Roy Romer
Governor

Colorado Department of Local Affairs
DIVISION OF PROPERTY TAXATION

Mary E. Huddleston
Property Tax Administrator

June 15, 1994

The Honorable Roy Romer
Governor of Colorado
and
The General Assembly of the
State of Colorado

Governor Romer and Members of the General Assembly:

We are submitting the Twenty-third Annual Report. In addition to providing listings of assessed values in the counties and property tax revenues of the local taxing jurisdictions, the report contains statistical and summary information.

The Property Tax Administrator submits this in compliance with 39-2-119, C.R.S., as amended.

Respectfully submitted,

Mary E. Huddleston
Property Tax Administrator

Section II

Administration

COLORADO PROPERTY TAXES

OVERVIEW

The Colorado property tax system provides revenue exclusively for local government services. The largest share of property tax revenue (56.7%) goes to support the state's public schools. County governments claim the next largest share (25.7%), followed by special districts (11.8%), municipal governments (4.8%), and junior colleges (1.0%).

The authority for property taxation is both constitutional and statutory. Article X of the Colorado Constitution provides that all property is taxable unless declared exempt by the Constitution; and that actual value of taxable property shall be determined under the general laws to secure just and equalized valuations. The specific statutes pertaining to property taxation are found in Title 39, Articles 1 through 14, Colorado Revised Statutes.

Under the general laws of Colorado, county assessors are required to value all taxable property within their territorial jurisdictions. The State Board of Equalization has supervision over the administration of all laws concerning the valuation and assessment of taxable property and the levying of property taxes. The Division of Property Taxation, under the leadership of the Property Tax Administrator, coordinates and administers the implementation of property tax law throughout the sixty-three counties.

RESIDENTIAL ASSESSMENT RATE

As part of an effort to head off a tax shift to residential improved property, a 1982 amendment to the Colorado Constitution provided for an adjustment of the residential assessment rate. In years of general reappraisal, the General Assembly is required to adjust the residential rate

when the proportion of statewide residential value shifts due to a change in the level of value. All other taxable property is assessed at 29 percent of its actual value, except producing mines and oil and gas leaseholds and lands.

In 1987, the General Assembly acted on reappraisal projections for the 1985 level of value and reduced the residential assessment rate from 21 percent to 18 percent of actual value.

In 1988 the General Assembly acted on actual 1987 valuations and further reduced the residential assessment rate from 18 percent to 16 percent of actual value.

In 1989 the General Assembly acted on reappraisal estimates developed by the Division of Property Taxation for the 1988 level of value and reduced the residential assessment rate from 16 percent to 15 percent. Actual assessed values reported by the counties later in 1989 substantiated the 15 percent residential assessment rate for 1989 and 1990.

In 1991 the General Assembly acted on reappraisal estimates developed by the Division of Property Taxation for the 1990 level of value and reduced the residential assessment rate from 15 percent to 14.34 percent. Actual assessed values reported by the counties later in 1991, and other reliable and relevant information considered by the State Board of Equalization, substantiated the estimated residential assessment rate of 14.34 percent for 1991 and 1992.

In 1993 the General Assembly acted on reappraisal assessed value estimates developed by the Division of Property Taxation for the 1992 level of value and reduced the residential assessment rate from 14.34 percent to 12.86 percent.

Actual assessed values reported by the counties later in 1993, revealed that the residential assessment rate should have been 12.19% but the legislature had removed the power of the State Board of Equalization to alter the rate, and the legislature was not in session, so the rate stayed at 12.86% for 1993 and 1994.

Table 1 indicates the percentage changes in the assessed values of each property class between the 1992 and 1993 property tax years.

