The Honorable Roy Romer  
Governor of Colorado  
and  
The General Assembly of the  
State of Colorado

Governor Romer and Members of the General Assembly:

We are submitting the Twenty-second Annual Report. In addition to providing listings of assessed values in the counties and property tax revenues of the local taxing jurisdictions, the report contains statistical and summary information.

The Property Tax Administrator submits this in compliance with 39-2-119, C.R.S., as amended.

Respectfully submitted,

Mary E. Huddleston  
Property Tax Administrator

# COLORADO PROPERTY TAXES

## OVERVIEW

The Colorado property tax system provides revenue exclusively for local government services. The largest share of property tax revenue (57.1%) goes to support the state's public schools. County governments claim the next largest share (19.8%), followed by special districts (11.5%), the City and County of Denver (5.9%), and municipal governments (4.9%).

The authority for property taxation is both constitutional and statutory. Article X of the Colorado Constitution provides that all property is taxable unless declared exempt by the Constitution; and that actual value of taxable property shall be determined under the general laws to secure just and equalized valuations. The specific statutes pertaining to property taxation are found in Title 39, Articles 1 through 14, Colorado Revised Statutes.

Under the general laws of Colorado, county assessors are required to value all taxable property within their territorial jurisdictions. The State Board of Equalization has supervision over the administration of all laws concerning the valuation and assessment of taxable property and the levying of property taxes. The Division of Property Taxation, under the leadership of the Property Tax Administrator, coordinates and administers the implementation of property tax law throughout the sixty-three counties.

## RESIDENTIAL ASSESSMENT RATE

As part of an effort to head off a tax shift to residential improved property, a 1982 amendment to the Colorado Constitution provided for an adjustment of the residential assessment rate. In years of general reappraisal, the General Assembly is required to adjust the residential rate

when the proportion of statewide residential value shifts due to a change in the level of value. All other taxable property is assessed at 29 percent of its actual value, except producing mines and oil and gas leaseholds and lands.

In 1987, the General Assembly acted on reappraisal projections for the 1985 level of value and reduced the residential assessment rate from 21 percent to 18 percent of actual value.

In 1988 the General Assembly acted on actual 1987 valuations and further reduced the residential assessment rate from 18 percent to 16 percent of actual value.

In 1989 the General Assembly acted on reappraisal estimates developed by the Division of Property Taxation for the 1988 level of value and reduced the residential assessment rate from 16 percent to 15 percent. Actual assessed values reported by the counties later in 1989 substantiated the 15 percent residential assessment rate for 1989 and 1990.

In 1991 the General Assembly acted on reappraisal estimates developed by the Division of Property Taxation for the 1990 level of value and reduced the residential assessment rate from 15 percent to 14.34 percent. Actual assessed values reported by the counties later in 1991, and other reliable and relevant information considered by the State Board of Equalization, substantiated the estimated residential assessment rate of 14.34 percent for 1991 and 1992.

During the 1991 First Extraordinary Session, the Legislature enacted and the Governor signed two property tax bills. HBS 91-1036 changed the date of the State Board of Equalization's (state board) decision regarding the residential rate, in odd-numbered years, from September 20

to October 7. HBS 91-1041 increased the state board's authority to review issues other than the annual abstracts of assessment in determining whether the residential assessment rate should be changed from the 14.34 percent projected for 1991-1992.

The scope of this additional authority included, but was not limited to, review of the recommendations of the annual assessment auditor regarding subclasses of property which did not conform to statistical requirements established by the state board. 1992 Legislation restored this State Board Action to September 20th.

Table 1 indicates the percentage changes in the assessed values of each property class between the 1991 and 1992 property tax years.

