The Honorable Bill Owens  
Governor of Colorado  
and  
The General Assembly of the  
State of Colorado

Governor Owens and Members of the General Assembly:

We are submitting the Thirtieth Annual Report. In addition to providing listings of assessed values in the counties and property tax revenues of the local taxing jurisdictions, the report contains statistical and summary information.

The Property Tax Administrator submits this in compliance with 39-2-119, C.R.S., as amended.

Respectfully submitted,

Mary E. Huddleston  
Property Tax Administrator

## **COLORADO PROPERTY TAXES**

### **OVERVIEW**

The Colorado property tax system provides revenue exclusively for local government services. The largest share of property tax revenue (55.3%) goes to support the state's public schools. County governments claim the next largest share (24.4%), followed by special districts (14.3%), municipal governments (5.1%), and junior colleges (0.9%).

The authority for property taxation is both constitutional and statutory. Article X of the Colorado Constitution provides that all property is taxable unless declared exempt by the Constitution, and that the actual value of taxable property shall be determined under the general laws to secure just and equalized valuations. The specific statutes pertaining to property taxation are found in Title 39, Articles 1 through 14, Colorado Revised Statutes.

Under the general laws of Colorado, county assessors are required to value all taxable property within their territorial jurisdictions. The State Board of Equalization has supervision over the administration of all laws concerning the valuation and assessment of taxable property and the levying of property taxes. The Division of Property Taxation, under the leadership of the Property Tax Administrator, coordinates and administers the implementation of property tax law throughout the sixty-three counties.

### **RESIDENTIAL ASSESSMENT RATE**

For most property classes, assessors estimate the "actual value" of property, which is multiplied by an assessment rate or percentage to determine the "assessed (taxable) value." Until 1982, the assessment rate for both residential and non-residential property was 30 percent. However, beginning in the early 1970's, the market values of residential property increased much faster than values of non-residential property, shifting a greater

percentage of the tax burden to residential property owners. Article X, Section 3(1)(b), of the Colorado Constitution, was enacted in 1982 to stabilize the tax burden on residential property. The amendment established a floating assessment rate for residential property while fixing the assessment rate for most other classes at 29 percent. The residential assessment rate is adjusted during years of reappraisal to maintain a consistent ratio between the total statewide assessed values of residential and non-residential property. The residential assessment rate for tax year 2000 was 9.74 percent.

The General Assembly adjusts the residential assessment rate based on the findings of a study conducted by the Division of Property Taxation. The study begins with a calculation of the ratio of statewide residential to non-residential value for the prior reappraisal year. The ratio is then adjusted to account for new construction of residential and non-residential property that occurred during the prior two years. For the purpose of this study, new construction includes new real and associated new personal property, and the net change in production volumes of the natural resources, oil and gas, and producing mines classes. If the assessed value of residential new construction is greater than the assessed value of non-residential new construction, the residential side of the ratio is likely to increase; if it is lower, the residential side of the ratio is likely to decrease.

The new ratio, also known as the "target percentage," is the goal to be achieved through the establishment of the new residential assessment rate. The target percentages used to calculate the 1999-2000 rate were 46.49 percent residential and 53.51 percent non-residential. A proportion problem is created in which the estimated statewide assessed value for non-residential property is applied to the ratio to calculate the desired assessed value for residential property. The desired residential assessed value is then compared to an estimated residential

actual value to calculate the residential assessment rate.

Estimated values are used due to the timing of the study, which must be completed by April of each reappraisal year, prior to the establishment of new actual values by the assessor. For most property classes, two primary methods are used for making the estimates:

1. Weighted monthly median sales ratio regression studies are performed on lists of qualified/verified sales that occurred during the appropriate data gathering period.
2. In-depth interviews are conducted with county assessors and staff.

The study conducted in 1999 was the first that did not result in a reduction of the residential assessment rate. Prior year rates are shown in table 1.

**Table 1**

### ASSESSED VALUES FOR 2000

Colorado assessed values increased by \$2.04 billion, or 4.4 percent, between the 1999 and 2000 tax years. Table 2 breaks out the percentage change by property class.

**Table 2**

<u>Class</u>	<u>Percent Change 1999-2000</u>
Vacant Land	- 4.9%
Residential	+ 5.1%
Commercial	+ 5.9%
Industrial	+ 1.2%
Agricultural	+ 0.2%
Natural Resources	+ 1.6%
Producing Mines	+ 0.1%
Oil & Gas	+ 7.8%
<u>State Assessed</u>	<u>+ 5.1%</u>
<b>Net Total</b>	<b>+ 4.4%</b>

The 2000 tax year was an "intervening," or non-reappraisal year, meaning the appraisal date remained June 30, 1998, and the actual values of most properties were the same as those established for the 1999 tax year. Therefore, increases to the total values of the residential, commercial, industrial and state assessed classes were primarily the result of new construction. New construction also resulted in a decrease to the total value of the vacant land class due to the reclassification of properties under development from vacant land to an improved property classification.

Unlike most classes, property in the natural resources, producing mines, and oil and gas classes is valued each year based on production that occurred during the prior year. Higher prices for oil and gas resulted in a 7.8 percent increase to the classification. Increased production of coal bed methane, a natural gas extraction technique that became economically feasible in the 1990s, also contributed to the increase in assessed value.

Although the largest dollar increases occurred in the ten metropolitan counties located along I-25 between Fort Collins and Pueblo, the percentage increases to values were relatively consistent throughout Colorado. Table 3 displays the increases to Colorado assessed values by region.

**Table 3**

<b>INCREASE IN VALUE 1999 - 2000</b>		
<b>Region</b>	<b>\$ change</b>	<b>% change</b>
Metro Counties (10 counties)	\$1,570,282,013	4.6%
Ski Counties (7 counties)	\$204,726,280	3.3%
Other Mountain (29 counties)	\$215,586,614	4.2%
Eastern Plains (17 counties)	\$ 52,669,238	3.3%

**TAXING ENTITIES**

Revenue derived from 2000 property taxes (payable 2001) will increase statewide for every type of local government. The combined revenue increase from taxes payable in 2001 is 5.59 percent. Table 4 lists the percentage increases in property tax revenue between taxes payable in 2000 and taxes payable in 2001.

**Table 4**

<b>Taxing Entity</b>	<b>% Increase 1999-2000</b>
School District K-12	+ 4.78%
Junior Colleges	+ 1.91%
Counties	+ 5.16%
Municipalities	+ 5.01%
Special Districts	+10.17%
<b>Combined Increase</b>	<b>+ 5.59%</b>

As discussed in the overview, the largest share of local property tax revenue (55.3%) goes to support public schools. Schools, however, also receive a major portion of their funding from the state. Provisions in the state school finance act create a relationship between the distribution of state funding for schools and the assessed values within the individual districts. In general, districts with a greater assessed value per pupil receive less state aid than those with lower assessed values per pupil. The local property tax burden in those districts increases to fill the gap. During the 2000-2001 budget year, funding from the state is expected to provide

\$2,967 per pupil, or about 58 percent of schools' total program funding.

**STATE BOARD OF EQUALIZATION****Membership**

The State Board of Equalization (state board) consists of the Governor, the President of the Senate, the Speaker of the House of Representatives, or their designees, and two members appointed by the Governor with consent of the Senate. Each appointed member must be a qualified appraiser, a former assessor, or a person who has knowledge and experience in property taxation. The state board members for 2000 were Lyle C. Kyle, Chairperson and appointee of Governor Bill Owens; Heather Witwer, Vice-Chair and designee of Governor Owens; Senator Ron Teck, designee of Ray Powers, President of the Senate; Representative Andy McElhany, designee of Russell George, Speaker of the House of Representatives; and JoAnn Groff, appointee of Governor Owens.

**Duties and Responsibilities**

The state board has various duties concerning the administration of property tax laws and equalization of the values of classes and subclasses of taxable property. Duties of the state board are found primarily in Article X, Sections 3 and 15 of the Colorado Constitution and in Title 39, Articles 1 & 9, Colorado Revised Statutes.

