to live independently, become employed, and participate as active members of their communities.

The appropriation for FY 2007-08 includes \$2,515 for Salary Survey and a 0.5% Personal Services base reduction (\$547) pursuant to the OSPB and the JBC common policies.

The Department submitted Decision Item #22 titled Appropriation of Traumatic Brain Injury (TBI) Trust Fund Surplus requesting \$445,125 Cash Funds Exempt and 1.0 FTE in order to serve an additional 46 adults and 18 children and reduce the number of eligible individuals on the wait list as well as the average length of time on the wait list. A total of \$400,000 (\$260,000 for client services, \$120,000 for research and \$20,000 for Education) for TBI services and \$45,125 and 0.5 FTE were appropriated to hire a position to handle the increased administrative workload.

The Traumatic Brain Injury Trust Fund line item was transferred to Section (9) Services for People with Disabilities (B) Division of Vocational Rehabilitation in HB 08-1375 (Long Bill).

(B) MENTAL HEALTH COMMUNITY PROGRAMS

(1) Mental Health Services for the Medically indigent

Services for Indigent Mentally Ill Clients

Community programs provide the majority of the services delivered in the public mental health system. Colorado's public mental health system is comprised of community-based mental health programs overseen by the Division of Mental Health (DMH). This line item provides for the following services: partial care, outpatient, case management, long term care, inpatient care, residential care, sheltered workshop/vocational, chronically mentally ill services, and children's crisis services.

In FY 2007-08, non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 2%. A 1.5% cost-of-living increase in the amount of \$437,926 was appropriated for community providers pursuant to the OSPB and the JBC common policies.

The Department submitted Decision Item #8 titled Community Health Services totaling \$1,501,032 and 2.0 FTE to provide appropriate mental health services to an additional 446 children with serious emotional disturbance (SED) and adults with serious mental illness (SMI), who live under 300 percent of the federal poverty level (FPL), and who do not currently receive care in any system. The \$1,372,788 for mental health services was appropriated in this line item as requested in FY 2007-08. (FY 2007-08 Figure Setting Department of Human Services Mental Health and Alcohol and Drug Abuse Services, Administration and Mental Health Sections Only, March 14, 2007, Page 24).

The Goebel Lawsuit Settlement line item was created in FY 2003-04 to fund services for approximately 1,600 Medicaid eligible and non-Medicaid eligible individuals with mental illness in northwest Denver. Effective March 31, 2006, the Goebel Lawsuit was dismissed as a result of compliance with court ordered service requirements associated with the Goebel Settlement. In September 2006, the Department of Health Care Policy and Financing (DHCPF) and the Department of Human Services (DHS) submitted a '1331' supplemental to transfer the Medicaid funding associated with the Goebel population to the Mental Health Capitation Program in the DHCPF. At the time, the DHCPF estimated that the cost of all services provided to the Medicaid-eligible Goebel population would be reimbursable under the existing Medicaid Capitation Program. However, not all of the services previously provided to the Goebel population are reimbursable under Capitation. Specifically, some of the intensive integrated services cannot be billed through Medicaid. Therefore, the DHS requested \$870,000 General Fund in FY 2006-07 and \$435,000 General Fund in FY 2007-08 to continue these services to this Medicaid-eligible population in a late supplemental/budget amendment submitted on January 18, 2007.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The annualized amount of \$383,351 was appropriated in FY 2007-08 based on updated Medicaid data that indicated that the loss of revenue would be less than anticipated. (FY 2007-08 Figure Setting Department of Human Services Mental Health and Alcohol and Drug Abuse Services, Administration and Mental Health Sections Only, March 14, 2007, Page 45).

The Department submitted a Technical Supplemental/Budget Amendment T-4 titled Incorporate Goebel GF and FTE Appropriations into Appropriate DMH line items (net zero dollar impact) to accurately reflect the status of the Goebel Lawsuit settlement and to maintain services and state staffing and operating funding at base levels. The Joint Budget Committee approved the transfer of \$6,597,711 (\$6,435,802 General Fund and \$161,909 Cash Funds Exempt) to this line item as requested. (FY 2007-2008 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Services, Administration and Mental Health Sections Only, March 14, 2007, Page 45.)

Supplemental/Budget Amendment S-12 titled Additional Mental Health Services Block Grant Funds and 2008 Population In Need Study requested additional Federal Funds spending authority in FY 2007-08 and FY 2008-09 due to an increase in the Mental Health Services Block Grant in the amount of \$441,499. These monies were used to complete the 2008 Colorado Population in Need (PIN) Study and fund 1.0 FTE in FY 2008-09 to support data, evaluation and reporting functions, provide technical assistance and training on services to the non-Medicaid eligible population (i.e. indigent population) and also included technical changes. The transfer of the indirect costs (\$27,138) in this line item to the new Federal Indirect Costs line item and \$277,499 additional Block Grant funding was appropriated as requested in HB 07-1287 Supplemental Bill. (FY 2007-08 Supplemental: Department of Human Services Mental Health and Alcohol and Drug Abuse Services, January 21, 2008, Page 11).

Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 1.35%. A 1.5% cost-of-living increase in the amount of \$470,837 was appropriated for community providers pursuant to the OSPB and the JBC common policies in FY 2008-09. (JBC Staff Memorandum Community Provider Rates Figure Setting for FY 2008-09 and FY 2009-10, February 2, 2009.)

Decision Item #8 titled Covering Mental Health Services for Indigent Clients requested funds to provide public community mental health services to 966 additional clients, including children with serious emotional disturbance (SED) and adults with serious mental illness (SMI), who live under 300 percent of the federal poverty level (FPL), and who do not currently receive care in any system. The rate used to calculate the increase in number of clients served is \$3,104 per client. The \$2,998,464 requested was approved by the JBC. (FY 2008-09 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Services Only, March 6, 2008, Page 16).

Line Item Descriptions FY 10-11 BUDGET REQUEST

In FY 2008-09, JBC action added an additional \$100,000 to fund therapeutic goods and services for the Not Guilty by Reason of Insanity outpatients in the community and \$325,000 for Colorado West Hospitals/Southwest Colorado ATU inpatient facilities.

The appropriation for FY 2008-09 totaled \$39,849,902 and included Budget Reduction S-24 Reduce Forensics Community Based Services Flexible Funds reduced new funding for Community Mental Health Centers to provide services to clients who were committed to the Colorado Mental Health Institute at Pueblo (CMHIP) as Not Guilty by Reason of Insanity and transitioned to community placement in the amount of \$90,000 General Fund.

In FY 2008-09, the Colorado Department of Human Services, Division of Behavioral Health was allocated \$100,000 General Fund to provide flexible funding to the Community Mental Health Centers for Forensic Community Based Services (FCBS) clients that may not be funded through Medicaid or other means. Forensics Community Based Services clients are individuals that were committed to the Colorado Mental Health Institute at Pueblo as Not Guilty by Reason of Insanity and have progressed in their mental health treatment such that they are able to move into the community with adequate supervision, services and support.

This funding was provided to cover the costs of treatment that are usually not allowable for reimbursement under Medicaid. All individuals adjudicated as Not Guilty by Reason of Insanity are eligible for Medicaid once they are living in the community. As a result, Medicaid reimburses many of the key components of the treatment plan for these individuals. In addition, community mental health centers can use indigent funding or other flexible funds to cover any costs that Medicaid will not reimburse.

This funding was provided for the first time in FY 2008-09 and only \$10,000 has been requested and disbursed to the community mental health centers. Therefore the Department does not anticipate that this reduction will have a significant impact on services to clients, nor create a significant hardship for community mental health centers. Community mental health centers have been providing services to FCBS clients for years without this additional funding.

This funding is allocated on a request-by-request basis. Community Mental Health Centers submit a request for the funds based on a specific individual's treatment plan and demonstration that this service cannot be paid for through other means. Each request must state that the funds, if approved, are to provide and reimburse providers for services in the following areas that include but are not limited to: sex offender treatment, screening for alcohol and illicit substances (e.g. urine toxicology, breathalyzer, and alco-strips), serum drug levels or assays, and medication costs. Services that are reimbursable by Medicaid, Medicare, or any other funding source are not eligible for funding under this program. Therefore, this proposal does not result in a reduction to any community mental health center contract.

Line Item Descriptions FY 10-11 BUDGET REQUEST

JBC Staff initiated #2 technical corrections adjusted COLA by (\$25,710) General Fund (Supplemental Requests for FY 2008-09 and FY 2007-08, Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, January 29, 2009, Page 12) and moved \$1,713,993 General Fund from this line item to establish a new Medications for Indigent Mentally Ill Clients line item in order to increase transparency in the Long Bill in FY 2008-09. (FY 200-10 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, March 3, 2009, Page 23).

The FY 2009-10 base request totaled \$41,648,905. There were no Change Requests submitted for this line item in FY 2009-10.

Budget Reduction BA-24 Reduce Forensics Community Based Services Flexible Funds reduced new funding for Community Mental Health Centers to provide services to clients who were committed to the Colorado Mental Health Institute at Pueblo (CMHIP) as Not Guilty by Reason of Insanity and transitioned to community placement in the amount of \$10,000 General Fund.

The appropriation for FY 2009-10 totaled \$39,839,202. JBC staff also changed the title of the line item from Services for 10,296 Indigent Mentally Ill Clients to Services for Indigent Mentally Ill Clients.

The FY 2010-11 base request totals \$39,839,202. The November 6, 2009 Budget Request includes Budget Reduction Item 4 titled Two Percent (2%) Community Provider Base Decrease that totals (\$18,151,245) including (\$10,170,199) net General Fund. The request decreases the base appropriation for all community provider services in the Department of Human Services by two percent (2%) in FY 2010-11.

There are several departments in the State that contract with community providers to provide services to eligible clients. The General Assembly has historically appropriated annual inflationary increases or cost of living adjustments for community providers to fund services that might otherwise be delivered by State FTE. The Department is requesting a 2.0% decrease for all client service providers due to the projected State revenue shortfall. This line item would be reduced by \$668,874 General Fund as a result of the Departmental Request.

The total FY 2010-11 November 6 Request totals \$39,170,328.

Medications for Indigent Mentally Ill Clients

As part of the FY 2008-09 supplemental presentation, JBC Staff recommended that a new line item be added to the Long Bill for medications for indigent mentally ill clients in order to separate community provider and medication funding and to increase

Line Item Descriptions FY 10-11 BUDGET REQUEST

transparency in the Long Bill. \$1,713,993 General Fund was moved from the Services for 10,296 Indigent Mentally Ill Clients line item to establish this new line item. (FY 200-10 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, March 3, 2009, Page 23).

The FY 2010-11 base request totals \$1,713,993. There were no Change Requests submitted for this line item in FY 2010-11.

Early Childhood Mental Health Services

Funding for this line item to provide evaluation and psychiatric services for children with serious emotional disturbance was requested in FY 2002-03. A supplemental was subsequently submitted to delete the funding in FY 2002-03 due to state revenue shortfalls. The program was reinstated by the General Assembly effective the last quarter of FY 2005-06. The program supports early childhood mental health specialists in each of the seventeen community mental health centers and psychiatric services for children with serious emotional disturbance.

The continuation base was \$1,135,750 in FY 2007-08. Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 2%. A 1.5% cost-of-living increase in the amount of \$17,036 was appropriated for community providers pursuant to the Office of State Planning and Budgeting common policies in FY 2007-08.

Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 1.35%. A 1.5% cost-of-living increase in the amount of \$17,292 was appropriated for community providers pursuant to the OSPB and the JBC common policies in FY 2008-09. (JBC Staff Memorandum Community Provider Rates Figure Setting for FY 2008-09 and FY 2009-10, February 2, 2009.)

The appropriation totaled \$1,170,078 in FY 2009-10. There were no Change Requests submitted for this line item in FY 2009-10.

The FY 2010-11 base request totals \$1,170,078. The November 6, 2009 Budget Request includes Budget Reduction Item 4 titled Two Percent (2%) Community Provider Base Decrease that totals (\$18,151,245) including (\$10,170,199) net General Fund. The request decreases the base appropriation for all community provider services in the Department of Human Services by two percent (2%) in FY 2010-11.

There are several departments in the State that contract with community providers to provide services to eligible clients. The General Assembly has historically appropriated annual inflationary increases or cost of living adjustments for community providers to fund services that might otherwise be delivered by State FTE. The Department is requesting a 2.0% decrease for all client service providers

Line Item Descriptions FY 10-11 BUDGET REQUEST

due to the projected State revenue shortfall. This line item would be reduced by \$23,402 General Fund as a result of the Departmental Request.

The total FY 2010-11 November 6 Request totals \$1,146,676.

Assertive Community Treatment Programs

Assertive Community Treatment (ACT) is a service delivery model for providing comprehensive community-based treatment to adults with serious and persistent mental illness that has demonstrated very successful outcomes. The ACT model includes a mobile mental health unit that functions interchangeably to provide the treatment, rehabilitation, and support services that adults with serious mental illnesses need to live successfully in the community. This line item was established in FY 2000-01 for intensive outpatient case management services for severely mentally ill adults. Approximately 120 severely and persistently mentally ill clients are provided new or enhanced services through competitive grants to community mental health centers.

The continuation base was \$1,278,102 (\$639,051 General Fund and \$639,051 matching Cash Funds Exempt) in FY 2007-08. Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 2%. A 1.5% cost-of-living increase in the amount of \$19,172 was appropriated for community providers pursuant to the Office of State Planning and Budgeting common policies in FY 2007-08.

Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 1.35%. A 1.5% cost-of-living increase in the amount of \$19,460 was appropriated for community providers pursuant to the OSPB and the JBC common policies in FY 2008-09. (JBC Staff Memorandum Community Provider Rates Figure Setting for FY 2008-09 and FY 2009-10, February 2, 2009.) The appropriation totaled \$1,316,734 in FY 2009-10. There were no Change Requests submitted for this line item in FY 2009-10.

The FY 2010-11 base request totals \$1,316,734. The November 6, 2009 Budget Request includes Budget Reduction Item 4 titled Two Percent (2%) Community Provider Base Decrease that totals (\$18,151,245) including (\$10,170,199) net General Fund. The request decreases the base appropriation for all community provider services in the Department of Human Services by two percent (2%) in FY 2010-11.

There are several departments in the State that contract with community providers to provide services to eligible clients. The General Assembly has historically appropriated annual inflationary increases or cost of living adjustments for community providers to fund services that might otherwise be delivered by State FTE. The Department is requesting a 2.0% decrease for all client service providers

Line Item Descriptions FY 10-11 BUDGET REQUEST

due to the projected State revenue shortfall. This line item would be reduced by \$13,167 General Fund and \$13,167 Cash Funds as a result of the Departmental Request.

The total FY 2010-11 November 6 Request totals \$1,290,400.

Alternatives to Inpatient Hospitalization at a Mental Health Institute

The JBC Staff recommended consolidating the Alternatives to Inpatient Hospitalization at the Mental Health Institute at Pueblo, the Alternatives to Inpatient Hospitalization at the Mental Health Institute at Fort Logan, the Alternatives to the Fort Logan Aftercare Program and the Alternatives to Inpatient Hospitalization for Youth line items into a single new line item titled Alternatives to Hospitalization at the Mental Health Institutes to reflect the total funding of \$2,977,822 for alternatives to services at the Mental Health Institutes in FY 2007-08. (FY 2007-2008 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Services, Administration and Mental Health Sections Only, March 14, 2007, Page 50.)

Alternatives to Inpatient Hospitalization at the Mental Health Institute at Pueblo-- This line item includes funding for community-based alternative placement to mitigate bed reductions (eight beds closed on March 1, 2003 and 24 beds closed on April 1, 2003) at the Colorado Mental Health Institute at Pueblo. The General Assembly funded community-based alternatives in order to ensure that patients would continue to receive services. The funding in this line item is only for non-Medicaid indigent clients.

The continuation base was \$942,433 in FY 2007-08. Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 2%. A 1.5% cost-of-living increase in the amount of \$14,136 was appropriated for community providers pursuant to the Office of State Planning and Budgeting common policies in FY 2007-08.

Alternatives to Inpatient Hospitalization at the Mental Health Institute at Fort Logan-- This line item includes funding alternatives to inpatient hospitalization slots associated with downsizing the Community Connections (CCI) unit at the Colorado Mental Health Institute at Fort Logan.

The Community Connections Inpatient (CCI) unit was an unlocked 27-bed unit that served as a “step down” from other adult units at the Mental Health Institute at Fort Logan. The unit was targeted for closure because it provided the lowest intensity of care at Fort Logan. The CCI utilized physical therapy, behavioral programs, medication administration education and practice, occupational therapy, and intensive hygiene programs for persons with dangerous behaviors, a history of repeated recidivism

Line Item Descriptions FY 10-11 BUDGET REQUEST

and significant medical issues. The Community Mental Health Centers took over the program on July 1, 2003 and the existing program at Fort Logan was closed. The funding in this line item is only for non-Medicaid indigent clients. The JBC also restored \$230,000 General Fund in FY 2005-06 that annualized to \$900,000 in FY 2006-07.

The continuation base was \$1,543,743 in FY 2007-08. Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 2%. A 1.5% cost-of-living increase in the amount of \$23,156 was appropriated for community providers pursuant to the Office of State Planning and Budgeting common policies in FY 2007-08.

Alternatives to the Fort Logan Aftercare Program - This line item provides funding to the community providers to manage the existing Aftercare Program at the Colorado Mental Health Institute at Fort Logan since the Community Mental Health Centers can provide similar services at a substantially lower cost. The funding enabled the community providers to take over management of the existing Fort Logan Aftercare program as of April 1, 2003.

The Aftercare Program was established in 1972, and consists of three residential buildings and a family care program that involves referring clients to therapeutic home placements. The program serves 53 severely ill, mostly elderly individuals, many who have spent most of their life in this program. The funding is for only non-Medicaid indigent clients.

The continuation base was \$188,267 in FY 2007-08. Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 2%. A 1.5% cost-of-living increase in the amount of \$2,824 was appropriated for community providers pursuant to the Office of State Planning and Budgeting common policies in FY 2007-08.

Alternatives to Inpatient Hospitalization for Youth – This program focuses on reducing hospitalization of youth in the Mental Health Institutes by providing necessary community-based services. The program objective is to avert hospitalization of youth in a mental health institute by providing necessary community-based services. The line item is associated with the reduction of eight adolescent inpatient beds at the Colorado Mental Health Institutes at Pueblo and Fort Logan. Funding is distributed to Centennial Mental Health Center (eastern plains) and the Colorado West Regional Mental Health Center. These communities were selected because they had the most feasible plans to reduce hospitalizations in their areas. Centennial Mental Health Center focuses on developing residential options and includes county departments as partners. The Colorado West project includes the development of a community-based assessment process in partnership with the Department of Human Services and a residential treatment provider. The project utilizes an existing acute treatment unit for children and adolescents and links with St. Mary's Hospital in Grand Junction to evaluate youth.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The continuation base was \$259,372 in FY 2007-08. Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 2%. A 1.5% cost-of-living increase in the amount of \$3,891 was appropriated for community providers pursuant to the Office of State Planning and Budgeting common policies in FY 2007-08.

Juvenile Mental Health Pilot (HB 00-1034)—The appropriation provides comprehensive mental health treatment services for youth with a history of serious criminal justice involvement. The line item was added in FY 2000-01 by a special bill to fund two pilot mental health programs for youth administered by community mental health centers in Sterling and Denver. The program provides comprehensive mental health treatment services for youth with a history of criminal justice involvement and a serious mental illness and includes family-based treatment and low staff to client ratios per statute.

The program sunset in June 2007 and the Legislative Oversight Committee for Persons with Mental Illness in the Criminal Justice system (original sponsor) and the Department did not continue the pilots because these services are more cost-effective if provided by community mental health centers. As required pursuant to Section 16-8-205, C.R.S., the Department submitted a legislative report on this program on January 11, 2007. The report reaches the following conclusion:

“Past evaluations for the two pilot sites have documented some positive outcomes for youth served in these program. However, the most extensive evaluation of the projects to date was unable to attribute positive outcomes of participating youth directly in the pilot component. In the January 2006 evaluation report, both the youth receiving pilot services and the comparison youth receiving more traditional mental health treatment showed similar positive outcomes. While the design of that evaluation did not allow for analysis of what would have happened had youth received no mental health services, it was generally encouraging that both groups receiving treatment (both pilot and comparison group youth) did show improved outcomes 12 months after participation in the program.”

Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 1.35%. A 1.5% cost-of-living increase in the amount of \$44,667 was appropriated for community providers pursuant to the OSPB and the JBC common policies in FY 2008-09.

Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 1.35%. A 1.5% cost-of-living increase in the amount of \$44,667 was appropriated in the Alternatives to Inpatient Hospitalization at a Mental Health Institute line item for community providers pursuant to the OSPB and the JBC common policies in FY 2008-09. (JBC Staff Memorandum Community Provider Rates Figure Setting for FY 2008-09 and FY 2009-10, February 2, 2009.)

Line Item Descriptions FY 10-11 BUDGET REQUEST

The appropriation totaled \$3,022,489 in FY 2009-10. There were no Change Requests submitted for this line item in FY 2009-10.

The FY 2010-11 base request totals \$3,202,668 and includes a budget reduction proposal (12- Close 59 Beds at the Colorado Mental Health Institute at Fort Logan) to close 59 beds at the Colorado Mental Health Institute at Fort Logan effective January 1, 2010. The proposal also includes funding for the Community Mental Health Centers (CMHCs) and Behavioral Healthcare Organizations (BHOs) to provide services for the indigent patients currently served on the units proposed for closure and for the placement of elderly patients currently served in the CMHIFL Geriatrics unit in community residential or inpatient facilities (including Medicaid and Medicare eligible facilities). In addition to the closure of the 59 beds effective January 1, 2010, this proposal includes the closure of the twenty-bed Therapeutic Residential Child Care Facility (TRCCF) as of July 1, 2010 for a total closure of 79 beds at the CMHIFL in FY 2010-11.

The fiscal impact for the Colorado Department of Human Services as a result of the proposed bed closures is a reduction of \$1,366,097 Net General Fund and 48.4 FTE in FY 2009-10 and a reduction of \$4,211,643 Net General Fund and 126.6 FTE in FY 2010-11. These savings are offset by a fiscal impact to the Department of Health Care Policy and Financing (HCPF) of \$524,863 in FY 2009-10 (including \$201,601 General Fund and \$323,262 Federal Funds) and \$1,049,726 in FY 2010-11 (including \$464,033 General Fund and \$585,693 Federal Funds). The fiscal impact to HCPF includes an adjustment for American Recovery and Reinvestment Act funds.

The FY 2010-11 annualization of the August 24, 2009 budget reduction proposal includes \$105,988 General Fund for the CMHCs and the BHOs to provide services for the indigent patients currently served on the units proposed for closure and for the placement of elderly patients currently served in the CMHIFL Geriatrics unit in community residential or inpatient facilities (including Medicaid and Medicare eligible facilities) and \$74,191 for Children and adolescents who are not Medicaid eligible because their parents exceed Medicaid income and/or asset limits would present at private hospitals. It is estimated that 0.21 ADA on the Children's unit and 0.385 ADA on the Adolescent unit are indigent and would need additional funding in FY 2009-10. The Division of Behavioral Health (DBH) would allocate the additional funding appropriated in the Alternatives to Inpatient Hospitalization line item to the Community Mental Health Centers.

The November 6, 2009 Budget Request includes Budget Reduction Item 4 titled Two Percent (2%) Community Provider Base Decrease that totals (\$18,151,245) including (\$10,170,199) net General Fund. The request decreases the base appropriation for all community provider services in the Department of Human Services by two percent (2%) in FY 2010-11.

Line Item Descriptions FY 10-11 BUDGET REQUEST

There are several departments in the State that contract with community providers to provide services to eligible clients. The General Assembly has historically appropriated annual inflationary increases or cost of living adjustments for community providers to fund services that might otherwise be delivered by State FTE. The Department is requesting a 2.0% decrease for all client service providers due to the projected State revenue shortfall. This line item would be reduced by \$64,053 General Fund as a result of the Departmental Request.

The total FY 2010-11 November 6 Request totals \$3,138,615.

Enhanced Mental Health Pilot Services for Detained Youth

The Enhanced Mental Health Pilot Services for Detained Youth Program (Turnabout Program) was established by Joint Budget Committee action in FY 2005-06. This program is a collaborative effort jointly administered by the Division of Behavioral Health (DBH) and the Division of Youth Corrections (DYC). The program was designed to meet the mental health and substance use treatment needs of detained youth who are not Medicaid eligible at pilot sites in Jefferson County and Mesa County. Services are provided by two Community Mental Health Centers (CMHCs). The Jefferson Center for Mental Health and Colorado West Regional Mental Health Center provide detention center based and community outpatient based services including assessments, group and individual therapy, substance use disorder treatment, case management, transition services, Functional Family Therapy, Multi-Systemic Therapy, etc

This line item includes post detention funding for the Division of Youth Corrections mental health treatment program for detained youth. This funding was eliminated in FY 2003-04 during figure setting for the Division of Youth Corrections and reinstated during the FY 2005-06 figure setting. The program, funded by the Division of Youth Corrections and Mental Health Services, identifies the mental health needs of youth placed in detention and provides needed services during detention and in the community and funds follow-up mental health services in the community.

The continuation base was \$493,019 in FY 2007-08. Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 2%. A 1.5% cost-of-living increase in the amount of \$7,395 was appropriated for community providers pursuant to the Office of State Planning and Budgeting common policies in FY 2007-08.

Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 1.35%. A 1.5% cost-of-living increase in the amount of \$7,506 was appropriated for community providers pursuant to the OSPB and the JBC common policies in FY 2008-09. (JBC Staff Memorandum Community Provider Rates Figure Setting for FY 2008-09 and FY 2009-10, February 2, 2009.)

Line Item Descriptions FY 10-11 BUDGET REQUEST

The appropriation totaled \$507,920 in FY 2009-10. There were no Change Requests submitted for this line item in FY 2009-10.

The FY 2010-11 base request totals \$0 as a result of a budget reduction proposal 11- Eliminate the Enhanced Mental Health Pilot Services for Detained Youth Program) totaling \$580,385 General Fund (\$380,940 Division of Behavioral Health and \$199,445 Division of Youth Corrections) in FY 2009-10 and \$773,847 (\$507,920 Division of Behavioral Health and \$265,927 Division of Youth Corrections) in FY 2010-11 to eliminate the Enhanced Mental Health Pilot Services for Detained Youth Program.

The consequence of eliminating this program would be a reduction of available mental health services for detained/post-detained youth in the Grand Mesa Youth Services Center (Western Slope) and Mount View Youth Services Center (Central Colorado excluding Denver) catchment areas.

Family Advocacy Demonstration Sites

Special Bill HB 07-1057 concerning Demonstration Programs for Integrated Systems of Care Family Advocacy Programs for mental health juvenile justice populations appropriated \$130,769 and annualized amount of \$26,154.

Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 1.35%. A 1.5% cost-of-living increase in the amount of \$2,354 was appropriated for community providers pursuant to the OSPB and the JBC common policies in FY 2008-09. (JBC Staff Memorandum Community Provider Rates Figure Setting for FY 2008-09 and FY 2009-10, February 2, 2009.)

S-16 Technical Corrections to Tobacco Settlement Monies totaling \$434,089, includes \$1,477,778 Cash Funds and (\$1,043,689) Reappropriated Funds, corrects the tobacco litigation settlement appropriation and revises the lettersnotes in the Long Bill for FY 2008-09 and FY 2009-10. The request corrects the appropriation of the tobacco settlement monies pursuant to special bill legislation concerning the allocation of tobacco litigation settlement monies. JBC staff deleted the \$2,354 cost-of-living increase that was appropriated for community providers. The appropriation for FY 2008-09 totaled \$156,923 Cash Funds in FY 2008-09. (Supplemental Requests for FY 2008-09 and FY 2007-08, Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, January 29, 2009, Page 1).

BA-16 Technical Corrections to Tobacco Settlement Monies requested \$36,877 Cash Funds to correct the appropriation of tobacco settlement monies pursuant to special bill legislation HB 07-1057. The General Assembly appropriated the funds as requested and added \$2,354 cost-of-living adjustment for a total appropriation of \$196,154 in FY 2009-10. (FY 200-10 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, March 3, 2009, Page 25).

Line Item Descriptions FY 10-11 BUDGET REQUEST

The FY 2010-11 base request totals \$196,154. The November 6, 2009 Budget Request includes Budget Reduction Item 4 titled Two Percent (2%) Community Provider Base Decrease that totals (\$18,151,245) including (\$10,170,199) net General Fund. The request decreases the base appropriation for all community provider services in the Department of Human Services by two percent (2%) in FY 2010-11.

There are several departments in the State that contract with community providers to provide services to eligible clients. The General Assembly has historically appropriated annual inflationary increases or cost of living adjustments for community providers to fund services that might otherwise be delivered by State FTE. The Department is requesting a 2.0% decrease for all client service providers due to the projected State revenue shortfall. This line item would be reduced by \$3,923 Cash Funds as a result of the Departmental Request.

The total FY 2010-11 November 6 Request totals \$192,231.

Mental Health Services for Juvenile and Adult Offenders

Special Bill SB 07-097/HB 07-1359 Tobacco Litigation Settlement appropriated \$1,995,828 and annualized amount of \$2,010,230. An attached amendment in HB 08-1287 increased the appropriation in the amount of \$28,946.

Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 1.35%. A 1.5% cost-of-living increase in the amount of \$60,091 was appropriated for community providers pursuant to the Office of State Planning and Budgeting (OSPB) and the Joint Budget Committee (JBC) common policies in FY 2008-09. (JBC Staff Memorandum Community Provider Rates Figure Setting for FY 2008-09 and FY 2009-10, February 2, 2009.)

The appropriation totaled \$4,066,149 in FY 2008-09. There were no Change Requests submitted for this line item in FY 2009-10. However, JBC staff increased the line item by \$91,151 to correct an error in the distribution of tobacco monies such that the appropriation for FY 2009-10 totals \$4,157,300.

The FY 2010-11 base request totals \$4,092,997 as a result of Special Bill 09-269 Adjustment of the Allocation of Tobacco Litigation Settlement Moneys received by the State in the amount of (\$64,303). The November 6, 2009 Budget Request includes Budget Reduction Item 4 titled Two Percent (2%) Community Provider Base Decrease that totals (\$18,151,245) including (\$10,170,199) net General Fund. The request decreases the base appropriation for all community provider services in the Department of Human Services by two percent (2%) in FY 2010-11.

Line Item Descriptions FY 10-11 BUDGET REQUEST

There are several departments in the State that contract with community providers to provide services to eligible clients. The General Assembly has historically appropriated annual inflationary increases or cost of living adjustments for community providers to fund services that might otherwise be delivered by State FTE. The Department is requesting a 2.0% decrease for all client service providers due to the projected State revenue shortfall. This line item would be reduced by \$81,860 Cash Funds as a result of the Departmental Request.

The total FY 2010-11 November 6 Request totals \$4,011,137.

Veteran Mental Health

Special Bill SB 07-146 appropriation concerning the creation of a pilot program to provide mental health services to families of recently discharged veterans totaled \$285,529.

Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 1.35%. A 1.5% cost-of-living increase in the amount of \$4,283 was appropriated for community providers pursuant to the OSPB and the JBC common policies in FY 2008-09. (JBC Staff Memorandum Community Provider Rates Figure Setting for FY 2008-09 and FY 2009-10, February 2, 2009.)

S-16/BA-16 Technical Corrections to Tobacco Settlement Monies included a (\$4,283) Cash Funds adjustment to correct the amount appropriated from the Mental Health Services Pilot Program Fund. (Supplemental Requests for FY 2008-09 and FY 2007-08, Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, January 29, 2009, Page 3). Therefore, the appropriation totaled \$285,529 in FY 2008-09 and FY 2009-10.

The FY 2010-11 Base Request eliminates the entire appropriation for the line item (\$285,529 Cash Funds) because SB 07-146 Mental Health Services Pilot Program for Veterans and Families sunsets.

(2) Residential Treatment for Youth (HB 99-1116)

HB 99-1116 established the Child Mental Health Treatment Act (CMHTA), which provides parents the option of mental health treatment residential services for children without requiring a dependency and neglect action. HB 04-1421 allocated tobacco settlement moneys for the implementation and appropriation for child mental health treatment. The program, codified in 27-10.3-101 through 107, C.R.S. (2005), provides parents the option of residential services for mental health treatment without going through the local county Departments of Social Services or the court.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The program provides funding to assist the family in placing a children in a therapeutic residential child care facility (TRCCF) when the child is not categorically eligible for Medicaid based on income criteria or suitable for placement based on "dependency and neglect" criteria. Funding helps to cover the initial costs of treatment and room and board costs for the child who will subsequently be Medicaid eligible based on a disability and temporary placement in the residential treatment center. The Department covers sliding scale parent fees and expenses that are not paid by private insurance, Medicaid, and Supplemental Security Income (SSI) benefits for children in the program.

The Residential Treatment for Youth Program (HB 99-1116) includes residential treatment in a facility and community based transition services that include case management. Residential Treatment Centers (RTC) traditionally have provided these services. However, the Centers for Medicare and Medicaid Services (CMS) required that the State of Colorado change the methodology for billing for residential treatment center services effective July 1, 2006. This change in funding methodology created a funding shortfall since Medicaid currently pays significantly less of the cost for these services. The 1331 Supplemental/Budget Amendment #1G totaling \$392,296 enabled the DMH to continue providing services for the Residential Treatment for Youth (HB 99-1116) Program by decreasing the Medicaid appropriation, transferring Tobacco Litigation Settlement Cash Funds appropriated to the Department of Health Care Policy and Financing (DHCPF) to the Colorado Department of Human Services (CDHS), and requesting additional General Fund to backfill the reduced Medicaid funding. Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 2%. A 1.5% cost-of-living increase in the amount of \$13,164 was appropriated for community providers pursuant to the Office of State Planning and Budgeting common policies in FY 2007-08.

Special Bill HB 06-1317 was implemented for the purposes of providing State staff for monitoring and development of community alternatives for the CMHTA program, (\$77,667) was transferred to the (8) Mental Health and Alcohol and Drug Abuse Services Personal Services and Operating Expenses line items in the Long Bill.

Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 1.35%. A 1.5% cost-of-living increase in the amount of \$16,686 was appropriated for community providers pursuant to the OSPB and the JBC common policies in FY 2008-09. (JBC Staff Memorandum Community Provider Rates Figure Setting for FY 2008-09 and FY 2009-10, February 2, 2009.)

The appropriation for FY 2008-09 totaled \$1,129,146.

S-23/BA-23 Child Mental Health Treatment Act proposed reduction of \$137,935 General Fund represents a projected surplus of funding based upon current caseload and prior year utilization in the Residential Treatment for Youth (HB 99-1116) Program. Based on expenditure patterns, the program was not likely to fully expend the appropriation. The Department, therefore, submitted a budget

Line Item Descriptions FY 10-11 BUDGET REQUEST

reduction proposal to reduce the appropriation in FY 2008-09. This reduction could result in new admissions being restricted depending upon actual placements and needed services. (Supplemental Requests for FY 2008-09 and FY 2007-08, Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, January 29, 2009, Page 7).

The appropriation totaled \$991,211 in FY 2009-10. There were no Change Requests submitted for this line item in FY 2009-10.

The FY 2010-11 base request totals \$991,211. The November 6, 2009 Budget Request includes Budget Reduction Item 4 titled Two Percent (2%) Community Provider Base Decrease that totals (\$18,151,245) including (\$10,170,199) net General Fund. The request decreases the base appropriation for all community provider services in the Department of Human Services by two percent (2%) in FY 2010-11.

There are several departments in the State that contract with community providers to provide services to eligible clients. The General Assembly has historically appropriated annual inflationary increases or cost of living adjustments for community providers to fund services that might otherwise be delivered by State FTE. The Department is requesting a 2.0% decrease for all client service providers due to the projected State revenue shortfall. This line item would be reduced by a total of \$14,217 as a result of the Departmental Request.

The total FY 2010-11 November 6 Request totals \$976,994.

(C) MENTAL HEALTH INSTITUTES

Mental Health Institutes

The Colorado Mental Health Institute at Pueblo (CMHIP) and the Colorado Mental Health Institute at Fort Logan (CMHIFL) provide inpatient hospitalization for the seriously mentally ill citizens of Colorado. The Colorado Mental Health Institute at Pueblo was established in 1879 and provides inpatient psychiatric services for mentally ill persons in the southern and western regions of Colorado and certain patients from the north central and northeastern areas of the state. The Institute for Forensic Psychiatry (IFP) and a 20-bed acute care hospital, also located at CMHIP, receive referrals statewide. The Colorado Mental Health Institute at Fort Logan was established and licensed as a state psychiatric hospital in 1961 and is charged with providing psychiatric treatment services to residents of the Denver metropolitan area, as well as patients from the north central and northeastern areas of the state. Additionally, CMHIFL operates a licensed Residential Treatment Center (RTC) to provide comprehensive residential treatment for older children

Line Item Descriptions FY 10-11 BUDGET REQUEST

and adolescents with serious psychiatric and behavioral problems. The CMHIFL receives referrals statewide for children 10 years of age and younger.

The Mental Health Institutes (MHIs) play an important role in the continuum of care in the mental health system in Colorado. Over time, the MHIs have moved away from housing mentally ill patients to providing active treatment in a secure setting with the goal of reintegrating severely mentally ill individuals back into the community. The majority of the patients are currently referred to the MHIs by the Community Mental Health Centers (CMHCs) when the patient is too unstable for community services to be effective. The MHIs, therefore, have become the provider of short-term secure stabilization services to the State's most severely mentally ill citizens.

SB 07-239 appropriated \$89,656,698 and 1,252.9 FTE in FY 2007-08. The appropriation for FY 2007-08 includes \$2,140,682 for Salary Survey, a 0.5% Personal Services base reduction (\$393,139), \$324,892 for medical inflation, and \$27,288 for food inflation pursuant to the OSPB and the JBC common policies.

Over the past few years, the number of court-ordered sanity and competency evaluations and Incompetent To Proceed (ITP) restorations referred to the CMHIP Institute of Forensic Psychiatry (IFP) has increased significantly. The waiting list has grown from 30 to 81 individuals waiting up to five months in jail to be admitted. The escalating waiting list poses an increasing risk of serious legal liabilities for the Department resulting from delayed admissions.

The Department submitted a 1331 Supplemental/Budget Amendment 1-J titled 20-Bed Competency Restoration Unit at the Colorado Mental Health Institute at Pueblo (CMHIP) to reopen a 20-bed, inpatient, medium-security unit dedicated to Institute for Forensic Psychiatry (IFP) competency evaluation and restorations in order to eliminate the current backlog of patients within a year, reduce the potential for legal actions against the Department regarding delayed admissions, and minimize the possibility for negative treatment outcomes for those individuals awaiting admission. Since the new unit would be located in a former medium-security unit that was vacated only two years ago, no construction funding was required and the beds could be operational quickly upon hiring staff and purchasing furniture and equipment. Upon completion of the new High Security Forensics Institute (HSFI) in the summer of 2009, the patients, staff, equipment and furniture allocated to these beds would then move to the HSFI as medium-security beds.

The appropriation included funding for a) bolster security staffing for the CMHIP Medium Security unit, reflecting the increased demand posed by the reopening of the unit; and b) meet the increasing costs incurred through administering and paying for evaluation reports done by psychiatrists and contracted psychologists. The \$2,366,916 and 47.7 FTE personal services appropriation reflects the impact in FY 2006-07, annualized in FY 2007-08. Additionally, \$529,341 was appropriated for operating expenses in this emergency

Line Item Descriptions FY 10-11 BUDGET REQUEST

1331 supplemental approved on December 15, 2007. (FY 2007-2008 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Services, Administration and Mental Health Sections Only, March 14, 2007, Page 72.)

The Department submits a supplemental and budget amendment every year as a late supplemental to adjust the estimated revenue that will be available to the Mental Health Institutes based on the current patient mix and any changes to Medicaid and Medicare reimbursement for services received by Institute patients. The Institutes receive revenue from various sources to pay for the cost of care to patients, including patient payments typically cash from disability benefits, Medicare, Medicaid, third party insurers (e.g. Kaiser), counties, school districts and other state Departments (e.g. Department of Corrections, Department of Education). Each year, the Department projects the revenue that will be received from all of these sources based on the revenue that has been received year-to-date in the current fiscal year. The difference between the total Institute spending authority minus the estimated total revenue from all sources equals the amount of General Fund the Institutes will need to continue their operations. In addition, the Institutes transfer a portion of their revenue to other offices in the Department that provide support functions for Institute operations, such as facilities management, accounting, and information technology, etc.

The Mental Health Institutes provide support services for the Sol Vista Division of Youth Corrections Facility and the Department of Corrections La Vista Facility that were opened on the Pueblo campus during FY 2006-07. In FY 2007-08, the JBC staff recommended eliminating these two line items and adding \$548,765 and 5.0 FTE and \$400,493 and 5.0 FTE respectively to the Mental Health Institutes line item. (FY 2007-2008 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Services, Administration and Mental Health Sections Only, March 14, 2007, Page 74.)

Over the last several years, the Mental Health Institutes have had increasing difficulty retaining registered nurses, primarily due to the Institutes' lower salaries and less-attractive benefit packages. The JBC appropriated \$500,000 General Fund in FY 2007-08 to specifically address hiring and retention of nurses.

Supplemental/Budget Amendment S-1 titled Staff and Operating Funding to Improve Monitoring of the Not Guilty by Reason of Insanity Outpatients in the Community requested \$114,862 General Fund and 1.0 FTE in FY 2007-08, which annualizes to \$522,394 General Fund and 5.5 FTE in FY 2008-09, to provide the staff and operating funds needed to adequately assess and monitor 152 Not Guilty by Reason of Insanity (NGRI) outpatients currently residing in Colorado communities. \$49,975 and 0.6 FTE was appropriated in the HB 08-1375 Supplemental Add on for additional Staffing for Safety & Forensic Community Based Services Outpatient Monitoring and \$11,666 for operating expenses. (FY 2007-08 Supplemental: Department of Human Services Mental Health and Alcohol and Drug Abuse Services, January 21, 2008, Page 7).

Line Item Descriptions FY 10-11 BUDGET REQUEST

The appropriation for FY 2008-09 (HB 08-1375 totaling \$94,767,339 and 1259.6 FTE) includes \$2,488,402 for salary survey and \$710,569 for achievement pay pursuant to the OSPB and the JBC common policies, and annualizations totaling \$269,894 for Supplemental/Budget Amendment S-1.

Decision Item #1 titled Staff and Operating Funding for the New High Security Forensics Institute (HSFI) at the Colorado Mental Health Institute at Pueblo (CMHIP) requested \$638,190 General Fund and 5.1 FTE in FY 2008-09, which annualizes to \$1,737,615 General Fund and 22.7 FTE in FY 2009-10 to provide the remaining staff and operating funds necessary to operate the new HSFI. Construction will be completed on the State's new state-of-the-art, 200-bed, 200,000 square-foot building in June 2009. \$216,125 and 3.2 FTE to increase the current staffing level, \$98,769 and 1.9 FTE for additional therapeutic and security staffing and \$215,419 for one-time transition costs for startup was appropriated for personal services and \$78,071 for operating expenses. (FY 2008-09 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Services Only, March 6, 2008, Page 22).

Decision Item #7 titled Compression Pay for Nurse I (Registered Nurse) Positions at the Colorado Mental Health Institutes requested \$1,006,095 to increase the salaries of experienced Mental Health Institute nurses in the Nurse I job class to an amount competitive with the private sector for nurses with comparable levels of experience. \$986,386 was appropriated to support the initiative to improve nurse retention at the MHIs by increasing the salaries of experienced existing staff. (FY 2008-09 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Services Only, March 6, 2008, Page 29).

Decision Item #9 titled Linen Contract Transfer was a technical change request to transfer \$84,159 General Fund and the contract management responsibility for the Fort Logan linen services contract from the Office of Operations to the Colorado Mental Health Institute at Fort Logan (CMHIFL) was approved as requested. (FY 2008-09 Figure Setting Department of Human Services Office of Operations and Services for People with Disabilities, March 5, 2008, Page 37.)

Stand Alone Budget Amendment SBA#1- Mental Health Institute Menu Planning and Food Preparation and Office of Operations Consolidation of Food Purchases eliminated duplicative functions that resulted in a savings to the State of (\$98,794) and (1.9) FTE in FY 2008-09 and (\$98,794) and (1.9) FTE in FY 2009-10. The Department consolidated meal preparation and food related purchasing in an effort to increase efficiency and reduce costs by consolidating menu preparation and food ordering at Fort Logan and Pueblo Mental Health Institutes. (FY 2008-09 Figure Setting Department of Human Services Office of Operations and Services for People with Disabilities, March 5, 2008, Page 37.)

The FY 2009-10 Base Request totaling \$98,911,403 and 1277.2 FTE includes \$2,318,263 for prior year salary survey, \$1,043,745 for prior year performance-based pay, and (\$208,749) for prior year performance-based pay adjustment (20% non-based) pursuant to the

Line Item Descriptions FY 10-11 BUDGET REQUEST

OSPB common policies. FY 2009-10 continuation base adjustments include (\$286,192) to delete one-time costs of FY 2008-09 Decision Item #1 Staff and Operating Expenses for the New HSFI at CMHIP; \$1,187,325 and 17.6 FTE annualization of FY 2008-09 Decision Item #1 and \$89,672 annualization of FY 2008-09 Decision Item #7 Compression Pay for Nurse I at the Colorado Mental Health Institutes. In addition, the FY 2009-10 request includes \$31,764 for DI#NP-1 State Fleet Variable Cost and \$3,064 for DI#NP-2 Postage Increase and Mail Equipment Upgrade pursuant to the OSPB common policies.

FY 2009-10 Decision Item #5 Direct Care Capital Outlay for Regional Centers, Mental Health Centers, and Facilities Management and Facilities Management Operating Increase requests \$569,359 total fund increase for direct care capital outlay items: \$77,650 for the Mental Health Institutes, \$164,250 for the Regional Centers for the Developmentally Disabled, and \$327,459 for the Division of Facilities Management to replace old, deteriorated, and broken furniture, fixtures, and equipment. FY 2009-10 is the first year of a four-year plan for capital outlay replacement for the Regional Centers and the first year of a two-year plan for the Mental Health Institutes and the Office of Operations, Division of Facilities Management. The Mental Health Institutes do not have a separate appropriation for capital outlay. All such purchases are included in the general operating budget. The Institutes have not received an increase related to capital outlay in over five years.

Both the Colorado Mental Health Institute at Fort Logan and the Colorado Mental Health Institute at Pueblo continue to experience difficulty in replacing furniture, fixtures, and equipment in a timely manner. The annual funding for the Institutes for Capital Outlay is inadequate.

The table below illustrates some of the high priority needs at this time. As documented, much of the equipment is old and obsolete. In many cases, the existing equipment is no longer being manufactured and repair parts are becoming increasingly difficult to locate. There is no choice but to replace the equipment once parts are no longer available and waiting until equipment absolutely has to be replaced is not prudent. In the interim, there is potential liability to the State as both patient and staff safety is a concern when equipment is broken and not functioning properly.

Only large cost items \$5,000+ have been included in the request. There are a myriad of other small equipment needs in the \$1,000-\$4,999 range that are small individually, but total hundreds of thousands of dollars in the aggregate.

Line Item Descriptions FY 10-11 BUDGET REQUEST

Year 1 FY 2009-10 Equipment	Comments	AHA Useful Lives	FY 2009-10 Request
CMHIFL— Electroencephalographic (EEG) machine for Medical Clinic	Replace existing machine that is 29 years old and obsolete; the study is printed on paper that is no longer manufactured; bought up all the paper from various suppliers several years ago; have a 1 year supply left, then the machine will be useless; must be replaced as EEG studies are a vital part of the psychiatric work-up of patients.	Electroencephalograph, 7 years	\$ 40,000

Year 1 FY 2009-10 Equipment	Comments	AHA Useful Lives	FY 2009-10 Request
CMHIP—Patient furniture for Forensic Advanced Cognitive Behavioral Unit (Wardrobes and Captain’s Beds w/drawers Qty—10 each)	Current wardrobes and beds are over 20 years old and are basically falling apart; some patients no longer have a wardrobe as the one they were using became so bad it was disposed of.	Beds, Manual 15 years	\$ 13,170
CMHIFL—Women’s bathroom remodel on Adult Team 2	Currently Adult Team 2 has one bathroom for 16 female patients; due to safety concerns, only one patient can use the bathroom at a time unless staff is present; as a result, there have been numerous patient complaints related to the delay in having access to the bathroom; existing bathroom is constructed in such a way that it can be divided into 2 with a tub or shower, toilet, and sink in each half; having 2 bathrooms will reduce the delay in access to a bathroom, thereby reducing the potential for conflict, reducing staff needed for monitoring, and increasing patient privacy.	Partitions, toilet 15 years	\$ 7,150
CMHIP—Integrated Bolt Down Security Seating for Dining Area on Locked Adolescent Unit (Qty—5 Tables)	Currently dining room has tables with individual chairs; this is a maximum security unit with high risk children who have picked up and thrown chairs at staff and peers; requested seating bolts to the floor and chairs can not be separated to use as a weapon.		\$ 5,830

Line Item Descriptions FY 10-11 BUDGET REQUEST

CMHIP—Centrifuge for Laboratory Department	Need to replace existing centrifuge purchased 10/01/89; currently 19 years old.	Centrifuge 7 years	\$ 6,500
CMHIFL—Replace carpet in the Pharmacy Department	Existing carpet is worn and ripped at the seams; CMS surveyor identified it as a fall risk and safety hazard for staff; need to replace as soon as possible.	Carpet 5 years	\$ 5,000
Total FY 2009-10			\$ 77,650

FY 2009-10 Decision Item #17 Inflationary Increase for DHS Residential Programs requests additional operating funds of \$561,152 (\$511,539 NGF) for FY 2009-10 to address the high food and utilities inflation rates that impact the operating budgets of the Department of Human Services residential programs (Mental Health Institutes, Regional Centers for the Developmentally Disabled, and the Division of Youth Corrections). The request includes a 1.5% increase or \$113,547 (\$96,515 NGF) in the utilities appropriation to assist the Department in covering the inflationary increases of electric, natural gas, water and sewerage, and coal. The request also includes an 8.5% or \$447,605 (\$415,024 NGF) in various appropriations that incur food costs as part of the operations of a residential program. \$192,181 General Fund is requested for the Mental Health Institutes at Pueblo and Fort Logan. (FY 2009-10 Staff Figure Setting Department of Human Services Office of Operations and Services for People with Disabilities, March 4, 2009, Page 43).

Separate line items were established for the Colorado Mental Health Institute at Fort Logan and the Colorado Mental Health Institute at Pueblo in FY 2009-10 based on the Joint Budget Committee staff figure setting recommendation in order to track Institute expenditures and ensure transparency in reporting. The personal services and operating expenses at the Institutes were previously combined in the FY 2005-06 Long Bill to allow the Department greater flexibility and minimize over expenditure issues.

Mental Health Institute- Ft. Logan

The revised FY 2008-09 Long Bill appropriation totals \$26,882,984 and 338.8 FTE for the Mental Health Institute at Fort Logan.

Supplemental #30A Hiring Freeze Savings proposed a reduction in personal services associated with the hiring freeze for all state employees with the exception of positions that safeguard health and public safety imposed by the Governor in September 2008. JBC staff recommended the proposed dollar reduction (Supplemental Requests for FY 2008-09 and FY 2007-08 Department of Human Services Executive Director’s Office, Information Technology Services, County Administration, Self Sufficiency, Adult Assistance, January 27, 2009, Page 10) and also recommended reducing the appropriation by 4.7 FTE, which staff calculated based on estimated

Line Item Descriptions FY 10-11 BUDGET REQUEST

salaries of positions subject to the hiring freeze. The FTE reductions related to the hiring freeze are reflected for informational purposes only. The proposed \$81,084 General Fund reduction savings is included in the approved SB 09-189 Supplemental Bill for FY 2008-09.

FY 2008-09 Supplemental Add-on (SB 09-259) includes S-5 Mental Health Institutes Revenue Adjustment and S-18 Mental Health Institute Medicare Overpayment Determination (Late Supplemental). The Mental Health Institutes Revenue Adjustment supplemental requests a net zero change to the total appropriation, but requests \$3,075,070 Net General Fund (NGF) in FY 2008-09, annualized to \$2,177,134 Net General Fund in FY 2009-10 due to significant changes in patient revenue at the Mental Health Institutes. This supplemental (and corresponding budget amendment) is submitted every year as a late supplemental to adjust the estimated revenue that will be available to the Mental Health Institutes (Institutes) based on the current patient mix and any changes to Medicaid and Medicare reimbursement for services received by Institute patients. The current estimates for Mental Health Institute revenue, reflected in the letter notes for the total appropriation in the FY 2008-09 Long Bill, are based on estimates prepared in February 2008. These estimates are updated based on FY 2008-09 actual year-to-date revenue through December 2008. The estimated changes in all of the revenue projections by source is based on year-to-date actual revenue received projected through the end of the fiscal year. In addition, this supplemental adjusts the funding splits between the Institutes' three line items (Mental Health Institutes, General Hospital, and Educational Programs) since the Institutes are bottom-line funded. Revenue earned in the three line items has historically been recorded only in the Mental Health Institute line item. The Department will record revenue by each individual line item in order to analyze and evaluate revenue in more detail. \$1,231,943 Net General Fund was appropriated for the Mental Health Institute- Ft. Logan line item.

S-18 Mental Health Institute Medicare Overpayment Determination (Late Supplemental) requests \$1,044,319 General Fund to cover a potential over-expenditure in the Mental Health Institutes line item appropriation for FY 2008-09. The Medicare overpayment determination for FY 2003-04 and FY 2004-05 was not anticipated in FY 2008-09. As of December 2008, the MHIs are projecting to overspend the appropriation by \$294,097. The Institutes plan to spend the entire FY 2008-09 appropriation and, therefore, cannot absorb the Medicare overpayment amount.

The CMHIP and the CMHIFL bill Medicare pursuant to the Tax Equity & Fiscal Responsibility Act (TEFRA). TEFRA created the Medicare Prospective Payment System (PPS) in 1983 whereby acute care hospitals are reimbursed at predetermined amounts. All other providers (not acute care hospitals) are considered TEFRA providers and reimbursement is based on reasonable costs. The Colorado Mental Health Institutes at Pueblo and Fort Logan are designated as TEFRA providers since the Institutes are classified as psychiatric hospitals. A Cost Settlement Report for the State Fiscal Year (SFY) July 1 – June 30 is submitted annually on November 30 to reconcile cost reimbursements and actual costs for Medicare inpatient costs.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The Centers for Medicare and Medicaid Services (CMS) sent the Department of Human Services (CDHS) four letters dated February 13, 2009, demanding reimbursement for Medicare overpayments in fiscal periods ending 06/30/2004 and 06/30/2005 for the Colorado Mental Health Institutes at Pueblo and Fort Logan payable no later than February 28, 2009. The Department plans to appeal this determination, however, in order to avoid the withholding of Medicare payments, the Department paid the amount in full by the requested due date. \$624,941 was appropriated in the Mental Health Institute- Ft. Logan line item as requested.

The FY 2009-10 Long Bill appropriation (SB 09-259) totals \$27,212,895 and 338.8 FTE. The appropriation includes \$28,490 for the annualization of FY 2008-09 Decision Item #7 Compression Pay for Nurse 1 at the Colorado Mental Health Institutes, \$680,796 prior year salary survey, \$240,539 for prior year performance-based pay pursuant to the OSPB common policies as well as 1.82% budget balancing personal services reduction in the amount of (\$451,492).

In addition, Decision Item #5 Direct Care Capital Outlay for Regional Centers, Mental Health Institutes and Facilities Management and Facilities Management Operating Increase in the amount of \$47,150 (FY 2009-10 Staff Figure Setting Department of Human Services Office of Operations and Services for People with Disabilities, March 4, 2009, Page 34), Non-prioritized Decision Item #NP-2 Postage Increase and Mail Equipment Upgrade appropriated \$794 (FY 2009-10 Staff Figure Setting Office of Operations and Services for People with Disabilities, March 4, 2009, Page 37) and Budget Amendment BA-5 Mental Health Institute Revenue Adjustment totaled (\$84,473) Net General Fund in FY 2009-10.

The FY 2010-11 Base Request totals \$18,785,216 and 228.5 FTE and includes the deletion of (\$47,150) in one-time costs and \$67,375 annualization for the FY 2009-10 Decision Item #5 Direct Care Capital Outlay as well as the annualization in the amount of (\$794) for FY 2008-09 Decision Item #NP-2 Postage Increase and Mail Equipment Upgrade. The Base Request also includes an adjustment for the one-time FY 2009-10 personal services cut of \$451,492 and the annualization of the FY 2010-11 August 24, 2009 Budget Reduction Proposal 12- Close 59 Beds at the CMHIFL totaling (\$8,898,602) and (110.3) FTE.

Budget Reduction Proposal 12- Close 59 Beds at the Colorado Mental Health Institute at Fort Logan closes 59 beds at the Colorado Mental Health Institute at Fort Logan effective January 1, 2010. The proposal also includes funding for the Community Mental Health Centers (CMHCs) and Behavioral Healthcare Organizations (BHOs) to provide services for the indigent patients currently served on the units proposed for closure and for the placement of elderly patients currently served in the CMHIFL Geriatrics unit in community residential or inpatient facilities (including Medicaid and Medicare eligible facilities). See Alternatives to Inpatient Hospitalization at a Mental Health Institute line item.

Line Item Descriptions FY 10-11 BUDGET REQUEST

In addition to the closure of the 59 beds effective January 1, 2010, this proposal includes the closure of the twenty-bed Therapeutic Residential Child Care Facility (TRCCF) as of July 1, 2010 for a total closure of 79 beds at the CMHIFL in FY 2010-11. The budget reduction proposal includes the closure of the following treatment units at the CMHIFL:

Geriatrics Unit (25 beds): The budget reduction proposal would close the 25-bed Geriatrics unit for a savings of \$1,009,084 Net General Fund and 19.2 FTE in FY 2009-10 and \$2,374,767 and 38.3 FTE in FY 2010-11. The Institutes would continue to operate two 20-bed Geriatrics units at the CMHIP.

TRCCF (20 beds): The TRCCF serves youth referred by county Departments of Social Services and the Division of Youth Corrections. This proposal would close the 20-bed Therapeutic Residential Child Care Facility effective July 1, 2010 for a Net General Fund savings of \$575,061 and 29.8 FTE in FY 2010-11.

Adolescent Unit (18 beds): This proposal would close the 18-bed inpatient adolescent unit for a savings of \$189,713 Net General Fund and 15.8 FTE in FY 2009-10 and \$673,866 and 31.7 FTE in FY 2010-11. This unit provides inpatient psychiatric treatment services for adolescents, typically 12 to 18 years of age.

Children's Unit (16 beds): The Children's unit provides inpatient psychiatric treatment services for children ages four to twelve years old. This proposal would close the 16-bed inpatient Children's unit at Fort Logan for a savings of \$257,390 Net General Fund and 13.4 FTE in FY 2009-10 and \$768,128 and 26.8 FTE in FY 2010-11. In FY 2008-09, the program admitted 228 patients and the Average Daily Attendance was 8.9 for an occupancy rate of 60.1 percent. In FY 2008-09, 89.5 percent of the 228 children admitted to Fort Logan were Medicaid eligible at admission.

There were no Change Requests submitted for this line item in FY 2010-11.

Mental Health Institute- Pueblo

The revised FY 2008-09 Long Bill appropriation totals \$67,884,355 and 920.8 FTE for the Mental Health Institute at Pueblo. SB 09-189 Supplemental Bill includes S-30A Hiring Freeze Savings (\$162,168) (Supplemental Requests for FY 2008-09 and FY 2007-08 Department of Human Services Executive Director's Office, Information Technology Services, County Administration, Self Sufficiency, Adult Assistance, January 27, 2009, Page 10) and Joint Budget Committee #2 Staff Technical Corrections to FY09 Appropriations (\$45,895) to correct JBC staff technical errors that resulted in an over-appropriation (Supplemental Requests for FY

Line Item Descriptions FY 10-11 BUDGET REQUEST

2008-09 and FY 2007-08, Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, January 29, 2009, Page 12).

FY 2008-09 Supplemental Add-on includes \$1,554,554 for the S-5 Mental Health Institute Revenue Adjustment request and S-18 Mental Health Institute Medicare Overpayment Determination (Late Supplemental) totaling \$419,378 General Fund.

The FY 2009-10 Long Bill appropriation (SB 09-259) totals \$69,256,814 and 928.2 in FY 2009-10. The appropriation includes \$61,182 for the annualization of FY 2008-09 Decision Item #7 Compression Pay for Nurse 1 at the Colorado Mental Health Institutes; \$1,637,467 prior year salary survey, \$594,457 for prior year performance-based pay pursuant to the OSPB common policies as well as 1.82% budget balancing personal services reduction in the amount of \$1,149,048. Also included is the annualization of FY 2008-09 Decision Item #1 Staff and Operating for the New High Security Forensic Institute at the Colorado Mental Health Institute at Pueblo totaling \$1,187,325 and 17.6 FTE and (\$286,192) to delete one-time costs associated with Decision Item #1.

In addition, Decision Item #5 Direct Care Capital Outlay for Regional Centers, Mental Health Institutes and Facilities Management and Facilities Management Operating Increase in the amount of \$19,000 General Fund and \$2,270 for Non-prioritized Decision Item #NP-2 Postage Increase and Mail Equipment Upgrade was appropriated in FY 2009-10. Budget Amendment BA-5 Mental Health Institute Revenue Adjustment totaled (\$781,021) Net General Fund in FY 2009-10. FY 200910 budget reduction proposal Budget Amendment BA-31 General Hospital Closure totaled (\$648,107) General Fund and (10.2) FTE.

The FY 2010-11 Base Request includes the deletion of (\$19,000) in one-time costs for the FY 200-10 Decision Item #5 Direct Care Capital Outlay as well as the annualization in the amount of (\$2,270) for FY 2008-09 Decision Item #NP-2 Postage Increase and Mail Equipment Upgrade. The base also includes an adjustment for the one-time FY 2009-10 personal services cut \$1,149,048 and the annualization for FY 2009-10 BA-31 General Hospital Closure totaling (\$324,054) and (5.2) FTE. There were no Change Requests submitted for this line item in FY 2010-11.

General Hospital

This line item funds the General Hospital's personal services and operating expenses in Pueblo. The Joint Budget Committee consolidated the personal services and operating expenses for the State Hospital at Pueblo in order to allow for greater flexibility in FY 2005-06.

Line Item Descriptions FY 10-11 BUDGET REQUEST

SB 07-239 appropriated \$3,379,847 and 36.0 FTE in FY 2007-08. The appropriation for FY 2007-08 includes \$80,980 for Salary Survey, a 0.5% Personal Services base reduction (\$14,706), and \$24,199 for medical inflation pursuant to the OSPB and the JBC common policies.

The Department submitted a 1331 Supplemental/Budget Amendment 1-J titled 20-Bed Competency Restoration Unit at the Colorado Mental Health Institute at Pueblo (CMHIP) to reopen a 20-bed, inpatient, medium-security unit dedicated to Institute for Forensic Psychiatry (IFP) competency evaluation and restorations. \$123,174 was appropriated for forensic patient per day costs, and general hospital services (radiology, pathology, respiratory therapy, dentistry, etc.).

The FY 2008-09 appropriation (HB 08-1375) totals \$3,447,102 and 36.0 FTE and includes \$76,317 for Salary Survey, \$21,102 for achievement pay, and a 1.0% Personal Services base reduction (\$30,164) pursuant to the OSPB and the JBC common policies. FY 2008-09 Supplemental Add-on includes S-NP-DOC-1 Medical Per Offender Per Month (POPM) adjustment of (\$84,086) and \$197,991 Net General Fund S-5 Mental Health Institute Revenue Adjustment.

The FY 2009-10 Base Request totaling \$3,515,963 and 36.0 FTE includes \$72,263 for prior year salary survey, \$32,624 for prior year performance-based pay, and (\$6,525) for prior year performance-based pay adjustment (20% non-based) pursuant to the OSPB common policies. FY 2009-10 continuation base adjustment includes (\$29,501) annualization of FY 2008-09 Decision Item #1 Staff and Operating Expenses for the New HSFI at CMHIP.

The FY 2009-10 Long Bill appropriation (SB 09-259) totaling \$877,246 and 12.0 FTE includes \$72,263 prior year salary survey, \$26,099 for prior year performance-based pay pursuant to the OSPB common policies as well as 1.82% budget balancing personal services reduction totaling \$14,934. Also included is the annualization of FY 2008-09 Decision Item #1 Staff and Operating for the New High Security Forensic Institute at the Colorado Mental Health Institute at Pueblo totaling (\$29,501). BA-NP-DOC-1 Medical Per Offender Per Month (POPM) totaled (\$15,765) and Budget Amendment BA-5 Mental Health Institute Revenue Adjustment totaled (\$140,186) Net General Fund in FY 2009-10.

Budget Amendment BA-31 General Hospital Closure (FY 200910 budget reduction proposal submitted January 26, 2009) totaling \$2,089,768 Net General Fund (NGF) and 35.7 FTE in FY 2009-10 eliminates the 20-bed General Hospital at the Colorado Mental Health Institute at Pueblo. This closure would be effective November 1, 2009. In FY 2010-11, this closure results in a reduction of \$3,134,652 NGF and 53.7 FTE.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The General Hospital is a 20-bed medical surgical unit that serves CMHIP patients and Colorado Department of Corrections (CDOC) inmates. The Department would contract with Pueblo area hospitals and other medical providers to replace the services currently provided by the General Hospital. Cost benefit calculations indicate closing the General Hospital and contracting out for these services would result in an estimated net annual savings of \$3.1 million General Fund annually, including \$2.1 million in FY 2009-10.

The Department proposed the closure because the General Hospital has operated at a very low census for the past several years. Currently it is operating at an occupancy rate of only 40%. Therefore, it is an extremely inefficient use of state resources. Efforts by both CMHIP and CDOC over the last several years to increase utilization of the General Hospital have proven unsuccessful. In addition, the General Hospital performs a service outside of the mission of CMHIP in that it provides acute medical care, rather than adhering to CMHIP's core mission as a psychiatric hospital. CMHIP will still be required to provide for the medical care needs of its patients and will do so through the use of a third party medical care administrator, similar to the model that is used at Fort Logan and by the CDOC. The Department of Corrections currently uses a third party administrator for its medical care for its inmates, so the Department does not anticipate that the closure of the General Hospital will have a significant impact on its inmates. The Department of Corrections has indicated that it supports this action. The Joint Budget Committee approved (\$2,343,975) and (24.0) FTE and staff recommended reduced revenue adjustment backfill totaling (\$128,224) in FY 2009-10.

The FY 2010-11 Base Request eliminates the General Hospital line item as a result of the adjustment for the one-time FY 2009-10 personal services cut of \$14,934 and the annualization for FY 2009-10 BA-31 General Hospital Closure totaling (\$892,180) and (12.0) FTE.

Educational Programs

Local school districts and the Department of Education provide funding for educational services at the Institutes. The source of funding for this line item is primarily from per pupil operating revenue and special education funds transferred from the school districts.

SB 07-239 appropriated \$690,245 and 15.0 FTE in FY 2007-08. The appropriation for FY 2007-08 includes \$13,366 for Salary Survey, .5% Personal Services base reduction (\$3,381), and \$4,707 for food inflation pursuant to the OSPB and the JBC common policies.

The appropriation for FY 2008-09 (HB 08-1375) totaling \$713,371 and 15.0 FTE includes \$17,979 for Salary Survey, \$5,983 for achievement pay, and a 1.0% Personal Services base reduction (\$836) pursuant to the OSPB and the JBC common policies.

Line Item Descriptions FY 10-11 BUDGET REQUEST

FY 2008-09 Supplemental Add-on (SB 09-259) includes \$55,642 Net General Fund impact for the S-5 Mental Health Institute Revenue Adjustment.

The FY 2009-10 Base Request totaling \$735,874 and 15.0 FTE includes \$17,316 for prior year salary survey, \$6,484 for prior year performance-based pay, and (\$1,297) for prior year performance-based pay adjustment (20% non-based) pursuant to the OSPB common policies.

