

STATE OF COLORADO

2016

FORTY-SIXTH ANNUAL REPORT

**TO THE
GOVERNOR AND THE GENERAL ASSEMBLY**

Department of Local Affairs
Division of Property Taxation

COLORADO
Department of Local Affairs
Division of Property Taxation

May 1, 2017

The Honorable John Hickenlooper
Governor of Colorado
and
The General Assembly of the
State of Colorado
200 E. Colfax Avenue
Denver, CO 80203

Governor Hickenlooper and Members of the General Assembly:

We are submitting the Forty-Sixth Annual Report in compliance with 39-2-119, C.R.S. In addition to providing listings of assessed values in the counties and property tax revenues of the local taxing jurisdictions, the report contains statistical and summary information.

Respectfully submitted,

JoAnn Groff

JAG:jr

REQUEST FOR ADDITIONAL COPIES OF 2016 ANNUAL REPORT

State of Colorado
Division of Property Taxation
1313 Sherman St., #419
Denver, CO 80203

Date _____

Section II

Administration

COLORADO PROPERTY TAX

OVERVIEW

In Colorado, the authority for property taxation is both constitutional and statutory. Article X of the Colorado Constitution provides that all property is taxable unless declared exempt by the Constitution, and that the actual value of taxable property shall be determined under the general laws to secure just and equalized valuations. The specific statutes pertaining to property taxation are found in articles 1 through 14 of title 39 of the Colorado Revised Statutes.

Under the general laws of Colorado, county assessors are required to value all taxable property within their county boundaries except for those properties that are state assessed. The State Board of Equalization has supervision over the administration of all laws concerning the valuation and assessment of taxable property and the levying of property taxes. The Division of Property Taxation (Division), under direction of the Property Tax Administrator (Administrator), coordinates the implementation of property tax law throughout Colorado's sixty-four counties.

The Colorado property tax system provides revenue exclusively for local government services. The largest share of property tax revenue (47.9%) goes to support the state's public schools. County governments claim the next largest share (28.5%), followed by special districts (17.9%), municipal governments (4.6%), and junior colleges (1.1%).

Table 1 lists the percentage change in property tax revenue between taxes payable in 2016 and taxes payable in 2017.

TABLE 1

REVENUE CHANGE BY ENTITY TYPE	
Tax Years 2015-2016	
Taxing Entity	%Change
School Districts	3.0%
Junior Colleges	-18.5%
Counties	20.7%
Municipalities	1.5%
Special Districts	-0.7%
Combined Change	6.3%

STATE BOARD OF EQUALIZATION

The State Board of Equalization (Board) consists of the Governor, the President of the Senate, the Speaker of the House of Representatives, or their designees, and two members appointed by the Governor with consent of the Senate. Each appointed member must be a qualified appraiser, a former assessor, or a person who has knowledge and experience in property taxation.

Members of the Board for 2016 include Sandra M. Adams as Chairwoman of the Board and Charles Brown as Vice-Chairman. The remaining members of the Board during 2016 include Irv Halter, designee of Governor Hickenlooper, Senator Mark Scheffel, designee of President of the Senate Bill Cadman, and Speaker of the House Dickey Lee Hullinghorst.

Duties and Responsibilities

The Board supervises the administration of property tax laws and the equalization of the values of classes and subclasses of taxable property. Duties of the Board are found primarily in sections 3 and 15 of article X of the Colorado Constitution and articles 1 and 9 of title 39 of the Colorado Revised Statutes.

The Board reviews the findings and conclusions of the annual study contractor and orders reappraisals in counties found not in compliance. The annual study was initiated by a 1982 amendment to the Colorado Constitution to ensure all assessors value property at the same level of value using standardized procedures and statistical measurements. The study is conducted by

an independent auditing firm contracted by the Director of Research for the Office of Colorado Legislative Council, § 39-1-104(16), C.R.S. The study and the resulting orders of reappraisal are the primary means of achieving statewide equalization. Each year, the auditor performs both a ratio study and a market trend analysis. They also review both sold and unsold properties in addition to taking a look at agricultural residences and other areas as directed by Legislative Council.

The companies that were contracted for the annual study since 1982 have been:

- 1983-1986 – Max Arnold and Assoc.
- 1987 – Hoover and Assoc.
- 1988 – Hoover, Thimigan and Assoc.
- 1989-1992 – Thimigan and Assoc.
- 1993-2002 – Thos Y. (T.Y.) Pickett and Co. Inc.
- 2003-2008 – Rocky Mountain Valuation Specialists
- 2009-2016 – Wild Rose Appraisals, Inc.

The importance of the Board's equalization function is due, in part, to the relationship that exists between assessed values and state aid to schools. Generally, if the property in a school district is under-valued, it is likely the district will receive more state revenue than it is entitled. When the results of a reappraisal order indicate the affected school district(s) received too much state revenue, the Board will order the county (not the school district) to pay back the excess funding. During the 1980s and early 1990s, this occasionally required the repayment of substantial revenue to the state. In more recent years however, significant improvements in the quality of county assessments have resulted in far fewer reappraisal orders and smaller repayments of excess state aid to schools.

The Board also reviews county Abstracts of Assessment, decisions of county boards of equalization (county boards) and the policies and recommendations of the Property Tax Administrator.

STATE BOARD ENFORCEMENT

The following is a brief history of recent enforcement actions by the State Board of Equalization.

2016 Enforcement and Repayment

The board met on October 5, 2016 and again on December 30, 2016.

At the October 5, 2016 meeting, Stan Gueldenzopf, Manager of the Exemptions Section for the Division, presented the details of requests by organizations that requested from the Board a waiver of the filing deadline for their Annual Reports for Exempt Properties as allowed under § 39-9-109(5) and (6), C.R.S. Organizations and the general public were invited to comment.

Mr. Gueldenzopf started with the consent agenda and the Board approved the waiver for filing deadline for those property owners that were on that list. Mr. Gueldenzopf then began further discussion regarding those organizations that were listed for particular attention. The first organization was ACCESS Housing of Adams County. Angela Mornemann, Director, explained that the organization was without a director for 18 months, and thus failed to file its reports for four years. After explaining what sort of clients the organization helps with low income housing, and that processes were put in place to ensure no further reports would go unfiled, the Board approved its waiver. Mr. Gueldenzopf suggested a due date of November 18, 2016 for the Annual Reports to be submitted and the Board approved that date.

Mr. Gueldenzopf then brought up Santan Mandir Cultural & Community Center, which was requesting four years of relief. The Board approved its waiver contingent upon providing corrective action or proof of procedures that will be implemented to avoid waiver requests in the future. Mr. Gueldenzopf moved on to present the following organizations which submitted waivers:

- Iglesia Apostolica de la Fe en Cristo – waiver was accepted. There was no spokesperson for the church present at the meeting.

- Panorama Pointe Senior I LP – waiver was approved after knowing that a new system is in place to no longer miss the deadline. Property owner, Neal Mendel was present to explain what sort of residential property had the exemption, and how two address changes had caused the failure to file timely.
- Deer Trail BPOE 2307 – waiver was approved including corrective action for the procedures and changes in the future. Current secretary, William Pierce, was present to explain that the last secretary was out and the paperwork was on her desk and it was difficult to keep up when officers change every year in the organization.
- Idaho Springs Elks Association – waiver was approved with the standard terminology as above. There was no representative from the organization present at the meeting.
- IBPOE West Pikes Peak Region – waiver was approved with the admonition they provide a new process for completing the paperwork. There was no representative from the organization present at the meeting.
- Canon City Rodeo Association – waiver was approved with the provision they include a procedure to prevent future waivers. There was no representative from the organization present at the meeting.
- VFW Golden Post 4171 – waiver was approved. Its representative, Mr. Shane Lang was present to explain that he is training the new quartermaster on responsibilities.
- Trinity United Methodist Church from Larimer County – waiver was approved. There was no representative from the organization present at the meeting.
- Dinosaur Community Charter School – waiver was approved with the understanding that the application will be reviewed by the Property Tax Administrator to determine whether the property qualifies for an exemption. The organization’s representative, Mr. Richard Blakley was present to explain that he recently inherited the responsibility of the property from the previous head of the organization.
- Intertribal Voice for Montezuma County – waiver was approved. The founder, Arthur Keskahi, explained how a previous employee and paperwork disappeared and the organization received no further notifications from the Division of Property Taxation.
- The Deer Park United Methodist Church from Park County – waiver was approved. The church’s treasurer, Donna Bastien, was present to explain what the church does with its property and that they received a postcard from the county saying taxes were due. The church was unaware of the requirement to file the annual report.

Wildrose Appraisal, Inc. (Wildrose), the annual study contractor for Legislative Council, presented its findings to the Board. Harry Fuller, Audit Manager for Wildrose Appraisal, Inc. introduced Mr. Steve Kane, statistician, Ms. Suzanne Howard, expert in personal property, and Mr. Jim Bittel, Owner and President. Mr. Fuller presented the following reports: 2016 Abstract Projection Report, 2016 County Board of Adjustment Reports, 2016 Personal Property Report, 2016 Failed Verification Report, 2016 Statutory Deadline Report and the 2016 Land Integral Report.

The Board accepted the 2016 Annual Study reports.

Mr. Kane covered four items in review, including sales ratio analysis, market trending, sold/unsold and agricultural residences. Mr. Kane continued with an explanation that the real estate market in the state of Colorado is in recovery, and that assessors had to value properties as of June 30, 2014, and make adjustments to sales prices to account for market trends.

Sixty abstracts were received by the Administrator for review prior to the meeting and were approved per form, and the Board accepted these abstracts. The remaining four abstracts were for counties who had opted for the alternate protest and appeal procedure. Those abstracts needed to be submitted for review by the administrator no later than November 21. The Board approved a motion that these abstracts could be approved by the Chairwoman if no issues were discovered.

After acceptance of the abstracts, Administrator Groff introduced the next topic; the changes to the Assessors’ Reference Library considered and accepted by the Statutory Advisory Committee at

their meeting held September 15, 2016. The primary item for consideration was changes to Assessors Reference Library Volume 2, Chapter 12 relating to Tax Increment Financing (TIF).

Curt Settle, Deputy Director of the Division of Property Taxation, presented the proposed changes. He provided a brief overview of the legislative history of urban renewal law in Colorado as well as the Division's history dealing with this issue. He especially emphasized the extensive outreach undertaken by the Division that culminated in the proposal submitted to the Board.

Mr. Settle began by noting two important areas where the new procedures are making no change. The first was regarding the timing of TIF. It is the Division's position that the dividing of the base and increment starts when a plan containing a TIF is approved. He relayed that this issue was currently before the Court of Appeals and the Division's position would not change without further guidance from the Court. Second, the Division was making no change regarding the requirement of a proportional adjustment due to general reassessment. It is the Division's position that increment results from changes in use, physical characteristics, or legal characteristics, and that all other changes in value are attributable to the general reassessment and should be proportionately applied to the base and increment at the prior year's ratio.

