of Assessing Officers

ANTHONY G. FERRARO
Director of Appraisals

February 15, 1978

The Honorable Richard D. Lamm
Governor of Colorado
and
The General Assembly of the
State of Colorado

Gentlemen:

This report includes the statistical information concerning property taxes and property tax revenues involving local governmental agencies.

The Property Tax Administrator submits this in compliance with 1973 C.R.S. 39-2-119, as amended.

Respectfully submitted,

RAYMOND E. CARPER
Property Tax Administrator

SECTION II

ADMINISTRATION

II. ADMINISTRATION

Assessment of Public Utilities

The Tax Administrator, in Chapter 39, C.R.S., is required annually to value and assess all public utilities. The statute defines public utilities as those entities which do business in this State as a railroad company, airline company, electric company, telephone company, telegraph company, gas company, gas pipeline carrier company, domestic water company, pipeline company, coal slurry pipeline, or private car line company.

Each year the Administrator develops a series of valuation indicators, for the various classes of property. The utilization of these indicators, as directed by statute, establish a "unit" valuation for each property. The actual value factors within the statutes provide for tangible property consisting of the plant; specific intangibles; gross and net operating revenues, capitalized; average market values of outstanding securities, and in the judgment of the Tax Administrator, any other operating financial data needed to determine the entire value of the property.

In 1977 the Tax Administrator valued, assessed, and allocated to the counties the assessed valuation for 280 company. They consisted of:

Transportation	153
Power Companies	36
Communication	50
Gas Companies	30
Water Companies	11

The 1977 assessment for Public Utilities of \$1,085,511,640 represents an actual value of \$3,618,372,000 at the required statutory assessment ratio of 30%. A comparison to the prior year reflects an increase of 12.5%. The increase for 1976 reflected a 14.6% increase over the prior year. A summary of the past three years is:

Assessment Year	Assessment Valuation	Assessment Increase
1977	\$1,085,511,640	\$121,013,390
1976	964,498,250	123,044,340
1975	841,453,910	

After the Administrator has fixed the total assessed value of the unitary properties, the Division allocates the valuation to the respective taxing jurisdictions.

State assessees, as well as local governmental jurisdictions, have the right to protest the assessments as determined by the Tax Administrator. There were 13 protests filed with the Administrator in 1977. There were no 1977 protests by the utilities (assessees) to the Board of Assessment Appeals, and no known court actions were filed by assessees.

Applications for Abatement or Refund of Taxes

The 1977 legislative actions modifying provisions for the filing and consideration of refund or abatements changed the concept of the prior periods. The Tax Administrator, following the intent of the Legislature and interpretations of the various attorneys involved, established procedures for the approval or denial of refund and abatement petitions. In some instances the new statute provides a bypass to the function of the assessor's hearing and the abatements and refunds are filed directly with the county boards of equalization. In other instances it was necessary to conduct limited state field audits to determine the status between the county board and the assessor's recommendation on the valuation.

During the year 1977 the Tax Administrator received 3,994 applications for abatement or refund of taxes. The 1977 refund or abatements totaled \$3,344,370, and the denials involved amounted to \$23,410 tax dollars. In addition, due to H.B. 1452 provisions, Jefferson County had 34,790 abatement petitions. The tax liabilities were not determined; however, the assessed valuation decrease for the 34,790 properties was \$37,632,710 assessed value.

Property Tax Exemptions

The Administrator is required by 1973 C.R.S. 39-2-117 to determine the exemption from general taxation of property owned and used solely and exclusively for religious worship, for schools, and for strictly charitable purposes.

During the year 1977 the Division received 538 applications for exemption from general taxation, 305 were for property claimed to be used for religious worship, 198 were for property claimed to be used for strictly charitable purposes, and 35 were for property claimed to be used for schools.

The Division processed 530 applications for exemption; 361 were granted, 47 were granted in part, 113 were denied, 9 were returned to the respective county assessors or to the claimant as not being subject to determination by the Administrator, and at year end there were 73 applications in various stages of processing.

