Property Tax Administrator

May 1, 1995

The Honorable Roy Romer
Governor of Colorado
and
The General Assembly of the
State of Colorado

Governor Romer and Members of the General Assembly:

We are submitting the Twenty-fourth Annual Report. In addition to providing listings of assessed values in the counties and property tax revenues of the local taxing jurisdictions, the report contains statistical and summary information.

The Property Tax Administrator submits this in compliance with 39-2-119, C.R.S., as amended.

Respectfully submitted,

Mary E. Huddleston
Property Tax Administrator

COLORADO PROPERTY TAXES

OVERVIEW

The Colorado property tax system provides revenue exclusively for local government services. The largest share of property tax revenue (56.8%) goes to support the state's public schools. County governments claim the next largest share (25.5%), followed by special districts (11.9%), municipal governments (4.8%), and junior colleges (1.0%).

The authority for property taxation is both constitutional and statutory. Article X of the Colorado Constitution provides that all property is taxable unless declared exempt by the Constitution, and that actual value of taxable property shall be determined under the general laws to secure just and equalized valuations. The specific statutes pertaining to property taxation are found in Title 39, Articles 1 through 14, Colorado Revised Statutes.

Under the general laws of Colorado, county assessors are required to value all taxable property within their territorial jurisdictions. The State Board of Equalization has supervision over the administration of all laws concerning the valuation and assessment of taxable property and the levying of property taxes. The Division of Property Taxation, under the leadership of the Property Tax Administrator, coordinates and administers the implementation of property tax law throughout the sixty-three counties.

RESIDENTIAL ASSESSMENT RATE

As part of an effort to head off a tax shift to residential improved property, a 1982 amendment to the Colorado Constitution provided for an adjustment of the residential assessment rate. In years of

general reappraisal, the General Assembly is required to adjust the residential rate when the proportion of statewide residential value shifts due to a change in the level of value. All other taxable property is assessed at 29 percent of its actual value except producing mines and oil and gas leaseholds and lands.

In 1987, the General Assembly acted on reappraisal projections for the 1985 level of value and reduced the residential assessment rate from 21 percent to 18 percent of actual value.

In 1988, the General Assembly acted on actual 1987 valuations and further reduced the residential assessment rate from 18 percent to 16 percent of actual value.

In 1989, the General Assembly acted on reappraisal estimates developed by the Division of Property Taxation for the 1988 level of value and reduced the residential assessment rate from 16 percent to 15 percent. Actual assessed values reported by the counties later in 1989 substantiated the 15 percent residential assessment rate for 1989 and 1990.

In 1991, the General Assembly acted on reappraisal estimates developed by the Division of Property Taxation for the 1990 level of value and reduced the residential assessment rate from 15 percent to 14.34 percent. Actual assessed values reported by the counties later in 1991, and other reliable and relevant information considered by the State Board of Equalization, substantiated the estimated residential assessment rate of 14.34 percent for 1991 and 1992.

In 1993, the General Assembly acted on reappraisal assessed value estimates developed by the Division of Property Taxation for the 1992 level of value and

reduced the residential assessment rate from 14.34 percent to 12.86 percent. Actual assessed values reported by the counties later in 1993 revealed that the residential assessment rate should have been 12.19 percent, but the Legislature had removed the power of the State Board of Equalization to alter the rate. The legislature was not in session, so the rate stayed at 12.86 percent for 1993 and 1994.

Table 1 indicates the percentage changes in the assessed values of each property class between the 1993 and 1994 property tax years.

Table 1

<u>Class</u>	<u>Percent Change 1993-1994</u>
Vacant Land	+ 0.25%
Residential	+ 4.46%
Commercial	+ 0.96%
Industrial	+ 0.53%
Agricultural	+ 1.40%
Natural Resources	+ 4.33%
Producing Mines	+ 3.35%
Oil & Gas	+ 9.55%
State Assessed	<u>+ 8.56%</u>
Net Total	+ 3.51%

Vacant land increased .25 percent due to a general upswing in the economy and increased subdividing of vacant land. Residential increased 4.46 percent primarily due to supply and demand caused by new construction. Commercial and industrial showed slight increases due to the general improvement in the economy. Agricultural increased 1.4 percent due to the establishment of several hog farms on the eastern plains and the reclassification of vacant land to agricultural land as a result of the Agricultural Timberland law. Natural resources increased 4.33 percent due to increased prices in coal and the increased

production of coal. Producing mines increased 3.35 percent, in spite of a decline in most counties, due to a large gold mine in Costilla County. Oil and gas increased 9.55 percent due to increased production volumes and higher prices. State assessed increased 8.56 percent due to the general economy of the state and overall decline of the capitalization rate.

