COLORADO PROPERTY TAX

OVERVIEW

In Colorado, the authority for property taxation is both constitutional and statutory. Article X of the Colorado Constitution provides that all property is taxable unless declared exempt by the Constitution, and that the actual value of taxable property shall be determined under the general laws to secure just and equalized valuations. The specific statutes pertaining to property taxation are found in articles 1 through 14 of title 39 of the Colorado Revised Statutes.

Under the general laws of Colorado, county assessors are required to discover, list, classify, and value all taxable property within their county boundaries except for those properties that are state assessed. The State Board of Equalization (Board) has supervision over the administration of all laws concerning the valuation and assessment of taxable property and the levying of property taxes. The Division of Property Taxation (Division), under direction of the Property Tax Administrator (Administrator), coordinates the implementation of property tax law throughout Colorado's sixty-four (64) counties.

The Colorado property tax system provides revenue exclusively for local government services. The largest share of property tax revenue for the year 2021 (51.94 percent) goes to support the state's public schools. County governments claim the next largest share (22.34 percent), followed by special districts (19.85 percent), municipal governments (4.84 percent), and local district colleges (1.02 percent). Total revenue for all taxing entities in Colorado for 2021 was certified as $11,921,688,758.

TABLE 1 lists the percentage change in property tax revenue between taxes payable in 2021 and in 2022 for the types of taxing entities in Colorado.

TABLE 1

STATE BOARD OF EQUALIZATION

The State Board of Equalization consists of the Governor, the President of the Senate, the Speaker of the House of Representatives, or their designees, and two members appointed by the Governor with consent of the Senate. Each appointed member must be a qualified appraiser, a former assessor, or a person who has knowledge and experience in property taxation.

There were no membership changes on the Board for 2021. The Board met two times in 2021, and for both meetings, the board was made up of the following individuals:

- Dickey Lee Hullinghorst, designee of Governor Jared Polis, elected by her fellow board members as chairwoman;
- Barbara Brewer, a hold over appointment of Governor Hickenlooper, and was elected as vice-chairwoman;
- Marty Flaum, the second appointee of Governor Jared Polis;
- Representative Cathy Kipp, designee of the Speakers of the House, KC Becker and Alec Garnett; and
- Senator Chris Hansen, designee of the President of the Senate, Leroy M. Garcia.

Barbara Brewer was elected as chairwoman and Representative Cathy Kipp was elected as vice-chairwoman at the end of the October meeting.

Duties and Responsibilities

The Board supervises the administration of property tax laws and the equalization of the values of all the classes and subclasses of taxable property across the state. Duties of the Board are found primarily in sections 3 and 15 of article X of the Colorado Constitution, and articles 1 and 9 of title 39 of the Colorado Revised Statutes.

The Board reviews the findings and conclusions of the annual study contractor and orders reappraisals in counties found to be not in compliance. The study was initiated by a 1982 amendment to the Colorado Constitution to ensure all assessors value property at the same level of value using standardized procedures and statistical measurements. The study is conducted by an independent auditing firm contracted by the Director of Research for the Office of Colorado Legislative Council, § 39-1-104(16), C.R.S. The study and the resulting orders of reappraisal are the primary means of achieving statewide equalization. Each year, the auditor performs both a ratio study and a market trend analysis. The auditor also reviews both sold and unsold properties in addition to agricultural residences and any other areas as directed by the Office of Colorado Legislative Council.

The following companies were contracted for the annual study since 1982:

- 1983-1986 – Max Arnold and Assoc.
- 1987 – Hoover and Assoc.
- 1988 – Hoover, Thimigan and Assoc.
- 1989-1992 – Thimigan and Assoc.
- 1993-2002 – Thos Y. (T.Y.) Pickett and Co. Inc.
- 2003-2008 – Rocky Mountain Valuation Specialists, LLC
- 2009-2021 – Wildrose Appraisal, Inc., Audit Division

The importance of the Board's equalization function is due, in part, to the relationship that exists between assessed values and state aid to schools. Generally, if the property in a school district is undervalued, it is likely the district will receive more state revenue than it is entitled. When the results of a reappraisal order indicate the affected school district(s) received too much state revenue, the Board will order the county (not the school district) to pay back the excess funding. During the 1980s and early 1990s, this occasionally required the repayment of substantial revenue to the state. In

years that are more recent however, significant improvements in the quality of county assessments have resulted in far fewer reappraisal orders and smaller repayments of excess state aid to schools.

The Board also reviews county Abstracts of Assessment, decisions of county boards of equalization (county boards), and the policies and recommendations of the Property Tax Administrator and any changes to the three volumes of the Assessors' Reference Library published by the Administrator.

STATE BOARD OF EQUALIZATION ACTIVITY

The following is a brief history of recent actions by the State Board of Equalization over the most recent five-year period, from 2021 back to 2017.

2021 Action and Enforcement

In 2021, the Board held two meetings; March 17, 2021 and October 15, 2021. Both meetings were held via remote access only in accordance with Executive Order D 2020 144, Safer at Home and in the Vast, Great Outdoors.

At the Board's first meeting in March, the Board reviewed the minutes from the last meeting, which took place November 17, 2020. The minutes were approved and the Board moved on to the remaining agenda items for that meeting. The first of those agenda items was consideration of changes to the Assessors' Reference Library. The Board approved all of the changes to the manuals that were presented. The Board then took up the last item on its agenda: the supervision of the property tax administrator. After a brief executive session, the Board heard testimony from the Eagle County Attorney and representative of the Eagle County Board of County Commissioners, Bryan Treu.

Mr. Treu explained to the Board the difficulty that the county had with Deputy Director Curt Settle of the Division of Property Taxation and how Mr. Settle's relationship with Bruce Cartwright, managing director of Duff and Phelps appeared inappropriate. Mr. Treu believed that Mr. Settle was actively assisting Mr. Cartwright in various property tax appeals against the county. Through Colorado Open Records Act requests, Mr. Treu obtained and presented to the Board, email correspondences showing how Mr. Settle routinely accepted invitations for meeting with Mr. Cartwright and reached out to him for feedback on Division policy. Mr. Treu was supported by San Miguel County Commissioner Kris Holstrom and La Plata County's Board of County Commissioners in asking for transparency of the Division's leadership.

Property Tax Administrator JoAnn Groff responded and explained her responses to the counties' CORA requests and the Division's protocol about engagement on issues of property taxation. The Board also heard from Mr. Settle directly as he explained the various points brought up by the counties. Administrator Groff suggested the board take formal action regarding written policies of engagement for Division employees, and it did with the requirement that the policies be posted on the Division's website.

The Board's second meeting, dated October 15, 2021 began with review and approval of the minutes from the March meeting. The Board then moved to the remaining agenda items for the meeting, which included presentation of the annual assessment audit, consideration of the abstracts of assessment, consideration of requests to waive filing deadline of annual reports from exempt property owners, and finally consideration of changes made to the Assessors' Reference Library.

The Board accepted all Final Property Assessment Study Reports, the 2021 Abstract Projection Report, the 2021 County Board of Equalization Adjustment Report, the 2021 Personal Property Report, the 2021 Sales Verification Report, the 2021 Statutory Deadline Report, and the 2021 Land Not Integral Report. The Board heard from the auditor, Wildrose Appraisal, Inc., and the audit's results for the year and what to expect looking ahead. Joette Riley of the Division recommended that the Board accept and approve fifty-eight abstracts that were filed by the August 25 deadline. The

remaining abstracts for Adams, Boulder, Denver, Douglas, Gunnison, and Jefferson counties would be filed under the alternate protest process by the November 21 deadline. The Board moved to authorize the chair to review and approve the remaining abstracts and there were no objections.

The Board approved a deadline of November 30, 2021 for all exempt property owners to file the annual reports with the Division. This deadline was approved for all organizations that were on the consent agenda list. The Board then reviewed those requests for filing deadline waivers that the Division highlighted for discussion, which included the following organizations:

- Campbell Chapel AME Church
- Center for Fine Art Photography
- Fellowship Benevolent Corporation
- New Life Worship Center of Fort Morgan
- American Honda Education Corp

After discussion, the Board granted all waiver requests, again adopting the filing deadline of November 30, 2021 for all five organizations in one motion. The Board unanimously adopted and approved all of the changes as proposed to the Statutory Advisory Committee for the Assessors' Reference Library.

The Board was then presented with Administrator Groff's *"Protocol for External Engagement*," drafted under the board's direction in March. She explained that in addition to direction for division employees, the document also includes links to a number of resources and codes of conduct that govern employees of the Division of Property Taxation under Department of Local Affairs, the state statutes and the constitution. As the board had directed, she explained that the protocol had been shared with employees and was already posted on the division's website.

2020 Action and Enforcement

In 2020, the Board held three special meetings and one regular meeting which is customarily in October. The meetings were dated January 10, April 9, August 4, and November 17.

The Board held its first special meeting on January 10, 2020. At the meeting, the Board first reviewed the minutes from the last meeting which took place on October 8, 2019. The minutes were approved and then the Board moved on to the topic of requests from exempt property owners to waive the filing deadline of annual reports. Stan Gueldenzopf, manager of the Exemptions Section, noted that twenty-eight new petitions had been submitted since the Board last met.

The filing deadline was extended to February 24, 2020 for all waivers being considered both on the consent agenda and those highlighted for discussion. The list of properties on the consent agenda were approved for a waiver and the motion passed unanimously. The Board then listened to the request that was highlighted for discussion regarding the property owned by House of Worship United Pentecostal. The board approved the waiver for this organization going back to 2015, and also made the entity accountable for all fees and interest incurred. After passing the motion unanimously, the board adjourned the meeting.

