# ANNUAL REPORT

OF THE

## Colorado Soldiers' and Sailors' Home.

---

Soldiers' and Sailors' Home,  
Monte Vista, Colorado, December 9, 1898.

His Excellency,  
HON. ALVA ADAMS,  
Governor of Colorado:

Sir—I have the honor to submit herewith the annual report of the Soldiers' and Sailors' Home for the fiscal year ending November 30, 1898.

The membership of the board of commissioners has been changed since last report, by the resignation of George H. Adams, president, and by the retiring of U. S. Hollister, ex officio member of the board; leaving the board at the present time, as follows:

T. C. Graden, vice president, Durango.  
A. M. Sawyer, treasurer, Boulder.  
J. D. Lewis, secretary, Monte Vista.  
W. T. S. May, ex officio commissioner, Denver.

It appears by the report of the Commander, that the average number present, during the past year, has not been materially changed, the figures being one hundred and twenty for 1897 and one hundred and twenty-one for 1898.

The anticipated shortage in our state appropriation which was predicted by our state auditor, in May last, is responsible for this small increase, and not the number of applicants, as the Commander was instructed to admit no new members and to reduce the membership of the Home as much as possible. It

was ascertained, however, about October 1, that the appropriation would be paid in full and orders were given to admit the most needy applicants.

I wish to call your attention to the quartermaster's report, which shows a great reduction in the cost of clothing, and as compared with reports from other Homes, is a very favorable showing.

No permanent improvements have been made during the year, and the figures given last year for the permanent improvements are repeated, viz.: \$52,144.80.

A total of twenty thousand dollars insurance is carried on the buildings, equally divided between the Royal, the German-American and Hartford, which policies are on file with the secretary of state.

The necessities of the Home for the next two years depend, in a great measure, upon the action of the incoming legislature; should the Home be removed to some other location, a much larger expenditure of money would evidently be necessary; but as this report is made under existing conditions, my recommendations presume a continuance of these conditions. We should have an appropriation of not less than twenty-five thousand dollars for permanent improvements, to be expended in enlarging the hospital and putting in a heating and lighting plant. With such increased capacity in our hospital, we could increase our population, and would need at least fifty thousand dollars, for maintenance, from the state, which, with the amount received from the United States government, would provide for a total membership of two hundred men.

The removal of the Home is a question we do not wish to discuss, but we do insist that, for the good of the institution, this question should be finally settled this winter.

The demands for accommodations at the Home are steadily increasing; many who, though broken in health, have been able to care for themselves since the war closed, will soon have to surrender and will necessarily become a burden upon the counties in which they live, unless an increased capacity of the Home is speedily provided. Whatever is done for these our unfortunate comrades, must be done quickly, ere the bugle sound of "Lights, out" shall make it possible to say of him: "He was an old soldier but died in want."

Very respectfully,

T. C. GRADEN,  
Vice President.

## Report of the Board Secretary

For the Year ending November 30, 1898.

---

Soldiers' and Sailors' Home,  
Monte Vista, Colorado, December 9, 1898.

To the Board of Commissioners, Colorado Soldiers' and Sailors'  
Home:

Gentlemen—I have the honor to submit herewith my report as secretary of the board, for the fiscal year ending November 30, 1898, and in doing so, will invite your attention to the reports of the officers of the Home, which show the condition of the Home so fully that anything I might say would be superfluous.

From my personal observation, being a resident of Monte Vista, and having visited the Home often, I find that the members generally are contented and appreciate the comforts they enjoy.

The board has held six meetings during the year, two at the Home and four in Denver. There seems to be no reason for holding meetings any oftener than this, and saving in commissioners' expenses thus, has been in line with the policy of economy which was adopted by the board two years ago.

Very respectfully yours,

J. D. LEWIS,  
Secretary of the Board.

## Commander's Report

For the Fiscal Year ending November 30, 1898.

---

Soldiers' and Sailors' Home,  
Monte Vista, Colorado, December 9, 1898.

