## FY 2020-2021

# MONTHLY POPULATION REPORT

---

Prepared by the Division of Youth Services (DYS)  
Data Management and Analysis  
March 23rd

\* Following the initial announcement of positive cases of COVID-19 in Colorado on March 5th, data presented in this report largely reflect COVID-19 response and Executive Order (EO) compliance across the detained, committed, and paroled populations. The statewide detention bed availability was temporarily reduced to 200 effective April 21, 2020 COB; DYS plans to return to official allocations (327) and bed borrowing practices upon expiration of the EO. Due to the temporary nature of the reduction, official detention bed allocations continue to be utilized within this report. Commitment population reductions and Parole population increases are a direct result of the Division's EO response, releasing an unprecedented number of youth from residential placement to parole.