The Board met again on April 9, 2020. This meeting was held via remote access only to comply with Governor Jared Polis' Executive Order D 2020 017 Ordering Coloradans to Stay at Home Due to the Presence of COVID-19 in the State, and the Third Updated Public Health Order 20-24, Implementing Stay at Home Requirements. The Board heard Property Tax Administrator JoAnn Groff explained the purpose of the meeting was for proposed emergency rule making related directly to Executive Order D 2020 022, ordering the Temporary Suspension of Statutes Concerning Taxpayer Filing Requirements for Certain Taxable Property due to the Presence of COVID-19 in the state. The emergency rules considered supervision of the administration of the property tax laws.

Ms. Groff noted that the rules, if adopted by the board, would go into effect immediately and would be forwarded to the attorney general's office requesting opinion on their legality. Chairwoman

Hullinghorst then convened the board in an executive session for the purpose of receiving legal advice from the board's attorney, Heather Flannery.

The Board delayed considering a question from Mesa County about expanding the median sales ratio requirement upon advice from counsel. Ms. Groff then continued to explain how the purpose of the emergency rules related directly to Executive Order D 2020 022, ordering the Temporary Suspension of Certain Statutes Concerning Taxpayer Filing Requirements for Certain Taxable Property due to the Presence of COVID-19 in the state. The Board reviewed a table format that outlined the relevant statutes, current deadlines and new deadlines imposed by this change. Specifically, those rules addressed the filing deadlines of:

1. Business personal property, found in sections 39-5-108 and 39-5-116(1) of the Colorado Revised Statutes;
2. Taxable natural resource property – mining, found in sections 39-5-115(1); 39-5-116(1); 39-6-106(1); and 39-6-113(3), of the Colorado Revised Statutes; and
3. Taxable oil and gas property found in sections 39-7-101(1), (2); 39-5-113.3(1); and 39-5-116(1), of the Colorado Revised Statutes.

The proposed emergency rules moved those deadlines from April 15, 2020 to June 15, 2020. Additionally, the executive order suspended other deadlines to accommodate the extension of the filing deadlines for taxpayers. The extension of these other dates were necessary to prepare the values of those properties to be included in the certification of value to taxing jurisdictions for 2020. The additional deadlines were found in the following statutes:

1. Notices of valuation to property owners, sections 39-5-121(1.5)(a)(I); 39-6-111.5; and 39-7-102.5, of the Colorado Revised Statutes;
2. Protest period for property valuations, sections 39-5-121(1.5)(a)(I) and 39-5-122(2), (4), of the Colorado Revised Statutes;
3. Notice of determination, section 39-5-122(2), of the Colorado Revised Statutes;
4. Extended appeal calendar, section 39-5-122.7, of the Colorado Revised Statutes;
5. Appeals to County Board of Equalization, sections 39-8-106(1)(a) and 39-8-107(2), of the Colorado Revised Statutes;
6. Preliminary certification of values, section 39-5-128(1), of the Colorado Revised Statutes;
7. Reports of assessor, section 39-8-105(2), of the Colorado Revised Statutes;
8. Abstracts of assessment, sections 39-2-115(1) and 39-5-123, of the Colorado Revised Statutes; and
9. Abstract recommendations, section 39-2-115(3), of the Colorado Revised Statutes.

The Board unanimously adopted the rules as they were imperatively necessary to comply with Executive Order D 2020 022, and for the preservation of public health, safety, or welfare because the extension of regular deadlines, further facilitated taxpayers' ability to comply with Executive Order D 2020 017 and D 2020 024, Ordering Coloradans to Stay at Home Due to the Presence of COVID-19 in the State, and Third Updated Public Health Order 20-24, Implementing Stay at Home Requirements. Chairwoman Hullinghorst then closed discussions on the emergency rule making topic and moved to call to order a discussion on waivers of filing deadlines for exempt property owners.

Ms. Groff explained that due to Executive Orders D 2020 017 and D 2020 024, ordering Coloradans to Stay at Home Due to the Presence of COVID-19 in the State, and the Third Updated Public Health Order 20-24, Implementing Stay at Home Requirements, it may be difficult for exempt property owners to meet their annual report filing deadlines as described in section 39-2-117(3)(a)(I) of the Colorado Revised Statutes. This statute allows the Property Tax Administrator the authority to waive

all or a portion of the late filing fee for good cause shown. She also explained it was her intention to waive the late filing fee for all exempt property owners who file their annual reports after April 15, but no later than by the extended filing deadline of June 15. Ms. Groff explained that this statute also imposes a final filing deadline of July 1, and that the Board has the right to waive filing deadlines for exempt property owners who miss the July 1 deadline if they find the interests of justice and equity would be served.

The Board issued a blanket waiver of filing deadline for all exempt property owners to file their annual reports by September 1, 2020 and then the meeting was adjourned.

The Board held its third special meeting on August 4, 2020. The meeting was also via remote access only in accordance with Executive Order D 2020 144, Safer at Home and in the Vast, Great Outdoors.

The first action the Board to was to approve the minutes from the January 10, 2020 and the April 9, 2020 meetings. Ms. Groff explained that the meeting is to consider Emergency Rule 3, relating to Executive Order D 2020-22, as amended and extended by Executive Orders D 2020 055, D 2020 089, D 2020 121, and D 2020 150, to continue the temporary suspension of calendar year 2020 statutory deadlines necessary to accommodate taxpayer filing deadlines that were extended for certain taxable property. The rule was being considered as part of the General Rules Regarding Supervision of the Administration of Property Tax Laws. The rule was to be forwarded to the Attorney General's office after adoption for a request on the constitutionality and legality of the rules. Ms. Groff explained The reason for the proposed emergency rule related directly to Executive Order D 2020 150 to continue the temporary suspension of calendar year 2020 statutory deadlines necessary as an extension of Executive Order D 2020 22, ordering the Temporary Suspension of Statutes Concerning Taxpayer Filing Requirements for Certain Taxable Property due to the Presence of COVID-19 in the state. The extension of the deadlines was necessary to prepare the values of the properties to be included in the certification of valuations. The new deadlines were:

1. Notices of valuation to property owners, sections 39-5-121(1.5)(a)(I); 39-6-111.5; and 39-7-102.5, of the Colorado Revised Statutes;
2. Protest period for property valuations, sections 39-5-121(1.5)(a)(I) and 39-5-122(2), (4),of the Colorado Revised Statutes;
3. Notice of determination, section 39-5-122(2), of the Colorado Revised Statutes;
4. Extended appeal calendar, section 39-5-122.7, of the Colorado Revised Statutes;
5. Appeals to County Board of Equalization, sections 39-8-106(1)(a) and 39-8-107(2), of the Colorado Revised Statutes;
6. Preliminary certification of values, section 39-5-128(1), of the Colorado Revised Statutes;
7. Reports of assessor, section 39-8-105(2), of the Colorado Revised Statutes;
8. Abstracts of assessment, sections 39-2-115(1) and 39-5-123, of the Colorado Revised Statutes; and
9. Abstract recommendations, section 39-2-115(3), of the Colorado Revised Statutes.

These deadlines were to complete the changes necessary to accommodate the later filing deadlines contained in Executive Order D 2020 022 and the Board's Emergency Rules 1 and 2 that were adopted on April 9, 2020.

The Board adopted these changes to approve of Emergency Rule 3 and then adjourned the meeting.

The board held its fourth and final meeting on November 17, 2020 which was the Board's only regular meeting for the year. It was also held via remote access only in accordance with Executive Order D

2020 144, Safer at Home and in the Vast, Great Outdoors. The first action that the Board took was to unanimously approve the minutes from the previous meeting of November, 4, 2020.

Wildrose Appraisal, Inc. submitted sixty-four county reports as required by their contract to the State Board of Equalization in a manner timely for review prior to the meeting. Mr. Harry Fuller, the audit manager, gave an overview of all of the reports and asked the Board to accept the following reports for all sixty-four counties:

- 2020 Property Assessment Study Report
- 2020 Abstract Projection Report
- 2020 County Board of Equalization Adjustment Report
- 2020 Personal Property Report
- 2020 County Sales Verification Report
- 2020 Statutory Deadline Report
- 2020 Land Not Integral Report

Mr. Fuller then introduced Mr. Steve Kane, the data analyst for the audit, to present the statistical results for the 2020 audit. Mr. Kane began with an overview of the audit results, how the audit was performed in 2020, and what to expect looking ahead.

Thomas M. Young, a property tax specialist of the Division's Assessment Resources Section gave a presentation about the review process done for the county board of equalization changes and consideration of the abstracts of assessment. The emergency rules adopted by the Board extended the usual August 25 filing deadline to October 13, 2020. The Division reviews all county abstracts and recommends them for approval by the Board if they are in balance and complete - however if a county board of equalization change indicates that the value of any subclass of property was adjusted by more than five percent, that abstract is subject to further review by the Division. Fifty-nine counties had filed by the October 13 deadline and were reviewed with no issues found and were recommended for approval.

The remaining counties of Adams, Boulder, Douglas, Gunnison, and Jefferson opted to use the alternate protest and appeal process, which extends that filing deadline to December 1, 2020 under this year's emergency rule. The Board unanimously agreed to allow Chairwoman Hullinghorst to sign and approve the remaining abstracts if there were no issues detected with them.

The Board then proceeded to consider the requests from exempt property owners to waive the filing deadline. Terry Long, manager of the Exemptions Section, presented information to the Board about the consent agenda and additional properties that were highlighted for discussion. The Board unanimously approved moving the extension of the deadline to December 31, 2020 for filing. The Board also unanimously approved the consent agenda for all of the organizations listed.

