TWENTY FIFTH Biennial Report

1929 AND 1930

State Industrial School
Golden, Colorado

THE mechanical work on this Biennial Report was done by the students enrolled in the Printing department whose knowledge of the trade was acquired in the printing department of this institution.....

IT is a fair sample of the work done under the instruction received in the several departments of manual training.....

IT shows the efficiency of the institution in converting boys from habits of idleness or vice to self-support, professional interest and usefulness.....

IN APPRECIATION

At this first meeting of the Board of Control of the State Industrial School for Boys since the death of our fellow member, Mr. J. B. Manby, Jr., we record this expression of our sincere feeling toward our friend and coworker, and our appreciation of his earnest interest in, and labors and efforts in behalf of, the institution.

In the passing of Mr. Manby, this Board, the State Industrial School and the boys in its care, and the State of Colorado as a whole, have suffered a distinct and lasting loss. The individual members of the Board feel the loss of a true friend and helper.

At all times evidencing a deep and real interest in the School and the boys, Mr. Manby ever manifested a genuine desire and wholehearted willingness to cooperate in every way with others charged with the management of School affairs, to the end that the institution might serve, to the highest possible degree, the purposes for which it was constituted. We remember, too, with sincere and lasting appreciation, the very apparent desire for harmony in our efforts and for mutual goodwill and esteem, which he always evinced at meetings and conferences of the Board, and of its individual members. .

Our heartfelt sympathy goes out to Mrs. Manby and her son, Jackie, to the Father and Mother, and to other dear ones, in their hour of sorrow and bereavement.

It is our wish that this expression of our appreciation and sympathy be made a part of the minutes of the Board of Control, that a copy thereof be furnished to the local press; and that a copy be sent to Mrs. Manby, and to the Father and Mother, Mr. and Mrs. Manby, Sr.

J. S. UNDERWOOD, President

EMILY GRIFFITH, Secretary

CLAUDE D. JONES, Superintendent

From the minutes of the meeting of March 21, 1930.

Board of Control,

State Industrial School for Boys,

Golden, Colorado.

REPORT OF THE BOARD OF CONTROL

November 30, 1930.

To His Excellency, William H. Adams,
Governor of the State of Colorado,

And

To the Honorable Katherine L. Craig,
Superintendent of Public Instruction.

In compliance with the law creating the Board of Control of the State Industrial School for Boys, we respectfully submit this, the twenty-fifth biennial report of the Board. This report is for the two years beginning December 1, 1928, and ending November 30, 1930. The Superintendent's report is included herein and made a part hereof.

Movement of Population

Number of boys November 30, 1928.....	274
Received (new) during term.....	309
Violated parole and returned.....	65
Escapes of last term returned.....	2
Total number of boys cared for.....	650
Died.....	4
Discharged.....	89
Escaped.....	19
Paroled.....	301
Total number leaving school.....	413
Remaining in school November 30, 1930.....	237
Average number per day during term.....	266.8

**Financial Statement of Receipts and Expenditures and Financial Standing
As of November 30, 1930**

Receipts		Expended	Balance
Appropriation Maintenance.....	\$226,000.00	\$173,691.18	\$52,308.82
Appropriation Salary Fund.....	124,000.00	104,110.96	19,889.04
Cash receipts, including \$5,983.87 from last biennial term.....	50,814.81	44,495.61	6,319.20
Appropriation Shop Building.....	13,000.00	13,000.00	0.00
Appropriation Equipment fund.....	4,000.00	1,363.75	2,636.25
Appropriation Repairs.....	5,000.00	5,000.00	0.00

The above balances to run to June 30, 1931.

Cash Receipts

Balance from last be-ennial term.....	\$ 5,983.87
Meals.....	849.64
Special prizes for cattle and hogs.....	208.40
Telephone calls.....	17.35

Royalty on clay	65.00
Sale of cherries	51.00
Sale of junk	193.19
High School, groceries	6.47
Oil	.25
Reimbursement for suit of clothes	23.50
Repairing auto top	.50
Sale of eggs	1.00
Return for books	2.40
Cartage and hauling	51.00

 \$50,814.81

Needs

For the next biennial term, the school should have:

For the support and maintenance for 300 boys	\$190,000.00
For salaries, wages and maintenance for technicians and employees ..	150,000.00
For repairs and general upkeep	25,000.00
For fire escapes and fire equipment	15,000.00
To complete our new shop building	15,000.00
For Machinery for our new shop building	10,000.00

Cost Per Capita 1929-1930

Average number of boys per day	267
Average number of teachers, technicians and employees	40-7/12

