COLORADO

Department of Local Affairs

Division of Property Taxation

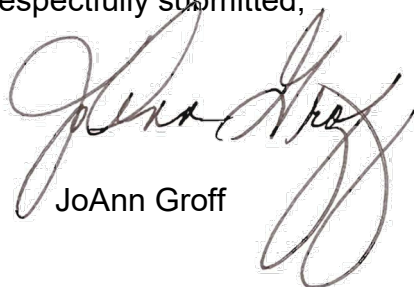

May 9, 2025

The Honorable Jared Polis
Governor of Colorado
and
The General Assembly of the
State of Colorado
200 E. Colfax Avenue
Denver, CO 80203

Governor Polis and Members of the General Assembly:

We are submitting the Fifty-Fourth Annual Report of the Division of Property Taxation in compliance with § 39-2-119, C.R.S. In addition to providing listings of assessed values in the counties and property tax revenues of the local taxing jurisdictions, the report contains statistical and summary information.

Respectfully submitted,

JoAnn Groff

JAG:tmy

Governor Jared S. Polis | Maria de Cambra, Executive Director | JoAnn Groff, Property Tax Administrator
1313 Sherman St., Room 419, Denver, CO 80203 P 303.864.7777 F 303.864.7799 www.dola.colorado.gov

Section II

Administration

COLORADO PROPERTY TAX

OVERVIEW

In Colorado, the authority for property taxation is both constitutional and statutory. Article X of the Colorado Constitution provides that all property is taxable unless declared exempt by the Constitution, and that the actual value of taxable property shall be determined under the general laws to secure just and equalized valuations. The specific statutes pertaining to property taxation are found in articles 1 through 14 of title 39 of the Colorado Revised Statutes.

Under the general laws of Colorado, county assessors are required to discover, list, classify, and value all taxable property within their county boundaries except for those properties that are state assessed. The State Board of Equalization (Board) has supervision over the administration of all laws concerning the valuation and assessment of taxable property and the levying of property taxes. The Division of Property Taxation (Division), under direction of the Property Tax Administrator (Administrator), coordinates the implementation of property tax law throughout Colorado's sixty-four (64) counties.

The Colorado property tax system provides revenue exclusively for local government services. The largest share of property tax revenue for the year 2024 (50.00 percent) goes to support the state's public schools. County governments claim the next largest share (22.92 percent), followed by special districts (21.44 percent), municipal governments (4.51 percent), and local district colleges (1.12 percent). Total revenue for all taxing entities in Colorado for 2024 was certified as \$15,289,354,230.

TABLE 1 lists the percentage change in property tax revenue between taxes payable in 2023 and in 2024 for the existing types of taxing entities in Colorado.

TABLE 1

REVENUE CHANGE BY ENTITY TYPE FOR TAX YEARS 2023-2024	
Taxing Entity	% Change
School Districts	0.3%
Local District Colleges	-10.9%
Counties	4.3%
Municipalities	-1.5%
Special Districts	-1.8%
Combined Change:	0.5%

STATE BOARD OF EQUALIZATION

The State Board of Equalization consists of the Governor, the President of the Senate, the Speaker of the House of Representatives, or their designees, and two members appointed by the Governor with consent of the Senate. Each appointed member must be a qualified appraiser, a former assessor, or a person who has knowledge and experience in property taxation.

There was only one membership change on the Board for 2024. House Speaker Julie McCluskie was present for the Board's January meeting only. She was subsequently replaced by her designee, Representative Kyle Brown. The Board met three times in 2024. For the first meeting, the Board was made up of the following individuals:

- Barbara Brewer, chairperson, appointee of Governor Jared Polis;
- Senator Chris Hansen, vice-chair, designee of Senate President Fenberg;
- Representative Julie McCluskie, House Speaker;
- Richard Sokol, designee of Governor Jared Polis; and
- Marty Flaum, appointee of Governor Jared Polis.

For the Board's October and December meetings, Representative Kyle Brown replaced House Speaker Julie McCluskie.

Duties and Responsibilities

The Board supervises the administration of property tax laws and the equalization of the values of all the classes and subclasses of taxable property across the state. Duties of the Board are found primarily in sections 3 and 15 of article X of the Colorado Constitution, and articles 1 and 9 of title 39 of the Colorado Revised Statutes.

The Board reviews the findings and conclusions of the annual study contractor and orders reappraisals in counties found to be not in compliance. The study was initiated by a 1982 amendment to the Colorado Constitution to ensure all assessors value property at the same level of value using standardized procedures and statistical measurements. The study is conducted by an independent auditing firm contracted by the Director of Research for the Office of Colorado Legislative Council, § 39-1-104(16), C.R.S. The study and the resulting orders of reappraisal are the primary means of achieving statewide equalization. Each year, the auditor performs both a ratio study and a market trend analysis. The auditor also reviews both sold and unsold properties in addition to agricultural residences and any other areas as directed by the Office of Colorado Legislative Council.

The following companies were contracted for the annual study since 1982:

- 1983-1986 – Max Arnold and Assoc.
- 1987 – Hoover and Assoc.
- 1988 – Hoover, Thimigan and Assoc.
- 1989-1992 – Thimigan and Assoc.
- 1993-2002 – Thos Y. (T.Y.) Pickett and Co. Inc.
- 2003-2008 – Rocky Mountain Valuation Specialists, LLC
- 2009-2022 – Wildrose Appraisal, Inc., Audit Division
- 2023-2024 – East West Econometrics, LLC

The importance of the Board's equalization function is due, in part, to the relationship that exists between assessed values and state aid to schools. Generally, if the property in a school district is undervalued, it is likely the district will receive more state revenue than to which it is entitled. When the results of a reappraisal order indicate the affected school district(s) received too much state revenue, the Board will order the county (not the school district) to pay back the excess funding.

During the 1980s and early 1990s, this occasionally required the repayment of substantial revenue to the state. In years that are more recent, however, significant improvements in the quality of county assessments have resulted in far fewer reappraisal orders and smaller repayments of excess state aid to schools.

The Board also reviews county Abstracts of Assessment, decisions of county boards of equalization (county boards), and the policies and recommendations of the Property Tax Administrator and any changes to the three volumes of the Assessors' Reference Library published by the Administrator.

STATE BOARD OF EQUALIZATION ACTIVITY

The following is a brief history of recent actions by the State Board of Equalization over the most recent five-year period, from 2024 back to 2020.

2024 Action and Enforcement

In 2024, the Board held three meetings; January 26, 2024, October 30, 2024, and December 17, 2024. All three meetings were held via remote access only.

At the Board's first meeting in January, the Board held an election for the position of vice-chair, where Senator Hansen was unanimously elected by the Board. The Board reviewed its minutes from the December 18, 2023 meeting, and accepted a motion to accept the minutes with some typographical corrections being noted.