TAXING ENTITIES

Because of provisions in the state school finance act, school districts with greater assessed value per pupil receive less state aid. The local property tax burden in those districts increases to fill the gap.

Table 2 indicates the percentage changes in property tax revenue by taxing entity type between 1993 and 1994 levies.

Table 2

STATE BOARD OF EQUALIZATION

Membership

The State Board of Equalization (state board) consists of the Governor or his designee, the President of the Senate or his designee, the Speaker of the House of Representatives or his designee, and two members appointed by the Governor with consent of the Senate. Each appointed member must be a qualified appraiser, a

former assessor, or a person who has knowledge and experience in property taxation. In 1993, state board members included Lyle C. Kyle, Chairperson and appointee of Governor Roy Romer; JoAnn Groff, Vice-Chairperson and appointee of Governor Roy Romer; Charles E. Berry, Speaker of the House of Representatives; Tom Norton, President of the Senate; and Tim Daly, Designee of Governor Roy Romer.

Duties and Responsibilities

The state board has various duties concerning the administration of property tax laws and equalization of the value of classes and subclasses of taxable property. Duties of the state board are found primarily in Article X, Sections 3 and 15 of the Colorado Constitution and in Title 39, Articles 1 & 9, Colorado Revised Statutes.

Among its duties, the state board reviews the findings and conclusions of the annual study and orders reappraisals in counties found not in compliance. The annual study was initiated by the 1982 amendment to the Constitution, and is conducted by the Director of Research, Legislative Council [39-1-104(16), C.R.S.]. The study and the resulting orders of reappraisal are the primary means of achieving statewide equalization. The state board also reviews county Abstracts of Assessment, decisions of county boards of equalization, and the policies and recommendations of the Property Tax Administrator.

1994 Enforcement and Repayment Actions

On October 12, 1994, the state board met in the Old Supreme Court Chambers of the State Capitol Building to review the findings and conclusions of T.Y. Pickett & Co. Inc., audit contractor for Legislative Council.

Upon recommendation of the auditor, it was determined that all 63 of the counties were in compliance with Colorado assessment laws, and no reappraisals were ordered.

1994 Enforcement Actions

As there were seven reappraisal orders in 1993, results of the reappraisals and payback orders for excess state aid to schools were considered. The reappraisal orders in 1993 consisted of the following:

<u>County</u>	<u>Property Classes Ordered</u>
Adams	Single Family Residential
Arapahoe	Single Family Residential
Delta	Vacant Land
Elbert	Commercial/Industrial
Garfield	Agricultural/Meadow Hay
Lake	Commercial/Industrial
LaPlata	Agricultural/Irrigated Farm

Upon recommendation of the auditor, it was determined that all seven of the orders were justified and successfully completed.

As part of the 1982 amendment to the constitution, all counties that are ordered to reappraise are required to pay back the state for excess state equalization payments made to school districts. Excess state aid to schools occurs when counties are undervalued. The counties may be required to reimburse the costs of supervision as well. As a result of the 1993 reappraisals, the following paybacks and reimbursements were ordered by the state board.

	<u>Payback</u>	<u>Supervision</u>
<u>Adams</u>	\$774,530	\$ 3,402.30
<u>Arapahoe</u>	\$890,228	\$ 4,277.00
<u>Delta</u>	-0-	\$ 4,131.00
<u>Elbert</u>	\$ 453	\$ 5,306.30
<u>Garfield</u>	\$ 2,058	\$ 1,990.73
<u>Lake</u>	-0-	\$16,003.33
<u>LaPlata</u>	-0-	\$ 3,040.30

On November 21, 1994, the state board met in the Legislative Legal Services Building to review the payback and reimbursement plans of the seven counties. It was revealed at this meeting that Adams County had filed suit to contest the payback order. (Arapahoe County has since joined Adams in the suit) All other plans for payback and reimbursement were approved by the board.

DIVISION OF PROPERTY TAXATION

Under the general laws of Colorado, the Division of Property Taxation is headed by the Property Tax Administrator. The present Property Tax Administrator is Mary E. Huddleston. The Administrator is appointed by the State Board of Equalization to serve for a five-year term and until a successor is appointed and qualified.