The Division also has the responsibility of examining the annual reports required to be filed by the owners of property which has previously been granted exemption as being owned and used for religious worship, for schools, and for strictly charitable purposes to determine if such property continues to qualify for such exemption.

The Division mailed 6,082 pre-printed reporting forms to owners of exempt property followed by 604 second notices to those who had failed to return the reports by the due date. Field investigations were made in a number of instances where exemption of the property appeared questionable. Orders were issued revoking the exemption of 28 parcels of property having an estimated actual value of \$1,637,800.

The Division issued 232 notices declaring a forfeiture of the exemption of property for which the owner had failed to file a report. Of these, 161 were rescinded upon adequate showing by the owner that the property was eligible for continued exemption. The remaining 71, representing property which was returned to the tax roll, had an estimated value of \$4,665,400.

1973 C.R.S. 39-3-101 (1) (g) (1) (B) (C) makes specific provisions for exemption of certain senior citizen apartment projects. The Division reviewed 57 such projects, having 6,538 apartments. It was determined that in the aggregate 62% of such apartment units were entitled to exemption.

Hearings were held by the Administrator on 21 petitions for reconsideration. Nine appeals were heard by the Board of Assessment Appeals relative to applications for exemption which had been denied; in seven cases the denial was sustained; in two cases the exemption was granted.

Technical Services to Counties

It is the duty of the Property Tax Administrator to assist and cooperate in the administration of all laws concerning the valuing of taxable property, the assessment of the same, and the levying of property taxes. The exercise of this authority is contained in C.R.S. 39-2-109 (1) (b).

The varying assessors requested appraisal assistance in the valuation of many types of properties. Some of the types of appraisal that were made for assessors are: residential lands, including subdivision lands and improvements thereon; commercial land and improvements; industrial plants; agricultural lands and building improvements; producing metallic and non-metallic properties; oil and gas equipment and leased equipment.

Assistance was also requested and rendered by the Division of Property Taxation personnel in implementing the State Board of Equalization order of September 1976; training of assessment personnel in all types of property; training of office personnel in installation and control of office systems; review of mapping contracts; instruction in mapping and parcel identification systems; appearances and testimony for counties before the State Board of Assessment Appeals and the county boards of equalization.

Training and Certification

The 17th Annual Assessors School scheduled in October 1976 was postponed to February 23-March 4, 1977 as a result of enforcement and implementation of the State Board of Equalization's orders and the resultant increased assessor's responsibilities. The Assessors School was held at the College Inn Conference Center in Boulder, Colorado. There were approximately 240 students in attendance at the 17th Annual Assessors School. The Division also sponsored two International Association of Assessing Officers (I.A.A.O.) courses to those students desiring to make application for professional designation. The courses offered were "Fundamental of Real Property Appraisal" and "Income Approach to Valuation." There were 67 students in attendance.

The 18th Annual Assessors School was held October 3-7, 1977. Enrollment and class size was limited during this session due to the Division's decreased staff. There were 195 students in attendance. A third I.A.A.O. course was held October 31-November 4, 1977 on "Development and Analysis of Narrative Appraisal Reports." There were 21 in attendance at this school.

In addition to the Annual Assessors Schools there were several area seminars conducted statewide on administrative remedies, assessment and property tax laws and taxpayer reviews.

The Division will increase the number of area schools and individual training during the 1978 assessment year.

The Division also conducted a seminar in five areas throughout the State to discuss mobile home valuation problems and the implementation of Senate Bill 214. A seminar was conducted in several locations of the State for the purpose of valuing ski area and ski equipment.

Valuation Guidelines and Publications

The appraisal section revised and updated the "Annual Appraisal Procedures and Instructions for 1978." This manual provides guidelines for the valuation of all classifications of property and incorporates those changes necessitated by H.B. 1452 (1977). These procedures and instructions were approved by the Advisory Committee to the Property Tax Administrator in accordance with 1973 C.R.S. 39-2-131.

