**DIVISION OF PROPERTY TAXATION**  
Mary Anne Maurer  
Property Tax Administrator

May 8, 1981

The Honorable Richard D. Lamm  
Governor of Colorado  
and  
The General Assembly of the  
State of Colorado

Gentlemen:

This report includes the statistical information concerning property taxes and property tax revenues involving local governmental agencies.

The Property Tax Administrator submits this in compliance with 1973 C.R.S. 39-2-119, as amended.

Respectfully submitted,

Mary Anne Maurer  
Property Tax Administrator

## SECTION II

### ADMINISTRATION

## II. ADMINISTRATION

### Assessment of Public Utilities

In compliance with Article 4, Title 39, 1973 C.R.S., the Tax Administrator is required to annually value and assess all public utilities. The statute defines public utilities as those entities which do business in this State as railroad company, airline company, electric company, telephone company, telegraph company, gas company, gas pipeline carrier company, domestic water company, pipeline company, coal slurry pipeline, or private car line company.

The Colorado statutes provide that the Administrator shall use annually the specified value indicators for the unit valuation of public utilities. The unit value concept of the statute provides for tangible property consisting of plant; specific intangibles; gross and net operating revenues, capitalized; the average market value of outstanding securities. The Administrator, utilizing commonly recognized methods, and, likewise, the county apportionment is subject to either statutory requirements or commonly accepted methods.

County assessors, county boards of commissioners, and the utility companies have the statutory right to protest to the Administrator, and then to the Board of Assessment Appeals the assessment determination of the Administrator.

### Application for Abatement or Refund of Taxes

The Property Tax Administrator received 2,888 petitions for abatement or refund of taxes. The abatements or refunds totaled \$1,420,562.56 and the denials amounted to \$108,579.16 in taxes. On occasion, the Administrator reviews and conducts limited field audits to determine the status between the county commissioners and the assessors recommendation on the issue of abatements or refunds.

### Property Tax Exemptions

1973 C.R.S. 32-2-117 requires the Administrator to determine the exempt status of property that is owned and used solely and exclusively for religious worship, for schools, and for strictly charitable purposes. During the tax year 1980 the Division received 493 applications for exemption from general taxation; 238 were for property claimed to be used for religious worship, 226 for property claimed to be used for strictly charitable purposes, and 29 were for property claimed to be used for schools.

The Division processed 495 applications for exemption; 355 were granted, 49 were granted in part, 82 were denied, 9 were returned to the respective county assessors or to the claimant as not being subject to determination by the Administrator, and at year end there were 109 applications in various states of processing.

In addition to investigating the initial request for exemption, the Division also has the responsibility of examining the annual reports required to be filed by owners of property which has previously been granted exemption as being owned and used for religious worship, for schools, and for strictly charitable purposes, to determine if such property continues to qualify for such exemption.

The Division mailed 6,395 pre-printed reporting forms to owners of exempt property followed by 505 second notices to those who failed to return the reports by the due date. Field investigations were made in a number of instances where exemption of 75 parcels of property having an estimated actual value of \$7,520,800.

The Division issued 279 notices declaring a forfeiture of the exemption on property for which the owner had failed to file a report. Of these, 231 were rescinded upon adequate showing by the owner that the property was eligible for continued exemption. The remaining 48, representing property which was returned to the tax roll, had an estimated value of \$2,843,300.

1973 C.R.S. 39-3-101 (1)(g)(B)(C) makes specific provisions for exemption of certain senior citizen apartment projects. The Division reviewed 63 such projects, having 6,693 apartments. Of these, 4,312, or 62%, were found to be eligible for exemption.

Eleven appeals were filed with the Board of Assessment Appeals relative to application for exemption which had been denied; 1 was withdrawn, 2 were dismissed, 3 were denied and 5 are pending.

### Technical Services to Counties

It is the statutory duty of the Administrator to assist and cooperate in the administration of all laws concerning the valuing of taxable property, the assessment of the same, and the levying of property taxes. The exercise of this authority is contained in C.R.S. 39-2-109 (1) (b).

County assessors requested appraisal assistance in the valuation of various types of properties such as: residential lands, including subdivision lands, open-space lands, and the improvements thereon; commercial land and improvements; industrial plants; agricultural lands and building improvements; producing metalliferous and nonmetalliferous properties; producing coal properties; oil and gas well equipment; lease equipment; oil and gas drilling rigs, and mobile homes.

