## COLORADO

Office of Children,  
Youth & Families

Division of Youth Corrections  
Charles Parkins, Director

The Colorado Department of Human Services, Office of Children, Youth, and Families, Division of Youth Corrections (DYC) is pleased to release the **FY 2013-14 Management Reference Manual**.

This manual is designed to answer many of the data inquiries that are commonly asked of the Division. The manual is arranged by youth population (i.e., *Senate Bill 91-94, Detention, Commitment, and Parole*) and provides annual trend data over several years. In addition to traditional demographic information, this manual attempts to provide a more comprehensive description of the kinds of youth of served by the Division. Youth measures such as criminogenic risk, history of delinquency, and behavioral health treatment needs assist the Division to better understand how our evolving youth population impacts system measures such as *Length of Service (LOS), Average Daily Population (ADP), and Recidivism*.

As an overview, the Division continues to evidence declines in youth population. For example, the detention and commitment populations demonstrated declines in ADP of 5.5% and 6.3% compared to the previous fiscal year, respectively, and represent the 8<sup>th</sup> straight year of decline for both populations. The ADP for the parole population similarly declined by 15.9%, the 4<sup>th</sup> straight year of decline for these youth. Declines in these populations mirror national juvenile justice trends (Hockenberry et al. 2013).

Other important highlights include:

- The majority of youth detained had warrants or remands (46.8%) or were pre-adjudicated for an offense (37%). The remainder were detained as a result of detention sentences (10.1%), probation violations (4.6%), other holds (1.2%), or were DYC committed youth with new charges (0.3%).
- Despite the declines in youth populations, the acuity and complexity of these youth and their treatment service needs continue to change. Based upon a five-year Colorado Juvenile Risk Assessment (CJRA) trend analyses, youth are scoring higher in risk on the Mental Health (current) (14.7%) and Aggression (9.4%) CJRA domains. This indicates that newly committed youth are struggling more with mental health and aggression as risk factors for recidivism than at any time in the previous 5 years.
- The recidivism rate for committed youth in Colorado continues to be among the most rigorously studied in the nation, measuring recidivism for 3 years post-discharge. Although the recidivism rate did show an increase over last year's findings, multi-year trend data still demonstrates that recidivism rates appear to be declining modestly, suggesting an increased level of performance for the Division on this measure.

Thank you for your interest in the Division of Youth Corrections. Additional information is available on the Division's web site at <http://www.colorado.gov/cdhs/dyc>.

Sincerely,

Charles Parkins  
Director, Division of Youth Corrections

## DETENTION POPULATION TRENDS

### 10 Year Detention Trends

Fiscal Year	Clients Served <sup>1</sup>	Percentage Change +/-	New Admits	Percentage Change +/-	ADP	Percentage Change +/-	LOS (Days)	Percentage Change +/-
2004-05	7,252	-0.5%	10,970	-1.6%	402.0	1.5%	13.1	2.3%
2005-06	7,215	-0.5%	10,698	-2.5%	426.3	6.0%	14.1	7.6%
2006-07	7,195	-0.3%	10,591	-1.0%	414.9	-2.7%	14	-0.7%
2007-08	6,589	-8.4%	10,792	1.9%	408.8	-1.5%	13.7	-2.1%
2008-09	6,409	-2.7%	10,295	-4.6%	398.7	-2.5%	13.9	1.4%
2009-10	5,765	-10.0%	9,102	-11.6%	363.1	-8.9%	14.2	2.0%
2010-11	5,226	-9.3%	8,435	-7.3%	352.6	-2.9%	15.3	8.0%
2011-12	4,766	-8.8%	7,751	-8.1%	316.8	-10.2%	14.7	-4.2%
2012-13	4,401	-7.7%	7,324	-5.5%	307.6	-2.9%	15.1	3.3%
2013-14	4,013	-8.8%	6,783	-7.4%	290.6	-5.5%	15.4	1.8%