Among its duties, the state board reviews the findings and conclusions of the annual study and orders reappraisals in counties found not in compliance. The annual study was initiated by the 1982 amendment to the Constitution to ensure that all assessors value property at the same level of value using standardized procedures and statistical measurements. The study is conducted by an independent auditing firm contracted by the Director of Research, Legislative Council [39-1-104(16), C.R.S.]. The study and the

resulting orders of reappraisal are the primary means of achieving statewide equalization.

The state board's equalization function is important due to the relationship between assessed values and state aid to schools. Generally, if the property in a school district is under-assessed, it is likely that the district will receive more state revenue than it is entitled. The state board also reviews county Abstracts of Assessment, decisions of county boards of equalization, and the policies and recommendations of the Property Tax Administrator.

**2000 Enforcement and Repayment Actions**

On October 10, 2000, the state board met to review the findings and conclusions of T.Y. Pickett & Company Inc., annual study contractor for Legislative Council.

After considering all evidence and testimony, the state board concluded that 2000 property values for all 63 counties were in compliance with Colorado assessment law, and no reappraisals were ordered.

The state board also reviewed the results of reappraisals ordered the prior year for vacant land in Park and Saguache Counties. The state board determined that the reappraisals in both counties were successfully completed, and it ordered the counties to make the following paybacks and reimbursements.

<u>County</u>	<u>Supervision</u>	<u>State Aid to Schools Payback</u>
Park	\$6,602.07	\$63.72
Saguache	\$15,159.79	\$90.43

Since 1988, the state board has allowed counties to choose an alternative method for the repayment of the supervision costs. Rather than paying the money to the state, counties are allowed to apply the supervision repayment to the budgets of

their assessors' offices, for the purpose of enhancing their operational effectiveness.

The Saguache County Commissioners chose to employ the alternative method, and they submitted a plan detailing how the money would be used to enhance the effectiveness of the assessor's office. The Park County Commissioners chose not to employ this method of repayment, and they were ordered to pay the supervisory costs.

**1999 Enforcement and Repayment Actions**

The vacant land reappraisal orders for Park and Saguache Counties were issued during the October 12, 1999, meeting of the state board. At the meeting, the state board also determined that Fremont County's irrigated farm land was out of compliance. The state board's decisions were based on the 1999 findings and conclusions of annual study contractor T.Y. Pickett & Company Inc.

Vacant land values for Park County were found out of compliance because the reappraisal achieved a 26.46 percent coefficient of dispersion. That figure exceeds the vacant land standard of 20.99 percent. Saguache vacant land was out of compliance because the median sales ratio of 93.06 percent fell outside the allowable range of 95.0 to 105.0 percent.

A reappraisal of Fremont County's irrigated land was ordered because the crop yield used for valuing the subclass was 125 percent of the ten-year average yield reported by the Colorado Agricultural Statistics Service (CASS). This fell outside the state board's compliance standard of 90 to 110 percent. Upon receiving the order, the county made a uniform adjustment to its irrigated land values to achieve compliance with the state board standard prior to publication of the tax warrant.

On December 3, 1999, the state board met and approved the plans for reappraisal submitted by Park and Saguache County.

The state board rescinded the reappraisal order for Fremont County upon receiving testimony from the Division of Property Taxation that Fremont's adjusted values for irrigated land were in compliance. The state board did not consider repayment actions for 1999, because all 1998 values were found to be in compliance.

**1998 Enforcement and Repayment Actions**

On October 5, 1998, the state board met to review the findings and conclusions of annual study contractor T.Y. Pickett & Company Inc.

After considering all evidence and testimony, the state board concluded that 1998 property values for all 63 counties were in compliance with Colorado assessment law, and no reappraisals were ordered.

The prior year, the state board determined that the 1997 values for three counties were out of compliance, and issued the following reappraisal orders:

<u>County</u>	<u>Property Classes Ordered</u>
Lake	Vacant Land
Routt	Agricultural Sub-Classes
Hinsdale	Single Family Residential, Vacant Land, Commercial/ Industrial, Agricultural Improvements

Upon recommendation of the auditor, the state board concluded during its 1998 meeting, that the 1997 orders were justified and successfully completed. It ordered the counties that received 1997 orders to make the following paybacks and reimbursements.

<u>County</u>	<u>Supervision</u>	<u>State Aid to Schools Payback</u>
Lake	\$10,599.00	\$ 0.00
Routt	\$ 878.23	\$81.79
Hinsdale	\$ 959.30	\$ 7.47

The counties chose the alternative repayment method of applying the supervisory costs to the budgets of the assessor's offices.

**DIVISION OF PROPERTY TAXATION**

Under the general laws of Colorado, the Division of Property Taxation is headed by the Property Tax Administrator. The Administrator is appointed by the State Board of Equalization to serve for a five-year term and until a successor is appointed and qualified.

One primary responsibility of the Division of Property Taxation (division) is to administer the implementation of property tax law throughout the sixty-three counties so that valuations are fair, uniform, and defensible, thereby ensuring that each property class contributes only a fair share of the total property tax revenue. In other words, the division's goal is equalization of valuation and proper distribution of property taxes throughout the state.

The division is comprised of four sections: Administrative Resources, Appraisal Standards, Exempt Properties, and State Assessed Properties.

**Administrative Resources** staff serves as liaison to the sixty-three counties in determining existing and future needs for assistance from the division. In addition, the section serves as a liaison and coordinator with a variety of other agencies having an interest in property taxation.

The staff conducts all courses dealing with statutory reporting and the administration

of an assessor's office and provides workshops in specialized areas of assessment administration such as parcel mapping, severed mineral assessment, and title conveyance.

The staff also researches, develops, and publishes manuals on assessment procedures and legal references, publishes the Mobile Equipment Manual for county clerks and recorders, and provides data processing coordination and administrative services for the division. It conducts research projects for the division and the General Assembly and provides administrative services for the State Board of Equalization and the Statutory Advisory Committee to the Property Tax Administrator. It also responds to taxpayer complaints and processes abatement petitions while providing technical consultation and assistance to county staff.

**Appraisal Standards** staff serves as liaison to the sixty-three counties in determining existing and future needs for assistance from the division primarily in the appraisal field. It also serves as a liaison and coordinator with a variety of other appraisal agencies and companies having an interest in property taxation.

The staff conducts courses dealing with all aspects of appraisal including the three approaches to value. It also conducts workshops in specialized areas such as standards and ethics for appraisers, sales ratios, agricultural valuation, contaminated property, and vacant land discounting procedures. All appraisal courses are approved for licensing by the Colorado Board of Real Estate Appraisers.

Appraisal Standards also researches, develops and publishes manuals on appraisal procedures for both real and personal property.

**Exempt Properties** examines all applications for exemption from property taxation for property claimed to be owned and used solely and exclusively for religious worship, private schools, or charitable purposes, and makes

determinations on the applications. Annual reports of exempt properties are reviewed to determine continuations of the exemptions. The Exemptions Section reviews approximately 650 applications and 9,700 annual reports for exemption each year.

**State Assessed Properties** values all public utility properties in the state. The State Assessed Section sets values on approximately 600 companies every year.

## POSSESSORY INTEREST

### Overview

The term "possessory interest" refers to the right to possess and exert control over land pursuant to a lease, permit or other agreement that does not transfer title. Within the Colorado assessment community, the term specifically refers to privately held possessory interests in public land and improvements. A question of considerable concern to Colorado assessors has been whether a possessory interest in government owned property, such as a ski resort's permit to use Forest Service land, represents a taxable interest, even though the government's fee interest in the land is exempt.

The issue has evolved through a series of court decisions and legislation, culminating in the February 26, 2001 Colorado Supreme Court decision in the consolidated cases *Eagle County Board of Commissioners v. Vail Associates, Inc* and *Allen S. Black et al. v. Colorado State Board of Equalization*.

By a 4 to 3 majority, the court reversed decisions of the Court of Appeals, and affirmed the taxable status of possessory interests in publicly owned property. The court declared that portions of the recently enacted statute, 39-3-136, C.R.S., were unconstitutional, because they created an exemption that did not fall within any of the exemption categories specified in Article X, of the Colorado Constitution. Section 3 of Article X is quoted in part as follows:

"Each property tax levy shall be uniform upon all real and personal property not exempt from taxation under this article...."

