

August 2024 data report

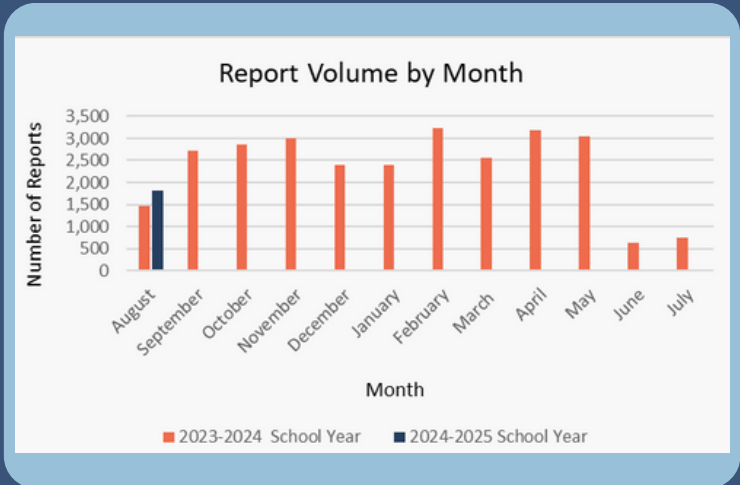

1,807

Reports received in August 2024. This is a 144.9% increase in report volume compared to July.

1,807

Reports were received for the 2024-2025 school year.

The information presented in this report is based on preliminary data provided by the Colorado Information Analysis Center, which processes Safe2Tell reports.

146

Duplicate reports

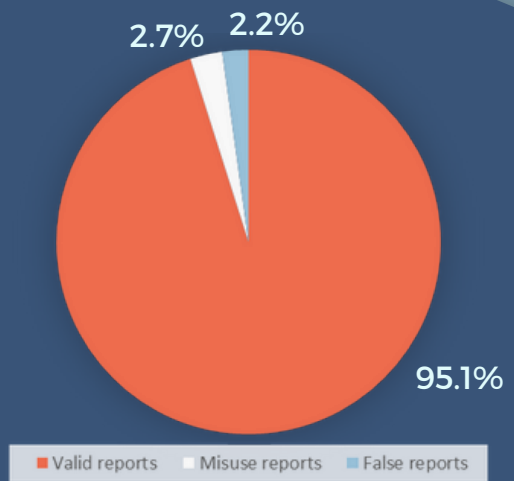

Duplicate reports are those regarding a concern or event that has already been reported, and they indicate a healthy culture of reporting safety concerns in a community. 146 duplicates were reported in August alone—a 12% increase compared to July.

Top reporting categories in August	Number of reports
Suicide	201
Bullying	134
School Safety Concern: Staff	124

The information presented in this report is based on preliminary data and is subject to change. A routine audit is scheduled as part of our ongoing commitment to maintaining high standards of data integrity and transparency.

95.1% Valid reports

95.1% of reports received during the 2024-2025 school year, which began August 1, 2024, were determined to be valid. Valid reports are those requiring a response, and that are made with the intent to protect, prevent harm, or help.

Sample reports

- Correct use of Safe2Tell**

A person reported a student did not feel safe going home and expressed discomfort at being around their guardian. After speaking with the student, the school team concluded they should contact DHS. The school psychologist will also check in on the student.
- Correct use of Safe2Tell**

A person reported that a student and their family have been victims of gun violence, have access to guns in their home, and that the family needs help. School teams contacted the family, will meet with the student to connect them with the school psychologist to conduct a threat assessment, and have a security guard at school.

98

Self-reports

Self-reports are made by people who are sharing a concern about themselves.