Mr. Long then brought the board's attention to a few specific organizations highlighted for discussion. Those organizations included:

- Theatine Fathers St. Andrew Avellino Seminary
- Reconstruction Road Ministries
- International Church of the Foursquare Gospel
- American Legion Summit Post #31
- Maslow Academy of Applied Learning Inc.
- Triangle Cross Ranch
- Platteville Baptist Church

There were individuals present representing two of the organizations listed for discussion:

- Platteville Baptist Church
- Triangle Cross Ranch

After speaking with the two representatives for these organizations and answering their questions, the Board unanimously approved granting the waiver of filing deadline for all properties listed above.

The new filing deadline was set as December 31, 2020 and the organizations were also asked to complete a succession plan for how the organization was going to avoid this situation in the future.

Mr. Long then brought the Board's attention to two additional organizations:

- Community Youth Foundation Inc.
- New Jerusalem Missionary Baptist Church

These organizations were highlighted due to some shared characteristics. Both were a number of years behind in their filings, and both had sought relief from the Board in the past. They were granted the waiver of filing deadline previously, yet failed to file even by the extended deadlines granted - possibly due to a lack of funds as it is a $250 fee per late annual report. The Board unanimously approved extending the filing deadline for all prior years for the two organizations to December 31, 2020. The board's action also included a request to submit a written succession plan.

The last highlighted organization was in a unique position. That organization was:

- Cortez Veterans Inc.

The property was sold and the property owner applied for exemption again. Mr. Long believed the property would qualify, and in the organization's petition to the Board, it requested a refund of taxes paid for 2018 and 2019. Mr. Long pointed out that it is not within the Board's power to grant refunds of taxes, there is no action to be taken on that particular waiver request.

The last agenda item that the Board considered was to take action to reappoint JoAnn Groff as the Colorado Property Tax Administrator for another five-year term. Ms. Groff's current term expires on January 1, 2021. The board unanimously voted to re-appoint Ms. Groff for another term.

After deciding on a meeting date for the next regular meeting of the Board in 2021, the meeting was adjourned.

2019 Action and Enforcement

The board met once in 2019 on October 8, 2019.

At the Board's annual meeting, the Board first elected Chairwoman Hullinghorst and Vice-chairperson Barbara Brewer before reviewing the minutes from the last meeting that took place October 17, 2018. The Board approved the minutes and then Curt Settle, Deputy Director of the Division, introduced the Board's constitutional and statutory authority, duties, and responsibilities with respect to the audit. Mr. Settle also explained to the members the significant changes of the 2019 audit contract. Curt Settle then introduced Harry Fuller with Wildrose Appraisal, Inc. to give the report of the 2019 audit. Mr. Fuller reported that there were no counties out of compliance after visiting all 64 counties and looking at compliance with statutes, Board rules, and the ARL. Mr. Fuller asked the board to accept all of the final reports, and then introduced Mr. Kane to present the statistical results of the findings.

Mr. Kane went through and outlined the sales ratio study, the market trending, the sold and unsold analysis, and finally agricultural residences. He noted that if a county had fewer than 1,200 vacant land parcels, it does not qualify for the sales ratio analysis for vacant land. As a result, only 42 counties had the analysis completed on the vacant land class. Mr. Kane discussed the unit values test and the percent change test for the sold and unsold analysis. He concluded that all counties were in compliance. Mr. Kane also noted that under the expanded analysis for the 2019 contract, where the auditor was required to look at economic areas and neighborhoods instead of just subdivisions, all counties were in compliance on all classes.

Mr. Kane answered a few questions about the eighteen month data gathering period which sets the level of value and the increased interaction the auditor had with the assessors this year which allowed many eastern counties to analyze commercial properties that were experiencing significant market appreciation due to the marijuana market expanding from larger, urban counties.

Mr. Fuller then gave an overview of all of the reports and asked the Board to accept the following reports:

- 2019 Property Assessment Study Report for each of the 64 counties
- 2019 Abstract Projection Report for the 58 counties not on extended appeals schedule
- 2019 County Board of Equalization Adjustment Reports for the 58 counties not on the extended appeals schedule
- 2019 Personal Property Report for all counties
- 2019 County Sales Verification Report for all counties
- 2019 Statutory Deadline Report for all counties
- 2019 Land Not Integral Report for all counties

After accepting the reports, the board moved on to review the Abstracts of Assessments. Mrs. Renée Bridges presented the review and explained that no issues were found. She requested the Board approve the 58 county abstracts submitted to the Property Tax Administrator. The Board decided that the chair would later approve the remaining abstracts should there be no issues.

The next agenda item the Board addressed was the list of exempt organizations requesting the Board to waive the filing deadline for its paperwork in order to maintain exempt status. Mr. Stan Gueldenzopf, manager of the Exemptions Section of the Division of Property Taxation, reminded the board of its ability to set an extended filing deadline and recommended setting the date to November 18, 2019. He then continued to the Consent Agenda. The Board then accepted the Consent Agenda and the late filing date of November 18, 2019.

There were individuals present representing organizations listed on the Consent Agenda for:

- Georgetown Trust for Conservation and Preservation, Inc.
- Veterans of Foreign Wars North Park Post 2371
- Berthoud Habitat for Humanity, Inc.
- Arkansas Valley Hospice Inc.
- Bible Way Christian Training Center

The Board spoke with each representative, and then approved the Consent Agenda with clarifying language that any refund on taxes paid, does not include interest.

Mr. Gueldenzopf then brought the Board's attention to a few specific organizations that were highlighted for discussion. Those organizations included:

- Korean Senior Association of Colorado
- Solid Rock Baptist Church
- Al Mustafa Islamic Center
- Housing is Vital, LP
- Juan Diego Partnership, LLLP
- Del Norte's Chesney Kleinjohn, LLC
- New Jerusalem Missionary Baptist Church
- Cañon City Rodeo Assn
- Gateway of Praise Worship Center
- Naropa University - Alaya Preschool (the Board dismissed this request for lack of jurisdiction)

All of the organizations had the waiver to file late approved with the deadline being November 18, 2019. Many organizations were also asked to submit a succession plan with their filing.

Finally, JoAnn Groff presented for the Board's consideration, the changes made to the Assessors' Reference Library at the last Statutory Advisory Committee meeting which occurred September 19, 2019. Since this meeting fell within the 30 days after that September meeting the Board had the ability to approve the changes presented. The Board adopted and approved all of the changes requested and also discussed dates for the 2020 meeting. The Board then adjourned.

2018 Action and Enforcement

The board met once in 2018 on October 17, 2018.

At the October 17, 2018 meeting, the Board first reviewed the minutes from the last meeting that took place October 25, 2017. Chairwoman Hullinghorst noted a few minor amendments to the minutes that were approved unanimously. JoAnn Groff introduced Harry Fuller with Wildrose Appraisal, Inc. to give the report of the 2018 audit. Mr. Fuller reported that there were no counties out of compliance after visiting all 64 counties and looking at compliance with statutes, Board rules, and the ARL. Mr. Fuller asked the board to accept all of the final reports, and then introduced Mr. Kane to present the statistical results of the findings. Mr. Kane went through and outlined the sales ratio study, the market trending, the sold and unsold analysis, and finally agricultural residences. He noted that if a county had fewer than 1,200 vacant land parcels, it does not qualify for the sales ratio analysis for vacant land. As a result, only 41 counties had the analysis completed on the vacant land class. Mr. Kane discussed the unit values test and the percent change test for the sold and unsold analysis. He concluded that all counties were in compliance and that next year; the auditor will expand the analysis for vacant land, where it was typically examined at the subdivision level, to look at economic areas, neighborhoods, or subdivisions where appropriate.

Chairwoman Hullinghorst asked Mr. Fuller how he audits business personal property. He explained that in the 10 metro counties and Mesa County, a sample of accounts is selected and the values recalculated to determine if the county is following procedures. For the remaining smaller counties a sample of 10 accounts is selected to determine if the correct procedures are being followed.

Mr. Fuller then gave an overview of all of the reports and asked the Board to accept the following reports:

- 2018 Property Assessment Study Report for each of the 64 counties
- 2018 Abstract Projection Report for the 60 counties not on extended appeals schedule
- 2018 County Board of Equalization Adjustment Reports for the 60 counties not on the extended appeals schedule
- 2018 Personal Property Report for all counties
- 2018 County Sales Verification Report for all counties
- 2018 Statutory Deadline Report for all counties
- 2018 Land Not Integral Report for all counties

After accepting the reports, the board moved on to review the Abstracts of Assessments. Mrs. Renée Bridges presented the review and explained that no issues were found. She requested the Board approve the 60 county abstracts submitted to the Property Tax Administrator. The Board decided that the chair or vice chair would later approve the remaining abstracts should there be no issues.

The next agenda item the Board addressed was the list of exempt organizations requesting the Board to waive the filing deadline for its paperwork in order to maintain exempt status. Mr. Stan Gueldenzopf, manager of the Exemptions section of the Division of Property Taxation, reminded the board of its ability to set an extended filing deadline and recommended setting the date to December 10, 2018. He then continued to the Consent Agenda. There was nobody present to address the Board on behalf of an organization listed on the Consent Agenda. The Board then accepted the Consent Agenda and the late filing date of December 10, 2018.

Mr. Gueldenzopf then brought the Board's attention to a few specific organizations that were highlighted for discussion. Those organizations included:

- Korean Senior Association of Colorado
- Pilot Trust
- Mount Moriah Masonic Building Fremont Association
- Masonic Holding Association
- Friends of Christian Education Foundation
- Clavis Club of Morgan County

All of the organizations had the waiver to file late approved with the deadline being December 10, 2018. Pilot Trust and Masonic Holding Association had a requirement to file a brief written plan dealing with how the organization will avoid future failure to file on time. The Clavis Club of Morgan

County was asked to submit an additional backup plan for moving forward, since it had already filed a plan in the previous year yet still failed to file on time.

Finally, JoAnn Groff presented for the Board's consideration, the changes made to the Assessors' Reference Library at the last Statutory Advisory Committee meeting. Since this meeting fell within the 30 days after that September meeting the Board had the ability to approve the changes presented. The board adopted and approved all of the changes requested. The Board then adjourned.