To better understand this decision, the following narrative traces the history of the possessory interest debate, from the original Mesa Verde case to the Court's recent decision in Vail Associates.

### **Mesa Verde I**

In 1967, Mesa Verde Company filed an abatement/refund petition with Montezuma County seeking a refund of property taxes paid "under protest" since 1937. Mesa Verde claimed that the improvements the company was taxed on were exempt, because they were owned by the federal government. The petition was denied by the County Board of Equalization, and the company appealed to District Court. The court dismissed the appeal, ruling it must look "behind the shadow of the United States' title to the substantive ownership of plaintiff." The court ruled that Mesa Verde "had substantially all the incidents of ownership of these improvements" making them subject to taxation. Mesa Verde appealed the court's decision to the Supreme Court.

In *Mesa Verde Company v. Montezuma County Board of Commissioners, et al.*, 178 Colo 49, 495 P. 2d 229 (Colo. 1972), the Colorado Supreme Court affirmed the District Court's ruling. The court noted that the contracts with the Secretary of the Interior granted Mesa Verde "...a possessory interest in all concessionaire's improvements consisting of all incidents of ownership...." The court stated that based on "...the contracts' terms, the language of relevant statutes, and the actions of the parties while under contract..." it was able to conclude there was support in the record for the trial court's finding. Of significance is the court's finding that legal title vested in the United States only for collateral security purposes for performance conditions is not conclusive evidence of ownership by the United States. In addition, since significant incidents of the plaintiff's ownership exist,

the property should not be exempt from taxation.

### **Enactment of 39-3-112, C.R.S. (amendments followed)**

The General Assembly entered the debate in 1975 with the passage of an act titled CONCERNING THE TAXATION OF A POSSESSORY INTEREST IN PROPERTY OTHERWISE EXEMPT FROM TAXATION. The act created 39-3-112, C.R.S., which is quoted in part as follows

When any property which for any reason is exempt from taxation is leased, loaned, or otherwise made available to and used by a private individual, association, or corporation in connection with a business conducted for profit, the lessee or user thereof shall be subject to taxation in the same amount and to the same extent as though the lessee or user were the owner of such property,...

39-3-112(1), C.R.S.

Although 39-3-112, C.R.S., clearly stated the legislature's intention that most possessory interests be taxed, it exempted certain possessory interests, such as agricultural land and public utility easements, from the provisions of the statute.

During the years that followed, the General Assembly amended the statute with several new exemptions to possessory interest taxation.

- SB76-29 amended 39-3-112(4), C.R.S., to exempt, for the term of an existing lease, property owned by a municipality and leased to a private entity in connection with a business, when the lease was initiated prior to July 1, 1976.
- HB79-1531 amended 39-3-112(4)(c), C.R.S., to exempt possessory interests in publicly owned property when the use "...is by way of lease of or a concession in or relative to the use of

public airport, park, market, fairground, or similar property which is available to the use of the general public." Ski area property was specifically excluded from the exemption, and it continued to be valued by procedures stated in subsection six for federal lands used for recreational purposes.

- HB79-1021 amended 39-3-112(1), C.R.S., to exempt real property furnished to a government contractor that "...maintains permanent records substantiating the terms of such contract," and to exempt possessory interests in property used by airline companies. The bill also amended 39-3-112(5), C.R.S., to exempt possessory interests in land owned by the state of Colorado and managed by the State Board of Land Commissioners.
- HB83-1575 amended the "public airport" exemption found in 39-3-112(4)(c), C.R.S, to include property owned by an authority created by the Public Airport Authority Act, and to limit the exemption to property located "...within the boundaries of a public airport (that) is directly related to the ordinary function of the airport."
- HB88-1015 amended 39-3-112(6), C.R.S., to specify that "the possessory interest, and only the possessory interest..." in federal lands used for recreational purposes be taxed. It also provided more detailed procedures for the valuation of possessory interests in recreational lands.

### Rockwell Case

In 1980, the U.S. 10th Circuit Court of Appeals ruled in the *United States of America v. State of Colorado, et al.* (Rockwell Case), 627 F.2d 217 (1980), that management contracts do not create a possessory interest in property that is used in conjunction with the agreement. This case concerned the Rocky Flats Nuclear Weapons Plant and the operator/manager, Rockwell International. The court determined the relationship between the

government and Rockwell was such that the company operated under a management contract and any use of the property was strictly delineated by the contract, making it not fall under the description of possessory interest.

### Southern Cafeteria Case

In 1983, the Colorado Court of Appeals cited the "Rockwell Case" in *Southern Cafeteria Inc. v. Property Tax Administrator, et al.*, 677 P.2d 362 (Colo. App. 1983) (Southern Cafeteria) ruling that management contracts cannot be valued as a possessory interest. Once again, the court found that the taxpayer had no "incidents of ownership" over the property. The government provided essentially all equipment, fixtures, and real property, monitored the pricing structure, and maintained control over the amount of profit Southern Cafeteria could realize.

### 39-3-112, C.R.S., repealed

### 39-3-135, C.R.S., enacted

As part of a 1989 recodification of article three, HB-1098 repealed 39-3-112, C.R.S., and reenacted the statute as 39-3-135, C.R.S. No substantive changes to the law were made.

### Mesa Verde II

Mesa Verde Company reentered the debate in 1992 when, under an order from the Montezuma County Board of Equalization, the assessor placed an omitted property assessment on four parcels of land on which the company operated its concessions. Mesa Verde Company still operated under a contract with the U.S. Government to manage the improvements for the benefit of the general public. Mesa Verde protested, then appealed to the County Board of Equalization, but was denied. The taxpayer then appealed to District Court, which ruled that: 1. "Mesa Verde did not enjoy a taxable 'ownership interest' in the subject land". 2. "Mesa Verde's use and possessory interest in the subject land was ... exempt from Colorado property tax

under the plain language of sections 39-3-135(1) and 39-3-135(4)(c)..." and 3. Montezuma County had no standing to challenge the constitutionality of those portions of the statute. *Mesa Verde Company v. the Montezuma County Board of Equalization et al.*, 898 P. 2d 1, (Colo 1995).

The Montezuma County Board of Equalization appealed the issue of standing directly to the Supreme Court. In *Mesa Verde Company v. Montezuma County Board of Equalization, et al.*, 831 P.2d 482 (Colo. 1992), the Supreme Court affirmed that the county board of equalization and assessor lacked standing to challenge the constitutionality of statute.

### **Mesa Verde III**

The Legislature passed SB93-46 the following year, enacting 30-11-105.1, C.R.S., to authorize counties or county officers, in defending an action in court, to contest the constitutionality of a statute. Subsequently, Montezuma County filed a motion in District Court to vacate its judgment in Mesa Verde II. The court agreed to vacate part of its order regarding the county's standing, but kept other parts of the order in force until it could rule on the constitutionality of exemptions cited in 39-3-135(1) and 39-3-135(4)(c), C.R.S.

In October 1993, the District Court denied the county's motion to vacate its judgment, and instead ruled that the entirety of 39-3-135, C.R.S., was unconstitutional as applied to users of federal land because it violated the Supremacy Clause of the U.S. Constitution. The court held that neither the federal land nor any alleged interest of Mesa Verde in the federal land is subject to Colorado property taxation, and that the county had no authority to tax Mesa Verde's use and possessory interest. Montezuma County appealed to the Colorado Supreme Court.

On April 24, 1995, in *Mesa Verde Co. v. Montezuma County Board of Equalization et al.*, 898 P.2d 1 (Colo. 1995), the

Supreme Court reversed the judgment of the District Court, ruling that:

- Mesa Verde Company's possessory interest was "real property" within the meaning of statutory provisions defining real property for tax purposes.
- Mesa Verde Company's possessory interest fell within the Government Contractor Exemption and the Public Park Exemption. However, those exemptions were invalid; they represented attempts by the Legislature to exempt real property that the Colorado Constitution did not authorize the Legislature to exempt.
- The Supremacy Clause did not preclude the state's taxation of the concessionaire's possessory and usufructuary interests in federally owned land.
- The resulting tax was valid because the Ski Area Valuation Rule (and not the unqualified As-if owned Rule) applied to determine valuation, 39-3-135(6), C.R.S.