**Table 1**

<u>Class</u>	<u>Percent Change 1991-1992</u>
Vacant Land	+1.38%
Residential	+2.73%
Commercial	-1.23%
Industrial	-5.15%
Agricultural	+2.20%
Natural Resources	-1.36%
Producing Mines	-73.43%
Oil & Gas	-6.42%
State Assessed	<u>+4.63%</u>
<b>Net Total</b>	<b>+ .72%</b>

Vacant land increased 1.38 percent primarily due to the State Board of Equalization ordered reappraisal of all vacant land in Arapahoe County. Residential increased 2.73 percent primarily due to market influences and new construction in the metro counties. Commercial declined 1.23 percent due to additional depreciation of personal property. Industrial decreased 5.15 percent primarily due to depreciation of

personal property. Agricultural increased 2.2 percent due to reclassification of some acreages. Natural resources declined 1.36 percent due to market forces. Producing mines improvement value declined 73.43 percent due to a Court of Appeals decision in favor of Climax Molybdenum Company in Lake County. Oil and gas decreased 6.42 percent due to reduced production volumes and lower prices. State assessed increased 4.63 percent due to market forces.

## **TAXING ENTITIES**

Because of provisions in the state school finance act, school districts with greater assessed value per pupil receive less state aid. The local property tax burden in those districts increases to fill the gap.

Table 2 indicates the percentage changes in property tax revenue by taxing entity type between 1991 and 1992 levies.

**Table 2**

<u>Taxing Entity</u>	<u>% Change 1991-1992</u>
School Districts K-12	+ .2%
Junior Colleges	no change
City & County of Denver	+ .6%
Counties	- .3%
Special Districts	+ .1%
Municipalities	<u>- .1%</u>
<b>All Entities (Net Change)</b>	<b>+ .5%</b>

## **STATE BOARD OF EQUALIZATION**

### **Membership**

The State Board of Equalization (state board) consists of the Governor or his designee, the President of the Senate or his designee, the Speaker of the House of

Representatives or his designee, and two members appointed by the Governor with consent of the Senate. Each appointed member must be a qualified appraiser, a former assessor, or a person who has knowledge and experience in property taxation. In 1992, state board members included Donald C. Eberle, Chairman and appointee of Governor Roy Romer; Lyle C. Kyle, Vice-Chairman and designee of Senate President Ted L. Strickland; Charles E. Berry, Speaker of the House of Representatives later replaced by his designee Dan Williams; Kenneth L. Salazar, designee of Governor Roy Romer, later replaced as designee by Meg Porfido; and Larry Kallenberger, appointee of Governor Roy Romer.

### **Duties and Responsibilities**

The state board has various duties concerning the administration of property tax laws and equalization of the value of classes and subclasses of taxable property. Duties of the state board are found primarily in Article X, Sections 2 and 15 of the Colorado Constitution and in Title 39, Article 9, Colorado Revised Statutes.

Among its duties, the state board reviews the findings and conclusions of the annual study and orders reappraisals in counties found not in compliance. The annual study was initiated by the 1982 amendment to the constitution, and is conducted by the Director of Research, Legislative Council [39-1-104(16), C.R.S.] The study and the resulting orders of reappraisal are the primary means of achieving statewide equalization. The state board also reviews county Abstracts of Assessment, decisions of county boards of equalization, and the policies and recommendations of the Property Tax Administrator.

### **1992 Enforcement and Repayment Actions**

During October 5-6, 1992, the state board met to review the findings and conclusions of Thimgan & Associates, audit contractor for Legislative Council.

After considering all of the evidence and testimony, the state board concluded that no counties failed to be in compliance with Colorado assessment law. Therefore, the state board was not required to enforce any orders of reappraisal. This is the first year since the annual audit of the assessors' values was instituted that no such orders were given.

### **1992 Repayment Actions for 1991 Orders**

The state board ordered repayment of 1991 excess state aid to Arapahoe County in the amount of \$ 1,454,570. Arapahoe County has appealed this order. After testimony by Saguache County, the Board voted (4-1) that the 1991 order of reappraisal was not warranted, and no repayment of state aid to schools or cost of reappraisal was ordered.

### **DIVISION OF PROPERTY TAXATION**

Under the general laws of Colorado, the Division of Property Taxation is headed by the Property Tax Administrator. The Administrator is appointed by the State Board of Equalization to serve for a five-year term and until a successor is appointed and qualified.

The primary responsibility of the Division of Property Taxation (division) is to administer the implementation of property tax law throughout the sixty-three counties so that valuations are fair, uniform, and defensible; and, thereby, that each property class contributes a fair share, no more and no

less, to total property tax revenue. In other words, the division's goal is equalization of valuation and proper distribution of property taxes throughout the state.

