

STATE OF COLORADO

2008

THIRTY-EIGHTH ANNUAL REPORT

**TO THE
GOVERNOR AND THE GENERAL ASSEMBLY**

Department of Local Affairs
Division of Property Taxation

Bill Ritter, Jr.
Governor

Colorado Department of Local Affairs

Susan E. Kirkpatrick
Executive Director

DIVISION OF PROPERTY TAXATION

JoAnn Groff
Property Tax Administrator

April 30, 2009

The Honorable Bill Ritter
Governor of Colorado
and
The General Assembly of the
State of Colorado
200 E. Colfax Avenue
Denver, CO 80203

Governor Ritter and Members of the General Assembly:

We are submitting the Thirty-Eighth Annual Report in compliance with 39-2-119, C.R.S. In addition to providing listings of assessed values in the counties and property tax revenues of the local taxing jurisdictions, the report contains statistical and summary information.

Respectfully submitted,

JoAnn Groff

JAG:jr

REQUEST FOR ADDITIONAL COPIES OF 2008 ANNUAL REPORT

State of Colorado
Division of Property Taxation
1313 Sherman St., #419
Denver, CO 80203

Date _____

Section II

Administration

COLORADO PROPERTY TAX

OVERVIEW

The Colorado property tax system provides revenue exclusively for local government services. The largest share of property tax revenue (50.2 percent) goes to support the state's public schools. County governments claim the next largest share (25.2 percent), followed by special districts (18.1 percent), municipal governments (5.3 percent), and junior colleges (1.2 percent).

The authority for property taxation is both constitutional and statutory. Article X of the Colorado Constitution provides that all property is taxable unless declared exempt by the Constitution, and that the actual value of taxable property shall be determined under the general laws to secure just and equalized valuations. The specific statutes pertaining to property taxation are found in Title 39, Articles 1 through 14, Colorado Revised Statutes.

Under the general laws of Colorado, county assessors are required to value all taxable property within their county boundaries. The State Board of Equalization (state board) has supervision over the administration of all laws concerning the valuation and assessment of taxable property and the levying of property taxes. The Division of Property Taxation (Division), under direction of the Property Tax Administrator (administrator), coordinates the implementation of property tax laws throughout Colorado's sixty-four counties.

Revenue derived from 2008 property taxes (payable 2009) will increase statewide for every local government type. Table 1 lists the percentage increases in property tax revenue between taxes payable in 2008 and taxes payable in 2009. The combined revenue increase from taxes payable in 2009 is 2.6 percent.

TABLE 1

Tax Years 2007-2008	
Taxing Entity	% Increase
School District K-12	1.75%
Junior Colleges	3.36%
Counties	1.55%
Municipalities	3.66%
Special Districts	6.33%
Combined Increase	2.62%

In 2007, the General Assembly amended § 22-54-106(2), C.R.S., to freeze the total program mill levies certified annually by school districts. The mill levy freeze, when implemented, applied to 174 of the state's 178 school districts that had previously approved broadly worded ballot issues waiving the revenue limits of Article X, Section 20 of the Colorado Constitution (TABOR). The remaining four districts excluded from the change are Colorado Springs, Harrison, Cherry Creek and Steamboat Springs. Over time, the mill levy freeze is intended to restore the percentage of school total program funding from property tax revenue to levels that existed prior to the passage of Section 20, Article X of the Colorado Constitution (TABOR).

Note: On March 16, 2009, the Colorado Supreme Court issued a determination that the mill levy freeze is constitutional.

STATE BOARD OF EQUALIZATION

The State Board of Equalization consists of the Governor, the President of the Senate, the Speaker of the House of Representatives, or their designees, and two members appointed by the Governor with consent of the Senate. Each appointed member must be a qualified appraiser, a former assessor, or a person who has knowledge and experience in property taxation. The state board members for 2008 were Lyle C. Kyle, Chairperson and appointee of the Governor; Charles Brown, Vice-Chairman and appointee of the Governor; Craig R. Welling, designee of Governor Bill Ritter, Jr.; Sharon R. Bailey, Ph.D., designee of Peter Groff, President of the Senate; and Representative Joel Judd, designee of Andrew Romanoff, Speaker of the House of Representatives.

Duties and Responsibilities

The state board supervises the administration of property tax laws and the equalization of the values of classes and subclasses of taxable property. Duties of the state board are found primarily in Article X, Sections 3 and 15 of the Colorado Constitution and in Title 39, Articles 1 and 9, Colorado Revised Statutes.

Among its duties, the state board reviews the findings and conclusions of the annual study contractor and orders reappraisals in counties found not in compliance. The annual study was initiated by a 1982 amendment to the

Colorado Constitution to ensure that all assessors value property at the same level of value, using standardized procedures and statistical measurements. The study is conducted by an independent auditing firm contracted by the Director of Research, Colorado Legislative Council, § 39-1-104(16), C.R.S. The study and the resulting orders of reappraisal are the primary means of achieving statewide equalization.

The importance of the state board's equalization function is due in part to the relationship that exists between assessed values and state aid to schools. Generally, if the property in a school district is under-assessed, it is likely that the district will receive more state revenue than it is entitled. When the results of a reappraisal order indicate that the affected school district(s) received too much state revenue, the state board will order the county (not the school district) to pay back the excess funding. During the 1980s and early 1990s, this occasionally required the repayment of substantial revenue to the state. In more recent years, significant improvements in the quality of county assessments have resulted in far fewer reappraisal orders and smaller repayments of excess state aid to schools.

The state board also reviews county Abstracts of Assessment, decisions of county boards of equalization (county boards) and the policies and recommendations of the Property Tax Administrator.

STATE BOARD ENFORCEMENT

The following is a brief history of recent enforcement actions by the State Board of Equalization.

2008 Enforcement and Repayment

On October 8, 2008, the state board met to review the findings and conclusions of Rocky Mountain Valuation Specialists, Inc., annual study contractor for Legislative Council. Based on these findings, the state board issued no orders of reappraisal.

They also reviewed the status of their 2005 recommendation for Jackson County. The 2005 recommendation asked Jackson County to implement a five-year cycle for physical inspections of rural outbuildings. The Jackson County Assessor indicated that she only had four physical inspections left to complete the project.

2007 Enforcement and Repayment

On October 10, 2007, the state board met to review the findings and conclusions of Rocky Mountain Valuation Specialists, Inc., annual study contractor for Legislative Council. Based on these findings, the state board issued no orders of reappraisal. They did, however, review the status of a prior reappraisal order given to Costilla County.

On October 11, 2006, the state board determined that the 2005 ordered reappraisal of single-family residential property was successfully completed by Costilla County, and ordered the county to payback the state aid to schools as well as the supervision reimbursement costs by the end of 2007. At the October 2007 state board hearing, the Costilla County Deputy Assessor provided the state board with a document detailing the County's 2007 expenditures. Although the entire \$17,964.97 had not yet been spent, the remaining portion was slated to be used for education of assessor personnel and a list of proposed courses was submitted.

The board reviewed the progress of their 2005 recommendations for both Rio Grande and Jackson Counties. The state board's 2005 recommendation asked Rio Grande County to determine the productive capability of agricultural land by implementing the National Resource Conservation Service (NRCS) soil survey by 2007 for 2008. At the 2007 hearing, it was reported the county completed the soil survey. This was verified by Carl Ross of Rocky Mountain Valuation Specialists, Inc.

The state board also reviewed Jackson County's progress toward implementing a five-year cycle for physical inspections of rural outbuildings. The Jackson County Assessor indicated that as of October 10, 2007, 45 percent of the inspections had been completed.

2006 Enforcement and Repayment

On October 11, 2006, the state board met to review the findings and conclusions of Rocky Mountain Valuation Specialists, Inc., annual study contractor for Legislative Council. Based on these findings, the board issued no orders of reappraisal. They did, however, review the results of the reappraisal order given to Costilla County in 2005 for all single-family residential properties in the county. The board determined that the reappraisal

was successfully completed, and ordered the county to make the following payback and reimbursement.

<u>County</u>	<u>Supervision Reimbursement</u>	<u>State Aid To Schools Payback</u>
Costilla	\$17,964.97	\$968.09*

* + interest on state aid payback based on the rate set by the Colorado Banking Commissioner, which can be reduced by three percent under the authority of the state board.