The primary responsibility of the Division of Property Taxation (division) is to administer the implementation of property tax law throughout the sixty-three counties so that valuations are fair, uniform, and defensible; and, thereby, that each property class contributes a fair share, no more and no less, to total property tax revenue. In other

words, the division's goal is equalization of valuation and proper distribution of property taxes throughout the state.

The division is composed of four sections: Administrative Resources, Appraisal Standards, Exempt Properties, and State Assessed Properties.

Administrative Resources staff serves as liaison to the sixty-three counties in determining existing and future needs for assistance from the division. In addition, the section serves as a liaison and coordinator with a variety of other agencies having an interest in property taxation.

The staff conducts all courses dealing with statutory reporting and the administration of an assessor's office and provides workshops in specialized areas of assessment administration such as parcel mapping, severed mineral assessment, and title conveyance.

The staff also researches, develops, and publishes manuals on assessment procedures and legal references, publishes the mobile equipment manual for county clerks and recorders, coordinates and edits division publications, and provides data processing coordination and administrative services for the division. They conduct research projects for the division and the General Assembly and provide administrative services for the State Board of Equalization and the Statutory Advisory Committee to the Property Tax Administrator. They also deal with taxpayer complaints and process abatement petitions while providing technical consultation and assistance to county staff.

Appraisal Standards staff serves as liaison to the sixty-three counties in determining existing and future needs for assistance from the division, primarily in the appraisal field. It also serves as a liaison and

coordinator with a variety of other appraisal agencies and companies having an interest in property taxation.

The staff conducts courses dealing with all aspects of appraisal including all three approaches to value. It also conducts workshops in specialized areas such as standards and ethics for appraisers, sales ratios, agricultural valuation, contaminated property, and vacant land discounting procedures. All of the Appraisal Standards courses for appraisal are approved for licensing by the Colorado Board of Real Estate Appraisers.

Appraisal Standards also researches, develops and publishes manuals on appraisal procedures for both real and personal property.

Exempt Properties examines all applications for exemption from property taxation for property claimed to be owned and used solely and exclusively for religious worship, private schools, or charitable purposes, and makes determinations on these cases. Annual reports of exempt properties are reviewed to determine continuations of the exemptions.

State Assessed Properties values all public utility and transportation properties in the state.

AGRICULTURAL TIMBERLAND

In 1990, the Colorado legislature passed HB 90-1229, and on April 16 of that year Governor Romer signed it into law. The primary thrust of that law is a paragraph adding to the definition of "agricultural land". It includes as "agricultural land":

"A parcel of land which consists of at least forty acres; which is forest land; which is used to produce tangible wood products that originate from the productivity of such land for the primary purpose of obtaining a monetary profit; which is subject to a forest management plan; and which is not a farm or ranch, as defined in subsection (3.5) and (13.5) of this section. "Agricultural land" under this subparagraph (II) includes land underlying any residential improvement located on such agricultural land." 39-1-102(1.6)(a)(II), C.R.S.

Since the enactment of this law, several owners have taken advantage of it to secure significant tax reductions by developing "forest management plans" on what might otherwise be classified as vacant land. This has resulted in a loss of revenue to the following counties that have "agricultural timberland."

Table 3

<u>County</u>	<u>Assessed Value Difference</u>	<u>Loss of Revenue</u>

Teller	\$ 153,440	\$ 7,771
TOTAL	\$10,132,200	\$308,750

An estimated 56.8% of this lost revenue, or \$175,370, would have gone to the local school districts.

1994 PROPERTY TAX LEGISLATION

SB 94-016 CONCERNING IMPACT ASSISTANCE GRANTS TO POLITICAL SUBDIVISIONS, AND MAKING AN APPROPRIATION IN CONNECTION THEREWITH.

Requires that counties receiving payment in lieu of taxes shall pay to the school district, special district, or other political subdivision that portion of the grant attributable to the amount certified by the county on behalf of that particular entity. It also requires that both the Division of Wildlife and/or Division of Parks and the school district receiving an impact assistance grant payment shall certify the amount of such payment to the State Board of Education and the state's share of funding to said school district shall be adjusted (reduced) by the amount of said payment received by it.

Governor Romer signed into law June 3, 1994, and it became effective on that date.

SB 94-053 CONCERNING THE EXCLUSION OF REAL PROPERTY FROM A FIRE PROTECTION DISTRICT THAT IS TO BE INCLUDED IN ANOTHER FIRE DISTRICT

Allows the board of directors of a fire protection district to adopt a resolution excluding from the district real property that is to be included in another fire protection district or county fire improvement district by following specified procedures. It requires an election of the electors of the area sought to be excluded if the area is to be included in a district with a higher mill levy.