FY 2009-10 Decision Item #17 Inflationary Increase for DHS Residential Programs requests additional operating funds of \$561,152 (\$511,539 NGF) for FY 2009-10 to address the high food and utilities inflation rates that impact the operating budgets of the Department of Human Services residential programs – the Mental Health Institutes, Regional Centers for the Developmentally Disabled, and the Division of Youth Corrections. The request includes a 1.5% increase or \$113,547 (\$96,515 NGF) in the utilities appropriation to assist the department in covering the inflationary increases of electric, natural gas, water and sewerage, and coal. The request also includes an 8.5% or \$447,605 (\$415,024 NGF) in various appropriations that incur food costs as part of the operations of a residential program. \$192,181 General Fund is requested for the Mental Health Institutes at Pueblo and Fort Logan. (FY 2009-10 Staff Figure Setting Department of Human Services Office of Operations and Services for People with Disabilities, March 4, 2009, Page 43).

The FY 2009-10 Long Bill appropriation (SB 09-259) totals \$720,820 and 15.0 in FY 2009-10. The appropriation includes \$17,316 prior year salary survey and \$5,187 for prior year performance-based pay pursuant to the OSPB common policies as well as Budget Amendment BA-5 Mental Health Institute Revenue Adjustment totaling (\$18,147) Net General Fund in FY 2009-10.

The FY 2010-11 Base Request totals \$115,762 and 2.7 FTE as a result of FY 2010-11 August Budget Reduction annualization of the 12- Close 59 Beds at the CMHIFL budget reduction proposal totaling (\$605,058) and (12.3) FTE. There were no Change Requests submitted for this line item in FY 2010-11.

Line Item Descriptions FY 10-11 BUDGET REQUEST

(D) ALCOHOL AND DRUG ABUSE DIVISION

(1) ADMINISTRATION

Personal Services

The Alcohol and Drug Abuse Division (ADAD), in the Division of Behavioral Health, manages the General Fund appropriations, various Cash Fund programs, Federal Block Grant, multiple federal discretionary grant programs, and contracts with the four Managed Service Organizations (MSOs) that subcontract with 42 treatment providers in approximately 200 treatment sites throughout Colorado. The Division also oversees and provides technical assistance to 98 prevention program contracts. The Division monitors the providers and collects programmatic data for state and federal reporting requirements and is also responsible for licensing and monitoring treatment providers and managing the involuntary commitment process for persons incapacitated due to the abuse of drugs or alcohol.

In FY 2005-06, the Alcohol and Drug Abuse Division changed from 'bottom line' funded in the Administration section of the Long Bill to individual line item funding. As a result, there was an incorrect allocation occurred between two revenue sources for the personal services and operating line items. A technical FY 2006-07 Supplemental and FY 2007-08 Budget Amendment T-3 titled Alcohol and Drug Driving Safety Program (Personal Services/Operating) Split Adjustment correctly allocated funds from the Alcohol and Drug Driving Safety (ADDS) Program and the Substance Abuse Prevention and Treatment (SAPT) Block Grant between the personal services and operating expenses line items. The \$143,774 reallocation between Cash Funds Exempt and Federal Funds was a net zero impact in each line item.

SB 07-239 appropriated \$2,058,002 and 30.0 FTE in FY 2007-08. The appropriation for FY 2007-08 includes \$49,814 for Salary Survey and a 0.5% Personal Services base reduction (\$9,614) pursuant to the OSPB and the JBC common policies.

The Division of Children's Health and Rehabilitation (CHR) was established in January 2000 and included mental health, developmental disabilities, and alcohol and drug abuse programs to address the youth components of programs that were traditionally considered adult services. The personal services and operating expenses associated with 2.0 FTE in the Alcohol and Drug Abuse Division (ADAD), 1.5 FTE in the Division of Mental Health (DMH) and 1.0 FTE in Developmental Disability Services were transferred to the CHR to fund the administrative cost in FY 2001-02. The objective was to focus on services for children and increase collaboration and integration of children's services. In FY 2003-04, the Department determined it would be more effective to dissolve the CHR and return the original funding. The 2.0 ADAD FTE were incorrectly allocated to the DMH. Therefore, the Department submitted technical Supplemental/Budget Amendment T-5 titled Transfer 2.0 FTE to ADAD from DMH to transfer

Line Item Descriptions FY 10-11 BUDGET REQUEST

\$121,202 and 2.0 FTE to the ADAD Personal Services line item. (FY 2007-2008 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Services, Administration and Mental Health Sections Only, March 14, 2007, Page 35.)

FY 2007-08 Decision Item #24- Increase Alcohol and Drug Abuse Division (ADAD) Persistent Drunk Driver Cash Fund Spending Authority increased spending authority from the Persistent Drunk Driver (PDD) Cash Fund by \$23,790. Funds were available as result of the re-payment of \$500,000 by the General Assembly during the 2006 legislative session pursuant to Section 24-75-217, C.R.S. and made possible by the revenues retained through the passage of Referendum C. Funds from the PDD Cash Fund were transferred to the General Fund in FY 2002 pursuant to HB 02-1391. (FY 2007-08 Figure Setting Department of Human Services Office of Operations, Division of Child Care and Mental Health and Alcohol and Drug Abuse Services, Alcohol and Drug Abuse Division Only, February 14, 2007, Page 59.)

Budget Amendment #3 Colorado Unified Supervision Treatment Program (CUSP) included in the Governor's Recidivism Reduction and Offender Diversion Package totaling \$3,094,267 General Fund and 11.0 FTE in the Departments of Corrections, Human Services, Judicial and Public Safety was not recommended by JBC staff due to concerns regarding the efficacy of the pilot projects. The CUSP proposal created interdisciplinary pilot projects in four judicial districts to supervise and treat adult offenders referred from probation, parole and/or community corrections staff. \$60,666 General Fund and 1.0 FTE were requested in the Personal Services line item. (FY 2007-08 Figure Setting: Recidivism Reduction Package Various Departments, March 13, 2007, Page 38).

Special Bill SB 07-213 Licensing of Addiction Treatment Programs appropriated an additional \$700 from the Controlled Substances Program Fund.

The appropriation for FY 2008-09 (HB 08-1375) totaling \$2,119,511 and 30.0 FTE includes \$64,994 for Salary Survey, \$21,386 for Achievement Pay and a 1.0% Personal Services base reduction (\$1,781) pursuant to the OSPB) and the JBC common policies.

A continuation adjustment (\$23,790) deleted one-time funding for 25% of the ADAD statistical analyst position to research data and develop a report on the effectiveness of education and treatment in reducing recidivism in DUI offenders (Decision Item #24 Increase Persistent Drunk Driver Cash Fund Spending Authority).

Supplemental/Budget Amendment S-17/BA-17- Departmental Technical added \$12,172 to Cash Funds and subtracted \$12,172 Reappropriated Funds to correct the CF/RF funding split in FY 2008-09 and FY 2009-10. (Supplemental Requests for FY 2008-09 and FY 2007-08 Department of Human Services Mental Health and Alcohol and Drug Abuse Division Only, January 29, 2009, Page 4.)

Line Item Descriptions FY 10-11 BUDGET REQUEST

The FY 2009-10 Base Request totaling \$2,247,511 and 30.1 FTE includes \$88,561 for prior year salary survey, \$31,977 for prior year performance-based pay, and (\$6,395) for prior year performance-based pay adjustment (20% non-based) pursuant to the OSPB common policies and \$13,857 and 0.1 FTE for HB 08-1314 Gambling Addiction Counseling.

FY 2009-10 Decision Item #24 Increase Persistent Drunk Driver Programs Spending Authority requests \$71,801 in Cash Fund spending authority from the Persistent Drunk Driver Cash Fund (PDDCF). This request will enable the Persistent Drunk Driver Committee to make informed data-driven decisions, determine funding priorities, increase the competency levels of counselors delivering Driving Under the Influence (DUI) education and treatment, and expand education services and prevention strategies for youth. The request includes \$9,915 for personal services and \$95 for operating expenses for DUI offender data collection, evaluation and reporting, \$52,500 for education and prevention strategies in Bent, Cheyenne and Custer counties, and \$9,291 for DUI curriculum training.

All monies in the PDDCF are subject to annual appropriation by the General Assembly. The Departments of Transportation, Revenue and Human Services are statutorily directed to coordinate programs to accomplish the goals of the fund. This function is the responsibility of the Persistent Drunk Driver Fund Committee that includes representatives from these three State agencies as established by an interagency agreement. The committee has determined that in order to meet the statutory requirements of the PDDCF in FY 2009-10 and subsequent years, it is necessary to request an increase in the current spending authority appropriated to the Department of Human Services.

The report titled Education/Treatment Intervention Among Drinking Drivers and Recidivism, dated June 2008 was developed by a Statistical Analyst IV position currently employed in the ADAD. This 1.0 FTE has been funded historically by federal funds. However, in FY 2007-08, a one-time appropriation was approved to fund 25% or 0.25 FTE of the position from the PDDCF. In order to continue the work associated with maintaining the data collection, evaluation and reporting, ten percent (0.10 FTE) of this position would need to be funded permanently by the PDDCF. The Department plans to absorb the associated change in workload within the existing ADAD FTE authority. (FY 2009-10 Staff Figure Setting Department of Human Services Mental Health and Alcohol and Drug Abuse Division Only, March 3,2009, Page 51.)

In addition to the funding included in the Base Request, the appropriation for FY 2009-10 included BA-17- Departmental Technical to delete \$7,500 for one-time consulting fees for HB 08-1314 Gambling Addiction Counseling, \$59,700 and 0.7 FTE for administrative expenses recommended by JBC staff, 1.82% budget balancing personal services reduction in the amount of \$41,974 and \$9,915 for personal services included Decision Item #24 to increase the PDD Program spending authority. The appropriation totaled \$2,267,652 and 30.8 FTE in FY 2009-10.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The FY 2010-11 Base Request totaling \$2,309,626 and 30.8 FTE includes an adjustment of \$41,974 to restore the one-time personal services cut in FY 2009-10. There were no Change Requests submitted for this line item in FY 2010-11.

Operating Expenses

In FY 2005-06, the Alcohol and Drug Abuse Division changed from 'bottom line' funded in the Administration section in the Long Bill to individual line item funding. As a result of this change, an incorrect allocation occurred between two revenue sources for the personal services and operating line items. A technical FY 2006-07 Supplemental and FY 2007-08 Budget Amendment T-3 titled Alcohol and Drug Driving Safety Program (Personal Services/Operating) Split Adjustment correctly allocated funds from the Alcohol and Drug Driving Safety (ADDS) Program and the Substance Abuse Prevention and Treatment (SAPT) Block Grant between the personal services and operating expenses line items. The \$143,774 reallocation between Cash Funds Exempt and Federal Funds was a net zero impact in each line item.

SB 07-239 appropriated \$191,902 in FY 2007-08.

FY 2007-08 Decision Item #24 titled Increase Alcohol and Drug Abuse Division (ADAD) Persistent Drunk Driver Cash Fund Spending Authority increased spending authority for the Persistent Drunk Driver (PDD) Cash Fund by \$2,000. Funds were available as result of the re-payment of \$500,000 by the General Assembly during the 2006 legislative session pursuant to Section 24-75-217, C.R.S. and made possible by the revenues retained through the passage of Referendum C. Funds from the PDD cash fund were transferred to the General Fund in FY 2002 pursuant to HB 02-1391. (FY 2007-08 Figure Setting Department of Human Services Office of Operations, Division of Child Care and Mental Health and Alcohol and Drug Abuse Services, Alcohol and Drug Abuse Division Only, February 14, 2007, Page 59.)

Budget Amendment #3 Colorado Unified Supervision Treatment Program (CUSP) included in the Governor's Recidivism Reduction and Offender Diversion Package totaling \$3,094,267 General Fund and 11.0 FTE in the Departments of Corrections, Human Services, Judicial and Public Safety was not recommended by JBC staff due to concerns regarding the efficacy of the pilot projects. The CUSP proposal created interdisciplinary pilot projects in four judicial districts to supervise and treat adult offenders referred from probation, parole and/or community corrections staff. \$3,800 General Fund was requested in the Operating Expenses line item. (FY 2007-08 Figure Setting: Recidivism Reduction Package Various Departments, March 13, 2007, Page 38).

HB 08-1375 appropriated \$191,902 in FY 2008-09.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The FY 2009-10 Base Request totals \$191,902. The FY 2009-10 request included \$1,017 for DI#NP-1 State Fleet Variable Cost and \$1,385 for DI#NP-2 Postage Increase and Mail Equipment Upgrade pursuant to the OSPB common policies and Decision Item #24 Increase Persistent Drunk Driver Programs Spending Authority includes an additional \$95 in Cash Fund spending authority from the Persistent Drunk Driver Cash Fund (PDDCF) for supplies and telephone expenses for the Statistical Analyst IV position. (FY 2009-10 Staff Figure Setting Department of Human Services Mental Health and Alcohol and Drug Abuse Division Only, March 3,2009, age 51.)

The appropriation for FY 2009-10 totals \$207,582 and includes \$1,385 for DI#NP-2 Postage Increase and Mail Equipment Upgrade and \$14,295 for administrative operating expenses recommended by JBC staff (3-19-2009).

The FY 2010-11 Base Request totals \$206,197. The FY 2010-11 Request includes the annualization of Decision Item #NP-2 Postage Increase and Mail Equipment Upgrade in the amount of (\$1,385) Federal Funds. There were no Change Requests submitted for this line item in FY 2010-11.

Other Federal Grants

The Alcohol and Drug Abuse Division receives the majority of its federal funding from the Substance Abuse Prevention and Treatment (SAPT) Block Grant awarded by the Substance Abuse and Mental Health Services Administration (SAMHSA). These funds are utilized to support the core services and administration of substance abuse prevention, intervention and treatment programs. In order to expand and enhance the impact of substance abuse prevention and treatment services in Colorado, ADAD has applied for and received funding in addition to SAPT from SAMHSA. These are primarily discretionary grants, which may include administrative and data infrastructure dollars. Funding includes the administrative and data infrastructure portions of grant increases and new funds awarded to the Department to expand and/or enhance substance abuse prevention and treatment in Colorado.

HB 06-1385 appropriated \$126,500 in FY 2006-07. Supplemental/Budget Amendment T-6 titled Update Federal Funds and FTE Authority in HB 06-1385 (Long Bill) for Supportive Housing and Homeless Programs, Division of Mental Health and Alcohol and Drug Abuse Division requested a technical correction to reflect actual federal funds received for administration and direct program costs and corresponding FTE for the Supportive Housing and Homeless Program (SHHP), the Division of Mental Health and the Alcohol and Drug Abuse Division totaling \$9,806,613 and 10.5 FTE. \$330,883 was appropriated as requested for the ADAD Other Federal Grants line item.

SB 07-239 appropriated \$457,383 Federal Funds in FY 2007-08. There were no Change Requests submitted for this line item in FY 2007-08.

Line Item Descriptions FY 10-11 BUDGET REQUEST

HB 08-1375 appropriated \$457,383 Federal Funds in FY 2008-09. There were no Change Requests submitted for this line item in FY 2008-09.

The appropriation for FY 2009-10 totals \$457,383. There were no Change Requests submitted for this line item in FY 2009-10.

The FY 2010-11 base request totals \$457,383. There were no Change Requests submitted for this line item in FY 2010-11.

Indirect Cost Assessment

This line item reflects monies anticipated to be recovered from cash and federal sources. The \$243,723 appropriation includes \$3,280 in Cash Funds recoveries from the Law Enforcement Assistance Fund program and \$240,443 in federal indirect cost recoveries from the federal SAPT Block Grant. These monies are used to offset General Fund expenditures in the Department of Human Services Executive Director's Office.

SB 07-239 appropriated \$243,723 in FY 2007-08. There were no Change Requests submitted for this line item in FY 2007-08.

HB 08-1375 appropriated \$243,723 in FY 2008-09. There were no Change Requests submitted for this line item in FY 2008-09.

The appropriation for FY 2009-10 (SB 09-259) totals \$243,723. There were no Change Requests submitted for this line item in FY 2009-10

The FY 2010-11 base request totals \$243,723. There were no Change Requests submitted for this line item in FY 2010-11

(2) COMMUNITY PROGRAMS

(a) Treatment Services

Treatment and Detoxification Contracts

Treatment and detoxification are two different levels of care that are funded separately and have separate and distinct contract admissions requirements even though appropriated in a single line item. The ADAD arranges for detoxification and treatment services with one contract for each sub-state planning region. Detoxification/shelter services serve a dual purpose by protecting

Line Item Descriptions FY 10-11 BUDGET REQUEST

individual and public health and safety, and also serves as an entry point for treatment. Detoxification services are critical for law enforcement and community protection but do not constitute treatment for substance abuse.

The Division contracts with four Managed Service Organizations that subcontract with local community providers to provide non-hospital detoxification services. The subcontractors accept persons who are intoxicated by alcohol or drugs for evaluation and provide services necessary to protect client and public health and safety until the blood level of the intoxicating substance(s) is zero.

The intent of the ADAD Treatment Contracts is to purchase coordinated and comprehensive services for specific low-income populations of highest priority to the state and federal governments, as well as for clients outside the specific priority populations. ADAD treatment contracts must also implement principles of managed care in providing such services in order to expand capacity and improve treatment outcomes while controlling cost. The required basic treatment services in the Treatment Contracts are detoxification, outpatient opioid replacement treatment, individual, group and family outpatient therapy, intensive outpatient therapy, transitional residential treatment, therapeutic community and intensive residential treatment. These services are delivered through statewide contracts with four managed service organizations, which subcontract with providers in six geographic regions.

HB 06-1385 appropriated \$22,828,944 in FY 2006-07. Special Bill SB 06-122 Concerning Creation of the Adolescent Substance Abuse Prevention and Treatment Fund, and Making an Appropriation in Connection Therewith added \$27,989 Cash Funds for adolescent substance abuse treatment programs in FY 2006-07 annualized to include an additional \$38,229 in FY 2007-08.

The JBC approved Decision Item #25 titled Increase ADAD Spending Authority from the Drug Offender Surcharge (DOS) Cash Fund requesting \$268,000 in additional spending authority from the Drug Offender Surcharge (DOS) Fund to increase the funding for two offender-specific substance abuse treatment programs and pay for a portion of an evaluation project sanctioned by the Interagency Advisory Committee on Adult and Juvenile Correctional Treatment (IAC). \$37,000 was earmarked for intensive residential treatment for male offenders in the Short-Term Intensive Residential Remediation Treatment (STIRRT) Program and \$213,000 to fund statewide outpatient treatment services provided to offenders by four ADAD designated Managed Services Organizations (MSOs). \$18,000 was used to pay for the Standardized Offender Assessment-Revised (SOA-R) evaluation project to improve training and standardize treatment for offenders with similar profiles. (FY 2007-08 Figure Setting Department of Human Services Office of Operations, Division of Child Care and Mental Health and Alcohol and Drug Abuse Services, Alcohol and Drug Abuse Division Only, February 14, 2007, Page 64.)

Line Item Descriptions FY 10-11 BUDGET REQUEST

Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 2%. A 1.5% cost-of-living increase in the amount of \$167,816 was appropriated for community providers pursuant to the Office of State Planning and Budgeting common policies in FY 2007-08.

The STIRRT Program is specifically designed for the substance-abuse offender, 18 years of age or older who has been unsuccessful in community treatment and recommended for intensive outpatient treatment. These individuals are identified as being previously unsuccessful in maintaining abstinence while under supervision from a criminal justice agency and living in the community. All of the clients are convicted felons who were referred by various criminal justice agencies throughout the state. The JBC staff transferred (\$1,511,988) to establish a new line item solely for the STIRRT Program during the Department's FY 2007-08 figure setting. These funds support 790 residential slots and 240 continuing care slots at locations in Denver and Pueblo operated by Arapahoe House and Crossroads respectively.

Technical Supplemental/Budget Amendment #14-Department of Human Services corrected the General Fund and Cash Funds appropriations between the Treatment and Detoxification Contracts and the STIRRT line items for a net zero impact (HB 08-1375 Supplemental Add-on.)

Additionally, the Joint Budget Committee action appropriated \$160,000 for rural detoxification, \$280,000 for Synergy, \$310,661 for provider performance monitoring and \$395,000 for Arapahoe House Female Co-occurring Programming.

Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 1.35%. A 1.5% cost-of-living increase in the amount of \$168,263 was appropriated for community providers pursuant to the OSPB and the JBC common policies in FY 2008-09. (JBC Staff Memorandum Community Provider Rates Figure Setting for FY 2008-09 and FY 2009-10, February 2, 2009.)

Supplemental/Budget Amendment S-17/BA-17- Departmental Technical added \$15,000 to Cash Funds and subtracted \$15,000 Reappropriated Funds to correct the CF/RF funding split and JBC staff initiated #2 Staff Technical Corrections deleted (\$10,592) General Fund cost of living adjustment in FY 2008-09 and FY 2009-10 (Supplemental Requests for FY 2008-09 and FY 2007-08, Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, January 29, 2009, Page 13).

The appropriation for FY 2009-10 totals \$23,411,200 and includes the following in addition to BA-17 and #2 Staff Technical Corrections noted above:

Line Item Descriptions FY 10-11 BUDGET REQUEST

- Decision Item #15 Increase Dug Offender Surcharge Spending Authority request for \$250,000 additional Cash Fund spending authority from the Drug Offender Surcharge Fund (DOSF) was approved by the General Assembly. The Interagency Advisory Committee on Adult and Juvenile Correctional Treatment (IAC-AJCT), the entity responsible for developing the annual DOSF allocation, approved this request for enhancing the availability of offender oriented substance abuse treatment services based on revenue projections for FY 2009-10. The Department will utilize the funds to increase and/or enhance outpatient continuing care treatment services for drug offenders.
- BA-17- Departmental Technical as requested subtracted \$310,661 General Fund to delete funding for the Provider Performance Monitoring System (PPMS) that should not have been included in the FY 2009-10 budget request. Joint Budget Committee action instead reduced the funding for the PPMS to \$200,000 by reducing the General Fund appropriation in the amount of \$110,661.
- BA#45 Reduce STIRRT Continuing Care Funds budget reduction proposal totaling \$300,000 General Fund reduces the appropriation for continuing care services in the Short-term Intensive Residential Remediation and Treatment (STIRRT) Program effective July 1, 2009. The Department requested \$701,740 as part of Decision Item for FY 2007-08, which was also identified as part of the Governor's Recidivism Reduction package. The program targets offenders with substance use disorder or co-occurring (substance use and mental health) disorders and was intended to reduce the use of alcohol, marijuana, cocaine/crack and methamphetamine.

For FY 2007-08, \$509,312 of these funds was reverted at the end of due to underutilization. The Department estimates that \$341,576 will be reverted for FY 2008-09. This proposal would permanently reduce the funds appropriated for STIRRT continuing care services by \$300,000 beginning July 1, 2009. JBC staff recommended reducing the appropriation in the amount of \$340,000 in the STIRRT line item and transferring the funding to the Treatment and Detoxification line item in FY 2009-10.

The FY 2010-11 base request totals \$23,411,200. The November 6, 2009 Budget Request includes Budget Reduction Item 4 titled Two Percent (2%) Community Provider Base Decrease that totals (\$18,151,245) including (\$10,170,199) net General Fund. The request decreases the base appropriation for all community provider services in the Department of Human Services by two percent (2%) in FY 2010-11.

Line Item Descriptions FY 10-11 BUDGET REQUEST

There are several departments in the State that contract with community providers to provide services to eligible clients. The General Assembly has historically appropriated annual inflationary increases or cost of living adjustments for community providers to fund services that might otherwise be delivered by State FTE. The Department is requesting a 2.0% decrease for all client service providers due to the projected State revenue shortfall. This line item would be reduced by \$231,381 General Fund as a result of the Departmental Request.

The total FY 2010-11 November 6 Request totals \$23,179,819.

Case Management for Chronic Detoxification Clients

PROJECT PROUD (Project to Reduce Over-Utilization of Detoxification) is a Denver metropolitan area case management program targeting persons chronically dependent on alcohol or drug substances. The goal of this intensive case management program is to reduce the chronic use of detoxification services by providing intensive assistance with obtaining the multiple services needed by population such as housing, health care, mental health services, and employment or vocational support. This program is available to both adult men and women.

The continuation base was \$369,288 in FY 2007-08. Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 2%. A 1.5% increase in the amount of \$36 was appropriated for a cost-of-living-adjustment in FY 2007-08 pursuant to the Office of State Planning and Budgeting common policies.

Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 1.35%. A 1.5% cost-of-living increase in the amount of \$37 was appropriated for community providers pursuant to the OSPB and the JBC common policies in FY 2008-09. (JBC Staff Memorandum Community Provider Rates Figure Setting for FY 2008-09 and FY 2009-10, February 2, 2009.)

The FY 2009-10 base request totals \$369,361. There were no Change Requests submitted for this line item in FY 2009-10

The FY 2010-11 base request totals \$369,361. The November 6, 2009 Budget Request includes Budget Reduction Item 4 titled Two Percent (2%) Community Provider Base Decrease that totals (\$18,151,245) including (\$10,170,199) net General Fund. The request decreases the base appropriation for all community provider services in the Department of Human Services by two percent (2%) in FY 2010-11.

Line Item Descriptions FY 10-11 BUDGET REQUEST

There are several departments in the State that contract with community providers to provide services to eligible clients. The General Assembly has historically appropriated annual inflationary increases or cost of living adjustments for community providers to fund services that might otherwise be delivered by State FTE. The Department is requesting a 2.0% decrease for all client service providers due to the projected State revenue shortfall. This line item would be reduced by \$50 General Fund as a result of the Departmental Request.

Short-term Intensive Residential Remediation and Treatment (STIRRT)

FY 2007-08 Priority #2 titled Expansion of Short-term Intensive Residential Remediation Treatment (STIRRT) Programs included in Governor Ritter's Recidivism Reduction Package submitted on February 10, 2007 requested \$1,492,115 to expand the Short-term Intensive Residential Remediation Treatment (STIRRT) Program to reduce recidivism among adult offenders, age 18 years or older, who have been unsuccessful in community treatment for drug and alcohol abuse and continue to commit offenses. The request included:

- \$567,000 for a new STIRRT program in Rifle, serving 130 females and 260 male adult offenders and providing continuing care to 220 offenders for eight months;
- \$419,448 for a new STIRRT program in Ft. Collins serving 260 adult male offenders and providing continuing care to 150 male offenders for eight months;
- \$262,667 to expand the STIRRT program at Arapahoe House to provide 300 adult male offenders with continuing care for eight months and offer psychiatric services and a 30-day supply of medications to offenders with co-occurring disorders;
- \$243,000 to expand the STIRRT program in Pueblo to provide continuing care to 130 adult offenders for eight months.

The JBC approved \$1,492,115 to fund this request and consolidated the current state funding totaling \$1,511,988 in a new line item solely for the STIRRT Program. (FY 2007-08 Figure Setting: Recidivism Reduction Package Various Departments, March 13, 2007, Page 18.)

Technical Supplemental/Budget Amendment #14-Department of Human Services corrected the General Fund and Cash Funds appropriations between the Treatment and Detoxification Contracts and the STIRRT line items for a net zero impact (HB 08-1375 Supplemental Add-on.)

The JBC approved a one-time \$600,000 Drug Offender Surcharge fund balance appropriation for FY 2007-08 to be replaced with General Fund in FY 2008-09 in HB08-1375 and also added for FY 2008-09 was \$669,600 General Fund for the addition of an 8-bed

Line Item Descriptions FY 10-11 BUDGET REQUEST

female STIRRT Program. (FY 2007-08 Figure Setting Department of Human Services Office of Operations, Division of Child Care and Mental Health and Alcohol and Drug Abuse Services, Alcohol and Drug Abuse Division Only, February 14, 2007, Page 65.) Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 1.35%. A 1.5% cost-of-living increase in the amount of \$39,867 was appropriated for community providers pursuant to the OSPB and the JBC common policies in FY 2008-09. (JBC Staff Memorandum Community Provider Rates Figure Setting for FY 2008-09 and FY 2009-10, February 2, 2009.)

The FY 2009-10 base request totals \$3,750,570. There were no Change Requests submitted for this line item in FY 2009-10

Supplemental/Budget Amendment S-17/BA-17- Departmental Technical subtracts \$9,533 General Fund to correct provider rate increase incorrectly applied to the FY 2008-09 appropriation. (Supplemental Requests for FY 2008-09 and FY 2007-08, Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, January 29, 2009, Page 4).

In FY 2009-10, JBC staff recommended reducing the appropriation in the amount of \$340,000 in the STIRRT line item and transferring the funding to the Treatment and Detoxification line item in FY 2009-10 pursuant to BA#45 Reduce STIRRT Continuing Care Funds. (FY 200-10 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, March 3, 2009, Page 56).

The FY 2010-11 base request totals \$3,401,037. The November 6, 2009 Budget Request includes Budget Reduction Item 4 titled Two Percent (2%) Community Provider Base Decrease that totals (\$18,151,245) including (\$10,170,199) net General Fund. The request decreases the base appropriation for all community provider services in the Department of Human Services by two percent (2%) in FY 2010-11.

There are several departments in the State that contract with community providers to provide services to eligible clients. The General Assembly has historically appropriated annual inflationary increases or cost of living adjustments for community providers to fund services that might otherwise be delivered by State FTE. The Department is requesting a 2.0% decrease for all client service providers due to the projected State revenue shortfall. This line item would be reduced by \$60,354 General Fund as a result of the Departmental Request.

The total FY 2010-11 November 6 Request totals \$3,340,683.

High Risk Pregnant Women Program

Line Item Descriptions FY 10-11 BUDGET REQUEST

The High Risk Pregnant Women Program (i.e. Special Connections) is an entitlement program funded by Medicaid to serve pregnant women in need of substance use disorder treatment. This program was developed with the following goals: 1) to produce a healthy infant; 2) to reduce or stop the substance using behavior of the pregnant woman during and after the pregnancy; 3) to promote and assure a safe child-rearing environment for the newborn and other children; and 4) to maintain the family unit, the mother, infant, and other family members. Low-income pregnant women, regardless of Medicaid eligibility, may receive these services from 13 designated treatment providers throughout the state. The services include an in-depth assessment, individual and group counseling, case management services, health education, and urinalysis screening and monitoring.

In 1991, the General Assembly adopted S.B. 91-056 to create a health care and treatment program for women and their children who are at risk of poor birth outcomes due to maternal substance use disorders. The program is funded by Medicaid and administered by the Alcohol and Drug Abuse Division (ADAD) in the Department of Human Services. Beneficiaries of the Special Connections program include mothers, their children, the community, Colorado taxpayers and future generations of children. Untreated substance use disorders are well-known to be an inter-generational problem, and when pregnant women use alcohol and illegal substances during their pregnancies, they subject their unborn children to future cognitive impairment and difficulties with executive functioning, as well as increased susceptibility to substance use disorders problems of their own, which are then passed in turn to future generations. Pregnancy is the optimal time in a woman's life for intervention in this cycle. For a woman with a history of substance use disorders who has struggled to break this pattern, residential treatment during pregnancy is often the best opportunity to begin the recovery process

Two recent programmatic changes affected program spending in FY 2006-07 and is likely to impact future years. The first item was the addition of a new residential treatment program location in FY 2006-07, which added 16 new beds to the previous 58 beds available. The new facility, Arapahoe House – The Aspen Center, began providing services as of May 1, 2007. Beginning in FY 2007-08, there are now four ADAD licensed treatment providers that offer residential substance use disorder treatment to pregnant women whose substance use disorder and related issues indicate the need for that intensity of treatment. Arapahoe House, Inc., has the New Directions for Families program in Littleton, Colorado, as well as the Aspen Center in Westminster. Here pregnant women and women who are mothers can obtain treatment with their children living on-site for the duration of treatment. Crossroads Turning Points, in Pueblo, Colorado, has a family program that includes a residential facility where women can be with their children in treatment. The Haven, a University of Colorado Health Sciences Center's Addiction Research and Treatment Services program has a capacity of 26 beds in two different facilities where mothers can be in residential treatment with their babies once the babies are born.

The second item is related to H.B. 04-1075, which increased the post-partum benefit from 2 months to 12 months. Fiscal year 2007-08 was the first full year that this extended benefit was in effect. The number of pregnant women to be served in residential treatment

Line Item Descriptions FY 10-11 BUDGET REQUEST

programs during FY 2007-08 was 85, with an average length of stay of 96 days. The length of stay should improve program outcomes (more healthy, drug-free babies) for women facing more severe challenges to their recovery compared to their counterparts in outpatient treatment.

In FY 2007-08, the High Risk Pregnant Women program served 192 Medicaid eligible women in outpatient services, and 85 Medicaid eligible women in residential services. House Bill 04-1075 authorized the Department of Health Care Policy and Financing (DHCPF) to seek a waiver from Medicaid to increase the post-partum benefit from 2 months to 12 months. This extended time period became operational as of January 1, 2007. The previous benefit available in this entitlement program was a maximum of 330 days of treatment per woman, e.g. if a woman entered the Special Connections program on her first day of pregnancy, she could receive benefits through the birth of her child and two months post-partum. Under the current extended timeframe for Special Connections, the maximum number of days a woman can receive treatment is 524, assuming treatment admission at 8 weeks gestation. All clients enrolled in Special Connections must be willing to receive routine prenatal care during their pregnancy.

The FY 2007-08 continuation base of \$983,958 was incremented by Non-prioritized Decision Item NP-1 that requested a Community Provider Rate Increase of 2%. A 1.5% increase in the amount of \$14,759 was appropriated for a cost-of-living-adjustment in FY 2007-08 pursuant to the Office of State Planning and Budgeting common policies.

Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 1.35%. A 1.5% cost-of-living increase in the amount of \$14,981 was appropriated for community providers pursuant to the OSPB and the JBC common policies in FY 2008-09. (JBC Staff Memorandum Community Provider Rates Figure Setting for FY 2008-09 and FY 2009-10, February 2, 2009.)

The FY 2009-10 Request totals \$2,039,945 and includes \$1,013,698 base request and Decision Item #14 that requests an increase to the High-Risk Pregnant Women Program (HRPW) due to a projected increase in utilization and cost of this Medicaid entitlement program. This program was overspent in FY 2006-07 and FY 2007-08 due to improvements to the program and fluctuations in the program's case mix. The Department requested a spending authority increase of \$1,026,247 in Reappropriated Funds (50% federal Medicaid funds and 50% General Fund transferred from the Department of Health Care Policy and Financing) for the High Risk Pregnant Women Program line item. (FY 200-10 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, March 3, 2009, Page 58).

