

STATE OF COLORADO

2023

FIFTY-THIRD ANNUAL REPORT

**TO THE
GOVERNOR AND THE GENERAL ASSEMBLY**

Department of Local Affairs

Division of Property Taxation

This page intentionally left blank.

May 22, 2024

The Honorable Jared Polis
Governor of Colorado
and
The General Assembly of the
State of Colorado
200 E. Colfax Avenue
Denver, CO 80203

Governor Polis and Members of the General Assembly:

We are submitting the Fifty-Third Annual Report of the Division of Property Taxation in compliance with § 39-2-119, C.R.S. In addition to providing listings of assessed values in the counties and property tax revenues of the local taxing jurisdictions, the report contains statistical and summary information.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "JoAnn Groff", is written over a light gray circular stamp. The signature is fluid and cursive.

JAG:tmy

Section II

Administration

COLORADO PROPERTY TAX

OVERVIEW

In Colorado, the authority for property taxation is both constitutional and statutory. Article X of the Colorado Constitution provides that all property is taxable unless declared exempt by the Constitution, and that the actual value of taxable property shall be determined under the general laws to secure just and equalized valuations. The specific statutes pertaining to property taxation are found in articles 1 through 14 of title 39 of the Colorado Revised Statutes.

Under the general laws of Colorado, county assessors are required to discover, list, classify, and value all taxable property within their county boundaries except for those properties that are state assessed. The State Board of Equalization (Board) has supervision over the administration of all laws concerning the valuation and assessment of taxable property and the levying of property taxes. The Division of Property Taxation (Division), under direction of the Property Tax Administrator (Administrator), coordinates the implementation of property tax law throughout Colorado's sixty-four (64) counties.

The Colorado property tax system provides revenue exclusively for local government services. The largest share of property tax revenue for the year 2023 (50.67 percent) goes to support the state's public schools. County governments claim the next largest share (21.75 percent), followed by special districts (21.60 percent), municipal governments (4.73 percent), and local district colleges (1.25 percent). Total revenue for all taxing entities in Colorado for 2023 was certified as \$15,445,838,882.

TABLE 1 lists the percentage change in property tax revenue between taxes payable in 2022 and in 2023 for the existing types of taxing entities in Colorado.

TABLE 1

REVENUE CHANGE BY ENTITY TYPE FOR TAX YEARS 2022-2023	
Taxing Entity	% Change
School Districts	20.5%
Local District Colleges	21.9%
Counties	16.1%
Municipalities	23.3%
Special Districts	27.5%
Combined Change:	21.1%

STATE BOARD OF EQUALIZATION

The State Board of Equalization consists of the Governor, the President of the Senate, the Speaker of the House of Representatives, or their designees, and two members appointed by the Governor with consent of the Senate. Each appointed member must be a qualified appraiser, a former assessor, or a person who has knowledge and experience in property taxation.

There was only one membership change on the Board for 2023. Representative Bob Marshall was present only for the Board's October meeting. He was subsequently replaced by House Speaker Julie McCluskie. The Board met two times in 2023. For the first meeting, the Board was made up of the following individuals:

- Barbara Brewer, chairperson, appointee of Governor Jared Polis;
- Senator Chris Hansen, designee of Senate President Fenberg;
- Representative Bob Marshall, designee of House Speaker McCluskie;
- Bernard Buescher, designee of Governor Jared Polis; and
- Marty Flaum, appointee of Governor Jared Polis.

For the Board's December meeting, House Speaker Julie McCluskie replaced Representative Bob Marshall.

Duties and Responsibilities

The Board supervises the administration of property tax laws and the equalization of the values of all the classes and subclasses of taxable property across the state. Duties of the Board are found primarily in sections 3 and 15 of article X of the Colorado Constitution, and articles 1 and 9 of title 39 of the Colorado Revised Statutes.

The Board reviews the findings and conclusions of the annual study contractor and orders reappraisals in counties found to be not in compliance. The study was initiated by a 1982 amendment to the Colorado Constitution to ensure all assessors value property at the same level of value using standardized procedures and statistical measurements. The study is conducted by an independent auditing firm contracted by the Director of Research for the Office of Colorado Legislative Council, § 39-1-104(16), C.R.S. The study and the resulting orders of reappraisal are the primary means of achieving statewide equalization. Each year, the auditor performs both a ratio study and a market trend analysis. The auditor also reviews both sold and unsold properties in addition to agricultural residences and any other areas as directed by the Office of Colorado Legislative Council.

The following companies were contracted for the annual study since 1982:

- 1983-1986 – Max Arnold and Assoc.
- 1987 – Hoover and Assoc.
- 1988 – Hoover, Thimigan and Assoc.
- 1989-1992 – Thimigan and Assoc.
- 1993-2002 – Thos Y. (T.Y.) Pickett and Co. Inc.
- 2003-2008 – Rocky Mountain Valuation Specialists, LLC
- 2009-2022 – Wildrose Appraisal, Inc., Audit Division
- 2023 – East West Econometrics, LLC

The importance of the Board's equalization function is due, in part, to the relationship that exists between assessed values and state aid to schools. Generally, if the property in a school district is undervalued, it is likely the district will receive more state revenue than to which it is entitled. When the results of a reappraisal order indicate the affected school district(s) received too much state revenue, the Board will order the county (not the school district) to pay back the excess funding.

During the 1980s and early 1990s, this occasionally required the repayment of substantial revenue to the state. In years that are more recent, however, significant improvements in the quality of county assessments have resulted in far fewer reappraisal orders and smaller repayments of excess state aid to schools.

The Board also reviews county Abstracts of Assessment, decisions of county boards of equalization (county boards), and the policies and recommendations of the Property Tax Administrator and any changes to the three volumes of the Assessors' Reference Library published by the Administrator.

STATE BOARD OF EQUALIZATION ACTIVITY

The following is a brief history of recent actions by the State Board of Equalization over the most recent five-year period, from 2023 back to 2019.

2023 Action and Enforcement

In 2023, the Board held two meetings; October 12, 2023, and December 18, 2023. Both meetings were held via remote access only.

At the Board's first meeting in October, the Board held elections of officers, where Chair Brewer called for nominations of a chair and vice chair. Chair Brewer was elected Chair for another year and Mr. Buescher was elected vice chair. The Board then reviewed the minutes from its last meeting on October 13, 2022 and approved them as written. Moving to the next agenda item, the Board considered waivers of filing deadline for exempt property owners. After a brief explanation of the consent agenda of properties by Terry Long, manager of the Exemptions Section, the Board unanimously adopted a new filing deadline of November 20, 2023, for these requests, and also accepted the waiver requests for all of the organizations on the consent agenda. Five requests to waive the filing deadline were highlighted for discussion. After asking for any interested speakers and hearing none, the Board granted the five waivers and moved on to the next agenda item.

Administrator Groff recommended the Board accept the reports provided by the state auditor, including sixty-three County Reports for 2023, the 2023 Personal Property Report, the 2023 Sales Verification Report, and the 2023 Statutory Deadline Report. Mr. Fuller, audit manager of East West Econometrics, LLC shared that there were two time sensitive outstanding reports, the Abstract Reports and CBOE Change Report, which will be reported in December. He then introduced Mr. Kane, chief statistician, who shared that analysis was comprised of performing three major studies: the ratio study, market trending study, and the sold/unsold study. Additionally, an analysis of valuation bias, aka price-related differential (PRD), was performed. Valuation bias is reviewed closely per the Division and Legislative Council's request.

Mr. Kane gave a detailed presentation on each of the studies done by the audit and its results for sixty-three counties. Mr. Fuller finished the presentation with his expectations of Lake County submitting data to the audit by the December 18, 2023 meeting and he anticipated that Lake County will be in compliance after their mid-November submission of values.

Chair Brewer called for questions of the auditor's presentation. There were none. The Board continued to the next agenda item concerning the abstracts of assessment and the changes ordered by county boards of equalization. Thomas Young, with the Division, recommended the Board accept and approve fifty-four abstracts that were filed by the August 25 deadline. The remaining abstracts for Adams, Arapahoe, Boulder, Denver, Douglas, Jefferson, Lake, Pitkin and Saguache Counties would be filed under the alternate-protest process by the November 21 deadline.

Administrator Groff informed the Board that traditionally they vote to allow the chair to approve the late-filing abstracts unless there are issues. However, this year she recommended they actually hold a meeting to consider known actions taken in Douglas, Costilla and Lake Counties, and any other issues that might arise in the alternate-protest counties. The Board unanimously approved a meeting

to be set for December 18. Administrator Groff explained that with the level of public interest in these actions, a December meeting allows the public to submit comments or material they wish the Board to discuss. Mr. Buescher requested that the Board's attorney, Assistant Attorney General (AAG), Heather Flannery, advise them during the meeting on the actions of Douglas County and other counties on the constitutional and statutory authority to make changes to the assessment rate. AAG Flannery responded that she would be prepared and distribute written material beforehand. Chair Brewer recognized Douglas County Assessor, Toby Damisch. Assessor Damisch responded that he made himself available for questions but was not prepared to make a formal statement at this meeting.

Chair Brewer proceeded to the next agenda item to consider changes to the Assessors' Reference Library. Administrator Groff gave a brief introduction for the benefit of the new members as to how the process works. She continued, explaining there were no controversies, comments, or recommended changes from any parties. Administrator Groff recommended the Board approve the changes in one motion. There were no objections and that motion passed unanimously.

Chair Brewer thanked everyone for their assistance throughout the process and requested a motion to set October 10, 2024 as next year's State Board of Equalization meeting date. Chair Brewer then adjourned the meeting without a motion.

During the December 18 meeting, the entire Board was present and approved the minutes of the October 12, 2023 meeting. It also unanimously approved the consent agenda for the exempt property owners seeking a waiver of filing deadline for annual reports as presented by Moses Roybal of the Exemptions Section of the Division.

The Board convened an Executive Session and, upon returning, proceeded to the presentation of the Annual Assessment Audit. East West Econometrics was introduced by Administrator Groff. They submitted the 2023 Abstract Projections and the 2023 County Board of Equalization Adjustment reports to the Board. Additionally, the Lake County report, which was not available during the October 12, 2023, meeting, and the Douglas County report, after the County Board of Equalization's adjustment, were submitted. The Board made a motion to release the reports. It passed unanimously.

Steve Kane of East West Econometrics, LLC presented the assessment audit findings for Lake County, which was found in complete compliance with all statistics. The auditor felt that after review of the CBOE Adjustments report, more counties may have fallen out of compliance than originally anticipated. Administrator Groff recommended setting a meeting to review the findings on January 26, 2024. This would allow counties who may have fallen out of compliance to be noticed before the meeting.

Administrator Groff presented the next agenda item to consider, the remaining ten abstracts that were filed on the alternate protest period. No errors were found with the ten counties, and with Douglas County listed later in the agenda for discussion, Administrator Groff recommended the remaining nine abstracts be accepted and the Board passed the motion unanimously.

The Board then considered Douglas County and the changes made by its County Board of Equalization. Administrator Groff explained that the Division found the residential value changes of the CBOE in Douglas County were within the compliance parameters followed by the Division to make recommendations to the Board. That review considers significant outliers, and whether CBOE changes net more than a five percent change overall to a class of property. This review took into consideration the total of all changes to the residential class of property made by the CBOE.

Mr. Kane provided the Board its findings regarding Douglas County, indicating they reran the residential class of property after the CBOE changes and the results were that the county was still in compliance with a median sales ratio of 0.953 and a coefficient of dispersion at 5.7. The audit also conducted their analysis by economic area for the seven areas in Douglas County and all were above the 0.95 compliance standard floor set by the Board.