Table 1

<u>Class</u>	<u>Percent Change 1992-1993</u>
Vacant Land	- 1.3%
Residential	+ 2.4%
Commercial	+ 1.3%
Industrial	- 1.6%
Agricultural	- 25.7%
Natural Resources	+ 9.3%
Producing Mines	- 47.5%
Oil & Gas	+ 6.0%
State Assessed	<u>+ 10.2%</u>
Net Total	+ 1.4%

Vacant land decreased 1.3 percent due to development of new residential and the conversion of vacant land to "forest land agricultural" under 39-1-102(1.6)(a)(II), C.R.S. Residential increased 2.4 percent in spite of the decrease in the residential assessment rate, primarily due to market influences and new construction in the metro counties. Commercial increased 1.3 percent due to reclassification of residential personal property to commercial personal property. Industrial decreased 1.6 percent primarily due to increased depreciation of personal property. Agricultural decreased 25.7 percent in spite of increased commodity prices, due to reclassification of "Ag. residential" from "agricultural" to

"residential." Natural resources increased 9.3 percent due to increased prices in coal and the increased production of sand and gravel, a large part of which was for the new Denver International Airport. Producing mines declined 47.5 percent due to a Court of Appeals decision in favor of Climax Molybdenum Company in Lake County and the decline of the price of molybdenum. Oil and gas increased 6.0 percent due to increased production volumes and higher prices. State assessed increased 10.2 percent due to the general economy of the state and overall decline of the capitalization rate.

TAXING ENTITIES

Because of provisions in the state school finance act, school districts with greater assessed value per pupil receive less state aid. The local property tax burden in those districts increases to fill the gap.

Table 2 indicates the percentage changes in property tax revenue by taxing entity type between 1992 and 1993 levies.

Table 2

<u>Taxing Entity</u>	<u>% Change 1992-1993</u>
School Districts K-12	- .11%
Junior Colleges	+ 1.48%
Counties	+ .92%
Municipalities	- 1.05%
Special Districts	+ 3.97%
All Entities	+ .59%

STATE BOARD OF EQUALIZATION

Membership

The State Board of Equalization (state board) consists of the Governor or his designee, the President of the Senate or his designee, the Speaker of the House of Representatives or his designee, and two members appointed by the Governor with consent of the Senate. Each appointed member must be a qualified appraiser, a former assessor, or a person who has knowledge and experience in property taxation. In 1993, state board members included Lyle C. Kyle, Chairperson and appointee of Governor Roy Romer; JoAnn Groff, Vice-Chairperson and appointee of Governor Roy Romer; Charles E. Berry, Speaker of the House of Representatives; Tom Norton, President of the Senate; and Tim Daly, Designee of Governor Roy Romer.

Duties and Responsibilities

The state board has various duties concerning the administration of property tax laws and equalization of the value of classes and subclasses of taxable property. Duties of the state board are found primarily in Article X, Sections 3 and 15 of the Colorado Constitution and in Title 39, Articles 1 & 9, Colorado Revised Statutes.

Among its duties, the state board reviews the findings and conclusions of the annual study and orders reappraisals in counties found not in compliance. The annual study was initiated by the 1982 amendment to the constitution, and is conducted by the Director of Research, Legislative Council [39-1-104(16), C.R.S.]. The study and the resulting orders of reappraisal are the primary means of achieving statewide equalization. The state board also reviews

county Abstracts of Assessment, decisions of county boards of equalization, and the policies and recommendations of the Property Tax Administrator.

1993 Enforcement and Repayment Actions

On October 4-7, 1993, the state board met in the Legislative Legal Services Building to review the findings and conclusions of T.Y. Pickett & Co. Inc., audit contractor for Legislative Council.

After considering all of the evidence and testimony, the state board concluded that seven counties were not in compliance with Colorado assessment law. Those assessors subsequently received orders to reappraise the following classes and subclasses of property.

1993 Enforcement Actions

The reappraisal orders in 1993 consisted of the following.

<u>County</u>	<u>Property Classes Ordered</u>
Adams	Single Family Residential
Arapahoe	Single Family Residential
Delta	Vacant Land
Elbert	Commercial
Garfield	Agricultural
Lake	Commercial
LaPlata	Agricultural

As there were no reappraisal orders in 1992, there were no repayment orders to consider.

As part of the 1982 amendment to the constitution, all counties that are ordered to reappraise are required to reimburse the state for excess state equalization payments made to school districts. Excess state aid to schools occurs when counties are undervalued. The counties may be required to reimburse the costs of supervision, as well.