Mr. Settle then detailed the new or significantly revised items included in these proposed changes:

- Proportional adjustments due to general reassessment should be made annually for personal property, public utilities, possessory interests and natural resources.
- Changes in taxable status, i.e. taxable or exempt, are non-reassessment events that are attributable to increment.
- Overlapping urban renewal and downtown development TIFs can coexist, but only one diversion is possible. The Division recommends the two entities negotiate an intergovernmental agreement that provides for revenue sharing.
- A downtown development authority (DDA) mill levy can only be applied to the base, the same as all other taxing entities.
- The date for establishing the base is the valuation for assessment last certified prior to the effective date of approval of the urban renewal plan. This requirement refers only to the December 10th final certification of values.
- Value reductions due to appeals or state board orders are applied according to where the original value was attributed, either base or increment, and they are to be applied in the year of the ordered adjustment.
- Value changes because of mistakes or corrections are applied according to where the value was originally attributed, either base or increment, and are made in the year they are discovered.
- Regarding the inclusion of agriculturally classified land in an urban renewal area, the changes clarified that the five provisions in § 31-25-107(1)(c)(II) and the three provisions in (III) are to be considered in the disjunctive, i.e. "OR".
- Detailed requirements of § 31-25-107(1)(c)(II)(B) for inclusion of agriculturally classified land in an urban renewal area were explained based on recently concluded litigation with emphasis on the meaning of urban level development.
- The proposed changes provided six years of detailed TIF calculation examples.
- Regarding property removed from a TIF, base and increment should be adjusted for this property according to where it was originally attributed, either base or increment.

After this presentation, Mr. Settle recommended that these new procedures become effective on January 1, 2017.

The Board heard public testimony on this topic. Urging the Board to reject these proposed changes were the Broomfield County assessor, Sandy Herbison; urban renewal authority attorneys, Sarah Clark, Rita Connerly, Jessica Alizadah; and the Aurora Urban Renewal Authority represented by Christine McKenney. The central theme of this dissent was objection to the general reassessment

adjustment. Speaking in support of the proposed changes were Carol Brzeczek, a citizen of the City of Littleton, and Ben Swartzendruber, an attorney representing Arapahoe County.

After considerable discussion, the Board voted to approved the proposed changes with only Board member Scheffel objecting.

The Board then accepted the changes to the remaining manual items.

Stan Gueldenzopf addressed the Board and announced that proposed changes to the Board's rules had been drafted and that the next step would be to have a rule-making hearing. The earliest date such a hearing could take place would be November 14, 2017. The notice would need to be submitted by October 14, 2017, and then the rule-making hearing itself could not take place any sooner than 20 days after the publication in the Colorado Register.

The Administrator explained that the composition of the Board members would change in January and asked if the Board preferred to entertain rule-making with its current composition or wait for the newly elected members. The Board moved to have the hearing with the same composition, and to meet before January 11, 2017, when the membership would change.

The Board then met again on December 30, 2016.

At the December 30, 2016 meeting, the Board invited the public to present data, views and arguments concerning the rule changes as proposed. Stan Gueldenzopf presented the proposed changes to the Board. He noted that the rules have not been amended since 1984, and that the proposed changes were minor in substance. Mr. Gueldenzopf also pointed out that the Board actually had two sets of rules that were identical save for one punctuation mark.

The "Basis and Purpose" section of the rules was rewritten to split out a statement on legal authority, as well as cover other issues handled by the board which did not exist in 1984. Other changes were incorporated to make the language gender neutral. Certain rules were rearranged, incorporated into others, or repealed. The Board's rule on testimony under oath was repealed as its practice has not been in place for many years. It was clarified by Board's counsel that the Board still had the right to require testimony under oath if it so desired. The entire second set of rules was also proposed to be repealed.

The Board decided that the rules should maintain their numbering and that the ones that were repealed would simply state the date on which they were repealed.

After adopting the rules as presented, the Board concluded its rule-making hearing and then called to order a meeting for other Board business. Ms. Groff explained that although the December 30, 2016 Board meeting had been properly noticed, she had been contacted by several members of the public that were unavailable to attend the December 30 Board meeting due to already scheduled out of town plans over the holidays, yet wanted to address changes to the Assessors' Reference Library approved at the December 15, 2016 meeting of the Statutory Advisory Committee. The Board had already agreed to meet again January 10, 2017. She requested that both the approval of the October Board meeting minutes and the changes to the Assessors' Reference Library approved by the Statutory Advisory Committee be officially laid over to the January meeting. She informed the Board that this would still allow a timely review of the information approved by the Statutory Advisory Committee. The Board agreed to lay over both issues.

The Board asked Mr. Gueldenzopf about the waivers for the filing deadline for the Annual Reports of Exempt Properties that had been approved in October. Of the 117 requests for waivers, most were filed by the deadline imposed by the Board, but 14 owners failed to file the necessary reports on 20 properties. He explained that the property owners would be informed that their properties will remain taxable, and that they could file a new application or petition the board for another waiver of the deadline.

Ms. Groff said that the Division would report in 2017 any of those properties which failed to file their report so that the Board would have that information if they requested another waiver.

There were no further items on the Board's agenda, and the meeting was concluded.

2015 Enforcement and Repayment

The Board met on October 8, 2015, and again on December 1, 2015.

At the October 8, 2015, meeting, Wildrose Appraisal, Inc. (Wildrose), the annual study contractor for Legislative Council, presented their findings to the Board. Upon completion of the 2015 review, it was determined all sixty-four counties were in compliance.

The Board accepted the 2015 Annual Study Reports. The 2015 Annual Study Reports included: sixty-four 2015 County Final Reports, the 2015 Assessment Rate Study, the 2015 Personal Property Study Report, the 2015 Sales Verification Study Report, and the Agricultural Land Not Integral Study Report. Wildrose also submitted the following reports which were accepted by the Board: the 2015 Abstract Projection Report; and the 2015 County Board of Equalization Change Report.

The Board considered the Abstracts of Assessment (Abstracts) for all sixty-four counties. The Administrator explained that Division staff assists the Board's consideration of the Abstracts by reviewing changes made from the initial values established by the assessor as a result of the actions of the county boards of equalization. A county board of equalization (county board) change of at least five percent in any class/subclass of property is researched by Division staff. In 2015, there were three counties showing county board changes of more than five percent in the agricultural class: Morgan, Montezuma and Dolores counties.

Curt Settle, Deputy Director of the Division, reviewed the legal authority of the board relating to Abstracts of Assessment. This included section 15, article X of the Colorado Constitution and §§ 39-9-103(4)(7) and 39-9-106, C.R.S. Of particular importance is the provision in § 39-9-106(7), C.R.S., that the Board may change the valuation for assessment which was changed by a county board of equalization. He further addressed the duties of an assessor with respect to Board orders as described in §§ 39-5-127 and 39-9-107, C.R.S.

Mr. Settle then provided the Board with the ad valorem valuation methodology for agricultural lands as required by the Colorado Constitution and Colorado Revised Statutes. Kyle Hooper, a Property Tax Specialist III and agricultural valuation specialist at the Division provided an overview of the agricultural land valuation methodology as outlined in the Assessors Reference Library (ARL). He noted that assessors are legally required to follow the directives in the ARL.

The 2015 Morgan County Abstract showed county board decreases of 7.7 percent for the Flood Irrigated land class and 6.3 percent for the Sprinkler Irrigated land class. In support of these reductions, Morgan County explained that expenses associated with irrigation laterals were not fully reflected in the agricultural valuation formula originally used in Morgan County. Bob Wooldridge, Morgan County Assessor agreed with this correction.

The Division determined that the adjustment made by the Morgan county board was appropriate. The Board accepted the Morgan County Abstract of Assessment as submitted, including county board changes.

Mr. Settle then directed the Board's attention to the 2015 Montezuma County Abstract of Assessment. Changes greater than five percent were made to three subclasses of agricultural land. These are summarized below identifying subclass, percent change, and resulting final assessed value.

4127 Dry Farm Land	-65.2%	\$761,871
4117 Flood Irrigated Land	-92.0%	\$442,232
4107 Sprinkler Irrigated	-86.6%	\$552,429

The result of the county board changes was a reduction in assessed value of approximately \$10 million. Minutes of the Montezuma county board reflected that these final values were developed by limiting the value for each subclass to no more than a 22 percent increase over the prior year. The Division's conclusion was that the actions of the Montezuma county board did not comply with the Colorado legal requirements for valuation of agricultural land. The Board agreed and ordered the Montezuma county board changes to Dry Farm land, Flood Irrigated and Sprinkler Irrigated

subclass values be reversed. The 2015 Montezuma County Abstract of Assessment was revised to reflect the following assessed values.

4127 Dry Farm Land	\$2,191,950
4117 Flood Irrigated Land	\$5,493,410
4107 Sprinkler Irrigated Land	\$4,135,090

Next, the Board reviewed the Dolores County Abstract of Assessment. Changes greater than five percent were made to two subclasses of agricultural land. These are summarized below identifying subclass, percent change, and resulting final assessed value.

4127 Dry Farm Land	-7.5%	\$1,451,277
4107 Sprinkler Irrigated Land	-53.3%	\$271,229

Mr. Settle testified that the Dolores county board arrived at these values by limiting the value for each subclass to no more than a 50 percent increase over the prior year. He then reported that the county board, responding to the Administrator's inquiry, indicated the action was supported by the following reasons.

1. Production used in the formula was too high.
2. Commodity prices used in the formula were too high.
3. Wildlife damage to wheat and alfalfa production was not reflected the assessor's valuation formula.
4. The listing of the Gunnison sage-grouse as a threatened species by the Endangered Species Act and has reduced the market value of land.
5. The tenant/landlord splits were incorrect.
6. The alfalfa seed expense used was too low.
7. The labor expenses for their side roll irrigations were not reflected in the formula.

Mr. Settle then presented a summary of information provided by the Dolores County Assessor, Berna Ernst, who defended the valuation methodology used.

Dolores County Commissioner Ernie Williams then spoke in support of the county board's actions. He narrowed the county board's original objections by noting that the agricultural land valuation formula used by the assessor was deficient in three areas:

1. The alfalfa seed cost was too low;
2. Water expenses did not adequately reflect operations and maintenance costs; and
3. The landlord/tenant ratio was incorrect.

He requested the Board allow the county time to research these three areas and calculate the values with the corrected information.

