## **DIVISION OF PROPERTY TAXATION Department of Local Affairs**

TO THE

**GOVERNOR AND THE LEGISLATURE**

RICHARD D. LAMM  
Governor

RAYMOND E. CARPER  
Property Tax Administrator

DEPARTMENT OF LOCAL AFFAIRS  
DIVISION OF PROPERTY TAXATION

623 STATE CENTENNIAL BUILDING  
1313 SHERMAN STREET  
DENVER, COLORADO 80203  
303 839-2371

January 15, 1980

MEMBER  
International Association  
of Assessing Officers

ANTHONY G. FERRARO  
Director of Appraisals

The Honorable Richard D. Lamm  
Governor of Colorado  
and  
The General Assembly of the  
State of Colorado

Gentlemen:

This report includes the statistical information concerning  
property taxes and property tax revenues involving local  
governmental agencies.

The Property Tax Administrator submits this in compliance  
with 1973 C.R.S. 39-2-119, as amended.

Respectfully submitted,

RAYMOND E. CARPER  
Property Tax Administrator

## SECTION II

### ADMINISTRATION

## II. ADMINISTRATION

### Assessment of Public Utilities

In compliance with Article 4, Title 39, 1973 C.R.S., the Tax Administrator is required to annually value and assess all public utilities. The statute defines public utilities as those entities which do business in this State as railroad company, airline company; electric company, telephone company, telegraph company, gas company, gas pipeline carrier company, domestic water company, pipeline company, coal slurry pipeline, or private car line company.

The Colorado statutes provide that the Administrator shall use annually the specified value indicators for the unit valuation of public utilities. The unit value concept of the statute provides for tangible property consisting of plant; specific intangibles; gross and net operating revenues, capitalized; the average market value of outstanding securities. The Administrator, utilizing commonly accepted valuation principles, shall establish a weighting of all valuation criteria. The Colorado allocation is established either by statute or by utilizing commonly recognized methods, and, likewise, the county apportionment is subject to either statutory requirements or commonly accepted methods.

The 1979 tax year required the valuation and assessment of 304 companies. They consisted of:

Transportation	165
Power	37
Communications	52
Gas Companies	37
Water Companies	13

The public utilities assessed for the tax year 1979 had an assessed value of \$1,287,664,090.

The per cent change of assessed value for the last three years is as follows:

1979	+ 7.4%
1978	+10.5%
1977	+12.5%

Assessment Year	Assessed	Increase
1979	\$1,287,664,090	\$ 88,708,310
1978	1,198,955,780	113,444,140
1977	1,085,511,640	121,013,390

County assessors, county boards of commissioners, and the utility companies have the statutory right to protest to the Administrator, and then to the Board of Assessment Appeals the assessment determination of the Administrator. There were 33 protests filed during 1979 involving 31 companies and 60 counties. There were two appeals to the Board of Assessment Appeals by one county. One appeal involved the county apportionment pertaining to an electric company. The other appeal involved the Railroad Revitalization and Regulatory Reform Act by reason of which the Administrator reduced the assessed value for 1979 from the statutory 30% to 21% required by the above-mentioned Federal law. In both instances, the Board of Assessment Appeals upheld the Administrator.

### Application for Abatement or Refund of Taxes

The Property Tax Administrator received 3,169 petitions for abatement or refund of taxes. The abatements or refunds totaled \$1,715,690 and the denials amounted to \$25,096 in taxes. On occasion, the Administrator reviews and conducts limited field audits to determine the status between the county commissioners and the assessors recommendation on the issue of abatements or refunds.

### Property Tax Exemptions

1973 C.R.S., 32-2-117, requires the Administrator to determine the exempt status of property that is owned and used solely and exclusively for religious worship, for schools, and for strictly charitable purposes. During the tax year 1979, the Division received 535 applications for exemption from general taxation; 308 were for property claimed to be used for religious worship, 206 for property claimed to be used for strictly charitable purposes, and 21 were for property claimed to be used for schools.