In reaching its decision, the Supreme Court ruled that the second sentence of 39-3-135 (1) and all of (4)(c) were unconstitutional because they created exemptions not authorized by Article X of the Colorado Constitution. The court also stated: "Furthermore, sections 9 and 10 of Article X specifically proscribe the legislative power 'to impair the financial base of government operations' by exempting corporate bodies, such as Mesa Verde, from their share of taxation. *Allardice v. Adams County*, 173 Colo. 133, 158, 476 P.2d 982, 995 (1970); see also Colo. Const. Art. X; Sections 9 & 10."

### **39-3-135, C.R.S., repealed 39-3-136 & 39-1-103(17), C.R.S. enacted**

In response to the Supreme Court's decision in Mesa Verde III, the General Assembly passed Senate Bill 96-218. The bill repealed 39-3-135 C.R.S., and enacted 39-3-136 and 39-1-103(17) C.R.S. The

legislation had the following effect on the taxation of possessory interests in exempt property:

- It stated that possessory interests should not be taxed with the exceptions of: 1) equities in state lands, 2) mines, quarries, or minerals, including hydrocarbons, and 3) public utilities. 39-3-136(1)(h), C.R.S.
- It repealed 39-3-135, C.R.S., in its entirety and further stated that possessory interests in real or personal property exempt from taxation under 39-3-136, C.R.S., shall not be subject to taxation unless specific statutory provisions are enacted directing the taxation of possessory interests.
- It established procedures for valuing possessory interests that take effect if possessory interests are found to be taxable under the Constitution, 39-1-103(17), C.R.S.

The stated concern of the Legislature was the Supreme Court's holding that certain possessory interests in land are "real property" and, therefore, subject to property taxation. The Legislature felt the decision opened the door for a variety of possessory interest valuations such as grazing leases, permits on government land, or government employees' parking spaces in government-owned garages becoming subject to property taxation. Further, those interests could be valued by different methods.

SB 96-218 was signed by Governor Romer on June 5, 1996, a month after the statutory date for mailing Notices of Valuation to taxpayers. When the State Board of Equalization (state board) met on October 16, 1996, eighteen counties had not yet removed possessory interest valuations because they believed the legislation was unconstitutional. The state board continued the hearing on possessory interests to October 28, 1996, so that counties had time to prepare presentations. The board also informed

the counties of its intention to uphold 39-3-136 C.R.S.

### **Counties' challenge to 39-3-136, C.R.S.**

When the state board met on October 28, 1996, fourteen counties had not removed the possessory interest valuations. The state board issued orders to each of the counties to remove the valuations, and it further ordered the counties to report back by November 13, 1996, that the order had been implemented.

The state board met on November 19, 1996, to review the counties' responses. Ten counties notified the state board that they had not removed the possessory interest valuations. To protect remedies, Boulder County filed an appeal in Denver District Court November 13, 1996; Clear Creek County filed in Denver District Court November 13, 1996, and seven counties filed an action November 25, 1996. The seven counties were Eagle, Grand, Jefferson, Montezuma, Pitkin, Routt, and Summit. Gunnison County chose not to file an appeal in anticipation of the state board's filing a petition for writ of mandamus with the Supreme Court.

In December, 1996, the state board filed a petition for writ of mandamus with the Supreme Court asking the court to order the ten counties to show cause why they should not comply with the state board's order to remove the possessory interest valuations from the county assessment rolls. The state board also requested the court to stay the proceedings pending in Denver District Court. On December 19, 1996, the court denied the petition without comment.

On August 11, 1997, Denver District Court ruled in favor of the State Board of Equalization and upheld the constitutionality of SB 96-218. The court based its ruling on the following points:

- The Supreme Court's decision in *Mesa Verde Co. v. Montezuma* is clearly based on a statutory definition of possessory interests as "real property."

"The Supreme Court did not hold, or even suggest, that the subject land-use rights were inherently 'real property' as that term is defined in Article X, section 3," of the Constitution. Subsequent to the Supreme Court's decision, the Legislature enacted 39-3-136, C.R.S. (SB 96-218) to exclude possessory interests from the statutory definition of "real property."

- The counties did not meet the burden to prove SB 96-218 unconstitutional beyond a reasonable doubt.
- There is no requirement in the Colorado Constitution to tax possessory interests.
- The state board did not abuse its discretion in ordering all counties with 1996 possessory interest assessments to remove them from their tax rolls.

The counties appealed to the Court of Appeals, and on December 24, 1998, the court issued its decision that affirmed the decision of the district court. In doing so, the court cited the reasoning in *Vail Associates, Inc. v. Eagle County Board of County Commissioners*, 983 P.2d 49 (Colo. App. 1998). This closely related case came before the court when Eagle County appealed the BAA's decision requiring it to remove Vail Associates' possessory interest value from the tax roll.

In *Vail Associates*, the court based its decision on an understanding that the taxation of property requires implementing legislation; therefore, "the General Assembly has the discretion to determine questions of time, method, nature, purpose, and extent in respect to the imposition of taxes, the subjects upon which the taxing power is to be exercised, and the proceedings concerning taxation." The court said the constitution is a document that sets the limits in which the General Assembly can operate, but there is no restriction against the General Assembly taking actions within those limits. In the court's opinion, the General Assembly recognized those limitations

"noting that it could not create a class of property to be taxed and then exempt certain members of that class." Therefore, the General Assembly "decided that it simply would not create that class consisting of possessory interests."

The court also addressed the county's objection that upon enacting 39-3-136, C.R.S., the Legislature did not amend 39-1-102(14) or 39-1-111, C.R.S. These are the statutes cited in *Mesa Verde III* as defining possessory interests as real property subject to taxation. By not amending them, the county argued possessory interests were still defined by statute as real property. The court disagreed. "It is not for the reviewing court to determine that the General Assembly could have addressed an issue in a different or 'better' manner. Rather, the court's function is to uphold the intent of the General Assembly and determine whether a statute is constitutional." The counties appealed the decision to the Colorado Supreme Court.

#### **Supreme Court Decision in *Vail Associates & Black et al* (98SC869 & 99SC126)**

The Supreme Court overturned the appellate court's decisions, ruling that 36-3-136, C.R.S., "unconstitutionally exempts some private possessory interests in tax-exempt property from taxation, contrary to Article X ... and (the court's) controlling decision in (*Mesa Verde III*)." (p.6) As previously stated, the Colorado Constitution provides that "each property tax levy shall be uniform upon all real and personal property not exempt from taxation under this article...." Art X, Sec 3(1)(a), Colo. Const.

In its decision, the court agreed with the Court of Appeals, that the taxation of property requires implementing legislation, but it said the General Assembly's authority in this matter is not unconstrained. "First, the General Assembly cannot refuse to exercise its taxation authority; it must enact tax statutes so that governmental operations

may be funded.... Second, it cannot provide purely statutory exemptions from taxation that are not within the constitutional exemption categories of Article X.... Third, it must not enact provisions that exempt certain private interests from bearing their fair and proportionate burden of taxation.” (p. 23-24)

The court found that the enactment of 39-3-136, C.R.S., violated each of these constraints. Its decision rests in part on reasoning stated in Mesa Verde III, that possessory interests in real property are themselves real property as defined by 39-1-102(14)(a), C.R.S.

“Real Property” means: (a) All lands or interests in lands to which title or the right of title has been acquired from the government of the United States or from sovereign authority ratified by treaties entered into by the United States, or from the state,.... 39-1-102(14)(a), C.R.S. (emphasis added by court)

Although 39-3-136(1)(g), C.R.S., is quoted as saying that provisions of 39-1-102(14)(a), C.R.S., “do not direct the taxation of possessory interests in exempt properties,” the court disagreed with the appellate court’s opinion that its enactment removed possessory interests from the statutory definition of real property. “Defining property for taxation purposes and directing taxation of that property are different concepts,” (p. 27) the court said.