Joi Redshaw, Dolores County Deputy Assessor, responded, defending the assessor's work. She noted that although there is no formal Agricultural Committee in the county, the assessor's office obtained the needed information by personal interviews with numerous farmers throughout the county. According to Ms. Redshaw, only one farmer mentioned the use of a different landlord/tenant ratio. Ms. Redshaw stated that for a different ratio to be typical, at least 51% of the farmers must use that different ratio. She also indicated the alfalfa seed costs used by the assessor were those provided by the Division. Ms. Redshaw clarified for the Board that for a different seed expense to be used it must be typical in the county and the assessor did not have any information supporting that Roundup-ready seed was typical. She also stated water costs were provided to the assessor by Dolores Water and these expenses have not been questioned in previous years. It was the assessor's opinion all expenses and production information used in the agricultural valuation formula were well researched and appropriate.

Following some discussion and due deliberation, the Board directed the Division to:

1. Investigate alfalfa seed costs, water costs including operation and maintenance costs, and landlord/tenant ratios for Dry Farm land and Sprinkler Irrigated subclasses in Dolores County; and
2. Present the results of the investigation at the next State Board meeting to be scheduled in early December, 2015.

The Administrator requested and received acceptance for the remaining fifty-eight Abstracts of Assessment for 2015 for counties using the traditional appeal period. Boulder, Denver, Douglas, Hinsdale and Jefferson counties all utilized the alternate protest period. As such, the Division had not yet received the formal abstracts from these counties as of the date of the meeting. These abstracts, in addition to the 2015 Dolores Abstract of Assessment would have to be submitted by November 21, 2015.

The Board discussed petitions from certain otherwise exempt organizations requesting a waiver of the filing deadline for Annual Reports for Exempt Properties as allowed under § 39-9-109(5) and (6), C.R.S. Organizations and the general public were invited to comment. Stan Gueldenzopf, Manager of the Exemptions Section for the Division, presented the details of the organizations seeking relief.

Iglesia Pentecostal Unida Latino Americana, Inc. forfeited their exemption in 2009. Delta County put the property back on the tax roll for tax years 2011 forward. The church then filed a new application for exemption in 2014 that was granted effective January 1, 2013. This left an outstanding tax liability of approximately \$2,200 for both 2011 and 2012. Although the property went to tax sale, there were no bidders and the property was stricken off to the county. After some discussion, the Board waived the filing deadline with one condition; that the organization agreed to pay the fees incurred by the county when listing the property for tax lien sale. At Mr. Gueldenzopf's request, the Board set a filing deadline of November 23, 2015.

The next organization discussed was the Denver Indian Center Development Corporation. The Board accepted an out-of-state counsel's verified motion requesting pro hac vice admission.

According to Mr. Gueldenzopf, this property was 86 percent exempt until exemption was forfeited in 2011. The organization filed a new application in 2014 which was fully granted effective February 2, 2014. Acceptance of this petition and submission of the subsequent paperwork would allow this organization to regain the 86 percent exemption it had when the forfeiture occurred. It was noted the property taxes were paid for 2011 and 2012; and because the tax lien had not been sold at tax sale by the Denver Treasurer's office, the county had not incurred any unusual costs. Ms. Groff clarified that since the taxes for property tax years 2011 and 2012 had been paid, the organization would be entitled to an abatement, including interest, if the exemption was granted.

Mr. Ben Blair of Faegre Baker Daniels, representative for the Denver Indian Center Development Corporation, addressed the Board. He indicated the paperwork was missed due to some personnel issues. He agreed on behalf of his client to forego any entitlement to interest on the taxes paid if they were granted the waiver. The Board granted the waiver of the filing deadline for 2011, 2012, 2013 and part of 2014, and required the delinquent annual reports be submitted by November 23, 2015.

Mr. Gueldenzopf presented information regarding the request for waiver of the filing deadline Family Star, Inc. Although the exemption for this organization was forfeited in 2001, the county did not put it back on the tax roll until 2010. A new application for exemption was filed in 2013. Upon review, the application was granted effective January 1, 2012, leaving outstanding taxes for both 2010 and 2011. The property was sold in 2013. Fortunately, the county did not incur any additional fees as they had not yet sold the tax liens.

The Finance Director for Family Star, Inc., Zeno DeGuzman assured the Board the annual reports would be timely filed. The Board granted the waiver of the filing deadline.

Mr. Gueldenzopf presented information for the Southern Ute Community Action Programs. He explained this was the second time in recent years they failed to file an annual report. Although a new application for exemption was filed and granted for this property in 2013, the annual report for

2014 was not filed as of the date of the meeting. The Board granted a waiver of deadline to file, with the requirement that the annual report be received by November 23, 2015.

Finally, Mr. Gueldenzopf submitted a list of the remaining exempt organizations requesting a waiver of the filing deadline. He indicated the Division found nothing unusual and had no objection to any of the waiver requests. The Board accepted all remaining requests for waiver of filing deadlines, with the requirement that all outstanding filings take place by November 23, 2015.

The December 1, 2015 meeting was held to review and take action on the investigation conducted by the Division on the questions raised regarding the Dolores County Board of Equalization changes.

Curt Settle, Deputy Director, Division of Property Taxation and Kyle Hooper, Property Tax Specialist III and agricultural expert for the Division were introduced to present the results of the Division's investigation to the Board.

Mr. Settle summarized the discussion regarding Dolores County that had taken place at the Board's October 8, 2015 meeting. He then reviewed the Board's order relating to Dolores County and gave a brief overview of the Division's work to comply with this order. The Division's investigation included travel to Dolores County the week of November 2, 2015. Mr. Hooper conducted the investigation, meeting with the following:

- Dolores County Commissioner and staff
- Dolores County Assessor and staff
- CSU Extension Office
- The Farm Service Agency
- General Manager of the Dolores Water Conservancy District
- Other members of the agricultural community in Dolores county

In addition, Mr. Hooper had telephone conversations with several local agricultural participants in Dolores County. It was Mr. Hooper's research and investigation that formed the basis for the Division's conclusions relating to the Dolores county board's issues.

Mr. Settle indicated that it was the Division's conclusion that use of conventional alfalfa seed is predominant in Dolores County rather than the more costly Roundup-ready seed. As such, the assessor's seed expense was correct.

Next, Mr. Settle explained that the valuation of agricultural land is based on the landlord's interest. The valuation formula takes the net income the landlord receives and capitalizes it into an indication of value.

The Division researches the landlord/tenant relationship statewide for each of the five base crops and provides that information to assessors to use when valuing agricultural land. Dolores County used the ratios provided by the Division.

The Assessor used a landlord share of 1/3. The county board argued that a 1/4 landlord share was predominant. Mr. Hooper's research indicated that a 1/3 landlord share was predominant for the Dry Farm land base crop of wheat and that the Assessor's landlord/tenant ratio for Dry Farm land valuation was correct.

Mr. Settle then addressed the water cost issue. Water costs are determined locally.

The Dolores County Water Conservancy District provides all irrigation water to Dolores County. The county board argued that operation and maintenance costs were not included in the water cost used in the valuation formula. Mr. Hooper interviewed the Dolores County Water Conservancy District Manager on this issue. He indicated these costs were included. Based on that information, it was the Division's opinion that the Assessor's formula was correct regarding the inclusion of operation and maintenance expenses.

The order also asked the Division to look at water costs from a general perspective. The Dolores County Assessor's methodology took the total water delivered to Dolores County and divided it by the number of irrigated acres to get the water use per acre. That amount was then multiplied by the cost of the water resulting in the cost of water per acre.

The Division proposed a different method that would simplify the calculation and reduce the number of variables. This new method would simply take the total water district income derived from Dolores County and divide that by the total number of acres that could be irrigated. It is the Division's position this method provides a more accurate indication of the cost of water per acre. Using the new methodology the water cost in Dolores County for 2013 increases from \$21.55 per acre to \$43.34 per acre.

When the revised water cost for 2013 was used in the 10-year average the resulting average cost increased from \$65.62 per acre to \$67.80 per acre. The impact from that change was a decrease in Sprinkler Irrigated land value between 3.5% to 5% depending upon productivity.

During this investigation the Division discovered the Assessor had reported an incorrect Original Value in August 2015 Abstract. The value reported was net of the county board changes, but should have been before these changes. As a result, the county board changes were deducted twice on the Dolores County 2015 Abstract submitted to the Division in August. The error was corrected upon discovery.

Mr. Settle referred the Board to the corrected 2015 Abstract for Assessment for Dolores County. Additionally, he clarified the error was only in the report sent to the Division. The Notices of Valuation that went out to the taxpayers were correct. It was only the summation of the values on the Abstract that was incorrect.

In summary, based on the corrected August 2015 Abstract of Assessment for Dolores County the Division found no error with the Assessor's value for Dry Farm land. The Board reversed the county board changes to Dry Farm land, abstract code 4127, and accepted the Assessor's corrected original assessed value of \$1,688,736.

The Division found the water cost in the valuation formula for Sprinkler Irrigated land, was understated. The Board rejected the county board changes to Sprinkler Irrigated land, abstract code 4107, and amended the Dolores County Assessor's corrected original value to an assessed value of \$857,348.

The Board also accepted the remaining 2015 Abstracts of Assessment for Boulder, Denver, Douglas, Hinsdale and Jefferson counties.

2014 Enforcement and Repayment

The Board met on June 17, 2014, and considered the payback of reappraisal supervision costs for Saguache County.

Cherice Kjosness of the Division presented a letter from the Saguache County assessor requesting the Board allow the county to utilize the provisions of SB 14-083 giving statutory authority to the Board to waive the payback of reappraisal supervision costs under certain circumstances. This legislation enconced in statute the former practice of the Board referred to as the "Bledsoe Plan."

The Board accepted the county's plan to retain the approximately \$22,000 of direct cost incurred by the state for the 2011 and 2012 reappraisals and use those funds to enhance the assessor's office.

The Board considered a single request from The Union Church to authorize the Administrator to consider granting their exemption to a date earlier than that which is allowed to the Administrator without Board approval. The Board also considered requests from sixteen exempt organizations for a waiver of their annual report filing deadlines.

Under § 39-9-109(6), C.R.S., the Board may authorize the Administrator to go back an additional time period in cases where the property is returned to the tax rolls by the county assessor as omitted property. Unfortunately, in the case of Union Church, the assessor had added the property back to the tax rolls appropriately upon a transfer of ownership. A representative of the church explained that they had never received the tax notice as it did not come to the correct address. The Board felt the statute did not allow them to waive the application deadline under these circumstances and the waiver was denied.

Two properties requesting a waiver of filing deadline, Iglesia Biblica Bautista and Zion Evangelical Lutheran Church, had been put back on the tax rolls by the counties in which they were located

and tax liens had been sold on the properties. The Board questioned if they could require these organizations to pay back the cost incurred by the counties in advertising the properties for tax lien sale and any interest owed by the county to the successful purchasers of the liens. First Assistant Attorney General, Lisa Freimann commented that § 39-9-109(5), C.R.S., permits the Board to waive the filing deadline when “the interests of justice and equity would be served.” This statutory language arguably provides the Board with the authority to fashion a just and equitable remedy. A condition to the waiver of filing deadline requiring the organization to pay the reasonable costs incurred by the county due to the failure on the part of the organization to timely file their annual report should be a reasonable remedy. The Board granted both requests with the requirement that they reimburse these costs to the counties where they were located.

