

STATE OF COLORADO

2019

**FORTY-NINTH
ANNUAL
REPORT**

**TO THE
GOVERNOR AND THE GENERAL ASSEMBLY**

Department of Local Affairs
Division of Property Taxation

May 1, 2020

The Honorable Jared Polis
Governor of Colorado
and
The General Assembly of the
State of Colorado
200 E. Colfax Avenue
Denver, CO 80203

Governor Polis and Members of the General Assembly:

We are submitting the Forty-Ninth Annual Report in compliance with 39-2-119, C.R.S. In addition to providing listings of assessed values in the counties and property tax revenues of the local taxing jurisdictions, the report contains statistical and summary information.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "JoAnn Groff", written in a cursive style.

JoAnn Groff

Section II

Administration

COLORADO PROPERTY TAX

OVERVIEW

In Colorado, the authority for property taxation is both constitutional and statutory. Article X of the Colorado Constitution provides that all property is taxable unless declared exempt by the Constitution, and that the actual value of taxable property shall be determined under the general laws to secure just and equalized valuations. The specific statutes pertaining to property taxation are found in articles 1 through 14 of title 39 of the Colorado Revised Statutes.

Under the general laws of Colorado, county assessors are required to discover, list, classify, and value all taxable property within their county boundaries except for those properties that are state assessed. The State Board of Equalization (Board) has supervision over the administration of all laws concerning the valuation and assessment of taxable property and the levying of property taxes. The Division of Property Taxation (Division) is located in the Department of Local Affairs. The Division is under the direction of the Property Tax Administrator (Administrator), who coordinates the implementation of property tax law throughout Colorado's sixty-four (64) counties.

The Colorado property tax system provides revenue exclusively for local government services. The largest share of property tax revenue for the year 2019 (51.2 percent) goes to support the state's public schools. County governments claim the next largest share (22.7 percent), followed by special districts (20.1 percent), municipal governments (4.8 percent), and local district colleges (1.3 percent).

TABLE 1 lists the percentage change in property tax revenue between taxes payable in 2019 and in 2020 for the types of taxing entities in Colorado.

TABLE 1

REVENUE CHANGE BY ENTITY TYPE FOR TAX YEARS 2018-2019	
Taxing Entity	% Change
School Districts	15.1%
Local District Colleges	24.9%
Counties	11.2%
Municipalities	15.7%
Special Districts	18.5%
Combined Change:	15.0%

STATE BOARD OF EQUALIZATION

The State Board of Equalization consists of the Governor, the President of the Senate, the Speaker of the House of Representatives, or their designees, and two members appointed by the Governor with consent of the Senate. Each appointed member must be a qualified appraiser, a former assessor, or a person who has knowledge and experience in property taxation.

There were a few membership changes on the Board for 2019. The board met only once in 2019. At that time the board was made up of the following individuals:

- Dickey Lee Hullinghorst, became the designee of Governor Jared Polis, elected by her fellow board members as chairwoman;
- Barbara Brewer, a hold over appointment of Governor Hickenlooper, and was elected vice-chairwoman;
- Marty Flaum, appointee of Governor Jared Polis;
- Representative Cathy Kipp, designee of the Speaker of the House, KC Becker; and
- Senator Lois Court, designee of the President of the Senate, Leroy M. Garcia.

Duties and Responsibilities

The Board supervises the administration of property tax laws and the equalization of the values of all the classes and subclasses of taxable property across the state. Duties of the Board are found primarily in sections 3 and 15 of article X of the Colorado Constitution, and articles 1 and 9 of title 39 of the Colorado Revised Statutes.

The Board reviews the findings and conclusions of the annual study contractor and orders reappraisals in counties found to be not in compliance. The study was initiated by a 1982 amendment to the Colorado Constitution to ensure all assessors value property at the same level of value using standardized procedures and statistical measurements. The study is conducted by an independent auditing firm contracted by the Director of Research for the Office of Colorado Legislative Council, § 39-1-104(16), C.R.S. The study and the resulting orders of reappraisal are the primary means of achieving statewide equalization. Each year, the auditor performs both a ratio study and a market trend analysis. The auditor also reviews both sold and unsold properties in addition to agricultural residences and any other areas as directed by the Office of Colorado Legislative Council.

The following companies were contracted for the annual study since 1982:

- 1983-1986 – Max Arnold and Assoc.
- 1987 – Hoover and Assoc.
- 1988 – Hoover, Thimigan and Assoc.
- 1989-1992 – Thimigan and Assoc.
- 1993-2002 – Thos Y. (T.Y.) Pickett and Co. Inc.
- 2003-2008 – Rocky Mountain Valuation Specialists, LLC
- 2009-2019 – Wildrose Appraisal, Inc., Audit Division

The importance of the Board's equalization function is due, in part, to the relationship that exists between assessed values and state aid to schools. Generally, if the property in a school district is undervalued, it is likely the district will receive more state revenue than it is entitled. When the results of a reappraisal order indicate the affected school district(s) received too much state revenue, the Board will order the county (not the school district) to pay back the excess funding. During the 1980s and early 1990s, this occasionally required the repayment of substantial revenue to the state. In more recent years, significant improvements in the quality of county assessments have resulted in far fewer reappraisal orders and smaller repayments of excess state aid to schools.

The Board also reviews county Abstracts of Assessment, decisions of county boards of equalization (county boards), and the policies and recommendations of the Property Tax Administrator and any changes to the three volumes of the Assessors' Reference Library published by the Administrator.

STATE BOARD OF EQUALIZATION ACTIVITY

The following is a brief history of recent actions by the State Board of Equalization over the most recent five-year period, from 2019 back to 2015.

2019 Action and Enforcement

The board met once in 2019 on October 8, 2019.

At the Board's annual meeting, the Board first elected Chairwoman Hullinghorst and Vice-chairperson Barbara Brewer before reviewing the minutes from the last meeting that took place October 17, 2018. The Board approved the minutes and then Curt Settle, Deputy Director of the Division, introduced the Board's constitutional and statutory authority, duties, and responsibilities with respect to the audit. Mr. Settle also explained to the members the significant changes of the 2019 audit contract. Curt Settle then introduced Harry Fuller with Wildrose Appraisal, Inc. to give the report of the 2019 audit. Mr. Fuller reported that there were no counties out of compliance after visiting all 64 counties and looking at compliance with statutes, Board rules, and the ARL. Mr. Fuller asked the board to accept all of the final reports, and then introduced Mr. Steve Kane to present the statistical results of the findings.

Mr. Kane outlined the sales ratio study, the market trending, the sold and unsold analysis, and finally agricultural residences. He noted that if a county had fewer than 1,200 vacant land parcels, it does not qualify for the sales ratio analysis for vacant land. As a result, only 42 counties had the analysis completed on the vacant land class. Mr. Kane discussed the unit values test and the percent change test for the sold and unsold analysis. He concluded that all counties were in compliance. Mr. Kane reported that due to the expanded contract, the auditor had more interaction with the assessors this year, the result of which being good discussions on better valuation practices.

Mr. Kane shared that a new observation this cycle was that many eastern counties experienced significant market appreciation. He speculated that this market increase was attributable in large part to the marijuana market expanding from larger urban counties.

Mr. Fuller gave an overview of all of the reports submitted by the audit and asked the Board to accept the following reports:

- 2019 Property Assessment Study Report for each of the 64 counties
- 2019 Abstract Projection Report for the 58 counties not on extended appeals schedule
- 2019 County Board of Equalization Adjustment Reports for the 58 counties not on the extended appeals schedule
- 2019 Personal Property Report for all counties
- 2019 County Sales Verification Report for all counties
- 2019 Statutory Deadline Report for all counties
- 2019 Land Not Integral Report for all counties

After accepting the reports, the board moved on to review the Abstracts of Assessments. Mrs. Renée Bridges presented the review of the abstracts by the division and explained that no issues were found. She requested the Board approve the 58 county abstracts submitted to the Property Tax Administrator. The Board decided that the chair would later approve the remaining abstracts of counties using the extended appeal period, should there be no issues.

The next agenda item the Board addressed was the list of exempt organizations requesting the Board to waive the filing deadline the filing of their annual reports in order to maintain exempt status. Mr. Stan Gueldenzopf, manager of the Exemptions Section of the Division of Property Taxation, reminded the board of its ability to set an extended filing deadline and recommended setting the date to November 18, 2019. He then continued to the Consent Agenda, which addressed the requests of

several organizations where the division recommended the approval of the waiver based on no unusual issues present for the organization or the request.

There were individuals present representing organizations listed on the Consent Agenda for:

- Georgetown Trust for Conservation and Preservation, Inc.
- Veterans of Foreign Wars North Park Post 2371
- Berthoud Habitat for Humanity, Inc.
- Arkansas Valley Hospice Inc.
- Bible Way Christian Training Center

The Board heard each representative, and then approved the Consent Agenda with clarifying language that any refund on taxes paid, does not include interest. The board also adopted the late filing date deadline of November 18, 2019.

Mr. Gueldenzopf then brought the Board's attention to a few specific organizations that were highlighted for discussion. Those organizations included:

- Korean Senior Association of Colorado
- Solid Rock Baptist Church
- Al Mustafa Islamic Center
- Housing is Vital, LP
- Juan Diego Partnership, LLLP
- Del Norte's Chesney Kleinjohn, LLC
- New Jerusalem Missionary Baptist Church
- Cañon City Rodeo Assn
- Gateway of Praise Worship Center
- Naropa University - Alaya Preschool (the Board dismissed this request for lack of jurisdiction)

All of the organizations had the waiver to file late approved with the deadline being November 18, 2019. Many organizations were also asked to submit a succession plan with their filing to address how the organizations would be able to submit their annual reports in a timely manner for the future..

Finally, JoAnn Groff presented for the Board's consideration, the changes made to the Assessors' Reference Library at the last Statutory Advisory Committee meeting that occurred September 19, 2019. The Board adopted and approved all of the changes requested and also discussed dates for the 2020 meeting. The Board then adjourned.

2018 Action and Enforcement

The board met once in 2018 on October 17, 2018.

At the October 17, 2018 meeting, the Board first reviewed the minutes from the last meeting that took place October 25, 2017. Chairwoman Hullinghorst noted a few minor amendments to the minutes that were approved unanimously. JoAnn Groff introduced Harry Fuller with Wildrose Appraisal, Inc. to give the report of the 2018 audit. Mr. Fuller reported that there were no counties out of compliance after visiting all 64 counties and looking at compliance with statutes, Board rules, and the ARL. Mr. Fuller asked the board to accept all of the final reports, and then introduced Mr. Kane to present the statistical results of the findings. Mr. Kane went through and outlined the sales ratio study, the market trending, the sold and unsold analysis, and finally agricultural residences. He noted that if a county had fewer than 1,200 vacant land parcels, it does not qualify for the sales ratio analysis for vacant land. As a result, only 41 counties had the analysis completed on the vacant land class. Mr. Kane discussed the unit values test and the percent change test for the sold and unsold analysis. He concluded that all counties were in compliance and that next year; the auditor will expand the analysis for vacant land, where it was typically examined at the subdivision level, to look at economic areas, neighborhoods, or subdivisions where appropriate.