DIVISION OF PROPERTY TAXATION

Under the general laws of Colorado, the Division of Property Taxation is headed by the Property Tax Administrator. The Administrator is appointed by the State Board of Equalization to serve for a five-year term and until a successor is appointed and qualified.

The primary responsibility of the Division of Property Taxation (division) is to administer the implementation of property tax law throughout the sixty-three counties so that valuations are fair, uniform, and defensible; and, thereby, that each property class contributes a fair share, no more and no less, to total property tax revenue. In other words, the division's goal is equalization of valuation and proper distribution of property taxes throughout the state.

The division is composed of four sections: Administrative Resources, Appraisal Standards, Exempt Properties, and State Assessed Properties.

Administrative Resources staff serves as primary liaison to the sixty-three counties in determining existing and future needs for assistance from the division in any area while providing technical consultation and assistance to county staff. In addition, the section serves as a liaison and coordinator with a variety of other agencies having an interest in property taxation.

The staff conducts all courses dealing with statutory reporting and the administration of an assessor's office and provides workshops in specialized areas of assessment administration such as parcel mapping, severed mineral assessment, and title conveyance.

The staff also researches, develops, and publishes manuals on assessment procedures and legal references, publishes the mobile equipment manual for county clerks and recorders, coordinates and edits division publications, and provides data processing coordination and administrative services for the division. They conduct research projects for the division and the General Assembly and provide administrative services for the State Board of Equalization and the Statutory Advisory Committee to the Property Tax Administrator. They also deal with taxpayer complaints and process abatement petitions.

Pursuant to the reporting requirements for county treasurers created by SB 88-184, Administrative Resources has prepared Table 4 which lists the abatements, refunds, and cancellations of uncollectible taxes granted by each county during 1993, 1992, and 1991.

Appraisal Standards staff conduct all appraisal courses and develop appraisal procedures for residential, commercial and industrial properties, agricultural land, natural resource, and recreational properties. They provide workshops in specialized areas of valuation; conduct schools dealing with the cost, market, and income approaches to value; and research, write, and publish manuals dealing with appraisal. Consultation and appraisal assistance is provided to county staff.

Exempt Properties examines all applications for exemption from property

taxation for property claimed to be owned and used solely and exclusively for religious worship, private schools, or charitable purposes, and makes determinations on these cases. Annual reports of exempt properties are reviewed to determine continuations of the exemptions.

State Assessed Properties values all public utility and transportation properties in the state.

AGRICULTURAL TIMBERLAND

In 1990, the Colorado legislature passed HB 90-1229, and on April 16 of that year, Governor Romer signed it into law. The primary thrust of that law is a paragraph adding to the definition of "agricultural land". It includes as "agricultural land":

"A parcel of land which consists of at least forty acres; which is forest land; which is used to produce tangible wood products that originate from the productivity of such land for the primary purpose of obtaining a monetary profit; which is subject to a forest management plan; and which is not a farm or ranch, as defined in subsection (3.5) and (13.5) of this section. "Agricultural land" under this subparagraph (II) includes land underlying any residential improvement located on such agricultural land." 39-1-102(1.6)(a)(II), C.R.S.

Since the enactment of this law, several owners have taken advantage of it to secure significant tax breaks by developing "forest management plans" on what might otherwise be classified as vacant and improved residential land. This has resulted in a loss of revenue to the

following counties that have "agricultural timberland".

1993 PROPERTY TAX LEGISLATION

SB 93-46 CONCERNING THE STANDING OF COUNTIES TO CONTEST THE CONSTITUTIONALITY OF STATUTES.

Provides that any county or county officer shall have standing in district court to defend any action brought against such county or county officer by contesting the constitutionality of a statute relating to such action. Can be used only in defending the county or county officer in a legal action brought against the county in district court and must relate to that action, and how the statute in question affects the county or county officer.

Governor Romer signed into law March 26, 1993.