The board approved Costilla County's request to repay the excess state equalization payments to schools by the end of 2007. In addition, the state board approved a reduction of three percentage points, resulting in an interest rate of six percent.

The board also approved the county's request to employ the "Bledsoe Plan" for the repayment of the supervision costs allowing the county to choose an alternative method of repaying the costs associated with the state's supervision of the reappraisal. The Bledsoe Plan authorizes counties to increase the assessor's budget by the supervision reimbursement money for expenditures that will enhance their operational effectiveness.

2005 Enforcement and Repayment

On October 11, 2005, the state board met to review the findings and conclusions of Rocky Mountain Valuation Specialists, Inc., annual study contractor for Legislative Council. Based on the findings, the state board issued a reappraisal order for the single-family residential property subclass in Costilla County. The board recommended that Rio Grande County comply with a procedural requirement to use a soil survey conducted by the United States Natural Resource Conservation Service (NRCS) when classifying and valuing agricultural land, and it recommended that Jackson County submit a plan for detailing the methodologies and time frames the county will use to physically inspect agricultural outbuildings.

The board also reviewed the results of a reappraisal order issued to Fremont County in 2004. Pursuant to the reappraisal, it ordered the repayment of excess state aid to schools and ordered the repayment of the cost of supervising the reappraisal.

The county commissioners requested the state board allow them to apply the

supervision reimbursement money to the assessor's budget for 2006. The alternate repayment method, referred to as the "Bledsoe Plan" authorizes counties to increase the assessor's budget by the supervision reimbursement money for expenditures that will enhance their operational effectiveness. The county requested the funds be used to purchase a variety of computers, various types of software and maps. The board approved the county's request to employ the "Bledsoe Plan" for the repayment of the supervision costs.

The board approved Fremont County's request to repay the excess state equalization payments to schools by the end of 2006. The state board approved a reduction of three percentage points, resulting in an interest rate of four percent.

<u>County</u>	<u>Supervision Reimbursement</u>	<u>State Aid To Schools Payback</u>
Fremont	\$54,751	\$131,263

+ interest on state aid payback based on the rate set by the Colorado Banking Commissioner, which can be reduced by three percent under the authority of the state board.

2004 Enforcement and Repayment

On October 4, 2004, the state board met to review the findings and conclusions of Rocky Mountain Valuation Specialists, Inc., annual study contractor for Legislative Council.

After considering all evidence and testimony, the state board concluded that the Fremont County commercial/industrial property classes were out of compliance and issued an order of reappraisal to the county.

DIVISION OF PROPERTY TAXATION

Under the general laws of Colorado, the Property Tax Administrator (Administrator) heads the Division of Property Taxation. The Administrator is appointed by the State Board of Equalization to serve a five-year term, and until a successor is appointed and qualified.

A primary responsibility of the Division is to administer the implementation of property tax law throughout the 64 counties so that valuations are fair, uniform, and defensible, thereby ensuring that each property class contributes only its fair share of the total property tax revenue. In other words, the Division's goal is equalization of valuation and proper distribution of property taxes throughout the state.

The Division is comprised of four sections: Administrative Resources, Appraisal Standards, Exempt Properties, and State Assessed Properties.

Administrative Resources

Administrative Resources prepares and publishes administrative manuals, procedures and instructions. It conducts schools and seminars regarding the administrative functions of the assessors' offices. It conducts field studies and provides statewide assistance in tax increment financing, manufactured housing, title conveyance, mapping, abstracting valuations, certification of values to taxing entities, and workforce analysis studies. The section also investigates taxpayer or taxing entity complaints. It is responsible for various studies and reports such as the residential assessment rate study and the Property Tax Administrator's Annual Report to the Governor and the General Assembly. It also coordinates with agencies having an interest in property taxation. In addition, the field staff works closely with assessors in all areas of property taxation.

Appraisal Standards

Appraisal Standards prepares and publishes appraisal manuals, procedures and instructions. It holds schools and seminars regarding all areas of appraisal. It conducts field studies and provides statewide assistance in agricultural land classification, natural resources and personal property valuation, as well as assistance in the valuation of residential, commercial and industrial properties. The section assists in

reappraisal efforts, reviews internal appraisal forms used by assessors, and investigates and responds to taxpayer complaints.

Exempt Properties

The Exemptions Section is responsible for determining qualification for exemption from property taxation for properties that are owned and used for religious, charitable and private school purposes. Exempt property owners are required to file annual reports with the Division to continue exemption. The section provides assistance to counties and taxpayers with inquiries about exempt properties, conducts hearings on denied exemption applications and revocations of exemption, and defends appeals of such denials and revocations.

State Assessed Properties

The State Assessed Section values all public utilities, rail transportation companies, and airlines doing business in Colorado. The company valuations are then apportioned to the counties for collection of local property tax. The section conducts research projects in connection with state assessed companies; assists counties and taxpayers with inquiries on the assessment of public utilities, rail transportation companies, and airlines; hears protests of the assigned values and defends appeals of such valuations.

2008 VALUE INFORMATION

Statewide Assessed Values for 2008

The 2008 tax year was an "intervening," or non-reappraisal year, meaning the actual values of most properties were the same as those established for the 2007 tax year. The values generally reflect market values as of June 30, 2006, although certain classes and sub-classes of property are valued every year.

The property valued every year includes all property classified as state assessed; leasehold interests classified as oil and gas, natural resource, and producing mines; and all subclasses of personal property.

For 2008, Colorado assessed values increased by \$2.4 billion, or 2.8 percent from the prior year. Table 2 displays the percentage changes in value of each property class for 2008.

TABLE 2

VALUE CHANGES BY CLASS		
Class	2007-2008 Change	Class as % of Total
Vacant Land	-4.2%	6.5%
Residential	2.7%	46.2%
Commercial	2.7%	28.1%
Industrial	1.7%	3.3%
Agricultural	2.1%	1.0%
Natural Resources	-2.3%	0.4%
Producing Mines	38.6%	0.5%
Oil and Gas	6.3%	8.8%
State Assessed	6.8%	5.4%
Net Total	2.8%	100.0%

For real property classified as vacant land, residential, commercial and industrial, the increases in value reflect market value changes that occurred between June 30, 2004 and June 30, 2006. The 2.7 percent increase to the residential class and the 2.7 percent increase to the commercial class are predominantly new construction related. Much of the 4.2 percent reduction to the vacant land class was caused by the reclassification of land underlying newly constructed properties.

Agricultural Property

The value established for agricultural land is based on the earning or productive capacity of the land regardless of the property's market value or its highest and best use. As a result, the actual values of agricultural property are often much lower than their market values and tend to be stable from year to year.

Oil and Gas

Since 2000, Colorado has experienced a 416.8 percent increase in the total assessed value of the oil and gas class. Among the classes of taxable property, oil and gas contains the third highest total assessed value, up from sixth highest in 2000. The 2008 total assessed value for the oil and gas class is \$7,677,144,558, which is 8.8 percent of the state's total taxable value. Approximately 94 percent of that value is concentrated in nine counties. In three of the counties, Cheyenne, Las Animas, and Rio Blanco, over 70 percent of their taxable value is classified as oil and gas. A partial history of the assessed value for the class is shown in Table 3 and the accompanying chart.

TABLE 3

2008 OIL AND GAS CLASS			
(Billions)			
Year	Value	% of Total	Change
2000	\$1.49	3.1%	7.8%
2001	\$2.65	4.5%	78.5%
2002	\$2.80	4.6%	5.6%
2003	\$2.20	3.6%	-21.4%
2004	\$3.91	6.0%	77.6%
2005	\$5.06	7.2%	29.4%
2006	\$7.33	9.8%	45.0%
2007	\$7.22	8.5%	-1.4%
2008	\$7.68	8.8%	6.3%

The value of oil and gas land is calculated as a percentage of the sale price obtained for the product at the wellhead. This makes oil and gas among the most volatile of classes because the market prices of natural gas and crude oil can change considerably from year to year. When the prices rise or fall, the production volumes of the commodities tend to increase or decrease in harmony with the changes in price, magnifying the effect of price changes on its assessed value.

According to the Colorado Oil and Gas Conservation Commission, Colorado had 37,311 active wells in the state at the close of 2008. Approximately, 83 percent of those are located in six counties: Weld, Garfield, Yuma, La Plata, Las Animas and Rio Blanco.