Chairwoman Hullinghorst asked Mr. Fuller how he audits business personal property. He explained that in the 10 metro counties and Mesa County, a sample of accounts is selected and the values recalculated to determine if the county is following procedures. For the remaining smaller counties a sample of 10 accounts is selected to determine if the correct procedures are being followed.

Mr. Fuller then gave an overview of all of the reports and asked the Board to accept the following reports:

- 2018 Property Assessment Study Report for each of the 64 counties
- 2018 Abstract Projection Report for the 60 counties not on extended appeals schedule
- 2018 County Board of Equalization Adjustment Reports for the 60 counties not on the extended appeals schedule
- 2018 Personal Property Report for all counties
- 2018 County Sales Verification Report for all counties
- 2018 Statutory Deadline Report for all counties
- 2018 Land Not Integral Report for all counties

After accepting the reports, the board moved on to review the Abstracts of Assessments. Mrs. Renée Bridges presented the review and explained that no issues were found. She requested the Board approve the 60 county abstracts submitted to the Property Tax Administrator. The Board decided that the chair or vice chair would later approve the remaining abstracts should there be no issues.

The next agenda item the Board addressed was the list of exempt organizations requesting the Board to waive the filing deadline for its paperwork in order to maintain exempt status. Mr. Stan Gueldenzopf, manager of the Exemptions section of the Division of Property Taxation, reminded the board of its ability to set an extended filing deadline and recommended setting the date to December 10, 2018. He then continued to the Consent Agenda. There was nobody present to address the Board on behalf of an organization listed on the Consent Agenda. The Board then accepted the Consent Agenda and the late filing date of December 10, 2018.

Mr. Gueldenzopf then brought the Board's attention to a few specific organizations that were highlighted for discussion. Those organizations included:

- Korean Senior Association of Colorado
- Pilot Trust
- Mount Moriah Masonic Building Fremont Association
- Masonic Holding Association
- Friends of Christian Education Foundation
- Clavis Club of Morgan County

All of the organizations had the waiver to file late approved with the deadline being December 10, 2018. Pilot Trust and Masonic Holding Association had a requirement to file a brief written plan dealing with how the organization will avoid future failure to file on time. The Clavis Club of Morgan County was asked to submit an additional backup plan for moving forward, since it had already filed a plan in the previous year yet still failed to file on time.

Finally, JoAnn Groff presented for the Board's consideration, the changes made to the Assessors' Reference Library at the last Statutory Advisory Committee meeting. Since this meeting fell within the 30 days after that September meeting the Board had the ability to approve the changes presented. The board adopted and approved all of the changes requested. The Board then adjourned.

2017 Action and Enforcement

The board met three times in 2017: January 10, 2017; April 13, 2017; and October 25, 2017.

At the January 10, 2017 meeting, the Board reviewed and approved the minutes from the December 30, 2016 meeting. JoAnn Groff clarified the agenda item for accepting the Statutory Advisory Committee recommended changes to the Assessors' Reference Library. She noted that she was withdrawing page 5.20 of Assessors' Reference Library Volume 3 and was not recommending the change at this time. She took this action at the request of Senator Owen Hill. He had indicated his intent to introduce legislation in the upcoming 2017 session that would direct assessors on the valuation of non-integral land.

From their December, 15, 2016 meeting the remaining changes recommended by the Statutory Advisory Committee were approved by the Board. The meeting concluded with the suggestion that the Division work with Senator Hill, if he desired, on his proposal for the non-integral land issue.

The April 13, 2017 meeting was called to present to the Board a review of changes the Property Tax Administrator had made in the calculation of increased valuation for assessment for the 2017 target percentage relating to the increased volume of mineral and oil and gas production for calculating the residential assessment rate. The first action the Board took was to go into executive session pursuant to § 24-6-402(3)(A)(II), C.R.S., to consult with legal counsel.

JoAnn Groff then introduced the topic of the residential assessment rate, explaining that the target percentage generally will not change between the initial January report and the final April report. However, using historical methodology, the target percentage calculated in January of 43.79 percent was significantly lower than target percentages of previous years.

She explained that after thorough review by division staff, Legislative Legal Services and Legislative Council Staff, it was determined the anomaly causing the drop was due to the volume of oil and gas production for tax years 2015 and 2016. This volume had increased significantly over the volume for assessment in 2014. However, the average assessed value per barrel fell, resulting in a net loss of assessed value over the two-year period. The historical methodology was to adjust the target percentage for oil and gas by adding the increased volume multiplied by the previous assessment cycle's average assessed value per unit of production, with no regard as to whether there had been an overall increase of value.

The Board was provided with language from the Colorado Constitution and statutes relevant to this topic. Ms. Groff revised the method by which the target percentage was calculated. Going forward, a first step will be taken to determine whether there is increased valuation for assessment resulting from the new construction or the increased volume of minerals and oil and gas production. If there is an increase in value, then the second step will be taken to add the value for new construction and the increased volume of minerals and oil and gas production when calculating the target percentage. As a result of this two-step methodology, the target percentage was now calculated to be 45.76 percent and the residential assessment rate was projected at 7.10 percent.

Senator Hill questioned if the Division had been interpreting the word "volume" as "value" for this calculation. Ms. Groff explained that the constitutional mandate of "after adding in the increased valuation for assessment attributable to . . ." was the language previously not being considered by the Division of Property Taxation. With the new two-step process it will be clear value and volume would be considered appropriately.

Board Member Hullinghorst asked if the rate calculation affected oil and gas companies' taxes and Ms. Groff responded no, it has no direct impact on what they pay, this calculation would only impact the target percentage as it related to the residential assessment rate calculation.

Ms. Groff concluded the meeting noting that the current estimate for the residential assessment rate was 7.20 percent, and that the final report would be published April 17th. There were no further questions or comments and Chairman Brown adjourned the meeting.

At the October 25, 2017 meeting the Board considered the findings of Wildrose Appraisal, Inc., the annual study auditor, the recommendations of the Property Tax Administrator on the county Abstracts of Assessment, requests for waivers of deadlines on exempt properties and changes to the Assessors' Reference Library as approved by the Statutory Advisory Committee. The Board elected Dickey Lee Hullinghorst as Chair and Board Member Irv Halter as Vice Chair.

The Board approved the minutes of the January 10, 2017 meeting and April 13, 2017 meeting, with minor corrections.

Mr. Harry Fuller of Wildrose Appraisal, Inc. (Wildrose), presented the findings of the audit. Mr. Fuller along with Mr. Steve Kane, the company's statistician, presented the following reports:

- 2017 Abstract Projection Report
- 2017 County Board of Equalization Adjustment Reports
- 2017 Personal Property Report
- 2017 County Sales Verification Report
- 2017 Statutory Deadline Report
- 2017 Land Not Integral Report.

Mr. Kane gave a brief presentation on the statistical analysis of the audit, which included review of the ratio studies, market trends, sold and unsold property, and agricultural residential improvements. Senator Hill requested that the Board be provided all of the Auditor's findings prior to the meeting where they are being asked to accept those reports. The Administrator agreed to provide that information. The Board accepted the 2017 Annual Study reports.

The Board reviewed the county Abstracts of Assessment. There were 57 abstracts submitted and reviewed. The Administrator found no County Board changes which required review and all abstracts were recommended for approval. The Board elected to authorize Chairwoman Hullinghorst to approve the alternate protest period abstracts for Adams, Boulder, Denver, Douglas, Gunnison, Hinsdale, and Jefferson Counties.

Stan Gueldenzopf, manager of the Exemptions Section of the Division of Property Taxation then presented requests from exempt properties to waive filing deadlines. He noted one organization, Custer 2020, was added to the consent agenda, and another, Ministerio Palabra de Vida, was stricken from the agenda as the forfeiture was issued in error. The Board moved to approve the requests of the properties on the consent agenda with a new filing deadline of December 8, 2017. Eighty-three properties were included on that list.

The following organizations were brought to the Board's attention for individual discussion:

- Mission Viejo Swim Parents Association
- North Fork Horse Patrol
- Veterans of Foreign Wars
- Denver Lodge 17 BPOE of Elks USA
- American Cancer Society, Inc.
- Canon City Rodeo Assn
- Arvada VFW Post 4331
- Evergreen Rodeo Association
- La Plata County Humane Society
- Colorado Farmhouse Assn
- Cortez Masonic Temple
- Clavis Club of Morgan County Inc.
- Iglesia Berea

Of the fourteen cases listed above, all but one were approved to file the necessary annual report(s) late. The request from American Cancer Society, Inc. was in response to an exemption forfeiture when the organization had a merger, and because exemption was not lost due to late filing of an annual report, the Board took no action on the request. Some of the groups were asked to provide an explanation or plan to ensure there will be no future delinquencies in filing.

The next issue for the Board's consideration were changes to the Assessors' Reference Library approved by the Statutory Advisory Committee at their September 21, 2017 meeting. The Board moved out of order and took testimony of Tim Canterbury on his experience on the task force for determining what was integral to an agricultural operation. The testimony was in support of the Statutory Advisory Committee approved change to Assessors' Reference Library Volume 3 regarding valuation of residential property not integral to an agricultural operation.

JoAnn Groff then introduced Curt Settle, Deputy Director of the Division of Property Taxation, to support the proposed change to the manual and to give an explanation of the history and evolution of the topic. He outlined the task force and the resulting legislation guiding determination of whether property was integral. Mr. Settle summarized that an eminent-domain methodology in the appraisal

of the non-integral land does not yield a valuation which is equitable or uniform and would not conform to the intent of the legislature.

Brad Hughes, Montrose County assessor, testified over the telephone that the legislation enabling the task force, and later the change to the agricultural and residential definitions, was about equalization and fairness in the valuations of these sites.

Larry Stark, commercial real estate appraiser and property owner in Storm Mountain Ranch, then gave his testimony regarding his five-year history with this issue. He brought a case to the Board of Assessment Appeals which ultimately ended as an unpublished Court of Appeals opinion which he argued supported his methodology to value the residential sites using a pro-rata share of the value of the larger parcel.

Attorney Michael Francisco, representing Storm Mountain Ranch, also gave testimony arguing that that the statute did not support the change being proposed by the Division. He further noted that this change should be going through a formal rule-making process.