2017 Action and Enforcement

The board met three times in 2017: January 10, 2017; April 13, 2017; and October 25, 2017.

At the January 10, 2017 meeting, the Board reviewed and approved the minutes from the December 30, 2016 meeting. JoAnn Groff clarified the agenda item for accepting the Statutory Advisory Committee recommended changes to the Assessors' Reference Library. She noted that she was withdrawing page 5.20 of Assessors' Reference Library Volume 3 and was not recommending the change at this time. She took this action at the request of Senator Owen Hill. He had indicated his intent to introduce legislation in the upcoming 2017 session that would direct assessors on the valuation of non-integral land.

From their December, 15, 2016 meeting the remaining changes recommended by the Statutory Advisory Committee were approved by the Board. The meeting concluded with the suggestion that the Division work with Senator Hill, if he desired, on his proposal for the non-integral land issue.

The April 13, 2017 meeting was called to present to the Board a review of changes the Property Tax Administrator had made in the calculation of increased valuation for assessment for the 2017 target percentage relating to the increased volume of mineral and oil and gas production for calculating the residential assessment rate. The first action the Board took was to go into executive session pursuant to § 24-6-402(3)(A)(II), C.R.S., to consult with legal counsel.

JoAnn Groff then introduced the topic of the residential assessment rate, explaining that the target percentage generally will not change between the initial January report and the final April report. However, using historical methodology, the target percentage calculated in January of 43.79 percent was significantly lower than target percentages of previous years.

She explained that after thorough review by division staff, Legislative Legal Services and Legislative Council Staff, it was determined the anomaly causing the drop was due to the volume of oil and gas production for tax years 2015 and 2016. This volume had increased significantly over the volume for assessment in 2014. However, the average assessed value per barrel fell, resulting in a net loss of assessed value over the two-year period. The historical methodology was to adjust the target percentage for oil and gas by adding the increased volume multiplied by the previous assessment cycle's average assessed value per unit of production, with no regard as to whether there had been an overall increase of value.

The Board was provided with language from the Colorado Constitution and statutes relevant to this topic. Ms. Groff revised the method by which the target percentage was calculated. Going forward, a first step will be taken to determine whether there is increased valuation for assessment resulting from the new construction or the increased volume of minerals and oil and gas production. If there is an increase in value, then the second step will be taken to add the value for new construction and the increased volume of minerals and oil and gas production when calculating the target percentage. As a result of this two-step methodology, the target percentage was now calculated to be 45.76 percent and the residential assessment rate was projected at 7.10 percent.

Senator Hill questioned if the Division had been interpreting the word "volume" as "value" for this calculation. Ms. Groff explained that the constitutional mandate of "after adding in the increased valuation for assessment attributable to . . ." was the language previously not being considered by

the Division of Property Taxation. With the new two-step process it will be clear value and volume would be considered appropriately.

Board Member Hullinghorst asked if the rate calculation affected oil and gas companies' taxes and Ms. Groff responded no, it has no direct impact on what they pay, this calculation would only impact the target percentage as it related to the residential assessment rate calculation.

Ms. Groff concluded the meeting noting that the current estimate for the residential assessment rate was 7.20 percent, and that the final report would be published April 17th. There were no further questions or comments and Chairman Brown adjourned the meeting.

At the October 25, 2017 meeting the Board considered the findings of Wildrose Appraisal, Inc., the annual study auditor, the recommendations of the Property Tax Administrator on the county Abstracts of Assessment, requests for waivers of deadlines on exempt properties and changes to the Assessors' Reference Library as approved by the Statutory Advisory Committee. The Board elected Dickey Lee Hullinghorst as Chair and Board Member Irv Halter as Vice Chair.

The Board approved the minutes of the January 10, 2017 meeting and April 13, 2017 meeting, with minor corrections.

Mr. Harry Fuller of Wildrose Appraisal, Inc. (Wildrose), presented the findings of the audit. Mr. Fuller along with Mr. Steve Kane, the company's statistician, presented the following reports:

- 2017 Abstract Projection Report
- 2017 County Board of Equalization Adjustment Reports
- 2017 Personal Property Report
- 2017 County Sales Verification Report
- 2017 Statutory Deadline Report
- 2017 Land Not Integral Report.

Mr. Kane gave a brief presentation on the statistical analysis of the audit, which included review of the ratio studies, market trends, sold and unsold property, and agricultural residential improvements. Senator Hill requested that the Board be provided all of the Auditor's findings prior to the meeting where they are being asked to accept those reports. The Administrator agreed to provide that information. The Board accepted the 2017 Annual Study reports.

The Board reviewed the county Abstracts of Assessment. There were 57 abstracts submitted and reviewed. The Administrator found no County Board changes which required review and all abstracts were recommended for approval. The Board elected to authorize Chairwoman Hullinghorst to approve the alternate protest period abstracts for Adams, Boulder, Denver, Douglas, Gunnison, Hinsdale, and Jefferson Counties.

Stan Gueldenzopf, manager of the Exemptions Section of the Division of Property Taxation then presented requests from exempt properties to waive filing deadlines. He noted one organization, Custer 2020, was added to the consent agenda, and another, Ministerio Palabra de Vida, was stricken from the agenda as the forfeiture was issued in error. The Board moved to approve the requests of the properties on the consent agenda with a new filing deadline of December 8, 2017. Eighty-three properties were included on that list.

The following organizations were brought to the Board's attention for individual discussion:

- Mission Viejo Swim Parents Association
- North Fork Horse Patrol
- Veterans of Foreign Wars
- Denver Lodge 17 BPOE of Elks USA
- American Cancer Society, Inc.
- Canon City Rodeo Assn
- Arvada VFW Post 4331
- Evergreen Rodeo Association
- La Plata County Humane Society

- Colorado Farmhouse Assn
- Cortez Masonic Temple
- Clavis Club of Morgan County Inc.
- Iglesia Berea

Of the fourteen cases listed above, all but one were approved to file the necessary annual report(s) late. The request from American Cancer Society, Inc. was in response to an exemption forfeiture when the organization had a merger, and because exemption was not lost due to late filing of an annual report, the Board took no action on the request. Some of the groups were asked to provide an explanation or plan to ensure there will be no future delinquencies in filing.

The next issue for the Board's consideration were changes to the Assessors' Reference Library approved by the Statutory Advisory Committee at their September 21, 2017 meeting. The Board moved out of order and took testimony of Tim Canterbury on his experience on the task force for determining what was integral to an agricultural operation. The testimony was in support of the Statutory Advisory Committee approved change to Assessors' Reference Library Volume 3 regarding valuation of residential property not integral to an agricultural operation.

JoAnn Groff then introduced Curt Settle, Deputy Director of the Division of Property Taxation, to support the proposed change to the manual and to give an explanation of the history and evolution of the topic. He outlined the task force and the resulting legislation guiding determination of whether property was integral. Mr. Settle summarized that an eminent-domain methodology in the appraisal of the non-integral land does not yield a valuation which is equitable or uniform and would not conform to the intent of the legislature.

Brad Hughes, Montrose County assessor, testified over the telephone that the legislation enabling the task force, and later the change to the agricultural and residential definitions, was about equalization and fairness in the valuations of these sites.

Larry Stark, commercial real estate appraiser and property owner in Storm Mountain Ranch, then gave his testimony regarding his five-year history with this issue. He brought a case to the Board of Assessment Appeals which ultimately ended as an unpublished Court of Appeals opinion which he argued supported his methodology to value the residential sites using a pro-rata share of the value of the larger parcel.

Attorney Michael Francisco, representing Storm Mountain Ranch, also gave testimony arguing that that the statute did not support the change being proposed by the Division. He further noted that this change should be going through a formal rule-making process.

Ms. Groff gave some final remarks, including how over 8,000 properties in the state were now classified as non-integral to agricultural land, and that all 59 counties which have those properties are utilizing some sort of site-specific valuation methodology which is what the manual change clarifies. The Board approved the change in a 4 to 1 vote, with Senator Hill opposing.

The Board approved the remaining changes to the manual as approved by the Statutory Advisory Committee. There was no discussion on the remaining changes.

DIVISION OF PROPERTY TAXATION

Under the general laws of Colorado, the Property Tax Administrator directs the Division of Property Taxation. The Administrator is appointed by a majority vote of the State Board of Equalization to serve a five-year term, and until a successor is appointed and qualified.

A primary responsibility of the Division is to administer the implementation of property tax laws throughout Colorado's sixty-four counties so that valuations are fair, uniform, and defensible, thereby ensuring that each property class contributes only its fair share of the total property tax revenue. In other words, the Division's goal is equalization of valuation and proper distribution of property taxes throughout the state.

The Division is comprised of four sections: Assessment Resources, Appraisal Standards, Exempt Properties, and State Assessed Properties.

Assessment Resources

The Assessment Resources section prepares and publishes administrative manuals, procedures, and instructions. It conducts a number of classes and seminars regarding the administrative functions of the assessors' offices, including one tested course: Introduction to Assessment. Although this class offers continuing appraisal education credit, it is highly recommended as a prerequisite for all qualifying appraisal education courses. This section performs field studies and provides statewide assistance with issues such as tax increment financing, the administration and valuation of manufactured homes, senior and disabled veteran exemptions, classification of property, title conveyance, mapping, production of the abstract of assessment, certification of values to taxing entities, and the tax warrant. The section assists with investigation of taxpayer complaints. It is responsible for various studies and reports such as fiscal impacts for Legislative Council, the Colorado Assessed Values Manual, and the Property Tax Administrator's ***Annual Report to the Governor and General Assembly***. It works closely with assessors and other agencies in all areas of property taxation. Assessment Resources is responsible for recommending to the property tax administrator approval or disapproval of all petitions for refund or abatement of taxes in excess of $10,000.