All declaration schedules, notices of value, property review form for taxpayers administrative remedies were reviewed and published for the current year to reflect those changes passed by the 1977 State Legislature.

The manual for valuation of mobile machinery and self-propelled construction equipment was completely revised and published. This manual, although published by the Division of Property Taxation, is used by the Department of Revenue and the county clerks.

Research was also conducted throughout the State to determine agricultural commodity prices, crop yield, landlord and expense figures to aid in the valuation of agricultural land. Livestock prices were developed from statistics reported by the Colorado Crop and Reporting Service. Research was conducted throughout the State and those areas where statistics were unavailable from the Colorado Crop and Reporting Service.

In accordance with H.B. 1452, the year 1976 has been established as the source year for collection of costs and associated data. This data is being used to build the 1977 replacement cost manuals. The following manuals have been researched and published for use by the county assessors.

- AH 505 Cost Factoring Information and Percent Good Tables
- AH 302 Real Estate Parcel Identification and Mapping Specifications

In accordance with Senate Bill 214 mobile home data was thoroughly researched and a new manual was developed and issued to all county assessors. This manual is entitled "AH 412 Mobile Home Valuation Manual." Also an Appraisal Record Form AR 102 was developed to list all inventory information relative to the valuation of mobile homes.

To comply with Senate Bill 505 a basic form was developed for the purpose of positively or negatively applying each of the statutory criteria set forth in 39-1-103 (5).

In addition to the research and publication of manuals for county assessors, numerous costs have been researched to aid in the valuation of specific properties to enable assessors to update their appraisal records consistent with the criteria established in C.R.S. 39-1-103.

The main impetus for the assessment year 1978 will be the research and development of manuals and guidelines for use by the county assessors as established under H.B. 1452.

Intercounty Equalization Surveys

The Appraisal Section conducted a county audit in conjunction with the assessors to determine whether assessments were at the 1973 level of value. A telephone audit was completed to determine what assessors had done to implement HB 1452 and the impact of SB 573. Investigations were conducted on equalization requests by taxpayers or the State Board of Equalization, and recommendations were made of findings.

Sales Valuation Programs

The 1977 statutory change by HB 1452 requires that assessors submit to the Property Tax Administrator sales that are screened, verified, and coded.

The Division is beginning a program to analyze sales and assessments with the following objectives:

To assist the manual staff in developing 1977 base-year manuals and related data using 1976 information.

To assist the 1% review crew between January 1, 1979 and September 1, 1982 with plus or minus abstract valuation recommendations to the Board of Equalization if the assessment procedures and methods necessary to produce the 1973 level of value are not followed.

To produce an annual sales/assessment ratio study report for use by assessors and other local and State bodies.

To assist the assessors in reappraising between January 1, 1979 and May 24, 1983 to the 1977 level of value developing units of comparison.

All of these objectives are on-going and will apply to each future base year level of value. These objectives will be developed through the use of a terminalized computer. The computer and necessary programming will be provided for by a commercial contractor.

County Maps of Parcels of Land

The 1973 C.R.S. 39-5-103 (5) provides that "Prior to January 1, 1981, each assessor shall maintain full, accurate, and complete maps showing the parcels of land in his county." A further provision is that "Guidelines shall be established by the Administrator to produce uniformity throughout the State." These guidelines required of the Administrator are contained in publication AH 302, Real Estate Parcel Identification and Mapping Specification.

Forty-two counties currently are in various stages of implementation. Twenty of these are at full map inventory, the remaining twenty-two are in different degrees of production. Production trends continue towards in-house method over contractor involvement. An audit program has shown over-all compliance with established specifications.

Data Processing By the Division

The State Division of ADP provides central services for three (3) subsystems of processing information. These systems are: The commodity price annual report, the exempt properties records and reports, and the analysis and reports from the abstracts of assessment from the counties.