Instead, the court found that 36-3-136, C.R.S., imposed the following changes on the taxation of possessory interests:

- The statute “defines a class of property known as ‘possessory interests.’” (p. 32)
- It “prohibits taxation of a subclass of that property – possessory interests in otherwise tax-exempt property – from taxation while continuing taxation of other possessory interests.” (p. 32)

- And it “carves out certain interests within the subclass for continued taxation.” (p. 32)

“This disparate tax treatment within the same class of property is only permissible if the property exempted in the statute is also exempted in the constitution,” (p. 32-33) the court said. However, the only constitutional exemption from the taxation of possessory interests in exempt property is specific to the taxation of non-producing unpatented mining claims. (p. 34) Therefore, “the express language of section 39-3-136 operates as a purely legislative exemption to taxation that is not authorized under Article X.” (p. 35)

Accordingly, the court severed 39-3-136, C.R.S., and the final sentence of 39-1-106, C.R.S., and left in place the valuation provisions found in section 39-1-103(17), C.R.S., that the General Assembly intended to apply if the court required the taxation of possessory interests in exempt property. (p. 42) On March 30, 2001, the State Board of Equalization voted that upon receiving the remands from District Court, appropriate orders will be issued to the counties.

## PROTESTS, APPEALS & ABATEMENTS

### Protests and Appeals of Value

Colorado statutes mandate a process that that allows taxpayers the opportunity to challenge the actual value established by the assessor. The process begins with the taxpayer’s protest to the assessor. Upon receiving a protest, the assessor reviews the issues raised, and based on a preponderance of the evidence, either adjusts or maintains the actual value established for the property. Taxpayers who disagree with the assessor’s decision can appeal to the County Board of Equalization (CBOE) comprised of the county commissioners. Taxpayers who disagree with the CBOE’s decision have three choices for further appeal; they can appeal to the State Board of Assessment Appeals (BAA), district court or binding

arbitration. Decisions of the BAA and district court can be appealed to the Colorado Court of Appeals and ultimately to the Colorado Supreme Court. Decisions of an arbitrator are final.

The number of protests and appeals varies greatly from county to county. During 1999, Larimer County received the greatest number of appeals with 9,769 while Kiowa County received none. For many counties, the protest process places a significant strain on the resources of the assessor's office, resulting in many hours of overtime or compensated time. Table five lists the protests and CBOE appeals for each county during the last three reappraisal years, organized according to the county officer pay categories established in 30-2-102, C.R.S. For the purpose of this table, The City and County of Denver is placed in category one. Table six provides a summary of protest and appeal statistics.

Taxpayers can protest and appeal in both reappraisal years, such as those shown in tables five and six, and in intervening years, such as 2000. However, the number of protests and appeals is much greater during reappraisal years.

### **Abatements**

Taxpayers who did not file a protest of value with the assessor can challenge the value through the abatement process, 39-10-114, C.R.S. Abatement petitions can be filed for taxes erroneously or illegally levied, an overvaluation, or assessment error. Taxpayers who did protest only can file an abatement petition for a clerical error or an illegality, not for an overvaluation. An overvaluation involves appraisal judgment.

Abatement petitions can be filed up to two years after the date the taxes are due. Because abatement petitions are filed on taxes already levied, the abated or refunded taxes constitute lost revenue to the affected local governments; however, 39-10-114(1)(a)(I)(B), C.R.S., and case law authorize local governments to recover

abated taxes through an increase in the mill levies. Table seven displays the taxes abated during 1998, 1999 and 2000.

## AGRICULTURAL TIMBERLAND

In 1990, the Colorado Legislature passed HB 90-1229, expanding the definition of "agricultural land" to include forested land that meets certain requirements. The definition reads as follows:

A parcel of land that consists of at least forty acres, that is forest land, that is used to produce tangible wood products that originate from the productivity of such land for the primary purpose of obtaining a monetary profit, that is subject to a forest management plan, and that is not a farm or ranch, as defined in subsections (3.5) and (13.5) of this section. "Agricultural land" under this subparagraph (II) includes land underlying any residential improvement located on such agricultural land.  
39-1-102(1.6)(a)(II), C.R.S.

Since the enactment of this law, numerous owners have developed "forest management plans" on what otherwise would be classified as vacant or residential improved land. This has resulted in a loss of revenue for 2000 to the following counties that have "agricultural timberland."

## SHIFT OF PROPERTY TAX BURDEN DUE TO GALLAGHER AMENDMENT

Table Number 4 on the following pages, shows the shift of property tax burden away from residential owners from the inception of the Gallagher Amendment through 2000. Residential taxpayers have saved approximately \$5,099,489,599 since the amendment's inception.

The table begins with 1987, because the residential assessment rate remained at 21% until 1987. The contents of each row in the table are described below.

- Row 1. Hypothetical residential assessment rate, 21%.
- Row 2. Actual residential assessment rate for each particular year.
- Row 3. Actual average mill levy.
- Row 4. Hypothetical average mill levy, had the residential rate been 21% every year. This is calculated by dividing the total actual revenue received in each year (Row 9), by the total assessed value, had the residential rate been 21% (Row 8).
- Row 5. Actual total residential assessed value.
- Row 6. Actual total statewide assessed value.
- Row 7. Total hypothetical residential assessed value, had the residential rate remained at 21%.
- Row 8. Hypothetical total assessed value, had the residential assessment rate remained at 21%.
- Row 9. Total actual statewide property tax revenue.
- Row 10. Total hypothetical tax revenue attributable to residential property, had the residential rate remained at 21%. This is calculated by multiplying the hypothetical mill levy at 21% (Row 4) by the hypothetical residential assessed value at 21% (Row 7).

- Row 11. Total actual property tax revenue.
- Row 12. Savings to residential taxpayers, Row 10 minus Row 11.

### **HB00-1031**

#### **Concerning the elimination of certain elections concerning pest control districts.**

The bill amends 35-5-104, C.R.S., and eliminates the requirement for an election to consolidate pest control districts. This eliminates special election costs for districts that desire consolidation. The district advisory committees of two or more adjoining pest control districts will request consolidation by petitioning the board of county commissioners. Within ten days of receiving the request, the commissioners schedule a hearing.

The hearing must be held within 30 days of receiving the request. If, after the hearing, the commissioners determine that the consolidation will create a more economically and efficiently operated district, the commissioners, by order, shall declare the dissolution of the districts and the establishment of the new consolidated district.

Signed by Governor Owens:  
March 2, 2000  
Effective Date: 90 days after adjournment unless a referendum petition is filed.

### **HB00-1059**

#### **Concerning the time in which payment is due on the first installment for property taxes without accruing delinquent interest.**

The bill amends 39-10-104.5, C.R.S., and provides an exception to having to pay the first installment for property taxes by the last day of

February. If the tax bill is mailed at such a time that the last day of February occurs prior to the expiration of a 30 day period, the first installment will not be considered delinquent if paid within 30 days of the mailing of the tax bill.

Signed by Governor Owens:  
March 10, 2000  
Effective Date: Payments of property tax levied on or after January 1, 2000.

### **HB00-1137**

#### **Concerning the licensure of real estate appraisers.**

This bill amends the statutes, Title 12, Article 61, Part 7, C.R.S., that regulate real estate appraisers by the Board of Real Estate Appraisers.

1) It places the appraiser categories in 12-61-706, C.R.S. The act states that the board will set the requirements for certification or licensure. However, there is an experience requirement for the licensed appraiser, at least 12 months.

#### *History of Licensure:*

1990 – SB 34 – 1<sup>st</sup> year:  
Licensed Appraiser – 55 hours education and training

Certified Residential Appraiser – 95 hours education and 2 years experience

General Certified Appraiser – 165 hours education and 3 years experience

1992 – HB 1177 – Added a category:

Registered Appraiser – 55 hours education and no experience

Licensed Appraiser – 95 hours and 2 years experience

Certified Residential Appraiser – 105 hours education and 2 years experience (12/31/93 165 hours education and 2 years experience)

Certified General Appraiser – 165 hours education and 3 years experience  
1996 – HB 1080 – Removed qualifications from statute and said that the Board would prescribe the requirements by rule.