The division is composed of four sections: Administrative Resources, Appraisal Standards, Exempt Properties, and State Assessed Properties.

**Administrative Resources** staff serves as primary liaison to the sixty-three counties in determining existing and future needs for assistance from the division in any area while providing technical consultation and assistance to county staff. In addition, the section serves as a liaison and coordinator with a variety of other agencies having an interest in property taxation.

The staff conducts all courses dealing with statutory reporting and the administration of an assessor's office and provides workshops in specialized areas of assessment administration such as parcel mapping, severed mineral assessment, and title conveyance.

The staff also researches, develops, and publishes manuals on assessment procedures and legal references, publishes the mobile equipment manual for county clerks and recorders, coordinates and edits division publications, and provides data processing coordination and administrative services for the division. They conduct research projects for the division and the General Assembly and provide administrative services for the State Board of Equalization and the Statutory Advisory Committee to the Property Tax Administrator. They also deal with taxpayer complaints and process abatement petitions.

Pursuant to the reporting requirements for county treasurers created by SB 88-184, Administrative Resources has

prepared Table 3 which lists the abatements, refunds, and cancellations of uncollectible taxes granted by each county during 1992, 1991, and 1990.

**Appraisal Standards** staff conduct all appraisal courses and develop appraisal procedures for residential, commercial and industrial properties, agricultural land, natural resource, and recreational properties. They provide workshops in specialized areas of valuation; conduct schools dealing with the cost, market, and income approaches to value; and research, write, and publish manuals dealing with appraisal. Consultation and appraisal assistance is provided to county staff.

**Exempt Properties** examines all applications for exemption from property taxation for property claimed to be owned and used solely and exclusively for religious worship, private schools, or charitable purposes, and makes determinations on these cases. Annual reports of exempt properties are reviewed to determine continuations of the exemptions.

The exempt properties section completed the process of promulgating rules and regulations as required by SB 89-237.

**State Assessed Properties** values all public utility and transportation properties in the state.

## 1992 PROPERTY TAX LEGISLATION

### SB 92-50: Concerning property taxes.

#### **Section 1:** 39-1-113, C.R.S., Abatement and refund of taxes.

Adds section (1.5) that allows the board of county commissioners to authorize the assessor to review petitions for abatement or refund and to settle by mutual written agreement any petition for \$1,000 or less in tax per tract, parcel, or lot of land or per schedule of personal property. We are interpreting the \$1,000 limit to apply to individual tax years. Petitions settled in this manner do not require a hearing before the board of county commissioners. In situations where agreement cannot be reached, the taxpayer must have a hearing before the county commissioners. The assessor does not have the authority to deny petitions.

Adds section (1.7) that requires all abatement petitions to be acted upon within six months of filing with the board of county commissioners or the assessor, as appropriate. This applies to petitions filed after the effective date of the bill.

Adds section (2)(b) to give the assessor the authority upon agreement with a taxpayer's request for abatement to order the abatement or refund of taxes pro rata by all taxing jurisdictions receiving payment.

Amends section (5) to require notice of hearing on only those petitions that cannot be settled by the assessor or those exceeding \$1,000 in tax per tract, parcel, or lot of land or per personal property schedule.

Clarifies section (6) which allows a taxpayer to file an abatement if he chose to go to binding arbitration in the prior year and the arbitrator's decision was not issued before

the first day of the assessor's protest period in the current year. Approval is not guaranteed, only the right to a hearing.

#### **Section 2:** 39-2-123, C.R.S., Board of assessment appeals created - members - compensation.

Amends section (2) to require board of assessment appeals' members to be registered, licensed, or certified as provided in Part 7, Article 61 of Title 12, C.R.S., by June 1, 1993. If any member fails to comply with this requirement, that member's position will be vacated and filled in the same manner as other vacancies. Thereafter, the member must be registered, licensed, or certified prior to appointment.