Administrator Groff mentioned that the auditor delivered the 2023 Abstract Projections and 2023 County Board of Equalization Adjustment reports to the Board in December. The auditor reviewed various counties following changes implemented by the County Board of Equalization to ensure compliance with Colorado property tax laws. The Boulder and Costilla County reports were submitted by the auditor to be considered in the meeting. The Board approved a motion to make the reports public and then Administrator Groff handed the discussion over to Harry Fuller of East West Econometrics, LLC. The auditor then presented its findings, recommending no reappraisal order for Costilla and Boulder County.

The Board then moved to enter into executive session, including attorneys Heather Flannery, Emily McGilvery and Kurt Morrison, with the Colorado Attorney General's Office. AAG Flannery stated that there was nothing to disclose to the open meeting about what occurred during the private session.

The Board then considered a proposed policy from AAG Flannery regarding the delegation of authority for a member of the Board to work with legal counsel during legal disputes. The Board considered and unanimously passed a resolution which gave either the Chair or Vice-chair the power to "review and approve pleadings for filing and the authority to make litigation strategy decisions on behalf of the State Board." The Board then delegated Senator Chris Hansen as the delegate.

The Board had no further business to discuss and the Chair adjourned the meeting.

At the Board's October 30, 2024 meeting, the Board's first action was to hold an election of officers. Chair Hansen was nominated for Chair and the Board unanimously passed a motion to approve of his position and he then moved to call for nominations for a vice-chair. Mr. Marty Flaum was nominated and the motion to approve of his position was unanimously passed. The Board then approved the January 26, 2024 meeting minutes with a small amendment as recognized by Mr. Sokol.

Chair Hansen then recognized Administrator Groff to review the list of property owners who filed a waiver of filing deadline for exempt properties. She explained that the organization of the consent agenda was changed in collaboration with the Attorney General's office to alert the Board of property owners who have either filed waivers multiple times or requested waivers over multiple years. The Board heard explanation of the property owners on Consent Agenda One who missed the April 15

and July 1 filing deadlines for 2024. Consent Agenda Two included those with previous forfeitures, often tied to the confusion of the COVID-19 pandemic filing extensions. Consent Agenda Three highlighted organizations with multiple years of delinquency, most of which remained off the tax rolls or had paid taxes and now sought to restore exemptions. The Board approved all three consent agendas unanimously. During this discussion, Administrator JoAnn Groff explained that failure to file for exemption only triggers notices in the first year, contributing to some long-term oversights. She emphasized that the vote was only to allow these groups to submit paperwork for further review—not to guarantee reinstated exemptions.

A special section was dedicated to two exemption cases discussed in detail. First Wesleyan Church sought to retroactively restore exemption status on properties sold in 2023, and Vineyard Community Church requested to resolve outstanding taxes linked to a recent sale. Jerico Javier of the Division confirmed that there were no legal obstacles, and staff recommended granting the waivers. After hearing from First Wesleyan's representative and confirming procedural clarifications, the Board unanimously approved the waiver requests for both churches.

The meeting included a detailed presentation of the 2024 Assessment Audit by East West Econometrics. Audit manager Harry Fuller and statistician Steve Kane presented findings based on four core studies: ratio study, market trending, valuation bias, and analysis of sold vs. unsold properties. The audit found statewide compliance in all major property categories—residential, commercial, and vacant land. Sales ratios and coefficients of dispersion (CODs) remained within acceptable ranges, with the residential COD at 9.73 and all 64 counties falling in the approved range. The audit showed an increase in sales volume from 2020 to 2022, which necessitated careful time adjustments by county assessors. The audit also highlighted improved valuation practices and ongoing communication between the Division and counties, with minor data issues quickly addressed.

Next, the Board reviewed abstracts of assessment. Although 57 of 58 counties using the standard protest period were reviewed and deemed compliant, Administrator Groff recommended delaying final approval of all abstracts until the December meeting. This delay allows the auditor to conduct a full analysis of late or alternate protest counties. Lake County was flagged for late submission and was not ready for acceptance; its representative was invited to speak at the next meeting. Additionally, counties using the alternate protest period—Adams, Boulder, Douglas, Gunnison, Jefferson, and Weld—must submit their data by November 21, 2024, for inclusion in the December review.

The Board also considered updates to the Assessors' Reference Library (ARL), which contains the operational and legal framework for county assessors. Joe McGrath presented the September updates, including changes based on recent legislation (HB 24B-1001 and SB 24-233). The Board approved all ARL updates unanimously.

An executive session was held regarding Douglas County's lawsuit (Case No. 24CV30133) against the State Board. After discussion led by Assistant Attorney General (AAG) Heather Flannery, the Board unanimously rejected the proposed settlement from Douglas County, which sought to rescind a 2023 Board decision and impose limits on Board authority. The Board found the terms of the offer to exceed the scope of the lawsuit. Chair Hansen was subsequently appointed as the Board's litigation designee.

In closing, Administrator Groff detailed the SBOE's new responsibilities under HB 24B-1001, which authorizes the Board to adjust residential assessment rates when property values increase by more than 5%. Legislative Council staff will provide growth data by January 15, 2025, requiring Board action within 21 days. The Board scheduled meetings for December 17, 2024; January 31, 2025; and October 9, 2025. With no additional business or comments, Chair Hansen adjourned the meeting at 11:56 AM.

The State Board of Equalization meeting on December 17, 2024, was called to order by Chair Chris Hansen at 2:03 PM with members attending remotely. JoAnn Groff, Property Tax Administrator,

conducted roll call, confirming the attendance of Representative Kyle Brown, Rich Sokol, Chair Hansen, and Vice-Chair Marty Flaum. Barbara Brewer was excused. After introductions, including legal counsel Heather Flannery, the board approved the minutes from the October 30, 2024, meeting unanimously with no amendments.

Administrator Groff then introduced the annual assessment audit materials prepared by East West Econometrics, LLC. These included the 2024 Abstract Projections and 2024 County Board of Equalization Adjustments reports, which were accepted by the board for public release. The board also considered the abstracts of assessment from Colorado's 64 counties. Administrator Groff reminded the board that per her recommendation, they had not approved the abstracts of any county, even those timely filed in October. She then recommended the approval of all abstracts, including those from counties using the alternate protest period and Lake County, which had filed late but was now reviewed and deemed satisfactory.

The board carefully reviewed abstracts from the alternate protest period counties (Adams, Boulder, Douglas, Gunnison, Jefferson, Weld) and Lake County who had submitted their abstract too late to be reviewed in October. The Division of Property Taxation confirmed there were no irregularities or extraordinary changes. Lake County Assessor Mark Wadsworth provided context for the county's delay, citing recent administrative changes and efforts to bring the office up to date. His remarks were well-received, and the board approved all county abstracts unanimously after confirming no significant valuation shifts had occurred.