2) Creates a new subsection, 12-61-707(3), C.R.S., to allow a licensee who has not yet completed continuing education requirements to renew a license on inactive status. The license may be activated if the licensee submits written certification of compliance with 12-61-706, C.R.S., for the previous licensing period. The holder of an inactive license shall not perform an appraisal in conjunction with a debt instrument that is federally guaranteed, in the federal secondary market or regulated pursuant to Title 12, U.S.C. The board may adopt rules establishing procedures to facilitate a reactivation.

3) The bill also provides the board the ability to issue a public censure as a disciplinary action, 12-61-710(2) and (5), C.R.S.

Signed by Governor Owens:  
March 17, 2000  
Effective Date: 90 days after adjournment unless a referendum petition is filed.

## **HB00-1145**

**Concerning business personal property tax, and, in connection therewith, modifying the credit against state taxes for a portion of business personal property tax paid and the administration of the credit.**

Section 1 of the Act amends 39-22-124, C.R.S., the tax credit refund process for business personal property, and eliminates the need for taxpayers to file a claim with the Department of Revenue.

Based on information provided by county treasurers and assessors, the Department of Revenue will automatically send refund checks to eligible taxpayers. The refund mechanism is:

The owner of record of the business personal property on June 15, as listed in the records of county treasurer(s), is eligible for the credit.

The refund is 13.37% of the aggregate amount of personal property tax paid to all taxing jurisdictions plus the lesser of 86.63% of the aggregate taxes paid or \$433.15.

The following procedures in the Act ensure that each qualified taxpayer receives the full amount of the credit allowed:

No later than June 30, each county treasurer provides the Department of Revenue (DOR) with the name, address, schedule number(s), and the amount of personal property tax paid by each qualified taxpayer. The county assessor provides DOR the name, schedule number(s), and the

taxpayer ID number. The list includes state assessed properties, and the Division provides the state assessed ID numbers to the assessors.

No later than August 31, DOR refunds the full amount due to each qualified taxpayer. DOR includes a notice that indicates that any taxpayer receiving a refund who also receives an abatement or refund of taxes paid on personal property must remit back to DOR any portion of the credit refund that is attributable to the taxes paid on personal property that were refunded or abated.

Taxpayers who have not provided their ID numbers only will receive a refund of 13.37% of the taxes paid. DOR will include a form with the partial payment check requesting the ID number. The taxpayer has until September 30 to return the completed form to DOR. If the form is returned timely, the refund is made no later than the following January 31. Taxpayers who do not return the form will not receive the remaining credit of 86.63% or \$433.15, whichever is less.

When Legislative Council staff's June revenue estimates indicate that the revenues will not exceed the limitation on state fiscal year spending imposed by TABOR by \$170 million, and the Controller's financial report subsequently certifies that the revenues actually exceeded the limitation, the following procedure applies.

By October 15, the county treasurers and assessors furnish the same information to DOR.

By November 15, DOR mails the refund to the taxpayers with the accompanying notice regarding abatement or refund of taxes.

Taxpayers who have not provided their ID numbers have until December 15 to complete the form. Again, if the ID number is not provided, the remaining partial credit is not paid.

Section 4 of the Act provides that the treasurers file a report with DOR of all refunds and abatements of personal property taxes by August 10 of each year, 39-10-114(3), C.R.S:

If DOR learns through this report that a taxpayer who received a credit refund also received an abatement or refund of taxes paid on personal property, DOR will mail notification of the abatement or refund amount and the taxpayer must remit that amount back to the state.

Section 2 of the Act states that the Property Tax Administrator shall publish in the manuals appraisal procedures and instructions a definition or description of the types of personal property "held for consumption by any business" and are therefore exempt from property taxation, 39-3-119, C.R.S. The Division is currently working on guidelines and procedures concerning this definition.

Section 3 of the Act amends 39-5-108, C.R.S., to state, "Exhibits and

statements attached to the personal property declaration schedule shall be deemed sufficient for the purposes of the schedule if such exhibits or statements clearly list the property, the cost of the property, and the date the property was acquired."

**Concerning the assessment of property for property tax purposes**

Section 1 of the Act amends 39-1-102(15.5)(a)(II), C.R.S., the definition of an institution that is licensed as a child care center, to include:

(B) A not-for-profit institution that offers an educational program for not more than six hours per day and that employs educators trained in preschool through eighth grade educational instruction and is licensed by the appropriate state agency and that is not otherwise qualified as a school under this paragraph (a) or as a religious institution.

This type of school will now qualify for exemption.

Section 2 of the Act amends 39-1-103(5)(a), C.R.S., to state that a gross rent multiplier may be considered as a unit of comparison within the market approach to appraisal.

The act makes several changes in reporting requirements:

Section 4 amends 39-5-121.5, C.R.S. The assessor in a county that has made an election to use the alternate protest and appeal procedure must complete the abstract of assessment by November 21.

Section 5 amends 39-6-111.5, C.R.S. The mailing date for notices of value for producing and non-producing mines is changed from May 1 to June 15.

Section 7 amends 39-9-105, C.R.S. The deadline by which the State Board of Equalization must complete the review of county abstracts of assessment is changed from October 30 to December 20.

Section 3 of the Act amends 39-5-121.5, C.R.S.: Upon the written request of any taxpayer or agent of taxpayer, the assessor shall *within seven working days after receipt said request, make available to the taxpayer or agent the data used by the assessor in determining the actual value of any property owned by the taxpayer. At the assessor's election, the assessor may either mail, fax, or send by electronic transmission to the address phone number or electronic address supplied by the taxpayer or agent.*

Further, *Upon receipt of such request, the assessor shall notify the taxpayer or agent of the estimated cost of providing such information, payment of which shall be made prior to providing such information. Upon providing such information, the assessor may include a bill for the reasonable cost above the estimated cost and up to the statutory maximum which shall be due and payable upon receipt by the taxpayer or agent.*

Section 6 amends 39-8-107(1) and (3), C.R.S. to provide:

*(1) If a referee heard the case, the board shall, at the written request of any taxpayer or any agent of such taxpayer within seven days after receipt of said request, make available to the taxpayer or agent the referee's findings and recommendations. At the board's election, the board may either mail, fax, or send by electronic transmission such findings and recommendations to the address, phone number, or electronic address*

*supplied by said taxpayer or agent. Upon receipt of such request, the board shall notify the taxpayer or agent of the estimated cost of providing such findings and recommendations, payment of which shall be made prior to providing such findings and recommendations. Upon providing such findings and recommendations, the board may include a bill for the reasonable cost above the estimated cost and up to the statutory maximum which shall be due and payable upon receipt by the taxpayer or agent.*

In 39-8-107(3), C.R.S., regarding appeals before the county board, the assessor is now to make available to the taxpayer within three days after written request, the data used by the assessor in determining the actual value of the taxpayer's property. The same language regarding the transmission of the information and the assessor's ability to charge for the information was added to this paragraph.

The following are the pertinent open records statutes, and they should be read in concert with HB 00-1268.

24-72-203. Public records open to inspection. (1) (a) All public records shall be open for inspection by any person at reasonable times, except as provided in this part 2 or as otherwise provided by law, but the official custodian of any public records may make such rules with reference to the inspection of such records as are reasonably necessary for the protection of such records and the prevention of unnecessary interference with the regular discharge of the duties of the custodian or the custodian's office.