SB 93-54 CONCERNING EXEMPTION FROM THE ESCROW REQUIREMENTS ON CONTRACTS FOR DEED TO REAL PROPERTY.

Eliminates the requirements that a purchaser of a contract for deed (1) annually pays a \$75 fee in advance to the public trustee for maintaining an escrow account, and (2) makes property tax payments to the public trustee in 12 monthly installments. This is effective only if the land subject to contract for deed is not subdivided into lots smaller than one acre in size, and the seller pays, or guarantees payment of the property taxes in a timely manner prior to seeking reimbursement from the purchaser.

Governor Romer signed into law April 26, 1993.

SB 93-61 CONCERNING COLLECTION OF DELINQUENT SPECIAL ASSESSMENTS.

Requires that liens for delinquent special assessments on a property which have been certified to the treasurer for collection, be included in any tax sale for delinquent property taxes. It prohibits separate sales of the two liens.

Governor Romer signed into law March 26, 1993.

SB 93-88 CONCERNING REQUIREMENTS FOR GRANTING PROPERTY TAX EXEMPTIONS.

Provides that, beginning January 1, 1994 property may be subject to partial or full taxation if either gross rental income from non-qualifying usage or income from unrelated trade or business activity equals or exceeds \$10,000. Also provides property tax exemption for property owned and operated by a non-profit community correctional facility or program effective January 1, 1993.

Governor Romer signed into law April 30, 1993.

SB 93-90 CONCERNING AUTHORIZATION FOR LOCAL GOVERNMENTS TO CREATE A PROPERTY TAX DEFERRAL PROGRAM FOR REAL PROPERTY WHICH IS LOCATED WITHIN A COMMERCIAL DISTRICT IN WHICH LIMITED GAMING IS AUTHORIZED BUT WHICH IS NOT USED FOR LIMITED GAMING.

Provides for an optional property tax deferral program for non-gaming real property located within a gaming district. It permits Gilpin and Teller counties, and the

towns of Central City, Blackhawk and Cripple Creek to establish a tax deferral program to assist the non-casino property owners in the payment of their property taxes. Calls for this program to be automatically repealed effective December 31, 1996.

Governor Romer signed into law April 12, 1993.

SB 93-255 CONCERNING MODIFICATION OF PROPERTY TAX PROCEDURES FOR PURPOSES OF IMPLEMENTING SECTION 20 OF ARTICLE X OF THE STATE CONSTITUTION.

Section 1: Adds a new section to Article 1 of title 39 of the Colorado Revised Statutes to establish a procedure for local governments to approve and certify a temporary property tax credit or temporary mill levy rate reduction for effecting refunds in conformance with the 1992 Amendment 1, Article X, Section 20(1) of the State Constitution.

Sections 2 through 7: Changes certain assessment deadlines to enable assessors to certify the total assessed valuation of its district to each taxing entity by August 25.

Sections 8 and 9: Repeals the power of the State Board of Equalization to adjust the assessment rate for residential real property.

Governor Romer signed into law June 6, 1993.

HB 93-1021 CONCERNING LIABILITY FOR BONDED INDEBTEDNESS OF PROPERTY EXCLUDED FROM SPECIAL DISTRICTS:

Amends 32-1-501 (6), C.R.S., to provide that the court order excluding a property from a special district shall recite in the findings a description of any bonded indebtedness in existence immediately preceding the effective date of the exclusion, and the date that such bonded indebtedness is scheduled to be retired. Also provides that failure of the court order for exclusion to recite the existence and scheduled retirement date of such indebtedness, when due to error or omission by the special district, shall not constitute grounds for correction of the omission of a levy on the excluded property from the assessment roll pursuant to the omitted property statute, 39-5-125, C.R.S.

SB 93-1039 CONCERNING PROPERTY TAX LIABILITY ON FRACTIONAL INTERESTS IN WELLS OR FIELDS OPERATED AS UNITS FOR THE PRODUCTION OF OIL, GAS, OR OTHER HYDROCARBONS.