Fiscal Year 2013-14 was the first full year of detention operation under the new statewide cap of 382 youth that went into effect on April 1, 2013. Detention ADP follows an eight year decline, with a decrease of 5.5% from the previous year. The average length of stay (LOS) for youth in detention increased from 15.1 days to 15.4 days, which is slightly higher than the ten year average of 14.3 days. The number of clients served followed an 11-year trend of decline, with a decline of 8.8% from FY 2012-13. The number of new admissions also decreased by 7.4% in FY 2013-14, marking a 28-year low. Ninety-seven percent (97.5%) of detained youth were held in State-Operated facilities. Since the original detention cap of 479 was implemented, there has been a continuing pattern of decreased reliance on Privately-Operated placements. Only 2.5% of this year's ADP was detained in a contracted secure or staff-secure facility.

<sup>1</sup>Clients served counts are unduplicated.

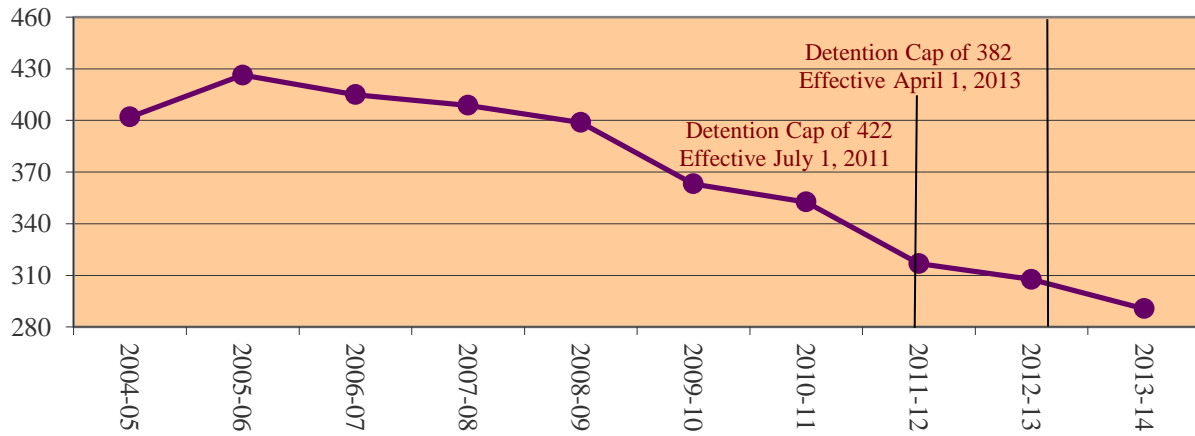

# DETENTION POPULATION TRENDS

**FY 2004-05 Through FY 2013-14**

### Trends in Detention Admissions

### Trends in Detention ADP

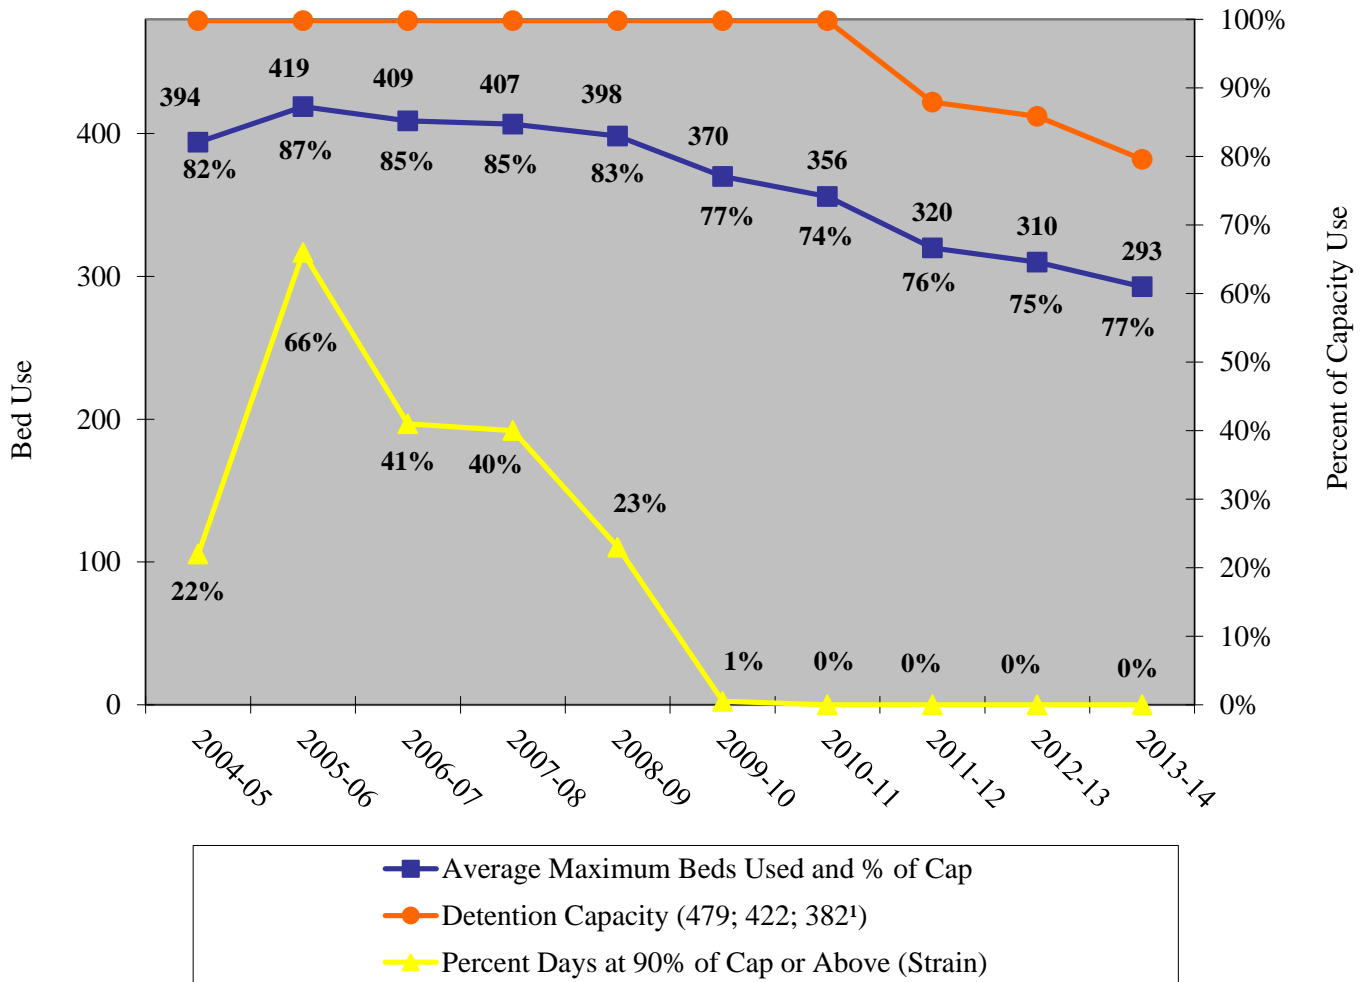

### Trends in Detention LOS (Days)

# DETENTION POPULATION TRENDS

FY 2004-05 Through FY 2013-14

## AVERAGE MAXIMUM BED USAGE AND CAPACITY STRAIN TRENDS

Maximum Bed Usage represents the maximum number of youth in detention at any given point during the day. The graph above illustrates that during FY 2013-14, on average, the state was operating at a maximum daily count of 293 youth. This represents 77% of the weighted capacity limits. In FY 2005-06, this figure reached 87% of capacity with an average maximum of 419 youth in detention on any given day (with a capacity of 479).