Subsequently, the board considered a broad set of updates to the Assessors' Reference Library (ARL), covering multiple volumes and chapters ranging from procedural updates and assessment operations to valuation standards and oil and gas equipment guidelines. These updates had been recommended by the Statutory Advisory Committee. After discussion and with no public objections, the board voted unanimously to adopt all proposed changes. Additionally, Administrator Groff acknowledged the contributions of departing audit partners Harry Fuller and Steve Kane and introduced their replacement, Joel Cuthbert from San Matteo Data Analytics.

The meeting moved into Executive Session at 2:27 PM to discuss a pending court case, concluding at 2:55 PM with no public announcements arising from it. Chair Hansen then allowed final remarks, during which Administrator Groff previewed agenda items for the upcoming January 31, 2025, meeting, including potential discussions on exempt property requests and personnel updates. She also reminded members of the October 9, 2025, meeting. With no further business or public comment, Chair Hansen adjourned the meeting at 11:56 AM.

2023 Action and Enforcement

In 2023, the Board held two meetings; October 12, 2023, and December 18, 2023. Both meetings were held via remote access only.

At the Board's first meeting in October, the Board held elections of officers, where Chair Brewer called for nominations of a chair and vice chair. Chair Brewer was elected Chair for another year and Mr. Buescher was elected vice chair. The Board then reviewed the minutes from its last meeting on October 13, 2022 and approved them as written. Moving to the next agenda item, the Board considered waivers of filing deadline for exempt property owners. After a brief explanation of the consent agenda of properties by Terry Long, manager of the Exemptions Section, the Board unanimously adopted a new filing deadline of November 20, 2023, for these requests, and also accepted the waiver requests for all of the organizations on the consent agenda. Five requests to waive the filing deadline were highlighted for discussion. After asking for any interested speakers and hearing none, the Board granted the five waivers and moved on to the next agenda item.

Administrator Groff recommended the Board accept the reports provided by the state auditor, including sixty-three County Reports for 2023, the 2023 Personal Property Report, the 2023 Sales Verification Report, and the 2023 Statutory Deadline Report. Mr. Fuller, audit manager of East West

Econometrics, LLC shared that there were two time sensitive outstanding reports, the Abstract Reports and CBOE Change Report, which will be reported in December. He then introduced Mr. Kane, chief statistician, who shared that analysis was comprised of performing three major studies: the ratio study, market trending study, and the sold/unsold study. Additionally, an analysis of valuation bias, aka price-related differential (PRD), was performed. Valuation bias is reviewed closely per the Division and Legislative Council's request.

Mr. Kane gave a detailed presentation on each of the studies done by the audit and its results for sixty-three counties. Mr. Fuller finished the presentation with his expectations of Lake County submitting data to the audit by the December 18, 2023 meeting and he anticipated that Lake County will be in compliance after their mid-November submission of values.

Chair Brewer called for questions of the auditor's presentation. There were none. The Board continued to the next agenda item concerning the abstracts of assessment and the changes ordered by county boards of equalization. Thomas Young, with the Division, recommended the Board accept and approve fifty-four abstracts that were filed by the August 25 deadline. The remaining abstracts for Adams, Arapahoe, Boulder, Denver, Douglas, Jefferson, Lake, Pitkin and Saguache Counties would be filed under the alternate-protest process by the November 21 deadline.

Administrator Groff informed the Board that traditionally they vote to allow the chair to approve the late-filing abstracts unless there are issues. However, this year she recommended they actually hold a meeting to consider known actions taken in Douglas, Costilla and Lake Counties, and any other issues that might arise in the alternate-protest counties. The Board unanimously approved a meeting to be set for December 18. Administrator Groff explained that with the level of public interest in these actions, a December meeting allows the public to submit comments or material they wish the Board to discuss. Mr. Buescher requested the Board's attorney, Assistant Attorney General (AAG), Heather Flannery, advise them during the meeting on the actions of Douglas County and other counties on the constitutional and statutory authority to make changes to the assessment rate. AAG Flannery responded that she would be prepared and distribute written material beforehand. Chair Brewer recognized Douglas County Assessor, Toby Damisch. Assessor Damisch responded that he made himself available for questions but was not prepared to make a formal statement at this meeting.

Chair Brewer proceeded to the next agenda item to consider changes to the Assessors' Reference Library. Administrator Groff gave a brief introduction for the benefit of the new members as to how the process works. She continued, explaining there were no controversies, comments, or recommended changes from any parties. Administrator Groff recommended the Board approve the changes in one motion. There were no objections and that motion passed unanimously.

Chair Brewer thanked everyone for their assistance throughout the process and requested a motion to set October 10, 2024 as next year's State Board of Equalization meeting date. Chair Brewer then adjourned the meeting without a motion.

During the December 18 meeting, the entire Board was present and approved the minutes of the October 12, 2023 meeting. It also unanimously approved the consent agenda for the exempt property owners seeking a waiver of filing deadline for annual reports as presented by Moses Roybal of the Exemptions Section of the Division.

The Board convened an Executive Session and, upon returning, proceeded to the presentation of the Annual Assessment Audit. East West Econometrics was introduced by Administrator Groff. They submitted the 2023 Abstract Projections and the 2023 County Board of Equalization Adjustment reports to the Board. Additionally, the Lake County report, which was not available during the October 12, 2023, meeting, and the Douglas County report, after the County Board of Equalization's adjustment, were submitted. The Board made a motion to release the reports. It passed unanimously.

Steve Kane of East West Econometrics, LLC presented the assessment audit findings for Lake County, which was found in complete compliance with all statistics. The auditor felt that after review

of the CBOE Adjustments report, more counties may have fallen out of compliance than originally anticipated. Administrator Groff recommended setting a meeting to review the findings on January 26, 2024. This would allow counties who may have fallen out of compliance to be noticed before the meeting.

Administrator Groff presented the next agenda item to consider, the remaining ten abstracts that were filed on the alternate protest period. No errors were found with the ten counties, and with Douglas County listed later in the agenda for discussion, Administrator Groff recommended the remaining nine abstracts be accepted and the Board passed the motion unanimously.

The Board then considered Douglas County and the changes made by its County Board of Equalization. Administrator Groff explained that the Division found the residential value changes of the CBOE in Douglas County were within the compliance parameters followed by the Division to make recommendations to the Board. That review considers significant outliers, and whether CBOE changes net more than a five percent change overall to a class of property. This review took into consideration the total of all changes to the residential class of property made by the CBOE.

Mr. Kane provided the Board its findings regarding Douglas County, indicating they reran the residential class of property after the CBOE changes and the results were that the county was still in compliance with a median sales ratio of 0.953 and a coefficient of dispersion at 5.7. The audit also conducted their analysis by economic area for the seven areas in Douglas County and all were above the 0.95 compliance standard floor set by the Board.