Section 1: Amends 39-7-101(1)(e), C.R.S. to require additional information to be submitted on the annual oil and gas declaration statement filed with the assessor. The operator, or other person filing the statement, shall list the name, address, and fractional interest of each interest owner taking production in kind, and the proportionate share of total unit revenue attributable to each "take in kind" interest owner. It also allows "take in kind" interest owners to submit a revenue report to the operator, and adds a new statute [39-7-101(1)(d)(II), C.R.S.] which provides that any non-operating interest owner, may on or before the 15th day of March, submit to the operator by certified mail a report of the actual net taxable revenues and actual exempt revenues received at the wellhead by such owner for production taken in kind from the property during the preceding calendar year. Operators are to use this

information to determine the selling price at the wellhead.

Section 2: Adds a new statute [39-7-101(2), C.R.S.] which provides that if any non-operating interest owner who takes production in kind does not provide the unit operator with the net taxable revenues received, the operator can substitute the price he received per unit (mcf) at the wellhead, and apply that to the take in kind interest owner's share of production. The amount of property tax for which such owner is liable for shall be calculated based on the selling price at the wellhead reported by the operator.

Section 3: Amends 39-10-106(1), C.R.S. to provide that the property taxes assessed on any oil or gas well or field operated as a unit, shall be apportioned to each fractional interest owner in the same proportion that the net taxable revenues received by each such owner bears to the total net taxable revenues received from such unit.

It also provides in 39-10-106(3.5)(c), C.R.S. as amended, that money remaining in an account established for the payment of property taxes on the production of any unit shall, upon abandonment of such unit, be divided among the interest owners of such unit in proportion to the amount contributed to such account by each owner.

Section 4: Adds a new statute, 39-10-106(4)(b)(IV), C.R.S. which relieves unit operators from liability for any tax or penalty imposed as a result of inaccurate information reported by any fractional interest owner taking production in kind.

HB 93-1039 was approved by Governor Romer on March 31, 1993, and became effective on that date. However, it applies to property tax years beginning on or after January 1, 1994.

HB 93-1040 CONCERNING DELINQUENT PROPERTY TAXES.

This is a county treasurers' "housekeeping" bill that replaced some ambiguous and awkward language pertaining to property tax collections and refunds with more precise language that conveys the same intent of the law.

Governor Romer signed this bill into law on April 7, 1993.

HB 93-1070 CONCERNING AMENDMENTS TO THE "COLORADO COMMON INTEREST OWNERSHIP ACT", FURTHER DEFINING THE APPLICABILITY AND EFFECT THEREOF.

Amends 38-33.3-105, C.R.S. to eliminate inconsistencies of language or concepts, and to correct mistakes. It does not materially change the substance of the legislation as originally adopted in 1991. The purpose behind the original act was to provide guidelines and assistance to individuals involved with condominiums, townhouses, and planned development communities. Two sections of the act are of particular importance:

Section 2: Amends 38-33.3-105(1), C.R.S. to permit a cooperative unit owner's interest to be either personal or real property. Under this form of ownership, the owner of stock in the cooperative apartment or housing corporation pays his proportionate share of the interest and real estate taxes paid by the corporation based on the share of the stock he owns.

An amendment to 38-33.3-105(2), C.R.S. provides that in all planned communities with common elements, each unit, together

with its interest in the common elements, constitutes for all purposes a separate parcel of real estate and must be separately assessed and taxed. It also provides that the valuation of the common elements shall be assessed proportionately to each unit, and that the common elements shall not be separately taxed or assessed. In the case of a planned community, the common elements shall be assessed proportionately to each unit in accordance with such unit's allocated common expense liability set forth in the declaration.

Section 22: Repeals the previous property tax homeowners' organization statute in 39-1-103(10). It replaced it with a provision that common property or common elements within a common interest community, as defined in the "Colorado Common Interest Ownership Act" (38-33.3-103, C.R.S.), shall be appraised and valued pursuant to the guidelines outlined in Section 2.

Governor Romer signed HB 93-1070 on April 30, 1993. All sections became effective on that date.