Ms. Groff gave some final remarks, including how over 8,000 properties in the state were now classified as non-integral to agricultural land, and that all 59 counties which have those properties are utilizing some sort of site-specific valuation methodology which is what the manual change clarifies. The Board approved the change in a 4 to 1 vote, with Senator Hill opposing.

The Board approved the remaining changes to the manual as approved by the Statutory Advisory Committee. There was no discussion on the remaining changes.

2016 Action and Enforcement

The board met on October 5, 2016 and again on December 30, 2016.

At the October 5, 2016 meeting, Stan Gueldenzopf, Manager of the Exemptions Section for the Division, presented the details of requests by organizations that requested from the Board a waiver of the filing deadline for their Annual Reports for Exempt Properties as allowed under § 39-9-109(5) and (6), C.R.S. Organizations and the general public were invited to comment.

Mr. Gueldenzopf started with the consent agenda and the Board approved the waiver for filing deadline for those property owners that were on that list. Mr. Gueldenzopf then began further discussion regarding those organizations that were listed for particular attention. The first organization was ACCESS Housing of Adams County. Angela Mornemann, Director, explained that the organization was without a director for 18 months, and thus failed to file its reports for four years. After explaining what sort of clients the organization helps with low income housing, and that processes were put in place to ensure no further reports would go unfiled, the Board approved its waiver. Mr. Gueldenzopf suggested a due date of November 18, 2016 for the Annual Reports to be submitted and the Board approved that date.

Mr. Gueldenzopf then brought up Santan Mandir Cultural & Community Center, which was requesting four years of relief. The Board approved its waiver contingent upon providing corrective action or proof of procedures that will be implemented to avoid waiver requests in the future. Mr. Gueldenzopf moved on to present the following organizations which submitted waivers:

- Iglesia Apostolica de la Fe en Cristo – waiver was accepted. There was no spokesperson for the church present at the meeting.
- Panorama Pointe Senior I LP – waiver was approved after knowing that a new system is in place to no longer miss the deadline. Property owner, Neal Mendel was present to explain what sort of residential property had the exemption, and how two address changes had caused the failure to file timely.
- Deer Trail BPOE 2307 – waiver was approved including corrective action for the procedures and changes in the future. Current secretary, William Pierce, was present to explain that the

last secretary was out and the paperwork was on her desk and it was difficult to keep up when officers change every year in the organization.

- Idaho Springs Elks Association – waiver was approved with the standard terminology as above. There was no representative from the organization present at the meeting.
- IBPOE West Pikes Peak Region – waiver was approved with the admonition they provide a new process for completing the paperwork. There was no representative from the organization present at the meeting.
- Canon City Rodeo Association – waiver was approved with the provision they include a procedure to prevent future waivers. There was no representative from the organization present at the meeting.
- VFW Golden Post 4171 – waiver was approved. Its representative, Mr. Shane Lang was present to explain that he is training the new quartermaster on responsibilities.
- Trinity United Methodist Church from Larimer County – waiver was approved. There was no representative from the organization present at the meeting.
- Dinosaur Community Charter School – waiver was approved with the understanding that the application will be reviewed by the Property Tax Administrator to determine whether the property qualifies for an exemption. The organization’s representative, Mr. Richard Blakley was present to explain that he recently inherited the responsibility of the property from the previous head of the organization.
- Intertribal Voice for Montezuma County – waiver was approved. The founder, Arthur Keskahi, explained how a previous employee and paperwork disappeared and the organization received no further notifications from the Division of Property Taxation.
- The Deer Park United Methodist Church from Park County – waiver was approved. The church’s treasurer, Donna Bastien, was present to explain what the church does with its property and that they received a postcard from the county saying taxes were due. The church was unaware of the requirement to file the annual report.

Wildrose Appraisal, Inc. (Wildrose), the annual study contractor for Legislative Council, presented its findings to the Board. Harry Fuller, Audit Manager for Wildrose Appraisal, Inc. introduced Mr. Steve Kane, statistician, Ms. Suzanne Howard, expert in personal property, and Mr. Jim Bittel, Owner and President. Mr. Fuller presented the following reports: 2016 Abstract Projection Report, 2016 County Board of Adjustment Reports, 2016 Personal Property Report, 2016 Failed Verification Report, 2016 Statutory Deadline Report and the 2016 Land Integral Report.

The Board accepted the 2016 Annual Study reports.

Mr. Kane covered four items in review, including sales ratio analysis, market trending, sold/unsold and agricultural residences. Mr. Kane continued with an explanation that the real estate market in the state of Colorado is in recovery, and that assessors had to value properties as of June 30, 2014, and make adjustments to sales prices to account for market trends.

Sixty abstracts were received by the Administrator for review prior to the meeting and were approved per form, and the Board accepted these abstracts. The remaining four abstracts were for counties who had opted for the alternate protest and appeal procedure. Those abstracts needed to be submitted for review by the administrator no later than November 21. The Board approved a motion that these abstracts could be approved by the Chairwoman if no issues were discovered.

After acceptance of the abstracts, Administrator Groff introduced the next topic; the changes to the Assessors’ Reference Library considered and accepted by the Statutory Advisory Committee at their meeting held September 15, 2016. The primary item for consideration was changes to Assessors Reference Library Volume 2, Chapter 12 relating to Tax Increment Financing (TIF).

Curt Settle, Deputy Director of the Division of Property Taxation, presented the proposed changes. He provided a brief overview of the legislative history of urban renewal law in Colorado as well as the Division’s history dealing with this issue. He especially emphasized the extensive outreach undertaken by the Division that culminated in the proposal submitted to the Board.

Mr. Settle began by noting two important areas where the new procedures are making no change. The first was regarding the timing of TIF. It is the Division's position that the dividing of the base and increment starts when a plan containing a TIF is approved. He relayed that this issue was currently before the Court of Appeals and the Division's position would not change without further guidance from the Court. Second, the Division was making no change regarding the requirement of a proportional adjustment due to general reassessment. It is the Division's position that increment results from changes in use, physical characteristics, or legal characteristics, and that all other changes in value are attributable to the general reassessment and should be proportionately applied to the base and increment at the prior year's ratio.

Mr. Settle then detailed the new or significantly revised items included in these proposed changes:

- Proportional adjustments due to general reassessment should be made annually for personal property, public utilities, possessory interests and natural resources.
- Changes in taxable status, i.e. taxable or exempt, are non-reassessment events that are attributable to increment.
- Overlapping urban renewal and downtown development TIFs can coexist, but only one diversion is possible. The Division recommends the two entities negotiate an intergovernmental agreement that provides for revenue sharing.
- A downtown development authority (DDA) mill levy can only be applied to the base, the same as all other taxing entities.
- The date for establishing the base is the valuation for assessment last certified prior to the effective date of approval of the urban renewal plan. This requirement refers only to the December 10th final certification of values.
- Value reductions due to appeals or state board orders are applied according to where the original value was attributed, either base or increment, and they are to be applied in the year of the ordered adjustment.
- Value changes because of mistakes or corrections are applied according to where the value was originally attributed, either base or increment, and are made in the year they are discovered.
- Regarding the inclusion of agriculturally classified land in an urban renewal area, the changes clarified that the five provisions in § 31-25-107(1)(c)(II) and the three provisions in (III) are to be considered in the disjunctive, i.e. "OR".
- Detailed requirements of § 31-25-107(1)(c)(II)(B) for inclusion of agriculturally classified land in an urban renewal area were explained based on recently concluded litigation with emphasis on the meaning of urban level development.
- The proposed changes provided six years of detailed TIF calculation examples.
- Regarding property removed from a TIF, base and increment should be adjusted for this property according to where it was originally attributed, either base or increment.

After this presentation, Mr. Settle recommended that these new procedures become effective on January 1, 2017.

The Board heard public testimony on this topic. Urging the Board to reject these proposed changes were the Broomfield County assessor, Sandy Herbison; urban renewal authority attorneys, Sarah Clark, Rita Connerly, Jessica Alizadah; and the Aurora Urban Renewal Authority represented by Christine McKenney. The central theme of this dissent was objection to the general reassessment adjustment. Speaking in support of the proposed changes were Carol Brzeczek, a citizen of the City of Littleton, and Ben Swartzendruber, an attorney representing Arapahoe County.

After considerable discussion, the Board voted to approved the proposed changes with only Board member Scheffel objecting.

The Board then accepted the changes to the remaining manual items.

Stan Gueldenzopf addressed the Board and announced that proposed changes to the Board's rules had been drafted and that the next step would be to have a rule-making hearing. The earliest date such a hearing could take place would be November 14, 2017. The notice would need to be submitted by October 14, 2017, and then the rule-making hearing itself could not take place any sooner than 20 days after the publication in the Colorado Register.

The Administrator explained that the composition of the Board members would change in January and asked if the Board preferred to entertain rule-making with its current composition or wait for the newly elected members. The Board moved to have the hearing with the same composition, and to meet before January 11, 2017, when the membership would change.

The Board then met again on December 30, 2016.

At the December 30, 2016 meeting, the Board invited the public to present data, views and arguments concerning the rule changes as proposed. Stan Gueldenzopf presented the proposed changes to the Board. He noted that the rules have not been amended since 1984, and that the proposed changes were minor in substance. Mr. Gueldenzopf also pointed out that the Board actually had two sets of rules that were identical save for one punctuation mark.

The "Basis and Purpose" section of the rules was rewritten to split out a statement on legal authority, as well as cover other issues handled by the board which did not exist in 1984. Other changes were incorporated to make the language gender neutral. Certain rules were rearranged, incorporated into others, or repealed. The Board's rule on testimony under oath was repealed as its practice has not been in place for many years. It was clarified by Board's counsel that the Board still had the right to require testimony under oath if it so desired. The entire second set of rules was also proposed to be repealed.

The Board decided that the rules should maintain their numbering and that the ones that were repealed would simply state the date on which they were repealed.

After adopting the rules as presented, the Board concluded its rule-making hearing and then called to order a meeting for other Board business. Ms. Groff explained that although the December 30, 2016 Board meeting had been properly noticed, she had been contacted by several members of the public that were unavailable to attend the December 30 Board meeting due to already scheduled out of town plans over the holidays, yet wanted to address changes to the Assessors' Reference Library approved at the December 15, 2016 meeting of the Statutory Advisory Committee. The Board had already agreed to meet again January 10, 2017. She requested that both the approval of the October Board meeting minutes and the changes to the Assessors' Reference Library approved by the Statutory Advisory Committee be officially laid over to the January meeting. She informed the Board that this would still allow a timely review of the information approved by the Statutory Advisory Committee. The Board agreed to lay over both issues.

The Board asked Mr. Gueldenzopf about the waivers for the filing deadline for the Annual Reports of Exempt Properties that had been approved in October. Of the 117 requests for waivers, most were filed by the deadline imposed by the Board, but 14 owners failed to file the necessary reports on 20 properties. He explained that the property owners would be informed that their properties will remain taxable, and that they could file a new application or petition the board for another waiver of the deadline.