Maintenance Per Capita Cost Distribution

	Term	Year	Day
Salaries	\$ 427.95	\$213.97	\$.596
Stationery and office expense	12.24	6.12	.020
Shoes and harness	19.93	9.96	.030
Clothing	33.42	16.71	.050
Subsistence	244.51	122.25	.330
Beds, bedding and towels	11.98	5.99	.020
Hospital	9.35	4.68	.010
General expense	56.31	28.15	.080
Furniture and fixtures	3.09	1.54	.004
Library and amusements	4.87	2.43	.007
Discharged, returned and paroled boys	14.61	7.30	.020
Farm and garden	35.52	17.76	.050
Improvements	25.46	12.73	.030
Repairs	51.23	25.61	.070
Fuel	52.12	26.06	.070
Power, light and water	47.84	23.92	.070
Tools and implements	9.79	4.90	.010
Freight and express	4.14	2.07	.005
Insurance	10.34	5.17	.014
Printing office	16.69	8.35	.022
School supplies	2.70	1.35	.004
Machinery and repairs on machinery	10.44	5.22	.014
Manual training05	.03	.000
Live stock and feed	47.45	23.73	.064
Blacksmith shop02	.01	.000
Laundry	9.66	4.83	.013
Green house and lawn	1.64	.82	.002
Music and band expense	5.17	2.58	.007
Poultry and pet stock	6.89	3.47	.009
Cash fund	22.41	11.21	.030
Shop building	7.36	3.68	.010
Dining room, kitchen and bakery equipment	8.22	4.11	.001
	<u>\$1,213.40</u>	<u>\$606.71</u>	<u>\$1.662</u>

Maintenance, salary and cash funds figured in the above.

The last bi-ennial term there was a deficiency of \$14,385.61. Although a deficiency bill was put in, the legislature did not allow this and we had to pay this amount out of the maintenance and cash funds. This should bring the total amounts down as follows: For the TERM, \$1,159.54; YEAR, \$579.77; DAY, \$1.588.

ACKNOWLEDGEMENTS

The Board of Control acknowledges its indebtedness to and thanks:

To Governor Adams for his personal interest in the school and his counsel and helpful suggestions;

To the Civil Service Commission for steady influence;

To the members of the Twenty-sixth General Assembly;

To the Superintendent for his constant endeavors to serve the school and the boys and his faithful services in general;

To the officers and employees of the school for their faithfulness and loyalty in the discharge of their duties;

All those who have contributed, in various ways, without remuneration to ever help these unfortunates committed to our care.

We wish to thank the different moving picture firms who have so unselfishly donated pictures for our boys' amusement.

J. S. UNDERWOOD, President

EMILY GRIFFITH, Secretary

Superintendent's Report

Golden, Colo., November 30, 1930

To the Honorable Board of Control of the State Industrial School for Boys:

Mr. President and Members: Although I have been connected with this school for over forty-one years this is the first time I have attempted to make a bi-ennial report. I have had charge of the school since July seventh of this year after our good friend Col. C. D. Jones went to Washington to take a similar position for the United States Government. I am pleased to say that everything has been running very nicely and although some times things came up that did not suit me, still I always found a way to straighten the crooked places. I wish particularly to thank the Board for their wise counsel and co-operation.

In reviewing the last forty years I can not help but say that the school has improved from year to year and it can still be made better as the years go by. I am also convinced that the school is making better boys and men now than it ever did. During my many years of service I have seen boys grow up, marry and have families of their own and are respected citizens. This makes one feel that our efforts were not in vain. Of course all do not turn out well, as I can point to several who are in other institutions but the great majority are doing well.

One of our appropriations I wish to call particular attention to—and that is fire escapes and adequate fire protection. I have often thought what a horror it would be if only one boy lost his life in a fire. This is something that should be installed at the earliest moment. If our legislature friends could only see the absolute necessity of this improvement I am sure they would install this much needed equipment immediately.

As for food, would say that too good a ration can not be supplied to the boys. A growing boy will eat more than a man and although our food is considered good, still a dainty now and then will help to make a good boy better. Our food now costs us a little over thirty-three cents a day. This is a little over eleven cents per meal. Where can anyone buy food that is substantial for this amount? Although plain, the food is first class and of great variety.

The renting of the Wide Acres ranch is bringing in some profit, it give employment to a good many boys and it saves us buying hay for our stock which in past years has been quite an item. Oats, wheat and barley has also been raised.

Our new shop building should be finished and it will require a good deal of work by our boys who can be taught some practical work. When this building is completed we will have a shop building the State of Colorado can be proud of.

The farm and garden has been very productive the past year and we have canned a great many vegetables. This saves us buying many kinds of canned goods. A full report will be found in the list of vegetables raised and canned.

We are asking the Legislature for an appropriation of \$25,000.00 for repairs. This amount is necessary. Several buildings should be overhauled and floors, plastering, painting and plumbing repaired. Fences are in bad condition in several places and there is a continual expense keeping up the water supply, power and light lines, and other expenses too numerous to mention, machinery, trucks, automobiles and tractors need constant repairs to keep them in condition for use.

For equipment we are asking \$10,000.00. This is necessary for our new shop building. We have a partially equipped shop but in order to get the best results it is necessary to have more machinery. This will keep the boys interested and also give them a good idea of the work they wish to follow when they leave the school. There is nothing a boy likes better than to work with machinery. This is noticeable when one goes through the different shops and asking the boys how they are getting along. The invariable answer is fine.