HB 93-1080 CONCERNING AMENDMENTS TO STATUTORY PROVISIONS RELATING TO COUNTIES PROVIDED IN ARTICLES 10, 11, AND 15 OF TITLE 30, AND ARTICLE 25 OF TITLE 31, COLORADO REVISED STATUTES, AS AMENDED.

This bill provides that prior to approval of a urban renewal development plan, the governing body of the city shall submit such plan to the board of county commissioners along with estimates pertaining to any tax increment financing plan, and how that might affect the county. This will allow the board of county commissioners to have meaningful input to

the governing body of the municipality on any proposed urban renewal plan, but does not give the board the veto power over such plan.

This bill was signed by Governor Romer on June 6, 1993, and became effective on July 1, 1993.

HB 93-1104 CONCERNING LIMITATIONS ON ABATEMENT AND REFUND LEVIES BY SCHOOL DISTRICTS.

Provides that no school district shall be required to levy an additional amount for an abatement or refund of taxes which results from a court order which reduces the assessed value of the district by more than 20 percent. It also states that had this provision been in effect for the tax year in which the court order was issued, any school district currently levying for such an abatement or refund shall have no further obligation to levy for the uncollected amounts, and allows the State Board of Education to pay a school district out of its contingency reserve, a supplemental assistance payment for needs related to the above mentioned abatement or refund problem if it so decides.

HB 93-1104 was signed into law by Governor Romer on June 2, 1993. Effective date is June 2, 1993.

HB 93-1116 CONCERNING THE EXEMPTION FROM PROPERTY TAXATION OF LOW-INCOME RESIDENTIAL PROPERTY.

Amends 39-3-112(3)(c)(III & IV) to allow for exemption of charitable, residential facilities for the elderly and/or disabled which are owned by a limited partnership consisting of two non-profit corporations; and for

exemption of charitable, residential facilities for the elderly and/or disabled which are owned by a limited partnership, of which the general partner is a for-profit partnership and certain requirements are met.

Seventy-five percent or more of the outstanding voting stock of the general partner must be owned by, and seventy-five percent or more of the members of the board of directors must be elected by, a non-profit corporation. In addition, it requires that a portion of the facility must be licensed by the State of Colorado as a health care facility.

Governor Romer signed this bill into law on April 19, 1993, and it was effective on that date.

HB 93-1169 CONCERNING CERTAIN RESPONSIBILITIES OF PERSONS RELATED TO THE AMOUNT OF PROPERTY TAX ON REAL PROPERTY.

Requires that no later than May 1, the county assessor shall inform each person whose property has been reclassified from agricultural land to any other classification of the reasons for such reclassification, subject to the availability of funds under the assessor's budget for such purpose.

It also provides that no decision on any petition regarding abatement or refund of property taxes shall be made by the board of county commissioners unless a hearing is held, at which the assessor and the taxpayer have the opportunity to be present. The only exceptions are those petitions involving an abatement or refund of \$1,000 or less which are mutually agreed to in writing by both the assessor and the taxpayer.

Governor Romer signed this Act on June 6, 1993 with an effective date of July 1, 1993.

HB 93-1197 CONCERNING THE REPEAL OF THE PROVISION REQUIRING THE STATE AUDITOR TO CERTIFY TO EACH ASSESSOR THE RATE OF TAX THAT HAS BEEN FIXED AND LEVIED FOR THE CURRENT YEAR BY THE GENERAL ASSEMBLY FOR STATE PURPOSES.

This Act repeals the only property tax statute pertaining to a general property tax for state purposes. This statute was made obsolete by the passage of Amendment # 1 in 1992.

HB 93-1315 CONCERNING ADJUSTMENT OF THE RATIO OF VALUATION FOR ASSESSMENT FOR RESIDENTIAL REAL PROPERTY FOR PROPERTY TAX PURPOSES.

This Act statutorily sets the residential real property assessment rate at 12.86 percent of actual value. It applies to the 1993 and 1994 property tax years.

Governor Romer signed this bill into law on June 6, 1993, and was effective on that date.

HB 93-1321 CONCERNING ADMINISTRATIVE PROCEDURES REGARDING PROPERTY TAXES.