#### **Section 3:** 39-2-125, C.R.S., Duties of the Board.

Adds section (1)(h) to allow the board of assessment appeals to collect filing fees authorized by 39-8-108(1), C.R.S., and states such filing fees will be transmitted to the state treasurer for deposit in the general fund.

#### **Section 4:** 39-5-121, C.R.S., Notice of adjusted value. (not to be implemented until 1993)

In sections (1) and (1.5), the sentence, "The notice shall also state, in general terms, the administrative or legal remedies available to the taxpayer," has been stricken. This will simplify the standards for the real and personal property Notice of Valuation forms. The Act places the requirement of notification of the next step at each level in the appeals' process.

#### **Section 5:** 39-5-122, C.R.S., Taxpayer's remedies to correct errors.

Amends section (2) to change the date

the assessor must mail personal property notices of determination from July 5 to July 10.

**Section 6:** 39-8-102, C.R.S., Duties of county board of equalization.

Amends (2)(i) to say that persons that have represented any taxpayer in a protest and appeal or abatement/refund action cannot be appointed as an independent referee for the county wherein such property is located. In addition, a person serving as an independent referee cannot hear a taxpayer's appeal and then represent that taxpayer in a subsequent appeal action, valuation or abatement.

**Section 7:** 39-8-106, C.R.S., Petitions for appeal.

Amends section (1)(a) to change the deadline for filing personal property appeals with the CBOE from July 15 to July 20.

Adds section (1.5) to say that any petition for appeal relating to real property filed with the CBOE must contain a specific dollar amount which is being offered as the correct valuation. It further states that this provision shall not be construed to exempt paid agents of taxpayers from the certification and licensing requirements established by the Colorado Appraisal Standards Board where applicable.

**Section 8:** 39-8-108, C.R.S., Decision - review - opportunity to submit case to arbitration.

Amends section (1) to require that the document notifying the petitioner of the CBOE decision also states the petitioner's right to appeal to the board of assessment appeals, the district court, or binding arbitration and the deadline for each filing. It also states that all filings with the BAA,

except those where a taxpayer is representing himself, shall be accompanied by a nonrefundable filing fee of \$25 per tract, parcel, or schedule of real or personal property. However, if the appeal involves more than one parcel or tract of real property owned by the same taxpayer and the issues are the same, one filing fee of \$25 shall be sufficient.

Amends section (2) to require that decisions of the board of assessment appeals include the petitioner's or respondent's right to petition the court of appeals for judicial review.

Amends section (5)(d) to require that if the taxpayer requests the data supporting the assessor's valuation prior to hearings before the BAA, district court, or binding arbitration, the request must be accompanied by the data supporting the taxpayer's valuation. However, this disclosure does not prohibit the introduction of additional data at the hearing discovered as a result of the exchange of the information.

**Section 9:** 39-8-108.5, C.R.S., Arbitration of property valuations - arbitrators - qualifications - procedures.

Amends section (1)(b) to state that on or after June 1, 1993, all arbitrators must be registered, licensed, or certified appraisers.

Adds section (1)(c) to prohibit a person who has represented a taxpayer in a protest, appeal, or abatement/refund action from serving as an arbitrator in the same tax year in the county where such property is located.

Amends section (2)(a) to limit the time a taxpayer requesting binding arbitration has to select an arbitrator to forty-five days after the CBOE decision or thirty days from the date the list is made available in any given

year, whichever is later. If the CBOE and taxpayer cannot agree upon an arbitrator within that time period, the district court will select the arbitrator from the list.

**Section 10:** 39-1-104, C.R.S., Valuation for Assessment.

Amends (11)(b)(I), the unusual condition statute, to include the "...installation and operation of surface equipment relating to oil and gas wells on agricultural land" as one of the unusual conditions that will allow an assessor to revalue property in an intervening year.

**Section 11:** 39-5-122, C.R.S., Taxpayers remedies to correct errors.

Amends (2) to include, as a reason for a taxpayer to protest, the "...installation and operation of surface equipment relating to oil and gas wells on agricultural land."

Governor Romer signed into law June 3, 1992, except Section 4 which is effective January 1, 1993.