Assessor Damisch presented information to the Board, explaining how 2023 was an extraordinary reappraisal year with record value increases; the median residence increased forty-seven percent. Assessor Damisch stressed that, even after a four percent decrease, the growth rate was still much higher in comparison to the other metro counties. He also explained that sales at the height of the market were dominating the valuation models, but the height actually occurred six to eight weeks before the appraisal date. The results of re-time trending the value to the appraisal date justified lowering the values of the residential class in Douglas County.

Administrator Groff then called on those that signed up to address the Board in the order that they signed up. The Board heard from the president of Larkspur Fire Protection District, Mr. John Zimmerman with Value West, the Fire Chief at West Douglas County Fire Protection District, and the Chief of the NW Fire Protection District in Park County, who also serves as the President of the Colorado State Fire Chiefs. The speakers affiliated with fire protection districts all emphasized that the way the Douglas County CBOE lowered residential values would not be good for fire protection services as it would negatively impact their property tax revenue. Mr. Zimmerman's comments were centered on the valuation process in Colorado and how Colorado's reappraisal process is focused on actual values of properties, not indexes or factor values. With true respect to Assessor Damisch, he felt a broad percentage applied to a whole class of property harms the system. When errors are found they should be identified at a more detailed level than in a countywide class of property.

Administrator Groff asked AAG Flannery to explain the implications should the Board accept or refuse Douglas County's abstract. AAG Flannery explained that if the Board chooses to modify the valuation for assessment on this class of property in Douglas County, a motion and a second is required to modify, with details of the amounts to the modification. If it passes, the Board will need to issue a written order. She asked that the board delegate to one board member to work with counsel to get a written summary of the meeting and the decision issued to Douglas County and published. It would take effect for the 2023 taxable year, and that would be made clear in the written order and the motion as well. This would not be a reappraisal order, but would fall under valuation for assessment that was changed by the CBOE on a particular class of property.

Chair Brewer requested a motion. Senator Hansen moved to modify Douglas County's residential class values by rejecting the four percent across the class reduction from the CBOE and re-establishing the prior values. The motion passed unanimously. Chair Brewer then also requested a motion to delegate to the chair to produce the decision in writing and issue a final order. There were no objections and the motion passed unanimously.

The Board then moved to approve changes to the Assessors' Reference Library under Administrator Groff's recommendation as there were no contentious matters raised during the meeting or pre-meeting. Chair Brewer acknowledged the Property Tax Commission and the work that Administrator Groff would be involved in over the next few months. Administrator Groff announced that there was one person left signed up to speak who wanted to address the Board. A Boulder County property owner provided a letter detailing his difficulties getting data from the county used to value his property as required by law. Boulder County Assessor, Cynthia Braddock, addressed the Board and shared that a new tracking system for commercial data requests was implemented. After explaining to the taxpayer that his next step would be to appeal to the BAA, Chair Brewer adjourned the meeting.

2022 Action and Enforcement

In 2022, the Board held two meetings; January 10, 2022 and October 13, 2022. Both meetings were held via remote access only in accordance with Executive Order D 2020 144, Safer at Home and in the Vast, Great Outdoors.

At the Board's first meeting in January, the Board held elections of officers, where board member Barbara Brewer was elected chairperson, and Cathy Kipp was elected vice-chair. The Board then reviewed the minutes from its last meeting on October 15, 2021 and approved them as written. Moving to the next agenda item, the Board considered waivers of filing deadline for exempt property

owners. After a brief explanation of the consent agenda of properties by Terry Long, manager of the Exemptions Section, the Board heard speakers for a handful of organizations that had joined the meeting, including:

- Assembly of God dba Open Door Church
- Iglesia Apostolica De La Fe en Cristo Jesus in US
- Central Baptist Church

The Board unanimously adopted a new filing deadline of February 18, 2022 for these requests, and also accepted the waiver requests for all of the organizations on the consent agenda. Mr. McGrath, manager of the Assessment Resources and Appraisal Standards Sections, then explained to the Board certain proposed changes to the Assessors' Reference Library publications. For Volume 2, there were significant changes due to a piece of legislation, SB21-293 and for Volumes 3 and 5, there were necessary annual changes in rates, factors and calculations. Administrator Groff outlined the steps that these proposed changes had already gone through with stakeholder meetings and that the Statutory Advisory Committee had unanimously approved the changes.

The Board unanimously approved the changes to become effective immediately. The Board set the date for the next meeting on October 13, 2022, and then adjourned its meeting.

The Board's second meeting on October 13, 2022, began with roll call. The first agenda item considered was review and approval of the minutes from the last meeting, which took place January 10, 2022. They were passed unanimously as written. The Board then had several reports submitted to it from the assessment audit, Wildrose Appraisal, Inc., including sixty-four county reports for 2022 the 2022 Personal Property Report, the 2022 Sales Verification Report, and the 2022 Statutory Deadline Report. The Board unanimously passed a motion to approve all the reports as submitted. After which, Harry Fuller and Steve Kane of the audit were recognized to discuss the audit and its findings. Mr. Fuller noted that there are two outstanding reports, Abstract Reports and CBOE Change Reports, which will be finished in December due to the counties on the alternate protest procedure.

Mr. Kane then presented to the Board the detailed statistical results of the 2022 audit. After explaining the ratio study, the market trending study, and sold/unsold study, he went on to describe the additional work the audit accomplished using the price related differential as a way to examine if all homes are being treated equally across the value spectrum. Results showed that 62 of 64 counties were within the acceptable measurable range, and the two that had evidence of bias were barely outside of the acceptable range and could have been an anomaly due to few sales.

Thomas Young of the Division recommended that the Board accept and approve sixty abstracts that were filed by the August 25 deadline. The remaining abstracts for Adams, Boulder, Gunnison, and Jefferson counties would be filed under the alternate protest process by the November 21 deadline. The Board moved to authorize the chair to review and approve the remaining abstracts and there were no objections.

The Board authorized the chairperson to approve the remaining abstracts by December, 15, 2022. The Board then addressed waivers of the filing deadline for exempt property owners. First, the Board approved a new deadline of Monday, November, 21, 2022, following the recommendation of the Division. The consent agenda of property owners was approved for the waiver, and two specific cases were highlighted for the Board's attention. Afterwards, representatives who wished to speak to the Board on behalf of their organization were invited to speak. The Board heard from representatives for Young Life, Boys and Girls Clubs of Metro Denver, Bessemer Historical Society, and Adventure West Council, Boy Scouts of America.

Administrator Groff then presented information to the Board about changes to the Assessors' Reference Library and explained that there were no controversial items and no objections from the Statutory Advisory Committee. The Board approved all presented changes to the three volumes. Before adjourning, the Board approved of the 2023 meeting date of Thursday, October 12, 2023.

2021 Action and Enforcement

In 2021, the Board held two meetings; March 26, 2021 and October 15, 2021. Both meetings were held via remote access only in accordance with Executive Order D 2020 144, Safer at Home and in the Vast, Great Outdoors.

At the Board's first meeting in March, the Board reviewed the minutes from the last meeting, which took place November 17, 2020. The minutes were approved and the Board moved on to the remaining agenda items for that meeting. The first of those agenda items was consideration of changes to the Assessors' Reference Library. The Board approved all of the changes to the manuals that were presented. The Board then took up the last item on its agenda: the supervision of the property tax administrator. After a brief executive session the Board heard testimony from the Eagle County Attorney and representative of the Eagle County Board of County Commissioners, Bryan Treu.

Mr. Treu explained to the Board the difficulty that the county had with Deputy Director Curt Settle of the Division of Property Taxation and how Mr. Settle's relationship with Bruce Cartwright, managing director of Duff and Phelps appeared inappropriate. Mr. Treu believed that Mr. Settle was actively assisting Mr. Cartwright in various property tax appeals against the county. Through Colorado Open Records Act requests, Mr. Treu obtained and presented to the Board, email correspondences showing how Mr. Settle routinely accepted invitations for meeting with Mr. Cartwright and reached out to him for feedback on Division policy. Mr. Treu was supported by San Miguel County Commissioner Kris Holstrom and La Plata County's Board of County Commissioners in asking for transparency of the Division's leadership.

Property Tax Administrator JoAnn Groff responded and explained her responses to the counties' CORA requests and the Division's protocol about engagement on issues of property taxation. The Board also heard from Mr. Settle directly as he explained the various points brought up by the counties. Administrator Groff suggested the board take formal action regarding written policies of engagement for Division employees, and it did with the requirement that the policies be posted on the Division's website.

The Board's second meeting dated October 15, 2021, began with review and approval of the minutes from the March meeting. The Board then moved to the remaining agenda items for the meeting, which included presentation of the annual assessment audit, consideration of the abstracts of assessment, consideration of requests to waive filing deadline of annual reports from exempt property owners, and finally consideration of changes made to the Assessors' Reference Library.

The Board accepted all Final Property Assessment Study Reports, the 2021 Abstract Projection Report, the 2021 County Board of Equalization Adjustment Report, the 2021 Personal Property Report, the 2021 Sales Verification Report, the 2021 Statutory Deadline Report, and the 2021 Land Not Integral Report. The Board heard from the auditor, Wildrose Appraisal, Inc., and the audit's results for the year and what to expect looking ahead. Joette Riley of the Division recommended that the Board accept and approve fifty-eight abstracts that were filed by the August 25 deadline. The remaining abstracts for Adams, Boulder, Denver, Douglas, Gunnison, and Jefferson counties would be filed under the alternate protest process by the November 21 deadline. The Board moved to authorize the chair to review and approve the remaining abstracts and there were no objections.

The Board approved a deadline of November 30, 2021, for all exempt property owners to file the annual reports with the Division. This deadline was approved for all organizations that were on the consent agenda list. The Board then reviewed those requests for filing deadline waivers that the Division highlighted for discussion, which included the following organizations:

- Campbell Chapel AME Church
- Center for Fine Art Photography
- Fellowship Benevolent Corporation
- New Life Worship Center of Fort Morgan
- American Honda Education Corp

After discussion, the Board granted all waiver requests, again adopting the filing deadline of November 30, 2021, for all five organizations in one motion. The Board unanimously adopted and approved all of the changes as proposed to the Statutory Advisory Committee for the Assessors' Reference Library.

The Board was then presented with Administrator Groff's "*Protocol for External Engagement*," drafted under the board's direction in March. She explained that in addition to direction for division employees, the document also includes links to a number of resources and codes of conduct that govern employees of the Division of Property Taxation under Department of Local Affairs, the state statutes and the constitution. As the board had directed, she explained that the protocol had been shared with employees and was already posted on the division's website.

2020 Action and Enforcement

In 2020, the Board held three special meetings and one regular meeting which is customarily in October. The meetings were dated January 10, April 9, August 4, and November 17.

The Board held its first special meeting on January 10, 2020. At the meeting, the Board first reviewed the minutes from the last meeting which took place on October 8, 2019. The minutes were approved and then the Board moved on to the topic of requests from exempt property owners to waive the filing deadline of annual reports. Stan Gueldenzopf, manager of the Exemptions Section, noted that twenty-eight new petitions had been submitted since the Board last met.

The filing deadline was extended to February 24, 2020, for all waivers being considered both on the consent agenda and those highlighted for discussion. The list of properties on the consent agenda was approved for a waiver and the motion passed unanimously. The Board then listened to the request that was highlighted for discussion regarding the property owned by House of Worship United Pentecostal. The board approved the waiver for this organization going back to 2015, and also made the entity accountable for all fees and interest incurred. After passing the motion unanimously, the board adjourned the meeting.