S-8 HRPW Program Late Supplemental requested an increase of \$597,350 Reappropriated Funds for FY 2008-09 based on the expenditure pattern, client modality and ad hoc client data available for women enrolled in the High Risk Pregnant Women (HRPW) Program.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The FY 2010-11 base request totals \$2,039,945. The November 6, 2009 Budget Request includes Budget Reduction Item 4 titled Two Percent (2%) Community Provider Base Decrease that totals (\$18,151,245) including (\$10,170,199) net General Fund. The request decreases the base appropriation for all community provider services in the Department of Human Services by two percent (2%) in FY 2010-11.

There are several departments in the State that contract with community providers to provide services to eligible clients. The General Assembly has historically appropriated annual inflationary increases or cost of living adjustments for community providers to fund services that might otherwise be delivered by State FTE. The Department is requesting a 2.0% decrease for all client service providers due to the projected State revenue shortfall. This line item would be reduced by \$40,799 Reappropriated Funds as a result of the Departmental Request.

The total FY 2010-11 November 6 Request totals \$1,999,146.

Family Centered Treatment

FY 2009-10 Decision Item #26 Family Centered Substance Use Disorder Treatment for Families Involved in the Child Welfare System requests \$647,344 General Fund in FY 2009-10 and FY 2010-11 to provide a two-year pilot program for family-centered substance use disorder treatment for families involved in the child welfare system. The additional funding will enable the Division of Behavioral Health (DBH) Alcohol and Drug Abuse Division (ADAD) to implement a Family Centered Treatment Service Model that is currently recognized by the U.S. Department of Health and Human Services Substance Abuse Mental Health Services Administration (SAMHSA)/Center for Substance Abuse Treatment (CSAT) as state of the art in working with families in which there are substance use disorders.

The additional funding would provide family-centered treatment services for 56 families across Colorado with open child welfare cases. A family (mother, father and one child) would receive a minimum of 90 days of treatment contact that includes substance abuse treatment services, case management services, therapeutic intervention for the child, and therapy for the family. This model focuses on therapeutic intervention for the entire family rather than only the parent or parents, recognizing that substance use disorders affect the entire family nucleus and that the family is more effectively treated as a unit rather than as a collection of individuals. Additional information regarding this model can be found in a publication from the Substance Abuse and Mental Health Services Administration, Center for Substance Abuse Treatment.

Line Item Descriptions FY 10-11 BUDGET REQUEST

BA-41 budget reduction proposal eliminated Decision Item #26 Family Centered Substance Use Disorder Treatment for Families Involved in the Child Welfare System. (FY 200-10 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, March 3, 2009, Page 60).

Integrated School-based Mental Health and Substance Use Treatment for Adolescents

FY 2009-10 Decision Item #27 Integrated School-based Mental Health and Substance Use Treatment for Adolescents requests \$908,620 Reappropriated Funds to implement integrated, evidence-based, school-based substance use treatment services in 26 metropolitan Denver middle and high schools. The funding will be used to contract with community programs to provide direct counseling services to students.

Current funding resources for school-based substance abuse services includes grants, public school district dollars, etc. The Colorado Department of Education (CDE) allocates funds to school districts to establish, operate, and improve local programs of school drug and violence prevention, early intervention, rehabilitation referral, and education in elementary through secondary schools. The dollars allocated by CDE are federal funds under The Safe and Drug-Free Schools and Communities Program (SDFS-CP) (separate from the funds awarded for use by the Governor's discretion). These funds are also referred to as Title IV, Part A of the federal No Child Left Behind Act of 2001. The City and County of Denver funds a program located in a Denver Public High School, through federal funds received from the Department for substance abuse primary prevention services. These dollars awarded under a SAMHSA Discretionary – Strategic Prevention Framework State Incentive Grant to the Department and are awarded under contracts, based on proposals, to local communities. Specific to substance abuse treatment services, there are programs that are currently funded through local / private donations and contributions.

JBC staff did not recommend Decision Item #27 because it is questionable as to whether State Education Funds may be used for this purpose. (FY 200-10 Figure Setting Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, March 3, 2009, Page 60).

(b)Prevention and Intervention

Prevention Contracts

Prevention programs provide young people, families and communities with the resources and skills to increase protective factors and decrease risk factors linked to substance abuse. The Division contracts with statewide and local prevention programs by providing

Line Item Descriptions FY 10-11 BUDGET REQUEST

partial funding for services designed to prevent the illegal and inappropriate use of alcohol, tobacco and other drugs. Types of services include mentoring, tutoring, life skills training, parenting training, creative arts, education/resource centers, DUI prevention programs and employee assistance programs. Prevention strategies used by the Division and its contractors include: 1) information distribution regarding the nature and extent of use, abuse and its effects on individuals, families and communities; 2) substance-free activity development for community events; 3) community development, which helps groups, neighborhoods or communities plan and implement a range of prevention services; 4) prevention education, which involves a structured, formal research-based curriculum; problem identification and assessment, which determines whether substance abusing/using behavior can be reversed through education; and 5) community-based efforts to establish or change written and unwritten community standards and attitudes influencing the incidence and prevalence of the abuse of alcohol, tobacco and other drugs.

Special Bill SB 06-122 Concerning Creation of the Adolescent Substance Abuse Prevention and Treatment Fund, and Making an Appropriation in Connection Therewith added \$27,989 Cash Funds for adolescent substance abuse prevention and treatment programs in FY 2006-07 annualized to delete (\$5,917) in FY 2007-08.

The FY 2006-07 continuation base of \$3,877,084 was increased by Non-prioritized Decision Item NP-1 that requested a Community Provider Rate Increase of 2%. A 1.5% increase in the amount of \$500 was appropriated for a cost-of-living-adjustment in FY 2007-08 pursuant to the Office of State Planning and Budgeting common policies.

FY 2006-07 Decision Item #21 increased the spending authority in this line item by \$12,525 from the Tobacco Use Prevention Fund. The one-time funding to support fund intervention and measurement systems throughout Morgan County was deleted in FY 2007-08.

Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 1.35%. A 1.5% cost-of-living increase in the amount of \$507 was appropriated for community providers pursuant to the OSPB and the JBC common policies in FY 2008-09. (JBC Staff Memorandum Community Provider Rates Figure Setting for FY 2008-09 and FY 2009-10, February 2, 2009.)

The FY 2009-10 base request totals \$3,887,638. There were no Change Requests submitted for this line item in FY 2009-10

The FY 2010-11 base request totals \$3,887,638. The November 6, 2009 Budget Request includes Budget Reduction Item 4 titled Two Percent (2%) Community Provider Base Decrease that totals (\$18,151,245) including (\$10,170,199) net General Fund. The request decreases the base appropriation for all community provider services in the Department of Human Services by two percent (2%) in FY 2010-11.

Line Item Descriptions FY 10-11 BUDGET REQUEST

There are several departments in the State that contract with community providers to provide services to eligible clients. The General Assembly has historically appropriated annual inflationary increases or cost of living adjustments for community providers to fund services that might otherwise be delivered by State FTE. The Department is requesting a 2.0% decrease for all client service providers due to the projected State revenue shortfall. This line item would be reduced by \$687 General Fund as a result of the Departmental Request.

Persistent Drunk Driver Programs

The Persistent Drunk Driver Programs are funded by the Persistent Drunk Driver Cash Fund (created by HB 98-1334) consisting of fees assessed against convicted drunk drivers. The fund is managed by representatives of the Departments of Revenue, Transportation and Human Services. Funding priorities as defined by statute are designed to support programs intended to deter persistent drunk driving, and to educate the public, with emphasis on young drivers.

HB 06-1385 appropriated \$486,041 in FY 2006-07. Decision Item #24 titled Increase Alcohol and Drug Abuse Division (ADAD) Persistent Drunk Driver Cash Fund Spending Authority requested an increase in spending authority for the Persistent Drunk Driver (PDD) Cash Fund by \$273,424. Funds were available as a result of the re-payment of \$500,000 by the General Assembly to the PDD Cash Fund. Funds from the PDD cash fund were transferred to the General Fund in FY 2002, per HB 02-1391.

The planned utilization of the additional spending authority was as follows:

Description	Amount
Fund 0.25 of ADAD’s statistical analyst FTE, to research data and develop a report on the effectiveness of education and treatment in reducing recidivism in DUI offenders.	\$ 23,790
Support travel for ADAD’s PDD prevention program field manager to perform monitoring visits.	\$ 2,000
Re-establish PDD funding for PDD youth prevention program contracts. Funding was reduced through a FY 2006-07 efficiency item due to forecasted reduction in funds available from PDD cash fund in FY 2006-07.	\$ 20,000
Increase youth prevention programs in counties that have shown positive results.	\$ 110,000
Increase funding for the media program which has been very successful in selected communities known for their high rate of repeat DUI offenders.	\$ 100,300

Line Item Descriptions FY 10-11 BUDGET REQUEST

Restore full funding for DUI curriculum training and training printed materials. Funding was reduced through a FY 2006-07 efficiency item due to forecasted reduction in funds available from PDD cash fund in FY 2006-07.	\$ 14,334
Restore full funding for training for Alcohol Drug Evaluation Specialists. Funding was reduced through a FY 2006-07 efficiency item due to forecasted reduction in funds available from PDD cash fund in FY 2006-07.	\$ 3,000
Total Intended Use of Spending Authority	\$ \$17,334.00

The request for \$23,790 for 25% of the ADAD’s statistical analyst FTE and \$2,000 for travel was not approved by the Joint Budget Committee. The total amount appropriated for this decision item totaled \$247,634.

Stand Alone Budget Amendment SBA-8 titled HB 06-1171 Persistent Drunk Driver Cash Fund Spending Authority provided \$312,733 Cash Funds to the Department of Human Services in FY 2007-08 and FY 2008-09. The appropriation should have been included in the FY 2007-08 continuation base but was inadvertently omitted. This request increased the Cash Funds spending authority pursuant to the statute to pay a portion of the costs for intervention and treatment services for the persistent drunk driver who is unable to pay for the required services in compliance with Section 42-3-303 (d) C.R.S. (2007).

The FY 2009-10 base request totals \$1,046,408. FY 2009-10 Decision Item #24 Increase Persistent Drunk Driver Programs Spending Authority requests an additional \$52,500 for education and prevention strategies in Bent, Cheyenne and Custer counties and \$9,291 for DUI curriculum training in Cash Fund spending authority from the Persistent Drunk Driver Cash Fund (PDDCF).

Additional funding is needed to prevent persistent drunk driving by enhancing prevention programs and education for high risk youth in three counties that have shown favorable outcomes based on effectiveness evaluations. These programs incorporate experiential activities that emphasize the risk of underage drinking and drunk driving in addition to providing opportunities to learn how to select and enjoy healthy alcohol-free activities.

Supplemental/Budget Amendment S-17/BA-17- Departmental Technical adds \$143,215 to Cash Funds and subtracts \$143,215 Reappropriated Funds to correct CF/RF funding split. (Supplemental Requests for FY 2008-09 and FY 2007-08, Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, January 29, 2009, Page 4).

Decision Item #24- Increase PDD Spending Authority requested an additional \$71,801 in Cash Fund spending authority from the Persistent Drunk Driver Cash Fund. This request will enable the Persistent Drunk Driver Committee to make informed data-driven

Line Item Descriptions FY 10-11 BUDGET REQUEST

decisions, determine funding priorities, increase the competency levels of counselors delivering Driving Under the Influence (DUI) education and treatment, and expand education services and prevention strategies for youth. The request includes \$10,010 for DUI offender data collection, evaluation and reporting; \$52,500 for education and prevention strategies in Bent, Cheyenne and Custer counties and \$9,291 for DUI curriculum training. JBC staff recommended a total of \$61,791 (\$52,500 + \$9,291). (FY 2007-08 Figure Setting Department of Human Services Office of Operations, Division of Child Care and Mental Health and Alcohol and Drug Abuse Services, Alcohol and Drug Abuse Division Only, February 14, 2007, Page 68.)

The FY 2010-11 base request totals \$1,106,635 that includes \$1,108,199 appropriated for FY 2009-10 and (\$1,564) annualization of DUI curriculum training (Decision Item #24.) There were no Change Requests submitted for this line item in FY 2010-11.

Law Enforcement Assistance Fund Contracts

The Colorado General Assembly created the Law Enforcement Assistance Fund [(Section 43-4-402 (2), C.R.S. (2005)] in 1982 to promote the prevention of drunk driving. The fund collects a surcharge on drunk and drugged driving convictions to help pay for enforcement, laboratory charges and prevention programs. The Alcohol and Drug Abuse Division receives 20 percent of the dollars specifically to establish impaired driving prevention programs.

Populations mandated under the LEAF legislation and served through five prevention contracts include: 1) the general population as a whole; 2) teachers of young people and young adults, especially those young people/adults at high risk for impaired driving; 3) health professionals; 4) local law enforcement; and 5) providers and advocacy organizations. Types of services include: mentoring, tutoring, life skills training, harm reduction education, community coalition building, social norms marketing, and education/information dissemination.

Funding supports local efforts to prevent persons from driving when using alcohol or other drugs. The funding comes from a \$60 fee charged to those persons convicted of a DUI offense. These funds are distributed according to statute [Section 43-4-401, C.R.S.] to the Department of Public Health and Environment for the Implied Consent program, ADAD for community prevention projects, and the Department of Transportation for grants to local law enforcement agencies. The statutes require ADAD to use these funds for a statewide program of public education on driving under the influence, including teacher training and the dissemination of educational curricula. There were no changes to the \$255,000 continuation base from FY 2007-08.

HB 08-1375 appropriated \$255,000 in FY 2008-09. There were no Change Requests submitted for this line item in FY 2008-09.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The FY 2009-10 base request totals \$255,000. Supplemental/Budget Amendment S-17/BA-17- Departmental Technical adds \$5,000 to Cash Funds and subtracts \$5,000 Reappropriated Funds to correct CF/RF funding split. The Law Enforcement Assistance Fund is appropriated directly to DHS and, therefore, should be a Cash Fund appropriation. (Supplemental Requests for FY 2008-09 and FY 2007-08, Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, January 29, 2009, Page 4).

The FY 2010-11 base request totals \$255,000. There were no Change Requests submitted for this line item in FY 2010-11.

(c) Other Programs

Federal Grants

The ADAD receives a variety of federal alcohol and drug abuse discretionary grants. The portion of federal grants anticipated to be used for administrative activities is shown in the Alcohol and Drug Abuse administration section. The federal government frequently allows ADAD to roll forward unspent grant monies and may also extend the actual grant period in order to enable ADAD and the service provider to complete a project.

HB 06-1385 appropriated \$921,291 in FY 2006-07. The \$4,142,138 technical FY 2006-07 Supplemental and FY 2007-08 Budget Amendment T-6 updated federal funds and FTE authority in HB 06-1385 (Long Bill) for Supportive Housing and Homeless Programs, Division of Mental Health and Alcohol and Drug Abuse Division (ADAD). The key components of this change request were to update the Long Bill based on current FTE and the total amount of federal funds received for administration and direct program costs by the Supportive Housing and Homeless Program (SHHP), the Division of Mental Health and the Alcohol and Drug Abuse Division (ADAD).

HB 08-1375 appropriated \$5,063,429 in FY 2008-09. There were no changes to this line item in FY 2008-09.

The FY 2009-10 base request totals \$5,063,249. There were no changes to this line item in FY 2009-10.

The FY 2010-11 base request totals \$5,063,249. There were no changes to this line item in FY 2010-11.

Line Item Descriptions FY 10-11 BUDGET REQUEST

Balance of Substance Abuse Block Grant Programs

This appropriation is combined with funds appropriated for treatment and prevention contracts to provide services to meet the needs of specific populations. This flexibility is essential in meeting the five earmarked requirements of each Block Grant award (administration, drug/alcohol treatment, prevention, women's services, and HIV early intervention) and to implement the Managed Service Organization designation" process by contracting with designated (by law) intermediary organizations for treatment services.

This line item includes federal Substance Abuse Prevention and Treatment Block Grant allocations. The Division has the flexibility to allocate funds in this line item to the Community Programs Treatment Contracts. The block grant requires that 35 percent of the funds are used for alcohol abuse programs, 35 percent for drug abuse, 20 percent for prevention, and the remaining 10 percent can be applied to any of the three areas.

The FY 2007-08 continuation base totals \$6,019,588. Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 2%. A 1.5% increase in the amount of \$2,763 was appropriated for a cost-of-living-adjustment in FY 2007-08 pursuant to the Office of State Planning and Budgeting common policies. Additionally, the JBC staff recommended \$650,000 in Federal Funds to reflect anticipated expenditures of the Substance Abuse Block Grant in FY 2007-08.

Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 1.35%. A 1.5% cost-of-living increase in the amount of \$2,804 was appropriated for community providers pursuant to the OSPB and the JBC common policies in FY 2008-09. (JBC Staff Memorandum Community Provider Rates Figure Setting for FY 2008-09 and FY 2009-10, February 2, 2009.)

The FY 2009-10 base request totals \$6,675,155. There were no changes to this line item in FY 2009-10.

The FY 2010-11 base request totals \$6,675,155. The November 6, 2009 Budget Request includes Budget Reduction Item 4 titled Two Percent (2%) Community Provider Base Decrease that totals (\$18,151,245) including (\$10,170,199) net General Fund. The request decreases the base appropriation for all community provider services in the Department of Human Services by two percent (2%) in FY 2010-11.

There are several departments in the State that contract with community providers to provide services to eligible clients. The General Assembly has historically appropriated annual inflationary increases or cost of living adjustments for community providers to fund services that might otherwise be delivered by State FTE. The Department is requesting a 2.0% decrease for all client service providers

Line Item Descriptions FY 10-11 BUDGET REQUEST

due to the projected State revenue shortfall. This line item would be reduced by \$3,795 General Fund as a result of the Departmental Request.

Community Prevention and Treatment

Special Bill SB 07-097/HB 07-1359 Tobacco Litigation Settlement appropriated \$513,866. An attached amendment in HB 08-1287 increased the appropriation by the amount of \$7,237, for a total FY 2007-08 appropriation of \$521,103.

Non-prioritized Decision Item NP-1 requested a Community Provider Rate Increase of 1.35%. A 1.5% cost-of-living increase in the amount of \$15,424 was appropriated for community providers pursuant to the OSPB and the JBC common policies in FY 2008-09.

HB08-1375 established the FY 2008-09 appropriation at \$1,043,689 Reappropriated Funds based on projections of fund revenue as determined by the Colorado Department of Public Health and Environment.

Supplemental SB 08-189 included S-16, BA-16 Technical Corrections to Tobacco Settlement Monies to correct the source of funding from Reappropriated Funds to Cash Funds in FY 2008-09. (Supplemental Requests for FY 2008-09 and FY 2007-08, Department of Human Services, Mental Health and Alcohol and Drug Abuse Division Only, January 29, 2009, Page 1).

The FY 2009-10 line item appropriation (SB 09-259) totaling \$992,081 includes the FY 2009-10 tobacco allocation increase in the amount of \$22,387 and JBC staff administrative and operating expenses adjustment (\$73,995.) Department of Public Health and Environment Figure Setting document.)

The FY 2010-11 base request totals \$976,005 and includes Special Bill 09-269 Adjustment of the Allocation of Tobacco Litigation Settlement Moneys Received by the State in the amount of (\$16,076). The November 6, 2009 Budget Request includes Budget Reduction Item 4 titled Two Percent (2%) Community Provider Base Decrease that totals (\$18,151,245) including (\$10,170,199) net General Fund. The request decreases the base appropriation for all community provider services in the Department of Human Services by two percent (2%) in FY 2010-11.

There are several departments in the State that contract with community providers to provide services to eligible clients. The General Assembly has historically appropriated annual inflationary increases or cost of living adjustments for community providers to fund services that might otherwise be delivered by State FTE. The Department is requesting a 2.0% decrease for all client service providers due to the projected State revenue shortfall. This line item would be reduced by \$19,520 Cash Funds as a result of the Departmental Request.

Line Item Descriptions FY 10-11 BUDGET REQUEST

Gambling Addiction Program Services

This program was established in HB08-1314 to provide gambling addiction counseling to Colorado residents. Monies from the Local Limited Gaming Impact Fund (2%) is transferred to the Gambling Addiction Account for grant awards to provide gambling addiction counseling, including prevention and education, to Colorado residents. The Department may use a portion of the moneys in the Gambling Addiction Account to cover the Department's direct and indirect costs associated with administering the grant program (not to exceed 10% for FY 2008-09 and 5% for FY 2009-10).

Grants are awarded to state, local, public or private entities and programs that provide gambling addiction counseling services and that utilize nationally accredited gambling addiction counselors. For FY 2008-09, 10% of the moneys in the Gambling Addiction Account were earmarked for grants to addiction counselors who are actively pursuing national accreditation as gambling addiction counselors. This program is repealed effective July 1, 2013.

\$143,818 was appropriated in FY 2008-09 (\$129,961 for programmatic funding in this line item and \$13,857 and 0.1 FTE in the Alcohol and Drug Abuse Division Personal Services line item).

Supplemental/Budget Amendment S-17/BA-17- Departmental Technical (submitted December 30, 2008) added \$14,766 for grant funds pursuant to HB 08-1314 in FY 2009-10.

The FY 2010-11 Base Request totals \$144,727. There were no changes to this line item in FY 2010-11.

Rural Substance Abuse Prevention and Treatment

HB 09-1119 "Concerning Creation of a Program to Assist Entities Providing Programs to Address Substance Abuse Problems in Rural Areas of Colorado" established the Rural Alcohol and Substance Abuse Prevention and Treatment Program that consists of the Rural Youth Alcohol and Substance Abuse Prevention and Treatment Project and the Rural Detoxification Project.

The Rural Alcohol and Substance Abuse Cash Fund was also created to be comprised of moneys collected from additional penalty surcharges assessed for persons convicted of driving under the influence (DUI), DUI per se, driving while ability impaired (DWAI), habitual user of controlled substances and underage drinking and driving (UDD) to be repealed effective July 1, 2016. New penalty surcharges are also established for other alcohol and drug related offenses upon conviction or a deferred sentence.

Line Item Descriptions FY 10-11 BUDGET REQUEST

Revenue from the Rural Alcohol and Substance Abuse Cash Fund will be used to provide direct services. The implementation date is on or after January 1, 2011 subject to the availability of sufficient moneys to operate an effective program. \$88,443 was appropriated for FY 2010-11.

(9) SERVICES FOR PEOPLE WITH DISABILITIES

(A) COMMUNITY SERVICES FOR PEOPLE WITH DEVELOPMENTAL DISABILITIES

(1) ADMINISTRATION

The Division for Developmental Disabilities (DDD) is the State office that provides leadership for the direction, funding, and operation of services for adults and children with developmental disabilities within Colorado both in community-based services and state-operated services. State leadership and oversight includes: policy, planning, program development, budget development, program operational guidelines, technical assistance, training, determination of funding needs, setting priorities, contracting and allocation of funding for services, review of services and funding utilization, program approval, program quality, monitoring, evaluation, management information, coordination with other state and local service systems, and supervision of the Regional Centers. These functions are performed in concert with service providers, advocacy groups, consumers and their families.

PERSONAL SERVICES

Personal Services is calculated in accordance with Budget Instructions. The FY 2008-09 Long Bill HB 08-1375 appropriation was \$2,693,060 and 32.3 FTE and a decrease of (\$117,283) from hiring freeze saving supplemental senate bill 09-189. Included also was .5 FTE and \$30,334 per SB 08-002 and \$33,000 for HB 08-1246, bringing the total appropriation in FY 2008-09 to \$2,639,111 with 32.8 FTE. Increases to the base budget for FY 2009-10 were for common policy and pay for performance increases, annualization of SB 08-002 and a reduction of \$33,000 for HB 08-1246 because this was a one-time expense for a total request of \$2,923,535. The FY 2009-10 Long Bill SB 09-259 includes a one time reduction of (\$53,132). No increases will occur for the FY 2010-11 so the request will be for \$2,923,535.

OPERATING EXPENSES

This appropriation funds operating expense for the administrative function of the office.

The total FY 2009-10 continuation request is \$153,672. Added is a common policy decision item, NP-2 Postage Increase and Mail Equipment Upgrade (\$72) for a total request of \$155,571. For FY 2010-11, the postage increase was reversed modifying the line to \$153,672.

COMMUNITY CONTRACT MANAGEMENT SYSTEM

In FY 2005-06 and FY 2006-07 the one-time use of base resources previously included in the Adult Program Costs line item was authorized for the development of a new Community Contract and Management System (CCMS) database. This information technology system is used to track developmental disability contracts and payments, as well as program information, general demographics and waiting list information required to be submitted pursuant to Section 27-10.5-103(d), C.R.S. Information from the system also can be used to make claims for Medicaid reimbursement through the Medicaid Management Information System. The old CCMS System had become unstable. The new system, completed at the end of FY 2006-07, is a centralized web-based system. The

Line Item Descriptions FY 10-11 BUDGET REQUEST

Department was authorized to develop a system consistent with the results of a 2004 feasibility study that reflected development costs of \$491,308 (which could be spread over two years) plus some ongoing costs after development for maintenance. Through the Medicaid Waiver Transition Costs appropriation \$94,000 was added for additional system development costs associated with complying with federally required changes to billing for Medicaid waiver programs. The new CCMS system can be used as a “front end” to the Medicaid Management Information System for billing Medicaid waiver services. It is also used to manage all contracts with community centered boards for both Medicaid and General Fund service provision.

Changes identified in FY 2007-08, SBA-3 – CCMS Web System Replacement, included an IT contract for any changes to the system, technical support for the database and internet/web telecommunications and network support, software maintenance agreements with various vendors and hardware replacement totaling \$137,480 for on-going maintenance of the system. In FY 2008-09 ongoing funding of \$137,480 for the community contract and management system maintenance was approved.

The FY 2009-10 request is also the same continuation amount of \$137,480. The FY 2010-11 request is the again \$137,480.

MEDICAID WAIVER TRANSITION COSTS

The federal Centers for Medicare and Medicaid Services (CMS), which had previously approved three of Colorado’s Medicaid waiver applications as “quasi managed care” service models no longer considered the State’s system acceptable. During FY 2003-04, CMS reviewed Colorado’s three home and community based services Medicaid waivers for persons with developmental disabilities. The final report on the Comprehensive (24 hour) Waiver program was issued in April 2004 and a renewal of the Comprehensive Waiver was approved September 24, 2004. The renewal was conditioned on various changes, including the (1) removal of certain program costs from the Waiver program and their transition to the Medicaid State Plan; and (2) steps to increase financial oversight and accountability for the program, including steps to "unbundle" services and costs in the Comprehensive Waiver program.

Under the long-term plan, levels of need will be set based on an acuity tool (the "Supports Intensity Scale" (SIS)) that measures the intensity of service needs that impact costliness of service provision with up to 7 levels for difficulty of care. The rates associated with difficulty of care levels are structured based on work with a rate-setting consultant, detailed assumptions and federal requirements. DDD moved to a new interim rate structure for both the Comprehensive HCBS-DD Medicaid waiver program effective FY 2006-07. The State has committed to federal authorities that it will migrate to a new long-term rate structure for the Comprehensive Waiver program effective January 1, 2009 and a new long-term rate structure for the Supported Living Services (HCBS-SLS) Medicaid waiver program effective July 1, 2009. The long-term rate structures will be based on client needs, as assessed, on the Supports Intensity Scale (SIS) tool. The General Assembly previously appropriated funds for one-time costs associated with administering the SIS tool to Comprehensive Waiver clients.

The Department moved to a new interim rate structure for the Comprehensive Medicaid HCBS waiver program effective FY 2006-07. The State has committed to federal authorities that it will migrate to a new long-term rate structure for the Comprehensive Waiver

Line Item Descriptions FY 10-11 BUDGET REQUEST

program effective January 1, 2009 and a new long-term rate structure for the SLS program effective July 1, 2009. The long-term rate structures will be based on client needs as assessed based by the Supports Intensity Scale (SIS) tool. The General Assembly previously appropriated funds for one-time costs associated with administering the SIS tool to Comprehensive Waiver clients, and development of the new rate structure, in preparation for the July 1, 2008, now changed to January 1, 2009, rate-system change for the Comprehensive Waiver program. In June 2007, (see above) the Department identified a variety of additional one-time funding needs associated primarily with administering the SIS tool to the SLS population, re-administering the SIS to Comprehensive Waiver clients who had not been properly assessed the first time, entering prior authorization review (PAR) data on each consumer assessed with the SIS, and making associated computer system modifications. The current request substantially reflects the portion of a June 2007 emergency supplemental that was previously rejected on the grounds that it did not meet "emergency" supplemental criteria as outlined in Section 24-75-111, C.R.S. In June 2007, the JBC approved those portions of the supplemental request that needed to be completed during the first half of the year and that reasonably reflected needs that could not have been foreseen while the General Assembly was meeting. These included the re-administration of the SIS to some Comprehensive Waiver clients and a sample of SLS clients (required to develop a new SLS rate structure), associated costs for Department-processing of PAR documents, and funding for computer-system modifications. The FY 2007-08 amount is for administering the SIS and entering PARs for those SLS clients who were not part of the sample funded through the June 2007 emergency supplemental.

The FY 2008-09 was \$79,028. An annualization of Medicaid waiver transition cost (S-4) added \$14,112, which increased the appropriation to \$93,104. The FY 2009-10 request is a continuation amount of \$93,140 for ongoing SIS implementation. The FY 2010-11 request is \$93,140.

2) PROGRAM COSTS

According to Colorado state statute, persons with developmental disabilities are those who have a “disability that is manifested before the person reaches twenty two years of age, which constitutes a substantial disability to the affected individual, and is attributable to mental retardation or related conditions which include cerebral palsy, epilepsy, autism, or other neurological conditions when such conditions result in impairment of general intellectual functioning or adaptive behavior similar to that of a person with mental retardation”. (CRS 27-10.5-102 (11) (a)) This definition applies to individuals five years of age or older. For children under five years of age, eligibility is based on the determination of a developmental disability, a significant developmental delay, or factors known to put the child at risk of having a developmental disability.

Ninety-seven percent of adults determined to have a developmental disability in Colorado have mental retardation. In addition, many individuals have a long-term need for assistance with the normal activities of daily living, and are extremely vulnerable to abuse, neglect, mistreatment, and exploitation. An individual’s level of vulnerability is assessed in terms of their individual characteristics, and whether that individual has access to the necessary supports and services in their life. Although many persons with developmental disabilities age 18 and older continue to reside with their parents, parents are not legally required to provide housing, care and supervision to an adult son or daughter with a developmental disability. The Division for Developmental Disabilities (DDD) within the

Line Item Descriptions FY 10-11 BUDGET REQUEST

Department of Human Services administers the developmental disability programs. DDD has limited funds with which to serve eligible individuals and therefore, uses an individual's level of vulnerability to prioritize services for those individuals with more immediate needs for which other alternative sources of support are not available.

Service Delivery System – There are two principal types of service organizations that serve persons with developmental disabilities in Colorado: (1) private community service organizations including state designated Community Centered Boards (CCBs) and their individual service providers; and (2) state-operated service organizations called Regional Centers (RCs). Regional Centers are described separately in another section that follows.

The State contracts for case management services with twenty CCBs that deliver these community-based services to persons with developmental disabilities. CCBs are private non-profit organizations designated in state statute (Sections 27-10.5-102 (3) and 105, C.R.S.) as the single entry point into the long-term service and support system for persons with developmental disabilities. Each CCB has a non-overlapping geographic service region of one to ten counties serving from 88 to 2,031 individuals each.

Wait List Resources – Comprehensive services to 110 adults are to be provided for an average of six months in FY 2008-09. The program is Medicaid funded and requires a 50% General Fund match. Colorado has long had a waiting list for Comprehensive Services. Persons on the waiting list are adults who primarily live in the home of parents, siblings or other relatives and have been waiting for Comprehensive Services for an extended period of time. Many of these adults are considered a high risk for out-of-home placement because they are in precarious situations due to aging and/or ailing caregivers or other factors.

Colorado has experienced limited growth in resources for Comprehensive Services for many years. Funding has typically been directed to youth with developmental disabilities transitioning from foster care, adults in extreme emergency situations and persons moving from state-operated Regional Centers.

Adult Supported Living Services (SLS) – Funds were approved to provide services for 200 adults at for an average of six months in FY 2008-09. The program is Medicaid funded and requires a 50% General Fund match. This is aimed at adults who can either live independently with limited to moderate supports or who, if they need more extensive support, are provided this support by other persons such as their family. Supported Living Services for adults offers a variety of individualized and flexible supports to enable individuals to live in their own or their family's home and avoid or delay more costly Comprehensive Services.

Family Support Services Program (FSSP) - This amendment provided services for 100 families. This is a General Fund program. Services include assistance to families with costs and services beyond those normally experienced and needed by other families without children with a developmental disability, and are meant to avoid or delay costly out of home placements. FSSP includes the Family Support Services Loan Fund. Per state statute 27-10.5-404 (4), and the Department is allowed to use up to seven percent of the appropriation for family support services for administrative costs within the Community Centered Boards and the Department.

Line Item Descriptions FY 10-11 BUDGET REQUEST

These resources were approved at a slightly different funding level calculation (see Figure Setting documents for FY 2008-09).

The following is a description of the types of services and changes made from the inception of the line in FY 2007-08 to FY 2008-09. The request for FY 2009-10 annualizes DI-4 New Resources and DI-4A Governor's Initiative for new Resources. To this has been added DI-1 Community Resources for the Developmentally Disabled for \$4,782,566 in Adult Comprehensive services

ADULT COMPREHENSIVE SERVICES

Comprehensive Services for adults in the CCB system are intended to meet the needs of individuals with developmental disabilities who require extensive supports to live safely in the community, and who do not have the resources available to meet their needs. Comprehensive Services include group and individualized residential services in a variety of community-based settings, employment or other day services, and transportation. These services include access to 24-hour supervision. The day services component offers support, habilitation, education, and training on work habits and work-related skills, so that adults receiving services can acquire and maintain paid employment, and can attain maximum functioning in the community.