**SB 92-101: Concerning Property Taxes**

**Section 1:** 39-1-103, C.R.S., Actual value determined - when.

Changes section (14)(b) which describes the method used to value vacant land. It limits the costs of development used in the present worth calculation to direct cost of development and states that indirect costs, such as marketing, overhead, or profit shall not be considered or taken into account in the discounting procedure.

**Section 2:** 39-1-104.2, C.R.S., Legislative declaration - adjustment of residential rate - role of state board of equalization.

Changes the date in section (7)(a) from October 7 back to September 20. This is the date the state board adjusts the residential rate in odd numbered years if the level of value changes.

**Section 3:** 39-1-102, C.R.S., Definitions.

The definition of "fixtures," section (4), is amended to exclude security devices and systems such as security doors, security bars, and alarm systems, that are affixed to any residential improvements.

**Section 4:** 39-3-102, C.R.S., Household furnishings - exemption.

Amends section (1) to include the security devices and systems mentioned in 39-1-102 as part of household furnishings, making them exempt. Such systems and devices in apartment houses are not exempt because household furnishings that are productive of income at any time during the year are taxable for the entire year.

Governor Romer signed into law June 2, 1992.

**SB 92-143: Disclosure to residential taxpayers of special district taxes for general obligation indebtedness.**

The bill's effective date is July 1, 1992. It adds a new Part 16 to Article 1 of Title 32, C.R.S. It is a response to the default of general obligation bonds by some special taxing districts. The stated purpose of the bill is to "...protect the credit reputation of local governments of this state, to restore confidence of investors in local government obligations, and to protect owners of residential real property within special districts."

Main provisions of the bill are:

- a. Requires special districts to certify separate mill levies to the board of county commissioners, for each bond issue and contract in addition to one for the remainder of the budget of the district.
- b. Requires that notices of indebtedness incurred or authorized by a special district be filed with county clerks & recorders within 30 days.
- c. Sets a statute of limitations of January 1, 1993, on claims against districts under the old law, 32-1-1504, C.R.S., "Relief of Residential Taxpayers from Lien of Special District Taxes for General obligation Indebtedness."
- d. Requires title insurance companies to provide a "certificate of taxes due" listing each taxing jurisdiction to every purchaser of residential real property for which the title company provides insurance. Previously, this was permissive.
- e. Requires that every contract for the purchase and sale of residential real property contain a paragraph disclosing the possibility that the property may be subject to a general obligation bond, and that the purchaser should be aware of the potential for and increase in mill levies. It places the burden to provide this information on the seller. The purchaser will have a claim for relief against the seller.

Governor Romer signed on May 21, 1992.  
Effective date: July 1, 1992.

**SB 92-149: Designation of public trustees as escrow agents for tax**

**moneys in contracts for deed to real property, and in connection therewith, requiring written notice of such contracts to county treasurers.**

This bill pertains to contract sales of real property and the payment of taxes by the contract purchaser. A contract sale is one in which the title to the real property remains with the seller until the purchaser has fulfilled the terms of the contract, usually payment in full. For the purposes of this new law, "contract for deed to real property" is defined in the bill, and includes installment land contracts, 38-35-126(1)(b), C.R.S.

Section 1 adds a new section, 38-35-126, C.R.S.

- a. The public trustee of the county in which the real property is located is designated to act as escrow agent, for moneys paid by the purchaser to meet the property tax obligations on the property, including the seller's credit at closing.
- b. The contract must provide that periodic property tax payments will be made monthly by the purchaser to the public trustee.
- c. The purchaser must pay an annual fee of \$75, payable in advance, to the public trustee. This is a fee for performing the escrow duties each taxable year.
- d. During April of each year, the public trustee transfers funds from the escrow account to the county treasurer for payment of property taxes for the prior taxable year.
- e. The public trustee shall deposit escrow tax payments received in one or more financial institutions. If the

escrow account bears interest, such interest shall be retained by the public trustee to defray expenses of administering such escrow account.