During 1976, the STACO Program was transferred from the State ADP to a commercial vendor to operate all joint State-County development and operational programs.

During 1977, a commercial contractor was awarded a contract to develop and operate a system of statistical analysis. This system will provide valuable statistical and comparative data for counties and will include the sales/assessment ratio study.

SECTION III

STATE-COUNTY COST SHARING

III STATE COUNTY COST SHARING ASSOCIATION

Concept of STACO

The State-County (STACO) System is a cooperative effort whereby the State and individual counties participate in utilizing data processing programs for valuing properties in each county in the State of Colorado. The State and counties share the cost for development and implementation of programs.

Status of Operations

The STACO service center is now housed with a commercial contractor. It has completed the conversions of all cost programs, originally housed at the State Data Processing Service Center. Programs of multiple regression analysis for generating the estimated selling price and property comparison of sales prices and property characteristics have also been completed.

STACO Membership

The STACO valuation system has become a reality for all counties desiring to obtain and implement specified data processing programs for valuing properties while sharing the costs of program development. The system allows for the storing, updating of property characteristics and valuation of property in accordance with Colorado statutes.

Future Activity and Membership of STACO

The security provision of the system allows any member to maintain absolute control of the property records. The application programs of cost, sales, and income may be used by the county to update and establish maintenance of all property records. Access to the system may be by document, tape, or terminal. The system can also provide the abstract, certification, tax roll and tax billing for any size operation.