The request for FY 2009-10 annualizes DI-4 New Resources (\$7,586,069) and DI-4A Governor's Initiative for New Resources (\$3,875,164). To this has been added DI-1 Community Resources for the Developmentally Disabled for \$4,782,566 for a total request of \$280,537,982. The request for DI-1 was modified by JBC staff to be funded at \$1,618,991. Other adjustments also included a reduction of (\$779,867) for SSI and \$638,400 for regional center transition costs. The FY 2009-10 Long Bill SB 09-259 reflects an appropriation of \$273,785,089. For FY 2010-11 annualization of resources adds \$1,665,778 Medicaid waiver provider rates retraction of (\$6,043,814) and a 2% provider rate decrease of (\$4,744,787) adjusts the request to \$264,662,266.

ADULT SUPPORTED LIVING SERVICES

Supported Living Services (SLS) are intended to augment available supports for adults who either are capable of living independently with limited supports, or who are principally supported by other sources, such as their family. SLS offers a variety of individualized and flexible supports to enable adults to live in their own homes or in family homes, and to avoid or delay more costly Comprehensive Services. The level of support and supervision provided through the SLS program varies based on the individual's needs, and the availability of supports from other sources. These supports are provided in or outside the home and may include, but are not limited to the following: personal assistance for daily care or homemaking needs; employment or other day type services; community integration services; assistance with decision-making; assistive technology; home modification; professional therapies; transportation services; and twenty-four hour emergency assistance. Supported Living Services are available to both adults who are Medicaid eligible and to those who are not Medicaid eligible.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The request for FY 2009-10 annualizes DI-4 New Resources (\$221,224) and DI-4A Governor's Initiative for New Resources (\$1,580,168). To this has been added DI-1 Community Resources for the Developmentally Disabled for \$576,700 for a total request of \$57,637,650. JBC staff adjustments included a modification to DI-1 Community Resources to \$215,804 as well as an adjustment to local funds of (\$90,232) bringing the appropriation to \$54,167,273. For FY 2010-11 annualization of resources for DI-1 of \$252,489, a retraction of the Medicaid waiver provider rate of (\$1,154,808), and a 2% reduction (\$905,800) adjusts the appropriation to \$52,359,154.

EARLY INTERVENTION SERVICES

Early Intervention Services provide support to infants and toddlers (birth through age two) who have developmental delays or disabilities or are at risk for developmental disabilities. These services enhance a child's development and learning. They also enhance a family's ability to support their child's well being.

Early Intervention Services are important because the critical window for development is during the first three years of a child's life. The earlier services are provided, the greater the impact these services have. Additionally, extensive studies demonstrate that providing services early in children's lives often results in fewer resources being needed to support them, as they grow older.

Early Intervention Services are funded with State General Fund in this Program and with federal funding under the Individuals with Disabilities education Act (IDEA) Part C (described in another line) may include the following:

- Assistive technology devices and services (IDEA)
- Audio logy services (GF)
- Developmental Intervention (GF)
- Health services and Nutrition services (IDEA)
- Nursing services (GF)
- Occupational therapy (GF)
- Physical therapy (GF)
- Psychological services (GF)
- Respite Care (IDEA)
- Service coordination (IDEA)
- Social work/emotional services (GF)
- Speech / language services (GF)
- Transportation (IDEA)
- Vision services (GF)

In order to receive early intervention services a family and child must be a Colorado resident. The child must be under three years of age and determined eligible based on one of the following criteria either 1) a significant developmental delay or 2) have a diagnosed

Line Item Descriptions FY 10-11 BUDGET REQUEST

physical or mental condition with a high probability of resulting in significant developmental delay. These two criteria are described below

1. Infants and Toddlers who are demonstrating a significant developmental delay in one or more of the following areas of development:
 - Cognitive development (thinking and learning skills)
 - Physical development (moving, seeing and hearing)
 - Communication development (understanding and using sounds, gestures and words)
 - Social-Emotional development (responding to and developing relationships with others)
 - Adaptive development (taking care of one's self when doing things like feeding and dressing)
2. Infants and toddlers with an established condition means a child, birth through two years of age, with a diagnosed physical or mental condition that has a high probability of resulting in significant delays in development, and who may or may not be exhibiting delays in development at the time of diagnosis as assessed by a qualified medical professional utilizing appropriate diagnostic methods and procedures. The Division for Developmental Disabilities maintains a database of physical and mental conditions that establish a child's eligibility for early intervention services.
3. Infants and toddlers who live with one or both parents who have a developmental disability. Funding for these children is only available through State General Funds.

In Colorado, early intervention services are provided to children from birth through two years of age from a variety of funding sources including private insurance, state, and federal monies. Since the 1960s, the State has provided services through CCBs. CCBs are private, non-profit organizations responsible for coordinating developmental disability client intake, eligibility determination, service plan development, arrangement for services, delivery of services (either directly and/or through purchase), monitoring, and many other functions. Early Intervention services are funded primarily by state General Fund in this program. Other services are available through federal sources. More information is available on the following website: <http://www.eicolorado.org>

For FY 2009-10 there is a continuation request of \$11,663,694. A reduction of local funding of (\$565,366) adjusted the appropriation to \$11,098,328. This continuation is requested for FY 2010-11.

FAMILY SUPPORT SERVICES

The Family Support Services Program (FSSP) helps families with the extra costs of keeping children with developmental disabilities or delays in a nurturing home environment - thus preventing the need for out-of-home placement. These services include:

- Respite care - temporary care of the child with a developmental disability
- Professional services - counseling, occupational/speech/physical therapies - medical and dental expenses not otherwise covered by sources such as Medicaid or private insurance
- Transportation - mileage costs related to providing care and support

Line Item Descriptions FY 10-11 BUDGET REQUEST

- Assistive technology - mobility aids, adaptive equipment, communication devices
- Home/vehicle modification - ramps, lifts, widened door frames
- Other individual expenses - special diets, specialized clothing

This is a General Fund program and services available are intentionally flexible to meet the individualized needs of unique family circumstances. Current family support services funds are "stretched" to serve 3,000 to 4,000 families each year, although funding is only officially provided for just 1,226 families. Thus, funding additional families could result in additional families served or could result in an increase in the amount received by the families that already benefit from the program, although at a lesser amount than originally intended.

The request for FY 2009-10 annualizes DI-4A Governor's Initiative for New Resources (\$279,398). The FY 2009-10 appropriation resulted in 6,507,966 which will also be the continuation amount for FY 2010-11.

CHILDREN'S EXTENSIVE SUPPORT

Children's Extensive Support (CES) provides Medicaid-funded services and supports to children with developmental disabilities who demonstrate a behavior or have a medical condition that requires constant supervision.

The main areas of services and supports available are:

- Personal assistance services - assistance with personal hygiene, eating/drinking and toileting
- Professional services - therapies, training, evaluation, and assessments that are not covered by other sources
- Behavioral services - intervention or consultation
- Home modifications - showers, toilets, or doorways
- Assistive technology - intercom systems, electronic monitoring devices for the home, or mobility devices
- Childcare services - respite care and supervision

These children are considered to be the most in need in the state and are at high risk of out-of-home placement. They require near constant line-of-sight supervision due to one or more of the following: (a) self-injurious or self-endangering behavior or medical condition which, without intervention, will result in a life threatening condition or situation; (b) a demonstrated pattern of serious aggression toward self, others or property; or (c) constant vocalizations which are a significant disruption to family life. These children must meet the same level of care criteria as is used for institutional placement. The intense level of services provided by this program enhances the ability of the family to stay together, thus avoiding more costly out-of-home placement for these children.

Line Item Descriptions FY 10-11 BUDGET REQUEST

For FY 2009-10 the continuation request of \$7,288,632 was modified by JBC staff initiated adjustment for local funding of (\$369,001) as well as a vacancy reduction of (\$36,904), modifying the final funding at \$6,882,727. A Medicaid waiver provider rate retraction of (\$172,068) as well as a 2% provider rate reduction of (\$375,071) adjusts the request to \$6,576,446 FY 2010-11.

CASE MANAGEMENT

CCBs are designated by the state to provide case management services, which include intake, eligibility determination, service plan development, and arrangement for services, delivery of services, monitoring, and many other functions. Additionally, CCBs are responsible for assessing service area needs and developing plans and priorities to meet those needs. CCBs either deliver services directly and/or contract with Program Approved Service Agencies (PASAs) and other Service Provider Organizations (SPOs) to provide services and supports to individuals receiving services.

The request for FY 2009-10 annualizes DI-4 New Resources (\$269,287) and DI-4A Governor's Initiative for New Resources (\$438,902). To this has been added DI-1 Community Resources for the Developmentally Disabled for \$280,964 for a total request of \$24,683,117. A JBC staff adjustment to local funding of (\$67,651) and another of \$25,290 adjusted the appropriation to \$23,122,398. For FY 2010-11 a retraction of the Medicaid waiver provider rate of (\$480,860) as well as a 2% provider decrease of (\$375,071) reduces request to \$22,266,467.

SPECIAL PURPOSE

Special Purpose projects include surveys for determining wait lists and service requirements, consultants on DD issues and often help in researching other issues not related to individual services provided. The Division for Developmental Disabilities manages these funds. A 1331 supplemental was approved for DDD – The Resource Exchange June 23, 2008 adding funding to this line for assisting The Resource Exchange in getting their program on track in FY 2007-08 and FY 2008-09.

In the 2008 Legislative Session, HB 08-1031 Developmental Disabled Waiting List Navigator added \$500,000 to this line. The \$500,000 is one-time funding that is allowed to roll forward if not completely used in that fiscal year. Since this is a one-time addition, it is not included in the FY 2009-10 continuation request of \$1,064,342. An JBC staff adjustment for PAASAR utilization of (\$167,535) changed the appropriation to \$890,158. For FY 2010-11 a 2% provider rate reduction of (\$10,586) adjusts the appropriation to \$879,572.

(3) OTHER COMMUNITY PROGRAMS

FEDERAL SPECIAL EDUCATION GRANT FOR INFANTS, TODDLERS, AND THEIR FAMILIES (PART C)

Colorado receives a federal grant under the Individuals with Disabilities Education Act (IDEA), Part C to assist states in providing early intervention and related services to children with developmental delays and disabilities from birth through two years of age, and their families. Part C funds may be used to implement, maintain, and strengthen the statewide system of early intervention services. In addition, such funds may be used for direct early intervention services that are not otherwise funded through other public and private sources. Thus, Part C is the payer of last resort, and all other funding options must be explored before accessing available Part C funds for the provision of direct services. Federal Part C funds may not be commingled with state funds, and may not be used to supplant state and local funds expended for infants and toddlers with developmental delays and disabilities and their families.

On December 30, 2005, the Governor signed Executive Order D 017 05 that switched the lead agency for Part C from the Department of Education to the Department of Human Services, Division for Developmental Disabilities. Pursuant to the federal Part C legislation, the Governor of each state is authorized to identify the Part C lead agency. As a result of the Executive Order, the Part C program began to appear in the Department of Human Services' section of the Long Bill for FY 2006-07.

In accordance with federal regulations, the Colorado Interagency Coordinating Council provides advice and guidance to the Department regarding the use of Part C funds. For FY 2007-08, Part C funds as follows:

Expenditure of Part C Funds FY 2007-08

State Program Administration (State staff and operating costs)	\$597,574
Statewide Systems Coordination (various grants and outreach activities)	\$1,058,050
Local Community Service Coordination (funding to CCBs)	\$2,655,000
Direct Services (funding through CCBs)	\$2,532,374
Total	\$6,842,998

The primary categories of direct service include "developmental intervention", speech, occupational, and physical therapy, all significant components of direct service costs. The FY 2008-09 appropriation reflects \$6,832,502 and 6.5 FTE, based on the federal projection for the State's FY 2008-09 Part C grant. The federal allocation was finalized in June 2008 and is \$6,935,430. Senate Bill 07-255 (a JBC bill) clarified the relative responsibilities for "child find" for children under the age of three between the two departments, leaving the Department of Education with many of the responsibilities for identifying and assessing young children's needs, while the Department of Human Services is responsible for ensuring infants and toddlers receive appropriate services, using the various funding sources at its disposal including General Fund, federal Part C funds, and, pursuant to S.B. 07-004, private insurance and Medicaid funds.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The total FY 2009-10 continuation request of \$6,852,382 includes common policy salary adjustments. Added to that is decision item NP-2-Postage Increase and Mail Equipment Upgrade (\$115) for a total request of \$6,852,497. The American Recovery and Reinvestment Act funding of \$3,558,004 was included to increase the appropriation to \$10,410,498. An adjustment of (\$1,737,534) reflects the last 25% ARRA funding adjusting the request for FY 2010-11 to \$8,672,964.

CUSTODIAL FUNDS FOR EARLY INTERVENTION SERVICES

This line item is the result of Senate Bill 07-004 “Early Intervention Services Coordinated System of Payment” (Shaffer/Todd). This bill required the Department of Human Services, in conjunction with other public and private entities, to develop a coordinated system of payment for early intervention services for infants and toddlers with developmental disabilities and delays, consistent with the requirements of Part C of the federal Individuals with Disabilities Education Act (IDEA). It required insurance coverage of such services without co-payments or deductibles, or impact on annual or lifetime caps, up to a maximum annual liability of \$5,725 for affected policies and services and required the Department of Health Care Policy and Financing to make associated adjustments to the Children's Basic Health Plan and the Medicaid program. It also authorized the Department of Human Services to receive and expend custodial funds from insurance companies for early intervention services. This new line item reflects, for informational purposes, the estimated \$2.8 million in custodial funds the Department of Human Services expects to receive from insurance companies for provision of early intervention services to young children. This is based on estimated average insurance payments of \$5,725 per child for 500 children.

The Department received \$2,813,085 for this line item, including \$4,505 for annualization of Senate Bill 07-004. which is consistent with the fiscal note for SB 07-004. No better estimates of revenue are available to-date. Funding in this line item was classified as cash funds exempt in FY 2007-08, but is classified as cash funds in FY 2008-09, pursuant to new funds classification policies. Because these amounts are custodial funds, they are exempt from limitations on state fiscal year spending imposed by Article X, Section XX of the State Constitution, and this will be reflected in the associated letter note. For FY 2009-10 the request is the same amount as FY 2008-09, \$2,813,085. House Bill 09-1237 for a coordinated system of payments increased the appropriation to \$6,374,085. Annualization of this legislation of \$1,483,750 is reflected in the FY 2010-11 request for a continuation of \$7,857,835.

PREVENTATIVE DENTAL HYGIENE

DDD contracts for the Preventive Dental Hygiene program through the Colorado Foundation of Dentistry for the Handicapped. This program is intended to improve the oral health of persons with developmental disabilities. The focus of this program is on teaching oral hygiene skills in order to prevent dental disease, and to find ways to assure early detection and treatment of dental problems. This program provides individuals with developmental disabilities with referrals to dentists for special treatments. In addition, this program provides persons with developmental disabilities who have no funds for dental treatment with dentists who are willing to donate their time.

Line Item Descriptions FY 10-11 BUDGET REQUEST

This line item provides funding to assist the Colorado Foundation of Dentistry for the Handicapped in providing special dental services for approximately 1,200 persons with developmental disabilities. This program provides dental evaluation, intervention, and advocacy designed to provide comprehensive prevention of oral disease. Dental services for adults are an optional program under federal Medicaid law in which the state has opted not to participate. Medicaid eligible children may receive dental screening under the Early and Periodic, Screening, Diagnosis and Treatment (EPSDT) federal requirement, however, for FY 2008-09 the budget is \$64,337, including \$60,621 General Fund. Local funds amounts in this line item were previously classified as cash funds exempt, according to the new funds classification approach; they will now be identified as cash funds.

The FY 2008-09 Long Bill HB 08-1375 appropriation was \$64,337 with the increase based on that year's provider rate adjustments of 1.5% and the FY 2009-10 request is that same continuation amount. The FY 2010-11 includes a 2% provider rate reduction (\$1,286) adjusts the appropriation to \$63,051.

(B) REGIONAL CENTERS FOR PEOPLE WITH DEVELOPMENTAL DISABILITIES

The role of the state operated Regional Centers (RCs) is to provide direct support for adults with developmental disabilities who have very significant needs and for whom adequate services and supports are not available in the CCB community system to safely meet their needs. Under the supervision of the Division for Developmental Disabilities, the state of Colorado operates three Regional Centers for adults with developmental disabilities: one in Grand Junction (GJRC), one in Pueblo (PRC), and one in Wheat Ridge (WRRC). Regional Centers serve adults in community group homes funded through the Home and Community-Based Services (HCBS) Medicaid Waiver (also called the Comprehensive Services Waiver) and in on-campus Intermediate Care Facilities for Persons with Mental Retardation (ICF-MR) Class IV facilities. In addition to group home and ICF-MR campus facilities, there are a limited number of nursing facility beds on the campus of the Grand Junction Regional Center (GJRC).

Regional Centers (RC) through Comprehensive Services for adults in the state-operated system are targeted to individuals who have the most intensive needs and cannot have their needs adequately met in the Community Centered Board system. RCs provide active treatment through a number of services including: 24-hour supervision, residential services, day programming, habilitation, medical, training and behavioral intervention, plus short-term emergency/crisis support to the community system. Based on their Individualized Plan, people are referred to the Regional Centers through Community Centered Boards from the Mental Health Institutes, the Department of Corrections, nursing facilities and the CCB community system including persons with high needs who are waiting for services. Included are:

- Individuals who have extremely high needs requiring very specialized professional medical support services – This population includes people with developmental disabilities who present with severe complex medical problems and are at high risk for deteriorating into life-threatening situations. These individuals will have complex medical issues, such as uncontrolled seizures, contractures, feeding tubes, tracheotomies, and need for complex oxygen support and other therapies.

Line Item Descriptions FY 10-11 BUDGET REQUEST

- Individuals who have extremely high needs due to challenging behaviors – This population includes individuals with difficult behavioral challenges, such as those with severe self-injurious behaviors, aggression, property destruction, and suicidal tendencies; and dually diagnosed individuals with both a developmental disability and a psychiatric diagnosis, such as schizophrenia or bipolar disorder. This group may include individuals who are at risk of running away and would be a danger to them if this were to occur.
- Individuals who pose significant community safety risks to others and require a secure setting – This population includes individuals who have been convicted of a violent crime (assault; sex offense; other) and/or who are deemed to be at risk for committing such offenses and who will not accept or cooperate with the services necessary to provide for their safety or the safety of others. This population includes individuals who have been convicted, determined incompetent to proceed with their defense, or referred by the Community Centered Boards or Mental Health Institutes because they present significant safety risks. This population needs a secure, secluded setting including door and window alarms, security fencing, increased staff supervision and training, and other security support systems. Individuals with these types of behaviors are generally served in the on-campus ICF/MR facilities at GJRC and Kipling Village at WRRC.

The State operates facilities for individuals with developmental disabilities, using three methods of providing services: 1) Regional Centers operate residential and support services in congregate settings known as Intermediate Care Facilities for the persons with Mental Retardation (ICF/MR); 2) Regional Centers operate group homes that provide services to 4-8 people per home in a community setting (these services are sometimes referred to as "state-operated group homes") and 3) A skilled nursing facility at Grand Junction Regional Center. Many persons served by Regional Centers have multiple handicapping conditions, such as maladaptive behaviors or severe, chronic medical conditions that require specialized and intensive levels of services. The Regional Centers work closely with the Community Centered Board (CCB) system, which provides community-operated services for persons with developmental disabilities. Traditionally, the Regional Centers have served persons with developmental disabilities where appropriate community programs are not available. They provide residential services, medical care, and active treatment programs based on individual assessments and habilitation plans.

ICFs/MR are an entitlement component of the Medicaid State Plan. Payments for ICFs/MR are cost based, rather than reflecting fixed rates established by the State (the HCBS-DD model). ICFs/MR are not overseen by community centered boards or another case-management entity and must comply with different regulatory guidelines than HCBS-DD placements. One component of this is that ICFs/MR must provide 24-access to physician services, as well as active treatment services, while the HCBS-DD regulations require that such services be accessed from community providers. The Department seeks to:

- Limit the impact of federally required HCBS waiver system changes on the RCs. If RC beds are ICFs/MR, rather than HCBS group homes, they will not be affected by federal waiver requirements.
- Increase direct care staff, consistent with a previous Department five-year plans to increase staffing intensity at the Regional Centers. For FY 2008-09, all proposed increases would begin at Wheat Ridge.

Line Item Descriptions FY 10-11 BUDGET REQUEST

Regional Center Wait Lists

Because the RCs have operated at capacity, a community centered board (CCB) with a consumer who it believe is more appropriate for a Regional Center placement must remove a client from a RC in order to move a new client into placement. There are currently 79 persons waiting for regional center placement including 41 waiting for ICF/MR placement and 38 waiting for waiver services. Of these, 44 are waiting from CCBs, with the balance waiting from the Department of Corrections or the Mental Health Institutes.

Impact of Federal Medicaid Waiver Changes

The regional center budgets for FY 2008-09 are affected by the changes to developmental disability wavier programs being required by federal authorities, since the majority of RC beds are operated under the HCBS-DD Waiver program that supports most community-based residential services. The Department has indicated that it presently expect that most regional center residents will qualify for "tier 7" placements under the new rate structure, based on their Supports Intensity Scale results. "Tier 7" placement rates fall outside of the regular rate structure and will be funded based on individual need., The Department intends to focus Regional Center services on the highest needs clients and thus this small number of clients will be gradually moved out of their RC placements and into community placements.

Client Cash

Client cash revenue for the Regional Centers is derived from three sources: (1) room and board for waiver clients; (2) Post Eligibility Treatment of Income (PETI) from waiver clients; and (3) patient pay from ICF/MR clients. Room and Board rates reflect SSI federal allocations less \$61 dollars per month (including 2007 increase) for personal spending. PETI income is from waiver clients who do not qualify for SSI. To maintain eligibility for the Medicaid waiver program, they must turn over excess income to offset their Medicaid cost of care. The amount from an individual patient can vary from \$1 to \$1,101 per month and varies based on patient mix. Patient pay from ICF/MR clients is from ICF/MR clients who receive benefits and/or earn wages. Such clients are permitted to keep personal spending money. Benefits above this and/or excess wages must be paid to the State. (Excess wages are calculated as ½ of the amount earned over \$65). Currently the amount from an individual patient can vary from \$0 to \$979 per month. Like PETI, this amount is subject to change depending upon the patient mix.

Updated estimates of the client cash level for FY 2008-09 are included in the appropriation in HB 08-1375 with an adjustment to increase cash funding by \$55,270 and decrease Medicaid funding by the same amount.

The major portions of costs associated with the Regional Center are appropriated in several line items in two groups of the Long Bill, Medicaid Funded Services and Other Program Costs. Additionally, costs associated with Regional Center physical plant maintenance and housekeeping, among other components, are centrally appropriated in the Office of Operations, and other indirect amounts are charged to the Executive Director's Office and the Office of Information Technology Services. The following describe the line items in the two groups in the Long Bill.

(1) MEDICAID FUNDED SERVICES

PERSONAL SERVICES

The FY 2009-10 request is a continuation amount including salary and achievement pay increases, annualization of FY 2008-09 DI-6 for ICF/MR Conversion at Wheat Ridge Regional Center plus funding and 39.4 FTE for high needs clients staffing at the Regional Centers. This increases the request by \$1,342,368 for DI-1 Regional Centers High Needs Clients, with a total request of \$50,317,708 and 1025.5 FTE. JBC staff adjustments reduced DI-1 by (\$1,024,327), adjusted provider fee by \$846,440, imposed a one-time penalty for a late supplement of (\$415,000) as well as a one time personal services adjustment of (\$864,840) for an appropriation of \$48,860,981. For FY 2010-11 a budget reduction of (\$4,861,011) and (57.0) FTE as well as reversal of the about mentioned one-time adjustments modified the appropriation to \$45,306,227.

OPERATING EXPENSES

The FY 2009-10 request is a continuation amount \$2,753,953 plus DI-1 Regional Center High Needs Clients \$40,850, DI-17 Inflationary Increases for DHS Residential Programs (\$65,162), and a common policy decision item NP-2 Postage Increase and Mail Equipment Upgrade (\$996) for a total of \$2,944,948. A reduction of (\$35,400) for annualization of Regional Center High Needs Clients, reversal of the postage increase (NP-2) and a budget reduction of (\$203,252) modifies the FY 2010-11 request to \$2,556,151.

CAPITAL OUTLAY – PATIENT NEEDS

In FY 2007-08 the Long Bill appropriation was \$80,249, SB 07-239. The FY 2008-09 Long Bill, HB 08-1375 appropriation was \$80,249 and the FY 2009-10 request is \$244,499. A budget reduction of (\$8,123) for the 32 bed closure in Grand Junction as well as a one time funding DI-5 for capital needs of (\$164,250) will adjust the FY 2010-11 appropriation to \$72,126.

LEASE SPACE

The FY 2009-10 request is that same continuation amount. JBC staff adjustment reduced the appropriation by (\$127,389) changing the appropriation to \$72,820. This is the continuation amount for FY 2010-11 as well.

RESIDENTIAL INCENTIVE ALLOWANCE

The FY 2009-10 request is that same continuation amount as FY 2008-09 of \$138,176. This is also the amount requested for FY 2010-11.

PURCHASE OF SERVICES

The FY 2009-10 request is that same continuation amount \$263,291. A budget reduction of (\$20,666) adjusts the FY 2010-11 request to \$242,625.

(2) OTHER PROGRAM COSTS

GENERAL FUND PHYSICIAN SERVICES

Physician services are not allowable expenses under the current Medicaid Waiver for Comprehensive Services and thus need to be appropriated with General Funds. For FY 2008-09, the Physician Services of \$244,460 (which are allowed in the ICF/MR waiver) were reduced in the General Fund program to \$155,127 through DI-6 (ICF/MR conversion) in HB 08-1375 and provided for 6.7 months of these costs in Medicaid-funded Services - Personal Services. To these costs were added common policy adjustments for salary survey (\$2,598), performance pay (\$951) and a full year reduction for the physician at Wheat Ridge Regional Center (\$70,667) reducing the FY 2009-10 request to \$88,009. The same amount of request is reflected for the FY 2010-11 request.

(D) WORK THERAPY

PROGRAM COSTS

The Work Therapy Cash Fund supports sheltered workshop programs for training and employment of persons receiving services at the Colorado Mental Health Institute at Fort Logan and the Regional Centers located at Grand Junction, Pueblo and Wheat Ridge. Revenue is derived from contracts with area businesses and organizations for custodial services, printing, packaging, mailing, and other types of manual processing, which may be performed by persons receiving services from these programs. These individuals are paid from funds received in proportion to the work performed.

The program serves over 300 persons residing at the three regional centers and at the Fort Logan Mental Health Institute. The FY 2009-10 request is \$467,116. This is also the same request for FY 2010-11.

(D) DIVISION OF VOCATIONAL REHABILITATION

REHABILITATION PROGRAMS- GENERAL FUND MATCH

These line items include personal services, operating expenses, customer services, in-service training and purchased services for Rehabilitation Services offices.

The Division provides employment training and other necessary vocational-related services including job placement services for eligible people with disabilities. The two Rehabilitation Program line items fund purchased consumer vocational rehabilitation services, direct consumer services provided by DVR staff, personal services and operating costs. Consumers receive assistance at one of 19 field offices. The offices are strategically located throughout Colorado based upon population concentrations and geographic characteristics. In addition, vocational rehabilitation (VR) counselors regularly travel to various locations to meet the needs of DVR's diverse consumers. The VR Counselors assist people with disabilities to develop job goals and employment plans to achieve their goals. First, the VR Counselor must determine if a person with a disability is eligible for vocational rehabilitation services. The Federal Rehabilitation Act criteria include the following requirements: An individual must have a physical or mental impairment that constitutes or results in a substantial impediment to employment for him or her. Eligible individuals must intend to obtain employment, and be presumed to benefit from DVR assistance in terms of obtaining employment.

After eligibility is determined, a VR Counselor and the consumer jointly develop an employment plan. The plan explains the employment goal, the vocational rehabilitation services necessary, the obligations of DVR and the consumer to reach the goal, and the responsibilities for paying for vocational rehabilitation services. The VR Counselor provides counseling and guidance, job skills development and job placement services, and arranges for a variety of vocational rehabilitation services including assessments, training, , medical restoration, and more. Counseling, guidance, and purchased vocational rehabilitation services enable consumers to address the functional limitations caused by their disability so that they can become successfully employed.

The Division of Vocational Rehabilitation assists people whose disabilities result in barriers to employment or independent living to attain or maintain employment and to live independently. The Division has field and satellite offices in 43 locations throughout the State, where rehabilitation counselors work with clients to assess needs and identify appropriate services. For rehabilitation programs, the federal government provides reimbursement for 78.7% of eligible expenditures up to the total annual federal grant for the State. In Colorado, the match for these expenditures includes General Fund (Rehabilitation Programs - General Fund Match) and local government funds, primarily from school districts (Rehabilitation Programs - Local Funds Match). The Division also administers federal and state grants to assist individuals with disabilities to live independently, including grants to independent living centers throughout Colorado and grants for programs that assist older blind individuals. Two major issues are currently confronting the Division: limits on the availability of federal funds for vocational rehabilitation programs and steady increases in the cost of purchased services and goods.. Each of these issues is reviewed below.

Line Item Descriptions FY 10-11 BUDGET REQUEST

Each annual federal grant received may be expended over a two-year period. If it does not appear that the State will be fully able to use its grant, the funds are redistributed to other states via a reallocation process; similarly, if the State needs additional federal funds, it may apply for a reallocation share. The State is applying for more than \$4 million in reallocated funds for FY 2008-09. However, it also applied for such a reallocation for FFY 2007-08 and received almost none of the request. Thus, there is no guarantee that Colorado will receive a significant reallocation. The annual federal allocation in FY 2007-08 was \$5.5 million below the annual state appropriation of federal rehabilitation funds, and a similar gap is projected in future years.

The FY 2009-10 request a is the continuation amount with common policy adjustments and adds the one time \$1,000,000 GF and \$3,694,83 federal match reduced in FY 2008-09 back to this program's base budget (\$24,835,064). Additionally, is a common policy decision item NP-2 Postage Increase and Mail Equipment Upgrade (\$6,307) for a total of \$24,850,374. JBC staff adjustment reduced budget (\$4,977,684) in the area of purchased services and a one-time personal service reduction of (\$248,766) modified the budget to \$19,564,046. For FY 2010-11 reversal of postage increase and personal service reduction and well as a 2% provider rate reduction of (\$80,890) adjust funding to \$19,725,615.

REHABILITATION PROGRAMS – LOCAL FUNDS MATCH

This includes funds from one major source, local school districts, for the purpose of operating the School to Work Alliance Program (SWAP), and other sources including transfer funds from other state entities, local government match funds, grants and donations from private entities.

The Department requested in the FY 2008-09 Figure Setting process that the deferred revenue be held to address the Department's anticipated needs with respect to its case management computer system (RISE), which was initially funded with federal social security reimbursements but which has faced ongoing development problems.

DVR Case Management Software System

The Department issued an RFP for this case management software system in early FY 2004-05, intending to fund it entirely through off-budget federal funds. A contract was signed with a vendor (HCL America) in March 2005. The system was expected to replace a 1980s system that is required to comply with federal reporting requirements. The Department has now terminated the contract with HCL America and identified an off-the-shelf product that will more accurately fit the needs of the Division and its reporting requirements. The Department has used Social Security Reimbursements to fund the program since 2004-05, but has targeted deferred revenue as a source of funding (Cash Funds) for completion of the project. However, since no deferred revenue is expected to be available in FY 2008-2009, the Department will wait to complete this project until funds are available and not needed for the general operation of the program.

The FY 2009-10 request is that same continuation amount with common policy adjustments and a reversal of the deferred revenue funding and federal funding match that was allocated in FY 2008-09 as a one-time adjustment. Additionally, there is a common policy

Line Item Descriptions FY 10-11 BUDGET REQUEST

decision item NP-2 Postage Increase and Mail Equipment Upgrade (\$634) and the transfer of 9.0 FTE to the Department of Labor and Employment through decision item NP-6 Disability Program Navigators reducing the request by \$931,000 for the full year impact. These 9 positions will be federally funded in that program. These changes bring the request to a total of \$23,750,460 for FY 2009-10. The reversal of the postage increase and a 2% provider rate reduction of (\$179,150) adjusts the FY 2010-11 appropriation to \$23,570,676.

BUSINESS ENTERPRISE PROGRAM FOR PEOPLE WHO ARE BLIND

Federal law designates the Division of Vocational Rehabilitation as the State Licensing Agency (SLA) responsible for the administration of the Federal Randolph-Sheppard Vending Facility Program. The federal act authorizes blind persons licensed under the provisions of the act to operate vending facilities on any federal property. The State law, referred to as the mini Randolph-Sheppard Act, applies to the State of Colorado buildings and facilities (i.e. state government buildings located along Sherman Street in downtown Denver). The federal and state laws give priority to legally blind individuals to operate and manage vending services in these federal and state government office buildings and facilities. This employment program places these business people in the management of vending services in federal, state, and local government office buildings as well as military installations and privately owned facilities. The vending services encompass large cafeterias, small cafeterias, snack bars, convenience stores, vending machine units, copy machines, and coin operated laundry machines.

The Business Enterprise Program assists blind or visually impaired individuals in operating vending and food service businesses in approximately 45 state and federal buildings. There are no General Fund dollars associated with this program. In addition to federal funds, money from the Business Enterprise Cash Fund (vendor assessments) supports the program. The program is the result of the federal Randolph-Sheppard Vending Facility Program (34 C.F.R. 395.3 (11) (iv), and associated state law at Section 26-8.5-100, C.R.S., which give priority to blind and visually impaired individuals who wish to operate and manage food and vending services in federal and state government office buildings and facilities. The program is responsible for initial merchandise and supply inventory, purchasing and maintaining equipment, and providing technical support to vendors. After initial set-up is established, managers operate the facility with revenue from food sales. All operators pay a certain percentage of their profits (up to 13%) to support the program. These assessments are deposited into the Business Enterprise Cash Fund that, in combination with matching federal funds, support equipment maintenance and repair, operator benefits (i.e., health insurance, IRA, vacation pay, etc.), and site improvement and new development. The federal government matches most expenditure associated with the program at a 78.7% rate. All amounts identified in past years as cash funds exempt from reserves are classified as cash funds under the new fund classification approach effective in FY 2008-09.