- f. The public trustee may terminate the escrow account if he/she determines it is no longer necessary. The public trustee may also designate an alternate to act as escrow agent.
- g. Within 90 days of executing and delivering a contract for deed to real property, the seller must file a written notice with the treasurer of the transfer by contract. The notice shall include the names and addresses of the seller and the purchaser, the legal description of the property, the date the contract was executed and delivered, and the date or conditions upon which the deed to the property will be delivered to the purchaser.
- h. Within 90 days of executing and delivering a contract for deed to real property, the seller must also file a real estate transfer declaration with the county assessor, pursuant to 39-14-102, C.R.S.

One of the intended purposes of this bill is the collection of a higher percentage of property taxes due on subdivision lots sold by contract for deed. It does impose new burdens on all purchasers of land sold by installment land contracts. Each year they must pay a \$75 fee to the public trustee to act as escrow agent, and must make 12 monthly property tax partial payments.

Governor Romer signed on April 16, 1992.  
Effective date: July 1, 1992

**SB 92-199: Appraisals of property taken in satisfaction of indebtedness by a bank.**

This bill amends 11-8-101 and 11-22-119, C.R.S. Those statutes set requirements for state and industrial banks in the taking of property to satisfy or protect indebtedness, repossessions. It states that appraisals performed by registered, licensed, or certified appraisers are not required for properties initially valued at one hundred thousand dollars or less. The State Banking Board has established rules governing when institutions must have an independent appraisal on "other real estate" (repossessions).

Governor Romer signed into law June 1, 1992.

**HB 92-1032: Conversion of coordinates of the Colorado Coordinate System of 1983 from meters to feet.**

This bill changes the language of 38-52-103, C.R.S., to use the U.S. survey foot instead of the international survey foot. The law now reads that "One meter equals 3937/1200 feet." Previously, it read that "One foot equals 0.3048 meters exactly".

Governor Romer signed into law March 16, 1992.

**HB 92-1068: Changing statutory terms that describe moneys assessed against taxpayers for failure to timely pay property taxes.**

This bill, although lengthy, is very simple. Sections 1 through 23 of the bill change the term "penalty interest" to "delinquent interest" in appropriate property tax statutes. Section 24 amends 39-12-103(3), C.R.S., and specifies that the higher interest rate required to redeem a property after its tax lien has been sold, shall be called "redemption interest." The current rate for delinquent interest is one percent

per month. The rate for redemption interest is 9 points above the rate charged by the Federal Reserve Bank on loans made to member banks.

Federal laws prohibit the Federal Deposit Insurance Corporation (F.D.I.C.) and the Resolution Trust Corporation (R.T.C.) from paying penalties and penalty interest on past due taxes on properties they have acquired because of the failure of a financial institution. They are allowed, in most instances, to pay delinquent interest on past due taxes. It is thought that this change of terms will solve much of the problem in collecting interest owed.

Governor Romer signed into law April 9, 1992.

**HB 92-1077: Collection of delinquent property taxes.**

**Section 1:** Adds a new section, 39-10-113.5, C.R.S., to provide that when taxes become delinquent on improvements that have been valued and taxed separately from the land, the treasurer may use the statutory procedures for the collection of personal property, 39-10-111, 112, and 113, C.R.S., to force payment. The procedures are: distraint and sale of the improvement, using a collection agency, or going into court.

This provision does not apply to:

- a. Mobile homes
- b. Improvements other than buildings on agricultural land
- c. Water rights
- d. Commercial improvements unless the treasurer:
  1. Finds that the improvements may be moved, dissipated, or distributed;

2. Determines that the taxes may be uncollectible;
3. Sets forth the above in writing and either serves the findings or determination on the owner of the improvements or posts the writing on the improvements if the owner cannot be located within the state.

**Section 2:** Amends 39-10-114(2)(a), C.R.S., to allow county commissioners to cancel taxes on personal property and mobile homes which are determined to be uncollectible after a period of one year after becoming delinquent. Previously, uncollectible personal property taxes could not be cancelled until 6 years after becoming delinquent.

Governor Romer signed into law April 9, 1992.

**HB 92-1083: Requirements for filing a legal description of real property.**

The new statute in this bill should be of interest to transfer clerks and mappers in assessors' offices, 39-35-106.5, C.R.S. It provides that any deed, power of attorney, agreement, or other instrument recorded on or after July 1, 1992 which contains a newly created legal description of real property, shall include the name and address of the person who created the description. The name and address not being included on the deed will not affect validity or recordability of any instrument.

