

INTRODUCTION

Property tax revenue pays for schools, cities and towns, roads, police and fire protection, and other local services. All of the revenue generated by property taxes stays within your county. Property taxes do not fund any state services.

The county assessor is responsible for discovering, listing, classifying, and valuing all property in the county in accordance with state laws. The assessor's goal is to establish accurate values of all property located within the county, which in turn, ensures that the tax burden is distributed fairly and equitably among all property owners.

Real property is revalued every odd numbered year. Personal Property is valued every year. Property tax calculations consist of several components:

- actual value of the property
- property classification
- assessment rate
- assessed value
- tax rate

ACTUAL VALUE

Residential property is valued using only the market approach to value. In this approach, the value of the subject property is based on an analysis of comparable sales. For tax years 2007 and 2008, the comparable properties must have sold between January 1, 2005 and June 30, 2006. However, if an insufficient number of comparable sales occurred during that timeframe, the assessor is authorized to analyze sales that occurred up to five years preceding June 30, 2006.

Most non-residential property, including personal property, is valued by consideration of the market approach, the cost approach, and the income approach to value. Please refer to the brochure entitled "Property Valuation and Taxation for Business and Industry in Colorado" for additional information regarding non-residential property.

ASSESSED VALUE

For property that is classified residential, the current assessment rate is 7.96% of market value. The assessment rate for most other types of property, including personal property, is 29% of actual value. Multiplying the actual value by the appropriate assessment rate results in what is known as the property's "assessed value."

<i>Actual Value</i>		\$275,000
<i>Residential Assessment Rate</i>	x	<u>.0796</u>
<i>Assessed Value</i>		\$ 21,890

TAX RATES

Each year county commissioners, city councils, school boards, and special districts (known as "taxing entities") determine the revenue needed and allowed under the law to provide services for the following year.

Each entity calculates a tax rate based on the revenue needed from property tax and the total assessed value of real and personal property located within the entity's boundaries.

$$\frac{\text{Revenue from Property Tax } \$1,398,000}{\text{Total Assessed Value } \$1,000,000,000} = .013980$$

or 13.980

All of the tax rates of the entities that provide services in your tax area are added together to form the total tax rate.

<i>County Tax Rate</i>	.013980
<i>City Tax Rate</i>	.008752
<i>School District Tax Rate</i>	.052116
<i>Water and Sanitation Tax Rate</i>	<u>.000693</u>
<i>Total Tax Rate</i>	.075541

The taxing entities publish public budget hearing dates in the local newspaper. The public hearings are usually scheduled in September or October. By attending budget hearings, taxpayers may participate in the budget process and become informed about the quality and cost of services provided in their area.

NOTICE OF VALUATION

Real Property Notices of Valuation are mailed by May 1 of each year. Personal Property Notices of Valuation are mailed by June 15 of each year. The notices list the location, classification, the characteristics germane to value, and the actual value of the property for both the prior and current years.

PROTEST AND APPEAL RIGHTS

If you disagree with the actual value or classification placed on your property, you may present oral or written objections to the assessor. Protests for real property must be postmarked or delivered to the assessor on or before June 1. Personal property protests must be postmarked by June 30 or submitted in person to the assessor by July 5.

The assessor must make a decision on your protest and mail a Notice of Determination to you by the last regular working day in June for real property and by July 10 for personal property. Any county may elect to extend the Notice of Determination mailing date from the last regular working day in June to the last regular working day in August.

If you are dissatisfied with the assessor's decision, you may appeal to the county board of equalization by July 15 for real property and by July 20 for personal property. The county board of equalization conducts hearings through August 5. If the county has opted for the extended appeal period, you must appeal to the county board of equalization by September 15. Under this option, the county board of equalization conducts hearings through November 1. The board must notify you in writing within five business days of the date of its decision.

If you are dissatisfied with the county board of equalization's decision, you may appeal to an arbitrator, district court, or the Board of Assessment Appeals within 30 days of the date of the decision.

PROPERTY TAX BILL

Property tax bills, reflecting the taxes due for the preceding year, are mailed as soon after January 1 as possible.

Tax amounts greater than \$25 may be paid in one payment by April 30 or in two EQUAL payments. The first half payment is due by the last day of February. The second half payment is due by June 15. If the tax amount is \$25 or less, payment in full is due on April 30.

TAX RELIEF

Colorado offers the following tax relief programs for senior citizens and persons with disabilities:

- Property Tax/Rent/Heat Rebate
- Property Tax Deferral
- Property Tax Work-Off Program
- Senior Citizen Property Tax Exemption
- Disabled Veteran Property Tax Exemption

For further information on these programs, refer to the brochures entitled "Rebates and Deferrals for Senior Citizens and Persons with Disabilities," "Property Tax Exemption for Senior Citizens," and/or "Property Tax Exemption for Disabled Veterans." The brochures are available on the Colorado Division of Property Taxation's website at www.dola.colorado.gov/dpt or may be obtained from your local county assessor.