Appraisal Standards

The Appraisal Standards section prepares and publishes appraisal manuals, procedures, and instructions. It holds classes and seminars regarding all areas of appraisal. It conducts field studies and provides statewide assistance in agricultural land classification and valuation, natural resources and personal property valuation, as well as assistance in the valuation of vacant land, possessory interest, residential, commercial, and industrial properties. The section assists in reappraisal efforts, reviews internal appraisal forms used by assessors, and investigates and responds to taxpayer complaints.

The section conducts four tested qualifying education courses to enable assessment appraisers to obtain an Ad Valorem Appraisal License. These courses are: Introduction to Ad Valorem Mass Appraisal, Basic Appraisal Principles, Basic Appraisal Procedures, and Uniform Standards of Professional Appraisal Practice (USPAP). This section currently offers additional tested courses including: Vacant Land Present Worth, Advanced Income, and Agricultural Land and Rural Structures. The section also offers several non-tested courses including a continually expanding list of online distance education.

Exempt Properties

The Exemptions section, under the authority of the Property Tax Administrator, is responsible for determining qualification for exemption from property taxation for properties that are owned and used for religious, charitable and private school purposes. This section reviews reports filed annually by exempt property owners to determine if the property's exempt status is still warranted. The section provides assistance to counties and taxpayers with inquiries about exempt properties, helps taxpayers with petitions to the State Board of Equalization, conducts hearings on exemption applications and revocations of exemptions, and defends appeals of its final decisions.

State Assessed Properties

The State Assessed section is the only area of the Division that performs original valuation of property on an annual basis. The section values all public utilities doing business in Colorado as defined by statute, including rail transportation companies, airlines, non-renewable and renewable energy companies, telephone companies, and pipelines. The company valuations are allocated to Colorado then apportioned to the counties for collection of local property tax. Both county commissioners and public utilities may protest the value assigned to state assessed property, and may appeal to the Board of Assessment Appeals (BAA) or Denver District Court if the protest is not resolved at the Division level.

2021 VALUE INFORMATION

Taxable real property classified as residential, commercial, industrial, agricultural, and vacant land, is subject to revaluation by county assessors every odd-numbered year. Taxable property not subject to the biennial reassessment cycle is valued every year. This includes all property classified as state assessed; land and leaseholds classified as oil and gas, natural resources, and producing mines; all subclasses of personal property; and possessory interests.

For 2021, Colorado assessed values increased approximately $6 billion, representing a nearly a four and one half percent increase from the prior year. The statewide increase was primarily attributable to the increases in residential and commercial classes of property. The total assessment for 2021 was $142,279,202,815.

TABLE 2 displays the percent change to the total value of each property class from 2020 to 2021 as well as the percentage that class makes up of the total valuation for assessment in 2021**.**

Residential, Commercial, Industrial, and Vacant Land

The Colorado Constitution and statutes specify that real property classified as commercial, industrial, and vacant land is valued by county assessors through consideration of the market, cost, and income approaches to value. Residential property is valued solely by the market approach. For these classes of property, the valuation reflects changes that occurred between the assessment cycle appraisal dates: June 30, 2018, and June 30, 2020.

In 2021, Colorado showed a decrease in assessed value in two classes of property: oil and gas (-36.0 percent), and producing mines (-17.6 percent). The remaining classes of property showed increases in 2021 with the largest percentage increases in residential and vacant land classes of property. The total assessed valuation of the residential class increased 11.3 percent in 2021. According to the S&P CoreLogic Case Schiller Home Price Indices, home prices continued their rise across the country over the last 12 months. Denver, specifically, experienced an approximate 20.3 percent year over year increase in 2021. However, the end of the data gathering period for 2020-2021 reassessment values was June 30, 2020, meaning the last 6 months of local data may not be available for inclusion in the analysis, § 39-1-104(10.2), C.R.S.

The commercial class also experienced an increase in assessed value of 5.0 percent. The total values of the commercial and industrial classes are stabilized somewhat by the presence of personal property. For 2021, personal property accounts for 10.96 percent of the total value of the commercial class and 49.01 percent of the total value of the industrial class. The assessor revalues personal property every year, and the values are less subject to dramatic changes than are the values of real property.

TABLE 3 provides a county-by-county comparison of values for the residential, commercial, and vacant land property classes between 2020 and 2021.

Oil and Gas

The taxable value of real property associated with oil and gas wells is calculated as a percentage of the revenue obtained for the product at the wellhead during the prior year. This makes oil and gas among the most volatile of property classes because the market prices of natural gas and crude oil can change considerably from year to year.

Colorado experienced a decrease of 36.0 percent in the total assessed value of the oil and gas class in 2021. Among the classes of taxable property, oil and gas contains the fourth highest total assessed value for 2021, following the residential, commercial, and state assessed property classes. The 2021 total assessed value for the oil and gas class was $7,997,096,410, which is 5.62 percent of the state's total taxable value.

TABLE 4 shows a recent history of assessed values for the oil and gas class.

Other Production Classes

As with oil and gas, most of the value of real property classified as natural resources and producing mines is calculated as a percentage of the income obtained from selling the product. The natural resources class includes properties that produce coal, sand, and gravel. It also includes non-producing patented mining claims and severed mineral interests. All counties, except the City and County of Denver, have natural resource property, but the class comprises only 0.22percent of the state's total assessed value.

Although similar in total value, the great majority of the producing mines value is associated with only two mines: The Henderson and Climax mines, both located in three counties. According to the USGS, molybdenum ore was produced as a primary product at only two mines; both of which are located in Colorado. They include the Henderson and Climax mines. Both mines produce high-purity, chemical-grade molybdenum concentrates.

The Climax mine is an open-pit mine and is located approximately 13 miles northeast of Leadville. It is a porphyry molybdenum deposit with molybdenite as the primary sulfide mineral. According to an article published in the Summit Daily, Climax began production in 1918. The mine initially ceased operations after WWI due to a reduction in demand. Throughout the years, mining operations have been intermittent. Most recently, the mine was restarted in May of 2012 after an eleven-year period of low production, care, and maintenance of the site.

The Henderson mine is an underground mine located in Clear Creek County on the east side of the Continental Divide. The mill site is located on the west side of the Continental Divide 15 miles from the mine in Grand County. It is the world's largest primary producer of molybdenum.

The mine has been in operation since 1976. It consists of a large block-cave underground mining complex that feeds a 32,000 metric ton-per-day concentrator that is located approximately 42 miles west of Denver. The mine and the mill are connected by the world's longest conveyor of its kind; a fifteen-mile elevated belt that passes underneath the Continental Divide carries the ore through an old train tunnel and then above ground to the ore processing mill near Parshall, where it is then treated and shipped to another plant for further processing. The Henderson molybdenum production totaled approximately 4.2 million tons in 2021, down approximately 7.2 million tons from the 2020 total of 11.4 million tons.

The third county with a substantial value in the natural resources class is Teller County. According to preliminary data obtained by the U.S. Geological Survey's National Minerals Information Center, starting in 2015 Colorado has ranked third in U.S. gold production behind Nevada and Alaska. The gold production coming from the Cresson Mine moved Colorado ahead of Utah in recent years in the ranking for production. This mine is Teller County's primary mine and is located between the towns of Victor and Cripple Creek. For 2021, the USGS reported an approximately 7 percent decrease in domestic gold mine production, which was attributed to decreases in production from mines in Nevada and Alaska.

The value of mining operations in Colorado is sensitive to changes in commodity prices, owners' business choices, and decisions rendered on property tax appeals. According to the United States Geological Survey, domestic gold mine production in 2021 was estimated to be about 180 tons. The average price of gold increased negligibly for 2021 to $1,800 per troy ounce, up from $1,774 per troy ounce listed the prior year.

Agricultural Property

The value established for agricultural land is based on a 10-year average of the earning or productive capacity of the land regardless of the property's market value or its highest and best use. As a result, the actual values of agricultural property are often much lower than their market values, and they tend to be relatively stable from year to year. The agricultural property class increased approximately 4.5 percent in 2021.

State Assessed Property

Unlike most other classes, property classified as state assessed is valued annually by the Division using unitary valuation procedures. The state assessed property class is comprised of real and personal property that is owned or leased by public utilities as defined by article 4 of title 39 of the Colorado Revised Statutes. By far the largest portion of this value is attributable to personal property. The State Assessed Section of the Division values each company and allocates a portion of the value to Colorado. That value is then apportioned to the appropriate counties based on the location of the company's operating property or business activity. The county assessor then distributes the value to the appropriate tax areas throughout the county.

Information reported in the county abstracts of assessment for this class of property indicated an increase in assessed value of approximately $299 million, or about 3.80 percent. Overall, this class makes up 5.73 percent of the total assessed value of the state.

Personal Property in 2021

In 2021, personal property accounted for 11.94 percent of Colorado's property tax base, but that percentage varied substantially from county to county. Approximately 43.64 percent of personal property is classified as state assessed while the remainder is valued at the local level. In 2021, 94.42 percent of the state assessed property value was for personal property. All taxable personal property is assessed at 29 percent of its actual value.

Under the Colorado Constitution and statutes, certain categories of business personal property are exempt from taxation, including equipment used for agricultural purposes, inventory, and supplies held for consumption.

Prior to January 1, 2009, business personal property under common ownership with a total actual value of no more than $2,500 per county was also exempt. With subsequent legislation, the amount of actual value subject to the exemption increased according to the following schedule:

- Four thousand dollars ($4,000) or less for property tax years 2009 and 2010.
- Five thousand five-hundred ($5,500) or less for property tax years 2011 and 2012.
- Seven thousand dollars ($7,000) or less for property tax years 2013 and 2014.
- Seven thousand three hundred dollars ($7,300) or less for property tax years 2015 and 2016.
- Seven thousand four hundred dollars ($7,400) or less for property tax years 2017 and 2018.
- Seven thousand seven hundred dollars ($7,700) or less for property tax years 2019 and 2020.