Governor Romer signed into law April 9, 1992.

**HB 92-1128: Unpaid property taxes levied upon previously omitted properties involving natural resources.**

**Section 1:** Amends 39-10-101, C.R.S., and pertains to additional assessments on producing mines and oil and gas leaseholds and lands which had previously been omitted from the tax roll.

It allows delinquent interest on the taxes levied upon such additional assessments to be calculated to accrue from the date such taxes originally would have been due had the correct production volume been reported in the proper year. For additional assessments due to the sales price being underreported, interest on such taxes cannot be charged prior to the date on which the additional assessment is made.

The delinquent interest provision applies only to producing mine and oil and gas omitted production. It does not apply to protests, appeals, or valuation disputes wherein the producing natural resource owner or operator has been billed for additional prior years' taxes due to underreporting of the sales price.

**Section 2:** Amends 39-10-114, C.R.S., and provides that when an audit of prior years' taxes on producing mines or oil and gas lands discloses that additional taxes are due and owing for some years and that taxes have been overpaid for other years on such properties, the assessor must calculate the net amount owed by deducting the additional taxes from any refund due. This is done prior to calculating the delinquent interest. In other words, the amount owed will be the net difference between overpayments and underpayments during the audit period.

Governor Romer signed into law April 10, 1992.

**HB 1146: Procedures for the adjustment of the amount of property taxes for**

**taxpayers participating in property tax work-off programs.**

In April 1991, HB 91-1258 was enacted. It provided that taxing entities which levy and collect property tax could establish property tax work-off programs allowing taxpayers who are at least 60 years old to work off property taxes due and owing on owner-occupied residences. It imposed certain procedures and requirements for the establishment of such programs, and for participation in such a program. The statutes pertaining to this bill are 39-3.7-101 and 102, C.R.S.

HB 92-1146 amends the property tax work-off program by providing that the taxing entity shall issue checks for such taxpayer work payable only to the appropriate county treasurer. It is then the responsibility of the senior citizen taxpayer to deliver the check to the county treasurer. Previously, checks for the work performed were usually made payable to the taxpayer.

Governor Romer signed into law March 16, 1992.

**HB 92-1156: Concerning the authority of counties regarding matters of local interest.**

This bill concerns the authority of various offices of county government. Section 14 amends 39-6-113(1), C.R.S., which concerns mines in more than one county. It states that the assessors of each county shall agree upon a value of the mine "..., and, in the case of any appeal of a protest of such valuation in either or both counties, the county boards of

equalization of such counties shall confer and attempt to reach agreement on the valuation."

Governor Romer signed into law June 1, 1992.

**HB 92-1177: State requirements for persons performing real estate appraisals.**

This bill heavily amends the Colorado real estate appraiser regulatory laws enacted in 1990.

Changes in Colorado legislation have been required to align its laws with the current federal requirements. The main provisions of the bill deal with titles of appraisers and the requirements for each title which are consistent in all states; deleting a college degree substitution for appraisal education; recognizing appraiser certifications or licenses from another state; collection of a federal fee increase; and deleting a special "assessor" license for assessors and their appraiser employees.

**Section 3:** This section provides that there will now be four (4) categories of state registered, licensed, or certified real estate appraisers. The categories and requirements for each are:

1. Colorado Registered Appraiser

Such person shall have had at least 55 classroom hours of appraisal education and training, and pass the examination for this category. No appraisal experience is required. This is the beginner or trainee level of appraiser.

2. Colorado Licensed Appraiser

This person shall have had at least 95 classroom hours of appraisal

education and training, at least two years of approved appraisal experience, and pass the examination designated for this category.

Statute 12-61-706(2) deletes the previously allowed substitution of a college degree for the required classroom appraisal education. If this had not been deleted, the Colorado appraiser regulatory procedure would not have been approved by federal authorities, and no Colorado appraiser could be employed to appraise properties wherein a loan by a financial institution might be involved.