The percent of days when maximum beds used was at or above 90% of the statewide capacity is used as a measure of statewide capacity "strain" involved in managing the daily use of detention beds. For the fourth year in a row, DYC *did not* operate at 90% of capacity (or above) on any day in FY 2013-14. This is the 8<sup>th</sup> year of declining strain, after peaking 8 years prior in FY 2005-06, when the Division operated at or above 90% of the 479 capacity 66% of the time.

<sup>1</sup>Effective April 1, 2013

<sup>1</sup>CJRAs are considered valid if they are administered within 14 days of the admit date.

<sup>2</sup>High risk for recidivism on the Colorado Juvenile Risk Assessment (CJRA) Pre-Screen instrument; excludes missing data (missing = 12% statewide).

<sup>3</sup>DYC measures ADP by judicial district based on a maximum of three reasons detained per client. The "other" ADP comes from clients who exceed three reasons detained.

2009-10	2,404	-4.3%	743	-2.2%	1,171.6	-4.7%	18.9	-0.4%
2010-11	2,215	-7.9%	646	-13.1%	1,041.3	-11.1%	18.2	-3.8%
2011-12	1,960	-11.5%	533	-17.5%	983.1	-5.6%	18.3	0.6%
2012-13	1,786	-8.9%	488	-8.4%	851.0	-13.4%	19.2	4.6%
2013-14	1,612	-9.7%	474	-2.9%	797.6	-6.3%	19.3	0.7%

During FY 2013-14, the committed population experienced declines in most areas. Commitment ADP decreased by 6.3% to an ADP of 797.6. The number of clients served decreased by 10%, which marked the 8<sup>th</sup> consecutive year of decline in unique youth served. The number of new commitments also decreased in FY 2013-14 with a decline of almost 3% to 474. New commitment figures have not been this low since FY 1988-89. Commitment length of service (LOS) for youth that discharged during FY 2013-14 was 19.3 months, which is similar to the FY 2012-13 LOS of 19.2.

In their December 2014 forecast estimates, Legislative Council Staff (LCS) projected that DYC's commitment population will continue to decline over the next three fiscal years, reaching 713 ADP by FY 2016-17. Similarly, population projections released in December 2014 by the Division of Criminal Justice (DCJ) also indicate a decline in DYC commitment levels, reaching 662.5 ADP by the end of FY 2016-17.

<sup>1</sup>Clients Served is an unduplicated count.

<sup>2</sup>Commitment ADP includes secure, staff-supervised, and community based residential treatment programs.

Average Age at First Adjudication:	14.5		14.1		14.7		14.9		14.4		15.0	

<sup>1</sup>Refers to running away from a secure or nonsecure placement as well as from home during the 12 months prior to commitment.

<sup>2</sup>Substance abuse history and treatment needs are assessed within one month of commitment. Youth with minimal substance abuse history and/or treatment needs are identified for prevention services whereas those reporting the greatest history of abuse and treatment needs are targeted for substance abuse treatment services.

<sup>3</sup>Colorado Client Assessment Record used to assess mental health needs within one month of commitment. Percentages are based on total New Commitment CCARs given and do not include missing data (based on valid percents).

<sup>1</sup>Refers to running away from a secure or nonsecure placement as well as from home during the 12 months prior to commitment.

<sup>2</sup>Substance abuse history and treatment needs are assessed within one month of commitment. Youth with minimal substance abuse history and/or treatment needs are identified for prevention services whereas those reporting the greatest history of abuse and treatment needs are targeted for substance abuse treatment services.

<sup>3</sup>Colorado Client Assessment Record used to assess mental health needs within one month of commitment. Percentages are based on Total Commitment ADP of CCARs given at time of assessment.