Assessor Damisch presented information to the Board, explaining how 2023 was an extraordinary reappraisal year with record value increases; the median residence increased forty-seven percent. Assessor Damisch stressed that, even after a four percent decrease, the growth rate was still much higher in comparison to the other metro counties. He also explained that sales at the height of the market were dominating the valuation models, but the height actually occurred six to eight weeks before the appraisal date. The results of re-time trending the value to the appraisal date justified lowering the values of the residential class in Douglas County.

Administrator Groff then called on those that signed up to address the Board in the order that they signed up. The Board heard from the president of Larkspur Fire Protection District, Mr. John Zimmerman with Value West, the Fire Chief at West Douglas County Fire Protection District, and the Chief of the NW Fire Protection District in Park County, who also serves as the President of the Colorado State Fire Chiefs. The speakers affiliated with fire protection districts all emphasized that the way the Douglas County CBOE lowered residential values would not be good for fire protection services as it would negatively impact their property tax revenue. Mr. Zimmerman's comments were centered on the valuation process in Colorado and how Colorado's reappraisal process is focused on actual values of properties, not indexes or factor values. With true respect to Assessor Damisch, he felt a broad percentage applied to a whole class of property harms the system. When errors are found they should be identified at a more detailed level than in a countywide class of property.

Administrator Groff asked AAG Flannery to explain the implications should the Board accept or refuse Douglas County's abstract. AAG Flannery explained that if the Board chooses to modify the valuation for assessment on this class of property in Douglas County, a motion and a second is required to modify, with details of the amounts to the modification. If it passes, the Board will need to issue a written order. She asked that the board delegate to one board member to work with counsel to get a written summary of the meeting and the decision issued to Douglas County and published. It would take effect for the 2023 taxable year, and that would be made clear in the written order and the motion as well. This would not be a reappraisal order, but would fall under valuation for assessment that was changed by the CBOE on a particular class of property.

Chair Brewer requested a motion. Senator Hansen moved to modify Douglas County's residential class values by rejecting the four percent across the class reduction from the CBOE and re-establishing the prior values. The motion passed unanimously. Chair Brewer then also requested a

motion to delegate to the chair to produce the decision in writing and issue a final order. There were no objections and the motion passed unanimously.

The Board then moved to approve changes to the Assessors' Reference Library under Administrator Groff's recommendation as there were no contentious matters raised during the meeting or pre-meeting. Chair Brewer acknowledged the Property Tax Commission and the work that Administrator Groff would be involved in over the next few months. Administrator Groff announced that there was one person left signed up to speak who wanted to address the Board. A Boulder County property owner provided a letter detailing his difficulties getting data from the county used to value his property as required by law. Boulder County Assessor, Cynthia Braddock, addressed the Board and shared that a new tracking system for commercial data requests was implemented. After explaining to the taxpayer that his next step would be to appeal to the BAA, Chair Brewer adjourned the meeting.

2022 Action and Enforcement

In 2022, the Board held two meetings; January 10, 2022 and October 13, 2022. Both meetings were held via remote access only in accordance with Executive Order D 2020 144, Safer at Home and in the Vast, Great Outdoors.

At the Board's first meeting in January, the Board held elections of officers, where board member Barbara Brewer was elected chairperson, and Cathy Kipp was elected vice-chair. The Board then reviewed the minutes from its last meeting on October 15, 2021 and approved them as written. Moving to the next agenda item, the Board considered waivers of filing deadline for exempt property owners. After a brief explanation of the consent agenda of properties by Terry Long, manager of the Exemptions Section, the Board heard speakers for a handful of organizations that had joined the meeting, including:

- Assembly of God dba Open Door Church
- Iglesia Apostolica De La Fe en Cristo Jesus in US
- Central Baptist Church

The Board unanimously adopted a new filing deadline of February 18, 2022 for these requests, and also accepted the waiver requests for all of the organizations on the consent agenda. Mr. McGrath, manager of the Assessment Resources and Appraisal Standards Sections, then explained to the Board certain proposed changes to the Assessors' Reference Library publications. For Volume 2, there were significant changes due to a piece of legislation, SB21-293 and for Volumes 3 and 5, there were necessary annual changes in rates, factors and calculations. Administrator Groff outlined the steps that these proposed changes had already gone through with stakeholder meetings and that the Statutory Advisory Committee had unanimously approved the changes.

The Board unanimously approved the changes to become effective immediately. The Board set the date for the next meeting on October 13, 2022, and then adjourned its meeting.

The Board's second meeting on October 13, 2022, began with roll call. The first agenda item considered was review and approval of the minutes from the last meeting, which took place January 10, 2022. They were passed unanimously as written. The Board then had several reports submitted to it from the assessment audit, Wildrose Appraisal, Inc., including sixty-four county reports for 2022 the 2022 Personal Property Report, the 2022 Sales Verification Report, and the 2022 Statutory Deadline Report. The Board unanimously passed a motion to approve all the reports as submitted. After which, Harry Fuller and Steve Kane of the audit were recognized to discuss the audit and its findings. Mr. Fuller noted that there are two outstanding reports, Abstract Reports and CBOE Change Reports, which will be finished in December due to the counties on the alternate protest procedure.

Mr. Kane then presented to the Board the detailed statistical results of the 2022 audit. After explaining the ratio study, the market trending study, and sold/unsold study, he went on to describe the additional work the audit accomplished using the price related differential as a way to examine if all homes are being treated equally across the value spectrum. Results showed that 62 of 64

counties were within the acceptable measurable range, and the two that had evidence of bias were barely outside of the acceptable range and could have been an anomaly due to few sales.

Thomas Young of the Division recommended that the Board accept and approve sixty abstracts that were filed by the August 25 deadline. The remaining abstracts for Adams, Boulder, Gunnison, and Jefferson counties would be filed under the alternate protest process by the November 21 deadline. The Board moved to authorize the chair to review and approve the remaining abstracts and there were no objections.

The Board authorized the chairperson to approve the remaining abstracts by December, 15, 2022. The Board then addressed waivers of the filing deadline for exempt property owners. First, the Board approved a new deadline of Monday, November, 21, 2022, following the recommendation of the Division. The consent agenda of property owners was approved for the waiver, and two specific cases were highlighted for the Board's attention. Afterwards, representatives who wished to speak to the Board on behalf of their organization were invited to speak. The Board heard from representatives for Young Life, Boys and Girls Clubs of Metro Denver, Bessemer Historical Society, and Adventure West Council, Boy Scouts of America.

Administrator Groff then presented information to the Board about changes to the Assessors' Reference Library and explained that there were no controversial items and no objections from the Statutory Advisory Committee. The Board approved all presented changes to the three volumes. Before adjourning, the Board approved of the 2023 meeting date of Thursday, October 12, 2023.

2021 Action and Enforcement

In 2021, the Board held two meetings; March 26, 2021 and October 15, 2021. Both meetings were held via remote access only in accordance with Executive Order D 2020 144, Safer at Home and in the Vast, Great Outdoors.