The Board met again on April 9, 2020. This meeting was held via remote access only to comply with Governor Jared Polis' Executive Order D 2020 017 Ordering Coloradans to Stay at Home Due to the Presence of COVID-19 in the State, and the Third Updated Public Health Order 20-24, Implementing Stay at Home Requirements. The Board heard Property Tax Administrator JoAnn Groff explained the purpose of the meeting was for proposed emergency rule making related directly to Executive Order D 2020 022, ordering the Temporary Suspension of Statutes Concerning Taxpayer Filing Requirements for Certain Taxable Property due to the Presence of COVID-19 in the state. The emergency rules considered supervision of the administration of the property tax laws.

Ms. Groff noted that the rules, if adopted by the board, would go into effect immediately and would be forwarded to the attorney general's office requesting opinion on their legality. Chairwoman Hullinghorst then convened the board in an executive session for the purpose of receiving legal advice from the board's attorney, Heather Flannery.

The Board delayed considering a question from Mesa County about expanding the median sales ratio requirement upon advice from counsel. Ms. Groff then continued to explain how the purpose of the emergency rules related directly to Executive Order D 2020 022, ordering the Temporary Suspension of Certain Statutes Concerning Taxpayer Filing Requirements for Certain Taxable Property due to the Presence of COVID-19 in the state. The Board reviewed a table format that outlined the relevant statutes, current deadlines and new deadlines imposed by this change. Specifically, those rules addressed the filing deadlines of:

1. Business personal property, found in sections 39-5-108 and 39-5-116(1) of the Colorado Revised Statutes;

2. Taxable natural resource property – mining, found in sections 39-5-115(1); 39-5-116(1); 39-6-106(1); and 39-6-113(3), of the Colorado Revised Statutes; and
3. Taxable oil and gas property found in sections 39-7-101(1), (2); 39-5-113.3(1); and 39-5-116(1), of the Colorado Revised Statutes.

The proposed emergency rules moved those deadlines from April 15, 2020 to June 15, 2020. Additionally, the executive order suspended other deadlines to accommodate the extension of the filing deadlines for taxpayers. The extension of these other dates was necessary to prepare the values of those properties to be included in the certification of value to taxing jurisdictions for 2020. The additional deadlines were found in the following statutes:

1. Notices of valuation to property owners, sections 39-5-121(1.5)(a)(I); 39-6-111.5; and 39-7-102.5, of the Colorado Revised Statutes;
2. Protest period for property valuations, sections 39-5-121(1.5)(a)(I) and 39-5-122(2), (4), of the Colorado Revised Statutes;
3. Notice of determination, section 39-5-122(2), of the Colorado Revised Statutes;
4. Extended appeal calendar, section 39-5-122.7, of the Colorado Revised Statutes;
5. Appeals to County Board of Equalization, sections 39-8-106(1)(a) and 39-8-107(2), of the Colorado Revised Statutes;
6. Preliminary certification of values, section 39-5-128(1), of the Colorado Revised Statutes;
7. Reports of assessor, section 39-8-105(2), of the Colorado Revised Statutes;
8. Abstracts of assessment, sections 39-2-115(1) and 39-5-123, of the Colorado Revised Statutes; and
9. Abstract recommendations, section 39-2-115(3), of the Colorado Revised Statutes.

The Board unanimously adopted the rules as they were imperatively necessary to comply with Executive Order D 2020 022, and for the preservation of public health, safety, or welfare because the extension of regular deadlines, further facilitated taxpayers' ability to comply with Executive Order D 2020 017 and D 2020 024, Ordering Coloradans to Stay at Home Due to the Presence of COVID-19 in the State, and Third Updated Public Health Order 20-24, Implementing Stay at Home Requirements. Chairwoman Hullinghorst then closed discussions on the emergency rule making topic and moved to call to order a discussion on waivers of filing deadlines for exempt property owners.

Ms. Groff explained that due to Executive Orders D 2020 017 and D 2020 024, ordering Coloradans to Stay at Home Due to the Presence of COVID-19 in the State, and the Third Updated Public Health Order 20-24, Implementing Stay at Home Requirements, it may be difficult for exempt property owners to meet their annual report filing deadlines as described in section 39-2-117(3)(a)(I) of the Colorado Revised Statutes. This statute allows the Property Tax Administrator the authority to waive all or a portion of the late filing fee for good cause shown. She also explained it was her intention to waive the late filing fee for all exempt property owners who file their annual reports after April 15, but no later than by the extended filing deadline of June 15. Ms. Groff explained that this statute also imposes a final filing deadline of July 1, and that the Board has the right to waive filing deadlines for exempt property owners who miss the July 1 deadline if they find the interests of justice and equity would be served.

The Board issued a blanket waiver of filing deadline for all exempt property owners to file their annual reports by September 1, 2020, and then the meeting was adjourned.

The Board held its third special meeting on August 4, 2020. The meeting was also via remote access only in accordance with Executive Order D 2020 144, Safer at Home and in the Vast, Great Outdoors.

The first action the Board to was to approve the minutes from the January 10, 2020 and the April 9, 2020 meetings. Ms. Groff explained that the meeting is to consider Emergency Rule 3, relating to Executive Order D 2020-22, as amended and extended by Executive Orders D 2020 055, D 2020 089, D 2020 121, and D 2020 150, to continue the temporary suspension of calendar year 2020 statutory deadlines necessary to accommodate taxpayer filing deadlines that were extended for certain taxable property. The rule was being considered as part of the General Rules Regarding Supervision of the Administration of Property Tax Laws. The rule was to be forwarded to the Attorney General's office after adoption for a request on the constitutionality and legality of the rules. Ms. Groff explained The reason for the proposed emergency rule related directly to Executive Order D 2020 150 to continue the temporary suspension of calendar year 2020 statutory deadlines necessary as an extension of Executive Order D 2020 22, ordering the Temporary Suspension of Statutes Concerning Taxpayer Filing Requirements for Certain Taxable Property due to the Presence of COVID-19 in the state. The extension of the deadlines was necessary to prepare the values of the properties to be included in the certification of valuations. The new deadlines were:

1. Notices of valuation to property owners, sections 39-5-121(1.5)(a)(I); 39-6-111.5; and 39-7-102.5, of the Colorado Revised Statutes;
2. Protest period for property valuations, sections 39-5-121(1.5)(a)(I) and 39-5-122(2), (4), of the Colorado Revised Statutes;
3. Notice of determination, section 39-5-122(2), of the Colorado Revised Statutes;
4. Extended appeal calendar, section 39-5-122.7, of the Colorado Revised Statutes;
5. Appeals to County Board of Equalization, sections 39-8-106(1)(a) and 39-8-107(2), of the Colorado Revised Statutes;
6. Preliminary certification of values, section 39-5-128(1), of the Colorado Revised Statutes;
7. Reports of assessor, section 39-8-105(2), of the Colorado Revised Statutes;
8. Abstracts of assessment, sections 39-2-115(1) and 39-5-123, of the Colorado Revised Statutes; and
9. Abstract recommendations, section 39-2-115(3), of the Colorado Revised Statutes.

These deadlines were to complete the changes necessary to accommodate the later filing deadlines contained in Executive Order D 2020 022 and the Board's Emergency Rules 1 and 2 that were adopted on April 9, 2020.

The Board adopted these changes to approve of Emergency Rule 3 and then adjourned the meeting.

The board held its fourth and final meeting on November 17, 2020 which was the Board's only regular meeting for the year. It was also held via remote access only in accordance with Executive Order D 2020 144, Safer at Home and in the Vast, Great Outdoors. The first action that the Board took was to unanimously approve the minutes from the previous meeting of November, 4, 2020.

Wildrose Appraisal, Inc. submitted sixty-four county reports as required by their contract to the State Board of Equalization in a manner timely for review prior to the meeting. Mr. Harry Fuller, the audit manager, gave an overview of all of the reports and asked the Board to accept the following reports for all sixty-four counties:

- 2020 Property Assessment Study Report
- 2020 Abstract Projection Report
- 2020 County Board of Equalization Adjustment Report
- 2020 Personal Property Report
- 2020 County Sales Verification Report
- 2020 Statutory Deadline Report
- 2020 Land Not Integral Report

Mr. Fuller then introduced Mr. Steve Kane, the data analyst for the audit, to present the statistical results for the 2020 audit. Mr. Kane began with an overview of the audit results, how the audit was performed in 2020, and what to expect looking ahead.

Thomas M. Young, a property tax specialist of the Division's Assessment Resources Section gave a presentation about the review process done for the county board of equalization changes and consideration of the abstracts of assessment. The emergency rules adopted by the Board extended the usual August 25 filing deadline to October 13, 2020. The Division reviews all county abstracts and recommends them for approval by the Board if they are in balance and complete - however if a county board of equalization change indicates that the value of any subclass of property was adjusted by more than five percent, that abstract is subject to further review by the Division. Fifty-nine counties had filed by the October 13 deadline and were reviewed with no issues found and were recommended for approval.

The remaining counties of Adams, Boulder, Douglas, Gunnison, and Jefferson opted to use the alternate protest and appeal process, which extends that filing deadline to December 1, 2020 under this year's emergency rule. The Board unanimously agreed to allow Chairwoman Hullinghorst to sign and approve the remaining abstracts if there were no issues detected with them.

The Board then proceeded to consider the requests from exempt property owners to waive the filing deadline. Terry Long, manager of the Exemptions Section, presented information to the Board about the consent agenda and additional properties that were highlighted for discussion. The Board unanimously approved moving the extension of the deadline to December 31, 2020 for filing. The Board also unanimously approved the consent agenda for all the organizations listed.

Mr. Long then brought the board's attention to a few specific organizations highlighted for discussion. Those organizations included:

- Theatine Fathers St. Andrew Avellino Seminary
- Reconstruction Road Ministries
- International Church of the Foursquare Gospel
- American Legion Summit Post #31
- Maslow Academy of Applied Learning Inc.
- Triangle Cross Ranch
- Platteville Baptist Church

There were individuals present representing two of the organizations listed for discussion:

- Platteville Baptist Church
- Triangle Cross Ranch

After speaking with the two representatives for these organizations and answering their questions, the Board unanimously approved granting the waiver of filing deadline for all properties listed above. The new filing deadline was set as December 31, 2020, and the organizations were also asked to complete a succession plan for how the organization was going to avoid this situation in the future.

Mr. Long then brought the Board's attention to two additional organizations:

- Community Youth Foundation Inc.
- New Jerusalem Missionary Baptist Church

These organizations were highlighted due to some shared characteristics. Both were a number of years behind in their filings, and both had sought relief from the Board in the past. They were granted the waiver of filing deadline previously, yet failed to file even by the extended deadlines granted - possibly due to a lack of funds as it is a \$250 fee per late annual report. The Board unanimously approved extending the filing deadline for all prior years for the two organizations to December 31, 2020. The board's action also included a request to submit a written succession plan.

The last highlighted organization was in a unique position. That organization was:

- Cortez Veterans Inc.

The property was sold and the property owner applied for exemption again. Mr. Long believed the property would qualify, and in the organization's petition to the Board, it requested a refund of taxes paid for 2018 and 2019. Mr. Long pointed out that it is not within the Board's power to grant refunds of taxes, there is no action to be taken on that particular waiver request.

The last agenda item that the Board considered was to take action to reappoint JoAnn Groff as the Colorado Property Tax Administrator for another five-year term. Ms. Groff's current term expires on January 1, 2021. The board unanimously voted to re-appoint Ms. Groff for another term.

After deciding on a meeting date for the next regular meeting of the Board in 2021, the meeting was adjourned.