The Division processed 490 applications for exemption; 386 were granted, 22 were granted in part, 66 were denied, 16 were returned to the respective county assessors or to the claimant as not being subject to determination by the Administrator, and at year end there were 111 applications in various stages of processing.

In addition to investigating the initial request for exemption, the Division also has the responsibility of examining the annual reports required to be filed by owners of property which has previously been granted exemption as being owned and used for religious worship, for schools, and for strictly charitable purposes, to determine if such property continues to qualify for such exemption.

The Division mailed 6,270 pre-printed reporting forms to owners of exempt property followed by 459 second notices to those who failed to return the reports by the due date. Field investigations were made in a number of instances where exemption of the property appeared questionable. Orders were issued revoking the exemption of 38 parcels of property having an estimated actual value of \$2,361,550.

The Division issued 251 notices declaring a forfeiture of the exemption on property for which the owner had failed to file a report. Of these, 191 were rescinded upon adequate showing by the owner that the property was eligible for continued exemption. The remaining 60, representing property which was returned to the tax roll, had an estimated value of \$2,640,500.

1973 C.R.S. 39-3-101 (1) (g) (B) (C) makes specific provisions for exemption of certain senior citizen apartment projects. The Division reviewed 60 such projects, having 6,414 apartments. Of these, 4,171, or 66%, were found to be eligible for exemption.

Hearings were held by the Administrator on 21 petitions for reconsideration. Eight appeals were heard by the Board of Assessment Appeals relative to application for exemption which had been denied.

### **Technical Services To Counties**

It is the statutory duty of the Administrator to assist and cooperate in the administration of all laws concerning the valuing of taxable property, the assessment of the same, and the levying of property taxes. The exercise of this authority is contained in C.R.S. 39-2-109 (1) (b).

County assessors requested appraisal assistance in the valuation of various types of properties such as: residential lands, including subdivision lands, open-space lands, and the improvements thereon; commercial land and improvements; industrial plants; agricultural lands and building improvements; producing metalliferous and nonmetalliferous properties; producing coal properties; oil and gas well equipment; lease equipment; oil and gas drilling rigs, and mobile homes.

Assistance was also requested and rendered by Division personnel in training county assessors' office personnel in all types of property appraisal; the training of office personnel in the installation and control of office systems; the review of mapping contracts; instruction in mapping and parcel identification systems; appearing and giving testimony for counties before the Board of Assessment Appeals and county boards of equalization.

Two narrated slide cassette programs were prepared which were data processing for assessors and classification of residential improvements. These programs are available to assessors upon request.

### **Training and Education**

Two annual schools for Colorado assessors and their employees were conducted at Colorado University in 1979. The 19th Annual Assessors School was postponed from October 1978 to January 1979, and there were 239 in attendance. Courses offered included two Basic classes, Residential, Commercial, Personal Property, Agricultural, Appraisal Statistics and Assessment Administration. The 20th Annual School for assessors and their employees was held in October 1979. Seven classes were offered consisting of two Basic classes, Residential, Commercial, General Office, Narrative Report Writing (appraisals) and Assessment Administration. There were 247 students in attendance.

The Division conducted several area schools and seminars in 1979 on personal property valuation, coal mine valuation, oil and gas drilling rigs valuation, and data processing. The area schools were conducted in various locations throughout the State with a total of 235 students participating.

The AH 528 Mobile Equipment Manual was completely revised and updated with current prices. This manual lists the value of mobile machinery and self-propelled construction equipment, and is used by the Colorado Department of Revenue and county clerks for purposes of licensing.

The AH 547, Agricultural Equipment Manual, was extensively researched and was published. This publication is used as a supplement and contains farm equipment prices not found in the "Official Guide of Tractors & Farm Equipment" used by county assessors.

Annual supplemental updates were also researched and published for AH 307, Property Classification and Identification Manual; AH 505, Cost Factoring Information and Percent Good Tables; AH 513, Residential Replacement Cost Manual; and AH 523 Commercial and Industrial Replacement Cost Manual.