Although oil and gas property comprises only 8.8 percent of the state's total assessed value, 94.5 percent of the oil and gas value is concentrated in nine counties. In three of those counties, Cheyenne, Las Animas and

Rio Blanco, at least 70 percent of their taxable value is classified as oil and gas.

Table 4 lists in order the top-nine oil and gas producing counties for 2008 as well as the percentage of change in total value.

TABLE 4

HIGHEST OIL AND GAS VALUE By County 2008			
County	2008 Assessed Oil and Gas	% Change 2007-2008	% Value in O&G
Garfield	2,230,653,410	19.5%	68.4%
Weld	1,710,307,180	-2.0%	37.3%
La Plata	1,639,424,040	2.6%	55.2%
Rio Blanco	576,695,420	5.2%	70.2%
Las Animas	496,014,200	12.5%	71.7%
Yuma	176,539,180	8.5%	54.0%
Montezuma	173,272,110	-8.4%	39.6%
Mesa	140,171,810	45.5%	7.4%
Cheyenne	109,999,153	3.2%	73.8%

Other Production Classes

The value of land in the other production classes, natural resources and producing mines, is also calculated as a percentage of the money obtained from selling the product. The value of producing mines is subject to a high level of volatility, but the class comprises only 0.5 percent of the state’s total assessed value. The entire value of the class is located in thirteen counties. Of these the largest percent of the value is located in Clear Creek Grand and Teller counties. The world’s largest primary producer of molybdenum, the Henderson mine, straddles the Continental Divide in Clear Creek and Grand Counties. Since 1976, the mine has produced more than 160 million tons of ore and 70 million pounds of molybdenum.

Teller County is the location of most of Colorado’s gold production. The county’s primary mine, the Cresson Mine, is located between Victor and Cripple Creek. The mine has produced over 22 million ounces of gold since its discovery by a local rancher in 1891. The value of mining operations in Colorado is sensitive to changes in commodity prices, owners’ business choices and decisions rendered on property tax appeals. According to the United States Geological Survey’s website, the average price of gold for 2008 was \$900 per ounce, up from the \$699 per ounce price listed the prior year.

State Assessed Property

Unlike most other classes, property classified as state assessed is valued annually by the Division of Property Taxation using unitary valuation procedures. The state assessed property class is comprised of real and personal property owned by public utilities, airlines and railroads. The State Assessed Section of the Division values each company and allocates a portion of the value to Colorado. That value is then apportioned to the appropriate counties based on the location of the company’s operating property or business activity.

State assessed values were up 6.8 percent in 2008. The most significant change was the \$81 million increase because of continued work on the Rockies Express pipeline. Other significant contributing factors were development of new energy generation facilities, both traditional and renewable (+\$33 million), and a strong year for the railroads and their associated private car lines (+\$34 million).

Regional and Local Values in 2008

The 2.8 percent increase in property value, as shown in Table 2, did not occur uniformly across Colorado. At the county level, the changes in value ranged from an increase of 76.7 percent in Sedgwick County to a decrease of 6.5 percent in Moffat County.

The increase in Sedgwick’s assessed value was due to the construction of a pipeline which added \$24.5 million to the county’s assessed value in 2008. Ten of Colorado’s 64 counties experienced a decline in total assessed value, and twenty others witnessed an increase of less than two percent.

The largest increases in residential value for 2008 occurred in western slope counties with the highest increase in Garfield County (9.45%).

See Table 5 on the following page for the changes in taxable value for each county from 2007 to 2008.

Personal Property in 2008

In 2008, personal property accounted for 12.1 percent of Colorado's property tax base, but that percentage varied substantially from county to county. Approximately 40 percent of personal property is classified as state assessed while the remainder is valued at the local level. In 2008, 90.3 percent of the state assessed property value was personal property. All taxable personal property is assessed at 29 percent of its actual value.

Under the Colorado Constitution and statutes, certain categories of business personal property are exempt from taxation, including equipment used for agricultural purposes, business industry materials and supplies held for consumption, and for property tax years commencing prior to January 1, 2009, personal property under common ownership with a total actual value of no more than \$2,500 per county.

With the passage of HB 08-1225, business personal property listed on a single personal property schedule will be exempt from property taxes if the actual value of the personal property is no more than:

- Four thousand dollars (\$4,000) for property tax years commencing on January 1 2009 and January 1, 2010.
- Five thousand five hundred dollars (\$5,500) for property tax years commencing on January 1, 2011 and January 1, 2012.
- Seven thousand dollars (\$7,000) for property tax years commencing on January 1, 2013 and January 1, 2014.

In addition, a provision found in the constitution, allows any taxing entity to "enact cumulative uniform exemptions and credits to reduce or end business personal property taxes," § 20(8)(b), art. X, COLO. CONST.

Table 6 lists the state assessed, locally assessed and total taxable personal property by county, and the total percentage of value comprised of personal property.

TABLE 6

DISTRIBUTION OF PERSONAL PROPERTY IN 2008								
County	State Assd. Personal	% of Total	Locally Assd. Personal	% of Total	Total Personal	% of Total	Total Real	Total Assd. Value

RESIDENTIAL ASSESSMENT RATE

In 1982, the electorate passed sweeping changes to the portion of the Colorado Constitution that governs the property tax system. One of these changes was the enactment of a provision known as the “Gallagher Amendment,” found in § 3(1)(b), art. X, COLO. CONST.

The purpose of the Gallagher Amendment is to stabilize residential real property’s share of the statewide property tax base. From 1958 to 1982, the percentage of total assessed value comprised of residential property increased from 29 to 44 percent. This occurred primarily because market value increases for residential property greatly outpaced market value increases to non-residential property.

To counter this trend, the Gallagher Amendment requires a review and potential adjustment of the residential assessment rate each time there is a year of general reassessment. This adjustment is meant to ensure that the rate of change to the state’s total assessed value of residential property remains essentially the same as it is for non-residential property. The current residential assessment rate is 7.96 percent of assessed value. In contrast, the assessment rate for most classes of non-residential property is fixed at 29 percent. A history of changes to the residential assessment rate is shown in Table 7.

TABLE 7

RESIDENTIAL ASSESSMENT RATE	
Years	Rate
Prior to 1983	30%
1983-1986	21%
1987	18%
1988	16%
1989-1990	15%
1991-1992	14.34%
1993-1994	12.86%
1995-1996	10.36%
1997-1998	9.74%
1999-2000	9.74%
2001-2002	9.15%
2003-2004	7.96%
2005-2006	7.96%
2007-2008	7.96%

During years of general reassessment (odd numbered years), § 39-1-104.2(5)(c), C.R.S., requires the Property Tax Administrator to complete a documented study that is used by the General Assembly to enact a new residential assessment rate into law. The 2007 preliminary and final residential assessment rate study reports are accessible on the Division’s web site at http://www.dola.state.co.us/dpt/publications/residential_assessment_rate_index.htm.

Assessment Rate and Tax Burden

Table 8, on the following page, calculates the savings to residential taxpayers from the inception of the Gallagher Amendment through 2008. It does so by comparing the taxes paid by residential property owners to an estimate of the taxes they would have paid had the Gallagher Amendment not been enacted. The estimated savings to residential property owners is \$14,339,835,343. The table begins with 1987, because the residential assessment rate remained at 21 percent until 1987. The contents of each column in the table are described below.

- 1: Tax year.
- 2: Hypothetical residential assessment rate of 21 percent.
- 3: Enacted residential assessment rate for each tax year.
- 4: Average statewide mill levy for each tax year.
- 5: Hypothetical average statewide mill levy needed to generate the total true revenue if the residential assessment rate had been 21 percent. This is calculated by dividing the total true revenue received in each year (Column 10), by the total assessed value at 21 percent (Column 9).
- 6: Total true residential assessed value as reflected in the 2008 Abstracts of Assessment.
- 7: Total statewide assessed value, as reflected in the Certification of Levies and Revenue reports compiled and submitted by county commissioners.
- 8: Hypothetical total residential assessed value, had the residential rate remained at 21 percent.