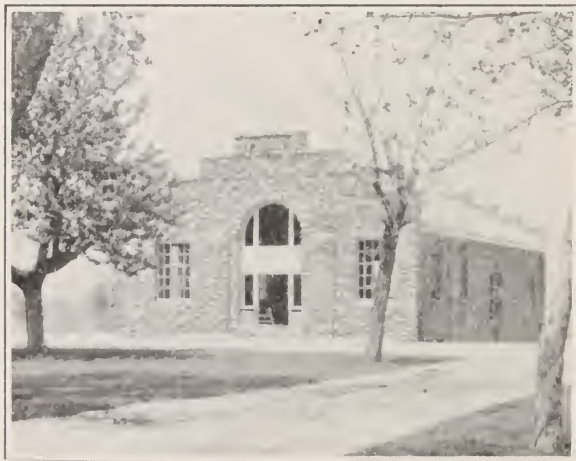

Heretofore our salaries were based on a certain amount which was paid out of the Salary fund and maintenance was taken out of the Maintenance fund and paid in cash. This has been taken care of now and nearly everyone is paid a straight salary. This necessitates a larger Salary fund. We will be short on the Salary fund, but this I am sure, can be taken care of through our cash receipts so there will not be a deficiency.

In conclusion, I wish to thank all the members of the Board for their kind advice and help when I so much needed it.

Respectfully submitted,

CHAS. HUSCHER,

Superintendent

New Shop Building

Report on Laundry

December 30, 1930

Mr. Charles Huscher,
Supt. Industrial Training School,
Golden, Colorado.

Dear Sir:

I respectfully submit to you this report for the Biennial Term beginning December 1, 1928 and ending November 30, 1930.

We need another washing machine, as the two we now have do not have capacity enough to allow sufficient time for properly washing all the work. We also have one old press machine which should be replaced with one having modern safety devices. These two machines would cost about one thousand dollars.

ROY DAVIS

Laundry Department December 1, 1928 to November 30, 1930

Articles laundered during this period are as follows:

Finished Work, i. e. Washed and Ironed

Aprons, cooks and waiters	9,962	Lumber jackets	9

January 1, 1931.

Superintendent Charles Huscher,
State Industrial School for Boys,
Golden, Colorado.

Dear Sir:

Here is the report upon the hospital for the year just past.

This has been one of the most uneventful of my fourteen years of service at the school. We have had less serious injuries and major illnesses than in any other year. We have had one death and that was suicidal. There have been but three cases of the contagious diseases of childhood (two of whooping cough and one of mumps). All that has been needed on the hospital itself this year have been simple little repair jobs to overcome the natural wear and tear. There are fewer boys at the school than was usual during the last few years and so there have been fewer examinations necessary to be made.

The number of boys reporting to the hospital on sick-call during the year was 5,935, making a daily average of a little over sixteen. The vast majority of these come for very trivial causes and are quickly taken care of.

The number of boys admitted to the hospital as bed patients was 216. These were divided as follows: 174 were medical cases and 42 were surgical cases.

The medical cases were:

- 131 Colds and La Grippe
- 12 Tonsillitis
- 3 Conjunctivitis (simple)
- 3 Pediculae pubis
- 3 Articular rheumatism
- 2 Rheumatic endocarditis
- 2 Whooping cough
- 1 Mumps
- 2 Irritation of appendix
- 1 Epilepsy
- 7 Gastro-intestinal disturbance

7 Unclassified

The surgical cases were:

- 8 Tonsillectomies
- 6 Fractures
 - 3 Colle's
 - 1 Vertebrae
 - 1 Nose
 - 1 Rib
- 8 Localized infections
- 7 Severe lacerations
- 13 Miscellaneous (sprained ankles, bruises, burns, etc.)

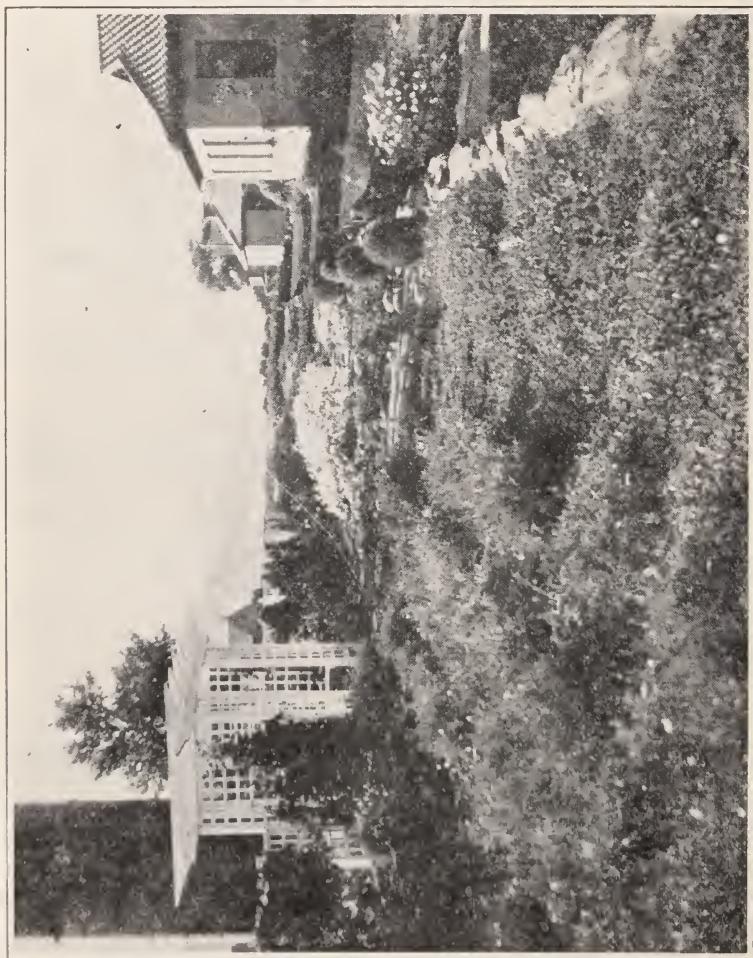

Eight boys were sent to the Colorado General hospital for operations (tonsil and nose) and fourteen for diagnosis and special treatment.

