

# November 2022 data report

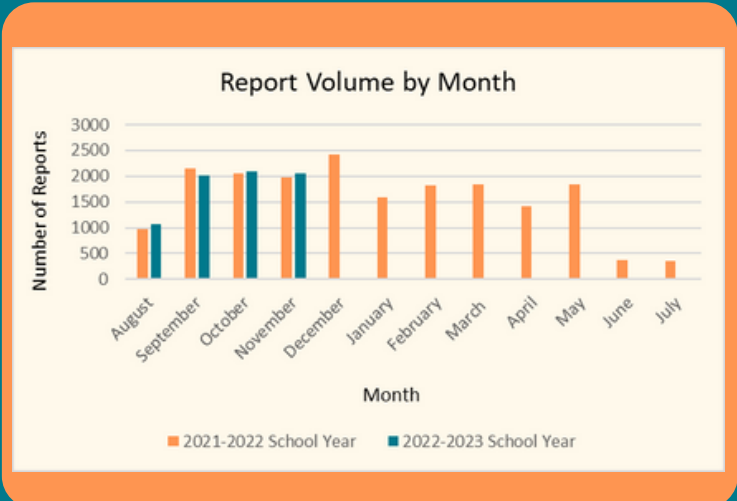

**2,048**

Reports received in November 2022. This is a 1.7% decrease in report volume compared to October 2022.

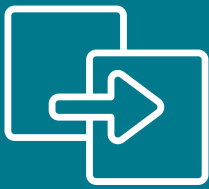

**7,228**

Reports were received to date for the 2022-2023 school year.

**167**

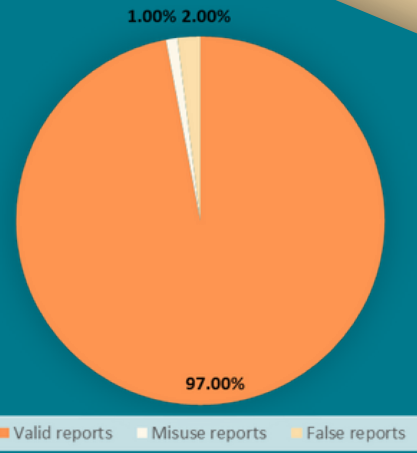

## Duplicate reports

Duplicate reports are those regarding a concern or event that has already been reported, and they indicate a healthy culture of reporting safety concerns in a community. 772 duplicate reports have been reported during the current school year; 167 duplicates were reported in November alone—a 31.8% decrease compared to October.

Top reporting categories in November	Number of reports
Suicide Threats	313
School Complaint	197
Bullying	181

## 97% Valid reports

97% of reports received during the 2022-2023 school year, which began August 1, 2022, were determined to be valid. Valid reports are those requiring a response, and that are made with the intent to protect, prevent harm, or help.

## Sample reports

Correct use of Safe2Tell

A person reported seeing a written message on the bleachers at a school, which included threats of a planned school attack. Local teams investigated and identified the student who wrote the message. The student's parents were notified, school disciplinary action was taken, a threat assessment was conducted, and the student is receiving counseling services.

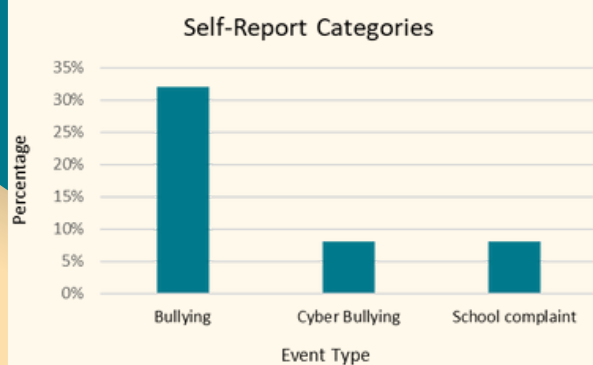

Correct use of Safe2Tell

A person reported that a student was being abused and that they were afraid to go home. Local law enforcement conducted a welfare check and spoke with the student and contacted the Colorado Department of Human Services.

Misuse of SafeTell

A person reported that a car, which appeared to be loaded with hunting equipment, had been parked on the street for multiple days and was blocking traffic. Their concerns were forwarded to the appropriate personnel and this person was encouraged to contact their local law enforcement directly in the future.

## 128 Self-reports

Self-reports are made by people who are sharing a concern about themselves.