### **Intercounty Equalization Surveys**

The Appraisal Section conducted a study in conjunction with the assessors to determine the methods and procedures used to value personal property for 1979. Those counties whose personal property values for the tax year 1979 were lower than the assessed values for 1978 were reviewed for use of proper procedures and final value. Investigations were conducted on equalization requests by taxpayers and recommendations were made of the findings. At the request of assessors, the Division assisted in the valuation and apportionment of all the oil and gas drilling rigs that were located in the State during the tax year 1979.

### **Sales Valuation Programs**

1973 C.R.S. 39-1-103 (8) requires that assessors submit to the Administrator all sales that are screened, verified, and coded. The Division is developing a program to analyze sales and assessments through the use of terminal-computer equipment. The program is being accomplished with the loan of a programmer from the Department of Local Affairs. The Criminal Justice Computing Center will be utilized for actual operation.

### **Data Processing By The Division**

The General Government Computing Center provides operating services for three sub systems of information processing for the Division. These sub systems are: The Commodity Price Update and Report; The Exempt Properties Records and Reports; and, the summation and Comparison Reports of the Abstracts of Assessment.

In 1979 the decision was made to discontinue all systems work and operations with an outside contractor. Considerable effort has been expended toward correcting programs and files for use at the Criminal Justice Computing Center, and toward debugging and completing existing systems and programs.

### **County Maps of Parcels of Land**

The preparation of maps and implementation of parceling has not changed significantly since the 1978 Annual Report. Fifty-five counties have undertaken an extensive mapping and parceling program. Several counties remain uncommitted even though 1973 C.R.S., 39-5-103 (5), provides that "prior to January 1, 1981, each assessor shall prepare and maintain full, accurate and complete maps showing the parcels of land in his county."

Guidelines were approved by the Statutory Advisory Committee to the Administrator and are contained in the 1977 publication of AH 302, Real Estate Parcel Identification & Mapping Specification.

# SECTION X

## CERTIFICATION OF REVENUES AND LEVIES BY COUNTY AS OF JANUARY 1, 1980

### FOOTNOTES:

- (A) Excess Levy approved by Division of Local Government
- (B) Excess Levy Revenue voted at Special Election
- (C) Head — Per Head
- (D) Acres — Per Acre
- (E) Acre Feet — Per Acre Feet
- (F) Wells — Per Well

### Exceptions by County:

- (1) Jefferson — Assessed valuation of Certification of Levies and Revenue may not agree with Annual Abstract data due to changes by County Assessor's office.
- (2) — In the following counties the County Abstract of Assessment approved by the State Board of Equalization, does not agree with the assessed valuation reported in the County Certification of Levies and Revenue: Arapahoe; Boulder; Chaffee; Delta; Elbert; El Paso; Gilpin; Jefferson; Larimer; Mesa; Rio Grande; Summit; Teller; Weld.
- (3) Saguache — Under Local Improvement and Service Districts: Town of Bonanza — Building demolition costs to be collected.  
Town of Saguache — Delinquent water and sanitation bills to be collected.
- (4) Douglas — Law Enforcement Authority does not encompass entire county.
- (5) Eagle — The Regional Library Fund does not encompass entire county.
- (6) Montrose — The Regional Library Fund does not encompass entire county.
- (7) Pitkin — The Regional Library Fund does not encompass entire county.

### School District Coding:

#### Unique School District *within* a county:

Designated by the last position of the code which is assigned either an "0" or a "5."

#### Joint School Districts *between* counties:

Designated by the last position of the code consisting of the numbers "1" through "4." The Headquarter County is designated by the code number "1." The adjoining counties are indicated by a code number of "2," "3," or "4," assigned to the counties alphabetically.

(1) Averages will not add to the Total Average County Levy because denominators (Assessed Valuation) are not common to all.

(2) Municipal Revenues are divided by the sum of Municipal Assessed Valuations.

(3) Special District Revenues are divided by the sum of all Special District Assessed Valuations.