Two hundred and six boys made one or more trips to the dentist.

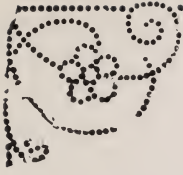

Respectfully submitted,

E. W. KEMBLE

DEPARTMENTS

Academic

Spiritual, Dramatic and Recreational

Athletic and Physical Training

Band and Music

Military Training

Hospital

Vocational

A thorough training is given every boy in the school in standard work, the equivalent of regular public school work, from first grade through ten grades.

THE ACADEMIC CLASSES

All boys are given Intelligence and Achievement Tests upon entering the School. They are properly classified and given the best of instruction by well qualified teachers.

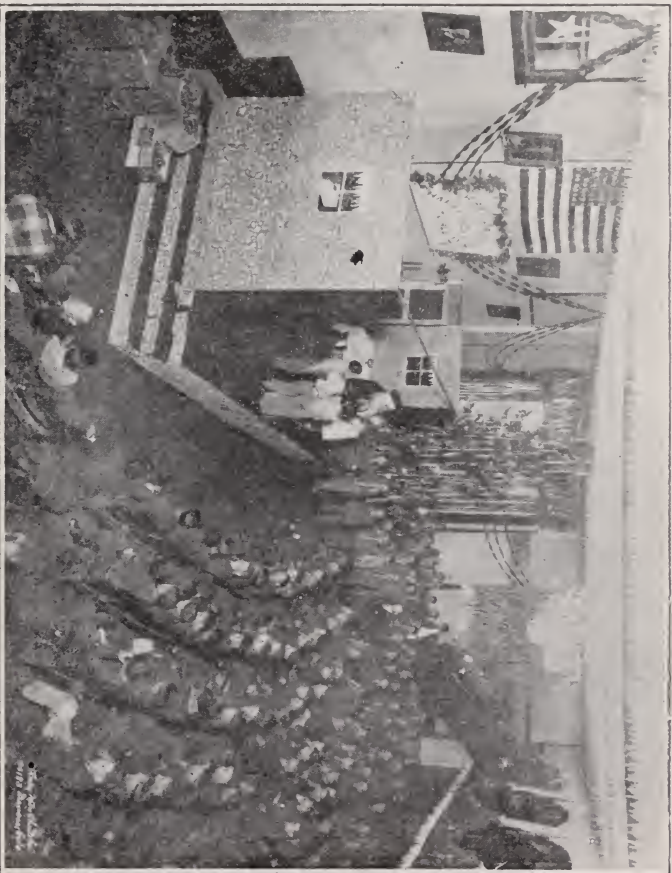

VIEW OF CLASS ROOM AND BOYS

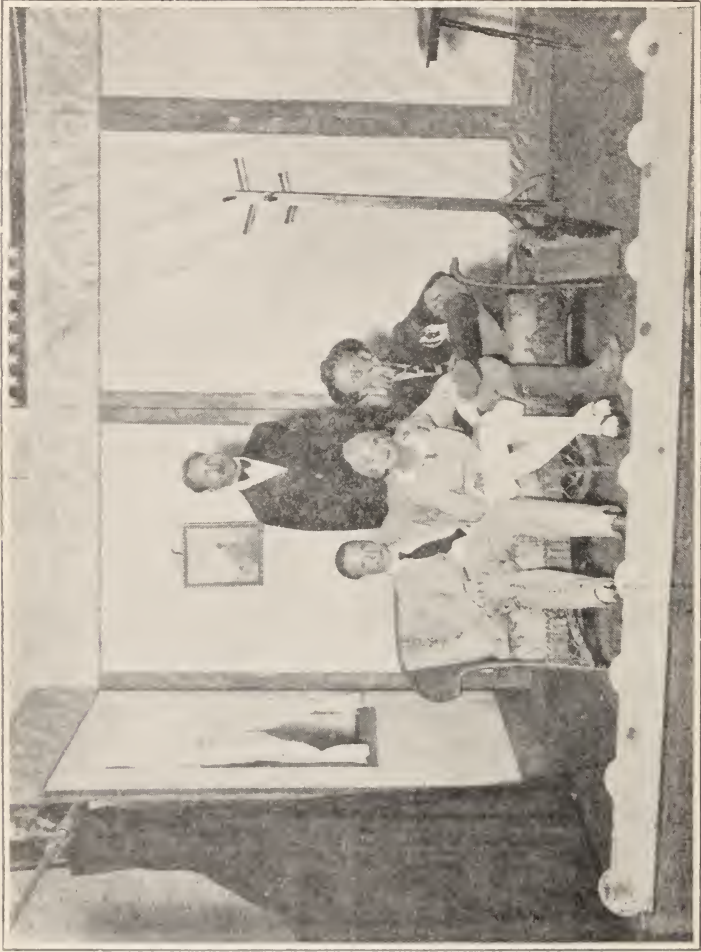

THE BOY SCOUTS

Many Entertainments,
Picture Shows and Ad-
dresses by prominent
professional and busi-
ness men are features of
assemblies in the large
chapel.