At the Board's first meeting in March, the Board reviewed the minutes from the last meeting, which took place November 17, 2020. The minutes were approved and the Board moved on to the remaining agenda items for that meeting. The first of those agenda items was consideration of changes to the Assessors' Reference Library. The Board approved all of the changes to the manuals that were presented. The Board then took up the last item on its agenda: the supervision of the property tax administrator. After a brief executive session the Board heard testimony from the Eagle County Attorney and representative of the Eagle County Board of County Commissioners, Bryan Treu.

Mr. Treu explained to the Board the difficulty that the county had with Deputy Director Curt Settle of the Division of Property Taxation and how Mr. Settle's relationship with Bruce Cartwright, managing director of Duff and Phelps appeared inappropriate. Mr. Treu believed that Mr. Settle was actively assisting Mr. Cartwright in various property tax appeals against the county. Through Colorado Open Records Act requests, Mr. Treu obtained and presented to the Board, email correspondences showing how Mr. Settle routinely accepted invitations for meeting with Mr. Cartwright and reached out to him for feedback on Division policy. Mr. Treu was supported by San Miguel County Commissioner Kris Holstrom and La Plata County's Board of County Commissioners in asking for transparency of the Division's leadership.

Property Tax Administrator JoAnn Groff responded and explained her responses to the counties' CORA requests and the Division's protocol about engagement on issues of property taxation. The Board also heard from Mr. Settle directly as he explained the various points brought up by the counties. Administrator Groff suggested the board take formal action regarding written policies of engagement for Division employees, and it did with the requirement that the policies be posted on the Division's website.

The Board's second meeting dated October 15, 2021, began with review and approval of the minutes from the March meeting. The Board then moved to the remaining agenda items for the meeting,

which included presentation of the annual assessment audit, consideration of the abstracts of assessment, consideration of requests to waive filing deadline of annual reports from exempt property owners, and finally consideration of changes made to the Assessors' Reference Library.

The Board accepted all Final Property Assessment Study Reports, the 2021 Abstract Projection Report, the 2021 County Board of Equalization Adjustment Report, the 2021 Personal Property Report, the 2021 Sales Verification Report, the 2021 Statutory Deadline Report, and the 2021 Land Not Integral Report. The Board heard from the auditor, Wildrose Appraisal, Inc., and the audit's results for the year and what to expect looking ahead. Joette Riley of the Division recommended that the Board accept and approve fifty-eight abstracts that were filed by the August 25 deadline. The remaining abstracts for Adams, Boulder, Denver, Douglas, Gunnison, and Jefferson counties would be filed under the alternate protest process by the November 21 deadline. The Board moved to authorize the chair to review and approve the remaining abstracts and there were no objections.

The Board approved a deadline of November 30, 2021, for all exempt property owners to file the annual reports with the Division. This deadline was approved for all organizations that were on the consent agenda list. The Board then reviewed those requests for filing deadline waivers that the Division highlighted for discussion, which included the following organizations:

- Campbell Chapel AME Church
- Center for Fine Art Photography
- Fellowship Benevolent Corporation
- New Life Worship Center of Fort Morgan
- Americ an Honda Education Corp

After discussion, the Board granted all waiver requests, again adopting the filing deadline of November 30, 2021, for all five organizations in one motion. The Board unanimously adopted and approved all of the changes as proposed to the Statutory Advisory Committee for the Assessors' Reference Library.

The Board was then presented with Administrator Groff's *"Protocol for External Engagement,"* drafted under the board's direction in March. She explained that in addition to direction for division employees, the document also includes links to a number of resources and codes of conduct that govern employees of the Division of Property Taxation under Department of Local Affairs, the state statutes and the constitution. As the board had directed, she explained that the protocol had been shared with employees and was already posted on the division's website.

2020 Action and Enforcement

In 2020, the Board held three special meetings and one regular meeting which is customarily in October. The meetings were dated January 10, April 9, August 4, and November 17.

The Board held its first special meeting on January 10, 2020. At the meeting, the Board first reviewed the minutes from the last meeting which took place on October 8, 2019. The minutes were approved and then the Board moved on to the topic of requests from exempt property owners to waive the filing deadline of annual reports. Stan Gueldenzopf, manager of the Exemptions Section, noted that twenty-eight new petitions had been submitted since the Board last met.

The filing deadline was extended to February 24, 2020, for all waivers being considered both on the consent agenda and those highlighted for discussion. The list of properties on the consent agenda was approved for a waiver and the motion passed unanimously. The Board then listened to the request that was highlighted for discussion regarding the property owned by House of Worship United Pentecostal. The board approved the waiver for this organization going back to 2015, and also made the entity accountable for all fees and interest incurred. After passing the motion unanimously, the board adjourned the meeting.

The Board met again on April 9, 2020. This meeting was held via remote access only to comply with Governor Jared Polis' Executive Order D 2020 017 Ordering Coloradans to Stay at Home Due to the Presence of COVID-19 in the State, and the Third Updated Public Health Order 20-24, Implementing Stay at Home Requirements. The Board heard Property Tax Administrator JoAnn Groff explained the purpose of the meeting was for proposed emergency rule making related directly to Executive Order D 2020 022, ordering the Temporary Suspension of Statutes Concerning Taxpayer Filing Requirements for Certain Taxable Property due to the Presence of COVID-19 in the state. The emergency rules considered supervision of the administration of the property tax laws.

Ms. Groff noted that the rules, if adopted by the board, would go into effect immediately and would be forwarded to the attorney general's office requesting opinion on their legality. Chairwoman Hullinghorst then convened the board in an executive session for the purpose of receiving legal advice from the board's attorney, Heather Flannery.

The Board delayed considering a question from Mesa County about expanding the median sales ratio requirement upon advice from counsel. Ms. Groff then continued to explain how the purpose of the emergency rules related directly to Executive Order D 2020 022, ordering the Temporary Suspension of Certain Statutes Concerning Taxpayer Filing Requirements for Certain Taxable Property due to the Presence of COVID-19 in the state. The Board reviewed a table format that outlined the relevant statutes, current deadlines and new deadlines imposed by this change. Specifically, those rules addressed the filing deadlines of:

1. Business personal property, found in sections 39-5-108 and 39-5-116(1) of the Colorado Revised Statutes;
2. Taxable natural resource property – mining, found in sections 39-5-115(1); 39-5-116(1); 39-6-106(1); and 39-6-113(3), of the Colorado Revised Statutes; and
3. Taxable oil and gas property found in sections 39-7-101(1), (2); 39-5-113.3(1); and 39-5-116(1), of the Colorado Revised Statutes.