House Bill 21-1312 increases the personal property threshold exemption, and sets up a mechanism for reimbursing taxing jurisdictions for the loss of property tax revenue due to this exemption. For the 2021 and 2022 tax years, the exemption threshold is raised from $7,900 or less to $50,000 or less in total actual value. Following the above-established practice, this amount will be adjusted biennially by the Property Tax Administrator to account for inflation.

For the 2021 tax year, each assessor calculated the total value of the additional personal property exempted forming the "baseline exemption total" for a county or local governmental entity. The treasurer then calculates the tax revenues lost by each local entity.

Beginning with the 2022 tax year, assessors must calculate the adjusted total value of the additional personal property exempted by taking the baseline exemption amount adjusted by the growth factor that is the total statewide percentage change in personal property values as calculated by the Administrator. The county treasurers report to the Administrator the calculated lost revenue and the state treasurer issues a warrant to reimburse that amount by April 15.

In addition, a provision in the Colorado Constitution allows any taxing entity to "enact cumulative uniform exemptions and credits to reduce or end business personal property taxes," § 20(8)(b), art. X, COLO. CONST.

RESIDENTIAL ASSESSMENT RATES

The General Assembly referred Senate Concurrent Resolution 20-001 to a vote of the people of Colorado, which passed as Amendment B in November of 2020. It eliminated most of the language in § 3(1)(b), article X, of the Colorado Constitution, commonly referred to as the Gallagher amendment. Eliminating this language eliminated Colorado's variable residential assessment rate that was to be adjusted every two years to stabilize the contribution amount of assessed value from residential properties as compared to all other property classes.

The language that established 29% as the assessment rate for most other classes of property was also removed from the constitution. Consequently, all assessment rates are now established solely through statute.

The statutory language that directed the Property Tax Administrator to conduct a study biennially to determine the residential assessment rate in conformance with the Gallagher amendment was removed by Senate Bill 20-223. Though technically not binding on future legislatures, that legislation also placed a moratorium on changing the statutorily established assessment rates in place at the time of Amendment B's passage. The moratorium was subsequently repealed with Senate Bill 21-293, which established a classification and future assessment rate for "multi-family residential real property," Agricultural property and renewable energy property. It also established a separate assessment rate for lodging property, which was contingent upon the passage of Proposition 120 on the November 2021 ballot. That proposition failed; consequently, lodging property continues to have a 29% assessmen001t rate.

The assessment rate for residential real property for the tax year commencing January 1, 2021 is 7.15%. All other types of property assessment rates remain unchanged for this tax year.

TABLE 7 illustrates the statewide actual values and distribution of residential values since 1983. The percentage of actual value attributable to residential property has increased dramatically starting at 53.20 percent in 1983 and increasing to 81.04 percent in 2021.

PROTESTS, APPEALS, AND ABATEMENTS

Protests and Appeals

Colorado statutes mandate a process that allows taxpayers the opportunity to challenge the actual value established for their property. The process begins with the taxpayer's protest to the assessor. Upon receiving a protest, the assessor reviews the issues raised, and either adjusts or maintains the actual value for the property. Taxpayers who disagree with the assessor's decision can appeal to the county board of equalization. Taxpayers who disagree with the county board's decision have three choices for further appeal. They can appeal to the State Board of Assessment Appeals, district court, or binding arbitration. Decisions of the BAA and district court can be appealed to the Colorado Court of Appeals and ultimately to the Colorado Supreme Court. Decisions of an arbitrator are final.

Taxpayers can protest and appeal in either year of the reassessment cycle, the first year or odd-numbered year or the intervening year or even-numbered year. However, the number of protests and appeals are typically higher during the first year of the reassessment cycle.

The number of protests and appeals vary greatly from county to county. In 2021, Larimer County received the greatest number of protests to the assessor with 10,609 while Sedgwick County received none. For many counties, the protest process places a significant strain on the resources of the assessor's office.

NOTE: Protest and appeal information is only collected in years of revaluation.

TABLE 8 lists the protests and county board of equalization appeals for each county during the first year of the last three reassessment cycles, organized according to the county officer pay categories established in § 30-2-102, C.R.S. For the purpose of this table, the Cities and Counties of Denver and Broomfield are placed in category one.

TABLE 9 provides a statewide statistical summary of protests and appeals.

Abatements

An abatement of tax is a cancellation or reduction of tax owed by the taxpayer. Abatements may be granted after the tax roll has been printed for an "erroneous valuation for assessment, irregularity in levying, clerical error, or overvaluation," § 39-10-114(1)(a)(I)(A), C.R.S. Abatement petitions may be approved only if they are filed within two years after January 1 of the year following the year in which the taxes were levied. Because abatement petitions are filed on taxes already levied, the abated or refunded taxes constitute lost revenue to the affected local governments. However, local governments are able to recover the amounts of abated taxes through an increase in mill levies under § 39-10-114(1)(a)(I)(B), C.R.S., and case law.

TABLE 10 displays the taxes abated and written off for tax years 2019, 2020, and 2021.

SENIOR CITIZEN AND DISABLED VETERAN EXEMPTIONS

In 2000, voters enacted section 3.5, article X of the Colorado Constitution, creating a property tax exemption for qualifying senior citizens and their surviving spouses. Voters expanded the program in 2006 to include qualifying disabled veterans. Effective 2015, legislation expanded the disabled veteran exemption to include the surviving spouse of a prequalified disabled veteran. For both groups, the exemptions as enacted reduce the first $200,000 of taxable actual value of a residential property by 50 percent, up to a maximum reduction of $100,000. The reduction in property tax revenue to local governments is reimbursed by the state treasurer.

The Colorado Constitution grants the Colorado General Assembly the authority to increase or decrease the amount of the senior citizen and disabled veteran exemptions. For tax years 2003, 2004, 2005, 2009, 2010, and 2011, the General Assembly enacted legislation to reduce the amount of the senior citizen exemption to 50 percent of $0, effectively suspending the senior citizen exemption benefit. The disabled veteran exemptions benefit was not suspended for property tax years 2009, 2010, or 2011.

To qualify for the senior citizen exemption, a senior must be at least 65 years old on January 1 of the year in which he or she applies, must have owned, and occupied the property for at least 10 consecutive years as his or her primary residence. To qualify for the disabled veteran exemption, a veteran must have sustained a service-connected disability that has been rated by the U.S. Department of Veterans Affairs as 100 percent permanent disability through disability retirement benefits pursuant to a law or regulation administered by the Department, the U.S. Department of Homeland Security, or the Department of the Army, Navy, or Air Force. The veteran must have also owned and occupied the property since January 1 of the year the application is filed.

Applications for the senior citizen exemption are filed with the county assessor no later than July 15, and applications for the disabled veteran exemption are filed with the Colorado Division of Veterans Affairs, Department of Military, and Veterans Affairs (DMVA), no later than July 1. If approved by the DMVA, the veteran's application is forwarded to the county assessor for further processing and approval. The application for the surviving spouse of the prequalified disabled veteran is filed with the county assessor where the previously qualified property is located, no later than July 1. Once approved, the senior citizen or disabled veteran, or surviving spouse of the previously qualified disabled veteran exemption remains in effect from year to year until a change in ownership or occupancy triggers its removal. Each year, the treasurer and the assessor are required to mail a notice to all residential property owners explaining the exemption programs.

No later than September 10, the assessor is required to send the Division of Property Taxation an electronic list of the exemptions granted, including the names and social security numbers of each person occupying the property. The Division uses the data to identify individuals who were granted an exemption on more than one property in the state, and denies the exemptions on each property. In 2021, the Division denied exemptions on 45 of these properties and an additional 164 were denied for applicants who no longer resided at the property. In 2021, 266,538 properties were approved for the senior citizen exemption, and 9,016 properties received the disabled veteran exemption. Since 2016, the Division has cross-referenced the applicants for an exemption with the state's vital statistics registrar to determine if individuals who applied were deceased. In 2021, the Division revoked 10,273 exemptions after determining the applicant passed away in a previous year.

The senior citizen and disabled veteran exemption programs do not result in a loss of revenue to local governments. Instead, the state reimburses the local governments for the tax revenue exempted. No later than April 1, county treasurers send the state treasurer an itemized list of the exemptions granted and taxes exempted. No later than April 15, the state treasurer reimburses the local governments for the lost revenue. In April of 2022, the state treasurer reimbursed local governments $156,542,235.06 for senior citizen property tax exemptions granted and $5,559,552.87 for disabled veteran exemptions granted for tax year 2021.

TABLE 11 shows the total number of exemptions granted for both programs as well as the amount of tax reimbursed by the state treasurer over the past decade.

POSSESSORY INTERESTS

In 2001, the Colorado Supreme Court ruled that certain possessory interests are subject to ad valorem taxation in Colorado. A possessory interest is defined as a private property interest in government-owned property, or the right to the occupancy and use of any benefit in government-owned property that has been granted under lease, permit, license, concession, contract, or other agreement. The use of the property must be in connection with a business conducted for profit.

Taxable possessory interests may include but are not limited to the following:

- Private concessionaires utilizing government owned land, improvements, or personal property unless operating pursuant to a management contract
- Government land and improvements used in the operation of a farm or ranch
- Government land, improvements, and/or personal property used in the operation of ski or recreational areas
- Land underlying privately owned cabins or other residential property located on government land that is rented commercially
- Recreational use of lakes, reservoirs, and rivers in a revenue-generating capacity
- Land, improvements, and personal property at a tax-exempt airport
- Other government property leased to private parties. However, the property may be otherwise exempt pursuant to Colorado Revised Statutes

HOUSE BILL SUMMARIES

HB 21-1107
Concerning Security Protections for Certain Public Health Workers.