(b) Where public records are kept only in miniaturized or digital form, whether on magnetic or optical disks, tapes, microfilm,

microfiche, or otherwise, the official custodian shall:

- (I) Adopt a policy regarding the retention, archiving, and destruction of such records; and
  - (II) Take such measures as are necessary to assist the public in locating any specific public records sought and to ensure public access to the public records without unreasonable delay or unreasonable cost. Such measures may include, without limitation, the availability of viewing stations for public records kept on microfiche; the provision of portable disk copies of computer files; or direct electronic access via on-line bulletin boards or other means.
- (3) (a) If the public records requested are in the custody and control of the person to whom application is made but are in active use, in storage, or otherwise not readily available at the time an applicant asks to examine them, the custodian shall forthwith notify the applicant of this fact, in writing if requested by the applicant. If requested by the applicant, the custodian shall set a date and hour at which time the records will be available for inspection.
- (b) The date and hour set for the inspection of records not readily available at the time of the request shall be within a reasonable time after the request. As used in this subsection (3), a "reasonable time" shall be presumed to be three working days or less. Such period may be extended if extenuating circumstances exist. However, such period of extension shall not exceed seven working days. A finding that extenuating circumstances exist shall be made in writing by the custodian and shall be provided to the person making the request within the three-day period. Extenuating circumstances shall apply only when:
- (I) A broadly stated request is made that encompasses all or substantially all of a large category of records and the request is without sufficient specificity to allow the custodian reasonably to prepare or gather the records within the three-day period; or
  - (II) A broadly stated request is made that encompasses all or substantially all of a large category of records and the agency is

unable to prepare or gather the records within the three-day period because:

- (A) The agency needs to devote all or substantially all of its resources to meeting an impending deadline or period of peak demand that is either unique or not predicted to recur more frequently than once a month; or
  - (B) In the case of the general assembly or its staff or service agencies, the general assembly is in session; or
  - (III) A request involves such a large volume of records that the custodian cannot reasonably prepare or gather the records within the three-day period without substantially interfering with the custodian's obligation to perform his or her other public service responsibilities.
- (c) In no event can extenuating circumstances apply to a request that relates to a single, specifically identified document.
- 24-72-205. Copies, printouts, or photographs of public records. (1) In all cases in which a person has the right to inspect any public record, he may request that he be furnished copies, printouts, or photographs of such record. The custodian may furnish such copies, printouts, or photographs for a reasonable fee, to be set by the official custodian, not to exceed one dollar and twenty-five cents per page unless actual costs exceed that amount; except that, when the custodian is the secretary of state, fees shall be determined and collected pursuant to section 24-21-104 (3). Where fees for certified copies or other copies, printouts, or photographs of such record are specifically prescribed by law, such specific fees shall apply.
- (2) If the custodian does not have facilities for making copies, printouts, or photographs of records which the applicant has the right to inspect, the applicant shall be granted access to the records for the purpose of making copies, printouts, or photographs. The copies, printouts, or photographs shall be made while the records are in the possession, custody, and control of the custodian thereof and shall be subject to the

supervision of such custodian. When practical, they shall be made in the place where the records are kept, but, if it is impractical to do so, the custodian may allow arrangements to be made for this purpose. If other facilities are necessary, the cost of providing them shall be paid by the person desiring a copy, printout, or photograph of the records. The official custodian may establish a reasonable schedule of times for making copies, printouts, or photographs and may charge the same fee for the services rendered by him or his deputy in supervising the copying, printing out, or photographing as he may charge for furnishing copies under subsection (1) of this section.

(3) If, in response to a specific request, the state or any of its agencies, institutions, or political subdivisions has performed a manipulation of data so as to generate a record in a form not used by the state or by said agency, institution, or political subdivision, a reasonable fee may be charged to the person making the request. Such fee shall not exceed the actual cost of manipulating the said data and generating the said record in accordance with the request. Persons making subsequent requests for the same or similar records may be charged a fee not in excess of the original fee.

(4) If the public record is a result of computer output other than word processing, the fee for a copy, printout, or photograph thereof may be based on recovery of the actual incremental costs of providing the electronic services and products together with a reasonable portion of the costs associated with building and maintaining the information system. Such fee may be reduced or waived by the custodian if the electronic services and products are to be used for a public purpose, including public agency program support, nonprofit activities, journalism, and academic research. Fee reductions and waivers shall be uniformly applied among persons who are similarly situated.

**Concerning the authority of a board of a special district to divide the district into areas and to levy taxes upon property within such areas to pay the costs associated within such areas.**

Section 1 of the bill amends, 32-1-1101(1)(f), C.R.S., and provides that the board of a special district has the following powers:

1) To divide the special district into one or more areas to be consistent with the services, programs, and facilities to be furnished within that district. Whenever the board divides the special district, the board shall provide notification to the county commissioners of each county that has territory included in the district and any municipality that has approved the district pursuant to 32-1-204.5, C.R.S. The county commissioners and municipalities that are entitled to notification may elect, within 30 days after notification, to treat the action as a material modification of the district service plan, under 32-1-207, C.R.S.

1) To fix different rates of levy for property tax purposes against all taxable property within the various areas of the special district. The board may pledge such revenues for the repayment of any bonds issued to finance services, programs, and facilities furnished or to be furnished within the area from which such revenues were or are to be collected.

Section 2 of the bill amends, 32-1-1101(1.5)(a) C.R.S. to read:

1) The board shall make any

determination by resolution adopted at a regular or special meeting of the board after publication of notice of the meeting.

2) No resolution establishing a levy of additional taxes within any area of the special district shall be adopted if a petition objecting to such levy is signed by the owners of taxable real and personal property, which property equals more than fifty percent of the total valuation for assessment of all taxable property within the area boundaries, and is filed with the special district no later than five days prior to the public hearing. However, the board may change the geographical boundaries of such area at the public meeting.

3) No single parcel of land having a valuation for assessment constituting twenty-five percent or more of the total valuation of all real property within the boundaries of an area in a special district shall be included in such area without the written consent of the owner or owners of such real property. No single parcel of land owned by a corporate entity and having a value constituting five percent or more of the total valuation of all real property within the boundaries of an area in a special district shall be included in such area without written consent of the owner.

4) If additional taxes are to be levied or debt is to be created within an area of the special district, a ballot issue approving such taxes or debt shall be submitted to the eligible electors within such area at a regular special district election or at a special election held on the Tuesday after the first Monday of November in an even numbered year or the first Tuesday of November in an odd-numbered year. In addition to any other matters, the ballot issue shall provide that the tax to be levied for services, programs, and facilities

within such area is in addition to any other taxes imposed by the district.

#### **Concerning housing authorities**

Section 2 of the Act amends 29-4-203(12), C.R.S., which governs the creation of housing authorities, to include in the definition of "Project" commercial facilities. Further, language was added to state that "The term 'Project' also applies to the provision of dwelling accommodations to persons, without regard to income, as long as the project substantially benefits persons of low income as determined by an authority."

Section 8 of the Act amends 29-4-226, C.R.S., to state that the following shall be exempt from special assessments by the state, any county, city and county, municipality, or other political subdivision:

A housing authority;

The property of a housing authority;

All property leased to a housing authority; and the portion of a project that is not used as a store, office, or other commercial facility that is occupied by persons of low income and that is owned by or leased to an entity:

That is wholly owned by an authority; in which an authority has an ownership interest; or in which an entity wholly owned by an authority has an ownership interest.

Section 9 of the Act amends 29-4-227, C.R.S., which covers tax exemption from the payment of any taxes or fees to the state or any subdivision thereof, or to any officer or employee of the state or any subdivision thereof, to state:

The portion of a project that is not used as a store, office, or other commercial facility that is occupied by persons of low income and that is owned by or leased to an entity that is wholly owned by an authority, an entity in which an authority has an ownership interest, or an entity in which an authority wholly owned by an authority has an ownership interest shall likewise be exempt from taxation, and the income derived from the above entities by the lessor under a lease shall likewise be exempt from taxation.

#### **Concerning the creation of a task force to study privacy issues related to information policy, and, in connection therewith, to recommend legislation and administrative policies governing the collection, retention, and use of information by public and private entities, and making an appropriation in connection therewith.**

The Act amends Article 37.5 of title 24, C.R.S., by adding Part 3 (24-37.5-301 et seq.), which creates a task force on information technology. The legislative declaration states: (a) The explosive growth of computer technology and its effect on the ability of public and private entities to collect, store, and transfer information has created an urgent

need to examine current policies concerning the appropriate uses of information and the limits on its collection, storage, and transfer;

(a) Such examination will require focus on long-term issues that our society is just beginning to formulate and debate; and (b) the complex and interrelated nature of these issues precludes a partial or piecemeal approach.