1. The first part of the document is a list of names.

2. The second part is a list of dates.

3. The third part is a list of locations.

4. The fourth part is a list of events.

5. The fifth part is a list of people.

6. The sixth part is a list of organizations.

SECTION IV

ASSESSED VALUATION ABSTRACT DATA

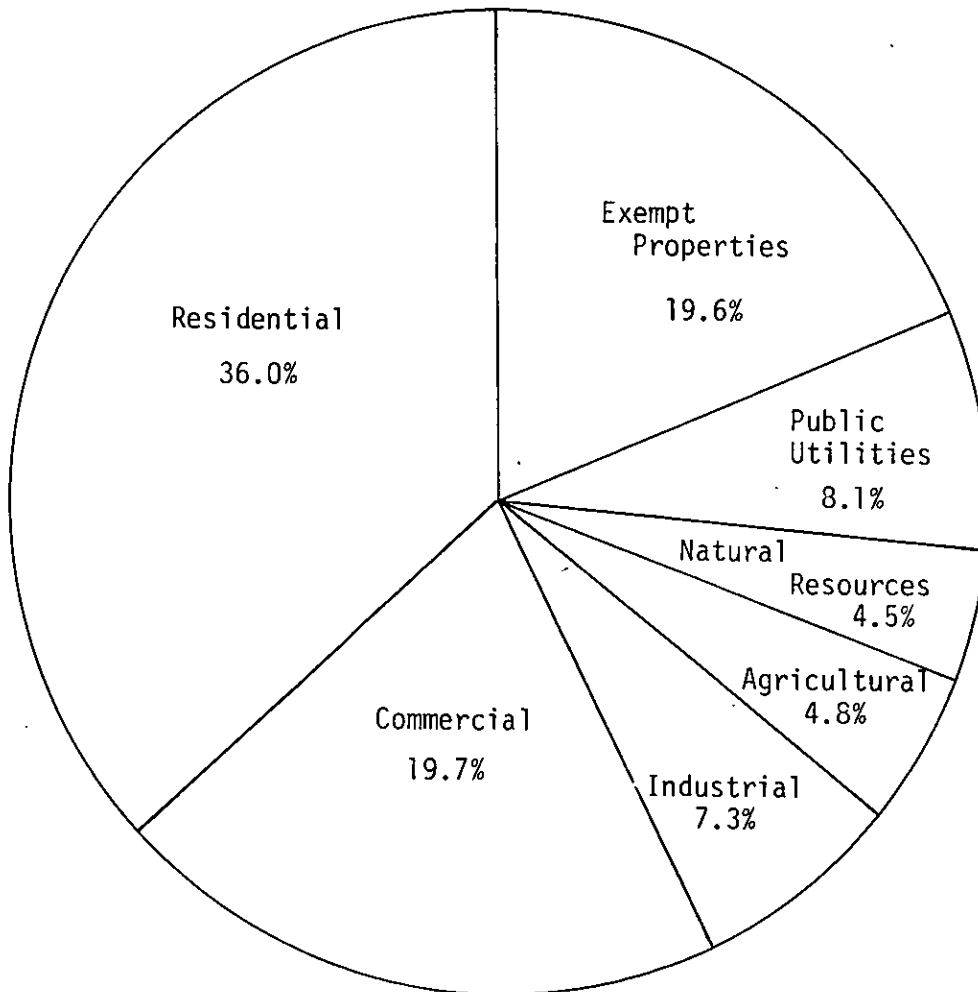

ASSESSED VALUATION ABSTRACT DATA

ABSTRACT DATA FOR YEAR 1870 to 1977

Year	Assessed Valuation	Year	Assessed Valuation	Year	Assessed Valuation	Year	Assessed Valuation

SECTION VII

TAXABLE REAL AND PERSONAL PROPERTY ASSESSED BY COUNTIES

The following counties had Abstract changes effected and approved by the State Board of Equalization:

Alamosa
Eagle
Grand
Gunnison

Larimer
Park
Routt
Summit

The following county submitted their Abstract direct to the State Board of Equalization for approval:

Mesa

 Regional Transportation District Adams, Arapahoe, Boulder,
 Denver, Douglas, Jefferson, Weld

SECTION XI

CERTIFICATION OF REVENUES AND LEVIES BY COUNTY AS OF JANUARY 1, 1978

FOOTNOTES:

- (A) Excess Levy approved by Division of Local Government.
- (B) Excess Levy Revenue voted at Special Election
- (C) Head — Per Head
- (D) Acres — Per Acre
- (E) Acre Feet — Per Acre Feet

Exceptions by County:

- (1) Alamosa — No Mill Levy required for Deer Valley Meadows Water & Sanitation.
- (2) Denver — Last Year's Mill Levy on Littleton Fire Protection District.
- (3) Dolores, City of Dove Creek — Dove Creek Sanitation District and County Library Fund not approved by DLG. Left blank by County Commissioners. Statutory limits applied.
- (4) Douglas — Law Enforcement Administration does not include Castle Rock and Littleton.
- (5) Eagle — Library Fund does not encompass entire county.
- (6) El Paso — Library Fund does not encompass entire county.
- (7) Jefferson — Levy reduced to allowable limits by direction of DLG.
- (8) Jefferson — No levy certified by District. Levies calculated to allowable limits set by DLG.
- (9) Logan — Assessed Valuation is \$816,650 less than amount approved by SBE. Duplicate assessed valuation in Sterling District.
- (10) Park — Corrected figures not received by press time.
- (11) Routt — Morrison Creek Water & Sanitation subject to change by Court or other actions.
- (12) Saguache — Assessed Valuation is \$1,417,390 less than amount approved by SBE. This is due to BAA adjustment of Subdivision Land.

BAA — Board of Assessment Appeals
DLG — Division of Local Government
SBE — State Board of Equalization

The following Counties had adjustments to Abstracts effective on Certificate of Levies and Revenue due to changes required by and implementation of HB-1452:

Arapahoe	—	\$1,473,859 greater	Ouray	—	\$ 184,050 greater
Boulder	—	516,360 less	Prowers	—	23,830 less
Elbert	—	89,380 less	Rio Grande	—	84,980 less
Lincoln	—	10,510 less	Summit	—	380,763 greater
Mesa	—	308,710 greater			