Current law states that personal information for law enforcement and human services workers (and their immediate family) may be removed from the internet and any publicly accessed databases, § 18-9-313(2.7), C.R.S.

House Bill 21-1107 expands the same protections to certain public health workers.

Public health workers include those that work at the Department of Public Health and Environment, a county or district public health agency, or a member of a county or district board of health.

Signed by Governor Jared Polis: May 18, 2021
Effective Date: Upon Signature

HB 21-1015
Concerning Security Protections for Criminal Justice Personnel.

Current law states that personal information for law enforcement and human services workers (and their immediate family) may be removed from the internet and any publicly accessed databases, § 18-9-313(2.7), C.R.S.

House Bill 21-1015 expands these protections to newly defined protected persons.

Protected persons include a human services worker, a judge, a peace officer, a prosecutor, a public defender, or a public safety worker.

Signed by Governor Jared Polis: June 24, 2021
Effective Date: Upon Signature

HB 21-1061
Concerning the Definition of Residential Land for the Purpose of Property Tax Classification.

The bill modifies the definition of the term "residential land" in § 39-1-102(14.4), C.R.S.

"Residential land" includes land that: has a residential improvement; has residential improvements that were destroyed by natural causes; is two acres or less and the residence is not integral to the agricultural operation; or does not have a residential improvement, but is contiguous to, has identical ownership of, and contains a related improvement that is essential to the use of the contiguous residential improvement.

The bill defines "contiguous" to mean parcels that physically touch, except they may be separated by a local street, alley, or common element in a common-interest community.

The bill defines "related improvement" to mean a driveway, parking space, or improvements other than a building, or that portion of a building designed for use predominantly as a place of residency by a person, a family, or families.

This will impact property status as of January 1, 2022.

Signed by Governor Jared Polis: April 27, 2021
Effective Date: September 7, 2021

HB 21-1083
Concerning the Modification on Appeal of Property Valuation Set by the County Board of Equalization.

Section 39-8-108(5)(a), C.R.S., did provide that when a property owner appeals the valuation of property set by a county board of equalization, the valuation may not be increased on appeal.

This bill repeals that restriction, effectively making it possible for the Board of Assessment Appeals, district court, or an arbitrator to determine a value, based on the evidence presented that is higher than what was determined by the county board of equalization.

Signed by Governor Jared Polis: April 7, 2021
Effective Date: September 7, 2021

HB 21-1100
Concerning the Ability to Electronically File Documents with Governmental Entities.

The governing body of each county and city and county, shall file a report with the joint technology committee concerning the county's electronic document filing capacity. The report must include information about:

- the proportion of documents that are required or allowed to be filed in the county, broken down by department, division, agency, board, office, or other subdivision of the county, required and allowable documents that are currently capable of electronic delivery;
- the actions and estimated costs that would be required to allow at least 80 percent of these documents to be filed electronically;

- any obstacles that might prevent 80 percent of documents from being filed electronically; and,
- additional information or considerations that would affect the county's ability to increase the number and type of filings that can be accepted electronically.

The report is due to the joint technology committee by October 15, 2021.

Signed by Governor Jared Polis: June 7, 2021
Effective Date: September 7, 2021

HB 21-1108
Concerning Updates to Prohibitions Against Gender-Based Discrimination To Clarify The Individuals Who Are Included In a Protected Class.

This bill amends the definition of "sexual orientation", adding definitions of the terms "gender expression" and "gender identity", and adds those terms to statutes that prohibit discrimination against members of a protected class. Among many other areas, this bill prohibits the imposition of occupancy requirements on charitable property for which the owner is claiming an exemption from property taxes based on the charitable use of the property.

Signed by Governor Jared Polis: May 20, 2021
Effective Date: September 7, 2021

HB 21-1132
Concerning Authorized Distributions from the Local Government Limited Gaming Impact Fund.

This bill clarifies § 44-30-1301, C.R.S., in that limited gaming impact fund money should be for documented negative gaming impacts. The bill also requires limited gaming impact grant awards to be prioritized for counties, and eligible local governmental entities located within those counties, that have lower property values compared to the property values of all counties that are considered eligible local government entities. Property values means the sum of the actual value of all property, including the actual value of all tax-exempt property, as of December 31 of the prior year.

Eligible government entities include the counties of Boulder, Clear Creek, Grand Jefferson, El Paso, Fremont Park, Douglas, Gilpin, Teller, La Plata, Montezuma, and Archuleta, any special district providing emergency services within those county boundaries, and any municipality located within those county boundaries, except the cities of Central, Black Hawk, and Cripple Creek. Additionally, the cities of Woodland Park and Victor are not considered eligible local governmental entities prior to July 1, 2002.

Negative impacts are defined as impacts that harm, damage, hurt, interfere, or undermine the eligible local governmental entity. Negative impacts include decreased property values in areas proximate to a licensed gaming establishment. They also include, but are not limited to; infrastructure costs, decreased number of new businesses and revenue in businesses cannibalized by gaming, increased rates of gambling addiction and indices associated with gambling addiction, increased rates of crime facilitated by the presence of a license gaming establishment, decreased employment in industries cannibalized by a licensed gaming establishment, increased traffic and accidents, increased noise, and increased socioeconomic inequality.

Local government limited gaming impact advisory committee duties include, among other

things, identifying and reviewing negative gaming impacts, and ascertaining property values for each county that is an eligible local governmental entity and comparing them to property values for all counties that are eligible local governmental entities.

HB 21-1267
Concerning a Board of County Commissioners' Optional Delegating of the Administrative Duty to Certify Mill Levies.

This bill makes two changes to the mill levy certification process. Generally, the board of county commissioners (BOCC) must hold a formal hearing to authorize the levy of property taxes by December 22 every year. This bill gives the BOCC the ability to authorize the levy of property taxes by written approval instead of by formal hearing.

The second change this bill makes is to give the BOCC the ability to authorize a staff member, or other third party, to certify the levies to the assessor.

HB 21-1292
Concerning a Requirement for Reporting Revenues Derived from Sports Betting Activity.

This bill affirms that sports betting revenues represent tangible elements of real property and 2021 Property Tax Legislation Page 4 of 8 creates a reporting requirement by the division of gaming in the department of revenue to include publication of aggregated, city-by-city information on revenue derived from sports betting.

This bill amends § 44-30-1507(3), C.R.S., with additional language regarding reporting and confidentiality. To protect taxpayer privacy, if there are fewer than three holders of active and valid sports betting licenses in Cripple Creek, Central City, or Blackhawk, the division shall aggregate that city's proceeds with the proceeds of the city that has the next lowest number of active and valid sports betting licenses. Should the Gilpin or Teller County assessors use the aggregated data which results in an increased property valuation, the county must notify the taxpayer on or before March 1 for each revaluation year. If the casino owner or taxpayer believes the valuation to be inaccurate, this bill permits the taxpayer to submit additional information to the assessor and the assessor shall treat any such disclosure as proprietary and confidential pursuant to statute.

Effective Date: January 1, 2022 unless a referendum petition is filed for the November 2022 general election.

HB 21-1312
Concerning Taxation and Insurance Premium Property Sales Severance Tax.

From a property tax perspective, this bill adds a definition of "fee simple estate" to § 39-1-102, C.R.S., and requires that the actual value of property reflect the value of the fee simple estate.

Section 5 of the bill clarifies that personal property must be valued in use and directs the Property Tax Administrator (PTA) to publish a definition of "value in use" for personal property.

This bill also increases the personal property threshold exemption, and sets up a mechanism for reimbursing taxing jurisdictions for the loss of property tax revenue due to this exemption. For the 2021 and 2022 tax years, the exemption threshold is raised from $7,900 or less to $50,000 or less in total actual value. Similar to current practice, this amount will be adjusted biennially by the PTA to account for inflation.

For the 2021 tax year, each assessor is required to calculate the total value of the additional personal property exempted by this bill. This would include all personal property accounts with a total actual value of $50,000 or less but greater than $7,900. This total value forms the "baseline exemption total" for a county or local governmental entity. The county treasurer must then calculate the total property tax revenues lost by each local governmental entity, based on exempted personal property actual value greater than $7,900 but not exceeding $50,000.

Beginning with the 2022 tax year, assessors must calculate the adjusted total value of the additional personal property exempted by this bill for the county and each local governmental entity. This adjusted total is calculated by taking the baseline exemption amount adjusted by the growth factor.

The growth factor is the total statewide percentage increase or decrease in personal property values as calculated by the PTA.

No later than February 1, 2022, and each year thereafter, the PTA must calculate the growth factor and publish this information on the Division of Property Taxation's website.

Beginning with the 2022 tax year, the county treasurer must calculate the total property tax revenues lost by each local governmental entity using the growth factor adjusted exemption amount calculated by the county assessor. Any one time personal property exemption as allowed by Senate Bill 21-130 should be reflected in this amount. No later than March 1, 2022, and each March 1 thereafter, the county treasurer will report to the PTA the total property tax revenues lost by each governmental entity. The PTA is required to review these tax revenue amounts, confirm their accuracy, and make corrections as necessary. The PTA then forwards this information to the state treasurer.

The state treasurer will issue warrants (reimbursements) to the county treasurers beginning April 15, 2022, and each year thereafter. The county treasurer shall distribute the total amount received from the state treasurer to the individual local governmental entities.

In the event that a county fails to receive a reimbursement warrant from the state treasurer, the state treasurer will report this to the PTA no later than May 1. This situation would occur if a county fails to provide the required reimbursement information to the PTA. If this occurs, the exemption amount to be used by the affected county or counties for personal property shall revert to the $7,900 or less exemption (or its inflation-adjusted successor), instead of the $50,000 or less exemption amount, for the following tax year and all tax years thereafter. This is considered the "alternative exemption amount."