2019 Action and Enforcement

The board met once in 2019 on October 8, 2019.

At the Board's annual meeting, the Board first elected Chairwoman Hullinghorst and Vice-chairperson Barbara Brewer before reviewing the minutes from the last meeting that took place October 17, 2018. The Board approved the minutes and then Curt Settle, Deputy Director of the Division, introduced the Board's constitutional and statutory authority, duties, and responsibilities with respect to the audit. Mr. Settle also explained to the members the significant changes of the 2019 audit contract. Curt Settle then introduced Harry Fuller with Wildrose Appraisal, Inc. to give the report of the 2019 audit. Mr. Fuller reported that there were no counties out of compliance after visiting all 64 counties and looking at compliance with statutes, Board rules, and the ARL. Mr. Fuller asked the board to accept all of the final reports, and then introduced Mr. Kane to present the statistical results of the findings.

Mr. Kane went through and outlined the sales ratio study, the market trending, the sold and unsold analysis, and finally agricultural residences. He noted that if a county had fewer than 1,200 vacant land parcels, it does not qualify for the sales ratio analysis for vacant land. As a result, only 42 counties had the analysis completed on the vacant land class. Mr. Kane discussed the unit values test and the percent change test for the sold and unsold analysis. He concluded that all counties were in compliance. Mr. Kane also noted that under the expanded analysis for the 2019 contract, where the auditor was required to look at economic areas and neighborhoods instead of just subdivisions, all counties were in compliance on all classes.

Mr. Kane answered a few questions about the eighteen month data gathering period which sets the level of value and the increased interaction the auditor had with the assessors this year which allowed many eastern counties to analyze commercial properties that were experiencing significant market appreciation due to the marijuana market expanding from larger, urban counties.

Mr. Fuller then gave an overview of all of the reports and asked the Board to accept the following reports:

- 2019 Property Assessment Study Report for each of the 64 counties
- 2019 Abstract Projection Report for the 58 counties not on extended appeals schedule
- 2019 County Board of Equalization Adjustment Reports for the 58 counties not on the extended appeals schedule
- 2019 Personal Property Report for all counties
- 2019 County Sales Verification Report for all counties
- 2019 Statutory Deadline Report for all counties
- 2019 Land Not Integral Report for all counties

After accepting the reports, the board moved on to review the Abstracts of Assessments. Mrs. Renée Bridges presented the review and explained that no issues were found. She requested the Board approve the 58 county abstracts submitted to the Property Tax Administrator. The Board decided that the chair would later approve the remaining abstracts should there be no issues.

The next agenda item the Board addressed was the list of exempt organizations requesting the Board to waive the filing deadline for its paperwork in order to maintain exempt status. Mr. Stan Gueldenzoepf, manager of the Exemptions Section of the Division of Property Taxation, reminded the

board of its ability to set an extended filing deadline and recommended setting the date to November 18, 2019. He then continued to the Consent Agenda. The Board then accepted the Consent Agenda and the late filing date of November 18, 2019.

There were individuals present representing organizations listed on the Consent Agenda for:

- Georgetown Trust for Conservation and Preservation, Inc.
- Veterans of Foreign Wars North Park Post 2371
- Berthoud Habitat for Humanity, Inc.
- Arkansas Valley Hospice Inc.
- Bible Way Christian Training Center

The Board spoke with each representative, and then approved the Consent Agenda with clarifying language that any refund on taxes paid, does not include interest.

Mr. Gueldenzopf then brought the Board's attention to a few specific organizations that were highlighted for discussion. Those organizations included:

- Korean Senior Association of Colorado
- Solid Rock Baptist Church
- Al Mustafa Islamic Center
- Housing is Vital, LP
- Juan Diego Partnership, LLLP
- Del Norte's Chesney Kleinjohn, LLC
- New Jerusalem Missionary Baptist Church
- Cañon City Rodeo Assn
- Gateway of Praise Worship Center
- Naropa University - Alaya Preschool (the Board dismissed this request for lack of jurisdiction)

All of the organizations had the waiver to file late approved with the deadline being November 18, 2019. Many organizations were also asked to submit a succession plan with their filing.

Finally, JoAnn Groff presented for the Board's consideration, the changes made to the Assessors' Reference Library at the last Statutory Advisory Committee meeting which occurred September 19, 2019. Since this meeting fell within the 30 days after that September meeting the Board had the ability to approve the changes presented. The Board adopted and approved all of the changes requested and also discussed dates for the 2020 meeting. The Board then adjourned.

DIVISION OF PROPERTY TAXATION

Under the general laws of Colorado, the Property Tax Administrator directs the Division of Property Taxation. The Administrator is appointed by a majority vote of the State Board of Equalization to serve a five-year term, and until a successor is appointed and qualified.

A primary responsibility of the Division is to administer the implementation of property tax laws throughout Colorado's sixty-four counties so that valuations are fair, uniform, and defensible, thereby ensuring that each property class contributes only its fair share of the total property tax revenue. In other words, the Division's goal is equalization of valuation and proper distribution of property taxes throughout the state.

The Division is comprised of four sections: Assessment Resources, Appraisal Standards, Exempt Properties, and State Assessed Properties.

Assessment Resources

The Assessment Resources section prepares and publishes administrative manuals, procedures, and instructions. It conducts several classes and seminars regarding the administrative functions of the assessors' offices. This section performs field studies and provides statewide assistance with issues such as tax increment financing, the administration and valuation of manufactured homes, senior and veteran with a disability exemptions, classification of property, title conveyance, mapping, production of the abstract of assessment, certification of values to taxing entities, and the tax warrant. The section assists with investigation of taxpayer complaints. It is responsible for various studies and reports such as fiscal impacts for the Colorado Legislative Council, the Colorado Assessed Values Manual, and the Property Tax Administrator's ***Annual Report to the Governor and General Assembly***. It works closely with assessors and other agencies in all areas of property taxation. Assessment Resources is responsible for recommending to the property tax administrator approval or disapproval of all petitions for refund or abatement of taxes in excess of \$10,000.

Appraisal Standards

The Appraisal Standards section prepares and publishes appraisal manuals, procedures, and instructions. It holds classes and seminars regarding all areas of appraisal. It conducts field studies and provides statewide assistance in agricultural land classification and valuation, natural resources, and personal property valuation, as well as assistance in the valuation of vacant land, possessory interest, residential, commercial, and industrial properties. The section assists in reappraisal efforts, reviews internal appraisal forms used by assessors, and investigates and responds to taxpayer complaints.

The section conducts four tested, qualifying education courses to enable assessment appraisers to obtain an Ad Valorem Appraisal License. These courses are: Introduction to Ad Valorem Mass Appraisal, Basic Appraisal Principles, Basic Appraisal Procedures, and Uniform Standards of Professional Appraisal Practice (USPAP). This section currently offers additional tested courses including: Vacant Land Present Worth, Advanced Income, and Agricultural Land and Rural Structures. The section also offers several non-tested courses including a continually expanding list of online distance education.

Exempt Properties

The Exemptions section, under the authority of the Property Tax Administrator, is responsible for determining the qualification for exemption from property taxation for properties that are owned and used for religious, charitable, and private school purposes. This section reviews more than eleven thousand reports filed annually by exempt property owners to determine if the property's exempt status is still warranted. The section provides assistance to counties and taxpayers with inquiries about exempt properties, helps taxpayers with petitions to the State Board of Equalization, conducts hearings on exemption applications and revocations of exemptions, and defends appeals of its final decisions.

State Assessed Properties

The State Assessed section is the only area of the Division that performs original valuation of property on an annual basis. The section values all public utilities doing business in Colorado as

defined by statute, including rail transportation companies, airlines, non-renewable and renewable energy companies, telephone companies, and pipelines. The company valuations are allocated to Colorado then apportioned to the counties for collection of local property tax. Both county commissioners and public utilities may protest the value assigned to state assessed property and may appeal to the Board of Assessment Appeals (BAA) or Denver District Court if the protest is not resolved at the Division level.

2023 VALUE INFORMATION

Taxable real property classified as residential, commercial, industrial, agricultural, and vacant land, is subject to re-valuation by county assessors every odd-numbered year. Taxable property not subject to the biennial reassessment cycle is valued every year. This includes all property classified as state assessed; land and leaseholds classified as oil and gas, natural resources, and producing mines; all subclasses of personal property; and possessory interests.

For 2023, Colorado assessed values increased approximately \$36.5 billion, representing just over a twenty-four percent increase from the prior year. The statewide increase was primarily attributable to the increases in commercial, oil and gas, residential, and vacant land classes of property. The total assessment for 2023 was \$186,672,878,872.

NOTE: The assessed values found in this report are based on the most recent data submitted by county assessors under the most current applicable laws. Assessors filed an additional abstract of value in February of 2024 so the numbers reported here would reflect all value and assessment rate adjustments passed by the General Assembly in 2023. Of particular impact were those changes made to residential properties.

TABLE 2 displays the percent change to the total value of each property class from 2022 to 2023 as well as the percentage that class makes up of the total valuation for assessment in 2023.

TABLE 2

VALUE CHANGES BY PROPERTY CLASS FOR TAX YEARS 2022-2023		
Class	2022-2023 Change	Class as % of Total
Vacant Land	40.17%	3.59%
Residential	26.90%	47.71%
Commercial	17.43%	27.10%
Industrial	19.60%	3.41%
Agricultural	8.92%	0.82%
Natural Resources	12.56%	0.19%
Producing Mines	-7.33%	0.22%
Oil and Gas	47.04%	12.70%
State Assessed	-6.57%	4.27%
Net Total:	24.31%	100.00%

Residential, Commercial, Industrial, and Vacant Land

The Colorado Constitution and statutes specify that real property classified as commercial, industrial, and vacant land is valued by county assessors through consideration of the market, cost, and income approaches to value. Residential property is valued solely by the market approach. For these classes of property, the valuation reflects changes that occurred between the assessment cycle appraisal dates, June 30 2020, and June 30, 2022, and includes a \$55,000 actual value adjustment to residential property, and a \$30,000 actual value adjustment to commercial improved property.

In 2023, Colorado showed a decrease in assessed value in two classes of property: producing mines (-7.3 percent) and state assessed property (-6.6 percent). The remaining classes of property showed increases in 2023 with the largest percentage increases in oil and gas, vacant land, and residential. The total assessed valuation of the residential class increased 26.9 percent in 2023. According to the S&P CoreLogic Case Shiller Home Price Indices, home prices continued their rise across the country over the last 12 months. Denver, specifically, experienced an approximate 2.3 percent year over year increase in 2023. However, the end of the data gathering period for 2023-2024 reassessment values was June 30, 2022, meaning the last six months of local data may not be available for inclusion in the analysis, § 39-1-104(10.2), C.R.S.

The commercial class also experienced an increase in assessed value of nearly seventeen and one half percent. The total values of the commercial and industrial classes are stabilized somewhat by the presence of personal property. For 2023, personal property accounts for 10.58 percent of the total value of the commercial class and 43.06 percent of the total value of the industrial class. The assessor revalues personal property every year, and the values are less subject to dramatic changes than are the values of real property.

TABLE 3 provides a county-by-county comparison of assessed values for the residential, commercial, and vacant land property classes between 2022 and 2023.

TABLE 3

**ASSESSED VALUE CHANGES FOR RESIDENTIAL, COMMERCIAL, AND VACANT LAND PROPERTY CLASSES BY COUNTY
FOR TAX YEARS 2022-2023**

County	Residential Class			Commercial Class			Vacant Land Class

Oil and Gas

The taxable value of real property associated with oil and gas wells is calculated as a percentage of the revenue obtained for the product at the wellhead during the prior year. This makes oil and gas among the most volatile of property classes because the market prices of natural gas and crude oil can change considerably from year to year.