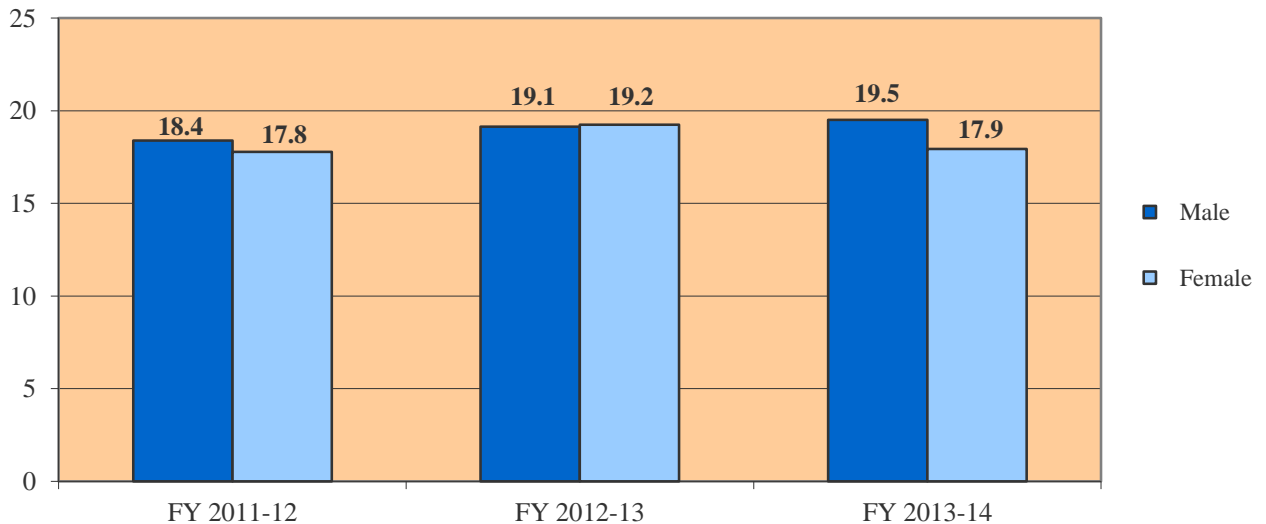

<sup>4</sup>According to Sex Offender Management Board (SOMB) Standards.

## PAROLE POPULATION TRENDS

### 10 Year Parole Trends

Fiscal Year	Clients Served <sup>1</sup>	Percentage Change +/-	New Intakes	Percentage Change +/-	ADP	Percentage Change +/-	LOS (Months)	Percentage Change +/-
2004-05	1,596	7.3%	889	0	490.3	-8.5%	7.1	-11.3%
2005-06	1,863	16.7%	898	1.0%	508.7	3.8%	6.4	-9.9%
2006-07	1,908	2.4%	938	4.5%	522.6	2.7%	6.8	6.2%
2007-08	1,431	-25.0%	880	-6.2%	509.4	-2.5%	6.7	-1.5%
2008-09	1,270	-11.3%	740	-15.9%	436.6	-14.3%	6.6	-1.5%
2009-10	1,270	0.0%	799	8.0%	446.9	2.4%	6.7	1.8%
2010-11	1,173	-7.6%	712	-10.9%	418.0	-6.5%	6.7	-0.4%
2011-12	1,056	-10.0%	617	-13.3%	363.0	-13.1%	7.0	3.9%
2012-13	958	-9.3%	532	-13.8%	334.4	-7.9%	6.7	-3.2%
2013-14	803	-16.2%	478	-10.2%	281.3	-15.9%	7.0	3.9%

During Fiscal Year 2013-14, the parole population experienced decreases across several areas, and marked the fourth straight year of population declines. The number of clients served decreased by 16.2%, the number of new intakes decreased by 10.2%, and the average daily population also decreased by 15.9%. Length of Service (LOS) increased by 3.9%, approximately nine days longer than the prior fiscal year's Parole LOS of 6.7 months.