- 9: Hypothetical total assessed value, had the residential assessment rate remained at 21 percent.
- 10: Total statewide property tax revenue, as reflected in the Certification of Levies and Revenue reports compiled and submitted by county commissioners.
- 11: Hypothetical property tax revenue attributable to residential property, had the residential rate remained at 21 percent. This is calculated by multiplying the hypothetical mill levy at 21 percent (Column 5) by the hypothetical residential assessed value at 21 percent (Column 8).
- 12: Total property tax revenue of residential property at the assessment rate established for each tax year. This is calculated by multiplying the total statewide residential assessed value (Column 6) by the statewide average mill levy (Column 4).
- 13: Savings to residential taxpayers, Column 11 minus Column 12.

TABLE 8

The total assessed values in Table 9 may not match the values in Table 8, as they originate from different sources. The values in Table 9 were taken from the 2008 Abstracts of Assessment while the total assessed value listed in Table 8 is from the Certification of Levies and Revenues.

Table 9 illustrates the effect of Gallagher on the statewide assessed value of residential property since 1983. As the table shows, the percentage of actual value attributable to residential property has increased dramatically during the last 25 years, from 53.2 percent in 1983 to 77.6 percent today. At the same time, the adjustment of the residential assessment rate caused the percentage of total assessed value comprised of residential property to remain essentially stable.

PROTESTS, APPEALS, AND ABATEMENTS

Protests and Appeals

Colorado statutes mandate a process that allows taxpayers the opportunity to challenge the actual value established by the assessor. The process begins with the taxpayer's protest to the assessor. Upon receiving a protest, the assessor reviews the issues raised, and either adjusts or maintains the actual value established for the property. Taxpayers who disagree with the assessor's decision can appeal to the county board of equalization. Taxpayers who disagree with the county board's decision have three choices for further appeal. They can appeal to the State Board of Assessment Appeals (BAA), district court, or binding arbitration. Decisions of the BAA and district court can be appealed to the Colorado Court of Appeals and ultimately to the Colorado Supreme Court. Decisions of an arbitrator are final.

Taxpayers can protest and appeal in both reappraisal (odd numbered years) and intervening years (even numbered years). However, the number of protests and appeals are typically higher in the years of reappraisal.

The number of protests and appeals varies greatly from county to county. During 2007 (the last reappraisal year), Jefferson County received the greatest number of protests with 12,974 while Kiowa County received none. For many counties, the protest process places a significant strain on the resources of the assessor's office. Table 10 lists the protests and county board appeals for each county during the last three reappraisal years, organized according to the county officer pay categories established in

§ 30-2-102, C.R.S. For the purpose of this table, the Cities and Counties of Denver and Broomfield are placed in category one. Table 11 provides a statistical summary of protests and appeals.

Abatements

Abatement petitions can be filed for taxes erroneously or illegally levied, for overvaluation, or for an assessment error. Taxpayers who filed a protest can file an abatement petition only for a clerical error or an illegality, but not for an overvaluation. Abatement petitions can be filed up through the first working day in January two years after the date the taxes were levied. Because abatement petitions are filed on taxes already levied, the abated or refunded taxes constitute lost revenue to the affected local governments; however, § 39-10-114(1)(a)(l)(B), C.R.S., and case law, allow local governments to recover abated taxes through an increase in mill levies. Table 12 displays the taxes abated during 2006, 2007, and 2008.

SENIOR CITIZEN AND DISABLED VETERAN EXEMPTION

In 2000, voters enacted Section 3.5, Article X of the Colorado Constitution, creating a property tax exemption for qualifying senior citizens and their surviving spouses. Voters expanded the program in 2006 to include qualifying disabled veterans. For both groups, the exemption reduces the actual value of a residential property by 50 percent, up to a maximum reduction of \$100,000.

To qualify as a senior citizen, the applicant on January 1 must be at least 65 years old and must have owned and occupied the property for at least 10 consecutive years as his or her primary residence. To qualify as a disabled veteran, the applicant must be 100 percent permanently disabled through a service connected disability and must have owned and occupied the property since January 1.

Applications for the senior citizen exemption are filed with the county assessor no later than July 15, and applications for the disabled veteran exemption are filed with the Colorado Division of Veterans Affairs, Department of Military and Veterans Affairs (DMVA), no later than July 1. If approved by the DMVA, the veteran's application is forwarded to the county assessor for further processing and approval. Once approved, the senior citizen or disabled veteran exemption remains in effect from year to year until a change in ownership or occupancy triggers its removal. Each year, the assessor is required to mail a notice to all residential property owners explaining the exemption programs.

In 2008, 163,619 properties received the senior citizen exemption, and 1,977 received the disabled veteran exemption. These figures were up from 155,798 senior exemptions and 1,301 disabled veteran exemptions for tax year 2007.

No later than October 10, the assessor is required to send the Division of Property Taxation an electronic list of the exemptions granted, including the names and social security numbers of each person occupying the property. The Division uses the data to identify individuals who were granted either exemption on more than one property, and denies the exemptions on each property. In 2008, the Division denied exemptions on 40 properties owned by 26 applicants.

The senior and disabled veteran exemption program does not result in a loss of revenue to local governments. Instead, the state reimburses the local governments for the tax revenue exempted. No later than April 1, county treasurers send the State Treasurer an itemized list of the exemptions granted and taxes exempted. No later than April 15, the State Treasurer reimburses the local governments for the lost revenue. In April 2009, the State Treasurer reimbursed local governments \$85,549,362 for exemptions granted for tax year 2008.

POSSESSORY INTERESTS

In 2001 the Colorado Supreme Court ruled that certain possessory interests are subject to ad valorem taxation in Colorado. A possessory interest is defined as a private property interest in government-owned property or the right to the occupancy and use of any benefit in government-owned property that has been granted under lease, permit, license, concession, contract or other agreement. The use of the property must be in connection with a business conducted for profit.

Taxable possessory interests may include but are not limited to:

1. Private concessionaires utilizing government owned land, improvements, or personal property unless operating pursuant to a management contract.
2. Government land and improvements used in the operation of a farm or ranch.
3. Government land, improvements, and/or personal property used in the operation of ski or recreational areas.
4. Land underlying privately owned cabins or other residential property located on government land that is rented commercially.
5. Recreational use of lakes, reservoirs, and rivers in a revenue-generating capacity.
6. Recreational use of land for outfitting purposes in a revenue-generating capacity.
7. Land, improvements, and personal property at a tax-exempt airport.

2008 PROPERTY TAX LEGISLATION

Senate Bills

SB 08-041

Concerning the ownership of minerals beneath land acquired by governmental entities and, in connection therewith, clarifying that a governmental entity may acquire interests in such minerals through condemnation only to the extent required for subsurface support.

Section 3 of the bill creates a new subsection (4) that adds clarifying language that any governmental entity acquiring land for road, highway, or mass transit construction is prohibited from acquiring, through condemnation, interest in oil, natural gas, or other mineral resources except to the extent they are required for subsurface support of the project.

Section 4 of the bill reiterates the clarifying language in subsection (4) concerning subsurface support.

Signed by Governor Ritter: April 25, 2008
Effective Date: August 5, 2008

SB 08-105

Concerning classification of certain trailers.

The bill identifies "multipurpose trailers" as a new vehicle category for registration and taxation purposes. These vehicles are currently registered and taxed, but the new trailer styles and sizes that are being manufactured are not accurately described in current statute. This bill provides clarification on the consistent registration of these trailers.

The bill amends a number of statutory citations. The portion of the bill affecting property taxation is found in Section 1. This section of the bill amends § 42-1-103, C.R.S., by adding a new subsection (60.3), which defines multipurpose trailer as "...a wheeled vehicle, without motive power, that is designed to be drawn by a motor vehicle over the public highways. A "multipurpose trailer" is generally and commonly used for temporary living or sleeping accommodations and transporting property wholly upon its own structure and is registered as a vehicle."

The section also amends the definition of trailer coach found in § 42-1-102(106)(a) by removing the eight foot width provision and the length maximum of forty feet.

Signed by Governor Ritter: April 25, 2008
Effective Date: August 5, 2008

SB 08-158

Concerning the inclusion for urban renewal purposes of unincorporated land within a county that is contiguous to a portion of an urban renewal area located within a municipality.