(2) Therefore, a broad and comprehensive approach, invoking contributions from many persons from a variety of backgrounds and perspectives is needed to arrive at policies that will be effective, coherent, and harmonious.

The task force will be in the Department of State, and must be appointed within 90 days of Governor Owens' signature on May 23. The members will not be compensated other than their reasonable and actual expenses incurred to attend meetings; they must represent as broad a spectrum as possible of the constituency they were appointed to represent and must advocate the views of their constituency in a fair and unbiased manner. Vacancies will be filled by appointment by the official who appointed the member whose absence resulted in the vacancy as the composition must be maintained. The task force will consist of 21 members as follows:

- 1) The Secretary of State or his or her designee
- 2) The Attorney General or his or her designee

3) The following 17 members appointed by the governor:

a) One representative of the executive-branch government agencies other than the Department of State and the Office of the Attorney General

b) One representative of the judicial branch of government, nominated by the Chief Justice of the Colorado Supreme Court

c) Fifteen persons who are not employed by the State of Colorado, appointed by the governor. Each shall represent one or more of the following groups:

\*Consumers

\*Persons 55 years or older

\*Providers or collectors of electronic information pertaining to individuals

\*Banks and providers of financial services

\*County clerks and recorders

\*Health care providers

\*Pharmaceutical researchers and manufacturers

\*Medical researchers and manufacturers

\*Insurers or insurance agencies

\*Business engaged in telemarketing or direct mail marketing

\*Providers of telecommunications service

\*Small businesses

\*Attorneys

\*Private investigators or

\*Law enforcement agencies

a) One member of the House of Representatives and one member of the Senate

b) Secretary of State or his or her designee shall serve as chairperson of the task force

The task force must meet at least quarterly beginning in September, 2000, or as soon as the Secretary of State certifies that adequate funding is available. The task force must report to the General Assembly and the Governor no later than December 1, 2001. Its specific assignment and role is contained in 24-37.5-303, C.R.S.

**Concerning the period of years for which an owner or operator of a producing mine may state an average figure for certain items that such owner or operator is required to specify in the annual statement filed with the county assessor for purposes of valuation for assessment of such mine**

The Act amends 39-6-106(1.4)(a), C.R.S., to allow an owner or operator of a producing mine to request permission to state an average figure based on any three-year, five-year, or ten-year period when reporting production and cost figures [39-6-106(1)(d) through (i), C.R.S.] to the county assessor. Previously, the average figure could be based on either a three-year or five-year period. Items to be averaged over the time period include:  
The number of tons of ore extracted;  
The gross value from production of the ore;

#### **Valuation of Public Utilities**

The Act amends Article 4, Title 39, C.R.S., Valuation of Public Utilities.

Section 1. Legislative declaration. The general assembly hereby finds and declares that the purpose of this bill is to clarify that when determining the valuation of public utilities for property tax purposes, an affiliate or subsidiary of a company that is not doing business primarily as a statutorily defined public utility shall not be included in the valuation of the public utility in any manner.

Section 2 amends 39-4-101(3), C.R.S., by adding a new paragraph: (b) On and after January 1, 2000, for purposes of this article, '**Public Utility**' shall **not include any** affiliate or subsidiary of a sole proprietorship, firm, limited liability company, partnership, association, company, or corporation of any type of company described in paragraph (a) of this subsection (3) **that is not doing business in the state primarily as** a railroad company, airline company, electric company, rural electric company, telephone company, telegraph company, gas company, gas pipeline carrier company, domestic water company selling at retail

except nonprofit domestic water companies, pipeline company, coal slurry pipeline, or private car line company. **Valuation and taxation of any such affiliate or subsidiary of a public utility as defined in paragraph (a) of this subsection (3), shall be assessed pursuant to Article 5 of this title.** (emphasis added)

On April 29, 1999, (modified on denial of rehearing on June 17, 1999), the Court of Appeals issued its decision in *United Parcel Service of America, Inc v. Huddleston*, 981 P.2d 223 (Colo.App 1999). The summary of the decision states: Property Tax Administrator (PTA) appealed an order of the Board of Assessment Appeals (BAA) determining that the PTA exceeded her authority in valuing property of a public utility airline company affiliated with parcel delivery service. The Court of Appeals, Davidson, J., held that: (1) the appropriate 'unit' for valuation under the public utility tax statute was the airline company, and (2) the valuation could include not only property that the airline company owned or operated, but also such other tangible and intangible property of the airline company's parent and the parent's other subsidiaries that contributed directly to the operation of the airline company. (page 223)

Sections 3 and 4 amend 39-4-108 and 39-4-109, C.R.S., to provide that an appeal from the PTA's protest decision can be either to the BAA or Denver District Court. Previously, an appeal could only be taken to the BAA.

#### **Concerning the Establishment of the Colorado Commission on Fair Taxation.**

This bill creates the Colorado Commission on Fair Taxation, consisting of 15 members, including seven members appointed by the Governor, three members appointed by the President of the Senate, one member appointed by the Minority Leader of the Senate, and four members appointed by the Speaker of the House of Representatives. Members must be appointed by August 15, 2000, and the commission must conduct its initial meeting no later than September 1, 2000.

Duties of the commission include a review of the current system of taxation, communication with people and groups affected by the current tax system, and development of proposals for modification to the current system of state and local taxation. The commission must submit a status report to the Governor and the General Assembly no later than April 15, 2001, and a final report by December 1, 2001.

No funding was provided; however, authorization is given to receive contributions, grants, services, and in-kind donations from any private entity.

Legislative Council Office,  
Legislative Legal Services Office,  
Departments of Revenue, Local  
Affairs and Education, and Office of  
State Planning and Budget must  
provide staff assistance.

Signed by Governor Owens:  
April 14, 2000  
Effective Date: 90 days after  
adjournment unless a referendum  
petition is filed.

**SB00-120**

**Concerning implementation of recommendations of the committee on legal services in connection with legislative review of rules and regulations of state agencies.**

Section 2 of this act (pages 6 and 7), repeals the instruction in the Assessors' Reference Library Volume 3, Chapter 5 and Volume 2, Chapter 6 listing "horse boarding operations" as "all other agricultural property."

A 1998 Court of Appeals' ruling, *John S. Palmer, et al. v. Eagle CBOE*, 957 P. 2d 348 (Colo. App. 1998), confirmed the two criteria used in determining if a parcel of land should be considered a ranch and classified as agricultural. This case addressed that in order to be classified as agricultural:

- 1) The land must be grazed, AND
- 2) The livestock must be used for food human or animal consumption, breeding, draft, or profit.

The court recognized that since horses graze, the question at issue was whether the horses qualified as livestock. The court ruled that since the second criteria mentioned above was not met, the horse boarding operation did not qualify as agricultural.

The listing of "horse boarding stables" under all other agricultural properties will be removed in Volumes 2 and 3, but the above court case should be considered when classifying and valuing horse boarding operations.

## **Certification of Levies and Revenues by County**

The assessed values reflect those values existing in the counties on the date the levies are certified to the county commissioners, December 15. See: 39-1-111(1), 39-1-111(5) and 39-5-125, C.R.S.

### **FOOTNOTES:**

- (A) Excess levy approved by Division of Local Government
- (B) Excess levy revenue voted at special election

NOTE: Special Assessments on the tax roll are no longer shown.

### **SCHOOL DISTRICT CODING:**

School districts entirely within a county:

Designated by the last position number of "0" or "5".

Multi-county school districts:

Designated by the last position numbers of "1" through "4". The administrative offices of the school district are located in the county designated by the code number "1". The adjoining counties are listed by code numbers "2" through "4", assigned to the counties alphabetically.

Questions regarding School District levies should be referred to the Department of Education, Office of Management Services.

(1) Averages will not add to the Total Average County Levy because denominators (Assessed Valuation) are not common to all.

(2) Municipal Revenues are divided by the sum of Municipal Assessed Valuation.

(3) Special District Revenues are divided by the sum of all Special District Assessed Valuation.

\* These figures include tax increment valuation, and all tax revenues attributable to the increment are allocated to the increment financing authority only.