Colorado experienced a 47 percent increase in the total assessed value of the oil and gas class in 2023. Among the classes of taxable property, oil and gas contains the third highest total assessed value for 2023, following the residential and commercial property classes. The 2023 total assessed value for the oil and gas class was \$23,705,246,683, which is 12.70 percent of the state's total taxable value.

TABLE 4 shows a recent history of assessed values for the oil and gas class.

TABLE 4

HISTORICAL VALUE OF OIL AND GAS CLASS			
Year	Value (Billions)	% Change from Prior Year	Class as % of Total
2010	\$6.3	-47.3%	6.7%
2011	\$8.6	37.2%	9.8%
2012	\$9.7	13.6%	10.9%
2013	\$8.8	-9.9%	9.9%
2014	\$11.1	26.5%	12.1%
2015	\$13.3	20.1%	12.7%
2016	\$8.2	-38.2%	8.1%
2017	\$7.5	-8.9%	6.7%
2018	\$10.2	35.3%	8.8%
2019	\$13.8	35.8%	10.2%
2020	\$12.5	-9.5%	9.2%
2021	\$8.0	-36.0%	5.6%
2022	\$16.1	101.6%	10.7%
2023	\$23.7	47.0%	12.3%

TABLE 5 shows the counties ranked in order from highest to lowest in terms of total assessed value in the oil and gas class of property. The table also gives information about the value changes in this property class by county from 2022 to 2023.

Other Production Classes

As with oil and gas, most of the value of real property classified as natural resources and producing mines is calculated as a percentage of the income obtained from selling the product. The natural resources class includes properties that produce coal, sand, and gravel. It also includes non-producing patented mining claims and severed mineral interests. All counties, except the City and County of Denver, have natural resource property, but the class comprises only 0.19 percent of the state's total assessed value.

Although similar in total value, the great majority of the producing mines value is associated with only two mines: The Henderson and Climax mines, both located in three counties. According to the USGS, molybdenum ore was produced as a primary product at only two mines; both of which are located in Colorado. They include the Henderson and Climax mines. Both mines produce high-purity, chemical-grade molybdenum concentrates.

The Climax mine is an open-pit mine and is located approximately 13 miles northeast of Leadville. It is a porphyry molybdenum deposit with molybdenite as the primary sulfide mineral. According to an article published in the Summit Daily, Climax began production in 1918. The mine initially ceased operations after WWI due to a reduction in demand. Throughout the years, mining operations have been intermittent. Most recently, the mine was restarted in May of 2012 after an eleven-year period of low production, care, and maintenance of the site.

The Henderson mine is an underground mine located in Clear Creek County on the east side of the Continental Divide. The mill site is located on the west side of the Continental Divide 15 miles from the mine in Grand County. It is the world's largest primary producer of molybdenum.

The mine has been in operation since 1976. It consists of a large block-cave underground mining complex that feeds a 32,000 metric ton-per-day concentrator that is located approximately 42 miles west of Denver. The mine and the mill are connected by the world's longest conveyor of its kind; a fifteen-mile elevated belt that passes underneath the Continental Divide carries the ore through an old train tunnel and then above ground to the ore processing mill near Parshall, where it is then treated and shipped to another plant for further processing. The Henderson molybdenum production totaled approximately 3.9 million tons in 2023, little change from the 3.9 million tons in 2022.

The third county with a substantial value in the natural resources class is Teller County. According to preliminary data obtained by the U.S. Geological Survey's National Minerals Information Center, starting in 2015 Colorado has ranked 3rd in U.S. gold production behind Nevada and Alaska. The gold production coming from the Cresson Mine moved Colorado ahead of Utah in recent years in the ranking for production. This mine is Teller County's primary mine and is located between the towns of Victor and Cripple Creek.

The value of mining operations in Colorado is sensitive to changes in commodity prices, owners' business choices, and decisions rendered on property tax appeals. According to the United States Geological Survey, domestic gold mine production in 2023 was estimated to be about 168 tons, an approximately three percent decrease from the 173 tons in 2022. The average price of gold increased for 2023 at \$1,944 per troy ounce, a nearly eight percent increase from \$1,802 per troy ounce listed the prior year.

Agricultural Property

The value established for agricultural land is based on a 10-year average of the earning or productive capacity of the land regardless of the property's market value or its highest and best use. As a result, the actual values of agricultural property are often much lower than their market values, and they tend to be relatively stable from year to year. The agricultural property class increased approximately 9.0 percent in 2023.

State Assessed Property

Unlike most other classes, property classified as state assessed is valued annually by the Division using unitary valuation procedures. The state assessed property class is comprised of real and personal property that is owned or leased by public utilities as defined by article 4 of title 39 of the Colorado Revised Statutes. By far the largest portion of this value is attributable to personal property. The State Assessed Section of the Division values each company and allocates a portion of the value to Colorado. That value is then apportioned to the appropriate counties based on the location of the company's operating property or business activity. The county assessor then distributes the value to the appropriate tax areas throughout the county.

Information reported in the county abstracts of assessment for this class of property indicated a decrease in assessed value of approximately \$571 million, or about 6.57 percent. Overall, this class makes up 5.68 percent of the total assessed value of the state.

Personal Property in 2023

In 2023, personal property accounted for 9.64 percent of Colorado's property tax base, but that percentage varied substantially from county to county. Approximately 38.76 percent of personal property is classified as state assessed while the remainder is valued at the local level. In 2023, 90.69 percent of the state assessed property value was for personal property. All taxable personal property is assessed at 29 percent of its actual value, except that for tax year 2023, all taxable personal property is assessed at 27.9 percent, and if it is renewable energy personal property, it is assessed at 26.4 percent.

Under the Colorado Constitution and statutes, certain categories of business personal property are exempt from taxation, including equipment used for agricultural purposes, inventory, and supplies held for consumption.

Prior to January 1, 2009, business personal property under common ownership with a total actual value of no more than \$2,500 per county was also exempt. With subsequent legislation, the amount of actual value subject to the exemption increased according to the following schedule:

- Four thousand dollars (\$4,000) or less for property tax years 2009 and 2010.
- Five thousand five-hundred (\$5,500) or less for property tax years 2011 and 2012.
- Seven thousand dollars (\$7,000) or less for property tax years 2013 and 2014.
- Seven thousand three hundred dollars (\$7,300) or less for property tax years 2015 and 2016.
- Seven thousand four hundred dollars (\$7,400) or less for property tax years 2017 and 2018.
- Seven thousand seven hundred dollars (\$7,700) or less for property tax years 2019 and 2020.

House Bill 21-1312 increased the personal property threshold exemption and sets up a mechanism for reimbursing taxing jurisdictions for the loss of property tax revenue due to this exemption. For the 2021 and 2022 tax years, the exemption threshold is raised from \$7,900 or less to \$50,000 or less in total actual value. Following the above established practice, this amount will be adjusted biennially by the Property Tax Administrator to account for inflation.

For the 2021 tax year, each assessor calculated the total value of the additional personal property exempted forming the "baseline exemption total" for a county or local governmental entity. The treasurer then calculates the tax revenues lost by each local entity.

Beginning with the 2022 tax year, assessors must calculate the adjusted total value of the additional personal property exempted by taking the baseline exemption amount adjusted by the growth factor which is the total statewide percentage change in personal property values as calculated by the Administrator. The county treasurers report to the Administrator the calculated lost revenue and the state treasurer issues a warrant to reimburse that amount by April 15.

In addition, a provision in the Colorado Constitution allows any taxing entity to “enact cumulative uniform exemptions and credits to reduce or end business personal property taxes,” § 20(8)(b), art. X, COLO. CONST.

TABLE 6 lists the state assessed, locally assessed, and total taxable personal and real property by county.

TABLE 6

DISTRIBUTION OF THE VALUE OF PERSONAL PROPERTY BY COUNTY IN 2023								
County	State Assessed Personal	% of Total	Locally Assessed Personal	% of Total	Total Personal Property Value	% of Total	Total Real Property Value	Total Assessed Value

RESIDENTIAL ASSESSMENT RATES

The General Assembly referred Senate Concurrent Resolution 20-001 to a vote of the people of Colorado, which passed as Amendment B in November of 2020. It eliminates most of the language in § 3(1)(b), article X, of the Colorado Constitution, commonly referred to as the Gallagher amendment. Eliminating this language eliminated Colorado's variable residential assessment rate which was to be adjusted every two years to stabilize the contribution amount of assessed value from residential properties as compared to all other property classes.

The language that established 29% as the assessment rate for most other classes of property was also removed from the constitution. Consequently, all assessment rates are now established solely through statute.

The statutory language that directed the Property Tax Administrator to conduct a study biennially to determine the residential assessment rate in conformance with the Gallagher amendment was removed by Senate Bill 20-223. Though technically not binding on future legislatures, that legislation also placed a moratorium on changing the statutorily established assessment rates in place at the time of Amendment B's passage. The moratorium was subsequently repealed with Senate Bill 21-293, which established a classification and future assessment rate for "multi-family residential real property," Agricultural property and renewable energy property. It also established a separate assessment rate for lodging property, which was contingent upon the passage of Proposition 120 on the November 2021 ballot. That proposition failed; consequently, lodging property continues to have a 29% assessment rate.

The assessment rate for residential real property for the tax year commencing January 1, 2021 was 7.15%. All other types of property assessment rates remain unchanged for the 2021 tax year. For tax year 2022, residential property classified as multi-family had a new temporary assessment rate of 6.80% and all other residential property was assessed temporarily at 6.95%. Updated legislation for tax year 2023 temporarily changed the residential assessment rate to 6.7% for *all* types of residential property.

TABLE 7 illustrates the statewide actual values and distribution of residential values since 1983. The percentage of actual value attributable to residential property has increased dramatically starting at 53.20 percent in 1983 and increasing to 81.98 percent in 2023.

TABLE 7
COLORADO ACTUAL VALUES 1983-2023

Year	Actual Values			Year	Distribution of Value

PROTESTS, APPEALS, AND ABATEMENTS

Protests and Appeals

Colorado statutes mandate a process that allows taxpayers the opportunity to challenge the actual value established for their property. The process begins with the taxpayer's protest to the assessor. Upon receiving a protest, the assessor reviews the issues raised, and either adjusts or maintains the actual value for the property. Taxpayers who disagree with the assessor's decision can appeal to the county board of equalization. Taxpayers who disagree with the county board's decision have three choices for further appeal. They can appeal to the State Board of Assessment Appeals, district court, or binding arbitration. Decisions of the BAA and district court can be appealed to the Colorado Court of Appeals and ultimately to the Colorado Supreme Court. Decisions of an arbitrator are final.

Taxpayers can protest and appeal in either year of the reassessment cycle, the first year or odd-numbered year or the intervening year or even-numbered year. However, the number of protests and appeals are typically higher during the first year of the reassessment cycle.

The number of protests and appeals vary greatly from county to county. In 2023, Douglas County received the greatest number of protests to the assessor with 36,317 while Kiowa County received none. For many counties, the protest process places a significant strain on the resources of the assessor's office.

NOTE: Protest and appeal information is only collected in years of revaluation.

TABLE 8 lists the protests and county board of equalization appeals for each county during the first year of the last three reassessment cycles, organized according to the county officer pay categories established in § 30-2-102, C.R.S. For the purpose of this table, the Cities and Counties of Denver and Broomfield are placed in category one.