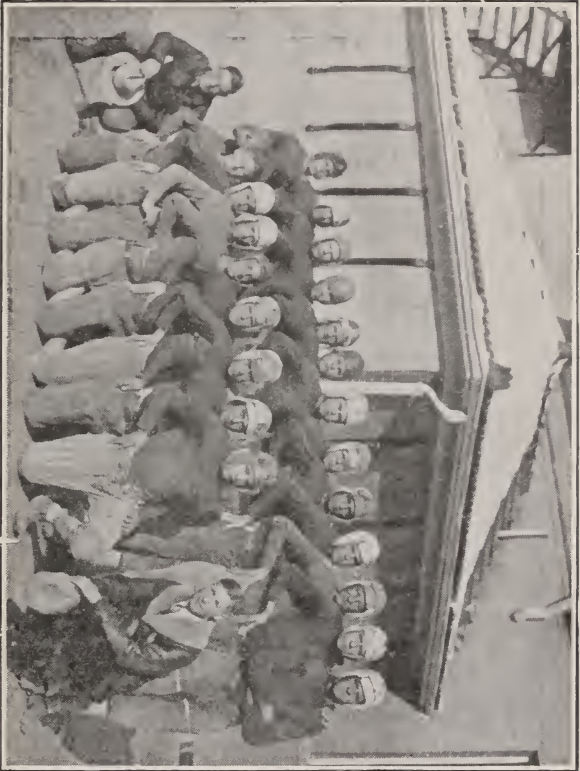

CHRISTMAS EVE IN THE CHAPEL

SCENE FROM "GETTING RID OF FATHER"

Moving Pictures and Dramatic Plays help entertain our boys,

THE FOOTBALL TEAM

Physical Training

School makes fine
showing in all kind
of athletic games....

THE BASKETBALL TEAM

THE STATE INDUSTRIAL SCHOOL BAND

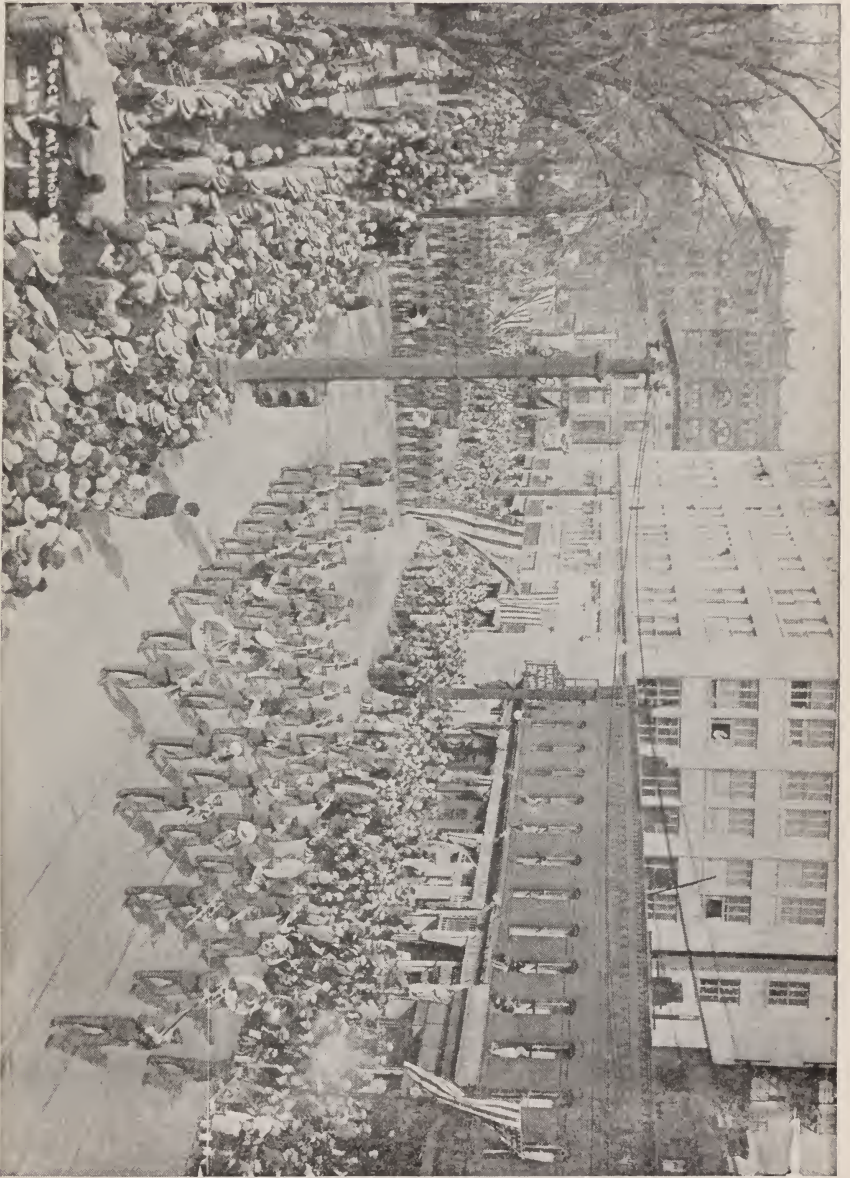

The Industrial School Band is one of the leading musical organizations in the state.