HON. T. C. GRADEN,

Vice President Soldiers' and Sailors' Home Commission,  
Durango, Colorado:

Dear Sir—I have the honor to submit herewith my fourth annual report as Commander of this Home, together with the reports of the adjutant and quartermaster. The reports of these officers are so full in detail, that very little is left for me to say, and I call your attention to them, believing the information therein contained sufficient to show the condition of the Home. I shall therefore confine my report to what I consider its immediate necessities. And first of all, is an increased capacity of the hospital. The very cases which are the most pressing on account of the physical condition of the applicant, are the very ones we are least prepared to take care of. We are receiving applications every day from old soldiers, or their friends, who, if admitted, would come as hospital patients, and with every bed in the hospital occupied, what is to become of members of the Home who at present are able to be around, should they be taken suddenly ill? Or what a serious condition would exist if we should be afflicted with an epidemic. Some steps should be taken at once to increase our hospital capacity, without waiting for the action of the legislature on the removal question.

The discipline of the Home has been much better for the past year than for the years preceding, and there have been very few cases of infraction of the rules. I cannot refrain from

commending the faithful and efficient work of the adjutant, Captain Samuel West, and of the quartermaster, Lieutenant H. W. Green, who have labored faithfully for the good name and continued success of the Home. To Dr. Packard is due the thanks of all who are interested in the physical condition of the members of the Home, as he has sought diligently to secure the best results, in every case which has been submitted to his care. Were I to mention in this report all who are deserving of thanks, it would include the entire membership of the Home, together with a host of loyal men and women all over the state, therefore I will only say that their efforts, one and all, to make the Home a "home" indeed, have been appreciated. Hoping that the pleasant relations which have existed between your board and myself may continue, I am,

Very respectfully yours,

S. M. FRENCH,  
Commander.

## Adjutant's and Accountant's Report

For the Fiscal Year ending November 30, 1898.

---

Soldiers' and Sailors' Home,  
Monte Vista, Colorado, December 9, 1898.