Ms. Groff said that the Division would report in 2017 any of those properties which failed to file their report so that the Board would have that information if they requested another waiver.

There were no further items on the Board's agenda, and the meeting was concluded.

2015 Action and Enforcement

The Board met on October 8, 2015, and again on December 1, 2015.

At the October 8, 2015, meeting, Wildrose Appraisal, Inc. (Wildrose), the annual study contractor for Legislative Council, presented their findings to the Board. Upon completion of the 2015 review, it was determined all sixty-four counties were in compliance.

The Board accepted the 2015 Annual Study Reports. The 2015 Annual Study Reports included: sixty-four 2015 County Final Reports, the 2015 Assessment Rate Study, the 2015 Personal Property Study Report, the 2015 Sales Verification Study Report, and the Agricultural Land Not Integral Study Report. Wildrose also submitted the following reports which were accepted by the Board: the 2015 Abstract Projection Report; and the 2015 County Board of Equalization Change Report.

The Board considered the Abstracts of Assessment (Abstracts) for all sixty-four counties. The Administrator explained that Division staff assists the Board's consideration of the Abstracts by reviewing changes made from the initial values established by the assessor as a result of the actions of the county boards of equalization. A county board of equalization (county board) change of at least five percent in any class/subclass of property is researched by Division staff. In 2015, there were three counties showing county board changes of more than five percent in the agricultural class: Morgan, Montezuma and Dolores counties.

Curt Settle, Deputy Director of the Division, reviewed the legal authority of the board relating to Abstracts of Assessment. This included section 15, article X of the Colorado Constitution and §§ 39-9-103(4)(7) and 39-9-106, C.R.S. Of particular importance is the provision in § 39-9-106(7), C.R.S., that the Board may change the valuation for assessment which was changed by a county board of equalization. He further addressed the duties of an assessor with respect to Board orders as described in §§ 39-5-127 and 39-9-107, C.R.S.

Mr. Settle then provided the Board with the ad valorem valuation methodology for agricultural lands as required by the Colorado Constitution and Colorado Revised Statutes. Kyle Hooper, a Property Tax Specialist III and agricultural valuation specialist at the Division provided an overview of the agricultural land valuation methodology as outlined in the Assessors Reference Library (ARL). He noted that assessors are legally required to follow the directives in the ARL.

The 2015 Morgan County Abstract showed county board decreases of 7.7 percent for the Flood Irrigated land class and 6.3 percent for the Sprinkler Irrigated land class. In support of these reductions, Morgan County explained that expenses associated with irrigation laterals were not fully reflected in the agricultural valuation formula originally used in Morgan County. Bob Wooldridge, Morgan County Assessor agreed with this correction.

The Division determined that the adjustment made by the Morgan county board was appropriate. The Board accepted the Morgan County Abstract of Assessment as submitted, including county board changes.

Mr. Settle then directed the Board's attention to the 2015 Montezuma County Abstract of Assessment. Changes greater than five percent were made to three subclasses of agricultural land. These are summarized below identifying subclass, percent change, and resulting final assessed value.

4127 Dry Farm Land	-65.2%	\$761,871
4117 Flood Irrigated Land	-92.0%	\$442,232
4107 Sprinkler Irrigated	-86.6%	\$552,429

The result of the county board changes was a reduction in assessed value of approximately \$10 million. Minutes of the Montezuma county board reflected that these final values were developed by limiting the value for each subclass to no more than a 22 percent increase over the prior year. The Division's conclusion was that the actions of the Montezuma county board did not comply with the Colorado legal requirements for valuation of agricultural land. The Board agreed and ordered the Montezuma county board changes to Dry Farm land, Flood Irrigated and Sprinkler Irrigated subclass values be reversed. The 2015 Montezuma County Abstract of Assessment was revised to reflect the following assessed values.

4127 Dry Farm Land	\$2,191,950
4117 Flood Irrigated Land	\$5,493,410
4107 Sprinkler Irrigated Land	\$4,135,090

Next, the Board reviewed the Dolores County Abstract of Assessment. Changes greater than five percent were made to two subclasses of agricultural land. These are summarized below identifying subclass, percent change, and resulting final assessed value.

4127 Dry Farm Land	-7.5%	\$1,451,277
4107 Sprinkler Irrigated Land	-53.3%	\$271,229

Mr. Settle testified that the Dolores county board arrived at these values by limiting the value for each subclass to no more than a 50 percent increase over the prior year. He then reported that the county board, responding to the Administrator's inquiry, indicated the action was supported by the following reasons.

1. Production used in the formula was too high.
2. Commodity prices used in the formula were too high.
3. Wildlife damage to wheat and alfalfa production was not reflected the assessor's valuation formula.
4. The listing of the Gunnison sage-grouse as a threatened species by the Endangered Species Act and has reduced the market value of land.
5. The tenant/landlord splits were incorrect.
6. The alfalfa seed expense used was too low.
7. The labor expenses for their side roll irrigations were not reflected in the formula.

Mr. Settle then presented a summary of information provided by the Dolores County Assessor, Berna Ernst, who defended the valuation methodology used.

Dolores County Commissioner Ernie Williams then spoke in support of the county board's actions. He narrowed the county board's original objections by noting that the agricultural land valuation formula used by the assessor was deficient in three areas:

1. The alfalfa seed cost was too low;
2. Water expenses did not adequately reflect operations and maintenance costs; and
3. The landlord/tenant ratio was incorrect.

He requested the Board allow the county time to research these three areas and calculate the values with the corrected information.

Joi Redshaw, Dolores County Deputy Assessor, responded, defending the assessor's work. She noted that although there is no formal Agricultural Committee in the county, the assessor's office obtained the needed information by personal interviews with numerous farmers throughout the county. According to Ms. Redshaw, only one farmer mentioned the use of a different landlord/tenant ratio. Ms. Redshaw stated that for a different ratio to be typical, at least 51% of the farmers must use that different ratio. She also indicated the alfalfa seed costs used by the assessor were those provided by the Division. Ms. Redshaw clarified for the Board that for a different seed expense to be used it must be typical in the county and the assessor did not have any information supporting that Roundup-ready seed was typical. She also stated water costs were provided to the assessor by Dolores Water and these expenses have not been questioned in previous years. It was the assessor's opinion all expenses and production information used in the agricultural valuation formula were well researched and appropriate.

Following some discussion and due deliberation, the Board directed the Division to:

1. Investigate alfalfa seed costs, water costs including operation and maintenance costs, and landlord/tenant ratios for Dry Farm land and Sprinkler Irrigated subclasses in Dolores County; and

2. Present the results of the investigation at the next State Board meeting to be scheduled in early December, 2015.

The Administrator requested and received acceptance for the remaining fifty-eight Abstracts of Assessment for 2015 for counties using the traditional appeal period. Boulder, Denver, Douglas, Hinsdale and Jefferson counties all utilized the alternate protest period. As such, the Division had not yet received the formal abstracts from these counties as of the date of the meeting. These abstracts, in addition to the 2015 Dolores Abstract of Assessment would have to be submitted by November 21, 2015.

The Board discussed petitions from certain otherwise exempt organizations requesting a waiver of the filing deadline for Annual Reports for Exempt Properties as allowed under § 39-9-109(5) and (6), C.R.S. Organizations and the general public were invited to comment. Stan Gueldenzopf, Manager of the Exemptions Section for the Division, presented the details of the organizations seeking relief.

Iglesia Pentecostal Unida Latino Americana, Inc. forfeited their exemption in 2009. Delta County put the property back on the tax roll for tax years 2011 forward. The church then filed a new application for exemption in 2014 that was granted effective January 1, 2013. This left an outstanding tax liability of approximately \$2,200 for both 2011 and 2012. Although the property went to tax sale, there were no bidders and the property was stricken off to the county. After some discussion, the Board waived the filing deadline with one condition; that the organization agreed to pay the fees incurred by the county when listing the property for tax lien sale. At Mr. Gueldenzopf's request, the Board set a filing deadline of November 23, 2015.

The next organization discussed was the Denver Indian Center Development Corporation. The Board accepted an out-of-state counsel's verified motion requesting pro hac vice admission.

According to Mr. Gueldenzopf, this property was 86 percent exempt until exemption was forfeited in 2011. The organization filed a new application in 2014 which was fully granted effective February 2, 2014. Acceptance of this petition and submission of the subsequent paperwork would allow this organization to regain the 86 percent exemption it had when the forfeiture occurred. It was noted the property taxes were paid for 2011 and 2012; and because the tax lien had not been sold at tax sale by the Denver Treasurer's office, the county had not incurred any unusual costs. Ms. Groff clarified that since the taxes for property tax years 2011 and 2012 had been paid, the organization would be entitled to an abatement, including interest, if the exemption was granted.

Mr. Ben Blair of Faegre Baker Daniels, representative for the Denver Indian Center Development Corporation, addressed the Board. He indicated the paperwork was missed due to some personnel issues. He agreed on behalf of his client to forego any entitlement to interest on the taxes paid if they were granted the waiver. The Board granted the waiver of the filing deadline for 2011, 2012, 2013 and part of 2014, and required the delinquent annual reports be submitted by November 23, 2015.

Mr. Gueldenzopf presented information regarding the request for waiver of the filing deadline Family Star, Inc. Although the exemption for this organization was forfeited in 2001, the county did not put it back on the tax roll until 2010. A new application for exemption was filed in 2013. Upon review, the application was granted effective January 1, 2012, leaving outstanding taxes for both 2010 and 2011. The property was sold in 2013. Fortunately, the county did not incur any additional fees as they had not yet sold the tax liens.

The Finance Director for Family Star, Inc., Zeno DeGuzman assured the Board the annual reports would be timely filed. The Board granted the waiver of the filing deadline.

Mr. Gueldenzopf presented information for the Southern Ute Community Action Programs. He explained this was the second time in recent years they failed to file an annual report. Although a new application for exemption was filed and granted for this property in 2013, the annual report for 2014 was not filed as of the date of the meeting. The Board granted a waiver of deadline to file, with the requirement that the annual report be received by November 23, 2015.

Finally, Mr. Gueldenzopf submitted a list of the remaining exempt organizations requesting a waiver of the filing deadline. He indicated the Division found nothing unusual and had no objection to any of the waiver requests. The Board accepted all remaining requests for waiver of filing deadlines, with the requirement that all outstanding filings take place by November 23, 2015.

The December 1, 2015 meeting was held to review and take action on the investigation conducted by the Division on the questions raised regarding the Dolores County Board of Equalization changes.

Curt Settle, Deputy Director, Division of Property Taxation and Kyle Hooper, Property Tax Specialist III and agricultural expert for the Division were introduced to present the results of the Division's investigation to the Board.