All remaining waiver requests were granted by the Board.

The Board met again on October 7, 2014, to review the findings and conclusions of Wildrose Appraisal, Inc., annual study contractor for Legislative Council. The audit analysis showed no compliance issues for 2014.

Although there were no orders of reappraisal to revisit this year, the Division wanted to make the Board aware of the substantial changes the Saguache Board of County Commissioners made to the vacant land in Crestone. After the values had been updated to include omitted property picked up during the reappraisal, a district court case was settled allowing the lowering of some property values. As a result of this settlement, many additional abatements were filed and granted lowering the land values. The values in place following the abatements were very similar to the values before the addition of omitted property; however, the county remained in compliance.

The Board also discussed Saguache County’s submitted “Bledsoe Plan” report detailing the expenditures and the receipts for each investment made into the assessor’s office rather than reimbursed to the state for the direct costs of reappraisals supervised by the state. The Board accepted the report.

The Division requested and received acceptance of the county Abstracts of Assessment for 2014, with sixty-one counties utilizing the traditional appeal period. The Board granted the chairwoman authority to accept the remaining three counties (Denver, Boulder and Jefferson) operating under the extended appeal period unless problems were found.

The State Board entertained discussion regarding requests from sixty-five exempt organizations for the Board to waive the filing deadline for their Annual Report for Exempt Properties as allowed in §§ 39-9-109(5) and (6), C.R.S. Of those sixty-five cases, eight were presented individually, as all eight had not only failed to timely file in 2014, but also failed to timely file in a previous year or years.

Following are the eight organizations that were discussed in detail.

1. Medicine Horse Program
2. Highlands Masonic Temple Association
3. Salem Missionary Baptist Church
4. Teach for America
5. Kit Carson Riding Club
6. United States Volleyball Association
7. New Life Worship Center of Fort Morgan
8. La Vereda Foundation

Of the eight cases listed above, two were denied or partially denied: New Life Worship Center of Fort Morgan and the United States Volleyball Association.

The New Life Worship Center of Fort Morgan asked for a waiver of filing deadline back to 2006. Since their exemption was in effect for both 2006 and 2007, the Board only considered the waiver from 2009 to present.

When the organization originally realized it had not appropriately filed its annual report, it did not initially request a waiver of the filing deadline. Instead, the New Life Worship Center of Fort Morgan opted to file new applications for this and an adjacent property in 2010. When the Division

requested additional information during that application process, the organization did not respond. As such, the applications were denied by the Property Tax Administrator. Although the New Life Center of Fort Morgan at the time of the denials could have appealed the Administrator's decision to the Board of Assessment Appeals, no such action was taken. The Board concluded that since New Life was unable to establish rights to an exemption during the application process it would be inappropriate to grant a deadline waiver that would be effective prior to the filing of the applications.

The United States Volleyball Association requested a waiver of the filing deadline for tax years 2010 and 2011. Since the United States Volleyball Association merged with USA Volleyball in December 2010, the United States Volleyball Association ceased to exist. The surviving organization, USA Volleyball, took ownership of the property at that time. As such, the Board granted the waiver for property tax year 2010 only. The request for a waiver for tax year 2011 was denied, as the United States Volleyball Association did not own the property during 2011.

The remaining fifty-seven organizations requesting a waiver of the filing deadline were granted by the Board. The Board directed a letter be sent to each organization conveying a new filing deadline of December 1, 2014, had been granted, as well as a reminder urging them to pay closer attention to the statutory filing deadlines in years to come.

2013 Enforcement and Repayment

The Board met on October 8, 2013, to review the findings and conclusions of Wildrose Appraisal, Inc., annual study contractor for Legislative Council.

The Board began discussion regarding requests from certain otherwise exempt organizations for the Board to waive the filing deadline for their Annual Report for Exempt Properties as allowed in §§ 39-9-109(5) and (6), C.R.S. The Property Tax Administrator presented the Board with a copy of HB 13-1246 which expanded the Board's authority to allow the property tax administrator to extend an exemption in cases where property was put on the tax roll as omitted due to an error or omission on the part of a governmental entity.

Two such properties were presented for consideration under this provision: Northeast Denver Housing Center and the Lowry Foundation. The Board approved the extension of the timeframe of consideration allowing the Property Tax Administrator to determine if the exemption to both organizations should be extended to property tax year 2010.

Next, the Manager of the Exemptions Section discussed three exempt organizations that requested the deadline be waived due to incomplete/incorrect Annual Reports. These organizations were Lutheran Hospital of the San Luis Valley, the Church of God of Cleveland/Igreja De Deus Fonte De Vida and Heritage Baptist Church of Stratton.

According to the Manager of the Exemptions Section, the Lutheran Hospital of the San Luis Valley was not the type of case that was anticipated to be allowed a waiver for deadline pursuant to § 39-9-109, C.R.S. This exemption for property tax year 2011 was originally denied because the organization did not provide the necessary information to approve the exemption request. The Board denied Lutheran Hospital's request. The Board approved the remaining two organizations' requests for property tax year 2011.

In the next segment, the Board covered the sixteen petitions that were highlighted for discussion. Of the petitions discussed, one was denied.

The remaining requests for waivers from the filing deadline were presented to the Board. Staff explained that there were no unusual circumstances for any of these requests. Chairman Brown asked for a blanket motion to approve all of the organizations listed. The motion was unanimously approved. All fifty petitions included in the blanket motion were granted.

The Board considered the Annual Study Reports submitted to the Property Tax Administrator by Wild Rose Appraisal, Inc. on September 15, 2013.

This was the first time in the last five years that Wildrose Appraisal, Inc. did not recommend an order of reappraisal. They did, however, revisit prior orders. One such order was for Saguache County for property tax year 2011 regarding residential property, as the 2011 order had not been completed by the county. In 2012, the board ordered a continuation of the 2011 reappraisal. As

such, the auditor had to wait for the relevant data from the 2011 reappraisal order from Saguache County to finalize the 2011 reports.

Upon receipt of the necessary data, Wildrose Appraisal, Inc., reviewed county data as well as the sales file that was prepared by the Division. Analysis of the data submitted showed that Saguache County was now in compliance for the residential class for both 2011 and 2012. Wildrose Appraisal, Inc. submitted the final reports for the Board's approval. All reports were accepted.

There were additional outstanding issues from prior years with regard to Saguache County. The primary issue dealt with omitted property.

According to the Manager of the Administrative Resources Section, the 2013 reappraisal order for omitted property in Saguache County was complete. Of the county's 13,000 parcels of real property, the Division inspected over 4,000. County and reappraisal staff worked with the San Luis Valley-GPS-GIS system to find improvements on parcels listed as vacant land.

The reappraisal efforts concluded with verification that the assessor and her employees have the ability to use the computer assisted mass appraisal system to avoid a similar situation in future years.

The total impact of the two reappraisals ordered by the Board upon recommendation of the assessment auditor was \$20,745,746 in actual value. See the table below for the omitted value for property tax years 2011 and 2012.

SAGUACHE COUNTY	
Tax Year	Omitted Actual Value
2011	\$22,517,937.00
2012	\$22,797,269.00

As the 2013 reappraisal order was based upon the recommendation of the Property Tax Administrator under § 39-2-114, C.R.S., there was no payback of state aid to schools nor was there any reimbursement to the Division for the cost of the reappraisal.

The next issue involved payback of state aid to schools in Saguache County for the 2011 and 2012 reappraisal orders. The Manager of the Administrative Resources Section explained that since the audit measures were restricted to the single-family residential property, the payback was also based on this subclass. The total actual value of single-family residential property in Saguache County following the 2011 reappraisal was \$24,594,465.

The payback of excess state aid to schools for single-family residences for property tax year 2011 was based on an assessed value for single-family residential properties of \$802,584, and \$806,785 for property tax year 2012. The interest amounts for both years were calculated at a rate of six percent.

SAGUACHE COUNTY 2011-2012 REAPPRAISAL				
Tax Year	State Aid to Schools		Interest	Total
	Amount	Rate		
2011	\$20,797.94	6.0%	\$2,858.15	\$23,656.09
2012	\$20,934.75	6.0%	\$1,885.85	\$22,820.60
Total	\$41,732.69		\$4,744.00	\$46,476.69

The total cost incurred by the state for the 2011 and 2012 reappraisals, taxpayer investigation and assistance offered to the Saguache county assessor's office totaled \$121,876.10. Of the 2012 total cost, \$4,053.97 was allocated to the investigation of a taxpayer complaint and \$6,243.94 was allocated to the assistance request made by the Saguache County Assessor. The 2013 reappraisal costs were not included in this number as that reappraisal was conducted at the complete cost of the state.

Saguache County directly paid \$8,465.03 in equipment costs and \$16,701.12 to cover per diem and lodging expenses for Division staff. After applying the payments listed above, Saguache County owed a balance of \$86,412.05.

The Saguache County Assessor formally requested a "Bledsoe Plan" for the balance amount owed. This was a provision that had been proposed by former Speaker of the House, Beverly Bledsoe, and adopted in 1984 by the Board. It allowed a county to submit a plan to use the funds for improvements to the assessor's office rather than reimburse the state for those costs. This plan had been allowed by former Boards for more than thirty years. The Property Tax Administrator informed the Board that she had asked Lisa Freimann, First Assistant Attorney General, to research the question of the legal standing for the Board to use the "Bledsoe Plan." Ms. Freimann informed the Board that § 39-1-105.5, C.R.S., clearly states the expenses related to the reappraisal shall be at the expense of the county, and that these funds must go to the state's general fund. It was her opinion that the Board does not have the discretion to forgive or allow the reallocation of those funds to the county assessor's budget despite the policy of the Board in prior years.

The Property Tax Administrator suggested to the Board that perhaps it was not appropriate to charge the county for the salaries of Division employees involved in the reappraisal efforts, as those salaries would have been paid whether they worked on this reappraisal or on some other project for the Division. She recommended those costs be excluded from the amount the county owes, as it would be detrimental to the county to have to pay back such a large sum. Senator Larry Crowder, designee of President of the Senate Pro Tem Lucia Guzman, requested the Board delay action on requiring Saguache County to pay back the reappraisal costs until legislation could be run giving the Board permission to use a process similar to the Bledsoe Plan. The Board agreed.