The FY 2009-10 request is that same continuation amount with common policy adjustments and a common policy decision item NP-2 Postage Increase and Mail Equipment Upgrade (\$37). The one-time postage increase adjusts the FY 2010-11 as well as decision item #9 requests a technical adjustment from the Operated Stands line in the amount of \$230,000. This allows the department to draw down associated federal dollars. The November budget request is for \$1,197,742.

BUSINESS ENTERPRISE - PROGRAM OPERATED STANDS, REPAIR COSTS, AND OPERATOR BENEFITS

If an operator leaves the program, the Business Enterprise Program is obligated to temporarily take over the operation of the site until it has been assigned to either a new or existing operator. The frequency of such occurrences and the consequent costs fluctuate from year to year, and are therefore not very predictable. The funding for Program Operated Stands is generated by and put back into the operation of locations that are temporarily contracted out by the Business Enterprise Program until a permanent operator is assigned to the location. Costs covered include:

- Equipment Maintenance and Repair.
- Operator Benefits: These benefits include health insurance, IRA contributions, and vacation pay for operators (not state FTE). The Operator benefit moneys are passed through this account only. The actual funding is provided from the operation of unassigned vending. Unassigned vending is vending revenue generated from a machine that is not operated by a Licensed Manager. The machines generating this revenue are operated under a third party contract.
- Leasehold Improvements: The funds for Leasehold Improvements are used for necessary remodeling and equipment purchases to prepare a location for operation.
- Purchases the initial merchandise and supplies inventory.

The Department requests a continued funding of this line item at the present level of \$659,000, the same level of funding since FY 2005-06, SB 05-209. Pursuant to new funds classification rules, all amounts previously classified as cash funds exempt from reserves will now be classified as cash funds.

The FY 2008-09 Long Bill HB 08-1375 appropriation was \$659,000 and the FY 2009-10 request is that same continuation amount. Decision item #9 requests a technical adjustment to the BEP program line in the amount of (\$230,000). This modifies the FY 2010-11 budget request to \$429,000.

INDEPENDENT LIVING CENTERS AND STATE INDEPENDENT LIVING COUNCIL

The request funds the Rehabilitation Independent Living Case Services and Independent Living Council. They are mandated by Title VII of the Rehabilitation Act of 1973, as amended and authorized by Title 26, Article 8.1, of the Colorado Revised Statutes. The purpose of the Independent Living Program is to promote a philosophy of independent living (IL), including consumer control, peer support, self help, self-determination, equal access, and individual and system advocacy, to maximize the leadership, empowerment, independence, and productivity of individuals with significant disabilities, and to promote and maximize the integration and full inclusion of individuals with significant disabilities into the mainstream of American society. The Division of Vocational Rehabilitation contracts with ten independent living centers on a statewide basis to provide independent living services to individuals with significant

Line Item Descriptions FY 10-11 BUDGET REQUEST

disabilities. Independent living services include the independent living core services that consist of information and referral, individual and systems advocacy, peer counseling, and independent living skills training.

The independent living centers may also provide other services, such as counseling, housing, including accommodations and modifications, rehabilitation technology, mobility training, interpreter and reader services, personal assistance services, community resource guides and directories, transportation, consumer information programs, especially for minorities and other individuals with significant disabilities who have traditionally been un-served or underserved by programs under the Rehabilitation Act of 1973, as amended, children and youth, supported living, and other services that may be necessary to improve the ability of an individual with a significant disability to function, continue functioning, or move toward functioning independently in the family or community or to continue in employment and that are not inconsistent with any other provisions of the Rehabilitation Act of 1973, as amended.

Independent living grants help train and assist disabled individuals to live and function outside of an institution. The grantee provides the cash funds exempt portion of the match for the federal dollars. In FY 1997-98, the General Assembly added a General Fund grants program to this line. These General Fund grants have historically been equally distributed among the State's ten independent living centers. Beginning in the last quarter of FY 2005-06 the General Assembly substantially increased General Fund support for the independent living centers. When annualized in FY 2006-07, the increase totaled \$1.0 million General Fund.

The Joint Budget Committee recommended the Independent Living Centers - Vocational Rehabilitation program be transferred to the new program with \$98,323 in General Fund to support the program appropriated and the associated federal funding \$363,288 to appropriate the next line item described Independent Living Centers - Vocational Rehabilitation Program. The Long Bill included a footnote allowing transfer back to this program if all the funding was not allocated.

The FY 2008-09 Long Bill HB 08-1375 appropriation was \$1,936,377, incorporating the funding from the program described below and a provider rate increase of 1.5% and the FY 2009-10 request is that same continuation amount \$1,936,377. A JBC staff adjustment reduced the request by (\$1,741) reducing the appropriation to \$1,934,636. The remaining 25% of ARRA (\$60,729) adjusts the request for FY 2010-11 to \$1,844,160.

INDEPENDENT LIVING CENTERS VOCATIONAL REHABILITATION PROGRAMS

This line began in FY 2005-06 and continued through FY 2007-08. This program obtains qualifying vocational rehabilitation services from Centers for Independent Living (CILs). These services assist the DVR consumers in overcoming barriers in their lives that interfere with their ability to find and/or retain gainful employment. The services are individualized in collaboration with DVR counselors to meet the needs of the DVR consumer in the local community.

The qualifying vocational rehabilitation services as identified and defined in the DVR Provider Standards Manual are personal adjustment training; job seeking skills; on-the-job training opportunities; job coaching, including, job support and intervention; and work adjustment training. Additional services can include assistance with transportation training, resolving childcare issues, and

Line Item Descriptions FY 10-11 BUDGET REQUEST

disability awareness training for employers. The CILs may also provide independent living services to DVR consumers, such as assistance to locate affordable and accessible housing, if requested by the DVR consumer and DVR counselor. Such services are provided under the independent living Core Independent Living Services (CILCS) contracts.

The Independent Living Centers - Vocational Rehabilitation Program line item was created in FY 2005-06, when a portion of the General Fund allocated to this line item was moved to a new Independent Living Centers - Vocational Rehabilitation Program line item to allow independent living centers to draw down federal financial participation for qualifying expenditures. During its FY 2008-09 budget hearing, the Department reported that some of the independent living centers (particularly in rural areas) had been doing a strong job providing vocational rehabilitation services, but that not all independent living centers were performing adequately as vocational rehabilitation providers. As a result, the Department proposes to use the better-performing independent living centers as vocational rehabilitation providers, but to fund these through the Vocational Rehabilitation - General Fund Match line item. The Department has confirmed that it would like the Independent Living Centers - Vocational Rehabilitation Line item to be eliminated and associated General Fund to again be consolidated in the Independent Living Centers line item. Although this was not formally requested through the budget process, this process was implemented and the Vocational Rehabilitation Program funds were adjusted back to the Independent Living Centers and State Independent Living Council appropriation. See the Schedule 3s for these programs to see the impact in FY 2007-08.

As discussed above, this line item was created in FY 2005-06 to enable the states' ten certified independent living centers (ILCs) to reallocate some of the General Fund they receive to become vocational rehabilitation providers and thus to draw down additional federal matching funds. The program was not appropriated in FY 2008-09 and this line item was eliminated. Associated General Fund (including a 1.5% community provider cost of living increase) was transferred to the Independent Living Centers line item; the associated matching federal funds appropriation was eliminated.

There was no FY 2008-09 Long Bill HB 08-1375 appropriation and there is no continuation budget request.

APPOINTMENT OF LEGAL INTERPRETERS FOR THE HEARING IMPAIRED

This line item funded legal interpreters for hearing impaired individuals involved with criminal cases and police actions. Pursuant to Senate Bill 06-061, Concerning Providing Interpretation in Legal Situations for Persons with Hearing Loss (Keller/Larson), funding and functions associated with this program have become part of the duties of the Colorado Commission on the Deaf and Hard of Hearing. As a result, this line item is eliminated.

The appropriation was reduced to zero and funds reappropriated to the Colorado Commission for the Deaf and Hard of Hearing through SB 06-061 Legal Setting Interpreting For Deaf.

COLORADO COMMISSION FOR THE DEAF AND HARD OF HEARING

Created in FY 2000-01, the Colorado Commission for the Deaf and Hard of Hearing is codified at Section 26-21-106, et. seq., C.R.S. The Commission is responsible for: (1) facilitating the provision of general government services to persons who are deaf and hard of hearing; (2) distribution of telecommunications equipment for persons who are deaf and hard of hearing (pursuant to H.B. 02-1180 Transfer To Deaf & Hard Of Hearing Fund); and (3) overseeing provision of legal interpreters for the hearing impaired (pursuant to S.B.06-61 Legal Setting Interpreting For Deaf). Funding is from the General Fund (for a portion of the legal interpreters program), and the balance reflects appropriations from the Colorado Disabled Telephone Users Fund (DTUF) to the Colorado Commission for the Deaf and Hard of Hearing Cash Fund for the Commission's use. The Commission may also receive and expend gifts, grants and donations. Prior to FY 2006-07, the Commission was supported by ongoing and one-time transfers from the DTUF to the Commission Cash Fund, fixed in statute; however, pursuant to S.B. 06-218, amounts from the DTUF to the Commission Cash Fund are based on annual appropriation. This line item was moved to the Executive Director's Office from the Division of Vocational Rehabilitation in FY 2007-08.

In FY 2006-07 was there an appropriation of \$308,750 in the Long Bill HB 06-1385, (FY 2006-07 Figure Setting, 2/23/06 Pages 139-140), with \$310,027 added by SB06-061 – Legal Setting Interpreting for the Deaf and \$6,251 in POTS; totaling \$650,028 is still included in the DVR budget's Schedule 3 for FY 2006-07 only.

COLORADO COMMISSION FOR THE VISUALLY IMPAIRED

This program for FY 07-08 and was established by legislation, HB 07-1274 Commission For Visually Impaired Individuals. The program was moved in FY 2008-09 to the Executive Director's Office in the Office of Performance Improvement – Boards and Commissions where other Commissions are administered. The program is to provide, within the Department of Human Services a commission to assist the blind and visually impaired.

OLDER BLIND GRANTS

These funds are for qualified recipients of Blind Grants. This program is administered by DVR under Title VII, Chapter 2 of the federal Vocational Rehabilitation Act. The program provides independent living services to person's age 55 or older and who are blind or visually impaired. Eligible persons are provided assistance in learning new strategies for accomplishing daily tasks and participating in family and community activities. Most persons served in this program have become blind or visually impaired in their later years. Independent Living services include advocacy, information and referral, cross-disability peer counseling and independent living skills training, as well as other services that assist individuals to maintain or regain independence and participation in their communities. Independent Living Centers and other community agencies are eligible to receive OIB Program funding under a RFP process. DVR conducted a procurement that resulted in grant awards to six independent living centers and the Colorado Center for the Blind. For Older Blind Grants, a continuation amount is requested in FY 2009-10.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The FY 2008-09 Long Bill HB 08-1375 appropriation was \$450,000 and the FY 2009-10 request is that same continuation amount \$450,000. A JBC staff adjustment added \$248,789 for American Recovery and Reinvestment Act funding increasing the appropriation to \$698,789. As this is two year funding, the continuation for FY 2010-11 remains the same.

TRAUMATIC BRAIN INJURY TRUST FUND

The Traumatic Brain Injury Trust Fund is supported by fines levied on people convicted of driving under the influence (\$15.00), driving while impaired (\$15.00), and speeding (\$10.00). Pursuant to Section 26-1-301, C.R.S., the Colorado Traumatic Brain Injury Board was created to administer the program. Of the annual revenues for the program:

- 65.0% will be used for services for people with traumatic brain injuries;
- 30.0% will be used to support research related to the treatment and understanding of traumatic brain injury; and
- 5.0% will be for education for individuals with traumatic brain injury and to assist educators, parents, and non-medical professionals in the identification of traumatic brain injuries.

At the end of 2006, there were 227 adults on a waiting list for services and the anticipated wait time was 14 months. Due to issues raised by the Legislative Legal Services Committee in 2008, the State Board of Human Services adopted changes to the rules for this program that eliminate the limit of one year of services in a person's lifetime. During FY 2007-08 the program served 574 adults and 165 children, an increase of 43% and 67% respectively, from FY 2006-07.

Beginning in FY 2007-08 the Vocational Rehabilitation Division has administered the Traumatic Brain Injury program. The appropriation for the program was moved from Mental Health (Long Bill Group 8) of the DHS Long Bill and is for the first time reflected in the Vocational Rehabilitation section of the Long Bill (Long Bill Group 9). The FY 2008-09 Long Bill HB 08-1375 appropriation is \$2,411,498. The FY 2009-10 request is the continuation amount including common policy adjustments, plus a decision item NP-2 Postage Increase and Mail Equipment Upgrade (\$23) for a total request of \$3,025,031. A JBC staff adjustment of \$500,000 for one time cash funding spending authority as well as SB 09-133 in the amount of \$730,525, increasing surcharges for traffic violations, increased the appropriation to \$3,652,456. The one-time postage increase, the one time cash fund spending authority and \$146,100 annualization of SB 09-133 adjusted the appropriation to \$3,298,533.

FEDERAL SOCIAL SECURITY REIMBURSEMENTS

The Division receives annual payments from the Social Security Administration, based on the number of individuals who have been removed from federal Supplemental Security Income roles, based on their involvement with the Division and subsequent employment. A new Long Bill line item was added in FY 2008-09 for informational purposes only. It reflects projected revenues and expenditures from reimbursements.

The FY 2008-09 Long Bill HB 08-1375 appropriation was \$813,741 and the FY 2009-10 request is that same continuation amount. This also continues for FY 2010-11.

HOMELAKE DOMICILIARY AND STATE AND VETERANS NURSING HOMES

The Domiciliary is located at the Colorado State Veterans Center at Homelake, outside of Monte Vista. The capacity of the Domiciliary is 46 beds. The center also includes a 60-bed skilled nursing facility. Homelake has been caring for veterans since the 1890's when some of the original buildings were constructed to take care of Civil War veterans. The Division of State and Veterans Nursing Homes, within the Colorado Department of Human Services, administers the Homelake Domiciliary. The Domiciliary provides residential rehabilitation and health maintenance services for veterans, their spouses, or widows of veterans who do not require hospital or nursing home care but are unable to live independently because of medical or psychiatric disabilities. The program serves a unique veteran population. Many of these veterans are recovering from behavioral problems and substance abuse disorders. Residents receive necessary medical and psychiatric care, rehabilitative assistance, and other therapeutic interventions while residing in a homelike environment.

The Domiciliary operates in conjunction with the Federal Department of Veterans Affairs (VA) Domiciliary Home Care program. The VA provides financial assistance to states that operate domiciliary programs to offset the operating costs of care for eligible veterans. Facility residents demonstrate a lack of adequate means of support for themselves and a temporary or permanent physical disability, or are of an age that substantially precludes engaging in any gainful employment or occupation. Pursuant to VA requirements, a minimum of 75 percent of all residents must be veterans. As of July 24, 2006, 40 (or 88.9 percent) of the 45 residents are veterans.

The Colorado State and Veterans Nursing Homes are state owned nursing homes that provide skilled nursing care primarily to honorably discharged veterans and their spouses, widows and in some instances, parents of deceased veterans. The six homes are located throughout the state in Aurora (Fitzsimons), Florence, Monte Vista (Homelake), Rifle, Trinidad, and Walsenburg. Each facility is Medicaid-certified and licensed by the Colorado Department of Public Health and Environment. Fitzsimons and Rifle are also Medicare-certified. Additionally, five of the homes are certified by the US Department of Veterans Affairs to receive federal funds in support of the care of veterans; the Trinidad Home is a state nursing home (i.e. does not specifically cater to veterans) and therefore is the sole facility not VA-certified.

The Homelake Domiciliary and Nursing Homes are an enterprise and are information only on the Long Bill.

(10) ADULT ASSISTANCE PROGRAMS

(A) ADMINISTRATION

Adult Aging Programs are responsible for the administration of numerous assistance programs that focus on the elderly population. The division supervises the Aid to the Needy Disabled State Only program, which provides cash assistance to disabled individuals awaiting SSI eligibility determination and those individuals who meet state eligibility requirements but not federal requirements; and the Aid to the Needy Disabled-Colorado Supplement program for those who are on Supplemental Security Income. In addition, the division supervises Adult Protective Services programs (APS), which intervene on behalf of at-risk adults to correct or alleviate situations of abuse, neglect, or exploitation; supervises and funds the provision of services to older Coloradans throughout the state through the auspices of 16 Area Agencies on Aging (AAA); supervises the county administered Old Age Pension (OAP) program, which provides cash assistance to eligible individuals age 60 and older; supervises the Home Care Allowance Program which provides cash assistance to help pay for the cost of in-home services, not to include skilled services; and supervises the Adult Foster Care program which provides services to those individuals in need of 24-hour supervision, not to include nursing home services.

The line covers centralized general administrative services with staffing of 6.0 FTE including personal services and operating expenses for the administration of the Adult Aging Programs.

FY 2008-09 was reduced by \$28,398 to reflect savings estimated in the division for the hiring freeze implemented by Governor Ritter in response to the economic downturn. The FY 2009-10 appropriation was increased by common policy changes and for \$189 through NP-2 Postage Increase and Mail Equipment Update bringing the FY 2009-10 Long Bill amount to \$593,785 and 6.0 FTE. The FY 2010-11 Request is reduced by that same \$189 as it was a one-time expense bringing the request to \$593,596 and 6.0 FTE.

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request.

The Social Security Administration and the Maintenance of Effort Agreement with the State of Colorado

Department of Human Services operates under a Maintenance of Effort (MOE) Agreement with the Social Security Administration (SSA). The Adult and Aging Services Division, manages the agreement. The MOE agreement specifies that the State must maintain expenditures at the same level as the highest, previous calendar year. If the Maintenance of Effort agreement is not met, the State risks the loss of over 1.2 billion dollars of Federal Financial Participation (FFP) matching funds in the Medicaid program. The MOE is based on CY (calendar year) 2006. The expenditures that are counted toward the Maintenance of Effort are the mandatory supplementary programs of OAP (for individuals receiving a Supplemental Security Income grant), the Aid to the Needy Disabled/Supplemental Security Income-Colorado Supplement (AND/SSI-CS), and the Aid to the Blind/Supplemental Security Income Colorado Supplement (AB/SSI-CS). All of these programs are included in the Adult Aging Programs.

The optional supplementary payments of Home Care Allowance (HCA) and Adult Foster Care (AFC), if the recipient receives an SSI grant, are also counted toward meeting the MOE. Finally, the State’s Property Tax and Heat Rebate program have been added to the MOE expenditures, in order to offset reduced grant expenditures in State Fiscal year 2002-03. Consequently, the Property Tax and Heat Rebate program has become an integral part of the MOE plan. Colorado has been on the expenditure test to meet the MOE compliance requirements since 1991.

The MOE is a requirement that must be met to receive Federal Financial Participation (FFP) for Medicaid reimbursements. Compliance with these regulations is measured in one of two ways: 1) the State must pass along the federal Cost of Living Adjustment increase or 2) the State must spend as much on the supplement programs in one calendar year as it did in the previous calendar year. The MOE requirements apply to both optional State supplementary payments and the mandatory minimum State supplementary payment.

Line Item Descriptions FY 2010-11 BUDGET REQUEST

If the State is found out of compliance for meeting its financial expenditure test, the State must correct the under-expenditure by restoring the SSI supplement payment back to the appropriate expenditure level for the previous calendar year. This action must be taken no later than in the 12-month period after the time of non-compliance. The State can make a retroactive benefit payment to each of the beneficiaries eligible for the retroactive payment in the previous calendar year, or can increase payments in the following calendar year by an amount large enough to meet the previous year's shortfall in expenditures. Monies spent in the subsequent year to meet the expenditure test of the previous year are counted toward the prior year's shortfall. To avoid a finding of noncompliance, the State must increase the total expenditures in the same calendar year (CY) by an amount at least equal to the amount of the shortfall. If a State has not complied with the MOE requirements and failed to take corrective action measures in the subsequent calendar year, the State shall be determined by the Secretary of Health and Human Services to be ineligible for FFP. A State would be ineligible for Medicaid payments from the Federal government for any calendar quarter containing a month in which the State was out of compliance. By increasing the supplemental payment to all or a sub-set of the population groups entitled to a Colorado Supplement late in the calendar year in which an under-expenditure is projected, the State is able to avoid a finding of non-compliance. This action can save the State money in complex programming costs needed to correct an under-expenditure problem, or having to set grants at a higher level to make up for the previous year's shortfall in expenditures.

In calendar years (CY) 2003 and 2004, Colorado did not meet the level of expenditure required by the MOE. Consequently, supplemental payments were made to the AND/SSI-CS group in 2004 and 2005 to comply with the State's corrective action plan to make up the shortfall. The calendar year 2006 MOE was met and has become the new standard. In CY 2007 the MOE was not met and the shortfall of just over \$1 million will need to be met in CY 2008, half in FY 2007-08 and half in FY 2008-09. In CY 2008 the MOE was again not met by just over \$400,000. This will need to be met in CY 2009. Colorado has met the MOE target only once in the past six years, although the State has made up each shortfall with corrective actions during the following year. If Colorado is ever found to be in noncompliance, the minimum sanction that would be imposed is the loss of federal Medicaid matching dollars for three months (approximately \$300 million). To meet the shortfall for CY 2007, the Department has approval to rollforward any Interim Assistance Reimbursements over collected in FY 2007-08. This, with changes to the Aid to the Needy Disabled Programs and the Home Care Allowance program, was sufficient to meet the level of expenditure for both the CY 2007 shortfall but the CY 2008 MOE was not met because of reduced collections in the Property Tax and Heat Rebates.

Some important factors affecting spending towards the MOE vary, and are outside the Department's control. Some of the programs that are counted towards the MOE have impacts that vary from year to year. For example, if fewer SSI recipients file for the property tax rebate, the result is lower spending on the target population. The nature of the MOE then requires that spending on other programs be increased. Information that the Department needs may be delayed. Again using the property tax rebate as an example, if the Department finds out in October that payments for the period July through September have decreased, very little of the calendar year remains to try and recover in other programs, which is complicated by most of the other programs' data being collected and payments distributed by the Colorado Benefits Management System (CBMS). CBMS requires two months to make changes in the current process, shortening the time to impact that year's MOE.

Line Item Descriptions FY 2010-11 BUDGET REQUEST

Attempts to meet both the MOE and the budget result in fluctuating assistance for clients. The MOE test is applied on a calendar year, and establishes an effective floor under certain types of spending. The Department's budgets for the programs that count towards the MOE establish a ceiling on that spending. As a result, the Department is often in the position of adjusting grant awards (or providing supplemental grant payments) during the period from July to December in order to meet the calendar year MOE, then abruptly reducing grants from January through June in order to meet the budget constraint. Such fluctuations are a particular problem because many of the programs serve those who are extremely poor.

(B) OLD AGE PENSION PROGRAM

The Depression in 1930 created an acute need for public assistance for the elderly and others, as persons lost homes, livelihoods, and savings. The Old Age Pension program (OAP) was authorized through an amendment to the Colorado Constitution passed in 1936. This program is intended to supplement older individuals' income. The current total monthly income is at approximately 76% of the Federal Poverty Level (\$867 per month). The OAP program is for persons 60 and older with no disability requirement for eligibility. There is a maximum grant of \$662 per month effective January 1, 2008. There is a resource limit of \$2,000 for an individual and \$3,000 per couple.

The State Constitution (Article XXIV, Old Age Pensions, Section 2) dedicates several major State revenue sources for financing the OAP program. The OAP program receives its funding from revenues based on 85 percent of the State sales, use and liquor taxes; license fees, as well as, by inheritance and incorporation tax revenues. Only after Old Age Pension obligations are met do the remaining revenues from these sources become available to the General Fund. The State Board of Human Services has constitutional authority to administer the Old Age Pension programs. The Board can adjust the basic minimum grant award if living costs have changed sufficiently to justify such action, such as when a cost of living adjustment (COLA) is passed by the federal SSI programs or the Federal Poverty Level is adjusted.

There are three separate grant payment programs under OAP:

- OAP – A: This program is for the client population age 65 and above.
- OAP – B: This program serves clients between the ages of 60-64.
- OAP – C: This is a very small program for institutionalized clients aged 60 and older.

This program, authorized by the State Constitution, provides cash assistance to eligible individuals age 60 and older. In 2004 the Old Age Pension Program was distributed into categories to track administrative costs. All of the various categories are funded with Old Age Pension Cash Funds except for OAP- Refunds, which are considered reappropriated as they are collections from previous years. In addition to the Cash Assistance payments to OAP eligible individuals, this program also provides reimbursements for burial expenses to OAP recipients. The OAP program also has two types of administrative costs: (1) state administration for the personal services and operating costs of the state staff administering the program; (2) county administration for county staff who interact with

Line Item Descriptions FY 2010-11 BUDGET REQUEST

clients and determine eligibility. There is also an OAP State Medical Program funded by a similar mechanism and administered by the Department of Health Care Policy and Financing.

Revenues that are not utilized for the OAP Program are transferred to the General Fund. As a result, greater expenditures in the OAP program mean less revenue in the General Fund to be used for other purposes. As the earmarked revenues are "Continuously appropriated" by the State Constitution, the General Assembly does not directly control program expenditures. As such, the Long Bill simply reflects anticipated program expenditures for informational purposes, because the level of these expenditures can have an impact on the revenue available to the General Fund.

CASH ASSISTANCE PROGRAMS

This program provides cash assistance to eligible individuals age 60 and older. The 2009 grant is \$699. This line item represents anticipated payments from the Old Age Pension to eligible beneficiaries. As payments are continuously appropriated, this appropriation is included for informational purposes. The State Board of Human Services is authorized to determine the maximum grant standard for the OAP Program. It may grant a cost of living increase, using the federal Supplemental Security Income inflation factor or another measure of the Board's choosing. This line is entirely cash funded.

The FY 2009-10 appropriation added an additional \$3,000,000 to annualize DI-17 Old Age Pension Cost of Living Adjustment, \$1,801,722 for an initial COLA adjustment submitted before the Social Security Administration passed a COLA of 5.8% to bring the program in line with that action passed by the Human Services Board, increasing the forecast by \$10,318,224 for a total appropriation of \$95,991,864 in FY 2009-10.

August 2009 Budget Reduction #18-Old Age Pension Cost of Living and Other Adjustments

This request reduced the Old Age Pension (OAP) Cash Assistance Programs line by \$6,127,916 total funds/cash funds for FY 2009-10. The latest information from the Social Security Administration (SSA) indicates that no cost of living adjustment (COLA) will be implemented in calendar year 2010. The FY 2010-11 reduction would annualize to \$7,033,507 in total funds/cash funds. Reduction of these cash funds will allow additional state revenues to flow into the General Fund

BRI-1 Enforcing Sponsorship Commitment for Applicants and Recipients of Adult Financial Programs

The Department proposes a \$14,387,992 total funds reduction based on changes in legislation to the Old Age Pension Program of (\$14,433,383) in OAP Cash Assistance, an increase of \$141 from the OAP Fund for verifications of alien status, and an increase of \$45,250 for CBMS change. The Department would reconcile inconsistencies in Colorado statute regarding the application of sponsorship support when determining eligibility for non-citizens ("qualified aliens") for OAP cash assistance, so that persons with relatives as sponsors must meet the same eligibility criteria as persons with non-relative sponsors. The Department proposes to align

Line Item Descriptions FY 2010-11 BUDGET REQUEST

OAP eligibility of non-citizens with federal qualifications for public benefits effective January 1, 2011. The full year reduction in FY 2011-12 would be \$28,866,765 total funds/OAP Cash Fund.

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. The request for FY 2010-11 contains an annualization of the August Reduction for the forecast of the Old Age Pension Cash Assistance program as well as an increase, presented for informational purposes because it is legislation, through BRI-1 Enforcing Sponsorship Commitment for Applicants and Recipients of Adult Financial Programs.

Description / Source of Appropriation	Amount

SB 09-259 Long Bill FY 2009-10 Appropriation	\$588,362
FY 2010-11 Request	\$588,362

BURIAL REIMBURSEMENTS

This appropriation funds reimbursement of burial expenses for OAP clients and has not changed in recent appropriations. The current standard is \$1,500. FY 2010-11 is a continuation request and cash funds. The following summarizes the appropriation from FY 2006-07 to the current request.

Description / Source of Appropriation	Amount
HB 06-1385 Long Bill FY 2006-07 Appropriation	\$918,364
SB 07-239 Long Bill FY 2007-08 Appropriation	\$918,364
HB 08-1375 Long Bill FY 2008-09 Appropriation	\$918,364
SB 09-259 Long Bill FY 2009-10 Appropriation	\$918,364
FY 2010-11 Request	\$918,364

STATE ADMINISTRATION

These dollars are used to fund state administration activities related to the Old Age Pension Program. FY 2010-11 is a continuation request for 14.0 FTE, personal services and operating expenses for management of programs funded through the OAP Cash Funds. Increases conform to common policy.

BRI-1 Enforcing Sponsorship Commitment for Applicants and Recipients of Adult Financial Programs

The Department proposes a \$14,387,992 total funds reduction based on changes in legislation to the Old Age Pension Program of (\$14,433,383) in OAP Cash Assistance, an increase of \$141 from the OAP Fund for SAVE verifications of alien status, and an increase of \$45,250 for CBMS change. This verification is included in this line of the budget. The SAVE Program (Systematic Alien Verification for Eligibility) provides an electronic verification process through an online system and a paper-based verification

Line Item Descriptions FY 2010-11 BUDGET REQUEST

process. The system returns the applicant’s current immigration status or a message prompting the agency to “Institute Additional Verification”. SAVE verifications are projected to cost \$118 (3,943cases at \$0.03 per verification).

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request with some additional costs for BRI-1 for SAVE modifications identified but not included, as they will need legislation to enact the changes.

COUNTY ADMINISTRATION

This appropriation funds the portion of county administration related to the Old Age Pension Program. Counties are the initial intake for determining eligibility for the Department of Human Services, including OAP. This money is not included in the County Administration section of the Long Bill, and is included for informational purposes with the OAP Program lines as the funds are continuously appropriated. The Department requests a continuation level appropriation of cash funds (Old Age Pension). This line item includes expenses that are sometimes subject to the provider rate increase factor.

DI-3 – Increase County Administration in Old Age Pension

This request is to increase Old Age Pension Cash Funds for County Administration in the Old Age Pension Program by \$116,189 for FY 2010-11 and ongoing in FY 2011-12. The Old Age Pension (OAP) program is mandated by the Colorado Constitution and is

Line Item Descriptions FY 2010-11 BUDGET REQUEST

continuously appropriated. The request is informational and is being proposed in order to align actual anticipated expenditures with the appropriation in the annual appropriations bill. Changes in the OAP cash funds either increase or decrease additional state revenues that flow into the General Fund. In this case, increasing the County Administration line will decrease the amount that flows into the General Fund.

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request with some additional costs for Decision Item-3 *Increase County Administration in Old Age Pension*, which includes an increase based on the last five years of costs paid to counties to provide the most up-to-date information on anticipated expenditures in the Old Age Pension Program.

Description / Source of Appropriation	Amount
HB 06-1385 Long Bill FY 2006-07 Appropriation	\$2,361,993
HB 06S-1023 – Restrictions on Defined Public Benefit	\$48,915
SB 07-165 Supplemental Appropriation Final FY 2006-07 Appropriation	\$2,410,908
2% Provider rate increase (FY 2008-09 Figure Setting Page 71, 2/28/08)	\$47,240
Annualization of HB 06S-1023 – Restrictions on Defined Public Benefit	(\$7,363)
SB 07-239 Long Bill FY 2007-08 Appropriation	\$2,450,785
HB 08-1375 Long Bill FY 2008-09 Appropriation	\$2,450,785
SB 09-259 Long Bill FY 2009-10 Appropriation	\$2,450,785
FY 2010-11 DI #3 “Increase County Administration in Old Age Pension”	\$116,189
FY 2010-11 Request	\$2,566,974

(C) OTHER GRANT PROGRAMS

In FY 2007-08 three programs were consolidated into Aid to the Needy Disabled Programs. The three programs are still tracked internally on the Colorado Benefits Management System (CBMS) but for program flexibility they were combined in SB 07-239 (FY 2007-08 Staff Figure Setting Pages 52-54, 3/5/07). These three programs are described below and their FY 2006-07 history follows:

AID TO THE NEEDY DISABLED STATE SUPPLEMENTAL GRANT PROGRAM

The FY 2006-07 appropriation in HB 06-1385 was \$3,268,199 (FY 2006-07 Staff Figure Setting Pages 148-149, 3/8/06). Estimates showed the program was not going to spend the appropriation and a reduction of \$1,298,199 (S-15 - Aid to the Needy Disabled - Colorado Supplement program budget reduction) was approved bringing the appropriation in SB 07-165 to \$1,970,000. In FY 2007-08 there was no Long Bill appropriation in SB 07-239, as the program was combined into Aid to the Needy Disabled Programs to allow the Department additional flexibility in managing the three Aid to the Needy Disabled (AND) Programs.

AID TO THE BLIND STATE SUPPLEMENTAL GRANT PROGRAM

The FY 2006-07 appropriation in HB 06-1385 was \$15,275 (FY 2006-07 Staff Figure Setting Pages 149-50, 3/8/06). In FY 2007-08 there was no Long Bill appropriation in SB 07-239, as the program was combined into Aid to the Needy Disabled Programs to allow the Department additional flexibility in managing the three Aid to the Needy Disabled (AND) Programs.

AID TO THE NEEDY DISABLED STATE-ONLY GRANT PROGRAM

The FY 2006-07 appropriation in HB 06-1385 was \$14,666,720 (FY 2006-07 Staff Figure Setting Pages 150-151, 3/8/06). To this was added \$640,000 in S-5 - Aid to the Needy Disabled - State Only Budget Adjustment (FY 2006-07 Supplemental Recommendation – page 10-13 1/24/07), bringing the budget to \$15,306,720 in SB 07-165. This was augmented by a HB 08-1287 Add-on to FY 06-07's appropriation of \$657,711 in General Fund. The increase was due to Interim Assistance Reimbursements (IARs) (see discussion that follows) coming to the state being lower than budgeted. This increase to \$15,964,431 was described in S-2 Aid to the Needy Disabled Programs - Affect of FY 2006-07 over-expenditure, submitted January 2008. In FY 2007-08 there was no Long Bill appropriation in SB 07-239, as the program was combined into Aid to the Needy Disabled Programs to allow the Department additional flexibility in managing the three Aid to the Needy Disabled (AND) Programs.