Mr. Settle summarized the discussion regarding Dolores County that had taken place at the Board's October 8, 2015 meeting. He then reviewed the Board's order relating to Dolores County and gave a brief overview of the Division's work to comply with this order. The Division's investigation included travel to Dolores County the week of November 2, 2015. Mr. Hooper conducted the investigation, meeting with the following:

- Dolores County Commissioner and staff
- Dolores County Assessor and staff
- CSU Extension Office
- The Farm Service Agency
- General Manager of the Dolores Water Conservancy District
- Other members of the agricultural community in Dolores county

In addition, Mr. Hooper had telephone conversations with several local agricultural participants in Dolores County. It was Mr. Hooper's research and investigation that formed the basis for the Division's conclusions relating to the Dolores county board's issues.

Mr. Settle indicated that it was the Division's conclusion that use of conventional alfalfa seed is predominant in Dolores County rather than the more costly Roundup-ready seed. As such, the assessor's seed expense was correct.

Next, Mr. Settle explained that the valuation of agricultural land is based on the landlord's interest. The valuation formula takes the net income the landlord receives and capitalizes it into an indication of value.

The Division researches the landlord/tenant relationship statewide for each of the five base crops and provides that information to assessors to use when valuing agricultural land. Dolores County used the ratios provided by the Division.

The Assessor used a landlord share of 1/3. The county board argued that a 1/4 landlord share was predominant. Mr. Hooper's research indicated that a 1/3 landlord share was predominant for the Dry Farm land base crop of wheat and that the Assessor's landlord/tenant ratio for Dry Farm land valuation was correct.

Mr. Settle then addressed the water cost issue. Water costs are determined locally.

The Dolores County Water Conservancy District provides all irrigation water to Dolores County. The county board argued that operation and maintenance costs were not included in the water cost used in the valuation formula. Mr. Hooper interviewed the Dolores County Water Conservancy District Manager on this issue. He indicated these costs were included. Based on that information, it was the Division's opinion that the Assessor's formula was correct regarding the inclusion of operation and maintenance expenses.

The order also asked the Division to look at water costs from a general perspective. The Dolores County Assessor's methodology took the total water delivered to Dolores County and divided it by

the number of irrigated acres to get the water use per acre. That amount was then multiplied by the cost of the water resulting in the cost of water per acre.

The Division proposed a different method that would simplify the calculation and reduce the number of variables. This new method would simply take the total water district income derived from Dolores County and divide that by the total number of acres that could be irrigated. It is the Division's position this method provides a more accurate indication of the cost of water per acre. Using the new methodology the water cost in Dolores County for 2013 increases from \$21.55 per acre to \$43.34 per acre.

When the revised water cost for 2013 was used in the 10-year average the resulting average cost increased from \$65.62 per acre to \$67.80 per acre. The impact from that change was a decrease in Sprinkler Irrigated land value between 3.5% to 5% depending upon productivity.

During this investigation the Division discovered the Assessor had reported an incorrect Original Value in August 2015 Abstract. The value reported was net of the county board changes, but should have been before these changes. As a result, the county board changes were deducted twice on the Dolores County 2015 Abstract submitted to the Division in August. The error was corrected upon discovery.

Mr. Settle referred the Board to the corrected 2015 Abstract for Assessment for Dolores County. Additionally, he clarified the error was only in the report sent to the Division. The Notices of Valuation that went out to the taxpayers were correct. It was only the summation of the values on the Abstract that was incorrect.

In summary, based on the corrected August 2015 Abstract of Assessment for Dolores County the Division found no error with the Assessor's value for Dry Farm land. The Board reversed the county board changes to Dry Farm land, abstract code 4127, and accepted the Assessor's corrected original assessed value of \$1,688,736.

The Division found the water cost in the valuation formula for Sprinkler Irrigated land, was understated. The Board rejected the county board changes to Sprinkler Irrigated land, abstract code 4107, and amended the Dolores County Assessor's corrected original value to an assessed value of \$857,348.

The Board also accepted the remaining 2015 Abstracts of Assessment for Boulder, Denver, Douglas, Hinsdale and Jefferson counties.

DIVISION OF PROPERTY TAXATION

Under the general laws of Colorado, the Property Tax Administrator directs the Division of Property Taxation. The Administrator is appointed by a majority vote of the State Board of Equalization to serve a five-year term, and until a successor is appointed and qualified.

A primary responsibility of the Division is to administer the implementation of property tax laws throughout Colorado's sixty-four counties so that valuations are fair, uniform, and defensible, thereby ensuring that each property class contributes only its fair share of the total property tax revenue. In other words, the Division's goal is equalization of valuation and proper distribution of property taxes throughout the state.

The Division is comprised of four sections: Assessment Resources, Appraisal Standards, Exempt Properties, and State Assessed Properties.

Assessment Resources

The Assessment Resources section prepares and publishes administrative manuals, procedures, and instructions. It conducts a number of classes and seminars regarding the administrative functions of the assessors' offices, including one tested course: Introduction to Assessment. Although this class offers continuing appraisal education credit, it is highly recommended as a prerequisite for all qualifying appraisal education courses. This section performs field studies and provides statewide assistance with issues such as tax increment financing, the administration and valuation of manufactured homes, senior and disabled veteran exemptions, classification of property, title conveyance, mapping, production of the abstract of assessment, certification of values to taxing entities, and the tax warrant. The section assists with investigation of taxpayer complaints.

The section is responsible for various studies and reports such as fiscal impacts for Legislative Council, the Residential Assessment Rate Study, the Colorado Assessed Values Manual, and the Property Tax Administrator's ***Annual Report to the Governor and General Assembly***. The section also annually conducts a customer satisfaction survey for the Division's customers. It works closely with assessors and other agencies in all areas of property taxation. Assessment Resources is responsible for recommending to the property tax administrator approval or disapproval of all petitions for refund or abatement of taxes in excess of \$10,000.

Appraisal Standards

The Appraisal Standards section prepares and publishes appraisal manuals, procedures, and instructions. It holds classes and seminars regarding all areas of appraisal. It conducts field studies and provides statewide assistance in agricultural land classification and valuation, natural resources and personal property valuation, as well as assistance in the valuation of vacant land, possessory interest, residential, commercial, and industrial properties. The section assists in reappraisal efforts, reviews internal appraisal forms used by assessors, and investigates and responds to taxpayer complaints.

The section conducts four tested qualifying education courses to enable assessment appraisers to obtain an Ad Valorem Appraisal License. These courses are: Introduction to Ad Valorem Mass Appraisal, Basic Appraisal Principles, Basic Appraisal Procedures, and Uniform Standards of Professional Appraisal Practice (USPAP). This section currently offers additional tested courses including: Vacant Land Present Worth, Advanced Income, and Agricultural Land and Rural Structures. The section also offers several non-tested courses including a continually expanding list of online distance education.

Exempt Properties

The Exemptions section, under the authority of the Property Tax Administrator, is responsible for determining qualification for exemption from property taxation for properties that are owned and used for religious, charitable and private school purposes. This section reviews reports filed annually by exempt property owners to determine if the property's exempt status is still warranted. The section provides assistance to counties and taxpayers with inquiries about exempt properties, helps

taxpayers with petitions to the State Board of Equalization, conducts hearings on exemption applications and revocations of exemptions, and defends appeals of its final decisions.

State Assessed Properties

The State Assessed section is the only area of the Division that performs original valuation of property on an annual basis. The section values all public utilities doing business in Colorado as defined by statute, including: rail transportation companies, airlines, non-renewable and renewable energy companies, telephone companies, and pipelines. The company valuations are allocated to Colorado then apportioned to the counties for collection of local property tax. Both county commissioners and public utilities may protest the value assigned to state assessed property, and may appeal to the Board of Assessment Appeals (BAA) or Denver District Court if the protest is not resolved at the Division level.

2019 VALUE INFORMATION

Taxable real property classified as residential, commercial, industrial, agricultural, and vacant land, is subject to revaluation by county assessors every odd-numbered year. Taxable property not subject to the biennial reassessment cycle is valued every year. This includes all property classified as state assessed; land and leaseholds classified as oil and gas, natural resources, and producing mines; all subclasses of personal property; and possessory interests.

For 2019, Colorado assessed values increased \$19.7 billion, representing a seventeen percent increase from the prior year. The statewide increase was primarily attributable to the large increases in oil and gas, commercial, and residential classes of property. The total valuation for assessment for 2019 was \$135,571,998,628.

TABLE 2 displays the percent change to the total value of each property class from 2018 to 2019 as well as the percentage that class makes up of the total valuation for assessment in 2019.

TABLE 2

VALUE CHANGES BY PROPERTY CLASS FOR TAX YEARS 2018-2019		
Class	2018-2019 Change	Class as % of Total
Vacant Land	13.4%	3.4%
Residential	17.3%	46.1%
Commercial	16.0%	29.6%
Industrial	16.1%	3.7%
Agricultural	-0.1%	1.0%
Natural Resources	1.3%	0.2%
Producing Mines	4.7%	0.4%
Oil and Gas	35.8%	10.2%
State Assessed	0.0%	5.4%
Net Total:	17.0%	100.0%

Residential, Commercial, Industrial, and Vacant Land

The Colorado Constitution and statutes specify that real property classified as commercial, industrial, and vacant land is valued by county assessors through consideration of the market, cost, and income approaches to value. Residential property is valued solely by the market approach. For these classes

of property, the valuation reflects changes that occurred between the assessment cycle appraisal dates: June 30, 2016, and June 30, 2018.

In 2019, Colorado showed a decrease in assessed value in only one class of property: agricultural land (-0.1 percent). The remaining classes of property showed increases in 2019 with the largest percentage increases in the oil and gas, residential, industrial and commercial classes of property. The total assessed valuation of the residential class increased 17.3 percent in 2019. According to the S&P/Case Schiller Home Price Indices, home prices continued their rise across the country over the last 12 months. Denver, specifically, experienced an approximate 3.7 percent year over year increase in 2019. However, the end of the data gathering period for 2019-2020 reassessment values was June 30, 2018, meaning the last 6 months of local data is not available for inclusion in the analysis, § 39-1-104(10.2), C.R.S.

The commercial class also experienced an increase in assessed value of 16.1 percent. The total values of the commercial and industrial classes are stabilized somewhat by the presence of personal property. For 2019, personal property accounts for 11.35 percent of the total value of the commercial class and 47.47 percent of the total value of the industrial class. The assessor revalues personal property every year, and the values are less subject to dramatic changes than are the values of real property.

TABLE 3 provides a county-by-county comparison of values for the residential, commercial, and vacant land classes between 2018 and 2019.