The next order of business was the consideration of the Abstracts of Assessment. The Property Tax Administrator asked the Board to accept the Abstracts of Assessment for the sixty (60) counties that used the traditional protest period. All 60 Abstracts of Assessment were accepted. At the time of the meeting, the remaining four counties, Boulder, Denver, Douglas and Jefferson had utilized the alternate protest period and would have to submit their Abstracts of Assessment to the Division by November 21, 2013. As in prior years, if no problems exist, the Board could forego an additional meeting by allowing the Chairman to review and accept the remaining abstracts. The Board agreed to allow Chairman Brown to act on its behalf if there were no problems with the remaining Abstracts of Assessment.

2012 Enforcement and Repayment

The Board met on October 25, 2012, to review the findings and conclusions of Wildrose Appraisal, Inc., annual study contractor for Legislative Council.

The Board order for Adams County was based on complaints filed pursuant to § 39-2-111, C.R.S. In 2011, the Property Tax Administrator received two complaints concerning Adams County: one directly from the Adams County Assessor, the other from a group of taxpayers. Both asked for an investigation to determine whether the property values were properly set for tax year 2011. The investigative report and recommendations were submitted to the Board in August 2011. The Board ordered a reappraisal of commercial warehouse properties for the 2012 tax year. The reappraisal resulted in a total increase of \$19,000,000 in assessed value for the subclass. After review of the final report and supporting testimony, the Board approved the Adams County Report.

Saguache County's 2011 reappraisal order for residential property was issued based on § 39-1-105.5, C.R.S., and was the result of non-compliance with the Board's statistical requirements. Also in 2011, there were two complaints filed with the Property Tax Administrator concerning property that had been omitted from the tax roll. It was determined that the investigation of the complaints could be coterminous with the Division's supervision of the reappraisal order. The investigation confirmed that there were many improvements that had been omitted from the tax roll for a number of years. Division staff also found sales that had been improperly coded and disqualified, and land values had not been brought to current value. Although the Saguache County Assessor's office hired seven temporary employees to help bring their inventories up-to-date, they were all part-time employees and ultimately did not have enough time to devote to the project.

Division staff attempted to assist the county in the completion of the reappraisal, but because offers of assistance were refused until it was too late, the end result was that the 2011 reappraisal order for residential property in Saguache County was not completed. After consulting with the Colorado Deputy Attorney General, the Board continued the reappraisal order for 2012.

Next, the Board addressed the 2009, 2010 and 2011 reappraisal orders issued to Montezuma County regarding usage of the correct Basic Equipment Lists (BELs) in determining the valuation for assessment of oil and gas personal property. After the reappraisal order was issued in 2009, Montezuma County immediately appealed to the Denver District Court. Reappraisal orders were subsequently issued to Montezuma County for 2010 and 2011 for the same issue. However, because the Denver District Court had not issued a decision on the 2009 appeal, all subsequent reappraisal orders were held in abeyance and consolidated in Montezuma's appeal. On April 1, 2012, the Denver District Court issued its ruling on the consolidated cases from 2009, 2010 and 2011, and confirmed that the Board orders were appropriate. In response to the ruling, Montezuma County performed the recalculations using the BELs. The final total payback amount for excess state aid to schools, with interest calculated at 3% because of the county's timely payment, was \$3,966.30.

The Board heard testimony on the auditor's findings for 2012. Final reports were submitted to the Board for 62 of the 64 Colorado counties. The final reports from the remaining two counties, Adams and Saguache, were not completed as each county was in the process of completing the 2011 reappraisal orders.

Wildrose Appraisal, Inc. recommended an order for reappraisal for Park County for 2012. The recommendation was based on the county's failure to implement HB 11-1146, § 39-1-102(1.6), C.R.S., regarding residences on agricultural parcels that were not an integral part of the agricultural operation. The Park County Assessor testified that he actually did implement the statute. He did not follow the procedures recommended by the Division in the Assessors' Reference Library, Volume 3 to determine if a residence was integral to an agricultural operation. Instead, he exercised what he believed was his authority as assessor to make an alternative determination as to the integral nature of a residence on land classified as agricultural. He testified that he has extensive experience with water law, and he believed the drought conditions in his county caused any residence with a domestic well to be integral to a grazing or farming operation. Therefore, he did not classify any residences on agricultural parcels as non-integral. There was a motion to issue an order for reappraisal of residences on agricultural land for Park County, but it failed for lack of a second.

The next order of business was to review the 2012 Abstracts of Assessment. The Property Tax Administrator requested the acceptance of 62 county Abstracts of Assessment. The remaining two abstracts from Adams and Saguache Counties had been received, but were not included in this submission, as the reports did not include reappraisal information and were still under consideration. The final abstracts of assessment for both Adams and Saguache were to be submitted to the Board by November 21, 2012. All 62 Abstracts of Assessment submitted were accepted by the Board.

The final topic of the meeting dealt with requests from certain otherwise exempt organizations for the Board to waive the filing deadline for their Annual Report for Exempt Properties as permitted in § 39-9-109(5), C.R.S.

The Manager of the Exemptions Section submitted a list of those exempt organizations requesting their deadline be waived. He indicated the Division had no objection to any of the waiver requests, but did outline for the Board the filing history of several of the organizations.

The October 25, 2012, meeting was concluded by hearing testimony from exempt organizations present at this meeting requesting a waiver of the filing deadline. In contrast to actions taken by the Board in previous years, the Board denied, either in whole or in part, several requests to waive the filing deadline.

The Board reconvened on November 15, 2012, to review issues not discussed or concluded in the October meeting. Three exempt organizations that had not been in attendance at the October meeting asked for reconsideration by the Board for the waiver of the exempt property filing deadline. The Board agreed to reconsider the denials for all three organizations and rescinded the action taken during the October meeting.

The Board received six new requests to waive the filing deadline during the November 15, 2012, meeting. One of those requests was denied. The Board imposed a 30-day deadline for the return of the Annual Report for Exempt Properties for those organizations that had been granted a waiver.

NOTE: A total of 104 petitions were heard between the two meetings, four of which were denied or continued at the conclusion of the first hearing. Ultimately, the Board granted a waiver of filing deadline to 102 of 104 organizations and denied the remaining two petitions. When issuing their decisions, the Board stressed the importance of timely filing to avoid a similar problem in the future.

The Board then finalized the issues facing both Saguache and Park Counties.

After hearing testimony summarizing the findings of the investigation of the complaints, the Board issued a reappraisal order to Saguache County for each property class that had omitted property for 2013. In order to ensure compliance with these orders, the Board directed the Saguache County Assessor to allow the Division full access to all systems and information used by the assessor. The Property Tax Administrator informed the Board that a reappraisal order issued under § 39-2-114, C.R.S., would not cause payback from the county for the Division's supervision nor would it cause payback for excess state aid to schools. As such, there would be no reimbursement to the state for the reappraisal. The Board also directed the Saguache County Assessor to send out Special Notices of Value on all omitted property as far back as statute allowed.

The final issue brought before the Board regarding Saguache County was a request of the Property Tax Administrator to issue a Finding of Dereliction of Duty on the part of the assessor. After consideration of the evidence, the Board issued a Finding of Dereliction of Duty.

The Board then finalized the open issue regarding the auditor's recommendation for reappraisal to Park County for non-compliance with HB 11-1146. After accepting additional testimony from the Park County Assessor, the Board ultimately chose not to issue an order of reappraisal to Park County for the 2012 assessment year.

DIVISION OF PROPERTY TAXATION

Under the general laws of Colorado, the Property Tax Administrator (Administrator) directs the Division of Property Taxation. The Administrator is appointed by the State Board of Equalization to serve a five-year term, and until a successor is appointed and qualified.

A primary responsibility of the Division is to administer the implementation of property tax law throughout the sixty-four (64) counties so that valuations are fair, uniform, and defensible, thereby ensuring that each property class contributes only its fair share of the total property tax revenue. In other words, the Division's goal is equalization of valuation and proper distribution of property taxes throughout the state.

The Division is comprised of four sections: Administrative Resources, Appraisal Standards, Exempt Properties, and State Assessed Properties.

Administrative Resources

Administrative Resources prepares and publishes administrative manuals, procedures and instructions. It conducts a number of classes and seminars regarding the administrative functions of the assessors' offices, including one tested course: Introduction to Assessment. Although this class offers continuing education credit, it is highly recommended for all qualifying education courses taught by the appraisal standards section. This section performs field studies and provides statewide assistance with issues such as tax increment financing, the administration and valuation of manufactured homes, senior and disabled veteran exemptions, classification of property, title conveyance, mapping, production of the abstract of assessment, certification of values to taxing entities, and the tax warrant. The section also investigates taxpayer complaints. It is responsible for various studies and reports such as fiscal impacts for Legislative Council, the residential assessment rate study, the Colorado Assessed Values Manual, and the Property Tax Administrator's ***Annual Report to the Governor and General Assembly***. It also coordinates with agencies having an interest in property taxation. In addition, the field staff works closely with assessors in all areas of property taxation. Administrative Resources is also responsible for approving or disapproving all petitions for refund or abatement of taxes in excess of \$10,000.

Appraisal Standards

Appraisal Standards prepares and publishes appraisal manuals, procedures and instructions. It holds classes and seminars regarding all areas of appraisal. It conducts field studies and provides statewide assistance in agricultural land classification, natural resources and personal property valuation, as well as assistance in the valuation of residential, commercial and industrial properties. The section assists in reappraisal efforts, reviews internal appraisal forms used by assessors, and investigates and responds to taxpayer complaints.

The section conducts four tested qualifying education courses to enable assessment appraisers to obtain an Ad Valorem Appraisal License. These courses are: Introduction to Ad Valorem Mass Appraisal, Basic Appraisal Principles, Basic Appraisal Procedures, and Uniform Standards of Professional Appraisal Practice (USPAP). This section currently offers additional tested courses including: Vacant Land Present Worth, Advanced Income, and Agricultural Land and Rural Structures. The section also offers several non-tested courses including a continually expanding list of online distance education courses throughout the year.

Exempt Properties

The Exemptions Section is responsible for determining qualification for exemption from property taxation for properties that are owned and used for religious, charitable and private school purposes. This section also reviews reports filed annually by exempt property owners to determine if the property's exempt status is still warranted. The section provides assistance to counties and taxpayers with inquiries about exempt properties, helps taxpayers with petitions to the State Board of Equalization, conducts hearings on exemption applications and revocations of exemptions, and defends appeals of its final decisions.

State Assessed Properties

The State Assessed section is the only area of the Division which regularly performs original valuation of property on an annual basis. The section values all public utilities doing business in Colorado as defined by statute, including: rail transportation companies, airlines, non-renewable and renewable energy companies, telephone companies, and pipelines. The company valuations are then apportioned to the counties for collection of local property tax. Both county commissioners and public utilities may protest the value assigned to state assessed property, and may appeal to the Board of Assessment Appeals (BAA) or Denver District Court if the protest is not resolved at the Division level.