The proposed emergency rules moved those deadlines from April 15, 2020 to June 15, 2020. Additionally, the executive order suspended other deadlines to accommodate the extension of the filing deadlines for taxpayers. The extension of these other dates was necessary to prepare the values of those properties to be included in the certification of value to taxing jurisdictions for 2020. The additional deadlines were found in the following statutes:

1. Notices of valuation to property owners, sections 39-5-121(1.5)(a)(I); 39-6-111.5; and 39-7-102.5, of the Colorado Revised Statutes;
2. Protest period for property valuations, sections 39-5-121(1.5)(a)(I) and 39-5-122(2), (4), of the Colorado Revised Statutes;
3. Notice of determination, section 39-5-122(2), of the Colorado Revised Statutes;
4. Extended appeal calendar, section 39-5-122.7, of the Colorado Revised Statutes;
5. Appeals to County Board of Equalization, sections 39-8-106(1)(a) and 39-8-107(2), of the Colorado Revised Statutes;
6. Preliminary certification of values, section 39-5-128(1), of the Colorado Revised Statutes;
7. Reports of assessor, section 39-8-105(2), of the Colorado Revised Statutes;
8. Abstracts of assessment, sections 39-2-115(1) and 39-5-123, of the Colorado Revised Statutes; and
9. Abstract recommendations, section 39-2-115(3), of the Colorado Revised Statutes.

The Board unanimously adopted the rules as they were imperatively necessary to comply with Executive Order D 2020 022, and for the preservation of public health, safety, or welfare because the extension of regular deadlines, further facilitated taxpayers' ability to comply with Executive Order D 2020 017 and D 2020 024, Ordering Coloradans to Stay at Home Due to the Presence of COVID-19 in the State, and Third Updated Public Health Order 20-24, Implementing Stay at Home Requirements. Chairwoman Hullinghorst then closed discussions on the emergency rule making topic and moved to call to order a discussion on waivers of filing deadlines for exempt property owners.

Ms. Groff explained that due to Executive Orders D 2020 017 and D 2020 024, ordering Coloradans to Stay at Home Due to the Presence of COVID-19 in the State, and the Third Updated Public Health Order 20-24, Implementing Stay at Home Requirements, it may be difficult for exempt property owners to meet their annual report filing deadlines as described in section 39-2-117(3)(a)(I) of the Colorado Revised Statutes. This statute allows the Property Tax Administrator the authority to waive all or a portion of the late filing fee for good cause shown. She also explained it was her intention to waive the late filing fee for all exempt property owners who file their annual reports after April 15, but no later than by the extended filing deadline of June 15. Ms. Groff explained that this statute also imposes a final filing deadline of July 1, and that the Board has the right to waive filing deadlines for exempt property owners who miss the July 1 deadline if they find the interests of justice and equity would be served.

The Board issued a blanket waiver of filing deadline for all exempt property owners to file their annual reports by September 1, 2020, and then the meeting was adjourned.

The Board held its third special meeting on August 4, 2020. The meeting was also via remote access only in accordance with Executive Order D 2020 144, Safer at Home and in the Vast, Great Outdoors.

The first action the Board to was to approve the minutes from the January 10, 2020 and the April 9, 2020 meetings. Ms. Groff explained that the meeting is to consider Emergency Rule 3, relating to Executive Order D 2020-22, as amended and extended by Executive Orders D 2020 055, D 2020 089, D 2020 121, and D 2020 150, to continue the temporary suspension of calendar year 2020 statutory deadlines necessary to accommodate taxpayer filing deadlines that were extended for certain taxable property. The rule was being considered as part of the General Rules Regarding Supervision of the Administration of Property Tax Laws. The rule was to be forwarded to the Attorney General's office after adoption for a request on the constitutionality and legality of the rules. Ms. Groff explained The reason for the proposed emergency rule related directly to Executive Order D 2020 150 to continue the temporary suspension of calendar year 2020 statutory deadlines necessary as an extension of Executive Order D 2020 22, ordering the Temporary Suspension of Statutes Concerning Taxpayer Filing Requirements for Certain Taxable Property due to the Presence of COVID-19 in the state. The extension of the deadlines was necessary to prepare the values of the properties to be included in the certification of valuations. The new deadlines were:

1. Notices of valuation to property owners, sections 39-5-121(1.5)(a)(I); 39-6-111.5; and 39-7-102.5, of the Colorado Revised Statutes;
2. Protest period for property valuations, sections 39-5-121(1.5)(a)(I) and 39-5-122(2), (4), of the Colorado Revised Statutes;
3. Notice of determination, section 39-5-122(2), of the Colorado Revised Statutes;
4. Extended appeal calendar, section 39-5-122.7, of the Colorado Revised Statutes;
5. Appeals to County Board of Equalization, sections 39-8-106(1)(a) and 39-8-107(2), of the Colorado Revised Statutes;
6. Preliminary certification of values, section 39-5-128(1), of the Colorado Revised Statutes;
7. Reports of assessor, section 39-8-105(2), of the Colorado Revised Statutes;
8. Abstracts of assessment, sections 39-2-115(1) and 39-5-123, of the Colorado Revised Statutes; and
9. Abstract recommendations, section 39-2-115(3), of the Colorado Revised Statutes.

These deadlines were to complete the changes necessary to accommodate the later filing deadlines contained in Executive Order D 2020 022 and the Board's Emergency Rules 1 and 2 that were adopted on April 9, 2020.

The Board adopted these changes to approve of Emergency Rule 3 and then adjourned the meeting.

The board held its fourth and final meeting on November 17, 2020 which was the Board's only regular meeting for the year. It was also held via remote access only in accordance with Executive Order D 2020 144, Safer at Home and in the Vast, Great Outdoors. The first action that the Board took was to unanimously approve the minutes from the previous meeting of November, 4, 2020.

Wildrose Appraisal, Inc. submitted sixty-four county reports as required by their contract to the State Board of Equalization in a manner timely for review prior to the meeting. Mr. Harry Fuller, the audit manager, gave an overview of all of the reports and asked the Board to accept the following reports for all sixty-four counties:

- 2020 Property Assessment Study Report
- 2020 Abstract Projection Report
- 2020 County Board of Equalization Adjustment Report
- 2020 Personal Property Report
- 2020 County Sales Verification Report
- 2020 Statutory Deadline Report
- 2020 Land Not Integral Report

Mr. Fuller then introduced Mr. Steve Kane, the data analyst for the audit, to present the statistical results for the 2020 audit. Mr. Kane began with an overview of the audit results, how the audit was performed in 2020, and what to expect looking ahead.

Thomas M. Young, a property tax specialist of the Division's Assessment Resources Section gave a presentation about the review process done for the county board of equalization changes and consideration of the abstracts of assessment. The emergency rules adopted by the Board extended the usual August 25 filing deadline to October 13, 2020. The Division reviews all county abstracts and recommends them for approval by the Board if they are in balance and complete - however if a county board of equalization change indicates that the value of any subclass of property was adjusted by more than five percent, that abstract is subject to further review by the Division. Fifty-nine counties had filed by the October 13 deadline and were reviewed with no issues found and were recommended for approval.