TABLE 9 provides a statewide statistical summary of protests and appeals.

Abatements

An abatement of tax is a cancellation or reduction of tax owed by the taxpayer. Abatements may be granted after the tax roll has been printed for an "erroneous valuation for assessment, irregularity in levying, clerical error, or overvaluation," § 39-10-114(1)(a)(I)(A), C.R.S. Abatement petitions may be approved only if they are filed within two years after January 1 of the year following the year in which the taxes were levied. Because abatement petitions are filed on taxes already levied, the abated or refunded taxes constitute lost revenue to the affected local governments. However, local governments are able to recover the amounts of abated taxes through an increase in mill levies under § 39-10-114(1)(a)(I)(B), C.R.S., and case law.

TABLE 10 displays the taxes abated and written off for tax years 2021, 2022, and 2023.

*Information reported by county treasurers for years 2021, 2022, and 2023).

SENIOR CITIZEN AND VETERAN WITH A DISABILITY EXEMPTIONS

In 2000, voters enacted section 3.5, article X of the Colorado Constitution, creating a property tax exemption for qualifying senior citizens and their surviving spouses. Voters expanded the program in 2006 to include qualifying veterans with a disability. Effective 2015, legislation expanded the veteran with a disability exemption to include the surviving spouse of a prequalified veteran with a disability. As of January 1, 2023, a surviving “Gold Star” spouse of a United States armed forces service member who died in the line of duty and received a death gratuity is also available for the property tax exemption. For both groups, the exemptions as enacted reduce the first \$200,000 of taxable actual value of a residential property by 50 percent, up to a maximum reduction of \$100,000. The reduction in property tax revenue to local governments is reimbursed by the state treasurer.

The Colorado Constitution grants the Colorado General Assembly the authority to raise or lower the maximum amount of actual value of residential real property of which fifty percent shall be exempt for the senior citizen and veteran with a disability exemptions. For tax years 2003, 2004, 2005, 2009, 2010, and 2011, the General Assembly enacted legislation to reduce the amount of the senior citizen exemption to 50 percent of \$0, effectively suspending the senior citizen exemption benefit. The veteran with a disability exemption benefit was not suspended for property tax years 2009, 2010, or 2011.

To qualify for the senior citizen exemption, a senior must be at least 65 years old on January 1 of the year in which he or she applies, must have owned, and occupied the property for at least 10 consecutive years as his or her primary residence. To qualify for the veteran with a disability exemption, a veteran must have sustained a service-connected disability that has been rated by the U.S. Department of Veterans Affairs as 100 percent permanent disability through disability retirement benefits pursuant to a law or regulation administered by the Department, the U.S. Department of Homeland Security, or the Department of the Army, Navy, or Air Force. The veteran must have also owned and occupied the property since January 1 of the year the application is filed.

Applications for the senior citizen exemption are filed with the county assessor no later than July 15, and applications for the veteran with a disability exemption are filed with the Colorado Division of Veterans Affairs, Department of Military, and Veterans Affairs (DMVA), no later than July 1. If approved by the DMVA, the veteran’s application is forwarded to the county assessor for further processing and approval. The application for the surviving spouse of the prequalified veteran with a disability is filed with the county assessor where the previously qualified property is located, no later than July 1. Once approved, the senior citizen or veteran with a disability, or surviving spouse of the previously qualified veteran with a disability exemption remains in effect from year to year until a change in ownership or occupancy triggers its removal. Each year, the treasurer and the assessor are required to mail a notice to all residential property owners explaining the exemption programs.

No later than September 10, the assessor is required to send the Division of Property Taxation an electronic list of the exemptions granted, including the names and social security numbers of each person occupying the property. The Division uses the data to identify individuals who were granted an exemption on more than one property in the state and denies the exemptions on each property. In 2023, the Division denied exemptions on 56 of these properties and an additional 123 were denied for applicants who no longer resided at the property. In 2023, 284,535 properties were approved for the senior citizen exemption, and 12,487 properties received the veteran with a disability exemption. Since 2016, the Division has cross-referenced the applicants for an exemption with the state’s vital statistics registrar to determine if individuals who applied were deceased. In 2023, the Division revoked 8,193 exemptions after determining the applicant passed away in a previous year.

The senior citizen and veteran with a disability exemption programs do not result in a loss of revenue to local governments. Instead, the state reimburses the local governments for the tax revenue exempted. No later than April 1, county treasurers send the state treasurer an itemized list of the exemptions granted and taxes exempted. No later than April 15, the state treasurer reimburses the local governments for the lost revenue. In April of 2024, the state treasurer reimbursed local

governments \$153,904,829.16 for senior citizen property tax exemptions granted and \$7,322,306.26 for veteran with a disability exemptions granted for tax year 2023.

TABLE 11 shows the total number of exemptions granted for both programs as well as the amount of tax reimbursed by the state treasurer over the past decade.

POSSESSORY INTERESTS

In 2001, the Colorado Supreme Court ruled that certain possessory interests are subject to ad valorem taxation in Colorado. A possessory interest is defined as a private property interest in government-owned property, or the right to the occupancy and use of any benefit in government-owned property that has been granted under lease, permit, license, concession, contract, or other agreement. The use of the property must be in connection with a business conducted for profit.

Taxable possessory interests may include but are not limited to the following:

- Private concessionaires utilizing government owned land, improvements, or personal property unless operating pursuant to a management contract
- Government land and improvements used in the operation of a farm or ranch
- Government land, improvements, and/or personal property used in the operation of ski or recreational areas
- Land underlying privately owned cabins or other residential property located on government land that is rented commercially
- Recreational use of lakes, reservoirs, and rivers in a revenue-generating capacity
- Land, improvements, and personal property at a tax-exempt airport
- Other government property leased to private parties. However, the property may be otherwise exempt pursuant to Colorado Revised Statutes

HOUSE BILL SUMMARIES

HB23-1052

Modify Property Tax Exemption for Veterans with a Disability

Current law allows for property tax exemptions for qualifying veterans with a one hundred percent permanent disability rating. This bill expands the tax exemption to qualifying veterans who have individual unemployability status.

This bill creates a requirement that a veteran who has an individual unemployability status be treated equivalently to a veteran who has one hundred percent permanent disability when determining eligibility for any state veterans benefit, and, in connection therewith, expanding eligibility for the property tax exemption for veterans with a disability.

This act takes effect only if approved by the voters in the next general election and then commencing property tax year January 1, 2025.

Ballot measure language can be found in House Concurrent resolution HCR23-1002.

Signed by Governor Jared Polis: April 28, 2023

Effective Date: January 1, 2025, if ballot measure in HCR23-1002 passes in Nov. 2024

Effective Property Tax Year: 2025, if ballot measure in HCR23-1002 passes in November 2024.

HB23-1184

Low-income Housing Property Tax Exemptions

This bill amends and expands the exemption under section 39-3-113.5, C.R.S., for property acquired by non-profit housing providers for low-income housing. Beginning with the 2024 property tax year, such property may now qualify for exemption for up to ten years from the date the exemption is claimed, through construction until the property is sold to a qualified low-income applicant, community land trust, or non-profit housing provider. Current law limits this exemption to five years with stricter conditions. The bill also changes and expands the definition of “low-income”

from 80% of area median income (AMI) to 100% of AMI for most counties, and 120% of AMI for rural resort communities.

This bill also creates a new exemption under section 39-3-127.7, C.R.S., for real property (land) owned and held by community land trusts and nonprofit affordable homeownership developers used for strictly charitable purposes. In order to qualify for this exemption, the property (land) must be split into a taxable parcel separate from the improvements on the property, and the property must be leased to the owner of the improvements as affordable housing. The community land trusts and nonprofit affordable homeownership developers shall submit a land lease for the qualifying property to the county assessor within twenty-five days of the execution of the lease.

HB23-1233

Electric Vehicle Charging and Parking Requirement

This bill adds section 39-3-138 to the Colorado Revised Statutes providing a property tax exemption for electric vehicle charging systems for tax years 2023 through 2029.

Additionally, current provisions against unreasonable restrictions for the installation and use of electric vehicle (EV) charging equipment are expanded and include language to promote the integration of EV infrastructure and use.

The bill mandates that the state electrical board promulgate rules, effective March 1, 2024, requiring compliance with the model electric ready and solar ready code. The code requires, in part, that multifamily buildings be equipped and ready for electric vehicles and that they have EV supply equipment installed.

When determining minimum parking requirements, local governments must count parking spaces served by EV charging stations as at least one standard parking space, and van-accessible spaces served by EV charging stations as at least two standard parking spaces.

Local government may not pass an ordinance or resolution prohibiting the installation of EV charging stations unless there is a safety concern.

HB23-1272

Tax Policy That Advances Decarbonization

This bill does not impact assessor offices. Among other things, it changes the oil and gas ad valorem credit that is applied to severance tax calculations. It is included for informational purposes only.

This bill extends tax incentives for purchase of electric vehicles and creates tax incentives for industrial facilities to implement greenhouse gas emissions reduction through a temporary specific ownership tax rate reduction on a portion of the sale of electric medium- and heavy-duty trucks, and through credits for improvements associated with geothermal energy projects and retail sales of electric bicycles.

To fund the tax incentives, revenue attributable to the decrease of the severance tax credit for oil and gas production will be deposited in the Decarbonization Tax Credits

Administration Cash Fund created in § 24-38.5-120(2), C.R.S. In addition, on or before July 1, 2025, the State Treasurer will credit a portion of the increased revenues to reimburse all of the administrative costs incurred by respective cash funds utilized to implement the tax incentives.

For taxable year beginning on or after January 1, 2024, but before January 1, 2026, the calculation of the ad valorem credit against the state severance tax on oil and gas production is 76.56% of the gross income attributed to the well for the current tax year, multiplied by the total mill levy of the well's location certified in December of the previous calendar year. For taxable year beginning on or after January 1, 2026, but before January 1, 2027, the calculation of the ad valorem credit against the state severance tax on oil and gas production changes from 76.56% to 65.625% of the gross income attributed to the well for the current tax year, multiplied by the total mill levy of the well's location certified in December of the previous calendar year. For taxable years beginning on, or after, January 1, 2027, the tax credit will return to 76.56% of the gross income attributed to the well for the current taxable year, multiplied by the total mill levy of the well's location certified in December of the previous calendar year.

In addition, this bill expands the scope of the implementation plan to include recommendations for long-term restructuring of the credit and extends the deadline to submit the plan to the JBC to January 15, 2025.

HB23-1284

Modifications to the Property Tax Deferral Program

Current law allows a person who is at least 65 years old or a person called into military service, or other qualifying residential property owners to defer the payment of a portion of real property taxes. On or after January 1, 2023, the deferral program is extended to income producing properties for taxpayers who are at least 65 years of age, or the surviving spouse, or a person called into military service, or the surviving spouse. In addition, this bill removes the 90 percent loan to value requirement for owners of property that are called into military service and have a home loan guaranteed by the Veterans Administration of the United States.

HB23-1287

County Regulations Related to Short-term Rentals

This bill modifies the regulatory authority of a board of county commissioners by clarifying that its authority applies to lodging units that are available for short-term rentals, which are rentals for less than 30 days, and by excluding a hotel unit from the scope of the authority. The bill also changes "internet hospitality service" to "vacation rental service" (service), and provides separate authority for a board of county commissioners to regulate a service.

While assessors have no responsibility stemming from this bill, it is included as assessors' offices may receive questions concerning the board of county commissioner's authority in this regard.