TABLE 3

RESIDENTIAL, COMMERCIAL, AND VACANT LAND PROPERTY CLASSES VALUE CHANGES BY COUNTY FOR TAX YEARS 2018 - 2019

Oil and Gas

The taxable value of real property associated with oil and gas wells is calculated as a percentage of the revenue obtained for the product at the wellhead during the prior year. This makes oil and gas among the most volatile of property classes because the market prices of natural gas and crude oil can change considerably from year to year.

Colorado experienced an increase of 35.8 percent in the total assessed value of the oil and gas class in 2019. Among the classes of taxable property, oil and gas contains the third highest total assessed value for 2019, following the residential and commercial property classes. The 2019 total assessed value for the oil and gas class was \$13,802,427,777, which is 10.18 percent of the state's total taxable value.

TABLE 4 shows a recent history of assessed values for the oil and gas class.

TABLE 4

HISTORICAL VALUE OF OIL AND GAS CLASS			
Year	Value (Billions)	% Change from Prior Year	Class as % of Total
2007	\$7.2	-1.4%	8.5%
2008	\$7.7	6.3%	8.8%
2009	\$11.9	54.5%	12.1%
2010	\$6.3	-47.3%	6.7%
2011	\$8.6	37.2%	9.8%
2012	\$9.7	13.6%	10.9%
2013	\$8.8	-9.9%	9.9%
2014	\$11.1	26.5%	12.1%
2015	\$13.3	20.1%	12.7%
2016	\$8.2	-38.2%	8.1%
2017	\$7.5	-8.9%	6.7%
2018	\$10.2	35.3%	8.8%
2019	\$13.8	35.8%	10.2%

TABLE 5 shows the counties ranked in order from highest to lowest in terms of total value in the oil and gas class of property. The table also gives information about the value changes in this property class by county from 2018 to 2019.

TABLE 5

Other Production Classes

As with oil and gas, most of the value of real property classified as natural resources and producing mines is calculated as a percentage of the income obtained from selling the product. The natural resources class includes properties that produce coal, sand, and gravel. It also includes non-producing patented mining claims and severed mineral interests. All counties, except the City and County of Denver, have natural resource property, but the class comprises only 0.22 percent of the state's total assessed value.

Although similar in total value, the great majority of the producing mines value is associated with only two mines: The Henderson and Climax mines, both located in three counties. According to the

USGS, molybdenum ore was produced as a primary product at only two mines; both of which are located in Colorado. They include the Henderson and Climax mines. Both mines produce high-purity, chemical-grade molybdenum concentrates.

The Climax mine is an open-pit mine and is located approximately 13 miles northeast of Leadville. It is a porphyry molybdenum deposit with molybdenite as the primary sulfide mineral. According to an article published in the Summit Daily, Climax began production in 1918. The mine initially ceased operations after WWI due to a reduction in demand. Throughout the years, mining operations have been intermittent. Most recently, the mine was restarted in May of 2012 after an eleven-year period of low production, care, and maintenance of the site.

The Henderson mine is an underground mine located in Clear Creek County on the east side of the Continental Divide. The mill site is located on the west side of the Continental Divide 15 miles from the mine in Grand County. It is the world's largest primary producer of molybdenum.

The mine has been in operation since 1976. It consists of a large block-cave underground mining complex that feeds a 32,000 metric ton-per-day concentrator that is located approximately 42 miles west of Denver. The mine and the mill are connected by the world's longest conveyor of its kind; a fifteen-mile elevated belt that passes underneath the Continental Divide carries the ore through an old train tunnel and then above ground to the ore processing mill near Parshall, where it is then treated and shipped to another plant for further processing. The Henderson molybdenum production totaled approximately 11.2 million tons in 2019, up approximately 2.1 million tons from the 2018 total of 9.1 million tons.

The third county with a substantial value in the natural resources class is Teller County. According to preliminary data obtained by the U.S. Geological Survey's National Minerals Information Center, starting in 2015 Colorado has ranked 3rd in U.S. gold production behind Nevada and Alaska. The gold production coming from the Cresson Mine moved Colorado ahead of Utah in recent years in the ranking for production.. This mine is Teller County's primary mine and is located between the towns of Victor and Cripple Creek. For 2019, the USGS reported an 11% decrease in domestic gold mine production, which was attributed to decreases in production from mines in Nevada and Alaska.

The value of mining operations in Colorado is sensitive to changes in commodity prices, owners' business choices, and decisions rendered on property tax appeals. According to the United States Geological Survey, domestic gold mine production in 2019 was estimated to be about 200 tons. The average price of gold increased by around ten percent for 2019 to \$1,396 per troy ounce, up from \$1,272 per troy ounce listed the prior year.

Agricultural Property

The value established for agricultural land is based on a 10-year average of the earning or productive capacity of the land regardless of the property's market value or its highest and best use. As a result, the actual values of agricultural property are often much lower than their market values, and they tend to be relatively stable from year to year. The agricultural property class decreased approximately 0.1 percent in 2019.

State Assessed Property

Unlike most other classes, property classified as state assessed, is valued annually by the Division using unitary valuation procedures. The state assessed property class is comprised of real and personal property that is owned or leased by public utilities as defined by article 4 of title 39 of the Colorado Revised Statutes. By far the largest portion of this value is attributable to personal property. The State Assessed Section of the Division values each company and allocates a portion of the value to Colorado. That value is then apportioned to the appropriate counties based on the location of the company's operating property or business activity. The county assessor then distributes the value to the appropriate tax areas throughout the county.

Information reported in the county abstracts of assessment for this class of property indicated an decrease in assessed value of approximately \$0.8 million, or about 0.01 percent. Overall, this class makes up 5.38 percent of the total assessed value of the state.

Personal Property in 2019

In 2019, personal property accounted for 11.95 percent of Colorado's property tax base, but that percentage varied substantially from county to county. Approximately 40.75 percent of personal property is classified as state assessed while the remainder is valued at the local level. In 2019, 90.52 percent of the state assessed property value was for personal property. All taxable personal property is assessed at 29 percent of its actual value.

Under the Colorado Constitution and statutes, certain categories of business personal property are exempt from taxation, including equipment used for agricultural purposes, inventory, and supplies held for consumption.

Prior to January 1, 2009, business personal property under common ownership with a total actual value of no more than \$2,500 per county was also exempt. With subsequent legislation, the amount of actual value subject to the exemption increased according to the following schedule:

- Four thousand dollars (\$4,000) or less for property tax years 2009 and 2010.
- Five thousand five-hundred (\$5,500) or less for property tax years 2011 and 2012.
- Seven thousand dollars (\$7,000) or less for property tax years 2013 and 2014.
- Seven thousand three hundred dollars (\$7,300) or less for property tax years 2015 and 2016.
- Seven thousand four hundred dollars (\$7,400) or less for property tax years 2017 and 2018.
- Seven thousand seven hundred dollars (\$7,700) or less for property tax years 2019 and 2020.
- Subsequent adjustments will occur biennially to account for inflation since the amount of the exemption last changed.

Section 39-3-119.5, C.R.S., directs the Property Tax Administrator to calculate the amount of the exemption for the next two-year cycle and in every even-numbered year thereafter.

In addition, a provision in the Colorado Constitution allows any taxing entity to "enact cumulative uniform exemptions and credits to reduce or end business personal property taxes," § 20(8)(b), art. X, COLO. CONST.

TABLE 6 lists the state assessed, locally assessed, and total taxable personal and real property by county.

RESIDENTIAL ASSESSMENT RATE

In 1982, the electorate passed sweeping changes to the portion of the Colorado Constitution that governs the property tax system. One of these changes was the enactment of a provision known as the “Gallagher Amendment,” found in § 3(1)(b), art. X, COLO. CONST.

The purpose of the Gallagher Amendment was to stabilize residential real property’s share of the statewide property tax base. From 1958 to 1982, the percentage of total assessed value consisting of residential property increased from 29 to 44 percent. This occurred primarily because market value increases to residential property greatly outpaced market value increases to non-residential property.

To counter this trend, the Gallagher Amendment requires a review and potential adjustment of the residential assessment rate each time there is a year of general reassessment. This adjustment is meant to ensure that the ratio of the state’s total assessed value attributable to residential property maintains a certain relationship with the assessed value of all other property. The current residential assessment rate for property tax years 2019 and 2020 is 7.15 percent of actual value. In contrast, the assessment rate for most classes of non-residential property is fixed at 29 percent. A history of changes to the residential assessment rate is shown in **TABLE 7**.

TABLE 7

RESIDENTIAL ASSESSMENT RATE ENACTED INTO LAW	
Tax Year(s)	Rate
Prior to 1983	30%
1983-1986	21%
1987	18%
1988	16%
1989 - 1990	15%
1991 - 1992	14.34%
1993 - 1994	12.86%
1995 - 1996	10.36%
1997 - 2000	9.74%
2001 - 2002	9.15%
2003 - 2016	7.96%
2017 - 2018	7.20%
2019 - 2020	7.15%

During years of general reassessment (odd-numbered years), § 39-1-104.2(5)(c), C.R.S., requires the Property Tax Administrator to complete a documented study, which has historically been used by the General Assembly to enact a new residential assessment rate into law. The 2019-2020 preliminary and final reports are accessible on the Division’s website at <https://cdola.colorado.gov/residential-assessment-rate>.

The studies conducted in 1999, 2005, 2007, 2009, 2011, 2013 and 2015 resulted in a determination that the residential assessment rate should be adjusted above the rate that had been enacted for the previous two-year cycle. However, § 20(4)(a), art. X, COLO. CONST. (TABOR) prohibits the General Assembly from increasing an assessment rate without statewide voter approval. For these years, the General Assembly chose to reenact the rate that was effective during the prior two years.

Assessment Rate and Tax Burden

TABLE 8 calculates the tax burden shift away from residential property owners since the inception of the Gallagher Amendment. It does so by comparing the total taxes paid by residential property owners to an estimate of the taxes they would have paid had the Gallagher Amendment not been enacted. Based on this metric, the total estimated tax burden shift away from residential property owners since its inception is \$35,284,864,568. The table begins with 1987, because the residential assessment rate remained at 21 percent until 1987. The columns in **TABLE 8** contain the following information:

- Tax year beginning 1987 through 2019
- Hypothetical residential assessment rate of 21 percent
- Enacted residential assessment rate for each tax year
- Tax burden shift away from residential taxpayers

TABLE 8

PROPERTY TAX BURDEN SHIFT DUE TO GALLAGHER AMENDMENT			
Tax Year	Res. Rate w/o Gallagher	Actual Res. Rate	Shift Away from Res. Taxpayers

2016	21%	7.96%	\$1,871,123,689
2017	21%	7.20%	\$2,255,364,525
2018	21%	7.20%	\$2,429,137,556
2019	21%	7.15%	\$2,801,100,071
Total:			\$35,284,864,568

TABLE 9 illustrates the Gallagher Amendment’s effect on the statewide valuation of residential property since 1983. The percentage of actual value attributable to residential property has increased dramatically since the Gallagher Amendment’s inception, starting at 53.20 percent in 1983 and increasing to 79.54 percent in 2019. At the same time, the adjustment of the residential assessment rate caused the percentage of total assessed value consisting of residential property to remain relatively stable.