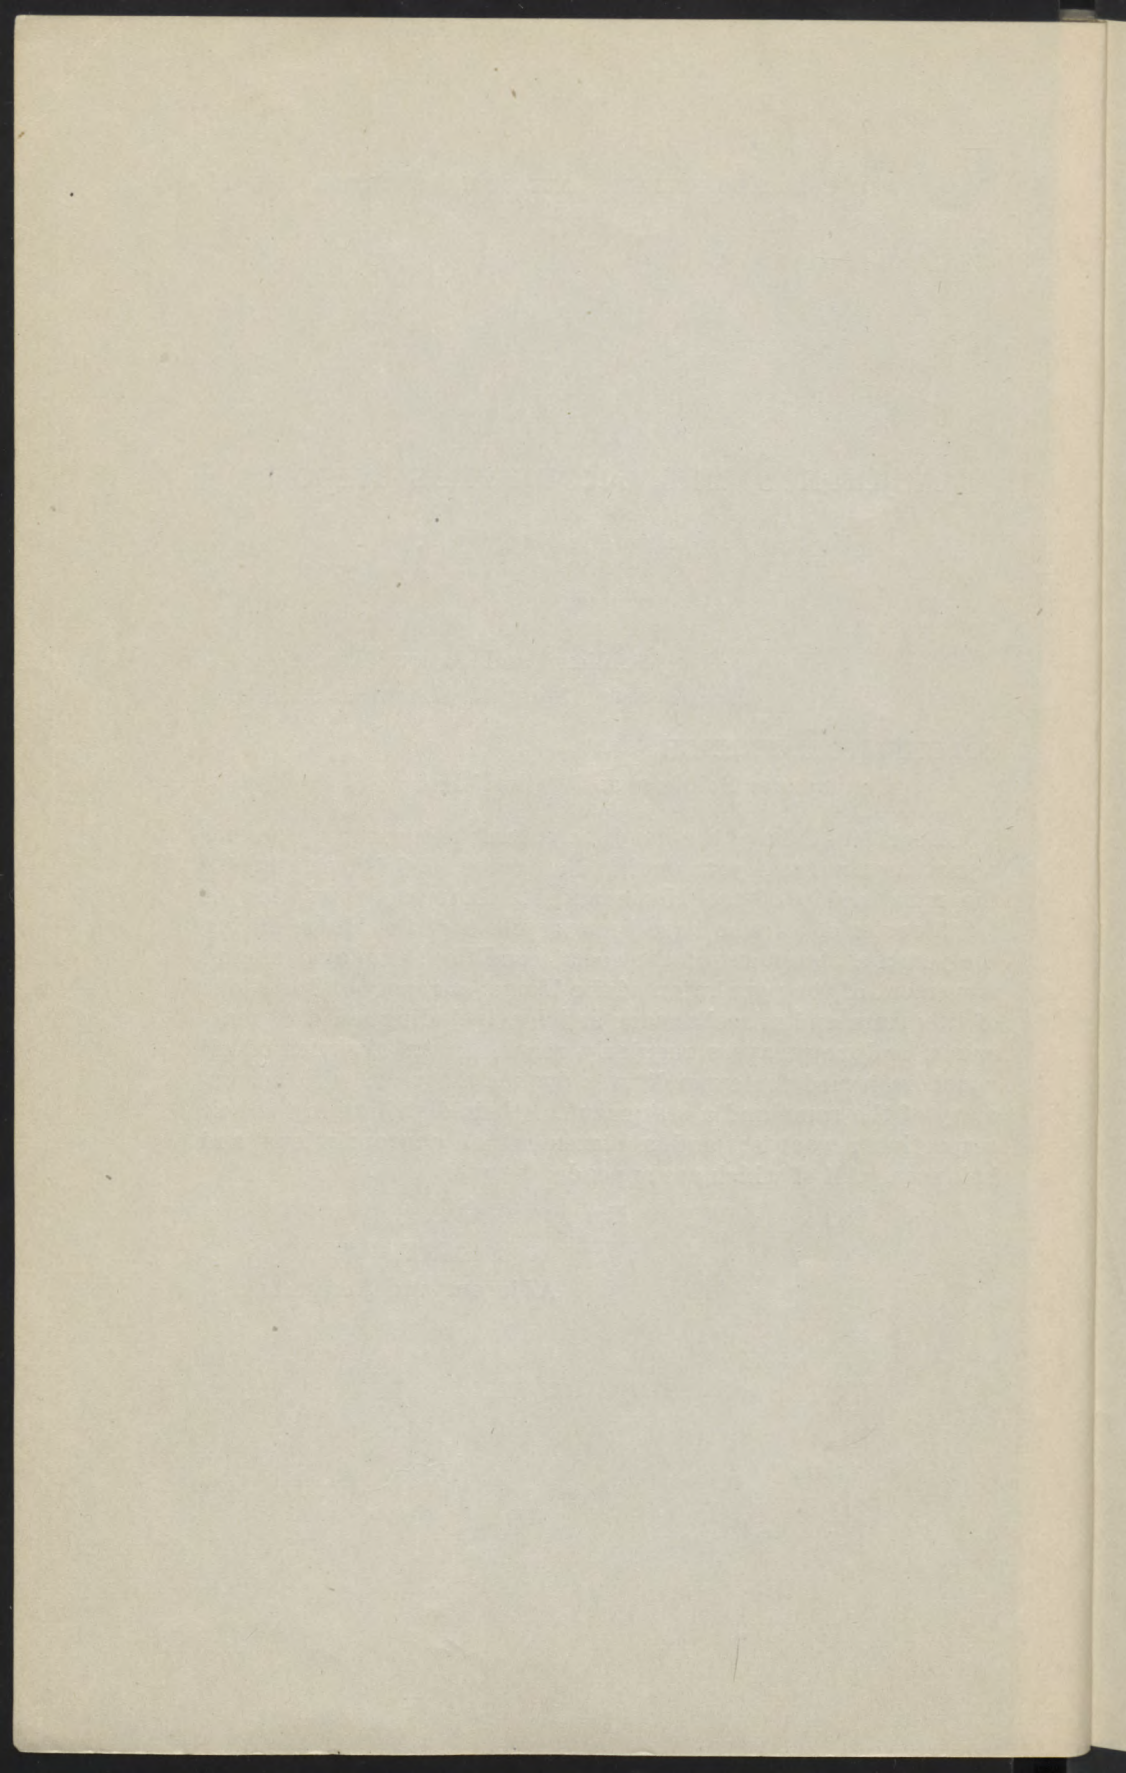

COLONEL S. M. FRENCH,

Commander Soldiers' and Sailors' Home:

Dear Sir—I have the honor to submit herewith, my annual report for the fiscal year ending November 30, 1898, relating to the membership of the Home and its finances; consisting of a full roster of all who have been members of the Home during the year; a statement of the social condition, employment and movement of the population of the Home; a report of donations of literature and miscellaneous articles, including a list of magazines and newspapers regularly received; an abstract of all vouchers issued for expenditures during the year, with a summary of the same and a statement of their distribution to their respective accounts; and a statement of appropriations and balances. All of which are appended hereto.