AID TO THE NEEDY DISABLED PROGRAMS

The Aid to the Needy Disabled Programs line item funds three programs. Aid to the Needy Disabled - Colorado Supplement makes supplemental grants to SSI recipients who do not receive the maximum SSI federal grant. Aid to the Blind - Colorado Supplement makes supplemental grants to a small group of individuals who meet the more specialized qualifications. Aid to the Needy Disabled -State Only provides payments to the needy disabled who have applied for federal Supplemental Security Income benefits. These three programs were combined into a single line item in the FY 2007-08 Long Bill, SB 07-209, to allow for flexibility between these three programs and allow for administration of the appropriations to be streamlined. In 2007-08 (FY 2007-08 Staff Figure Setting Pages 52-54 3/5/07), as the three programs were being combined into the Aid to the Needy Disabled Grant Programs in SB 07-209, two things occurred to begin the new appropriated line at \$17,428,495. The AND-SO Grant Program was increased by \$640,000 through BA-5 - AND-SO Adjustment and AND-CS was reduced by \$1,161,699 through BA -15 – AND-CS adjustment based on new caseload and grant projections in the two programs.

Aid to the Needy Disabled State Supplemental Grant Program -The AND/SSI/CS Program is funded 80% with state funds and 20% county funds. This program provides financial and Medicaid assistance for disabled Supplemental Security Income (SSI) recipients. The Social Security Administration makes the SSI payment directly to clients with 100% Federal funds. Only individuals who meet specific eligibility criteria and who receive less than the maximum SSI grants qualify for this Colorado Supplement program.

- Age: There is an age limit for this program of 18 to 59.
- Disability, resource limit, exempt resources, income limit, citizenship, and residency requirements are the same as all SSI programs.

Line Item Descriptions FY 2010-11 BUDGET REQUEST

The program is included in the MOE for SSI programs.

Aid to the Blind State Supplemental Grant Program -The AB/SSI/CS Program is funded 80% with state funds and 20% county funds. This program provides financial and Medicaid assistance for disabled Supplemental Security Income (SSI) recipients. The Social Security Administration makes the SSI payment directly to clients with 100% Federal funds. Only individuals who meet specific eligibility criteria and who receive less than the maximum SSI grants qualify for this Colorado Supplement program.

- Age: There is an age limit for this program of 18 to 59.
- Disability, resource limit, exempt resources, income limit, citizenship, and residency requirements are the same as all SSI programs.

The program is included in the MOE for SSI programs.

Aid to the Needy State Disabled State-only Grant Program - The AND-SO program was established in 1953 and provides basic financial assistance to qualifying low-income persons aged 18 to 59. To qualify, a person must be certified by a physician or other designated medical practitioner, as being too disabled to work at any occupation for at least six months. The AND-SO is linked to the federal Supplemental Security Income program; persons who apply for AND-SO benefits must also apply for the federal SSI program. The AND-SO program pays a state benefit pending an eligibility decision for federal benefits. If the applicant is approved for SSI benefits, Colorado is reimbursed from the client's initial SSI benefit for payments made under the AND-SO program. The current AND-SO maximum grant amount is \$230 per month. AND-SO recipients do not qualify for Medicaid.

This program is funded with 80% State funds and 20% county funds and provides financial assistance for disabled persons who meet the following criteria.

- Age: 18-59.
- Disability: Must have a total disability, which can be expected to last for a period of 6 months or more and must be unable to work.
- Resource Limit: \$2,000 maximum level for an individual, \$3,000 for a couple.
- Income Limit: Less than \$230 per month.
- Citizenship: Born in USA, naturalized citizen, or qualified aliens.
- Residency: Colorado residency required, but no duration of residency required.

This program is a state option program. The AND-SO program provides a small financial payment (no standard medical assistance) to people waiting for SSI eligibility that may take 6 to 18 months and to people who are disabled six months but less than the 12 months required by the SSI program. It is not included in the MOE for SSI programs.

One of the sources for the AND-SO program (now included in the AND Programs) is the repayment to the State of Interim Assistance. Interim assistance reimbursements (IARs) are a significant source of cash revenues for the Aid to the Needy Disabled programs. The State provides assistance during the period while a potential SSI recipient is waiting a decision by the federal Social

Line Item Descriptions FY 2010-11 BUDGET REQUEST

Security Administration on their eligibility. When an SSI applicant qualifies, their initial benefit payment covers the entire period from the time of their application. Out of that payment, the State is reimbursed for the assistance they provided during the waiting period. Predicting the amount of IAR revenues that will be received has been difficult for the Department, resulting in a series of supplemental requests. The IARs are considered a volatile source of funding as they are influenced by the workflow of the Social Security Administration. The IARs anticipated for the last several years has both been under the amount included in the Long Bill and over that amount. Budget requests have been submitted to reflect the ups and downs of these cash fund revenues for the Aid to the Needy Disabled program line.

In FY 06-07 the IARs received were less than the budget needed. The resulting over expenditure was due to events that could not be reasonably anticipated. During a particular fiscal year, the Department receives revenues for the AND-SO program from two sources: a General Fund appropriation, and the reimbursements from the federal government mentioned above. The amount of revenue derived from reimbursements depends on the number of applicants, which are approved for SSI benefits by the federal Social Security Administration (SSA) and the length of time that passes before the applications are approved. The SSA has experienced increased delays in approving SSI benefits that were not anticipated by the Department. The size of the average grant can also vary; for example, decreases in the average income of recipients from sources other than AND-SO will increase the average grant size. The Department did not increase the maximum grant amount between FY 2005-06 and FY 2006-07, but still experienced an unanticipated increase in the average grant amount. In order to maintain the \$230 maximum grant level, the Department elected to overspend its General Fund appropriation for the AND-SO line. State policy is that if overspending occurs the next year's appropriation is restricted and the Department must apply to the Joint Budget Committee, in a supplemental request to lift that restriction. The restriction in FY 2007-08, because of overspending in FY 2006-07 of \$657,711 General Fund expenditures at the state level would have resulted in a corresponding decrease of \$164,428 in county spending for this line, for a total of \$822,139 General Fund impact. If the restriction is not removed, and if current Department forecasts for reimbursement revenues and expenditures are accurate, it would have been necessary to reduce the maximum grant standard in order to remain within the restricted appropriation. HB 08-1287 included this funding in the add-on for FY 2006-07 and lifted the restriction in FY 2007-08 through S-2 Aid to the Needy Disabled Programs – Affect of FY 2006-07 Over Expenditures (FY 2007-08 Staff Comeback, Department of Human Services Figure Setting, March 13, 2007, Pages 5-6).

The same problems that led to the over expenditure in FY 2006-07 – an increase in the average monthly grant paid and an increase in the time clients remain in the AND-SO program due to delays by the federal Social Security Administration in processing applications for Supplemental Security Income – continued to create a problem in FY 2007-08. In HB 08-1287 the appropriation was increased to insure that the grant of \$230 would not need to be reduced with projected caseload increase. The increase was implemented through S-3 Aid to the Needy Disabled programs for an increase of \$561,340 with \$449,072 General Fund and \$112,268 Local Cash Funds as match.

Line Item Descriptions FY 2010-11 BUDGET REQUEST

In FY 2007-08 (perhaps due to some catch up in the under collection of IARs in FY 2006-07) projections indicated that the IARs were accumulating and would exceed the budget target in the appropriation. Such an increase would normally result in a reversion to the General Fund. The Department requested in S-3A - Interim Assistance Reimbursement Roll Forward Authority and was granted permission to retain the funds, for use in FY 2008- 09 to assist in meeting the State's maintenance of effort (MOE) requirement for payments to federal supplemental security income (SSI) assistance. Authorization is provided for the roll-forward spending authority through a letternote change. See MOE information above for details on the importance of meeting the level of expenditure on a yearly basis.

In FY 2008-09 a letternote change in HB 08-1375's Long Bill Add-on was approved through S-3A Interim Assistance Reimbursement Roll Forward Authority. This allowed additional IARs received in that fiscal year to be applied to the shortfall of the MOE but did not change the appropriation.

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request of the AND – Colorado Supplement Programs and includes the suspension of the AND-SO program annualized to a full year.

Description / Source of Appropriation	Amount
SB 07-239 Long Bill FY 2007-08	\$17,428,495

FY 2010-11 Request	\$17,428,495

BURIAL REIMBURSEMENTS

Burial Reimbursements for Aid to the Needy Disabled and Aid to the Blind recipients are provided to individuals on the AND-SO Program or those on Medicaid between the ages of 18 and 59 if their estate cannot cover the cost of a funeral/burial. A relative or friend must apply for the benefit on behalf of the deceased. The maximum limit upon total charges for the funeral, burial, and/or cremation of a deceased recipient is \$2,500. A prepaid burial marker or stone is not counted in the burial total cost. The State will pay up to \$1,000 for any and all expenses for the burial or cremation. The State pays 80% of the cost and the county pays 20%. There has been no change in the appropriation except for last year's adjustment from CFE to Cash Funding in HB 08-1375. The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request.

HOME CARE ALLOWANCE

This is a cash assistance program for individuals that need minimal help in daily living to prevent nursing home placement. This is a 95% General Funds and 5% County Funds long-term care program administered by the Colorado Department of Human Services and transferred from the Department of Health Care Policy and Finance per SB 06-219, the HCPF reorganization bill. The program provides a monthly payment of up to \$493 per month (effective 4-01-08) to AND or OAP recipients who need to hire help to meet basic in-home service needs due to a disability. The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request..

ADULT FOSTER CARE

This program is a structured living arrangement for adults 18 and older who qualify due to physical or mental problems. The Adult Foster Care Program is a program administered by the Colorado Department of Human Services and transferred from the Department of Health Care Policy & Financing per SB 06-219, the HCPF reorganization bill. The program is effective at keeping clients in the community and out of a more costly nursing home setting and is funded 95% General Funds and 5% County Funds Exempt. The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request.

COLORADO COMMISSION ON AGING

The FY 2009-10 request is based on a continuation budget. The Commission on Aging consist of seventeen members appointed by the governor, with the consent of the senate to: (a) Conduct, and encourage other organizations to conduct studies of the problems of the state's older people; (b) Assist governmental and private agencies to coordinate their efforts on behalf of the aging and aged in order that such efforts be effective and that duplication and waste of effort be eliminated; (c) Promote and aid in the establishment of local programs and services for the aging and aged. The commission shall assist governmental and private agencies by designing

Line Item Descriptions FY 2010-11 BUDGET REQUEST

surveys that may be used locally to determine needs of older people; by recommending the creation of services; by collection and distribution of information on aging; and by assisting public and private organizations in all ways. (d) Conduct promotional activities and programs of public education on problems of the aging; (e) Review existing programs for the aging and make recommendations to the governor and the general assembly for improvements in such programs; (f) Advise and make recommendations to the state department and the state office on aging, on the problems of and programs and services for the aging and aged. This appropriation is for staff support (1.0 FTE) to the Commission, which meets quarterly and assists the Commission with special projects in addition to regular administrative duties.

Under the auspices of the Older Americans Act (OAA), Older Coloradans Act (OCA) established in HB 00-1072, and State Funding for Senior Services (SFSS), the services are generally available to individuals who are age 60 or over including those who are homebound, frail, isolated, or have difficulty with some aspects of daily living. These programs specifically target low-income, low-income minority, and rural individuals. The intent of the Older Americans Act is for the State Unit on Aging (SUA) to be the leader, relative to all aging issues, on behalf of older persons in Colorado. These programs are administered by 16 Area Agencies on Aging (AAAs) located throughout the State. The State's responsibilities for administering the Title III and Title VII Programs funded under the Older Americans Act include developing a State Plan on Aging, overseeing federal grants, and providing assistance to the AAAs and other local service providers. Services include supportive services; senior centers; nutrition services; in-home services for persons outside the eligibility thresholds for Medicaid; caregiver support; and disease prevention and health promotion services. Additionally, the SUA administers the OAA Title V Senior Community Service Employment Program (SCSEP), and the Title VII Elder Rights Protection Programs via contracts for services.

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request.

SENIOR COMMUNITY SERVICES EMPLOYMENT

This program is entirely federally funded. A continuing level of funding is requested. The Senior Community Service Employment Program (SCSEP) promotes useful, part-time employment opportunities in community service organizations for persons with low incomes, who are 55 years of age or older. Eligible participants are provided subsidized wages, training for skill enhancement or acquisition of skills, personal and employment counseling, and assistance in obtaining un-subsidized employment. The State enters into contracts with local community providers to implement this program. This is done through non-profit host agencies and on-the-job experience employers. A 0.5 FTE assists the program. The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request.

OLDER AMERICANS ACT PROGRAMS

This line item provides funding for Area Agencies on Aging to contract with provider agencies to deliver a variety of services to older persons. Services provided include:

- Supportive services and senior centers - Functions include case management, client representation, shopping assistance, transportation, chore services, personal care services, adult day care, health screening, legal services, and an ombudsman;
- Nutrition services such as congregate meals, nutrition screening and education;
- In-home services for persons who are either not eligible for, or needs cannot be completely met through Medicaid, Home Care Allowance and Adult Foster Care (homemaker services, personal care services, home repair services, visiting services); and,

Line Item Descriptions FY 2010-11 BUDGET REQUEST

- Disease prevention and health promotion services (e.g., health risk assessments, programs regarding physical fitness, education regarding diagnosis, prevention and treatment of age related diseases and chronic disabling conditions).

HB 07-1324 – Interest Older Americans Act Program

Current law requires money that is credited to the Older Coloradans Cash Fund from sales and use taxes to provide funding for community programs that benefit the elderly. Money in the fund is distributed under the same formula that the state uses to distribute money under the federal Older American Act of 1965. All interest earned by fund money at the end of the fiscal year is required to remain in the fund and cannot be credited to the General Fund or any other fund.

State funds spent on the Older American Act Programs draw down federal matching funds at a 17 to 1 ratio. This bill authorizes the Department to spend a portion of the accumulated interest in the Older Coloradans Cash Fund (\$40,000) to enable the program to receive \$680,000 in federal matching funds. The Department of Human Services allocates these funds to the Area Agencies on Aging.

In general, services are available to individuals age 60 and over, regardless of income or assets. While the federal government does not allow a means test, it does require that priority be given to those with the greatest social and economic need, with particular attention to minority individuals and those who are frail, homebound, or otherwise isolated. Provider agencies often request donations or fees on a sliding scale for services such as transportation and congregate meals.

DI-2 Funding for Community Services for the Elderly

The request is to access \$594,492 in federal funds awarded from the Administration on Aging for federal fiscal year (FFY) 2009 for Community Services for the Elderly programs. This will increase the Older American’s Act Program by \$573,065 and administration of these funds by \$21,427. To match these funds an additional \$33,759 in General Fund (5%) is needed. This request increases the budget for the Community Services for Elderly Programs lines in FY 2010-11 by \$628,251 total funds, \$33,759 General Fund and \$594,492 federal funds. The Department proposes to reallocate existing General Fund within the State Funding for Senior Services appropriation to meet matching requirements, resulting in a net zero General Fund request and a federal funds increase of \$594,492.

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request with a decision item for updating federal grant awards for community services to the elderly increasing the appropriation. The Department, when a pattern of increased funding is established updates the appropriation to the amounts reflected in the federal budget.

FY 2010-11 Request	\$14,748,811

NATIONAL FAMILY CAREGIVER SUPPORT PROGRAM

The National Family Caregiver Support Program provides services to caregivers, so they may continue to provide care to family and loved ones who are age sixty and over. This was the first new program under the Older Americans Act since 1972. Beginning with HB 02-1420 in FY 2002-03, services have been provided to caregivers of individuals who are "frail" - persons medically determined to be functionally impaired and unable to perform at least two activities of daily living without substantial human assistance. Caregiver services include respite, information, access assistance, respite care, counseling and training, and supplemental services. Additionally, the National Family Caregiver Support Program offers services to older individuals providing assistance for adult children with disabilities, and grandparents or other relative caregivers caring for children eighteen or younger. A "relative caregiver" means a grandparent or step-grandparent of a child, or a relative of a child by blood or marriage, who is 60 years of age or older and lives with the child, is the primary caregiver of the child, and has a legal relationship to the child or raises the child informally. The program provides:

- Information to caregivers about available services;
- Assistance gaining access to services;
- Individual counseling, organization of support groups and caregiver training to assist the caregivers in making decisions and solving problems relating to their caregiver roles;
- Respite care to enable caregivers to be temporarily relieved from their care-giving responsibilities; and,
- Supplemental services, on a limited basis to complement the care provided by caregivers.

In FY 2008-09 the appropriation increased through approval of DI-18 – Community Services for the Elderly Federal Spending Authority Update, which added \$842,972 to the appropriation to bring the program into alignment with anticipated federal allocations of \$632,229. Additionally, a match of local funds (Cash Funds) of \$210,743 was also included in the appropriation. The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request.

Description / Source of Appropriation	Amount

FY 2010-11 Request	\$2,263,386

STATE OMBUDSMAN PROGRAM

State Ombudsman Program is managed through a contract with the Legal Center for Persons with Disabilities and Older Persons on behalf of any resident of a long-term care facility. Provided are ombudsman services to benefit elderly residents of the facility involved in complaints and/or assistance to elderly residents of long-term care facilities in general. Ombudsman services are often the only viable avenue of assistance available and the contract includes both administrative and part-time legal developer services as well as management of 17 paid local ombudsmen and 90 volunteer ombudsmen. The Legal Center supplies training to AAAs and their local ombudsman staff, and training and technical services associated with program administration.

In FY 2008-09 SBA -2 - Aging and Adult Services Ombudsman and Legal Assistance Developer added \$50,000 to the program. The appropriation had not changed since SB 03-258. In past years services provided by the contractor had been reduced as the program tried to keep pace with inflation and salary increases. A failed bid in 2008 highlighted the necessity for increasing the contract to provide a more reasonable reimbursement for these necessary services to the long-term care facility residents. The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request.

Description / Source of Appropriation	Amount

FY 2010-11 Request	\$272,031

STATE FUNDING FOR SENIOR SERVICES

Line Item Descriptions FY 2010-11 BUDGET REQUEST

Through this program the State of Colorado helps to provide senior programs throughout the state. The funding is “passed through” to the Area Agencies on Aging (AAAs) to provide services to the senior population. Services include personal care, assisted transportation, congregate meals, home-delivered meals, homemaker services, adult day care, transportation, and legal assistance. The programs are administered by the 16 statewide Area Agencies on Aging. State Funding for Senior Services was appropriated General Fund of \$386,197 in the Human Services Supplemental Bill, HB 00-1402, which also included a General Fund reduction in the Community Services Grant Program of that same amount (\$386,197). Community Grant funds used the General Fund to match federal funding. The federal funds were also reduced from \$7,902,768 to \$7,649,329 for FY 1999-2000, a reduction of \$283,439. Since then the appropriation for State Funding for Senior Services has continued using General Fund for the program. In FY 2000-01 in HB 00-1451 the General Fund appropriation was \$922,294. In FY 2001-02 the appropriation remained the same at \$922,294. In FY 2002-03 the appropriation was reduced to \$780,253. SB 03-205, the DHS supplemental bill further reduced the appropriation to \$493,956.

The Older Coloradans Cash Fund (established in 2000 in HB 00-1072) has been adding Cash Funds to the General Fund appropriated to the program since FY 2003-04.

Through HB 00-1072 the Older Coloradans Program in the Department of Human Services (DHS) was required to provide moneys to the Area Agencies on Aging to provide grants for community-based services to persons 60 and older by creating the Older Coloradans Cash Fund. The statute revised the distribution of receipts collected for state sales and excise taxes, and 100 percent of inheritance and incorporation taxes are distributed with 85 percent of all receipts collected credited to the Old Age Pension Fund. The remaining 15 percent are allocated as follows:

- Highway Users Tax Fund (10%)
- Older Coloradans Cash Fund (\$3 million)
- General Fund (5% less \$3 million)

In SB 03-258, in the FY 2003-04 Long Bill, \$2,000,000 was included from the Older Coloradans Cash Fund and with \$2,993,956 General Fund brought the total appropriation to \$4,993,956. In HB 04-1422 the appropriation was reduced to \$3,000,000, split 50% General Fund and 50% Older Coloradans Cash Fund. In FY 2005-06, to conserve General Fund the amount was maintained at \$3,000,000 but the split was \$1,000,000 General Fund and \$2,000,000 Older Coloradans Cash Fund. Special Bills are needed to use the Older Coloradans Cash Fund. In HB 06-1018 and HB 08-1108 the use of the cash fund was increased.

HB 06-1018 – Increase Older Coloradoans Cash Fund

For all fiscal years beginning with FY 2006-07, the bill increased funding to the Older Coloradans Cash Fund from receipts collected from the state sales and use tax. Funding was increased from \$2.0 million to \$3.0 million annually

HB 08-1108 - Increase Funds For Older CO Cash Fund

Line Item Descriptions FY 2010-11 BUDGET REQUEST

For all fiscal years beginning in FY 2007-08, the bill increased funding to the Older Coloradans Cash Fund from receipts collected from the state sales and use tax. Funding was increased from \$3.0 million to \$5.0 million annually.

DI-2 Funding for Community Services for the Elderly

The request is to access \$594,492 in federal funds awarded from the Administration on Aging for federal fiscal year (FFY) 2009 for Community Services for the Elderly programs. This will increase the Older American’s Act Program by \$573,065 and administration of these funds by \$21,427. To match these funds an additional \$33,759 in General Fund (5%) is needed. This request increases the budget for the Community Services for Elderly Programs lines in FY 2010-11 by \$628,251 total funds, \$33,759 General Fund and \$594,492 federal funds. The Department proposes to reallocate exiting General Fund within the State Funding for Senior Services appropriation to meet matching requirements, resulting in a net zero General Fund request and a federal funds increase of \$594,492

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request with a decision item for updating federal grant awards for community services to the elderly increasing the appropriation. The Department, when a pattern of increased funding is established updates the appropriation to the amounts reflected in the federal budget. The decrease in this appropriation is to offset the increased General Fund needed to support the other community programs.

Description / Source of Appropriation	Amount

Line Item Descriptions FY 2010-11 BUDGET REQUEST

AREA AGENCIES ON AGING ADMINISTRATION

The Area Agencies on Aging (AAAs) develop and administer an area plan, consistent with the state plan, for a comprehensive and coordinated system of programs in the planning and service area; assist older persons in obtaining their rights, benefits, and entitlements currently available under the law; identify special needs or barriers to maintaining personal independence; involve older persons in the area in the development and planning of services delivered within the area; assess the need for services within the planning and service area to determine the effectiveness of existing services available within the area; and conduct public hearings on the needs and problems of older persons and on the area plan.

(11) DIVISION OF YOUTH CORRECTIONS

Division of Youth Corrections (DYC) in the Department of Human Services (DHS) is responsible for management and oversight of delinquent juveniles who are detained while awaiting adjudication, and for those who are committed to the department after adjudication. In addition, juveniles may be sentenced as a condition of parole for up to 45 days to a detention facility, or for 60 days to the Community Accountability Program. Funding for the Community Accountability Program was eliminated in the 2003 legislative session. However, this program still exists in statute. The division's responsibility for committed juveniles extends through a six-month mandatory parole period during which the youth is in the community. Finally, the division allocates funds by formula to each judicial district in accordance with S.B. 91-94 for the development of local alternatives to incarceration. Both the Division of Criminal Justice and the Legislative Council Staff provide population estimates for the Division of Youth Corrections. These estimates are considered when determining appropriations, as population growth and inflation are the main factors in the need for additional appropriations.

(A) ADMINISTRATION

This section of the Division is responsible for establishing program policies and procedures for the treatment of juveniles in the custody of the Division and monitoring compliance with these standards and collects data and provides strategic planning. Other duties of the Administration section include contract management and victim notification. Other divisions within the Department of Human Services provide support for the accounting, facilities maintenance, and for human resource functions of the Division.

PERSONAL SERVICES

This line item funds salaries, PERA, and Medicare for administrative and management staff of the Division. The workload for the "Personal Services" line item in the Administration section is driven by the number of employees and programs in the Division that require supervision and strategic guidance, and by the amount and complexity of research and statistical data requested by the legislature, general public, and Division of Youth Correction's (DYC) own management. These factors are generally increasing, rather than decreasing, as the population of delinquent juveniles increases.

As the DYC commitment population grows, a larger number of youths are in contract placements. Although the direct care of the youths is provided by the private sector, any caseload growth requires DYC to manage a larger number of contracts with private-providers (including contracts with licensed Psychiatric Residential Treatment Facilities and Therapeutic Residential Child Care Facilities, medical and mental health treatment providers, local school districts, and colleges).

Line Item Descriptions FY 10-11 BUDGET REQUEST

VICTIM ASSISTANCE

This line item provides spending authority and 0.5 FTE to help DYC fulfill its obligation to keep victims informed. For victims of qualifying charges (crimes against persons), Division of Youth Corrections provides notification of all movements and status changes of the perpetrator within the youth corrections system, such as escapes and return to custody, eligibility for visits to the community and cancellation of visits, hearings involving the perpetrator, re-commitments, transfer to the adult system, death, and expiration of commitment. The victim has the right at any of these events to provide statements for review.

Fund Source Overview. The source of re-appropriated funds/cash funds exempt for the victim assistance program is a grant from the Division of Criminal Justice in the Department of Public Safety, made pursuant to Section 24-33.5-506, C.R.S. (2008) The State Victims Assistance and Law Enforcement Advisory Board (State VALE Board), created in Section 24-33.5-508, C.R.S. (2008), advises the Division of Criminal Justice on what grants to make. Revenue for the State VALE fund comes from a percentage of surcharges on criminal offenders levied at the judicial district level, with a small amount coming from the Department of Corrections' Prison Industry Enhancement Program (federal) of which a certain amount must be used to provide direct services to crime victims.

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request:

Line Item Descriptions FY 10-11 BUDGET REQUEST

(B) INSTITUTIONAL PROGRAMS

This section of the Division includes state-operated detention and commitment facilities, and diagnostic and program services for juveniles while they are in a DYC institution. Additional services for juveniles who leave an institutional setting, for example to a community placement or parole, are funded through the Community Programs section.

PERSONAL SERVICES

This line item pays salaries for the majority of program, supervisory, and support staff at DYC institutions. Educational and medical staffs are funded in separate line items, and physical plant staffs are funded through the Office of Operations.

FY 2007-08 DI #7 – Critical Post Staffing

In FY 2007-08 the General Assembly approved funding for \$212,638 total funding and 5.7 FTE (7.5 FTE annualized) for staffing of critical posts at the Marvin W. Foote Youth Services Center. Critical posts represent those posts that are essential to the safety and security of both youth and staff in the facility as well as the operation of the facility itself. Staff assigned to facility critical posts are directly responsible for the care, supervision, and oversight of all juveniles placed in the facility.

OPERATING EXPENSES

This line item funds the operation of DYC facilities, including such expenses as uniforms for staff and juveniles, custodial and laundry supplies, telephone fees, office equipment, and counseling supplies. Nearly half of the appropriation is for food and food service supplies. Food costs are paid primarily by the federal school breakfast and lunch program. Re-appropriated funds/cash funds exempt in the line item are funds transferred from the Department of Education for the federal school breakfast and lunch program.

FY 2009-10 Budget Reduction Proposal #20-Increase State Capacity to 120% at State Commitment Facilities

The Division of Youth Correction increased usage of state commitment facilities to 120% for FY 2009-10 for a reduction of \$3,895,450 total funds. The current number of state facility beds for committed use is 434.5. The Division is increasing this number to 521.4. This proposal will decrease the number of dollars paid to third party contractors for private treatment beds for the Division's committed population. After considering increased cost for custody related expenses (medical and operating expenses) for the additional 87 Average Daily Population in state operated facilities, 100% General Fund savings would save a total of \$3,812,327 net General Fund in FY 2009-10 only. There is no affect on the FY 2010-11 requested budget..

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request:

MEDICAL SERVICES

Personnel, contract, and operating costs associated with providing medical services to DYC youth were consolidated into one line item several years ago to enable better tracking of costs and to provide the Division with more flexibility in managing medical expenses. Because this is a "program" line item, there are three distinct components to the recommendation: (1) personal services; (2) contract services; and (3) operating expenses.

(1) Personal Services - This portion of the line item pays for staff in state-operated facilities that are providing routine medical care and administer medications, especially psychotropics. Youth in contract facilities are eligible for Medicaid.

(2) Contract Services - The Division's primary contract for medical services is with Devereaux Cleo Wallace to provide acute mental health services at Lookout Mountain Youth Services Center in the Cypress Unit. This function is complemented by the opening of the 20-bed mental health facility and the requested increase in mental health treatment services. Also, the Division uses contract dollars to pay Colorado Access for managing specialty off-site medical needs. The Division spends smaller amounts on contracts for infrequently used on-site medical services, such as psychiatrists, and on contracts for medical services in areas where it is difficult to recruit state FTE.

(3) Operating Expenses - The majority of medical operating expenses are for youth in state-owned or state operated commitment facilities. Federal rules prohibit youth in state-owned or state-operated institutions from accessing Medicaid. However, juveniles in contract facilities can typically meet Medicaid eligibility requirements because they are considered a family of one for the income criteria. Exceptions exist for youth placed out-of-state and youth in secure contract facilities. Detained youth who have not been committed, and therefore are not officially a ward (legal custody) of the State, may retain the Medicaid status they had prior to detention for the short duration of their stay.

Line Item Descriptions FY 10-11 BUDGET REQUEST

FY 2009-10 Budget Reduction Proposal #20-Increase State Capacity to 120% at State Commitment Facilities

The Division of Youth Correction increased usage of state commitment facilities to 120% for FY 2009-10 for a reduction of \$3,895,450 total funds. The current number of state facility beds for committed use is 434.5. The Division is increasing this number to 521.4. This proposal will decrease the number of dollars paid to third party contractors for private treatment beds for the Division's committed population. After considering increased cost for custody related expenses (medical and operating expenses) for the additional 87 Average Daily Population in state operated facilities, 100% General Fund savings would save a total of \$3,812,327 net General Fund in FY 2009-10 only. There is no affect on the FY 2010-11 requested budget.

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request:

Line Item Descriptions FY 10-11 BUDGET REQUEST

ENHANCED MENTAL HEALTH SERVICES PILOT FOR DETENTION

The funding in this line item is intended to examine the efficacy of providing intensive mental health services for detained youth. At the time this line item was added to the budget, DYC had a system-wide problem with readmissions to detention. The Division believed that a disproportionate share of the juveniles getting readmitted had a mental health problem that was not being treated in the community. The appropriation in the line item provided for assessment by DYC of youth in detention at the Mount View and Grand Mesa facilities. A companion piece of funding in the Division of Children's Health and Rehabilitation provided community treatment upon release. Due to the shortage of General Fund dollars, this line item was eliminated in FY 2003-04. In FY 2005-06, the General Assembly provided \$250,000 General Fund to reestablish this program. As part of the budget reductions in FY 2009-10 the program was eliminated again.

FY 2009-10 Budget Reduction Proposal #11- Eliminate the Enhanced Mental Health Pilot Services for Detained Youth Program

This budget reduction totaled \$580,385 General Fund (\$380,940 Division of Behavioral Health and \$199,445 Division of Youth Corrections) in FY 2009-10 and \$773,847 (\$507,920 Division of Behavioral Health and \$265,927 Division of Youth Corrections) in FY 2010-11 eliminates the Enhanced Mental Health Pilot Services for Detained Youth Program.

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request:

Line Item Descriptions FY 10-11 BUDGET REQUEST

EDUCATIONAL PROGRAMS

This line item funds personal services and operating expenses associated with education, primarily in state-operated commitment facilities. In contract commitment facilities, and in detention facilities, education is the responsibility of local school districts and paid for with the help of state per pupil operating revenue (PPOR). A limited portion of the "Educational Programs" line item is used to supplement PPOR-funded services at detention facilities with health education, such as AIDS prevention and substance abuse prevention.

There are three sources of federal funds for this line item that appear as re-appropriated funds/cash funds exempt because the money is transferred from the Department of Education: (1) the Carl D. Perkins Vocational Education Act for vocational training (\$30,000); (2) Title I of the Elementary and Secondary Education Act for disadvantaged youth (\$206,336); and (3) the Individuals with Disabilities Education Act for special education (\$107,557).

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request:

PREVENTION/INTERVENTION SERVICES

This line item provides spending authority for an intra-agency agreement between DYC and the Alcohol and Drug Abuse Division (ADAD) located in the Division of Mental Health. Historically, the funds have supported drug and alcohol assessment and training for substance abuse counselors in DYC facilities. Prior to FY 2002-03, the funds were originally appropriated in ADAD as General Fund dollars. Because the funds are transferred to DYC, they are reflected as re-appropriated funds/cash funds exempt in DYC's budget. Because of budget reductions, no General Fund dollars are transferred from ADAD. The dollars transferred to DYC are federal funds. Approved for FY 2008-09 is a continuation level of funding with common policy adjustments. Approved are an appropriation of \$49,693 re-appropriated funds/cash funds exempt (federal funds transferred from ADAD) and 1.0 FTE for this line item.

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request:

Description / Source of Appropriation	Amount	FTE
HB 06-1385 Long Bill FY 2006-07 Appropriation	\$49,943	1.0

FY 2010-11 Request	\$49,693	1.0

(C) COMMUNITY PROGRAMS

This section of the Division funds contract placements of juveniles typically in community settings with lower security levels than state-operated institutions. This section also supports case management that begins during a juvenile's stay in commitment and continues through the end of parole. Finally, this section funds S.B. 91-94 programs intended to divert juveniles from detention and commitment, or reduce their length of stay.

Line Item Descriptions FY 10-11 BUDGET REQUEST

PERSONAL SERVICES

This line item supports personal services for case managers, support staff, and regional administrators, who are responsible for overseeing contract placements and the overall operation of DYC services in the area. Beginning in FY 1997-98, the Division combined the role of case manager and parole officer, so the same individual tracks a juvenile through the system from commitment to the end of parole. The source of cash funds in this line item is a reimbursement by the operator of the Ridge View facility to offset the cost of monitoring the facility pursuant to Section 19-2-411.5 (2) (e), C.R.S. (2008).