TABLE 9

PROTESTS, APPEALS, AND ABATEMENTS

Protests and Appeals

Colorado statutes mandate a process that allows taxpayers the opportunity to challenge the actual value established for their property. The process begins with the taxpayer's protest to the assessor. Upon receiving a protest, the assessor reviews the issues raised, and either adjusts or maintains the actual value for the property. Taxpayers who disagree with the assessor's decision can appeal to the county board of equalization. Taxpayers who disagree with the county board's decision have three choices for further appeal. They can appeal to the State Board of Assessment Appeals, district court, or binding arbitration. Decisions of the BAA and district court can be appealed to the Colorado Court of Appeals and ultimately to the Colorado Supreme Court. Decisions of an arbitrator are final.

Taxpayers can protest and appeal in either year of the reassessment cycle; the first year or odd-numbered year or the intervening year or even-numbered year. However, the number of protests and appeals are typically higher during the first year of the reassessment cycle.

The number of protests and appeals vary greatly from county to county. In 2019, Larimer County received the greatest number of protests to the assessor with 24,196 while Kiowa County received just one. For many counties, the protest process places a significant strain on the resources of the assessor's office.

NOTE: Protest and appeal information is only collected in years of revaluation.

TABLE 10 lists the protests and county board of equalization appeals for each county during the first year of the last three reassessment cycles, organized according to the county officer pay categories established in § 30-2-102, C.R.S. For the purpose of this table, the Cities and Counties of Denver and Broomfield are placed in category one.

TABLE 11 provides a statewide statistical summary of protests and appeals.

Abatements

An abatement of tax is a cancellation or reduction of tax owed by the taxpayer. Abatements may be granted after the tax roll has been printed for an "erroneous valuation for assessment, irregularity in levying, clerical error, or overvaluation," § 39-10-114(1)(a)(I)(A), C.R.S. Abatement petitions may be approved only if they are filed within two years after January 1 of the year following the year in which the taxes were levied. Because abatement petitions are filed on taxes already levied, the abated or refunded taxes constitute lost revenue to the affected local governments. However, § 39-10-114(1)(a)(I)(B), C.R.S., and case law, allow local governments to recover abated taxes through an increase in mill levies.

TABLE 12 displays the taxes abated during 2017, 2018, and 2019.

*Information reported by county treasurers for years 2017, 2018, and 2019.

SENIOR CITIZEN AND DISABLED VETERAN EXEMPTIONS

In 2000, voters enacted section 3.5, article X of the Colorado Constitution, creating a property tax exemption for qualifying senior citizens and their surviving spouses. Voters expanded the program in 2006 to include qualifying disabled veterans. Effective 2015, legislation expanded the disabled veteran exemption to include the surviving spouse of a prequalified disabled veteran. For both groups, the exemptions as enacted reduce the first \$200,000 of taxable actual value of a residential property by 50 percent, up to a maximum reduction of \$100,000. The reduction in property tax revenue to local governments is reimbursed by the state treasurer.

The Colorado Constitution grants the Colorado General Assembly the authority to increase or decrease the amount of the senior citizen and disabled veteran exemptions. For tax years 2003, 2004, 2005, 2009, 2010, and 2011, the General Assembly enacted legislation to reduce the amount of the senior citizen exemption to 50 percent of \$0, effectively suspending the senior citizen exemption benefit. The disabled veteran exemptions benefit was not suspended for property tax years 2009, 2010, or 2011.

To qualify for the senior citizen exemption, a senior must be at least 65 years old on January 1 of the year in which he or she applies, must have owned, and occupied the property for at least 10 consecutive years as his or her primary residence. To qualify for the disabled veteran exemption, a veteran must have sustained a service-connected disability that has been rated by the U.S. Department of Veterans Affairs as 100 percent permanent disability through disability retirement benefits pursuant to a law or regulation administered by the Department, the U.S. Department of Homeland Security, or the Department of the Army, Navy, or Air Force. The veteran must have also owned and occupied the property since January 1 of the year the application is filed.

Applications for the senior citizen exemption are filed with the county assessor no later than July 15, and applications for the disabled veteran exemption are filed with the Colorado Division of Veterans Affairs, Department of Military, and Veterans Affairs (DMVA), no later than July 1. If approved by the DMVA, the veteran's application is forwarded to the county assessor for further processing and approval. The application for the surviving spouse of the prequalified disabled veteran is filed with the county assessor where the previously qualified property is located, no later than July 1. Once approved, the senior citizen or disabled veteran, or surviving spouse of the previously qualified disabled veteran exemption remains in effect from year to year until a change in ownership or occupancy triggers its removal. Each year, the treasurer and the assessor are required to mail a notice to all residential property owners explaining the exemption programs.

No later than September 10, the assessor is required to send the Division of Property Taxation an electronic list of the exemptions granted, including the names and social security numbers of each person occupying the property. The Division uses the data to identify individuals who were granted an exemption on more than one property in the state, and denies the exemptions on each property. In 2019, the Division denied exemptions on 38 of these properties and an additional 62 were denied for applicants who no longer resided at the property. In 2019, 255,633 properties were approved for the senior citizen exemption, and 6,767 properties received the disabled veteran exemption. Since 2016, the Division has cross-referenced the applicants for an exemption with the state's vital statistics registrar to determine if individuals who applied were deceased. In 2019, the Division revoked 8,082 exemptions after determining the applicant passed away in a previous year.

The senior citizen and disabled veteran exemption programs do not result in a loss of revenue to local governments. Instead, the state reimburses the local governments for the tax revenue exempted. No later than April 1, county treasurers send the state treasurer an itemized list of the exemptions granted and taxes exempted. No later than April 15, the state treasurer reimburses the local governments for the lost revenue. In April of 2020, the state treasurer reimbursed local governments \$148,036,580.74 for senior citizen property tax exemptions granted and \$4,084,298.43 for disabled veteran exemptions granted for tax year 2019.

TABLE 13 shows the total number of exemptions granted for both programs as well as the amount of tax reimbursed by the state treasurer since 2009.

TABLE 13

TOTAL NUMBERS OF EXEMPTIONS GRANTED AND TAXES EXEMPTED FOR SENIOR CITIZENS AND DISABLED VETERANS

POSSESSORY INTERESTS

In 2001, the Colorado Supreme Court ruled that certain possessory interests are subject to ad valorem taxation in Colorado. A possessory interest is defined as a private property interest in government-owned property, or the right to the occupancy and use of any benefit in government-owned property that has been granted under lease, permit, license, concession, contract, or other agreement. The use of the property must be in connection with a business conducted for profit.

Taxable possessory interests may include but are not limited to the following:

- Private concessionaires utilizing government owned land, improvements, or personal property unless operating pursuant to a management contract
- Government land and improvements used in the operation of a farm or ranch
- Government land, improvements, and/or personal property used in the operation of ski or recreational areas
- Land underlying privately owned cabins or other residential property located on government land that is rented commercially
- Recreational use of lakes, reservoirs, and rivers in a revenue-generating capacity
- Land, improvements, and personal property at a tax-exempt airport
- Other government property leased to private parties. However, the property may be otherwise exempt pursuant to Colorado Revised Statutes

- SB 18-255 Gallagher Amendment – Residential Assessment Rate

HOUSE BILL SUMMARIES

HB 19-1003

Community Solar Gardens Modernization Act

This bill amends § 40-2-127(2)(b)(I)(A), C.R.S. and adds (2)(b)(I)(D) which increases the allowable nameplate capacity of a community solar garden from two megawatts or less to five megawatts or less of AC electrical generation capacity. Additionally, on or after July 1, 2023, the bill allows the Public Utilities Commission to adopt rules permitting the creation of new community solar gardens with a nameplate rating of up to ten megawatts. Any new community solar gardens with a nameplate rating greater than two megawatts would be considered a renewable energy facility and valued as a state assessed public utility under § 39-4-102, C.R.S.. The definition of a community solar garden subscriber was also amended to remove the requirement that the subscriber be in the same or an adjacent county to the community solar garden. Instead, a subscriber must be within the same service territory of the qualifying retail utility.

Signed by Governor Jared Polis: May 30, 2019
Effective Date: August 2, 2019
Section 4, October 1, 2019

HB 19-1052

Early Childhood Development Special District

Important take away to this bill is that the BOCC shall not accept or act upon the request of a person owning property in the special district to be excluded from the district when it deals with health service, health assurance, or early childhood development service.

The bill authorizes the creation of early childhood development service districts (districts) to provide services for children from birth through 8 years of age. Early childhood development services are defined to include early care and educational, health, mental health, and developmental services, including prevention and intervention. Districts are authorized to seek voter approval to levy property

taxes and sales and use taxes in the district to generate revenues to provide early childhood development services.

Under the bill, all eligible electors in the proposed district, rather than only property owners are able to vote on the organization of the district and related ballot issues. The service plan for a proposed district is not required to be submitted to the planning commission, and instead is submitted directly to the board of county commissioners (board) for such counties. In addition, the bill directs that the board shall not accept or act upon the request of a person owning property in the proposed service area to have his or her property excluded from the special district.

Signed by Governor Jared Polis: April 3, 2019
Effective Date: August 2, 2019

HB 19-1084
Notice of Blight Study Determination to Private Property Owners

Section 31-25-107(1)(b), C.R.S., requires a determination of blight before an area is approved for an urban renewal plan. Within 30 days of commissioning a blight study, the municipality must notify property owners within the proposed plan that their property is subject to such a study. Prior to this bill, within 30 days of making a determination of blight, the Authority only had to notify property owners if that determination was that a property is NOT blighted. This bill requires that the Authority has 7 days to notify property owners whether the determination was that a property IS or IS NOT blighted.

Signed by Governor Jared Polis: March 21, 2019
Effective Date: September 1, 2019

HB 19-1085
Grants for property Tax Rent and Heat

This bill expands a Department of Revenue grant program, authorized by § 39-31-101, C.R.S., for low-income senior citizens or individuals with a disability. The grant offers assistance for property taxes, rent payments, and heating or fuel expenses. The bill increases the maximum grant allowance for 2019 to \$850 for tax and rent assistance and \$250 for heat assistance. The bill also adjusts the maximum eligible income amounts to \$17,500 for an individual and \$23,500 for spouses.

For further details about the program, please contact the Colorado Department of Revenue at (303) 205-8411.