Assessors are required to report the value lost because of this legislation on the annual certification of values for each town, city, school district, or special district.

This bill also encompasses additional legislation that does not directly affect county assessor offices.

SENATE BILL SUMMARIES

SB 21-019
Concerning the Authority of Assessors to Mail Abbreviated Notices of Valuation on a Postcard for Property Tax Purposes.

This bill authorizes assessors to mail an abbreviated notice of valuation on a postcard that has been approved by the Property Tax Administrator. Postcard notices of valuation must include an accurate summary of the valuation information as required in §§ 39-5-121(1) and (1.5), C.R.S., a link to access a long form notice of valuation online that contains all of the information required by the above mentioned subsections, a statement that taxpayers may receive a long form notice of valuation by mail, and a statement that informs taxpayers of their right to opt out of receiving future notices of valuation in a postcard format.

Signed by Governor Jared Polis: March 21, 2021
Effective Date: Beginning with NOVs that are required to be mailed no later than May 1, 2021.

SB 21-020
Concerning the Valuation of Property Related to Renewable Energy for Purposes of the Property Tax.

This bill amends § 39-4-101, C.R.S., to include definitions of clean energy resources and energy storage systems and adds both to the definition of a "public utility" in subsections (3)(a) and (b).

The bill also adds energy storage to the definitions of solar and wind energy facilities located in subsections (3.5) and (4), respectively. Provisions for the valuation of energy storage are added to § 39-4-102(1)(e)(I)(A), C.R.S. The bill also amends subsection (1.5)(b)(IV) to include storage.

For property tax years 2021 forward, the tax factor calculation for renewable energy facilities is modified from a twenty-year levelization period to a thirty-year period for facilities that begin generation on or after January 1, 2021. The bill establishes that after this thirty-year period the valuation of renewable energy facilities shall not exceed the depreciated floor value calculated on the cost basis method.

The bill adds subsection (1.5)(e) which directs the valuation of energy storage systems and clean energy resources by the Property Tax Administrator.

Finally, the bill amends § 39-5-104.7, C.R.S., so that locally assessed renewable energy facilities that would qualify for state assessment as a "solar energy facility", except for the size requirement, should be valued in the same manner as state assessed renewable facilities under § 39-4-102(1.5), C.R.S. Beginning in tax year 2021 assessors are required to use new income-based valuation procedures established by the PTA for solar energy facilities.

SB21-064
Concerning Criminalizing Retaliation Against an Elected Official.

Under current law, there is a crime of retaliation against a judge if an individual makes a credible threat or commits an act of harassment or an act of harm or injury upon a person

or property as retaliation or retribution against a judge. This bill adds elected officials and their families to the crime. The bill creates a similar crime if an individual makes a credible threat or commits an act of harassment as retaliation or retribution against an elected official or the official's family. Retaliation against an elected official is a class 1 misdemeanor unless committed by means of a credible threat, then it is a class 6 felony.

Effective Date: Property tax year beginning January 1, 2021

SB 21-131
Concerning Measures to Protect Personal Identifying Information Kept By State Agencies.

This bill creates several new measures to protect personal identifying information (PII) kept by state agencies. The bill prohibits state agencies and state employees from releasing PII that is not publicly available in order to assist with federal immigration investigations unless required by federal law, state law, or a court order. It also prohibits state agencies and state employees from inquiring about or collecting information concerning federal immigration status, unless the information is required by federal law or state law, is required for the execution of a state agency's duties, or is required to verify eligibility for government funded development and housing programs. The bill requires that any third parties, who access state databases that contain PII, must certify that they will not release PII pursuant to the rules for state agencies and employees. Additionally, requests for PII made by non-exempted third parties must be recorded and reported on a quarterly basis for evaluation by the governor's office and the Joint Budget Committee. Under this new PII regulation, state employees who intentionally violate these 2021 Property Tax Legislation.

Concerning the Front Range Passenger Rail District, and, In Connection Therewith, Creating The District for The Purpose of Planning, Designing, Developing, Financing, Constructing, Operating, and Maintaining a Passenger Rail System, Specifying the Territory, Governing Structure, Powers, and Duties of the District, and Reducing an Appropriation.

This bill creates a new title 32 special statutory district. The name of this district is "The Front Range Passenger Rail District" and is in the newly created article 22 (§§ 32-22-101 to 32-22-117, C.R.S.)

The purpose of the passenger rail district is for planning, designing, developing, financing, constructing, operating, and maintaining an interconnected passenger rail system along the front range.

The area that comprises the district extends from Wyoming to New Mexico. It includes the entirety of the city and county of Broomfield and the city and county of Denver. It also includes areas within the following counties; Adams, Arapahoe, Boulder, Douglas, El Paso, Huerfano, Jefferson, Larimer, Las Animas, Pueblo, and Weld.

Signed by Governor Jared Polis: June 30, 2021
Effective Date: Upon signature except Section 2 is effective May 15, 2022.

SB 21-293
Concerning Property Tax Classification and Assessment Rates.

The bill modifies the following statutes:

- § 39-1-103.8, C.R.S., the moratorium on changing the ratio of valuation for assessment is repealed.
- § 39-1-104(1), C.R.S., establishes a ratio of valuation for assessment of twenty-nine percent (29%) and applies it only to nonresidential property that is classified as lodging property.

  Subsection (1.6)(a) establishes the classification of hotels, motels, bed and breakfasts, and associated personal property as lodging property. Classification as lodging property does not affect a partial allocation if the property is mixed use.

  Subsections (1.6)(b) and (c) establish that real and personal property defined as renewable energy production and agricultural property are subclasses of nonresidential property.

  Subsection (1.8)(a) establishes a ratio of valuation for assessment of twenty-nine percent (29%) for these two property subclasses, except that, for property tax years commencing on January 1, 2022 and January 1, 2023, the valuation for assessment for these two subclasses is temporarily reduced to 26.4% of actual value.

  Subsection (1.8)(b) establishes a ratio of valuation for assessment ratio of twenty-nine percent (29%) for all other property classified as nonresidential property.

  Subsection (1.8)(d) describes nonresidential property as all taxable real and personal property in the state other than residential real property, producing mines, or land or leaseholds producing oil or gas. Nonresidential property also includes the subclasses of agricultural property, lodging property, and renewable energy production property.
- (Bill Section 3) § 39-1-104.2, C.R.S., defines “multi-family residential real property” to mean a duplex, triplex, or multi-structure of four or more units. Multi-family residential real property is a subclass of residential real property. This section establishes the ratio for valuation for assessment for all residential real property, and separately for multi-family residential real property, as 7.15%. Except that the ratio of valuation for assessment, for tax years commencing January 1, 2022 and January 1, 2023, is temporarily reduced to 6.95% of actual value for all residential real property that is not considered multi-family residential real property.
- (Bill Section 4) § 39-1-104.2, C.R.S., this section establishes the ratio of valuation for assessment for multi-family residential real property, as 7.15%. Except that the ratio of valuation for assessment, for tax years commencing January 1, 2022 and January 1, 2023, is temporarily reduced to 6.8% of actual value for multi-family residential real property.

- §§ 39-3.5-101(3.5) and 39-3.5-102, C.R.S., expands the qualifications to defer real property tax payments on a homestead to persons who are not sixty-five years of age and not called into military service. Beginning January 1, 2023, a person may elect to defer payment of the portion of real property taxes on their homestead that exceed that person's tax-growth cap. Taxpayers must file a claim for deferral with the county treasurer after January 1, but before April 1 each year. The minimum amount of deferral is $100 annually with a $10,000 maximum for all years. The governor's office, with the state treasurer, will study the property tax deferral program and make recommendations for possible changes to the general assembly by January 1, 2022.
- § 39-5-121, C.R.S., requires the notice of valuation to state the appropriate ratio of valuation for assessment. The Property Tax Administrator, prior to March 1, 2022, shall prepare a class and subclass description with the ratio of valuation for assessment and the applicable years. Assessors shall include the description with the notice or make it available on their website.
- § 39-1-103(10.5)(b), C.R.S., requires that the commercial lodging area of a bed and breakfast shall be assessed at the rate for lodging properties.

- § 39-5-122(2), C.R.S., was revised to state any change or adjustment of any ratio of valuation for assessment shall not constitute grounds for an objection. Prior to this bill the statement was limited to residential real property.
- § 39-10-114(1)(a)(I)(C), C.R.S., was revised to state the change or adjustment of any ratio of valuation for assessment shall not constitute grounds for an abatement. Prior to this bill the statement was limited to residential real property.

Certification of Levies and Revenues by County

The assessed values reflect those values existing in the counties on the date the levies are certified to the county commissioners, December 15. See: §§ 39-1-111(1), 39-1-111(5) and 39-5-125, C.R.S.

FOOTNOTES:

(A) Excess levy approved by Division of Local Government
(B) Excess levy revenue voted at special election

NOTE: Special Assessments on the tax roll are no longer shown.

SCHOOL DISTRICT CODING:

School districts entirely within a county:
Designated by the last position number of "0" or "5".

Multi-county school districts:
Designated by the last position numbers of "1" through "4". The administrative offices of the school district are located in the county designated by the code number "1". The adjoining counties are listed by code numbers "2" through "4", assigned to the counties alphabetically.

Questions regarding School District levies should be referred to the Department of Education, Office of Management Services.

(1) Average will not add to the Total Average County Levy because denominators (Assessed Valuation) are not common to all.

(2) Municipal Revenues are divided by the sum of Municipal Assessed Valuation.

(3) Special District Revenues are dividd by the sum of Special District Assessed Valuation.

* These figures include tax increment valuation and all tax revenues attributable to the increment are allocated to the increment