Respectfully,

SAMUEL WEST,  
Adjutant and Accountant.

## Report of the Home Physician

For the Year Ending November 30, 1898.

Soldiers' and Sailors' Home,  
Monte Vista, Colorado, November 30, 1898.

HON. T. C. GRADEN,

Vice President Soldiers' and Sailors' Home Commission:

Sir—I take pleasure in presenting you with my seventh annual report of the medical department of the Home, for the fiscal year ending November 30, 1898, which is as follows:

Number treated in the hospital during the year, counting one man but once	75
Number treated at sick call, counting one man but once.....	146
Total .....	221
Number of deaths during the year.....	9
Average age at death.....	61.66
Total number cared for in the Home during year.....	206
Average of membership.....	60.97
Ratio of deaths per 1,000, for whole number treated in hospital and at sick call .....	40.72
Total attendance at sick call.....	546
Number of prescriptions compounded at sick call and in the hospital.....	2,649
Number totally insane and sent to State Insane Asylum.....	2
Number impaired cerebration (not classed as insane).....	14
Number totally blind.....	2
Number totally deaf.....	1

The following is the death record for the year:

Henry Stewart, admitted November 22, 1897, suffering from a compound comminuted fracture of the right leg, below the knee. On November 25, I called in Dr. J. A. Gale, of Alamosa, and after a careful examination, amputation was decided upon as being the only means of saving his life, because of the extensive sloughing which had already begun. Amputation was performed that day, and on December 6, tetanus began to develop, from which he died December 9, 1897, aged 52 years.

Adelbert Aldrich, admitted February 27, 1892; died February 12, 1898; cause of death, consumption; age, 70 years.

William Marlott, admitted April 21, 1898; died May 2, 1898; cause of death, dropsy, due to disease of the heart; age, 62 years.

Henry A. Coleman, admitted November 24, 1897; died May 20, 1898; cause of death, dropsy; age, 66 years.

Benjamin Jones, admitted May 30, 1896; died June 9, 1898; cause of death, cerebral softening; age, 68 years.

John Coughlin, admitted August 24, 1897; died August 25, 1898; cause of death, carcinoma of bowels; age, 65 years.

Austin M. Atherton, admitted to Home and taken into the hospital for treatment, August 22, 1894; died September 28, 1898; cause of death, cerebral softening; age, 61 years.

George W. Sheirbon, admitted November 3, 1898, and taken into the hospital for treatment. He was totally blind and completely paralyzed. Died November 22, 1898; cause of death, cerebral softening; age, 61 years.

Charles M. Mauck, admitted October 16, 1898; died November 27, 1898; cause of death, general paresis; age, 50 years.

Considering their age, their general disabilities and infirmities of the membership of the Home, I am gratified in calling your attention to the small percentage of deaths. I can account for it by saying that the hygienic surroundings of the Home are as nearly perfect as can be. While touching on the hygiene of the Home, I wish to call your attention to the fact that since this institution has been opened there has not been a single case of typhoid fever; and while there have been epidemics of the so-called la grippe, or influenza, at various times throughout the state, we have in a large measure escaped it. We have had a few cases, but not a sufficient number at any one time to call it an epidemic. The above statement is, or ought to be, good proof of the healthfulness of the present location.

During the past year the work in the hospital, with the exception of cook for a short time, has been performed by members of the Home. I am proud to report that the hospital steward, Mr. Rufus Putnam, and his assistant, Mr. Peter Budrow, are doing excellent work; everything moving like clock-work, from morning until night, every day the same. Am also proud to say that the discipline of the Home is so much better than formerly, and that it is a pleasure to visit and prescribe for the sick, whereas in the past it was not. This is due to your upholding Colonel French in enforcing the rules of the institution. I do sincerely hope that at the convening of the legislature, that the location of the Home will be settled forever. We do need, and need it badly, more hospital room. It is certainly an injustice to the old veterans who need the proper care and attention, during their few remaining days, to be crowded, as we are, in the present building.

Should the Home remain here, with but little expense the present hospital building could be duplicated and accommodate all who would need admission for some time. True, it is only a question of a few years when it will be one general hospital.

Through you, thanking the members of the board for the many kind courtesies shown me during the past year, I remain,

Yours very respectfully,

DR. W. A. PACKARD,  
Home Physician.