Signed by Governor Romer May 25, 1994, with an effective date of July 1, 1994.

SB 94-080 CONCERNING VALUATION FOR ASSESSMENT OF PRODUCING MINES FOR PROPERTY TAX PURPOSES

Makes several changes affecting the assessment of producing metal mines. It requires the owner or operator to report the quantity of products derived from the ore extracted from the mine if the value of such products is used in determining gross value. It permits an owner or operator to elect to report figures in the annual statement submitted to the assessor based on an average of the figures for a 3 or a 5 year period preceding January 1 of the year in which the statement must be filed. It also authorizes the assessor to require an owner or operator to provide documentation in support of the amounts reported in the annual statement.

Signed by Governor Romer May 19, 1994, and it became effective the same date.

SB 94-092 CONCERNING MOBILE HOMES

Provides that mobile homes listed as inventories of merchandise by mobile home dealers shall be exempt from property taxation only while located on sales display lots of such mobile home dealers. This was enacted to prevent recurrence of a past problem whereby a few mobile home dealers who had taken in trade a used mobile home located in a mobile home park would claim exemption for it while trying to sell it "in place". The act also provides for enforcement and penalties for persons convicted of moving a

manufactured home without having obtained a paid ad valorem tax certificate and a transportable manufactured home permit.

Signed by Governor Romer April 19, 1994 and it became effective on that date.

HB 94-1036 CONCERNING THE REQUIREMENT THAT REAL PROPERTY BE REVALUED DURING THE YEAR OF THE PROPERTY TAX REASSESSMENT CYCLE BASED UPON AN UNUSUAL CONDITION WHICH RESULTS IN THE ACTUAL VALUE OF REAL PROPERTY VARYING FROM THE CORRECT LEVEL OF VALUE BY MORE THAN TEN PERCENT

This eliminated the requirement that county assessors revalue real property during the intervening year of the property tax reassessment cycle based upon an "unusual condition" which resulted in the actual value of real property varying from the correct level of value by more than 10 percent. This bill was a result of property values dramatically increasing on tens of thousand of residential properties from 1992 through 1993.

Signed by Governor Romer on March 22, 1994 and it applies to property tax years commencing on and after January 1, 1994.

HB 94-1104 CONCERNING THE INCLUSION OF ASSESSORS' IDENTIFYING INFORMATION IN DOCUMENTS EVIDENCING THE CONVEYANCE OF REAL PROPERTY

This act allows those who prepare deeds and other documents of title relating to real property to include on such documents the assessor's schedule number or parcel number. In counties wherein the

assessor's office has a permanent parcel numbering system and a continuously updated mapping system, the parcel number is the assessor's permanent reference to a specific property. Identification of specific properties having metes and bounds legal descriptions or no street address can be easily made by reference to the parcel number and the map on which that parcel number is located. Because of this act, title insurance companies and other preparers of deeds can now include the assessor's permanent schedule or parcel number immediately preceding or following the legal description on the deed.

Signed by Governor Romer on March 9, 1994, and it became effective on that date.

Certification of Revenues and Levies by County

As of January 1, 1995

The assessed values reflect those values existing in the counties on the date the levies are certified to the county commissioners, December 15. See: 39-1-111(1), 39-1-111(5) and 39-5-125, C.R.S.

FOOTNOTES:

- (A) Excess levy approved by Division of Local Government
- (B) Excess levy revenue voted at special election

NOTE: Special Assessments on the tax roll are no longer shown.

SCHOOL DISTRICT CODING:

School districts entirely within a county:

Designated by the last position number of "0" or "5".

Multi-county school districts:

Designated by the last position numbers of "1" through "4". The administrative offices of the school district are located in the county designated by the code number "1". The adjoining counties are listed by code numbers "2" through "4", assigned to the counties alphabetically.

Questions regarding School District levies should be referred to the Department of Education, Office of Management Services.

(1) Averages will not add to the Total Average County Levy because denominators (Assessed Valuation) are not common to all.

(2) Municipal Revenues are divided by the sum of Municipal Assessed Valuation.

(3) Special District Revenues are divided by the sum of all Special District Assessed Valuation.

* These figures include tax increment valuation, and all tax revenues attributable to the increment are allocated to the increment financing authority only.