The Orchestra furnishes excellent music for special occasions at the School and frequently has been in demand for social affairs outside the School. This musical organization is a feature of the regular band training.

THE SCHOOL ORCHESTRA

ARMISTICE DAY PARADE

BATTALION AND BAND

The School Battalion consists of four companies and Band. Frequent drills, Battalion dress parades and taking part in Military parades in Denver develop alertness, pride in and loyalty to the high ideals of the School.

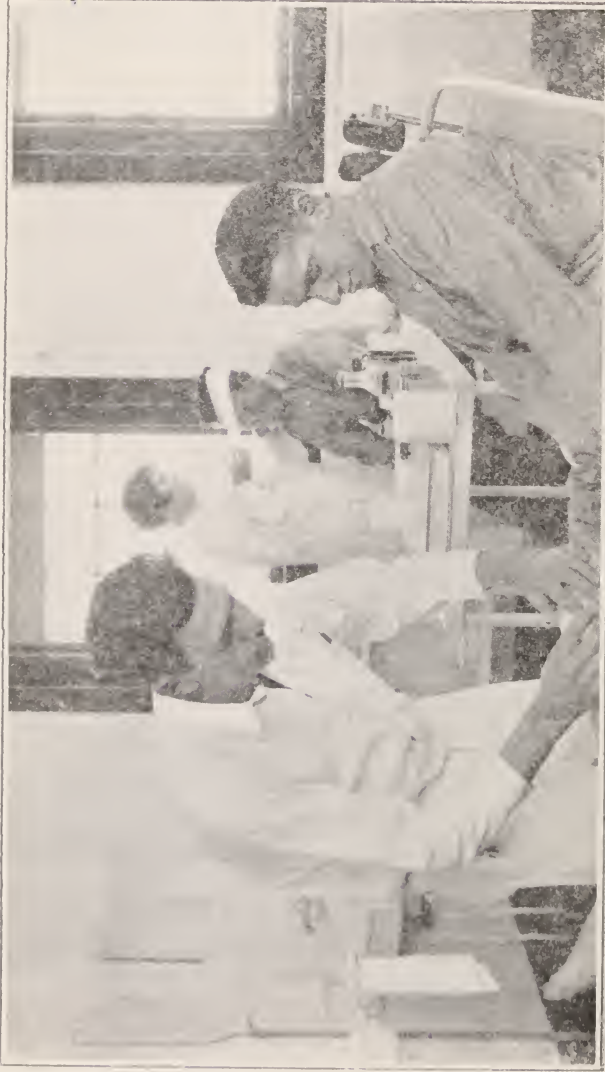

COLOR BEARERS — SCHOOL BATTALION

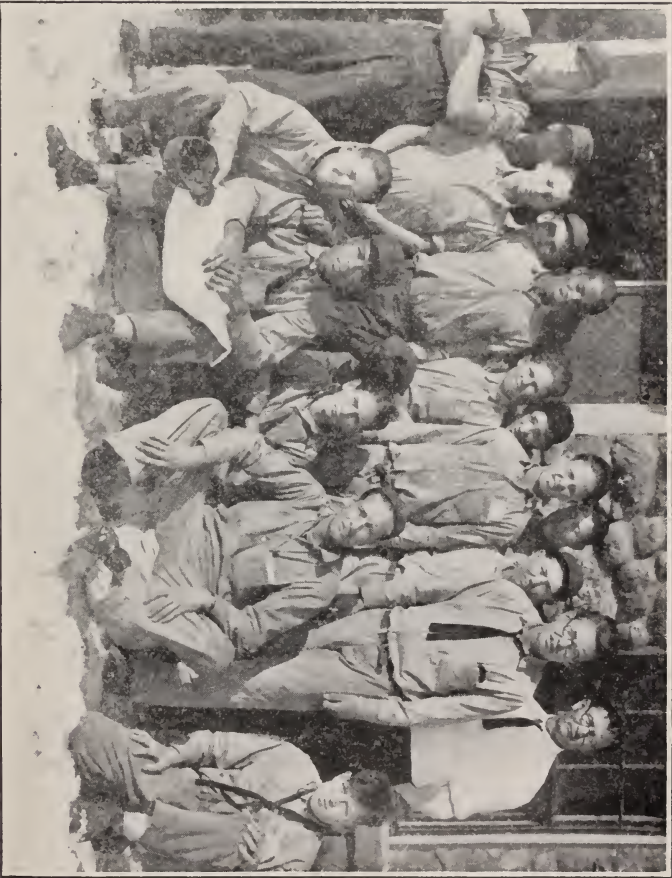

ABOVE; HOSPITAL
BUILDING
AT LEFT; PATIENT IN
WARD B

The general health of the boys of the School is excellent. In case of need a well equipped hospital, with nurse and attending physician, is maintained.