Section 1 of the bill creates a new section 31-25-112.5, C.R.S., that allows a municipality to include unincorporated land into an urban renewal area, if the land is contiguous to a portion of the urban renewal area located within the municipality, and if inclusion of the unincorporated area is made with the consent of the board of county commissioners, each real property owner, and each holder of a recorded mortgage or deed of trust. A proposed urban renewal plan may include the unincorporated area only if the board of county commissioners does the following:

- Determines that the proposed area is a slum or blighted area;
- Forwards the proposal to the county planning commission to determine its conformance with the county master development plan;
- Finds and determines that each real property owner and holder of a mortgage or deed of trust consents to the inclusion;
- Holds a public hearing and makes findings and a determination to approve inclusion of the unincorporated area;
- Approves the use of tax increment financing in the included area and notifies the assessor.

Effective Date: Upon signature

SB 08-170

Concerning an extension of the period during which tax revenues may be allocated to a special fund by a downtown development authority in connection with tax increment financing.

Section 1 of the bill amends § 31-25-807, C.R.S., with the addition of a new subsection

(IV). This subsection authorizes a municipality to extend the period that tax increment financing revenue is collected by a downtown development authority. A municipality may pass an ordinance at anytime within the last 10 years of the initial 30-year period established by the downtown development authority to extend the life of the authority 20 years, resulting in a total life of 50 years.

Under the provisions of the bill:

- In year one of the extension, the initial base year value is advanced forward by 10 years, eliminating from future increments any growth value that occurred in first ten years of the tax increment financing. The advanced base value is used for calculating the base increment splits during the first 10 years of the extension.
- For each of the final 10 years of the extension, the base year is advanced forward by one additional year for each year of the extension.
- During each year of the 20-year extension, 50 percent of the tax increment financing revenue from each taxing entity's mill levy, or some greater percentage agreed upon by the authority and the entity, shall be distributed to the special fund of the municipality, and the remaining portion shall go to the funds of the respective entities.
- No later than August 1 of each year, the municipality shall certify to the assessor the distribution percentages attributable to the special fund of the municipality from the mill levies of each taxing entity.
- When certifying values to a taxing entity, the assessor shall apply the appropriate distribution percentage to the increment value and certify only that percentage of increment to the entity.

Section 2 of the bill creates a new subsection 31-25-807(3)(f), C.R.S., that authorizes the Property Tax Administrator to develop and publish implementation procedures for this new provision.

Signed by Governor Ritter: May 21, 2008
Effective Date: August 5, 2008

House Bills

HB 08-1008

Concerning a requirement that notice be provided in connection with the filing of a petition for municipal incorporation.

This bill requires that any petition for municipal incorporation of a geographic area that contains less than two thousand five hundred (2,500) registered electors be sent by mail to each property owner in the area. The contact records for said property owners must be obtained from the county assessor's office and each notice must include the name, address, and telephone number of the contact person who is able to provide information on the petition to the public. The petitioner bears the cost of mailing the required notice.

Section 1 of this bill amends § 31-2-101, C.R.S., with the addition of a new subsection (2.5). This subsection adds the requirements for the notice of filing of the petition to be sent by first-class mail to each real property owner whenever the number of registered electors within the area that is the subject of the petition is less than two thousand five hundred persons. The address shown in the records of the assessor is used for mailing the petitions. The cost of mailing the notice is borne by the petitioners. Also, the notice of filing sent to the property owners will include the name, address, and telephone number of a contact person who is able to provide information on the petition to the public, the case number of the civil action concerning the petition, and the district court in which the petition is filed. Should the property owner like to obtain a copy of the petition, the property owner shall submit to the contact person a request for a copy of the petition along with the payment of a fee.

Signed by Governor Ritter: March 17, 2008
Effective Date: September 1, 2008

HB 08-1059

Concerning the timing of property tax revenue distributions by a county treasurer to a local governmental entity.

This bill allows the county treasurers to distribute property tax revenue on a quarterly or annual basis to local governments (taxing entities) when that revenue is below certain monthly thresholds. Normally, the county treasurer distributes property tax revenue to each entity monthly. According to the

Colorado County Treasurers' Association, the cost of distributing a check with revenue due to a taxing entity is around \$7 for each entity.

Section 1 of this bill amends § 39-10-107(1)(a), C.R.S., with the creation of two new subsections (I) and (II).

This bill gives the county treasurers two options:

- If the revenue to be distributed to a taxing entity for the month is less than \$100, the treasurer may distribute the funds quarterly,
- If the revenue to be distributed to a taxing entity for the month is less than \$50 a month, the treasurer may distribute the funds annually.

Signed by Governor Ritter: March 6, 2008
Effective Date: August 5, 2008

HB 08-1225
Concerning an increase in the property tax exemption for business personal property.

Under current law, business personal property listed on a single personal property schedule is exempt from property taxes if the actual value of the personal property is \$2,500 or less. The bill raises the exemption incrementally over a period of years.

Section 1 of the bill amends § 39-3-119.5, C.R.S., by deleting the "two thousand five hundred dollars" reference and adds "less than or equal to the amount set forth in subsection (2) of this section."

The bill adds a new subsection (2) that establishes the personal property actual value exemptions up to and including the following amounts:

- Two thousand five hundred dollars (\$2,500) for property tax years commencing prior to January 1, 2009.
- Four thousand dollars (\$4,000) for property tax years commencing on January 1 2009 and January 1, 2010.
- Five thousand five hundred dollars (\$5,500) for property tax years commencing on January 1, 2011 and January 1, 2012.
- Seven thousand dollars (\$7,000) for property tax years commencing on January 1, 2013 and January 1, 2014.

Beginning with the property tax year commencing on January 1, 2015, the amount of the exemption shall be adjusted biennially to account for inflation since the amount of the exemption last changed. On or before November 1, 2014, and each even-numbered year thereafter, the Property Tax Administrator shall calculate the amount of the exemption for the next two-year cycle using inflation based on the Denver-Boulder-Greeley consumer price index for the prior two calendar years as of the date of the calculation. The adjusted exemption shall be rounded upward to the nearest one hundred dollar increment.

Section 2 of the bill amends § 39-5-108, C.R.S. by changing the number of personal property schedules that the assessor must mail or deliver from two copies to one copy.

Section 3 of the bill amends § 39-5-121(1.5)(a), C.R.S. by changing the taxpayer's return date for their objection and protest to being postmarked or physically delivered no later than June 30.

Section 4 amends § 39-5-122(1) and (2), C.R.S. by changing the taxpayer's return date for their objection and protest to being postmarked or physically delivered no later than June 30.

Signed by Governor Ritter: May 20, 2008
Effective Date: August 5, 2008
For property tax purposes, this bill is effective January 1, 2009.

HB 08-1248
Concerning joint tenancy in real property.

The primary purpose of the legislation was to reinstate the four unities of joint tenancy into § 38-31-101, C.R.S. For the purposes of this statute change, the "Doctrine of the Four Unities of Time, Title, Interest, and Possession" means the common law doctrine that a joint tenancy is created by conveyance or devise of real property to two or more persons at the same time of the same title to the same interest with the same right of possession and includes the right of survivorship. At common law, creation of a joint tenancy required these four unities. Prior to the passage of this legislation, Taylor v. Canterbury, 92 P.3d 961 (Colo. 2004) stated that the common law of unities of title was abolished.

Section 1 of the bill amends § 38-31-101, C.R.S., by adding a subsection (1.5)(a) which states that the doctrine of the four unities is continued as part of the law of this state subject to subsections (1), (3), (4), (5), (6), and (7), and adds paragraph (b) to this subsection (1.5) which is intended to clarify, supplement, and limited to their express terms, modify the doctrine of the four unities. Also added is paragraph (1.5)(c) which explains that the doctrine of the four unities means the common law doctrine that a joint tenancy is created by conveyance or devise of real property to two or more persons at the same time of the same title to the same interest with the same right of possession and includes the right of survivorship.

Subsection (5)(a) states that except as provided in §§ 38-35-118 and 38-41-202(4), C.R.S., a joint tenant may sever the joint tenancy between himself or herself and all remaining joint tenants by unilaterally executing and recording an instrument conveying his or her interest in real property to himself or herself as a tenant in common. If there are two or more remaining joint tenants, they shall continue to be joint tenants among themselves. Paragraph (b) of this subsection (5) notes that filing a petition on bankruptcy by a joint tenant does not sever a joint tenancy.

Paragraph (6)(a) states that interests in a joint tenancy may be equal or unequal, which is a variation from the doctrine of the four unities. The presumption is that they are equal and such presumption is conclusive unless the joint tenants have notice of unequal interests. Paragraph (b) of this subsection does not bar claims for equitable relief as among joint tenants, including partition and accounting. Paragraph (c) adds that upon the death of a joint tenant, the deceased joint tenant's interest is terminated and two or more surviving joint tenants continue in proportion to their respective interests at the time the joint tenancy was created.