Section 1: This deals with 29-1-301(1)(a), C.R.S. which states that all taxing entities except school districts and home rule cities cannot levy for greater amount of property tax revenue than was levied in the preceding year plus 5 1/2 percent. Regardless of Amendment One of 1992, this law is still on the books. Generally, Amendment One's limitation on tax

increases to the percentage of local growth and inflation override this statute, but there may be instances when this statute would become effective.

Section 2: Clarifies the definition of new construction to conform to the Property Tax Administrator's definition in the manuals prepared pursuant to section 39-2-109(1)(e), C.R.S. That is that it is limited to the net difference in new construction which causes increased services by government.

Section 3: Amends 39-1-111(2) and (5), C.R.S. to require the Property Tax Administrator to submit the certification of mill levies to the Division of Local Government and the Department of Education. This has been done as a matter of policy in the past, but this amendment makes it a legal requirement.

Section 4: Amends 39-2-115(1) and 39-5-123(2), C.R.S. to require the State Board of Equalization to return a copy of the abstract of assessment to the assessor as well as the Property Tax Administrator. This has been done as a matter of policy in the past but the law required that only one copy be sent to the administrator.

Section 5: Amends 39-5-123(1)(b), C.R.S. to require the chairman of the board of county commissioners to sign the abstract. This too, has been done in the past, but up until now it has not been required by law.

Governor Romer signed HB 93-1321 into law on June 6, 1993 and it became effective on that date.

1993 Case Law

In addition to the legislation that was enacted in 1993, several cases that have

significant impact on property taxes were decided in the courts.

El Paso County Board of Equalization,, v. James Craddock.

The Supreme Court overturned the Court of Appeals decision that the actual value of vacant land should be determined by the market approach using the anticipated market absorption rate. The Supreme Court held that the anticipated market absorption rate must be applied only if its use is appropriate.

Golden Aluminum Company v. Weld County Board of County Commissioners.

The Court of Appeals determined that abatement petitions should be in the county office no later than the first business day of January following the two-year anniversary of the date the taxes were due. This was in contrast to the previous policy that the petitions should be in the county by December 31 of the previous year.

Property Tax Administrator v. Production Geophysical Services, Inc. and the Board of Assessment Appeals.

The Supreme Court overturned the Court of Appeals and the BAA, in ruling that the county assessor has the statutory authority to make a best information available property valuation when the taxpayer fails to file a personal property schedule.

Yuma County Board of Equalization v. Cabot Petroleum Corporation.

The Supreme Court held that the retroactive imposition of ad valorem taxes is permissible when a company willfully files false and misleading annual statements. The court also held that the term "selling price" refers to the amount of money

actually received for the sale of oil or gas and that it most closely effectuates the General Assembly's intent that the actual value of property should serve as the basis for real property tax assessments.

Section X

Certification of Revenues and Levies by County

As of January 1, 1994

The assessed values reflect those values existing in the counties on the date the levies are certified to the county commissioners, December 15. See: 39-1-111(1), 39-1-111(5) and 39-5-125, C.R.S.

FOOTNOTES:

- (A) Excess levy approved by Division of Local Government
- (B) Excess levy revenue voted at special election

NOTE: Special Assessments on the tax roll are no longer shown.

SCHOOL DISTRICT CODING:

School districts entirely within a county:

Designated by the last position number of "0" or "5".

Multi-county school districts:

Designated by the last position numbers of "1" through "4". The administrative offices of the school district are located in the county designated by the code number "1". The adjoining counties are listed by code numbers "2" through "4", assigned to the counties alphabetically.

Questions regarding School District levies should be referred to the Department of Education, Office of Management Services.

(1) Averages will not add to the Total Average County Levy because denominators (Assessed Valuation) are not common to all.

(2) Municipal Revenues are divided by the sum of Municipal Assessed Valuation.

(3) Special District Revenues are divided by the sum of all Special District Assessed Valuation.

* These figures include tax increment valuation, and all tax revenues attributable to the increment are allocated to the increment financing authority only.