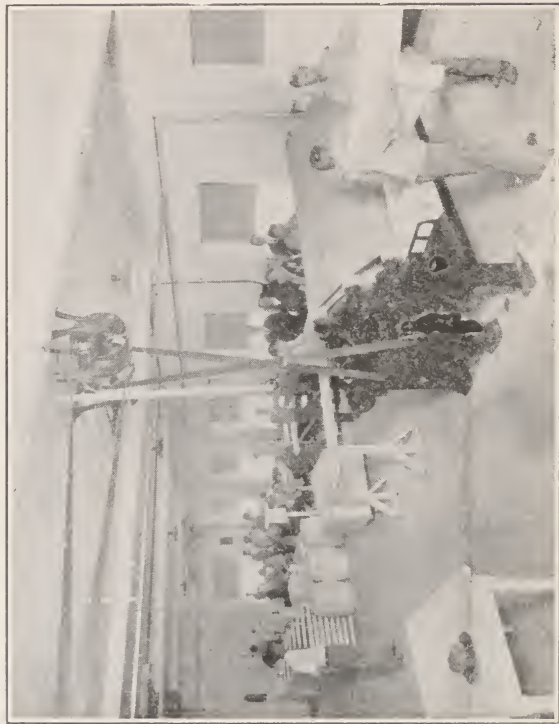

FIRST AID TREATMENT

Boys of Hospital get practical experience assisting in care of minor accidents and illness.

THE LAUNDRY AND DRY CLEANING FORCE
Boys in this department receive training which fits them for a
good trade after leaving the School

The school has a modern laundry plant where many boys find employment and learn a profitable trade.

INTERIOR VIEW OF NEW LAUNDRY BUILDING

INSIDE VIEW OF OLD PRINT SHOP

The Print Shop was recently moved into the north basement room of the building which is at present used for the Academic Department. This gives better ventilation, better lighting and better heating facilities. A new job press and a new perforator have been added to the equipment.

Making new shoes
and repairing old ones
is the big job accom-
plished by the Shoe
Shop force.

INSIDE VIEW OF SHOE SHOP

Many boys find employment in our Tailor Shop where all the every-day clothing, night gowns and caps are made. In addition to this, all repairing of clothing is also done in this modern, well equipped shop.

INSIDE VIEW OF TAILOR SHOP

A BIG REPAIR JOB FOR THE CARPENTERS

The Carpenters are now housed in the south wing of the new Shop Building. This basement room is large, well lighted and well heated, containing several new pieces of machinery which helps speed up the numerous jobs of this department and gives fine training to a large number of boys.

AUTO & MECHANICS

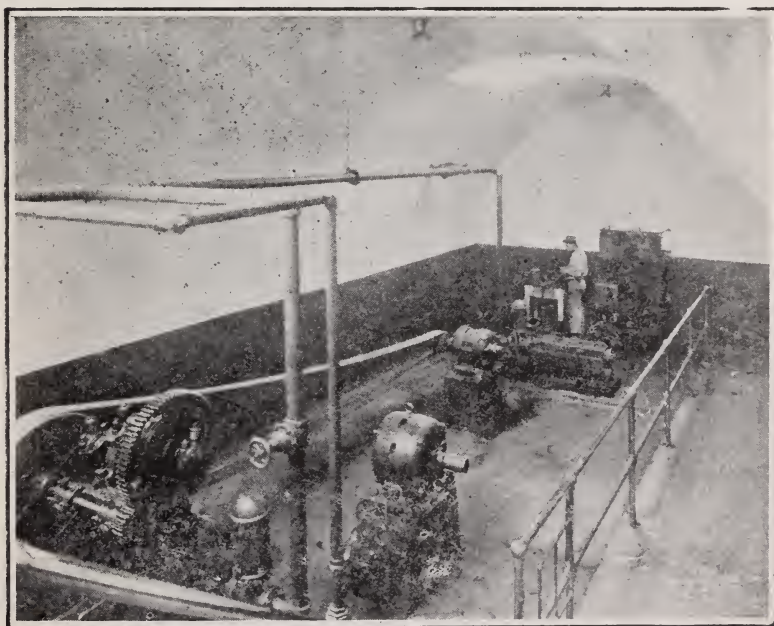

Located in the north wing of new Shop Building. Good equipment and thorough instruction turn out good mechanics.