Fiscal Year 2013-14 was the tenth full year following the implementation of Senate Bill 03-284, which shortened the mandatory parole length from nine to six months, effective May 1, 2003. Since the passage of SB 03-284, parole LOS has continued to slightly exceed the mandatory parole period of six months. For high risk youth, the Parole Board has the statutory authority to extend parole for 90 days if determined to be “within the best interest of the juvenile and the public to do so”, or for an additional 15 months if there is a “finding of special circumstances” for youth adjudicated for certain offenses (e.g., violent offense, sex offenses, etc.). A decline in parole LOS was anticipated as a result of the legislation that reduced mandatory parole LOS from nine to six months, and this decline did occur the first two years following implementation. Overall, parole LOS has remained stable for the past eight years, ranging from 6.6 months to 7.0 months.

<sup>1</sup>Clients served counts are unduplicated.

**Program Status At Discharge by Fiscal Year**

<sup>1</sup>New Program Status categories were created in FY 2012-13 ("N/A" is indicated for prior years, before this detailed data was available).

<sup>2</sup>Youth may discharge directly to adult corrections or directly from a DYC facility or program prior to parole being granted.

<sup>3</sup>School data includes Vocational Training, starting FY 12-13.

<sup>4</sup>Community Service data inclusion began FY 12-13.

<sup>1</sup>Regional totals reported here may differ slightly from those in the Annual SB94 Report due to the definition of Region. Region is defined here by active client caseloads (i.e., the region in which the client was served). When reporting information by Judicial District (JD), region is defined by the JD in which the client was committed, and subsequently, are a sum of their respective judicial districts.

<sup>2</sup>Actual counts and LOS for each age category correspond to age at commitment. ADP figures for each age category are based on the youth's age on the last day of the fiscal year.

## RECIDIVISM TRENDS

Post-Discharge Recidivism Rates FY 2005-06 through FY 2012-13

The most current DYC recidivism rates, reported in this manual, are associated with youth who discharged in FY 2012-13. These rates were initially published in the Division's annual Recidivism Report, released February 20, 2015. This time lag allows the Division to track all youth, following their discharge (post-discharge), for a period of one year before reporting out recidivism rates. This trend graph shows that recidivism rates have ranged from 15.8% (FY 2010-11) to 35.3% (FY 2005-06).

When compared to other states that measure juvenile recidivism in a similar fashion (new adjudication or conviction for a felony or misdemeanor offense), Maryland (19%), Louisiana (21%), Maine (24%), Idaho (30%), and Colorado (31%) have the lowest one-year recidivism rates in the nation.

## Glossary of Terms Used

**Disclaimer:** *These definitions are provided for quick reference purposes only. Please refer to the Colorado Revised Statutes for more complete definitions of legal categories and conditions.*

**Adjudication** – The result of an adjudicatory hearing in which the court determines that it has been proven beyond a reasonable doubt that a juvenile has committed a delinquent act, or that a juvenile has pled guilty to committing a delinquent act.

**Aggravated Offender (Sentence Type)** – see *Sentencing Special Offenders*.

**Assessment** - Youth committed to DYC are assessed to determine a youth's classification and risk level, as well as needs for appropriate services, placement and program referral.

**Average Daily Population (ADP)** - The average number of youth present in a facility or program during the reporting period.

**Colorado Client Assessment Record (CCAR)** - An assessment tool used to evaluate mental health treatment needs.

**Colorado Juvenile Risk Assessment (CJRA)** - An assessment tool used to determine risk of recidivism. The comprehensive, empirically validated risk assessment allows the Division to identify and respond to the criminogenic factors directly contributing to youth offending behavior.

**Clients Served: Commitment & Parole** - The total number of youth served in a particular program during the reporting period. Total clients served in a given category (e.g. secure or staff-supervised) represent unduplicated counts of clients served in those categories. Since youth can be served in more than one type of program in the course of a year, the total clients served in a particular category will not equal the sum of the clients served in each program.