Paragraph (d) indicates that for purposes of the "Colorado Medical Assistance Act", a joint tenancy shall be deemed to be with equal interests among the joint tenants regardless of the language in the deed or other instrument creating the joint tenancy.

Paragraph (7) states that nothing in this section shall be deemed to abolish any

existing laws concerning other means of severing joint tenancy.

HB 08-1260
Concerning the regulation of manufactured homes.

This bill was initiated by the manufactured home task force, made up of individuals from the county assessor's, clerks, treasurers, title and lending offices, the Division of Property Taxation, and representatives from the manufactured home industries in an attempt to solve consumer and county agency problems regarding the movement of manufactured homes with previously purged titles.

Within the bill, five new forms are created.

- Certificate of Permanent Location, which is used when the manufactured home is permanently affixed to the ground
- Certificate of Removal, which is used when the manufactured home is removed from its permanent location
- Certificate of Destruction, which is used when a manufactured home is destroyed, dismantled, sold, or otherwise disposed of as salvage
- Affidavit of Real Property, which is used to show proof that a manufactured home and the land have been permanently affixed prior to July 1, 2008
- Manufactured Home Transfer Declaration, which contains information to assist the county assessor in determining the value of real property

Section 2 of the bill concerning definitions, amends subsections (6) and (9) of § 38-29-102, C.R.S., and adds subsections (1.5) and (13), which are definitions as used in this article. Subsection (1.5) defines "clerk and recorder" as the clerk and recorder of any county or city and county in Colorado. Subsection (13) defines "Verification of Application Form" as the form generated by an authorized agent upon receipt of a properly completed application for title.

Subsection (6) has been changed to define a "manufactured home" as a preconstructed building unit or combination of preconstructed building units that are constructed in

compliance with the federal manufactured home construction safety standard, as defined in § 24-32-3302(13), C.R.S., and also a “mobile home” as defined in § 24-32-3302(24), C.R.S. Subsection (9) also adds that “mortgage” includes mortgages, deeds of trust, and other liens on real property.

Section 4 of the bill amends § 38-29-112(1.5), C.R.S., by adding a requirement that a Certificate of Permanent Location is needed to permanently affix a manufactured home to the land by the purchaser or transferee of a manufactured home. It provides that the manufactured home shall become real property upon recording the Certificate of Permanent Location.

Section 5 of the bill amends § 38-29-114(2), C.R.S., by adding a requirement that the purchaser of a new manufactured home must file a Certificate of Permanent Location along with the Manufacturer’s Certificate or Statement of Origin, or its equivalent, with the county clerk and recorder of the county or city and county in which the manufactured home is permanently affixed to the ground.

Section 6 of the bill amends § 38-29-117(6), C.R.S., to state that if person acquires a manufactured home with a Certificate of Title issued by another state and permanently affixes it to the ground, the person shall not be required to procure a new Certificate of Title if the following documents are filed for recording with the county clerk and recorder: a Certificate of Permanent Location, and the Certificate of Title or the Manufacturer’s Certificate or Statement of Origin, or its equivalent. Upon the filing of these documents, the permanently affixed manufactured home shall become real property.

Section 7 of the bill amends § 38-29-118(1), C.R.S., to require that upon destroying a manufactured home for which a current Certificate of Title has been issued, the owner, shall file a Certificate of Destruction with the clerk and recorder. This is in addition to an existing requirement that the owner surrender the Certificate of Title with a request that it be cancelled.

Subsection (2) of this section is amended to require that when a manufactured home with a Certificate of Title is permanently affixed to the land, the owner shall surrender the certificate and file for recording a request to purge the title and a Certificate of Permanent Location. Upon the filing for recording of the Certificate of Permanent Location, the home shall become real property.

Section 8 of the bill amends § 38-29-119(2), C.R.S., by designating that the bond is for an amount equal to twice the actual value of the manufactured home according to the assessor’s records as of the time application for the certificate is made.

Section 9 adds Part 2 to article 29 of title 38 concerning filing and recording of documents related to a manufactured home. This section adds new statutes §§ 38-29-201 through 38-29-209, and 39-14-103, C.R.S. Each is summarized below:

Section 38-29-201, C.R.S., concerns the verification of the application for a Certificate of Title and the supporting materials.

For a new manufactured home, the documents that must be recorded with the county clerk and recorder include:

- The Manufacturers Certificate or Statement of Origin or its equivalent;
- The Bill of Sale;
- The Verification of Application form.

An application for a Certificate of Title for which a bond is furnished, must be accompanied by the following recorded documents:

- A copy of the written declaration required;
- A copy of the bond that was furnished;
- The Verification of Application form.

The documents that must be recorded for all other applications for a Certificate of Title include:

- Copy of the Certificate of Title;
- The Verification Application form.

Section 38-29-202, C.R.S., concerns the Certificate of Permanent Location. If a manufactured home is permanently affixed to the ground so that it is no longer capable of being drawn over the public highways on or

after July 1, 2008, the owner of the manufactured home must file a Certificate of Permanent Location. If the Certificate of Permanent Location accompanies an application for purging a manufactured home title, the certificate must be filed with the county clerk and recorder. If the Certificate of Permanent Location is received with a new manufactured home, the county clerk and recorder will also record a copy of the Bill of Sale and a copy of the Manufacturer's Certificate or Statement of Origin or its equivalent. If a manufactured home has a Certificate of Title from another state, the owner shall file the Certificate of Permanent Location along with the Certificate of Title or Statement of Origin or its equivalent with the clerk and recorder. The county clerk and recorder will destroy the original Manufacturer's Certificate or Statement of Origin or its equivalent. At least one of the owners of the manufactured home as reflected on the Certificate of Title, the Bill of Sale, or the Manufacturer's Certificate or Statement of Origin or equivalent must be an owner of record of the real property to which the home is to be affixed. An exception is a manufactured home that occupies real property subject to a long-term lease that has an express term of at least ten years.

The form for the Certificate of Permanent Location established by the Property Tax Administrator will include the following:

- The name and mailing address of the owner of the manufactured home;
- The name and mailing address of any mortgage holder for the manufactured home or the land to which it is affixed;
- The identification number of the manufactured home and the certificate of title number, if applicable;
- The manufacturer or make and year of the manufactured home;
- Attached to the Certificate of Permanent Location, a Certificate of Taxes Due or an Authentication of Paid Ad Valorem Taxes issued by the county treasurer;
- The legal description of the real property to which the manufactured home is permanently affixed;
- The name or the legal owner or owners of the land upon which the home is affixed;
- The county in which the Certificate of Permanent Location is filed;

- Verification that the manufactured home is on a permanent foundation in accordance with any applicable county or city and county codes or requirements;
- Consent to the permanent location of the manufactured home by all holders of a security interest in the manufactured home;
- An affirmative statement of relinquishment and release of all rights in the manufactured home by all holders of a security interest in the home;
- An affirmative statement of the relinquishment of all rights in the manufactured home by any owner on the Certificate of Title who is not also an owner of the real property to which the home is to be permanently located;
- An affirmative statement that all owners of the real property and the manufactured home consent to the affixation of the manufactured home to the real property and that the manufactured home is owned by the same parties that own the land. This does not apply to any manufactured home that occupies real property subject to a long-term lease that has an express term of at least ten years.

The Certificate of Permanent Location shall be acknowledged and shall contain a declaration that the statements made therein are made under the penalties of perjury in the second degree.

Section 38-29-203, C.R.S., concerns the Certificate of Removal. On or after July 1, 2008, a manufactured home cannot be removed from its permanent location unless the owner of the manufactured home files a Certificate of Removal. If a Certificate of Permanent Location has not previously been filed and recorded, the owner must also file an Affidavit of Real Property along with the Certificate of Removal. The Certificate of Removal along with the Affidavit of Real Property and an application for a new Certificate of Title must be recorded with the county clerk and recorder. The Property Tax Administrator establishes the Certificate of Removal form.