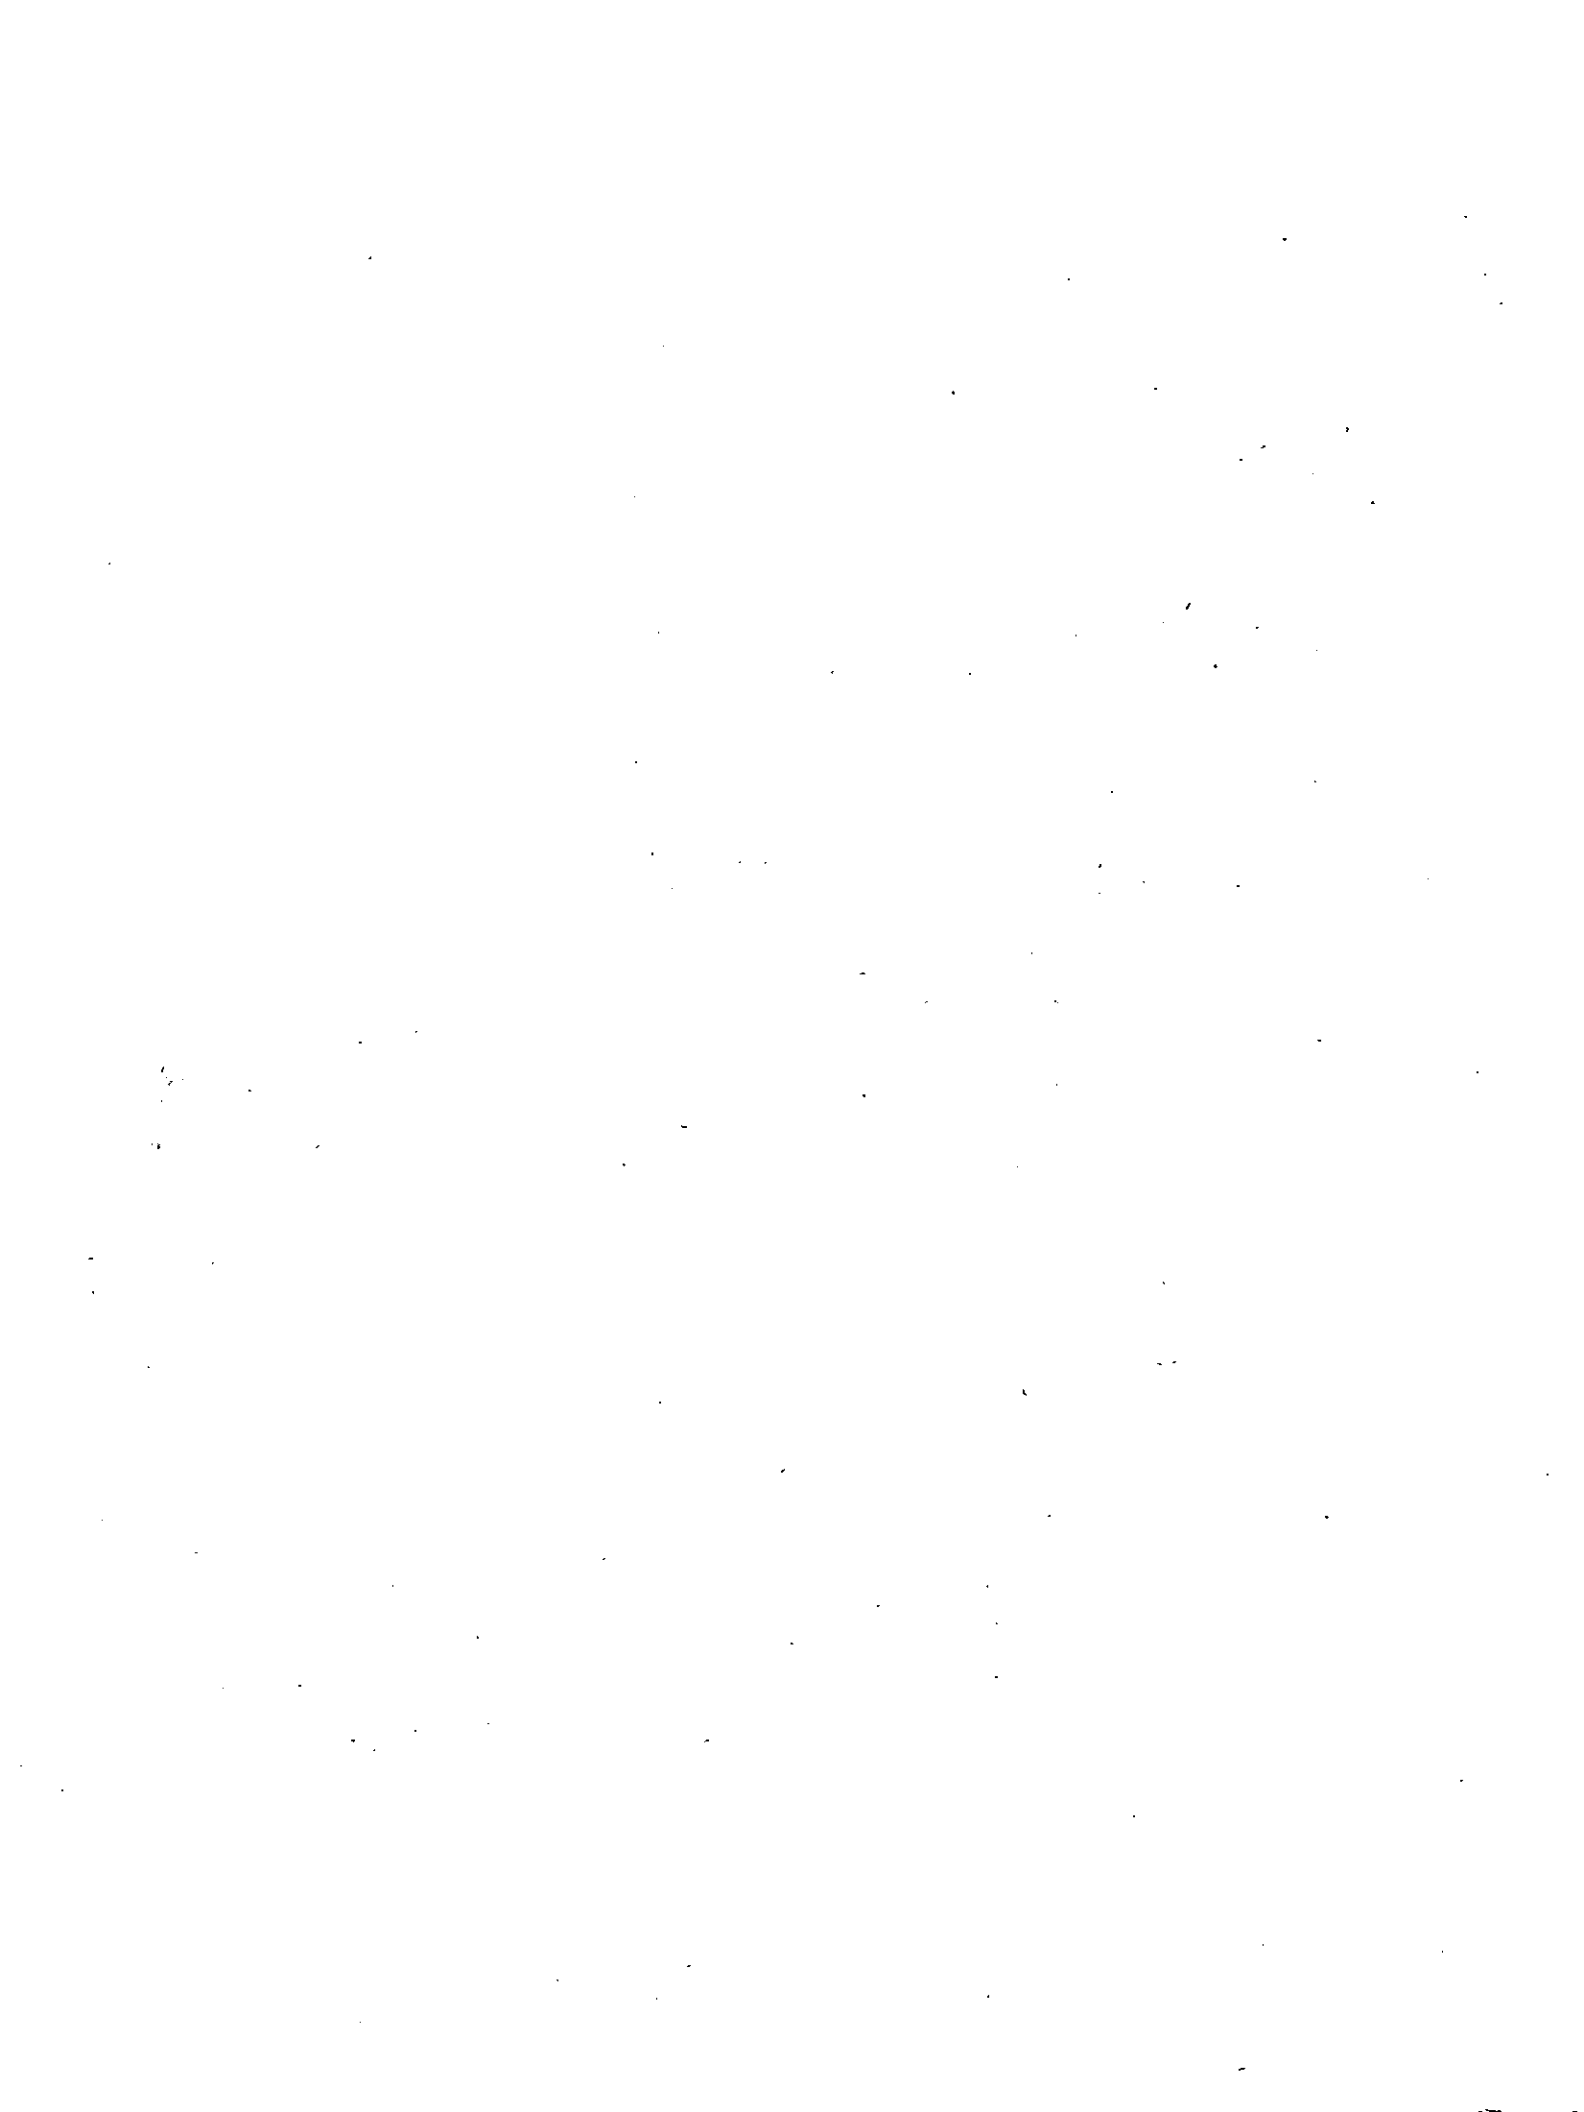

School District Coding:

Unique School District within a county: Designated by the last position of the code which is assigned either a "0" or a "5."

Joint School Districts between counties: Designated by the last position of the code consisting of the numbers "1" through "4."

The Headquarter Company is designated by the code number "1."

The adjoining counties are indicated by a code number of "2," "3," or "4," assigned to the counties alphabetically.

(1) Averages will not add to the Total Average County Levy because denominators (Assessed Valuation) are not common to all.

(2) Municipal Revenues are divided by the sum of Municipal Assessed Valuations.

(3) Special District Revenues are divided by the sum of all Special District Assessed Valuations.

PETITIONS FOR ABATEMENT, REBATE AND REFUND OF TAXES PASSED UPON BY
THE DIVISION OF PROPERTY TAXATION
FROM JANUARY 1, 1977 to DECEMBER 31, 1977