HOUSE CONCURRENT RESOLUTION SUMMARY

HCR23-1002

Modification to Property Tax Exemption for Veterans with a Disability

This resolution adds a ballot measure to the 2024 election that, if it passes, will amend the state constitution and expand eligibility for the Veterans with a Disability Property Tax Exemption program. Current eligibility requires that a veteran has a one hundred percent disability rating. This expansion would allow veterans with individual unemployability status, as determined by the United States Department of Veteran's Affairs, to apply to the program.

Effective Date: Ballot question for November 5, 2024

Effective Property Tax Year: 2024 ballot question and 2025 implementation of resolution (if passed by voters)

SENATE BILL SUMMARIES

SB23-035

Middle-income Housing Authority Act

In 2022 the general assembly adopted the middle-income housing authority act, section 29-4-1101, et seq, C.R.S., which created the Middle Income Housing Authority. This bill redefines "affordable rental housing project" to include property owned and operated through public-private partnerships with the authority. It adds a provision that such project's ownership may be by a public-private partnership and defines a public-private partnership. This bill expands the board of directors from fourteen to sixteen, allowing the general assembly to appoint two board members. Any affordable rental housing project owned, or co-owned, by the authority is exempt from property taxation and the authority is exempt from paying any use or sales tax. This bill clarifies that property that is not part of the affordable rental housing component in a public-private partnership shall be subject to all taxation and assessments.

This bill adds two notification requirements. First, within two weeks of acquiring an affordable housing project, the authority shall provide notice of the acquisition, or of a public-private partnership agreement, to the assessor. The notice must include the property address, parcel number, and the date of acquisition or the date on which the authority entered into a public-private partnership and the affordable rental housing component of the property became tax exempt. The authority shall also provide the assessor a copy of the contract or agreement for the public-private partnership.

The authority is also required to submit, on or before January 15 each year, a comprehensive list of all affordable rental housing projects that are tax exempt to each county assessor in the county in which the affordable rental housing projects are located.

This list shall include the property addresses, parcel numbers, and the dates of acquisition or the dates on which the authority entered into a public-private partnership and the affordable rental housing component of the property became tax exempt.

SB23-036

Veterans with a Disability Property Tax Exemption Requirements

This bill changes the method with which veterans apply to the Veterans with a Disability Property Tax Exemption program. Currently, eligible veterans apply to the Colorado Department of Military and Veteran's Affairs who, in turn, verify the disability status of the applicant. Beginning January 1, 2024, eligible veterans will apply to their county assessor's office. The Colorado Department of Military and Veteran's Affairs will create a set of guidelines that will allow the county assessors to determine eligibility based on the veteran's application and their proof of qualifying veteran with a disability status paperwork.

SB23-049

Special Mobile Machinery Registration Exemption

This bill updates the current registration exemption program, administered through the Department of Revenue, for special mobile machinery (SMM) items. Previously this program required a minimum of 1000 pieces of SMM in order for the owner to qualify for the registration exemption program. This bill lowers the minimum requirement to 250 pieces of SMM.

While assessors have no responsibility stemming from this bill, it is included as assessors' offices may receive questions concerning the program.

SB23-175**Financing of Downtown Development Authority Projects**

Current law allows a voter approved downtown development authority to use Tax Increment Financing to generate capital to finance projects for thirty years with an option for one twenty-year extension. This bill creates an option for additional twenty-year extensions for property tax revenue beyond the fifty years with a separate ordinance each additional twenty-year period. With this extension, the governing board must increase in size to a minimum of nine and maximum of thirteen members, and must add a representative from the school district board of education and a representative from the board of county commissioners. This bill also allows the board to incur loans or indebtedness with an intergovernmental agreement adopted by the governing body.

All other aspects of the additional twenty-year extensions follows the first twenty-year extension. Fifty percent of the incremental revenue is allocated to a special fund of the municipality that created the authority and the other fifty percent of the incremental revenue is proportionally allocated to the governmental entities that levy property taxes within the boundaries of the authority, unless the municipality and a governmental entity reach an alternative agreement. No later than August 1 of each calendar year, the governing body shall certify to the county assessor an itemized list of the property tax distribution percentages attributable to the special fund of the municipality. When certifying values to the taxing entities, the assessor shall certify only the percentage of increment value attributable to the special fund as certified by the governing body.

SB23-304 **Property Tax Valuation**

This bill amends section 39-1-103, C.R.S., requiring an assessor, when establishing actual value, to consider: (I) current use; (II) existing zoning and other governmental land use or environmental regulations and restrictions; (III) multi-year leases or other contractual agreements affecting the use of or income from the property; (IV) easements and reservations of record; and, (V) covenants, conditions, and restrictions of record.

Section 39-5-122.7(4), C.R.S., is added requiring counties with populations greater than 300,000 to use the alternative protest procedure during biennial reappraisal years beginning January 1, 2024.

This bill modifies section 39-8-107(3), C.R.S., requiring assessors to provide a taxpayer any requested data, including the primary method and rates used, to determine the actual value the property within 3 working days of a written request for CBOE hearings. Any confidential data must be presented in manner that the source cannot be identified.

SB23-303 **Reduce Property Taxes And Voter-approved Revenue Change**

This bill sends a ballot issue, Proposition HH, to the voters in the November 2023 election. It asks voters to approve a measure to retain and spend state surplus that will be used to backfill some of the lost revenue to local governments that is a result of the property tax changes in the bill. If the voters do not approve the ballot measure these property tax changes will not take effect. – **The voters did not approve the ballot measure.**

2023 Changes

<<The following section of the bill goes into effect upon the Governor's signature.>>

Early Reporting

Early reporting is required on or before September 15, 2023. The county treasurer is required to report the following estimates to the Property Tax Administrator (PTA) for each local governmental entity:

1. Total property tax revenue reduction for property tax year 2023 based on:
 - a. Reductions from SB22-238
 - b. The combination of reductions from SB22-238 and SB23-303, as if proposition HH is approved by voters.
2. The increase in assessed value from the property tax year 2022 to the property tax year 2023, based on:
 - a. Reductions from SB22-238

- b. The combination of reductions from SB22-238 and SB23-303, as if proposition HH is approved by voters.

<<The following section of the bill goes into effect upon the Governor's signature. The report is not submitted unless HH is approved by the voters.>>

Working Group

This bill requires the Administrator to convene a group to make recommendations about streamlining the designation of primary residential real property. The working group will have representatives from assessor and county offices, from different sizes of counties, along with real estate professional representatives. A report from the working group will be presented on or before January 1, 2024, if the ballot issue passes, to the senate local government and housing committee and the house of representatives transportation, housing and local government committee.

Calendar Changes

Since this bill affects rates and actual value adjustments for 2023, thereby affecting the certification to local governments, the deadlines for several required reporting dates have been delayed:

- Final certification of values for all local governments is delayed from December 10, 2023 to December 29, 2023. The DPT recommends notifying your local governments on this delay. It is also recommended that final certification be sent as soon as possible.
- For all local governments, including school districts, the reporting for certification of levies is delayed from December 15, 2023 to January 5, 2024.
- Certification of levies by the board of county commissioners is delayed from December 22, 2023 to January 12, 2024.
- Delivery of the tax warrant is delayed from January 10, 2024 to January 19, 2024.
- The Treasurer shall mail the tax statement as soon as possible after January 19, 2024.

Reporting

Starting on March 1, 2024, and each March 1 for the next 9 years, treasurers shall report to the PTA:

1. The property tax reduction for each eligible local governmental entity as a result of the changes in both SB22-238 and SB23-303. Note that SB22-238 will only affect the 2023 and 2024 property tax years.
 - a. The mill levy to be used is the 2022 property tax year mill levy, excluding mills levied for payment of bonds and other contractual obligations.
 - b. The local governmental entity must also be eligible to receive backfill.
2. The difference in assessed value of real property for their county and each eligible local government entity compared with the 2022 property tax year.
3. Additional information as necessary.

Backfill Calculation

Treasurers will calculate each local government entity's property tax reduction for 2023 using the following information:

- 2023 Actual Value
- 2023 Value Adjustments
- 2023 Assessment Rates
- 2022 Assessment Rates

- 2022 Modified Mill Levies - excludes mills levied for payment of bonds and other contractual obligations

Treasurers will use the following steps to calculate the reduction amount for tax year 2023.

Step 1

$$\begin{array}{llll} 2023 \text{ Actual Value} & \times & 2022 \text{ Assessment Rates} & = 22/23 \text{ Assessed Value} \\ 22/23 \text{ Assessed Value} & \times & 2022 \text{ Modified Mill Levies} & = 22/23 \text{ Tax Revenue} \end{array}$$

Step 2

$$\begin{array}{llll} (2023 \text{ Actual Value} - 2023 \text{ Value Adjustments}) & \times & 2023 \text{ Assessment Rates} & = 23 \text{ Assessed Value} \\ 23 \text{ Assessed Value} & \times & 2022 \text{ Modified Mill Levies} & = 23 \text{ Tax Revenue Modified} \end{array}$$

Step 3

$$22/23 \text{ Tax Revenue} - 23 \text{ Tax Revenue Modified} = 100\% \text{ BACKFILL}$$

If the entity is not eligible for 100% backfill, then the amount will be reduced appropriately.

The 2022 Modified Mill Levy is applied in both calculation to determine the impact of 22-238 & 23-303s' value adjustments and assessment rate changes. This ensures the difference between tax revenue is due to these bills' influence.

Treasurers will use the following steps to calculate the reduction amount for tax year 2024.

Step 1

$$\begin{array}{llll} 2024 \text{ Actual Value} & \times & 2022 \text{ Assessment Rates} & = 22/24 \text{ Assessed Value} \\ 22/24 \text{ Assessed Value} & \times & 2022 \text{ Modified Mill Levies} & = 22/24 \text{ Tax Revenue} \end{array}$$

Step 2

$$\begin{array}{llll} (2024 \text{ Actual Value} - 2024 \text{ Value Adjustments}) & \times & 2024 \text{ Assessment Rates} & = 24 \text{ Assessed Value} \\ 24 \text{ Assessed Value} & \times & 2022 \text{ Modified Mill Levies} & = 24 \text{ Tax Revenue Modified} \end{array}$$

Step 3

$$22/24 \text{ Tax Revenue} - 24 \text{ Tax Revenue Modified} = 100\% \text{ BACKFILL}$$

If Proposition HH is not approved by the voters, treasurers will not calculate or report anything for property tax year 2024. If Proposition HH is approved, subsequent tax year calculations will follow the formula substituting the new tax year for 2024.

Starting in 2024, and each of the nine years after that, the treasurer must report to the PTA the difference in assessed value of real property, for each county and eligible local government entity, for that tax year as compared to the 2022 assessed value of real property. The treasurer is required to report the difference, however the assessor is required to calculate the difference.

<<The following section of the bill goes into effect upon the Governor's signature.>>

Backfill Eligibility for Local Governmental Entities

Clarified in the bill, for purposes of backfill calculations, city and county governments will be considered Counties.

Eligible local governmental entities receive backfill based on:

1. Counties with a population $\leq 300,000$, the backfill for each eligible local governmental entity will be:
 - a. 100% of the total property tax revenue reduction if the increase in assessed value of real property is less than 10% compared to the 2022 assessed value of real property.
 - b. 90% of the total property tax revenue reduction if the increase in assessed value of real property is 10% or greater compared to the 2022 assessed value of real property
2. Counties with a population $> 300,000$, the backfill for each eligible local government will be:
 - a. 100% of the total property tax revenue reduction for each municipality or select special district if the increase in assessed value of real property is less than 10% compared to the 2022 assessed value of real property.
 - b. 90% of the total property tax revenue reduction for each municipality or select special district if the increase in assessed value of real property is 10% or more compared to the 2022 assessed value of real property.
 - c. 65% of the total property tax revenue reduction for all local governmental entities besides a municipality or a select special district.
 - d. The select special districts are: fire districts, health service districts, water districts, sanitation districts, and library districts.