This form must include the following:

- Name and mailing address of the manufactured home owner;
- Name and mailing address of any mortgage holder or lien against the real

property on which the manufactured home was affixed;

- Identification number of the manufactured home;
- Manufacturer or make and year of the manufactured home;
- Attached to the certificate of removal, a certification of taxes due, or an authentication of paid ad valorem taxes, issued by the county treasurer;
- Legal description of the real property from which the manufactured home was removed;
- Consent of all lien holders and a release by all mortgage holders only to the extent that the mortgage or lien applies to the manufactured home, to allow the removal of the manufactured home from its permanent location.

Consent of a mortgage or other lien holder on the certificate of removal shall serve as a full release of any interest against the manufactured home once it is removed from the real property. The consent on the Certificate of Removal shall not release any interest of the mortgage or lien holder against the remaining real property.

If consent is not given, the owner may file a corporate surety bond with the clerk of the district court of the county. The bond will be equal to one and one-half times the amount of the mortgage or lien and approved by a judge of the district court where the bond is filed. The bond shall be conditioned that, if the mortgagee or lien holder shall be adjudged to be entitled to recover on the mortgage or lien, the principal or his sureties shall pay the mortgagee or lien holder the amount of the indebtedness together with any interest, and costs the mortgagee or lien holder would be entitled to recover upon foreclosure of the mortgage or lien. Upon filing the bond, the mortgage or lien against the property is released in full, and the real property described in the bond shall be released from the mortgage or lien and from any action brought to foreclose the mortgage or lien, and the bond is substituted. The clerk of the district court shall issue a Certificate of Release that shall be recorded with the county clerk and recorder, and the Certificate of Release shall show that the property has been released from the mortgage or lien and from any action brought to foreclose the mortgage or lien.

The Certificate of Removal shall be acknowledged and shall contain a declaration that the statements made therein are made under the penalties of perjury in the second degree.

Section 38-29-204, C.R.S., concerns the Certificate of Destruction. If a manufactured home is destroyed, dismantled, or sold as salvage on or after July 1, 2008, the manufactured home owner must file a Certificate of Destruction. If the Certificate of Destruction accompanies an application to cancel a Certificate of Title, the certificate must be recorded with the county clerk and recorder. If an application to cancel a Certificate of Title is not required because no Certificate of Title was issued, or because the title has been purged, the Certificate of Destruction must be recorded with the county clerk and recorder.

The Property Tax Administrator establishes the form of the Certificate of Destruction. The form must include the following:

- Name and mailing address of the manufactured home owner;
- Name and mailing address of any mortgage holder or lien against the real property on which the manufactured home was affixed;
- Identification number of the manufactured home;
- Manufacturer or make and year of the manufactured home;
- Attached to the Certificate of Destruction, a Certification of Taxes Due, or an Authentication of Paid Ad Valorem Taxes, issued by the county treasurer;
- Legal description of the real property from which the manufactured home was affixed prior to destruction;
- A book and page or reception number reference for a Certificate of Permanent Location that was previously filed related to the manufactured home;
- Consent of all lien holders to the destruction of the manufactured home, or proof that a request for such consent was sent by certified mail to such lien holders at their last-known address and a notarized declaration, signed under penalty of perjury, that no response was

received within thirty days of the date of the mailing of the notice;

- Release of all holders of a mortgage to the extent that the mortgage applies to the manufactured home, or proof that a request for such consent was sent by certified mail to such mortgage holders at their last known address and a notarized declaration, signed under penalty of perjury, that no response was received within thirty days of the date of the mailing of the notice;
- Verification that the manufactured home has been destroyed, dismantled, or sold or otherwise disposed of as salvage.

The Certificate of Destruction shall be acknowledged and must contain a declaration that the statements made therein are made under the penalties of perjury in the second degree.

Any owner who fails to file a properly completed Certificate of Destruction when required shall be responsible for all actual damages sustained by any affected party related to the manufactured home being destroyed, dismantled, or sold as salvage.

Section 38-29-205, C.R.S., states that if an authorized agent who receives a document for filing and recording is not the county clerk and recorder, the authorized agent shall forward such document to the county clerk and recorder to file and record the document.

Section 38-29-206, C.R.S., states that any document filed and recorded by a clerk and recorder shall be indexed in both the grantor and grantee indexes under the name of the owner or owners of the manufactured home and the owners of the land to which the manufactured home was affixed at the time the document is required to be filed and recorded.

Section 38-29-207, C.R.S., states that the clerk and recorder shall forward a copy of a Certificate of Permanent Location, Certificate of Removal, and Certificate of Destruction to the county assessor.

Section 38-29-208, C.R.S., concerns the Affidavit of Real Property. Any person can prove that a manufactured home and the land upon which it has been permanently affixed is real property by providing an Affidavit of Real Property.

The affidavit must include:

- An acknowledged statement by all owners that the manufactured home and real property to which it is permanently affixed became real property pursuant to this article;
- A statement from the county assessor that the manufactured home has been valued together with the land upon which it is affixed;
- A statement from the county treasurer that taxes have been paid on the manufactured home and the land upon which it is affixed in the same manner as other real property;
- Proof that a search of the Department of Revenue Director's records was conducted and that no Certificate of Title was found for the manufactured home;
- Verification that the manufactured home is on a permanent foundation in accordance with any applicable county codes or requirements.

Section 38-29-209, C.R.S., states that in all instances in which a document is to be filed and recorded with the county clerk and recorder, fees shall be paid for each document so filed and recorded as prescribed by law for the filing of like instruments. The recording fees are in addition to any fees that are required pursuant to § 38-29-138, C.R.S. All fees paid pursuant to this section shall be kept and retained by the county clerk and recorder to defray the cost.

Section 10 of the bill amends § 39-2-109(1), C.R.S., by the addition of a new paragraph which adds the responsibility to establish the required aforementioned forms to the duties of the Property Tax Administrator.

Section 11 of the bill amends §§ 39-14-101(1) and (3), C.R.S., and further adds new subsections (1.5), (4), and (5), to provide for the following definitions:

- "Authorized agent" has the same meaning as set forth in § 38-29-102(1), C.R.S.
- "Conveyance" means any transfer of real property interest for some consideration in money or money's worth.
- "Declaration" contains information to assist the assessor in determining the

value of real property and manufactured homes.

- "Manufactured home" has the same meaning as set forth in § 38-29-102(6), C.R.S.
- "Manufactured Home Title Application" means an application for a new certificate of title in accordance with the provisions of part 1 of article 29 of title 38, C.R.S., that is made after a sale or transfer described in §§ 38-29-112(1) or 38-29-114(1), C.R.S.
- "Verification of Application form" has the same meaning as set forth in § 38-29-102(13), C.R.S.

Section 12 of the bill adds a new section, § 39-14-103, C.R.S., which establishes a declaration for manufactured homes. On or after July 1, 2008, any manufactured home title application that is submitted to an authorized agent shall be accompanied by a declaration prescribed by the Property Tax Administrator. The declaration shall be completed and signed by the purchaser or transferee.

If the declaration does not accompany a manufactured home title application at the time such application is presented to the authorized agent, the authorized agent shall notify the county assessor.

The county assessor shall send written notice to the purchaser or transferee specified in the manufactured home title application that the purchaser or transferee shall provide the declaration to the county assessor within thirty days after the date the notice was mailed. If the purchaser or transferee fails to provide the declaration, the county assessor, within thirty days after the date the notice was mailed, may impose a penalty of twenty-five dollars or a penalty equal to twenty-five one-thousandths of one percent of the sale price of the manufactured home, whichever amount is greater. In each subsequent year in which the purchaser or transferee fails to file the declaration, the assessor may impose the penalty unless the manufactured home has been subsequently conveyed. Any penalty imposed shall be a fee of the office of the county assessor.

Any unpaid penalties that were imposed shall be certified to the county treasurer by January 1 of each year and shall be included in the statement sent to the purchaser or transferee for property taxes levied against the manufactured home.

The authorized agent shall not record or file any declaration. However, the authorized agent shall enter upon such declaration the date of recordation and reception number of the Verification of Application form related to the manufactured home title application. The county clerk and recorder shall transmit any declaration to the county assessor. The county assessor will make any declaration available for inspection by any taxpayer who was specified in the manufactured home title application or who filed such declaration, the person conducting any valuation for assessment study and his or her employees, and the Property Tax Administrator and his or her employees.

No declaration made pursuant to this section that accompanies a manufactured home title application or is filed separately shall be deemed to provide constructive notice of information contained therein for the purposes of article 35 of title 38, C.R.S.