**Clients Served: Detention** - The total number of youth served in a particular program during the reporting period. Total clients served in a facility or program (e.g. Adams YSC) represents unduplicated counts of clients served in those facilities. Since the same youth can have multiple admissions to detention and be served in more than one particular facility in the course of a year, the total clients served in all facilities will not equal the sum of the clients served in each facility.

**Commitment** - Commitments are dispositions of juvenile cases resulting in the transfer of legal custody to the Department of Human Services by the court as a result of an adjudicatory hearing on charges of delinquent acts committed by the youth.

***Commitment Sentence Type*** - Juveniles who have been adjudicated delinquent and committed to the Division of Youth Corrections can be given either non-mandatory or mandatory sentences. Mandatory sentences require that a youth spend a specified minimum amount of time in out-of-home placement and can include repeat and violent offenders. Juveniles can also be sentenced as aggravated offenders (Section 19-2-601, C.R.S.).

***Community Residential Placement*** – DYC contracts with a number of private vendors to provide community-based programs to youth presenting the lowest risk of re-offending and youth transitioning from more secure programs.

***Detention*** - The custodial status of youth who are being confined or supervised after arrest or while awaiting the completion of judicial proceedings. Detention youth are served in secure state-operated or staff-secure (privately-operated) facilities. Some detention youth are served in non-residential, community-based supervision programs.

***Detention Admission*** - Each admission to detention for temporary custody of youth is tracked independently. In contrast to unduplicated counts of clients served in detention, one youth can have multiple admissions for a single incident. For example, if a youth is admitted to detention on a pretrial basis (preadjudicated) and released, a later sentencing to detention on the original charge would count as a separate admission, even though it is the same youth and the same incident. Likewise, if the youth serves the sentence on weekends, each weekend admission counts as a separate admission.

***Detention Capacity Strain*** – Percentage of days where detention bed usage is at or above 90% of capacity.

***Detention Maximum Bed Usage*** – Represents the maximum number of youth in detention at any given point during the day.

***Detention Screen*** - Refers to Colorado SB94 Juvenile Detention Screening and Assessment Guide (JDSAG), which is a screening guide designed to enhance consistency in the detention screening process.

***Detention Sentence*** - The court imposed sanction of confinement to a detention facility as a disposition of a delinquency adjudication. Major sentence types include probation sentences, traffic sentences, handgun sentences, municipal sentences, game and fish sentences, contempt sentences, and non-probation sentences for a delinquent act.

***Discharge*** - Time at which youth have completed their commitment and are no longer under the supervision and custody of the Division; most often directly following the completion of the parole period.

***Initial Commitment Classification Instrument (ICCI)*** - An objective commitment classification instrument is administered during assessment to guide the placement decisions concerning the type of commitment program most suitable for individual youth given the severity of their commitment offense coupled with the risk of re-offending.

***Interstate Compact on Juveniles (ICJ)*** - A cooperative program amongst states and jurisdictions that provides for the uniform interstate supervision of juveniles on probation or parole.

***Length of Service (LOS): Commitment*** - All commitment LOS figures are measured in months and are calculated for those discharged youth who spent time in the program for which LOS is reported (e.g., assessment, secure, staff secure, and community programs) prior to parole.

***Length of Service (LOS): Parole*** - The amount of time spent on parole status. Parole LOS is measured in months and is based on discharged youth.

***Length of Service (LOS): Commitment & Parole*** - The average amount of time in DYC custody (sentence start date to discharge date including parole) for all youth discharged from DYC during the reporting period, not including escape time.

***Length of Stay (LOS): Detention*** - The amount of time spent in a detention facility or program during the time period. All detention LOS figures are measured in days and are based on released youth.

***Mandatory Sentence Offender***- See *Sentencing Special Offenders*.

***Municipal Sentence*** - Detention sentence imposed by a municipal court for violation of municipal ordinances.

***New Commitment*** - Commitment of youth who were not previously committed, or who were previously committed but had been discharged from DYC.