2016 VALUE INFORMATION

Taxable real property classified as residential, commercial, industrial, agricultural, and vacant land, is subject to revaluation by county assessors every odd numbered year. Taxable property not subject to the biennial reassessment cycle is valued every year. This includes all property classified as state assessed; land and leaseholds classified as oil and gas, natural resources, and producing mines; all subclasses of personal property; and possessory interests.

For 2016, Colorado assessed values decreased \$3.9 billion, representing a nearly 3.7 percent decrease from the prior year. The statewide decrease was primarily attributable to the decrease in the value of oil and gas and vacant classes of property.

Table 2 displays the percent change to the total value of each property class.

TABLE 2

VALUE CHANGES BY CLASS		
Class	2015-2016 Change	Class as % of Total
Vacant Land	-6.6%	3.7%
Residential	1.9%	46.6%
Commercial	1.1%	28.6%
Industrial	4.0%	3.9%
Agricultural	2.0%	1.3%
Natural Resources	-7.3%	0.3%
Producing Mines	-18.3%	0.6%
Oil and Gas	-38.2%	8.1%
State Assessed	4.3%	6.9%
Net Total	-3.7%	100.0%

Residential, Commercial, Industrial, and Vacant Land

The Colorado Constitution and statutes specify that real property classified as commercial, industrial and vacant land is valued by county assessors through consideration of the market, cost and income approaches to value. Residential property is valued solely by the market approach. For these classes of property, the changes in value reflect the changes that occurred between the assessment cycle appraisal dates: June 30, 2012, and June 30, 2014.

In 2016, Colorado showed a decrease in assessed value in four classes of property: vacant (-0.6%), producing mines (-0.1%), oil and gas (-5.0%) and natural resources (-0.03%). The remaining seven classes of property showed an increase in 2016 with the largest percentage increase in the residential and commercial classes of property. The total assessed valuation of the residential class increased 1.9 percent in 2016. According to the S&P/Case Schiller Home Price Indices, home prices continued their rise across the country over the last 12 months. Denver, specifically, experienced a 9.2 percent year over year increase in 2016. However, the end of the data gathering period for 2015-2016 reassessment values was June 30, 2014, meaning the last 6 months of local data may not be available for inclusion in the analysis, § 39-1-104,(10.2), C.R.S.

The commercial and industrial classes experienced increases in assessed value of 1.1 percent and 4.0 percent respectively. The total values of these two classes are stabilized somewhat by the presence of personal property. Personal property accounts for 13.3 percent of the total value of the commercial class and 56.3 percent of the total value of the industrial class. The assessor revalues personal property every year, and the values are less subject to dramatic changes than are the values of real property.

Table 3 provides a county by county comparison of 2016 to 2015 values for the residential, commercial, and vacant land classes.

TABLE 3

COMPARISON OF PROPERTY CLASS VALUES BY COUNTY - 2016 to 2015

Oil and Gas

There were 52,970 producing natural gas and oil wells in Colorado as of the close of 2016, a decrease of over 650 wells from 2015. Over half of the wells are concentrated in two counties: Weld (42.0%) and Garfield (20.8%). Six counties house 87.2 percent of the total number of wells: Weld, Garfield, Yuma, La Plata, Las Animas and Rio Blanco. The taxable value of real property associated with oil and gas wells is calculated as a percentage of the revenue obtained for the product at the wellhead during the prior year. This makes oil and gas among the most volatile of property classes because the market prices of natural gas and crude oil can change considerably from year to year.

Colorado has experienced a decrease of 38.2 percent in the total assessed value of the oil and gas class during 2016. Among the classes of taxable property, oil and gas contains the third highest total assessed value for 2016. The 2016 total assessed value for the oil and gas class is \$8,248,748,616, which is 8.1 percent of the state's total taxable value. A recent history of statewide assessed values for the oil and gas class is shown in **Table 4**.

TABLE 4

2016 OIL AND GAS CLASS			
Year	(Billions) Value	Change from Prior Year	% of Total Taxable
2007	\$7.2	-1.4%	8.5%
2008	\$7.7	6.3%	8.8%
2009	\$11.9	54.5%	12.1%
2010	\$6.3	-47.3%	6.7%
2011	\$8.6	37.2%	9.8%
2012	\$9.7	13.6%	10.9%
2013	\$8.8	-9.9%	9.9%
2014	\$11.1	26.5%	12.1%
2015	\$13.3	20.1%	12.7%
2016	\$8.2	-38.2%	8.1%

Table 5 below provides a more detailed understanding of the assessed values for each of the oil and gas counties.

Other Production Classes

As with oil and gas, most of the value of real property classified as natural resources and producing mines is calculated as a percentage of the income obtained from selling the product. The natural resources class includes properties that produce coal, sand, and gravel. It also includes non-producing patented mining claims and severed mineral interests. All counties, except the City and County of Denver, have natural resource property, but the class comprises only 0.3 percent of the state's total assessed value.

Although similar in total value, the great majority of the producing mines value is associated with only two mines: the Henderson and Climax mines, both located in three counties. According to the USGS, molybdenum ore was produced as a primary product at only two mines; both of which are located in Colorado. They include the Henderson and Climax mines. Both mines produce high-purity, chemical-grade molybdenum concentrates.

The Climax mine is an open-pit mine and is located approximately 13 miles northeast of Leadville, Colorado. It is a porphyry molybdenum deposit with molybdenite as the primary sulfide mineral. According to an article published in the Summit Daily, Climax began production in 1918. The mine initially ceased operations after WWI due to a reduction in demand. Throughout the years, mine operations have been on and off. Most recently, the mine was restarted in May of 2012 after an eleven year period of low production, care, and maintenance of the site.

The Henderson mine is an underground mine that is located in Clear Creek County on the east side of the Continental Divide. The mill site is located on the west side of the Continental Divide 15 miles from the mine in Grand County. It is the world's largest primary producer of molybdenum.

The mine has been in operation since 1976. It consists of a large block-cave underground mining complex that feeds a 32,000 metric ton-per-day concentrator that is located approximately 42 miles west of Denver, Colorado. The mine and the mill are connected by the world's longest conveyor of its kind; a fifteen-mile elevated belt that passes underneath the Continental Divide carries the ore through an old train tunnel and then above ground to the ore processing mill near Parshall, Colorado, where it is then treated and shipped to another plant for further processing. The Henderson molybdenum production totaled approximately 14 million pounds in 2016, down 9 million pounds from the 2015 total.

The third county with a substantial value in the natural resources class in Colorado is Teller County. In fact, Colorado now ranks 3rd in the U.S. in gold production behind Nevada and Alaska. According to the USGS, Colorado moved ahead of Utah in the ranking in 2015 with the production coming from the Cresson Mine. This mine is Teller County's primary mine and is located between the towns of Victor and Cripple Creek.

The value of mining operations in Colorado is sensitive to changes in commodity prices, owners' business choices and decisions rendered on property tax appeals. According to the United States Geological Survey, domestic gold mine production in 2016 was estimated to be about 209 tons; a -2% decrease from 2015. The average price of gold increased by 7.6 percent for 2016 to \$1,252 per troy ounce, up from \$1,170 per troy ounce listed the prior year.

Agricultural Property

The value established for agricultural land is based on a 10-year average of the earning or productive capacity of the land regardless of the property's market value or its highest and best use. As a result, the actual values of agricultural property are often much lower than their market values, and they tend to be relatively stable from year to year.

The approximately 1.97 percent increase in the value of agricultural property in 2016 was due to record highs in the market commodity prices that were incorporated into the 10-year average, as well as the fact that expenses did not keep up with record increases in market commodity prices.

State Assessed Property

Unlike most other classes, property classified as state assessed is valued annually by the Division using unitary valuation procedures. The state assessed property class is comprised of real and personal property that is owned or leased by public utilities as defined by article 4 of title 39 of the Colorado Revised Statutes. By far the largest portion of this value is attributable to personal property. The State Assessed Section of the Division values each company and allocates a portion of the value to Colorado. That value is then apportioned to the appropriate counties based on the location of the company's operating property or business activity. The county assessor then distributes the value to the appropriate tax areas throughout the county.

Information obtained from the State Assessed Section indicated an increase in assessed value of approximately \$291.7 million, or 4.3 percent, in 2016. Primary upward influences continue in cyclical companies that benefit most from the improved economy such as airlines, railroads, and new pipeline investment initiated years ago.

Personal Property in 2016

In 2016, personal property accounted for 12.74 percent of Colorado's property tax base, but that percentage varied substantially from county to county. Approximately 40.1 percent of personal property is classified as state assessed while the remainder is valued at the local level. In 2016, 88.9 percent of the state assessed property value was for personal property. All taxable personal property is assessed at 29 percent of its actual value.

Under the Colorado Constitution and statutes, certain categories of business personal property are exempt from taxation, including equipment used for agricultural purposes, inventory, and supplies held for consumption.

Prior to January 1, 2009, business personal property under common ownership with a total actual value of no more than \$2,500 per county was also exempt. However, with the passage of HB 08-1225 per § 39-3-119.5, C.R.S., the amount of actual value subject to the exemption increased, or is scheduled to increase, according to the following schedule:

- Four thousand dollars (\$4,000) or less for property tax years 2009 and 2010.
- Five thousand five-hundred (\$5,500) or less for property tax years 2011 and 2012.
- Seven thousand dollars (\$7,000) or less for property tax years 2013 and 2014.
- Seven thousand three hundred dollars (\$7,300) or less for property tax years 2015 and 2016.
- Seven thousand four hundred dollars (\$7,400) or less for property tax years 2017 and 2018
- Subsequent adjustments will occur biennially to account for inflation since the amount of the exemption last changed.

Section 39-3-119.5, C.R.S., directs the Property Tax Administrator to calculate the amount of the exemption for the next two-year cycle and in every even numbered year thereafter.

In addition, a provision found in the Colorado Constitution allows any taxing entity to "enact cumulative uniform exemptions and credits to reduce or end business personal property taxes," § 20(8)(b), art. X, COLO. CONST.

Table 6 lists the state assessed, locally assessed and total taxable personal property by county and the percentage of taxable value consisting of personal property.

RESIDENTIAL ASSESSMENT RATE

In 1982, the electorate passed sweeping changes to the portion of the Colorado Constitution that governs the property tax system. One of these changes was the enactment of a provision known as the “Gallagher Amendment,” found in § 3(1)(b), art. X, COLO. CONST.

The purpose of the Gallagher Amendment was to stabilize residential real property’s share of the statewide property tax base. From 1958 to 1982, the percentage of total assessed value consisting of residential property increased from 29 to 44 percent. This occurred primarily because market value increases to residential property greatly outpaced market value increases to non-residential property.