Each county assessor shall maintain a data bank consisting of information that has been derived from the declarations filed. Such information shall be used to properly adjust sales for sales ratio analysis and for determining the actual value of the manufactured home transferred and the actual value of other manufactured homes, as well as other purposes deemed appropriate by the county assessor.

A manufactured home that has become real property in accordance with the provisions of Part 1 of article 29 of title 38 shall be subject to the provisions of the Real Property Transfer Declaration.

Signed by Governor Ritter: April 14, 2008
Effective Date: July 1, 2008

HB 08- 1275
Concerning certain organizations that incorrectly filed the annual report required to maintain property tax-exempt status.

Religious and charitable organizations, and private schools, are required to file an annual report to maintain property tax-exempt status. Organizations that file this report on time, but

with incomplete or inaccurate information may lose tax-exempt status. The bill allows the State Board of Equalization to reinstate an organization's tax-exempt status and forgive the balance of property taxes owed.

Section 1 of the bill amends part 1 of article 3, title 39, with the addition of a new section 39-3-137, C.R.S., that allows the forgiveness of taxes owed on real or personal property under the following conditions:

- The organization is a religious, charitable or educational organization (private school) exempt from general taxes on real or personal property in accordance with §§ 39-3-106, 113, and 116, C.R.S;
- The organization filed an application and was granted exemption from general taxation of real and personal property;
- After receiving an exemption but prior to the effective date of this section, the organization filed an annual report that was deemed incomplete or incorrect ; and
- As a result of the incomplete or incorrect annual report, the organization was denied tax exempt status for one or more property tax years and received a tax bill.

Any waiver of the balance of taxes owed is contingent upon the reestablishment of the organization's tax exempt status by the State Board of Equalization.

The State Board of Equalization may restore tax exempt status that meets the requirements of the above conditions.

Section 2 of the bill amends § 39-9-109, C.R.S., to proclaim that the State Board of Equalization can waive the July 1 deadline for tax exempt applications if the organization's annual report is incomplete or incorrect.

Signed by Governor Ritter: April 14, 2008
Effective Date: August 5, 2008

HB 08-1349
Concerning the modification of procedures for the collection of property taxes in connection with tax increment financing on the part of certain authorities established by municipalities.

Under current law, when the assessed value of a county is adjusted down to reflect abatements or refunds of property taxes, the county treasurer recovers any excess tax payments from local jurisdictions by

offsetting, or withholding future allocations on a pro rata basis. This bill allows county treasurers to offset future property tax payments to urban renewal authorities and downtown development authorities on a pro rata basis. It requires such authorities to make adequate provision for the return of overpayments and allows them to establish a reserve fund for that purpose or enter into an agreement to have the municipality in which the authority is established repay the money. If insufficient moneys are provided, the county treasurer may offset allocations to the municipality that established the authority. The bill also specifies that any money required to be repaid cannot be pledged by the authority to repay bonds.

Signed by Governor Ritter: May 27, 2008
Effective Date: August 5, 2008

HB 08-1368
Concerning the taxation of property used to produce alternating current electricity from a renewable energy source.

The bill requires that property used to produce two megawatts or less of electricity using a renewable energy source be valued by county assessors using the same procedures that are used for state assessed systems. This bill only impacts renewable energy systems owned and used by commercial or industrial properties, not residential properties.

Section 1 of the bill amends part 1 of article 5, title 30 by the creation of a new section 39-5-104.7, C.R.S. This section establishes valuation and reporting requirements.

- All real and personal property used to produce two megawatts or less of alternating current electricity from a renewable energy source is locally assessed property.
- The Property Tax Administrator will develop procedures for the valuation of locally assessed renewable energy property.
- The taxpayer is responsible for notifying the county assessor when such systems are installed, unless the taxpayer obtains a building permit for the installation.

Section 2 of the bill amends § 39-4-101(4), C.R.S., by adding language that further defines that a wind energy facility is a facility

that produces energy in excess of two megawatts.

Section 3 of the bill amends §§ 39-4-102(1)(e) and (1.5)(b)(V), C.R.S., by adding new subsections that define the valuation methodology for such systems.

Section 4 of the bill adds a new section, § 39-26-724, C.R.S., that defines the components used to produce alternating current electricity from a renewable energy source for sales and use taxes.

Section 5 of the bill repeals and reenacts § 29-2-105, C.R.S. This section of the bill relocates in statute the current sales and use tax exemption on purchases of components used in renewable energy systems and provides clarifying language regarding what components are tax exempt. This section also gives local governments the option to exempt components used in renewable energy systems from their sales and use tax.

Section 6 of the bill repeals and reenacts § 29-2-106, C.R.S. This section concerns the collection, administration, and enforcement of sales tax of a home rule municipality.

Section 7 of the bill amends § 29-2-109, C.R.S. The use tax ordinance, resolution, or proposal of any town, city, or county may recite that the use tax shall not apply to the storage and use of components used in the production of alternating current electricity from a renewable energy source, including but not limited to wind, as exempted from the state use tax.

Section 8 of the bill amends § 39-26-709, C.R.S., by removing subparagraph (III) concerning the purchase of machinery and machine tools used in the production of electricity from a renewable energy source.

Signed by Governor Ritter: May 27, 2008
Effective Date: Upon signature
Effective for assessment year 2008

HB 08- 1395

Concerning property tax exemption for certain property leased by governmental entities that use the property for governmental purposes.

Under current law, property that is rented or leased to some local governments, such as school districts and municipalities, is exempt from property taxation. This bill extends a

property tax exemption to any real property that is leased or rented by state and local governments for at least a one-year term.

Section 1 of the bill amends § 39-3-124, C.R.S., with the addition of a new subsection (1)(b) that states on and after January 1, 2009, the part of real property that is used by the state, a political subdivision, or a state-supported institution of higher education is exempt from the levy of a property tax when the entity has a lease or rental agreement for at least a one-year term, with or without an option to purchase the real property. The entity must file (recording with the clerk and recorder is not required) a copy of the lease or rental agreement with the county assessor's office. In the event the lease or rental agreement is terminated prior to the term stated in such, the entity must notify the county assessor.

State-supported institution of higher education includes, but is not limited to, all postsecondary institutions, including junior colleges and community colleges, extension programs of the state-supported universities and colleges, local district colleges, area vocational schools, and the institutions governed by the Regents of the University of Colorado.

Signed by Governor Ritter: May 29, 2008
Effective Date: August 5, 2008
The bill applies to existing and new lease agreements entered into or renewed on or after January 1, 2009.

HB 08-1412

Concerning the revision of statutes in the Colorado Revised Statutes, as amended, and, in connection therewith, amending or repealing obsolete, inconsistent, and conflicting provisions of law and clarifying the language to reflect the legislative intent of the law.

This bill is often referred to as the Revisor's Bill, making only technical changes in the statutes, and is recommended by the Committee on Legal Services.

Section 129 of the bill amends § 39-1-102(14.3), C.R.S. which contains the definition of "residential improvement." by removing a previously repealed cite § 38-29-102(8), C.R.S.

Section X

Certification of Levies and Revenues by County

The assessed values reflect those values existing in the counties on the date the levies are certified to the county commissioners, December 15. See: 39-1-111(1), 39-1-111(5) and 39-5-125, C.R.S.

FOOTNOTES:

- (A) Excess levy approved by Division of Local Government
- (B) Excess levy revenue voted at special election

NOTE: Special Assessments on the tax roll are no longer shown.

SCHOOL DISTRICT CODING:

School districts entirely within a county:

Designated by the last position number of "0" or "5".

Multi-county school districts:

Designated by the last position numbers of "1" through "4". The administrative offices of the school district are located in the county designated by the code number "1". The adjoining counties are listed by code numbers "2" through "4", assigned to the counties alphabetically.

Questions regarding School District levies should be referred to the Department of Education, Office of Management Services.

CERTIFICATION OF LEVIES AND REVENUES

As of January 1, 2009

(1) Average will not add to the Total Average County Levy because denominators (Assessed Valuation) are not common to all.

(2) Municipal Revenues are divided by the sum of Municipal Assessed Valuation.

(3) Special District Revenues are dividd by the sum of Special District Assessed Valuation.

* These figures include tax increment valuation and all tax revenues attributable to the increment are allocated to the increment financing authority only.