***Non-Mandatory Sentences*** - These sanctions involve no minimum out-of-home sentence length. The maximum sentence length cannot exceed 24 months. The Juvenile Parole Board determines release from commitment to parole status.

***Other Residential*** – Placements include Job Corps, Group Homes, Hospitalization, etc.

***Parole*** - The status of an offender conditionally released from a residential setting by discretion of the Juvenile Parole Board. Colorado juvenile offenders have a mandatory minimum parole length of 6 months. While on parole a youth is placed under the supervision of a parole officer and is required to observe conditions of release set by the parole officer and the Juvenile Parole Board.

***Parole Revocation*** - The administrative action of the Juvenile Parole Board, which removes a youth from parole status in response to a violation of lawfully required conditions of parole, including the prohibition against commission of a new offense.

***Parole Suspension*** - The administrative action of the Juvenile Parole Board, which removes a youth from parole status in response to a violation of lawfully required conditions of parole, including the prohibition against commission of a new offense. Reconsideration of parole must occur within 90 days on a date determined by the Juvenile Parole Board.

***Parole Violation*** – Actions by a parolee that do not conform to the conditions of parole.

***Preadjudicated*** - The legal status of youth pending delinquency adjudication decisions. Often these youth are referred to as pre-trial youth since they are generally admitted to detention pending some court action. This category also includes youth who are serving a sentence, such as probation, on a prior delinquency adjudication and who are in detention pending a new court action.

***Prior Adjudications*** - Adjudications that occurred prior to the current detention or commitment event.

***Prior Out-of-home Placements*** - Placements in Social Services or DYC residential programs or other treatment programs prior to the current commitment sentence.

***Recidivism*** – An adjudication or conviction for a new felony or misdemeanor offense that occurred within one, two, or three years following discharge from the Division of Youth Corrections.

***Repeat Offender*** - see *Sentencing Special Offenders*.

***Regional Management Structure*** - Decentralized DYC management structure comprised of four geographic regions in the state.

***Residential Programs*** - Programs that provide 24-hour care.

***Secure Residential Facility*** – A facility with physical security features such as locked doors, sally-ports, and correctional fencing.

***Sentencing Special Offenders*** (see Section 19-2-908, C.R.S.)

- a. ***Mandatory Sentence Offender*** – These sanctions specify a minimum time period of up to 24 months or less during which a youth must be in an out-of-home placement.
- b. ***Repeat Offender (Sentence Type)*** - A 'repeat' sentence type can be imposed on a juvenile who has been previously adjudicated a juvenile delinquent, and is adjudicated a juvenile delinquent for a delinquent act that constitutes a felony, or if his or her probation is revoked for a delinquent act that constitutes a felony. The court may or may not designate a minimum sentence length.
- c. ***Violent Offender (Sentence Type)*** - A juvenile may be sentenced as a violent offender if he or she is adjudicated a juvenile delinquent for a delinquent act that constitutes a crime of violence as defined in Section 16-11-309(2), Colorado Revised Statutes.
- d. ***Aggravated Offender (Sentence Type)*** – These sanctions specify a time period of three to seven years, during which time a youth must remain in the custody of the Department of Human Services. Contingent upon court approval, youth may be eligible for non-secure placement, parole, or transfer to the Department of Corrections (adult corrections).

***Staff-Supervised Residential Facility*** – Privately owned and operated, staff-supervised facilities provide 24-hour line of sight supervision of youth.

***State Owned / Privately Operated Programs*** - Detention or commitment programs which are administered by contract service providers in DYC owned facilities.

***State Owned / State Operated Programs*** - Detention or commitment programs which are administered by NYC employees in NYC owned facilities.

***Violent Offender (Sentence Type)*** – see *Sentencing Special Offenders*.