3. Colorado Certified Residential Appraiser

Such person shall have had at least 105 classroom hours of appraisal education and training, at least two years of approved appraisal experience, and pass the examination designated for this category. Beginning December 31, 1993, such person shall have had at least 165 classroom hours of appraisal education and training.

4. Colorado Certified General Appraiser

Such person shall have had at least 165 classroom hours of appraisal education and training, at least three years of approved appraisal experience, and pass the examination designated for this category. This is the highest level of appraiser.

The bill deletes the previous special "assessor" appraiser's license category. All county assessors and their appraiser employees shall be registered, licensed, or certified in one of the official four categories previously outlined.

House Bill 92-1177 also makes two other significant changes regarding assessors and appraiser employees.

1. 12-61-706(5)(c), C.R.S., provides that all reasonable costs for an assessor or appraiser employee to obtain and maintain an appraiser registration, license, or certificate shall be paid by the county.
2. Previously, an assessor or appraiser employee who obtained the special "assessor" appraisal license could appraise real estate only for official assessment purposes. Provisions now maintain that assessors and appraiser employees who are registered, licensed, or certified shall be entitled to perform all appraisals required to fulfill such person's official duties, and that such persons shall be subject to all the state appraiser regulatory laws, except that they shall not be subject to disciplinary actions on the ground they have performed appraisals beyond their level of competency when making appraisals for assessment purposes.

**Section 4:** The Board of Real Estate Appraisers must collect an appraiser regulatory fee from each registered, licensed, or certified appraiser, and remit a portion of this to the federal appraisal subcommittee. A new statute, 12-61-707(2), C.R.S., provides that if the federal registry fee is increased prior to the expiration of a license or certificate, the Board shall collect and remit the increase in the fee from the holder of a license or certificate on an annual basis.

**Section 5:** A new statute, 12-61-708(2), C.R.S., requires Colorado to recognize, on a temporary basis, the license or certificate of an appraiser issued by another state

when certain criteria are met. This was necessitated by a federal requirement.

Governor Romer signed into law April 10, 1992.

**HB 92-1364: A limitation on the circumstances in which financial institutions are required to use registered, licensed, or certified real estate appraisers.**

Amends 12-61-702, C.R.S., and exempts directors or related salaried employees and officers of financial institutions from being licensed or certified as appraisers if they are giving opinions of value on property that is held by the financial institution, and such opinion of value is for internal use only. This section has no dollar limit on it; however, the federal law would prevail.

It also exempts from the definition of appraisal, any opinion of value relating to any real estate-related transaction or loan made or to be made by said financial institution if the real estate transaction or loan is for one hundred thousand dollars or less.

Governor Romer signed on May 27, 1992.  
Effective date: July 1, 1992.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for ensuring transparency and accountability in financial operations. This section also highlights the role of internal controls in preventing fraud and errors.

2. The second part of the document focuses on the implementation of robust risk management strategies. It outlines various risk assessment techniques and provides guidance on how to identify, measure, and mitigate potential risks. The text stresses the need for a proactive approach to risk management to protect the organization's assets and reputation.

3. The third part of the document addresses the importance of effective communication and reporting. It discusses the need for clear and concise communication channels and the role of regular reporting in keeping stakeholders informed. This section also touches upon the importance of maintaining confidentiality and data security.

4. The fourth part of the document discusses the role of technology in modern business operations. It highlights how digital tools and automation can improve efficiency and reduce costs. However, it also warns about the risks associated with technology, such as data breaches and cyberattacks, and provides recommendations for ensuring digital security.

5. The fifth and final part of the document provides a summary of the key points discussed and offers concluding thoughts on the overall importance of these practices for long-term success. It encourages organizations to continuously review and update their policies and procedures to stay current in a rapidly changing business environment.

(1) Averages will not add to the Total Average County Levy because denominators (Assessed Valuation) are not common to all.

(2) Municipal Revenues are divided by the sum of Municipal Assessed Valuation.

(3) Special District Revenues are divided by the sum of all Special District Assessed Valuation.

\* These figures include tax increment valuation, and all tax revenues attributable to the increment are allocated to the increment financing authority only.