The remaining counties of Adams, Boulder, Douglas, Gunnison, and Jefferson opted to use the alternate protest and appeal process, which extends that filing deadline to December 1, 2020 under this year's emergency rule. The Board unanimously agreed to allow Chairwoman Hullinghorst to sign and approve the remaining abstracts if there were no issues detected with them.

The Board then proceeded to consider the requests from exempt property owners to waive the filing deadline. Terry Long, manager of the Exemptions Section, presented information to the Board about the consent agenda and additional properties that were highlighted for discussion. The Board unanimously approved moving the extension of the deadline to December 31, 2020 for filing. The Board also unanimously approved the consent agenda for all the organizations listed.

Mr. Long then brought the board's attention to a few specific organizations highlighted for discussion. Those organizations included:

- Theatine Fathers St. Andrew Avellino Seminary
- Reconstruction Road Ministries
- International Church of the Foursquare Gospel
- American Legion Summit Post #31
- Maslow Academy of Applied Learning Inc.
- Triangle Cross Ranch
- Platteville Baptist Church

There were individuals present representing two of the organizations listed for discussion:

- Platteville Baptist Church
- Triangle Cross Ranch

After speaking with the two representatives for these organizations and answering their questions, the Board unanimously approved granting the waiver of filing deadline for all properties listed above. The new filing deadline was set as December 31, 2020, and the organizations were also asked to complete a succession plan for how the organization was going to avoid this situation in the future.

Mr. Long then brought the Board's attention to two additional organizations:

- Community Youth Foundation Inc.
- New Jerusalem Missionary Baptist Church

These organizations were highlighted due to some shared characteristics. Both were a number of years behind in their filings, and both had sought relief from the Board in the past. They were granted the waiver of filing deadline previously, yet failed to file even by the extended deadlines granted - possibly due to a lack of funds as it is a \$250 fee per late annual report. The Board unanimously approved extending the filing deadline for all prior years for the two organizations to December 31, 2020. The board's action also included a request to submit a written succession plan.

The last highlighted organization was in a unique position. That organization was:

- Cortez Veterans Inc.

The property was sold and the property owner applied for exemption again. Mr. Long believed the property would qualify, and in the organization's petition to the Board, it requested a refund of taxes paid for 2018 and 2019. Mr. Long pointed out that it is not within the Board's power to grant refunds of taxes, there is no action to be taken on that particular waiver request.

The last agenda item that the Board considered was to take action to reappoint JoAnn Groff as the Colorado Property Tax Administrator for another five-year term. Ms. Groff's current term expires on January 1, 2021. The board unanimously voted to re-appoint Ms. Groff for another term.

After deciding on a meeting date for the next regular meeting of the Board in 2021, the meeting was adjourned.

DIVISION OF PROPERTY TAXATION

Under the general laws of Colorado, the Property Tax Administrator directs the Division of Property Taxation. The Administrator is appointed by a majority vote of the State Board of Equalization to serve a five-year term, and until a successor is appointed and qualified.

A primary responsibility of the Division is to administer the implementation of property tax laws throughout Colorado's sixty-four counties so that valuations are fair, uniform, and defensible, thereby ensuring that each property class contributes only its fair share of the total property tax revenue. In other words, the Division's goal is equalization of valuation and proper distribution of property taxes throughout the state.

The Division is comprised of four sections: Assessment Resources, Appraisal Standards, Exempt Properties, and State Assessed Properties.

Assessment Resources

The Assessment Resources section prepares and publishes administrative manuals, procedures, and instructions. It conducts several classes and seminars regarding the administrative functions of the assessors' offices. This section performs field studies and provides statewide assistance with issues such as tax increment financing, the administration and valuation of manufactured homes, senior and veteran with a disability exemptions, classification of property, title conveyance, mapping, production of the abstract of assessment, certification of values to taxing entities, and the tax warrant. The section assists with investigation of taxpayer complaints. It is responsible for various studies and reports such as fiscal impacts for the Colorado Legislative Council, the Colorado Assessed Values Manual, and the Property Tax Administrator's ***Annual Report to the Governor and General Assembly***. It works closely with assessors and other agencies in all areas of property taxation. Assessment Resources is responsible for recommending to the property tax administrator approval or disapproval of all petitions for refund or abatement of taxes in excess of \$10,000.

Appraisal Standards

The Appraisal Standards section prepares and publishes appraisal manuals, procedures, and instructions. It holds classes and seminars regarding all areas of appraisal. It conducts field studies and provides statewide assistance in agricultural land classification and valuation, natural resources, and personal property valuation, as well as assistance in the valuation of vacant land, possessory interest, residential, commercial, and industrial properties. The section assists in reappraisal efforts, reviews internal appraisal forms used by assessors, and investigates and responds to taxpayer complaints.

The section conducts four tested, qualifying education courses to enable assessment appraisers to obtain an Ad Valorem Appraisal License. These courses are: Introduction to Ad Valorem Mass Appraisal, Basic Appraisal Principles, Basic Appraisal Procedures, and Uniform Standards of Professional Appraisal Practice (USPAP). This section currently offers additional tested courses including: Vacant Land Present Worth, Advanced Income, and Agricultural Land and Rural Structures. The section also offers several non-tested courses including a continually expanding list of online distance education.

Exempt Properties

The Exemptions section, under the authority of the Property Tax Administrator, is responsible for determining the qualification for exemption from property taxation for properties that are owned and used for religious, charitable, and private school purposes. This section reviews more than eleven thousand reports filed annually by exempt property owners to determine if the property's exempt status is still warranted. The section provides assistance to counties and taxpayers with inquiries about exempt properties, helps taxpayers with petitions to the State Board of Equalization, conducts hearings on exemption applications and revocations of exemptions, and defends appeals of its final decisions.

State Assessed Properties

The State Assessed section is the only area of the Division that performs original valuation of property on an annual basis. The section values all public utilities doing business in Colorado as

defined by statute, including rail transportation companies, airlines, non-renewable and renewable energy companies, telephone companies, and pipelines. The company valuations are allocated to Colorado then apportioned to the counties for collection of local property tax. Both county commissioners and public utilities may protest the value assigned to state assessed property and may appeal to the Board of Assessment Appeals (BAA) or Denver District Court if the protest is not resolved at the Division level.

2024 VALUE INFORMATION

Taxable real property classified as residential, commercial, industrial, agricultural, and vacant land, is subject to re-valuation by county assessors every odd-numbered year. Taxable property not subject to the biennial reassessment cycle is valued every year. This includes all property classified as state assessed; land and leaseholds classified as oil and gas, natural resources, and producing mines; all subclasses of personal property; and possessory interests.