Signed by Governor Jared Polis: May 20, 2019
Effective Date: August 2, 2019

HB 19-1098
Deeds to Convey Real Property

This bill clarifies that certain deed language that refers to warranty of title automatically refers to and includes certain specific warranties. The bill also modifies the existing statutory provision for forms of deeds by specifying and providing a format for the four primary statutory deed types (warranty, special warranty, bargain & sale, and quitclaim). The bill also authorizes licensed title agents to prepare deeds. The bill also specifies a number of items that are automatically considered exceptions to the warranty if the deed includes the wording “subject to statutory exceptions” in the transfer section. The bill includes a provision that any other exceptions may apply only if the deed preparer was authorized by both the grantor and grantee, in writing, to include the exceptions.

Signed by Governor Jared Polis: March 7, 2019
Effective Date: Immediately

HB 19-1175
Property Tax Valuation Appeal Process

For counties that have elected to use the alternate protest and appeal procedures, section 1 of the bill requires:

A taxpayer who owns rent-producing commercial real property to provide the assessor with property rental information (rental information) on or before July 15 of the year of the appeal; and

The county assessor to mail the notice of determination regarding the appeal by August 15 of the year of the appeal instead of the last working day in August.

For all counties, section 2 modifies:

The rental information that a petitioner appealing the valuation of rent-producing commercial property or the denial of an abatement must provide to a county; and the information related to a county's determination of the value that a county is required to provide to a petitioner who has filed an appeal with the board of assessment appeals.

A petitioner who provides rental information to an assessor as part of an alternate protest and appeal is not required to provide the same information in an appeal of the valuation.

Signed by Governor Jared Polis: March 21, 2019
Effective Date: Immediately

HB 19-1191
Allow Farm Stands On Any Size Principal Use

This bill defines a “farm stand” under § 29-31-103, C.R.S., and allows the ability of a “farm stand” to be operated on a parcel of land regardless of the size or whether the parcel is zoned or classified as agricultural.

Signed by Governor Jared Polis: April 12, 2019
Effective Date: July 1, 2019

HB 19-1197
Protect Social Workers' Personal Information on Internet

This bill amends and adds new provisions to § 18-9-313, C.R.S, a 2016 act that protects the personal information of law enforcement officials. The bill extends privacy protections to “caseworkers,” who are defined as a “state or county employee, including a county attorney, who is engaged in investigating or taking legal action regarding allegations of child abuse or neglect.” The bill makes it unlawful to “knowingly” provide the personal information of a caseworker or their family on the internet if publicizing the information poses a threat to their safety. Violation of the provision is a class 1 misdemeanor. The bill also provides a mechanism with which a caseworker may request the removal of their personal information from state and local government websites if the information’s availability endangers the caseworker or their family.

Signed by Governor Jared Polis: April 11, 2019
Effective Date: Immediately

HB 19-1238
Clarification of Manufactured Housing Standards

The bill adds to § 24-32-3311, C.R.S., referencing the Division of Housing (DOH), that factory built structures manufactured in Colorado and transported and installed in another state are not required to install the insignia of approval that is issued by the DOH.

Signed by Governor Jared Polis: April 25, 2019
Effective Date: August 2, 2019

HB 19-1272
Housing Authority Voluntary Participation in the Colorado New Energy Improvement District Program

In 2010 Article 20, Title 32 created the Colorado New Energy Improvement District. This legislation fosters a voluntary program whereby owners can upgrade their property with clean energy improvements financed by the District. The District is reimbursed by encumbering the property with a lien in the form of a special assessment attached to the tax bill. Counties, by resolution, must opt in to the District in order for property in that county to be eligible to participate.

This bill reconciles conflicts in the statutes pertaining specifically to housing authorities that are exempt from property taxation and special assessments (§§ 29-1-204.5, 29-4-226, 227, and 507, C.R.S.) that otherwise would preclude a housing authority from participating in and benefiting from the District's program.

Signed by Governor Jared Polis: May 30, 2019
Effective Date: August 2, 2019

HB 19-1274
Board of County Commissioners Delegation Subdivision Platting

This bill adds a new section of statute that authorizes county commissioners to delegate approval or denial of subdivision plats to one or more county administrative officials, insofar as the evidence required by § 30-28-133(6), C.R.S. has been confirmed by either the BOCC or their designated officials. The bill limits any such delegation to not include the approval of any agreement involving public funds or the waiver or restriction of any appeal process by county resolution, ordinance, or regulation. The delegation must include procedures for public notice and the submission of written comments prior to the administrative decision regarding plats and for an appeal to the BOCC of such administrative decisions.

Signed by Governor Jared Polis: May 31, 2019
Effective Date: August 2, 2019

HB 19-1295
County Treasurers to Serve as Public Trustees

This bill eliminates the appointment by the governor of a public trustee in the ten largest Colorado counties: Adams, Arapahoe, Boulder, Douglas, El Paso, Jefferson, Larimer, Mesa, Pueblo, and Weld. The bill specifies that all such appointments end on June 30, 2020, and moves the public trustee function to the county treasurer in these counties effective July 1, 2020. The bill provides for an additional salary for the treasurer who assumes these duties, and requires each treasurer of an affected county to create a written transition plan for assuming the new duties.

Signed by Governor Jared Polis: May 29, 2019
Effective Date: August 2, 2019

HB 19-1309

Mobile Home Park Act Oversight

The board of county commissioners of each county has the power to adopt, administer, and enforce ordinances and resolutions to provide for the safe and equitable operation of mobile home parks throughout the unincorporated areas of the county. These ordinances and resolutions may be enacted within the scope of the “mobile home park act”, part 2 of article 12 of title 38, and further as the board deems necessary to protect homeowners' equity.

The bill also creates the “Mobile Home Park Act Dispute Resolution and Enforcement Program”. The program authorizes the DOH to: register mobile home parks; collect a registration fee from mobile home parks; collect and annually report upon data related to disputes and violations of the “Mobile Home Park Act” (act); produce and distribute educational materials concerning the act and the program; create and maintain a database of mobile home parks; create and maintain a database to manage the program, The program also authorizes the DOH to: take complaints, conduct investigations, make determinations, impose penalties, and participate in administrative dispute resolutions when there are alleged violations of the act.

Signed by Governor Jared Polis: May 23rd, 2019
Effective Date: Immediately

HB 19-1319

Incentives Developers Facilitate Affordable Housing

In the legislative declaration for this bill, the General Assembly stated an objective of increasing the amount of decent, affordable housing available to Coloradans. The bill took a two-pronged approach.

First, it requires state agencies to identify properties they own which might be usable for affordable housing and then provide that information to the capital development committee. Once identified the properties could be further examined for suitability. The capital development committee will have a report on the properties available on its website and the Division of Housing within the Department of Local Affairs will have a link to that report.

Second, it repealed a provision related to a property tax exemption that is available to certain owners of projects that have been financed through the low income housing tax credit program (LIHTC) run by the Internal Revenue Service through cooperation with Colorado Housing and Finance Authority. The change eliminated a possible property tax penalty, which could occur if certain distributions or transfers happened prior to the end of the compliance period, which applies to such projects.

Signed by Governor Jared Polis: May 17, 2019
Effective Date: September 1, 2019

SENATE BILL SUMMARIES

SB 19-107

Broadband Infrastructure Installation

In part, this bill allows for the installation of broadband property on electric easements by electric utilities or commercial broadband suppliers under specific circumstances outlined in the bill. From a property tax perspective, any additional broadband property that is installed in accordance with this bill will need to be assessed for property tax purposes. Whether the property is state or locally assessed will depend on the ownership of the broadband property.

Signed by Governor Jared Polis: June 3, 2019
Effective Date: August 2, 2019

SB 19-181

Protect Public Welfare Oil and Gas Operations

This bill restructures the COGCC to include nine appointed members to represent statewide interests. The bill repeals current law that specifies that local governments have land use regulation authority over oil and gas extraction areas only if the COGCC has identified the area for designation, and clarifies that local governments have land use authority to regulate siting of mineral extraction locations and a number of potential impacts and requirements that such regulation may encompass. This section of the bill also permits a local government or an operator to request the COGCC director to convene a review board to determine the effect of any such local regulations.

The bill also directs the air quality control commission to review its rules and consider whether to adopt more stringent rules, and rules covering certain specified emissions. In addition, the bill repeals an exemption for oil and gas production from counties' noise regulation authority.

Other parts of the bill amend, change, or update the legislative declaration, permitting processes, financial assurance requirements, terminology definitions, and more. The bill also modifies certain minimum royalty rates and repeals some aspects of the COGCC's processes, such as the requirement that cost-effectiveness and technical feasibility be considered with regard to its actions and decisions, and requires the commission to promulgate certain new rules and modifies certain administrative procedures. The bill also specifies that local government requirements may be more protective or stricter than state requirements.

Signed by Governor Jared Polis: April 16, 2019
Effective Date: Immediately

SB 19-255

Gallagher Amendment Residential Assessment Rate

This bill sets the ratio of valuation for assessment of residential real property at 7.15 percent for property tax years commencing on and after January 1, 2019, until the next property tax year that the general assembly adjusts this ratio. The bill also sets the residential target percentage at 45.69 percent of all taxable property.

Signed by Governor Jared Polis: June 3, 2019
Effective Date: January 1, 2019

Section VI

Taxable Real and Personal Property Assessed by the Counties

The listing of values reflect the Abstracts of Assessment for each county in the state. The Abstracts are filed with the Property Tax Administrator on August 25th of each year, 39-5-123(1), C.R.S.

All values reflected are assessed values.

Section X

Certification of Levies and Revenues by County

The assessed values reflect those values existing in the counties on the date the levies are certified to the county commissioners, December 15. See: 39-1-111(1), 39-1-111(5) and 39-5-125, C.R.S.

FOOTNOTES:

- (A) Excess levy approved by Division of Local Government
- (B) Excess levy revenue voted at special election

NOTE: Special Assessments on the tax roll are no longer shown.

SCHOOL DISTRICT CODING:

School districts entirely within a county:

Designated by the last position number of "0" or "5".

Multi-county school districts:

Designated by the last position numbers of "1" through "4". The administrative offices of the school district are located in the county designated by the code number "1". The adjoining counties are listed by code numbers "2" through "4", assigned to the counties alphabetically.

Questions regarding School District levies should be referred to the Department of Education, Office of Management Services.

CERTIFICATION OF LEVIES AND REVENUES

As of January 1, 2020

(1) Average will not add to the Total Average County Levy because denominators (Assessed Valuation) are not common to all.

(2) Municipal Revenues are divided by the sum of Municipal Assessed Valuation.

(3) Special District Revenues are dividd by the sum of Special District Assessed Valuation.

* These figures include tax increment valuation and all tax revenues attributable to the increment are allocated to the increment