To counter this trend, the Gallagher Amendment requires a review and potential adjustment of the residential assessment rate each time there is a year of general reassessment. This adjustment is meant to ensure that the ratio of the state’s total assessed value attributable to residential property maintains a certain relationship with the assessed value of all other property. The current residential assessment rate is 7.96 percent of actual value. In contrast, the assessment rate for most classes of non-residential property is fixed at 29 percent. A history of changes to the residential assessment rate is shown in **Table 7**.

TABLE 7

RESIDENTIAL ASSESSMENT RATE	
Years	Rate
Prior to 1983	30%
1983-1986	21%
1987	18%
1988	16%
1989-1990	15%
1991-1992	14.34%
1993-1994	12.86%
1995-1996	10.36%
1997-2000	9.74%
2001-2002	9.15%
2003-2016	7.96%

During years of general reassessment (odd numbered years), § 39-1-104.2(5)(c), C.R.S., requires the Property Tax Administrator to complete a documented study that is used by the General Assembly to enact a new residential assessment rate into law. 2016 was not a year of reassessment. The 2017 preliminary and final residential assessment rate study reports are accessible on the Division’s website at <https://www.colorado.gov/pacific/dola/residential-assessment-rate>.

* The studies conducted in 1999, 2005, 2007, 2009, 2011, 2013 and 2015 resulted in a determination that the residential assessment rate should be adjusted above the rate that had been enacted for the previous two-year cycle. However, § 20(4)(a), art. X, COLO. CONST. (TABOR) prohibits the General Assembly from increasing an assessment rate without statewide voter approval. For these years, the General Assembly chose to reenact the rate that was effective during the prior two years.

Assessment Rate and Tax Burden

Table 8 calculates the savings to residential taxpayers from the inception of the Gallagher Amendment through 2016. It does so by comparing the taxes paid by residential property owners to an estimate of the taxes they would have paid had the Gallagher Amendment not been enacted. The estimated savings to residential property owners is \$27,138,645,379. The table begins with 1987, because the residential assessment rate remained at 21 percent until 1987. The contents of each column in the table are described below.

- 1 Tax year
- 2 Hypothetical residential assessment rate of 21 percent
- 3 Enacted residential assessment rate for each tax year
- 4 Savings to residential taxpayers

TABLE 8

PROPERTY TAX BURDEN SHIFT DUE TO GALLAGHER AMENDMENT

2015	21%	7.96%	\$1,891,290,530
2016	21%	7.96%	\$1,210,506,654
			\$27,138,645,379

Table 9 illustrates the effect of Gallagher on the statewide assessed value of residential property since 1983. The percentage of actual value attributable to residential property has increased dramatically since Gallagher's inception, from 53.2 percent in 1983 to nearly 77.6 percent in 2016. At the same time, the adjustment of the residential assessment rate caused the percentage of total assessed value consisting of residential property to remain essentially stable.

TABLE 9

COLORADO ASSESSED VALUES

ASSESSED VALUES				DISTRIBUTION OF VALUE

PROTESTS, APPEALS, AND ABATEMENTS

Protests and Appeals

Colorado statutes mandate a process that allows taxpayers the opportunity to challenge the actual value established for their property. The process begins with the taxpayer's protest to the assessor. Upon receiving a protest, the assessor reviews the issues raised, and either adjusts or maintains the actual value for the property. Taxpayers who disagree with the assessor's decision can appeal to the county board of equalization. Taxpayers who disagree with the county board's decision have three choices for further appeal. They can appeal to the State Board of Assessment Appeals (BAA), district court, or binding arbitration. Decisions of the BAA and district court can be appealed to the Colorado Court of Appeals and ultimately to the Colorado Supreme Court. Decisions of an arbitrator are final.

Taxpayers can protest and appeal in either year of the reassessment cycle; the first year or odd numbered year or the intervening year or even numbered year. However, the number of protests and appeals are typically higher during the first year of the reassessment cycle.

The number of protests and appeals vary greatly from county to county. Protest and appeal information is only collected in years of revaluation. In 2015, Larimer County received the greatest number of protests to the Assessor with 14,987 while Kiowa County received four. For many counties, the protest process places a significant strain on the resources of the assessor's office.

Table 10 lists the protests and county board appeals for each county during the first year of the last three reassessment cycles, organized according to the county officer pay categories established in § 30-2-102, C.R.S. For the purpose of this table, the Cities and Counties of Denver and Broomfield are placed in category one.

Table 11 provides a statistical summary of protests and appeals.

Abatements

An abatement of tax is a cancellation or reduction in the amount of tax owed by the taxpayer. Abatements may be granted after the tax roll has been printed for an "erroneous valuation for assessment, irregularity in levying, clerical error, or overvaluation," § 39-10-114(1)(a)(I)(A), C.R.S. Abatement petitions may be approved only if they are filed within two years after January 1 of the year following the year in which the taxes were levied. Because abatement petitions are filed on taxes already levied, the abated or refunded taxes constitute lost revenue to the affected local governments. However, § 39-10-114(1)(a)(I)(B), C.R.S., and case law, allow local governments to recover abated taxes through an increase in mill levies. **Table 12** displays the taxes abated during 2014, 2015, and 2016.

Information reported by treasurers for 2016, 2015, and 2014

SENIOR CITIZEN AND DISABLED VETERAN EXEMPTION

In 2000, voters enacted section 3.5, article X of the Colorado Constitution, creating a property tax exemption for qualifying senior citizens and their surviving spouses. Voters expanded the program in 2006 to include qualifying disabled veterans. Effective 2015, legislation expanded the disabled veteran exemption to include the surviving spouse of a prequalified disabled veteran. For both groups, the exemptions as enacted reduce the first \$200,000 of taxable actual value of a residential property by 50 percent, up to a maximum reduction of \$100,000. The reduction in property tax revenue to local governments is backfilled by the State of Colorado.

The Colorado Constitution grants the Colorado General Assembly the authority to increase or decrease the amount of the senior citizen and disabled veteran exemptions. For tax years 2003, 2004, 2005, 2009, 2010, and 2011, the General Assembly enacted legislation to reduce the amount of the senior citizen exemption to 50 percent of \$0, effectively suspending the senior citizen exemption benefit. The disabled veteran exemptions benefit was not suspended for property tax years 2009, 2010 or 2011.

To qualify for the senior citizen exemption, a senior must be at least 65 years old on January 1 of the year in which he or she applies and must have owned and occupied the property for at least 10 consecutive years as his or her primary residence. To qualify for the disabled veteran exemption, a veteran must have sustained a service-connected disability that has been rated by the Federal Department of Veterans Affairs as 100 percent permanent disability through disability retirement benefits pursuant to a law or regulation administered by the Department, The U.S. Department of Homeland Security, or the Department of the Army, Navy, or Air Force; and must have owned and occupied the property since January 1 of the year the application is filed.

Applications for the senior citizen exemption are filed with the county assessor no later than July 15, and applications for the disabled veteran exemption are filed with the Colorado Division of Veterans Affairs, Department of Military and Veterans Affairs (DMVA), no later than July 1. If approved by the DMVA, the veteran's application is forwarded to the county assessor for further processing and approval. The application for the surviving spouse of the prequalified disabled veteran is filed with the county assessor where the previously qualified property is located, no later than July 1. Once approved, the senior citizen or disabled veteran, or surviving spouse of the previously qualified disabled veteran exemption remains in effect from year to year until a change in ownership or occupancy triggers its removal. Each year, the treasurer and the assessor are required to mail a notice to all residential property owners explaining the exemption programs.

No later than September 10, the assessor is required to send the Division of Property Taxation an electronic list of the exemptions granted, including the names and social security numbers of each person occupying the property. The Division uses the data to identify individuals who were granted an exemption on more than one property in the state, and denies the exemptions on each property. In 2016, the Division denied exemptions on 80 properties and an additional 40 were denied for applicants who no longer resided at the property. In 2016, 229,371 properties were approved for the senior citizen exemption, and 5,040 properties received the disabled veteran exemption.

The senior citizen and disabled veteran exemption programs do not result in a loss of revenue to local governments. Instead, the state reimburses the local governments for the tax revenue exempted. No later than April 1, county treasurers send the State Treasurer an itemized list of the exemptions granted and taxes exempted. No later than April 15, the State Treasurer reimburses the local governments for the lost revenue. In April 2017, the State Treasurer reimbursed local governments \$133,479,034 for senior citizen property tax exemptions granted for tax year 2016 and \$2,914,751 for disabled veteran exemptions granted for tax year 2016.

POSSESSORY INTERESTS

In 2001, the Colorado Supreme Court ruled that certain possessory interests are subject to ad valorem taxation in Colorado. A possessory interest is defined as a private property interest in government-owned property or the right to the occupancy and use of any benefit in government-owned property that has been granted under lease, permit, license, concession, contract or other agreement. The use of the property must be in connection with a business conducted for profit.

Taxable possessory interests may include but are not limited to:

1. Private concessionaires utilizing government owned land, improvements, or personal property unless operating pursuant to a management contract.
2. Government land and improvements used in the operation of a farm or ranch.
3. Government land, improvements, and/or personal property used in the operation of ski or recreational areas.
4. Land underlying privately owned cabins or other residential property located on government land that is rented commercially.
5. Recreational use of lakes, reservoirs, and rivers in a revenue-generating capacity.
6. Land, improvements, and personal property at a tax-exempt airport.
7. Other government property leased to private parties. However, the property may be otherwise exempt pursuant to Colorado Revised Statutes.

2016 PROPERTY TAX LEGISLATION

Senate Bills

SB 16-012

Concerning the authority of a local assessor to grant additional time for a landowner to reconstruct residential improvements that were destroyed by a natural cause.

§ 39-1-102(14.4)(b)(I), C.R.S., allows residential land to remain so classified for up to five years when the improvements were destroyed or demolished due to a natural cause. This bill extends the time indefinitely if the owner can provide evidence to the assessor that a good-faith effort is being made to construct or place a new or part of a new residential improvement on the land, and additional time is needed by the owner. This language is similar to § 39-1-103(5)(e)(II)(A), C.R.S., that allows agricultural land the same good faith effort in restoring the land to ag.

Signed by the Governor on April 5, 2016
Effective Date: Upon signature.

SB 16-133

Concerning the transfer of property rights upon the death of a person, and, in connection therewith, clarifying determination-of-heirship proceedings in probate.

Amends § 39-31-102, C.R.S., clarifying that the supplemental affidavit that accompanies the death certificate of a joint tenant must include a legal description of the property owned by the decedent and a statement that the decedent is the same person who is named in the specific recorded deed creating the joint tenancy. The beneficiary deed is added to the list of instruments when upon such death certificate and supplemental affidavit are recorded confirms that the decedent's interest terminates at death and is properly vested to the surviving interest. Further, this bill amends §§15-12-1301 - 1306, C.R.S., clarifying determination of heirs by probate proceedings.