FY 2009-10 Budget Reduction Proposal #23-Reduction in Client Management Positions

The Division of Youth Corrections (DYC) re-aligned its caseload for its client management system, and reduced 6.4 FTE and \$428,160 General Fund in FY 2009-10. This proposal would take effect on October 1st, when these positions are vacant. The Division’s goal would be to avoid layoffs with this proposal. For FY 2010-11 this is a reduction of 9.6 FTE and \$642,240 General Fund. The reduction includes both personal services and operating expense reductions. Personal Services are identified in the table that follows.

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request:

FY 2008-09 Decision Item #3B - Earned Incentive Funds for Collaborative Management Program

The Department was approved 1.8 FTE and funding in the "Personal Services" line item and General Fund in the "Operating Expenses" line item for this decision item. The DYC 1.8 FTE will annualize to 2.0 FTE in FY 2009-10. Included are General Professional IV H.B. 04-1451 Regional Coordinators to provide assistance and support to the Division's management regions in actively participating in the 18 county H.B. 04-1451 programs across the State. The duties and responsibilities of these positions include:

1. Working with the other H.B. 04-1451 participating agencies in each county to develop collaborative management processes;
2. Identifying, monitoring, and reporting on performance-based measures related to the juvenile justice goals of each local H.B. 04-1451 program;
3. Assisting in the development and operation of individualized service and support teams to meet the needs of children and families;
4. Representing the Division at Interagency Oversight Group meetings; and
5. Serving as the Division's liaison and contact person to each of the participating counties.

The Division will participate in H.B. 04-1451 programs that are designed to reduce costs. In addition, the Division has not received funding to support its participation in the H.B. 04-1451 programs. Because the number of H.B. 04-1451 programs across the State has continued to rise the past three years.

FY 2008-09 Decision Item #3C - Functional Family Parole FY 2009-10

The Department was approved 1.8 FTE and funding in the "Personal Services" line item and General Fund in the "Operating Expenses" line item for this decision item. This funds the statewide expansion of the Functional Family Parole (FFP) program, which is currently being piloted in the DYC Central Region. This expansion of the FFP program is anticipated to result in a reduction in the

Line Item Descriptions FY 10-11 BUDGET REQUEST

number of youth on parole who receive a criminal filing and are convicted and sentenced to the Department of Corrections. The FFP program is modeled on Functional Family Therapy (FFT), which is a structured, family-based intervention that uses a multi-step approach to enhancing protective factors and reducing risk factors in the family. An organization called Functional Family Therapy, Inc. (FFT, Inc.) has developed the FFT model and has made its use conditional upon certain requirements. Among these are continuous training, consultation, and supervision to ensure model fidelity. The 1.8 FTE (annualized to 2.0 FTE in FY 2009-10) would fund additional Social Worker III level positions. These positions would receive additional training and supervision in FFP from FFT, Inc. in order to ensure model fidelity. In addition, FFT, Inc. would oversee their training and approve their ability to provide internal consultation.

Budget Amendment 50A – Eliminate Expansion of Functional Family Parole

The Department was approved a reduction of \$98,184 General Fund and 1.8 FTE related to eliminating the expansion of Functional Family Parole (FFP) in the Personal Services line item, \$8,810 General Fund in the Operating Expenses line item, and \$250,000 General Fund in the Parole Program Services line item. This eliminates the statewide expansion of the FFP program, which is currently being piloted in the DYC Central Region.

OPERATING EXPENSES

This line item provides operating funds for the FTE in the personal services line item above. The single largest expenditure category from this line item is fuel expenditures, reflecting the mobile nature of case management work. The source of cash funds is fees collected from the Ridge View contractor to offset the cost of monitoring operations in DYC facilities, which is required pursuant to Section 19-2-411.5 (2) (e), C.R.S. (2009).

FY 2009-10 Budget Reduction Proposal #23-Reduction in Client Management Positions

The Division of Youth Corrections (DYC) re-aligned its caseload for its client management system, and reduced 6.4 FTE and \$428,160 General Fund in FY 2009-10. This proposal would take effect on October 1st, when these positions are vacant. The Division’s goal would be to avoid layoffs with this proposal. For FY 2010-11 this is a reduction of 9.6 FTE and \$642,240 General Fund. The reduction includes both personal services and operating expense reductions. Operating expenses are identified in the table that follows.

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request:

FY 2010-11 Request	\$344,210

*For Decision Item #3B and Decision Item #3C, \$8,810 in operating expenses is added for each (a total of \$17,620) funding related to adding a total of 3.6 FTE (1.8 FTE for Decision Item #3B and 1.8 FTE for Decision Item #3C). For further information see description in Personal Services in that previous line item.

PURCHASE OF CONTRACT PLACEMENTS

This line item provides funding for the Division to contract with private for-profit and non-profit organizations to house and treat youth. All of the contracts funded through this line item are for residential services. Non-residential services are paid for through other line items.

The source of re-appropriated funds/cash funds exempt is Medicaid funds transferred from the Department of Health Care Policy and Financing.

Within the last decade, there has been enormous growth in the DYC system. The Division's State-operated capacity has easily been outpaced by the demand for residential and non-residential services; thus, the Division has augmented its capacity through the Purchase of Contract Placements Subprogram. The attraction of residential contract placements is that privately operated programs do not require the State to construct and staff new facilities. This process of building new state facilities often involves several years of preparation. Because of anticipated growth in populations, the State requires more immediate solutions. The Division views the Purchase of Contract Placements Subprogram as essential to its system. This subprogram includes an array of contract residential placement services for youth needing secure, staff-secure, and non-secure residential placement services. In addition, residential

Line Item Descriptions FY 10-11 BUDGET REQUEST

services are provided to youth transitioning to the community after release from institutional settings and adjudicated youth that have been assessed as appropriate for placement in a community residential setting. Payment is made to private vendors for the provision of a range of services to youth based on specific treatment and counseling needs. The Division continues to move forward in implementing a continuum of care approach to enhancing services for committed youth. With the approval of the General Assembly, the Division has applied funds for residential placements to provide treatment, transition and wraparound services to committed youth. FY 2005-06 funds were partially used to build service delivery capacity in the community and to develop evidence based treatment programs to serve DYC youth in the community.

The primary statutory mandates of the Division of Youth Corrections are to ensure the public safety and provide rehabilitative services to youth in order to prevent further delinquent behaviors and thus reduce recidivism – a key element of Governor Ritter’s “Colorado Promise.” The commitment of certain youth for delinquent behaviors, as well as supervision of youth while on parole, is essential to maintaining the public safety. In addition, the Division seeks to provide services that address the specific social, educational, medical, mental health, substance abuse, and other offense-specific treatment needs of youth to maximize their ability to rejoin society as responsible, contributing members. This is essential to maintaining public safety in the long run, as previous offenders become contributing citizens in their communities.

The Division, as part of its ongoing efforts to systematically pursue and utilize the most advanced strategies available for juvenile rehabilitation, launched the Continuum of Care Initiative in Spring 2006. The initiative is based on principles of effective juvenile justice strategy that have been proven through research and practice. These principles include an integrated strategy involving state-of-the-art assessment, enhanced treatment services within residential facilities, and improved transitions to appropriate community-based services. The Division made a commitment to examine and realign internal operational practices to be more consistent with the principles of evidence-based practice and a broader array of interventions that have the most research support for being effective in reducing recidivism and re-victimization by juvenile offenders. As part of this strategy, the Continuum of Care Initiative seeks to provide the optimal length of service in each stage of the continuum as juvenile offenders move from secure residential to community-based parole services. In order to ensure accurate and targeted information to support individualized case planning, the Division identified a state-of-the-art, empirically based risk assessment instrument (the Washington State Juvenile Risk Assessment) modified and renamed the Colorado Juvenile Risk Assessment (CJRA) for use in Colorado.

Balancing State Capacity and Contract Bed Capacity: The Division of Youth Corrections utilizes the Colorado Juvenile Risk Assessment to identify risk and need for each juvenile, the results of which drive an individual treatment plan. Placement decisions, including the level of security and projected length of stay, are informed by the level of assessed risk and need. This process is a critical component of the Division’s Continuum of Care Initiative. Successful outcomes are dependent upon evidence based risk assessment and a placement commensurate with risk and need. This process exemplifies the Division’s Key Strategy to “provide the

Line Item Descriptions FY 10-11 BUDGET REQUEST

right service at the right time”. This strategy requires the availability and use of a range of placement options from secure to staff secure to more open community placements.

Placement decisions based upon risk and need have formed a foundation for the Division’s successes through the Continuum of Care Initiative. Reductions in length of service, re-commitments and pre-discharge recidivism rates are directly related to making placement decisions through this process. Research has demonstrated that placing lower level offenders with more serious high-risk offenders leads to poor outcomes and increases in recidivism rates, consequently generating a negative impact upon public safety.

DYC’s current balance of State-operated secure programs and private contract programs reflects this principle; and, therefore, is the driver of the Division’s current State Operated bed use. In addition to a focus on the “right service at the right time”, current use reflects the attainment of system efficiencies DYC has realized through initiatives such as the Continuum of Care. These include a streamlined assessment process; reductions in the length of time youth await an initial placement following the assessment, and the ability to intervene with parolees in the community in lieu of a parole revocation- thereby reducing the number of parole failures in State Operated programs.

In order to maintain reductions in recidivism, reductions in length of service, as well as an adherence to evidence based practices; the Division anticipates a consistent usage of State Operated Secure beds at an estimated level of 454.1 ADP (average daily population). This is a slightly lower usage than that contained in the JBC staff supplemental recommendations. Correspondingly, the Division would continue to maintain a contract bed usage ADP of approximately 744.9. Artificially shifting low-level offenders to secure beds, particularly when all assessment and diagnostic data suggests that a youth would be more successful in a staff supervised contract placement, would jeopardize the advances made in the reduction of recidivism, recommitment and ensuring the appropriate length of service.

The transfer of continuum of care expenditures (\$1,021,575) in FY 2008-09 and (\$750,000) in FY 2009-10) from the Purchase of Contract Placements line item to the Parole Program Services line item will continue to support the Division’s emphasis on the Continuum of Care through the provision of transition and parole services in the community. The Division was anticipated to expend just under 50% of the combined Parole Program Services appropriation and the estimated transfer amount.

The Division has worked to build capacity in each region to effectively transition youth back to their home communities. Often this transition involves youth leaving placements in the Denver Metro Area to distant rural communities across the State. DYC has worked to develop capacity for youth transitioning from Ridge View Youth Services Center, Lookout Mountain Youth Services Center and the Betty Marler Youth Services Center. These efforts include addressing the challenge of providing evidence based programming, namely Multi-Systemic Therapy and Functional Family Therapy in rural communities. This emphasis will continue through the second half of the fiscal year.

Line Item Descriptions FY 10-11 BUDGET REQUEST

The average age of youth at commitment has increased over the past 10 years to approximately 17 years of age. This increase, combined with the growth in identified mental health issues, has resulted in the need to develop specialized community services. Specifically, the target population is youth who have long-term system involvement, will be above the age of eighteen at parole and who have no family resources. These youth must prepare for emancipation and independent living. During the first half of the fiscal year, the Division has identified services for this population that will drive a higher degree of spending during the remainder of the fiscal year.

Cost Avoidance due to implementation of the Continuum of Care Initiative: The Continuum of Care Initiative's success at reducing ADP has led to real and significant cost avoidance to DYC and the State of Colorado. A simple comparison of the difference between the December 2005 Legislative Council Staff (LCS) projections and actual ADP shows a difference of 224 for FY 2007-08. This real reduction in ADP as compared to the projections translates to a cost avoidance to the State of \$12,910,006. Looking back over the last three years of the Continuum of Care Initiative, cumulatively, reveals savings of almost \$18 million, counting only direct costs to DYC and not incorporating broader societal cost savings (e.g. cost to other state agencies, costs to victims, etc.) as a result of moving youth more quickly back to normal community placements and school participation. To illustrate the mechanisms for these savings, figure 1, below, contrasts the LCS projections (red diamond) based on historical ADP (black square) with actual ADP (green square) and revised actual ADP based on September 2008 data (blue triangle).

Figure 1. Average Daily Population Projections versus Actual

Translating this reduction in ADP to cost avoidance, Table 1 illustrates actual cost avoidance through FY 2007-08 and projects savings forward two years based on a relatively conservative assumption of ADP growth based on prior years.

Line Item Descriptions FY 10-11 BUDGET REQUEST

Table 1: ADP Reduction and Cost Avoidance						
	FY04-05	FY05-06	FY06-07	FY07-08	FY08-09	FY09-10

Cumulative Total	\$0	\$314,905	\$4,862,663	\$17,772,669	\$33,328,124	\$51,468,596

The Division of Youth Corrections (DYC) submitted a budget reduction S-28 Reduction to Youth Corrections based on Flexibility Allowed in Footnote 41 of HB 08-1375 to reduce FY 2008-09 appropriations in light of current economic conditions. This budget reduction was approved for \$9,297,189 but because of revenue and economic conditions, proposed increases to the continuum of care were reduced.

Funding of Continuum of Care: In FY 2006-07, the Division requested, and the General Assembly approved, a supplemental transfer of approximately \$ 1.9 million from the Purchase of Contract Placements appropriation to the DYC Parole Program Services appropriation to establish a stable source of funding for the Continuum of Care Initiative. In FY 2007-08, a like supplemental transfer request was approved for \$1.8 million. In FY 2008-09 the amount transferred was The Parole Program Services appropriation historically provided for the non-residential services and needs of youth on parole. With the implementation of the Continuum of Care Initiative, and the supplemental transfer of funds from the Purchase of Contract Placements appropriation, this appropriation now supports treatment, transition and wraparound services to youth in residential and non-residential settings.

FY 2009-10 Budget Reduction Proposal #20-Increase State Capacity to 120% at State Commitment Facilities

The Division of Youth Correction increased usage of state commitment facilities to 120% for FY 2009-10 for a reduction of \$3,895,450 total funds. The current number of state facility beds for committed use is 434.5. The Division is increasing this number to 521.4. This proposal will decrease the number of dollars paid to third party contractors for private treatment beds for the Division's committed population. After considering increased cost for custody related expenses (medical and operating expenses) for the additional 87 Average Daily Population in state operated facilities, 100% General Fund savings would save a total of \$3,812,327 net General Fund in FY 2009-10 only. There is no affect on the FY 2010-11 requested budget.

Line Item Descriptions FY 10-11 BUDGET REQUEST

FY 2009-10 Budget Reduction Proposal #21-Reclassification of Licensing Category of Ridge View Youth Services Center

By changing the licensing of the Ridge View Youth Services Center the Department of Human Services would be able to reduce \$1,160,845 in General Fund and replace it with \$748,762 (nine months) in Title IV-E federal funds and \$412,083 in Medicaid funding (five months) for a net General Fund reduction of \$954,803 in FY 2009-10. In FY 2010-11 the net General Fund reduction would increase to a full year of replacement funding \$1,987,350 (\$998,350 Title IV-E plus \$989,000 Medicaid) and a net General Fund savings of \$1,492,850.

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request:

Description / Source of Appropriation	Amount
HB 06-1385 Long Bill FY 2006-07	\$53,215,355
Reduction for S#3 DYC Purchase of Contract Placements to increase Parole Program Services (FY 2007-08 Staff Figure Setting 2/22/07, Pages 70-75)	(\$1,949,784)
Increase for youth placements based on average weighted rates and the contract bed mix (FY 2007-08 Staff Figure Setting 2/22/07, Pages 70-75)	\$329,164

FY 2010-11 BRI-4 Two Percent (2%) Community Provider Rate Base Decrease	(\$1,032,270)
FY 2010-11 Request	\$41,431,258

Line Item Descriptions FY 10-11 BUDGET REQUEST

The appropriation was not calculated pursuant to the estimated need for beds in the juvenile system based on the Legislative Council Staff (LCS) December 2007 population projections. Instead, this appropriation carries forward the FY 2007-08 appropriation prior to supplementals, with an adjustment for the Continuum of Care Initiative. The Division requested its FY 2007-08 base funding level, which is greater than the funding level forecast by the LCS December 2007 population projections, because the Division plan was to invest in additional programs to continue the decrease in population numbers.

MANAGED CARE PILOT PROJECT

This line item is used to fund the Boulder County Impact Project, which is a managed care agreement between the Division of Youth Corrections and Boulder County for handling delinquent youth. The agreement caps the dollars that can be used for detained and committed youth in Boulder County.

The Integrated Managed Partnership for Adolescent Community Treatment (IMPACT) is a community-based effort to integrate formerly categorical funding streams (Boulder County Social Services, Boulder County Mental Health, and DYC) and programs with a focus on accountability and outcomes. IMPACT’s mission is to perform gate keeping, assessment, concurrent utilization review and quality assurance reviews for delinquent youth who are in or at risk of placement. DYC works collaboratively with Boulder on issues related to local management of DYC resources and the number of beds and resources that will be dedicated to this initiative.

FY 2009-10 #19-Reduction in Boulder IMPACT Contract

The 2009 Long Bill established \$1,357,105 as a Managed Care Pilot Project to assist Boulder County in developing local commitment and placement alternatives. The Integrated Managed Partnership for Adolescent Community Treatment (IMPACT) Board is able to absorb a 20% reduction in this budget. The amount representing 20 percent reduction of the allocation is \$271,421 General Fund in FY 2009-10 and the same in FY 2010-11.

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request:

Description / Source of Appropriation	Amount

FY 2010-11 Request	\$1,096,639

S.B. 91-94 PROGRAMS

Senate Bill 91-94 authorized the creation of local, judicial-district based programs designed to provide alternatives to incarceration for pre-adjudicated and adjudicated youth. These programs work to reduce the incarcerated population by impacting the number of admissions into DYC facilities, or by reducing the length of stay for youths placed in DYC facilities. Senate Bill 91-94 funds are also used in each judicial district to implement a uniform intake screening and assessment of all youth taken into custody by law enforcement. The goal of this intake screening is to determine the most appropriate placement for youth. Four levels of placement are identified on the screening instrument, including secure detention, staff secure detention, residential/shelter, and home detention with monitoring. Of the funds appropriated to this line item, the Division reserves three percent for research, evaluations, technical assistance, and audits. The remainder of the money is allocated by formula to programs in each judicial district. Historical funding has been based on approximately 25 percent for committed youth and 75 percent for detained youth. However, because of recent budget reductions and because of the statutory cap on juvenile detention beds, the funds are currently used for detention services only.

Through the S.B. 91-94 program, DYC developed a detention screening and assessment instrument that is used at the point a youth is taken into custody and referred for detention. The screening instrument classifies youth into five categories:

1. Secure detention
2. Staff secure detention
3. Shelter-care
4. Pretrial supervision
5. Release without services

Prior to the 1991 Legislative Session, the Division of Criminal Justice Population Projections indicated the need for approximately 500 additional DYC secure placement beds. The Executive Director of the Department of Institutions¹, DYS staff, the Legislature,

¹ DYS formerly housed under the Department of Institutions (DOI). In 1996, DYS was renamed to DYC and is an agency within the Colorado Department of

Line Item Descriptions FY 10-11 BUDGET REQUEST

and the Joint Budget Committee (JBC) examined how the use of local options and early intervention could serve as a viable alternative to building expensive state facilities. These discussions culminated in the development of Senate Bill 91-94, which was introduced and adopted during the 1991 Legislative Session. The bill contained provisions that:

- ❑ Outlined a process for the development of criteria for placement of juveniles in secure state facilities;
- ❑ Specified that a formula should be developed for the allocation of resources to each county in the State for the development of local services to be utilized as alternatives to the placement of youth in State facilities;
- ❑ Authorized the establishment of pilot programs in local jurisdictions that would provide services for juveniles that would help relieve overcrowding in State-operated facilities;
- ❑ Specified that guidelines should be established for the emergency release of juveniles from State facilities during periods of crisis overcrowding; and,
- ❑ Provided for the establishment of a Juvenile Services Fund that would distribute funds to local jurisdictions on or after July 1, 1993, based on a local juvenile services plan developed by each jurisdiction. Plans were to include, but not be limited to, such services as intervention, treatment, supervision, lodging, assessment, bonding programs, and family services².

In 1992, DYC appointed a statewide advisory committee composed of members of juvenile justice agencies to advise the DYC on policy and program issues affecting the successful implementation of the S.B. 91-94 legislation. The committee reviewed the allocation formula, provided input on program evaluation, developed formats for the yearly submission of local S.B. 91-94 plans, and reviewed and approved all plans prior to implementation.

In FY 1995-96, a subcommittee composed of representatives of local planning committees, treatment providers, and agency representatives developed standardized procedures for detention screening and assessment. A detention “Screening and Assessment Guide” was field tested throughout the State. Based on this field test, revisions were made and the instrument was implemented Statewide in January 1996. The detention assessment is designed for use at the time a youth is taken into custody and referred to secure detention, staff secures detention, or S.B. 91-94 funded alternatives to detention. The data collected from the screening and assessment instrument has provided useful profile information on juveniles served in each of these program types.

Human Services (CDHS).

² Senate Bill 93-134, enacted during the 1993 Legislative Session, changed the local jurisdictions for funding allocations from counties to judicial districts, specified how local juvenile services planning committees were to be appointed, and how plans were to be approved. SB 91-94 funding includes resources for a statewide evaluation of the effectiveness of Local Juvenile Services plans. DYC submits annual reports on program effectiveness each November.

Line Item Descriptions FY 10-11 BUDGET REQUEST

In FY 2003-04, the Division substantively reconstituted the S.B. 91-94 programs to specifically address the detention population³. This shift in focus was largely attributed to two factors: 1) New legislation that capitates the number of detention beds in the state (S.B. 03-286), and 2) Significant budgetary reductions taken from this program area to address the State's budgetary shortfalls⁴.

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request:

Description / Source of Appropriation	Amount
HB 06-1385 Long Bill FY 2006-07 Appropriation	\$10,422,234

FY 2010-11 Request	\$13,031,458

FY 2007-08 Recidivism Reduction Package BA-4 - Funding for S.B. 91-94 Programs
FY 2008-09 Decision Item-3A - Funding for S.B. 91-94 Programs

³ For over a decade SB91-94 dollars also addressed the committed population. Programs such as Juvenile Intensive Supervision Probation, Multi-Systemic Therapy, etc. were developed as community-based alternatives to a commitment sentence.

⁴ In FY 2002-03, the budget for SB91-94 was \$12.2 million. In FY 2003-04, the budget was reduced to \$8.9 million (approximately 27 percent reduction in total budget). In FY 2004-05, the budget was reduced an additional \$ 1.0 million to approximately 7.9 million. This FY 2004-05 \$ 1.0 million reduction was restored in FY 2005-06. An additional \$ 1 million was restored to the SB91-94 budget for SFY 2006-07.

Line Item Descriptions FY 10-11 BUDGET REQUEST

These proposals were to develop and implement evidence-based programs within the State's 22 judicial districts, as managed by the S.B. 91-94 program. This assistance would allow for more uniform understanding and application of evidence-based principles and programs. The funding would also assist in providing services to an increasing number of S.B. 91-94 youth needing services while under community supervision.

The Division is developing a protocol for program review or monitoring to ensure that programs are being delivered according to design. The Division will structure this funding around the following principles: (1) developing consistency in the application of evidence-based programming; (2) maintaining program fidelity in the application of the services; and (3) maintaining flexibility in allowing districts to create programming that meets local needs that have been shown to be a promising practice or a best practice in juvenile justice. These protocols recommended through these change requests have resulted in reductions in recidivism.

FY 2009-10 NP #2 Postage Increase and Mail Equipment Upgrade is a part of the DPA Common Policy increasing the Division of Youth Correction, (C) Community Program, S.B. 91-94 Program line.

PAROLE PROGRAM SERVICES

This line item was created in FY 1998-99 through the consolidation of several line items providing "wrap-around" services to parolees and pre-parolees. The funds are designed to assist in a successful transition from commitment to parole, and in successful completion of parole. In addition, some of the services, such as electronic monitoring, create conditions in the community that may make the Parole Board more comfortable with releasing a juvenile to parole sooner.

The DYC Parole Program Services is part of the DYC Regional service system⁵. Statewide parole services are administered through the four DYC Regions: Central (2nd, 18th, 1st, 5th Judicial Districts), Northeast (8th, 20th, 19th, 17th, 13th Judicial Districts), Southern (4th, 10th, 11th, 16th, 15th, 3rd, 12th Judicial Districts), and Western (14th, 9th, 21st, 7th, 22nd, 6th Judicial Districts). Juvenile Parole Officers are responsible for the supervision of committed youth released to parole⁶. An essential component of supervision is the development, implementation, and monitoring of a parole plan. The parole plan is consistent with the Discrete Care Plan developed by the case manager at the time of a youth's commitment, and establishes the residential and service continuum for the youth. Specifically, the parole plan outlines the goals and objectives for the youth during the period of parole. The Division is currently implementing the Colorado Juvenile Risk Assessment (CJRS) assessment tool for use with youth across the system, from commitment to parole. This instrument provides an assessment of youth criminogenic risk factors, and will be administered to all DYC youth at transition points. The Division is also striving to provide evidence-based programs and practice for paroled youth. These programs have been proven effective in addressing youth risk and increasing successful outcomes.

⁵ Section 19-2-209, C.R.S. (2008), establishes the Division of Juvenile Parole within the Department of Human Services.

⁶ Section 19-2-909, C.R.S. (2008) specifies that all youth committed to DYC must serve a mandatory parole period of six months.

Line Item Descriptions FY 10-11 BUDGET REQUEST

DYC Parole Officers provide direct services to the youth and their family, link youth with community service providers to assure that appropriate services and supervision are delivered, and collaborate with educators or employers to strengthen the youth's set of pro-social skills and abilities. The intent of parole is to facilitate the youth's effective transition from a residential to a community setting. As part of the parole plan, *parole program services* are used to serve youth who have been granted parole and require supportive services and specialized supervision to assist in their transition. All programs provide in-home or other community-based services designed to help youth successfully reintegrate with their families and the community. All programs emphasize supervision, and require youth to be accountable for their behavior at home, school and/or in their work environments. These services are an important component of parole supervision, and they can only be met by purchasing specific services to meet the individualized needs of the parolee (e.g., "wraparound" services). Specific parole program services include tracking services, day treatment and day reporting programs, and community-based services. Each of these contracted service types are described below:

- ❑ Tracking Services: Tracking services supplement the monitoring provided by the case manager/parole officer. Parole Officers may not be available, or their workload may not allow, the level of monitoring necessary to ensure that juveniles adhere to the conditions of parole and that public safety is not compromised. The tracker, an employee of a private provider, works flexible hours and is assigned to make direct contact with a juvenile at home, at school, and at work. Tracking is often combined with other surveillance tools (e.g., drug use testing, electronic monitoring or voice verification programs) to increase the level of supervision during critical periods where public safety may be at risk. As a result of the enhanced monitoring, problem behaviors can be recognized earlier, thereby enabling more timely interventions. Further, the use of tracking services helps the client to access community-based services and to follow-through on activities required in the parole plan. Tracking services are utilized in accordance with the risk of the parolee (as evidenced by their level of supervision⁷). In higher risk cases, tracking services may be required as a condition of release, and may be continued throughout the period of parole. Additional tracking services are not typically utilized with parolees who are succeeding on the lower levels of supervision⁸. Finally, there are instances where tracking services are utilized as an intermediate sanction in lieu of revocation. An example may be when a juvenile is not succeeding on supervision, but a revocation may not be altogether warranted. Additional monitoring may provide the needed structure for the youth to avoid more costly re-incarceration.

- ❑ Day Treatment or Day Reporting Programs: These programs enhance the level of supervision by requiring the parolee to attend sessions during the day and return home at night. For youth who are at greatest risk of re-offending, there are programs that provide "seven-days-a-week" supervision and offer "overnight" monitoring and contact. In addition to surveillance, these

⁷ As of July 2000, the Division has adopted a system of graduated levels of parole supervision. There are five (5) levels of supervision outlined: Intensive, High, Medium, Low and Administrative.

⁸ In practice, the Division does not authorize tracking for parolees on "Low" or "Administrative" level supervision.

Line Item Descriptions FY 10-11 BUDGET REQUEST

day treatment or day reporting programs provide youth with needed treatment or educational training. These types of programs have consistently proven to be effective in reducing future criminal behavior. Many of these day treatment or day reporting programs actively encourage families to maintain involvement in the supervision of their youth. Within this paradigm, families and communities are seen as assets and reaffirm the Division's commitment to "Restorative Justice" and community reintegration. Similar to the use of tracking services, day treatment or day reporting programs are utilized on a risk-need basis. These high-intensity services are reserved for those youth who have the greatest need or pose the most serious risk to public safety⁹.

- Community-Based Services: These services assist the parole officer with transitioning the committed youth back into the community. These types of programs are commonly required for those youth that either do not have a family, or cannot rely upon familial support. This group of youth is at particular risk because many fail on parole as a result of their inability to cope with the basic rigors of daily living. Many of these juveniles move to independent living and need support systems in finding housing, employment, school, and community services. Community-based Services offer holistic advocacy services that assist the youth with meeting their daily needs (examples of these services include Multisystemic Therapy, and substance abuse and mental health treatment). Similar to tracking services, community-based program staff work flexible schedules to be available to assist the youth at times of crisis or need.

FY 2008-09 Decision Item #3C - Functional Family Parole

\$250,000 total funding and 1.8 FTE were approved to fund the statewide expansion of the Functional Family Parole (FFP) program, which is currently being piloted in the DYC Central Region. The personal services and operating portions of the Decision Item were discussed previously. The FFP program is modeled on Functional Family Therapy (FFT), a structured, family-based intervention that uses a multi-step approach to enhancing protective factors and reducing risk factors in the family. This portion adds \$250,000 General Fund in the "Parole Program Services" line item to fund contract services. These funds would be used to bring in experts from Functional Family Therapy, Inc. (FFT, Inc.) to conduct a series of 2-day initial trainings for the client managers/parole officers and their supervisors who deliver parole services for DYC in the Division's other management regions (Northeast, Southern, and Western). The FFP program further requires initial training for supervisors, quarterly follow-up training for supervisors, quarterly advanced training for parole officers, and weekly phone consultation with FFP experts for groups of six to eight client managers/parole officers and their supervisors. The \$250,000 in funding would allow DYC to meet these requirements upon which use of the model is conditional.

⁹ Sustained placement on intensive stages of Day Treatment or Day Reporting Programs are paid by the State only to those parolees on "Intensive" and "High" levels of supervision.

Line Item Descriptions FY 10-11 BUDGET REQUEST

Source of Federal Funds

The source of federal funds is Title IV-E funding. Title IV-E provides assistance to states in paying a portion of the cost associated with maintaining certain youth in out-of-home placements. The youth must meet eligibility criteria based on family income and committing circumstances (best interests of the child and reasonable efforts to avoid out-of-home placement). The placement must be in a non-institutional, non-secure, community-based setting. Many of DYC's youth and placements meet the criteria.

The Division uses random moment sampling (RMS), a federally approved method of accounting for personal services time spent on Title IV-E eligible activities. Under RMS, an automated system calls client managers arbitrarily to determine what they are doing at that moment and for the preceding hour, and whether that activity qualifies for Title IV-E reimbursement. Then, based on the percentage of Title IV-E eligible youth in the system, the agency can claim the federal funds.

A description of the funding of the /Continuum of Care program (transferred from the Contract Placement Line is included in that line-item description. The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request:

JUVENILE SEX OFFENDER STAFF TRAINING

This line item was added through a supplemental appropriation in FY 2002-03 for the purpose of funding training costs for DYC staff. Pursuant to the provisions of H.B. 00-1317 (Tool / Anderson), the Sex Offender Management Board (SOMB) was required to develop standards for the evaluation and identification of juvenile sex offenders. The standards developed by the SOMB are founded on "best practices", which include an emphasis on "informed supervision". Implementing this concept involves a list of supervisory roles and duties for all individuals who have a direct care or custodial relationship with a juvenile sex offender, which includes facility staff, case managers, parents, teachers, coaches, etc. The Division estimates that, on average, approximately 250 youth in its custody either have been adjudicated for a sexual offense or have charges that include an underlying factual basis for a sexual offense. This estimate includes the population in residential treatment or under parole supervision.

H.B. 07-1093 (Concerning sexual conduct occurring in penal institutions) annualized in FY 2007-08 adding \$57,390 to this line item.

This bill directs the Department of Corrections (DOC) and the Division of Youth Corrections (DYC) in the Department of Human Services to develop policies and procedures regarding sexual assaults that occur in facilities they are responsible for. These policies are to:

Line Item Descriptions FY 10-11 BUDGET REQUEST

- Require disciplinary action for employees who fail to report incidences of sexual assault to the inspector general
- Require the inspector general, after completing an investigation for sexual assault, to submit the findings to the district attorney with jurisdiction over the facility in which the alleged sexual assault occurred
- Prohibit retaliation and disincentives for reporting sexual assaults;
- Provide reasonable measures to ensure the safety of sexual assault victims;
- Ensure the confidentiality of prison rape complaints and the protection of inmates who make such complaints
- Provide acute trauma care for sexual assault victims, including but not limited to treatment of injuries, HIV/AIDS prophylactic measures, and testing for sexually transmitted diseases;
- Provide, at intake and periodically thereafter, information on sexual assault prevention, treatment, and counseling
- Provide sexual-assault-specific training to staff regarding treatment and methods of prevention and investigation;
- Provide confidential mental health counseling; monitor victims of sexual assault for suicide impulses, post-traumatic stress disorder, depression, and other mental health consequences resulting from the sexual assault; and
- Require termination of an employee who engages in a sexual assault on or sexual conduct with an inmate.

The bill also requires that persons investigating sexual assaults in penal institutions be trained in sex crimes investigation. Finally, the bill requires the DOC and the NYC to keep data related to sexual assaults and provide an annual report to the Judiciary Committees of the General Assembly.

The following is a history of the appropriation from the FY 2006-07 appropriation in HB 06-1385 (Long Bill) to the current request. FY 2010-11 is a continuation request:

Description / Source of Appropriation	Amount