THE ENGINEERING CREW

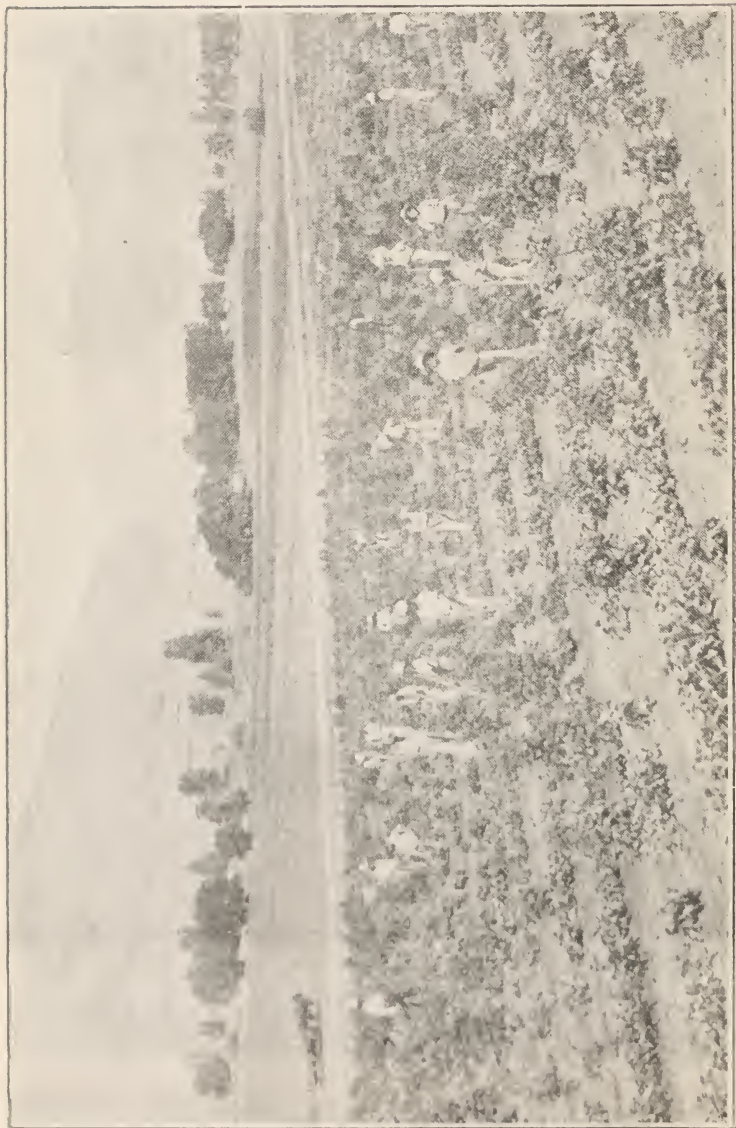

The Engineering crew looks after all: electrical, plumbing and steam fitting work in addition to the work in the big heating plant.

OUTSIDE AND INSIDE VIEWS OF PUMPING PLANT

Many boys get thorough training in Lawn and Garden work.

In connection with the Garden, our Cannery is maintained in which thousands of cans of fruit and vegetables are prepared for winter use.

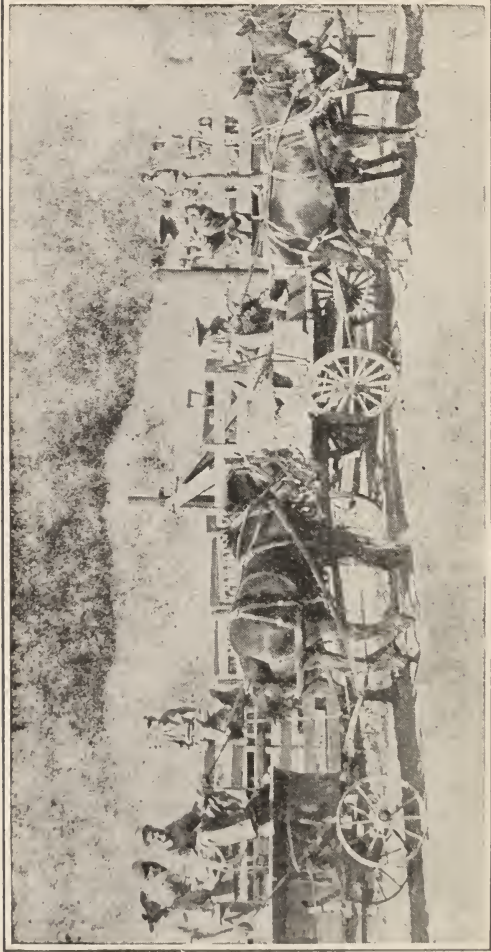

— LAWN AND GARDEN

Large numbers of boys are used in maintaining the School's gardens, school farm, Wide Acres Ranch and in taking care of poultry, rabbits, foxes, hogs, horses and large dairy herd, thereby gaining a practical knowledge of agriculture in all its branches.

BOYS AT WORK IN THE FIELD

BOYS STARTING THEIR REGULAR DUTIES IN THE MORNING

The Rabbitry and hog department produce large quantities of meat. Many hogs are sold.

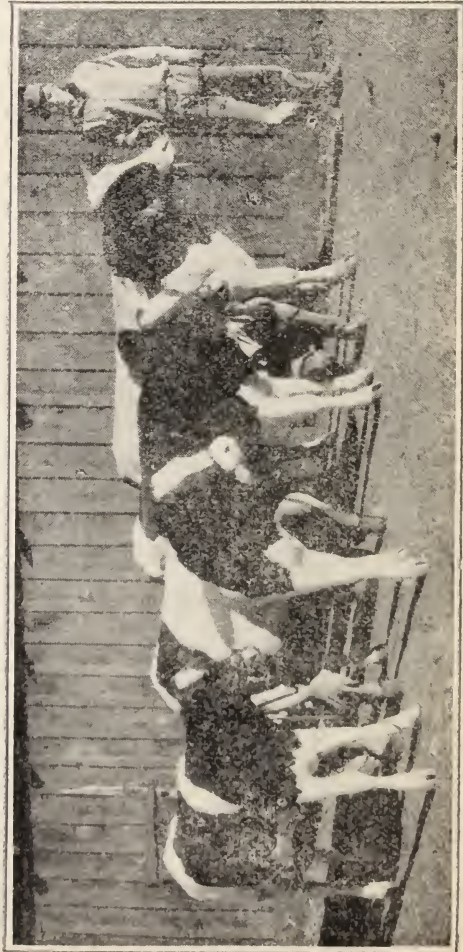

The Poultry department produces many eggs and chicken dinners.

THE SCHOOL'S
FAMOUS DAIRY
HERD.

SOME NATIONAL
STOCK SHOW
WINNERS.