Signed by Governor Hickenlooper: May 4, 2016
Effective Date: Upon signature

SB 16-171

Concerning modification and clarification of the statutes pertaining to the new energy improvement district.

Amends § 32-20-105(3), C.R.S., such that a county that has authorized the district to conduct a new energy program within the county may subsequently de-authorize the district's program. However, the county shall continue to meet all of its obligations as to program financing (special assessments imposed on participating property by the county treasurer) existing on the effective date of the de-authorization until all special assessments have been paid in full and remitted to the district.

Amends § 32-20-106(8)(a), C.R.S., establishing payment of special assessments on participating property may be made to the county treasurer at any time after the tax roll is certified by the assessor and the treasurer is ready to accept payments for that property tax year.

Amends § 32-20-107(4)(b), C.R.S., providing that when any property subject to the district's special assessment goes to tax lien sale, the district may participate in the tax lien sale auction and receive a certificate of purchase for the lien if it is the successful bidder.

Adds § 32-20-107(4)(g), C.R.S., to provide that if a property with a special assessment is conveyed by a treasurer's deed, the district shall use funds from its reserve account to satisfy special assessment obligations of the property on behalf of the grantee of the treasurer's deed.

Signed by Governor Hickenlooper: June 6, 2016
Effective Date: Upon signature

SB 16-172

Concerning the election by a person to receive electronic notification of certain information from a county relating to a pending property tax dispute.

Boards of county commissioners and county boards of equalization may send notices of hearing via fax, text, or email if a person or an agent requests such notification. This electronic notification applies to notices of hearing for abatements, notices of hearing for county board of equalization

appeals, or county board of equalization decisions, §§ 39-1-113(5)(b), 39-8-106(2)(b), and 39-8-107(2)(b), C.R.S.

Signed by Governor Hickenlooper: June 10, 2016
Effective Date: Upon signature

SB 16-177

Concerning technical modifications to legislation enacted in 2015 to promote an equitable financial contribution among affected public bodies in connection with urban redevelopment projects . . .

SB16-177 deals exclusively with § 31-25-107(9.5), C.R.S., the added language contained in HB15-1348, but does not amend any portion of § 31-25-107(9), C.R.S., as modified in 2015. Subsections (9.5)(a-d) are amended by replacing the term “public body” with “taxing entity” and “governing body”(of the municipality) with “authority” (urban renewal authority). Clarifying language is added to specify that the revenue subject to sharing agreements is the incremental revenue resulting from an urban renewal plan. Subsection (9.5)(d) is significantly amended by additional language outlining the required mediation process in the event taxing entities and the authority cannot reach an agreement regarding incremental revenue sharing. Subsection (9.7) is new, providing that nothing in subsection (9.5) is intended to impair any existing obligations of an urban renewal authority outstanding as of December 31, 2015.

Signed by Governor Hickenlooper: May 18, 2016
Effective Date: Upon signature

Note: *Two major changes affected by HB15-1348 were: 1) It amended § 31-25-107(9), C.R.S., – also known as and referred to by the Division as the TIF provision – by establishing that additional property tax revenue a taxing entity is entitled as a result of voter approval pursuant to TABOR is not subject to the TIF diversion. The applicability clause of this bill, however, applies to UR plans approved or modified on or after January 1, 2016. 2) It added § 31-25-107(9.5), C.R.S., requiring revenue sharing agreements between the UR authority and any taxing entity whose tax base would be diverted to the special fund of the UR authority as the result of an UR plan being approved.*

House Bills

HB 116-1145

Concerning the determination of the documentary fee imposed for recording a grant or conveyance of residential real property.

This bill changes § 39-13-102(5)(a), C.R.S., the basis from which a documentary fee is calculated for residential real property when such property is granted or conveyed. The clerk and recorder shall no longer deduct personal property from the consideration paid for the grant or conveyance, even when evidence of separate consideration is known or submitted, i.e., information supplied in the TD-1000. Calculation of the documentary fee is based on the amount listed on the grant or conveyance document, inclusive of liens, charges and expenses. If there is no consideration amount listed on the grant or conveyance document or the amount is \$500 or less, and a related declaration (TD-1000) is filed accordingly, then the consideration paid is the total sales price listed on the declaration (TD-1000). Subsection (d) was added to § 39-13-102(5), C.R.S., requiring that the property conveyed be considered solely residential for the purpose of computing the documentary fee, unless the conveyance document includes a conspicuous statement or notation that the property is not to be regarded as residential.

Signed by the Governor on April 15, 2016
Effective Date: fees imposed on documents recorded on or after July 1, 2016

Note: *This change does not preclude the assessor from adjusting sales prices to reflect only real property. If there is evidence of personal property included in the sale price, e.g., the TD-1000, then the sale price must be adjusted, per statute § 39-1-103(8)(f), C.R.S., to reflect the selling price of real property only.*

HB 16-1175

Concerning the administration of the property tax exemptions for qualifying seniors and disabled veterans, and, in connection therewith, making an appropriation.

The bill adds subsection 3.7 to § 39-3-207, C.R.S., requiring the Administrator to provide a list of those who received exemption for the prior tax year to the registrar of vital statistics. Adds subsection 4.5 to § 25-2-103, C.R.S., requiring the registrar to identify those on the list who have died and transmit that information to the Administrator. The Administrator is then required to provide each county assessor the names of those with exemptions who have passed away so the assessor can terminate the exemption.

Adds subparagraph III to § 39-3-205 (4)(a), C.R.S., and subsection 24 to § 39-21-113, C.R.S., requiring the Department of Revenue to provide to the Administrator the marital, income tax filing, and residency status of those with exemptions. This allows Administrator to verify that an exemption is granted only to applicants who meet all legal requirements for claiming it.

The bill changes deadlines for late applications. Effective for 2017, the senior exemption late deadline is moved from September 15th to August 15th and veteran exemption late deadline moved from September 1st to August 1st.

Additional deadline changes in the bill include the following:

- Date counties must provide notice of denied exemptions moved from August 15th to August 1st. Date assessor data must be provided to the Administrator moved from October 10th to September 10th.
- Date by which an individual may contest a denial to the county board moved from September 15th to August 15th.
- Date of hearing notice by the county clerk moved from September 1st to August 1st.
- Dates the county board hears appeals moved from September 1st - October 1st to August 1st – September 1st.

The bill adds a new requirement in subsection 2(b) to § 39-3-207, C.R.S., that assessors shall provide a partial copy of the tax warrant, including only properties granted an exemption, to the Administrator by January 10th. This subsection also requires the Administrator to review the assessors' reports and remove exemptions previously denied but not yet removed by the county.

The bill adds subsection 3 to § 39-3-207, C.R.S., requiring county treasurers to provide the county reimbursement report to the Administrator rather than the state treasurer, and moves the deadline for doing so from April 1st to March 1st. The bill also adds subsection 3.5 to § 39-3-207, C.R.S., requiring the Administrator to cross-check and correct the report and remove non-qualifying exemptions before forwarding it to the state treasurer for reimbursement. This subsection also allows the Administrator to advise the state treasurer to not reimburse a county for revenue lost due to an exemption erroneously allowed, advise the state treasurer that a county provided too much or too little in reimbursements, and requires the state treasurer to adjust county reimbursements accordingly.

Signed by the Governor on June 10, 2016

Effective Date: Upon passage except sections 3 and 5, January 1, 2017

HB 16-1272

Concerning procedures to be followed in connection with the disconnection by ordinance of land from a municipality.

The bill adds when an owner applies to be disconnected from a municipality, the owner must also notify the board of county commissioners and any affected special district of the desire to be disconnected from the municipality. Within thirty days after receiving the notice, the board of county commissioners and the board of directors of any affected special district may request a meeting with the owner to discuss any possible negative impacts of the disconnection. If no meeting with the owner is requested by the board of county commissioners or board of directors of a special district it is considered an acknowledgement that the disconnection will not adversely affect the district or county.

Signed by Governor Hickenlooper: April 14, 2016

Effective Date: August 10, 2016

HB 16-1339

Concerning agricultural property foreclosures.

This bill amends language in § 38-38-108, C.R.S., regarding the foreclosure of any deed of trust that concerns agricultural property. Subsection (4) was added to clarify that an assessor's

classification of two acres or less of land underlying the residence is not determinate as to whether or not the property is agricultural for purposes of the foreclosure process.

Signed by Governor Hickenlooper: June 10, 2016
 Effective Date: August 10, 2016

HB 16-1367

Concerning the re-categorization of certain counties for the purpose of determining salaries paid to county officers in those counties.

The bill amends § 30-2-102(1.5)(a), C.R.S., by identifying the counties listed under the various categories. For the purposes of establishing the salaries of county officers whose terms of office begin on or after January 1, 2016:

 Effective Date: Upon signature

HB 16-1444

Concerning the definition of a “qualifying disabled veteran” as it relates to a property tax exemption for such individuals.

The bill changes reference in § 39-3-202(3.5), C.R.S., from “United States department of veterans affairs” to “federal department of veterans affairs.” It also changes the description of qualifying disability from “permanent and total” to “permanent” and adds the words “through disability retirement benefits.” To be consistent with the constitution the bill adds language that the award may be from any branch of the Armed Forces including the Department of Homeland Security or the Department of the Army, Navy, or Air Force.

Signed by Governor Hickenlooper: May 27, 2016
 Effective Date: July 1, 2016

Section VI

Taxable Real and Personal Property Assessed by the Counties

The listing of values reflect the Abstracts of Assessment for each county in the state. The Abstracts are filed with the Property Tax Administrator on August 25th of each year, 39-5-123(1), C.R.S.

All values reflected are assessed values.

Section X

Certification of Levies and Revenues by County

The assessed values reflect those values existing in the counties on the date the levies are certified to the county commissioners, December 15. See: 39-1-111(1), 39-1-111(5) and 39-5-125, C.R.S.

FOOTNOTES:

- (A) Excess levy approved by Division of Local Government
- (B) Excess levy revenue voted at special election

NOTE: Special Assessments on the tax roll are no longer shown.

SCHOOL DISTRICT CODING:

School districts entirely within a county:

Designated by the last position number of "0" or "5".

Multi-county school districts:

Designated by the last position numbers of "1" through "4". The administrative offices of the school district are located in the county designated by the code number "1". The adjoining counties are listed by code numbers "2" through "4", assigned to the counties alphabetically.

Questions regarding School District levies should be referred to the Department of Education, Office of Management Services.

(1) Average will not add to the Total Average County Levy because denominators (Assessed Valuation) are not common to all.

(2) Municipal Revenues are divided by the sum of Municipal Assessed Valuation.

(3) Special District Revenues are divided by the sum of Special District Assessed Valuation.

* These figures include tax increment valuation and all tax revenues attributable to the increment are allocated to the increment financing authority only.