Assistance was also requested and rendered by Division personnel in training county assessors' office personnel in all types of property appraisal; the training of office personnel in the installation and control of office systems; the review of mapping contracts; instruction in mapping and parcel identification systems; appearing and giving testimony for counties before the Board of Assessment Appeals and county boards of equalization.

### **Training and Education**

An Annual School for Colorado Assessors and their employees was conducted at Colorado University in 1980. 263 people attended various courses including Basic, Residential, Personal Property, Commercial, Assessment Administration and Mass Appraisal of Properties.

Two area schools, a Law Seminar and a Mobile Home Valuation Seminar were provided in 1980. The Law Seminar was offered in two locations: Colorado Springs and Glenwood Springs with 82 people attending. The Mobile Home Valuation Seminar was offered in four locations: Eagle, Montrose, Pueblo, and Greeley with 152 people attending.

### **Intercounty Equalization Surveys**

The Appraisal Section conducted a study in conjunction with the assessors to determine the methods and procedures used to value personal property for 1979. Those counties whose personal property values for the tax year 1979 were lower than the assessed values for 1978 were reviewed for use of proper procedures and final value. Investigations were conducted on equalization requests by taxpayers and recommendations were made of the findings. At the request of assessors, the Division assisted in the valuation and apportionment of all the oil and gas drilling rigs that were located in the State during the tax year 1980.

### **Sales Valuation Programs**

1973 C.R.S. 39-1-103 (8) requires that assessors submit to the Administrator all sales that are screened,

verified, and coded. The Division is developing a program to analyze sales and assessments through the use of terminal-computer equipment. The program is being accomplished with the loan of a programmer from the Department of Local Affairs. The Criminal Justice Computing Center will be utilized for actual operation.

### **Data Processing by the Division**

The General Government Computing Center provides operating services for three sub systems of information processing for the Division. These sub systems are: The Commodity Price Update and Report; The Exempt Properties Records and Reports; and, the summation and Comparison Reports of the Abstracts of Assessment.

In 1979 the decision was made to discontinue all systems work and operations with an outside contractor. Considerable effort has been expended toward correcting programs and files for use at the Criminal Justice Computing Center, and toward debugging and completing existing systems and programs.

### **County Maps of Parcels of Land**

The 1973 C.R.S. 39-5-103.5 provides that "prior to January 1, 1981, each assessor shall prepare and maintain full, accurate, and complete maps showing the parcels of land in his county". The preparation of maps and implementation of parceling has not changed significantly the past two years. Fifty-seven counties have undertaken a mapping and parceling program. Six counties had no mapping program as of January 1, 1981.

An additional provision of this statute states that "guidelines shall be established by the administrator to produce uniformity throughout the State". These guidelines have been approved and published for use in all sixty-three counties. However, the primary problems are maintenance of mapping systems and enforcement of the January 1, 1981, mandate of the Legislature.

Maps are an invaluable appraisal tool. They provide control of assessment records, identifies parcels of land, land use characteristics, socioeconomic patterns and gives a method for modern and efficient presentation of mapping data. Thus, it is important that continued efforts are made to provide the assessor and taxpayer with useful and beneficial maps.

# SECTION X

## CERTIFICATION OF REVENUES AND LEVIES BY COUNTY AS OF JANUARY 1, 1981

### FOOTNOTES:

- (A) Excess Levy approved by Division of Local Government.
- (B) Excess Levy Revenue voted at Special Election
- (C) Head                    — Per Head
- (D) Acres                   — Per Acre
- (E) Acre Feet             — Per Acre Feet
- (F) Wells                   — Per Well

### School District Coding:

Unique School District *within* a county:

Designated by the last position of the code which is assigned either an "0" or a "5."

Joint School Districts *between* counties:

Designated by the last position of the code consisting of the numbers "1" through "4." The Headquarter County is designated by the code number "1." The adjoining counties are indicated by a code number of "2," "3," or "4," assigned to the counties alphabetically.

(1) Averages will not add to the Total Average County Levy because denominators (Assessed Valuation) are not common to all.

(2) Municipal Revenues are divided by the sum of Municipal Assessed Valuations.

(3) Special District Revenues are divided by the sum of all Special District Assessed Valuations.

PETITIONS FOR ABATEMENT, REBATE AND REFUND OF TAXES PASSED UPON BY  
THE DIVISION OF PROPERTY TAXATION  
FROM JANUARY 1, 1980 to DECEMBER 31, 1980