For property tax years commencing on and after January 1, 2024, a local governmental entity is ineligible for backfill if:

1. The entity has an increase of 20% $>$ in assessed value of real property from the property tax year 2022.
Or
2. The entity is in a county with population $> 300,000$ and was ineligible to receive backfill a prior year because number 1 applied.
 - a. All ineligible entities in a county with a population $\leq 300,000$ will have their eligibility evaluated every property tax year.
3. If the ineligible entity is a fire district, health service district, or ambulance district, they will receive a 50% reimbursement.

Revenue Limitations

Starting in property tax year 2023, the bill restricts a local government's property tax revenue by allowing it to increase by no more than inflation over the revenue from the previous property tax year.

A local government may temporarily reduce their mill levy to accommodate the revenue restriction.

A local government may also approve an increase in this revenue limitation by notifying the public of their intent to approve a mill levy that will increase the revenue beyond inflation, hold a public hearing which allows the public to present oral testimony, and then adopt a resolution or ordinance to approve a mill levy that exceeds the revenue limit.

This revenue limitation will not apply if the local government has held an election before, on, or after November 7, 2023 approving revenue from a mill levy without limitations as to rate or amount.

New Classifications

The bill creates 3 new classifications:

- 1. Renewable Energy Agricultural Land**

- a. A subclass of agricultural properties, this subclass will be created in 2024, with an assessment rate of 21.9%. This is land that is currently classified as agricultural land, has a renewable energy facility built upon it, and is still being used for agricultural purposes. Only the land that is attributable to, or used in conjunction with, the facility will receive the 21.9% assessment rate, and be valued under the dry-graze waste-land category.

2. Primary Residence Real Property

- a. This is a residential classification where an individual owns and occupies the residence as their primary residence.
- b. An individual can only have 1 primary residence.
- c. This will become active in 2025.
- d. Applications for a property to be classified as a primary residence real property must be completed no later than March 15 of the first property tax year for which the classification is sought.
- e. Late applications may be filed no later than July 15. An applicant may not contest the denial of a late application.
- f. This includes property that is currently qualified for the senior exemption. The owner-occupier must still apply for this additional primary residence designation.
- g. The advantage of applying for these classifications is to receive a \$40,000 actual value reduction each year.

3. Qualified-senior Primary Residence & Multi-family Qualified-senior Primary Residence Real Property.

- a. These are residential classifications where an individual owns and occupies the residence as their primary residence and the individual of the property previously qualified for the senior homestead exemption for a different property and does not qualify for the senior homestead exemption in the current property tax year.
- b. This essentially makes the senior exemption portable, though through a different mechanism.
- c. An individual can only have 1 primary residence.
- d. These will become active in 2025.
- e. Applications for a property to be classified as a primary residence real property must be completed no later than March 15 of the first property tax year for which the classification is sought.
- f. Late applications may be filed no later than July 15. An applicant may not contest the denial of a late application.
- g. The advantage to apply for these classifications is to receive a \$140,000 actual value reduction each year.

The working group, convened under this bill, will determine the best method to designate and administer these new designations.

New Assessment Rates & Actual Value Reductions

Residential

The following table shows the new assessment rates contained in the bill. The two new designations that have been created in statute, Primary Residence Real Property and Qualified-Senior Primary Residence Real Property, will have new assessment rates starting in 2025. This includes Multi-family Qualified-Senior Primary Residence Real Property.

Property Tax Year	2023	2024	2025-2032	2033 & Later
Primary Residence			6.7% after \$40,000 actual value reduction	7.15%
Qualified-Senior Primary Residence			6.7% after \$140,000 actual value reduction	7.15%
Multifamily	6.7% after \$50,000 actual value reduction	6.7% after \$40,000 actual value reduction	6.7% after \$40,000 actual value reduction	7.15%
Residential	6.7% after \$50,000 actual value reduction	6.7% after \$40,000 actual value reduction	6.7%	7.15%

Non-residential

The non-residential assessment rates and reductions are below. Please note that there are not any changes for the classifications of Producing Mines or Oil & Gas properties.

There is one new subclass for this group of properties. *Renewable Energy Ag Land* has been created in statute and will have a new assessment rate starting in 2024.

Property Tax Year	2023	2024-2026	2027-2028	2029-2030	2031-2032
Lodging & Other Improved Commercial	27.85% after \$30,000 Actual value reduction	27.85%	27.65%	26.9%	25.9% or 26.9%*
Other Commercial, Industrial, Natural Resources, State Assessed	27.85%	27.85%	27.65%	26.9%	25.9% or 26.9%*
Vacant Land	27.85%	29%	29%	29%	29%
Ag, Renewable Energy	26.4%	26.4%	26.4%	26.4%	25.9% or 26.4%*
Renewable Energy Ag Land		21.9%	21.9%	21.9%	21.9%

*For 2031 and 2032, assessment rates are reduced if the average growth in assessed real property value, among the 32 counties with the least amount of growth in assessed real property value between 2030 and 2031, is greater than or equal to 3.7%.

All assessors are required to provide an estimate of assessed real property value, based on their 2031 Notices of Value, to the PTA no later than May 5, 2031. The PTA will calculate the average increase, as compared to the 2030 abstract of assessment reports, and publish the appropriate rates for 2031 and 2032 on the Division of Property Taxation (DPT) website no later than July 1, 2031.

The rates for all non-residential classes will go back to 29% in 2033.

Signed by Governor Jared Polis: May 24, 2023
Effective Date: Partially upon signature and a ballot question for November 7, 2023

Effective Property Tax Years 2023 – 2032 (temporary changes)

SB23B-001

2023 Property Tax Relief

This bill, passed in the 2023 Extraordinary Session, made several modifications for the property tax year 2023. It reduced the valuation for assessment on residential property and increased the actual value adjustment for this property type. The bill also modified the calendar for several reporting dates and created a backfill mechanism for taxing jurisdictions.

Calendar Changes

Since this bill affects the residential rate and actual value adjustment for 2023, thereby affecting the certification to local governments, the deadlines for several required reporting dates have been delayed:

- Final certification of values for all local governments is delayed from December 10, 2023 to January 3, 2024.
- For all local governments, including school districts, the reporting for certification of levies is delayed from December 15, 2023 to January 10, 2024.
- Certification of levies by the board of county commissioners is delayed from December 22, 2023 to January 17, 2024.
- Delivery of the tax warrant is delayed from January 10, 2024 to January 24, 2024.
- The Treasurer shall mail the tax statement as soon as possible after January 24, 2024.
- Reporting Senior and Veteran Exemptions is delayed from January 10, 2024 to January 24, 2024.

Assessor Reporting

No later than March 1, 2024, assessors shall report to the Property Tax Administrator (PTA):

1. The property tax reduction for each eligible local governmental entity as a result of the changes in both SB22-238 and SB23B-001.
 - a. The mill levy to be used is the 2022 property tax year mill levy, excluding mills levied for payment of bonds and contractual obligations.
 - b. The local governmental entity must also be eligible to receive backfill.
2. The difference in assessed value of real property for their county and each eligible local government entity compared with the 2022 property tax year.
3. Additional information as necessary.

Backfill Calculation

Assessors will calculate each local government entity's property tax reduction for 2023 using the following information:

- 2023 Actual Value
- 2023 Value Adjustments
- 2023 Assessment Rates
- 2022 Assessment Rates
- 2022 Modified Mill Levies - excluding mills levied for payment of bonds and contractual obligations

Assessors will use the following steps to calculate the reduction amount for tax year 2023.

Step 1

2023 Actual Value	×	2022 Assessment Rates	= 22/23 Assessed Value
22/23 Assessed Value	×	2022 Modified Mill Levies	= 22/23 Tax Revenue

Step 2

$$\begin{array}{rcl} (2023 \text{ Actual Value} - 2023 \text{ Value Adjustments}) & \times & 2023 \text{ Assessment Rates} = 23 \text{ Assessed Value} \\ 23 \text{ Assessed Value} & \times & 2022 \text{ Modified Mill Levy} = 23 \text{ Tax Revenue Modified} \end{array}$$

Step 3

$$22/23 \text{ Tax Revenue} - 23 \text{ Tax Revenue Modified} = 100\% \text{ BACKFILL}$$

If the entity is not eligible for 100% backfill, then the amount will be reduced appropriately, as noted in the table below.

The 2022 modified mill levy is applied in both calculation to determine the impact of SB22-238 & SB23B-001s' value adjustments and assessment rate changes. This ensures that the difference in tax revenue is due to these bills' influence.

Backfill Eligibility for Local Governmental Entities

The bill clarifies, for purposes of backfill calculations, city and county governments will be considered Counties.

Population	Local Government	Assessed value increase from 2022 to 2023	Backfill
SB22-238			
300,000 or less	all local governments	Less than 10%	100%
	all local governments	10% or more	90%
300,001 or greater	municipality, fire, health service, water, sanitation and library	Less than 10%	100%
	municipality, fire, health service, water, sanitation and library	10% or more	90%
	all other local governmental entities		65%
SB23B-001			
300,000 or less	ambulance, health and fire districts		100%
	all entities besides ambulance, health and fire districts	Less than 10%	100%
	all entities besides ambulance, health and fire districts	10% to less than 15%	90%
	all entities besides ambulance, health and fire districts	15% or greater	0%
	entities that provide fire protection services*	equivalent to fire district	
300,001 or greater	ambulance, health and fire		100%
	municipality, water, sanitation and library	Less than 10%	100%

municipality, water, sanitation and library	10% to less than 15%	90%
all entities including municipality, water, sanitation and library	15% or greater	0%
all entities besides municipality, water, sanitation, library, ambulance, health and fire	Less than 15%	65%
entities that provide fire protection services*	equivalent to fire district

Section VI

Taxable Real and Personal Property Assessed by the Counties

The listing of values reflect the Abstracts of Assessment for each county in the state. Under § 39-5-123(1), C.R.S., the abstracts are filed with the Property Tax Administrator annually on August 25. Additionally, counties may make an election pursuant to § 39-5-122.7, C.R.S., in which case the abstracts are filed no later than November 21.

All values reflected are assessed values.

Section X

Certification of Levies and Revenues by County

The assessed values reflect those values existing in the counties on the date the levies are certified to the county commissioners, January 5, 2024. See: §§ 39-1-111(1), 39-1-111(5), and 39-5-125, C.R.S.

FOOTNOTES:

- (A) Excess levy approved by Division of Local Government
- (B) Excess levy revenue voted at special election

NOTE: Special Assessments on the tax roll are no longer shown.

SCHOOL DISTRICT CODING:

School districts entirely within a county:

Designated by the last position number of “0” or “5”.

Multi-county school districts:

Designated by the last position numbers of “1” through “4”. The administrative offices of the school district are located in the county designated by the code number “1”. The adjoining counties are listed by code numbers “2” through “4”, assigned to the counties alphabetically.

Questions regarding School District levies should be referred to the Department of Education, Office of Management Services.

CERTIFICATION OF LEVIES AND REVENUES

As of January 1, 2024

(1) Average will not add to the Total Average County Levy because denominators (Assessed Valuation) are not common to all.

(2) Municipal Revenues are divided by the sum of Municipal Assessed Valuation.

(3) Special District Revenues are divided by the sum of Special District Assessed Valuation.

* These figures include tax increment valuation and all tax revenues attributable to the increment are allocated to the increment