For 2024, Colorado assessed values decreased approximately \$4.7 billion, representing a two and one-half percent decrease from the prior year. The statewide decrease was primarily attributable to the decreases in oil and gas and vacant land classes of property. The total assessment for 2024 was \$182,014,894,377.

TABLE 2 displays the percent change to the total value of each property class from 2023 to 2024 as well as the percentage that class makes up of the total valuation for assessment in 2024.

TABLE 2

VALUE CHANGES BY PROPERTY CLASS FOR TAX YEARS 2023-2024		
Class	2023-2024 Change	Class as % of Total
Vacant Land	-4.73%	3.50%
Residential	2.44%	50.12%
Commercial	0.34%	27.89%
Industrial	2.30%	3.58%
Agricultural	0.00%	0.84%
Natural Resources	2.92%	0.20%
Producing Mines	-10.10%	0.20%
Oil and Gas	-30.89%	9.00%
State Assessed	6.58%	4.66%
Net Total:	-2.50%	100.00%

Residential, Commercial, Industrial, and Vacant Land

The Colorado Constitution and statutes specify that real property classified as commercial, industrial, and vacant land is valued by county assessors through consideration of the market, cost, and income approaches to value. Residential property is valued solely by the market approach. For these classes of property, the valuation reflects changes that occurred between the assessment cycle appraisal dates, June 30 2020, and June 30, 2022, and includes a \$55,000 actual value adjustment to residential property, and a \$30,000 actual value adjustment to commercial improved property.

In 2024, Colorado showed a decrease in assessed value in three classes of property: vacant land (-4.7 percent), producing mines (-10.1 percent), and oil and gas (-30.9 percent). The remaining

classes of property showed increases in 2024 with the largest percentage increases in state assessed, residential, natural resources, and industrial. The total assessed valuation of the residential class increased 2.44 percent in 2024. According to the S&P CoreLogic Case Shiller Home Price Indices, home prices continued their rise across the country over the last 12 months. Denver, specifically, experienced an approximate 1.5 percent year over year increase in 2024. However, the end of the data gathering period for 2023-2024 reassessment values was June 30, 2022, meaning the last six months of local data may not be available for inclusion in the analysis, § 39-1-104(10.2), C.R.S.

The commercial class remained nearly unchanged, only experiencing an approximately one-third percent increase in assessed value. The total values of the commercial and industrial classes are stabilized somewhat by the presence of personal property. For 2024, personal property accounts for 10.75 percent of the total value of the commercial class and 43.72 percent of the total value of the industrial class. The assessor revalues personal property every year, and the values are less subject to dramatic changes than are the values of real property.

TABLE 3 provides a county-by-county comparison of assessed values for the residential, commercial, and vacant land property classes between 2023 and 2024.

TABLE 3

Oil and Gas

The taxable value of real property associated with oil and gas wells is calculated as a percentage of the revenue obtained for the product at the wellhead during the prior year. This makes oil and gas among the most volatile of property classes because the market prices of natural gas and crude oil can change considerably from year to year.

Colorado experienced a nearly thirty-one percent decrease in the total assessed value of the oil and gas class in 2024. Among the classes of taxable property, oil and gas contains the third highest total assessed value for 2024, following the residential and commercial property classes. The 2024 total assessed value for the oil and gas class was \$16,383,538,118, which is 9.0 percent of the state's total taxable value.

TABLE 4 shows a recent history of assessed values for the oil and gas class.

TABLE 4

HISTORICAL VALUE OF OIL AND GAS CLASS			
Year	Value (Billions)	% Change from Prior Year	Class as % of Total
2011	\$8.6	37.2%	9.8%
2012	\$9.7	13.6%	10.9%
2013	\$8.8	-9.9%	9.9%
2014	\$11.1	26.5%	12.1%
2015	\$13.3	20.1%	12.7%
2016	\$8.2	-38.2%	8.1%
2017	\$7.5	-8.9%	6.7%
2018	\$10.2	35.3%	8.8%
2019	\$13.8	35.8%	10.2%
2020	\$12.5	-9.5%	9.2%
2021	\$8.0	-36.0%	5.6%
2022	\$16.1	101.6%	10.7%
2023	\$23.7	47.0%	12.3%
2024	\$16.4	-30.9%	9.0%

TABLE 5 shows the counties ranked in order from highest to lowest in terms of total assessed value in the oil and gas class of property. The table also gives information about the value changes in this property class by county from 2023 to 2024.

Other Production Classes

As with oil and gas, most of the value of real property classified as natural resources and producing mines is calculated as a percentage of the income obtained from selling the product. The natural resources class includes properties that produce coal, sand, and gravel. It also includes non-producing patented mining claims and severed mineral interests. All counties, except the City and County of Denver, have natural resource property, but the class comprises only 0.20 percent of the state's total assessed value.

Although similar in total value, the great majority of the producing mines value is associated with only two mines: The Henderson and Climax mines, both located in three counties. According to the USGS, molybdenum ore was produced as a primary product at only two mines; both of which are located in Colorado. They include the Henderson and Climax mines. Both mines produce high-purity, chemical-grade molybdenum concentrates.

The Climax mine is an open-pit mine and is located approximately 13 miles northeast of Leadville. It is a porphyry molybdenum deposit with molybdenite as the primary sulfide mineral. According to an article published in the Summit Daily, Climax began production in 1918. The mine initially ceased operations after WWI due to a reduction in demand. Throughout the years, mining operations have been intermittent. Most recently, the mine was restarted in May of 2012 after an eleven-year period of low production, care, and maintenance of the site.

The Henderson mine is an underground mine located in Clear Creek County on the east side of the Continental Divide. The mill site is located on the west side of the Continental Divide 15 miles from the mine in Grand County. It is the world's largest primary producer of molybdenum.

The mine has been in operation since 1976. It consists of a large block-cave underground mining complex that feeds a 32,000 metric ton-per-day concentrator that is located approximately 42 miles west of Denver. The mine and the mill are connected by the world's longest conveyor of its kind; a fifteen-mile elevated belt that passes underneath the Continental Divide carries the ore through an old train tunnel and then above ground to the ore processing mill near Parshall, where it is then treated and shipped to another plant for further processing. The Henderson molybdenum production totaled approximately 7.1 million tons in 2024, an increase of approximately 3.2 million tons over the 3.9 million tons produced in 2023.

The third county with a substantial value in the natural resources class is Teller County. According to preliminary data obtained by the U.S. Geological Survey's National Minerals Information Center, starting in 2015 Colorado has ranked 3rd in U.S. gold production behind Nevada and Alaska. The gold production coming from the Cresson Mine moved Colorado ahead of Utah in recent years in the ranking for production. This mine is Teller County's primary mine and is located between the towns of Victor and Cripple Creek.

The value of mining operations in Colorado is sensitive to changes in commodity prices, owners' business choices, and decisions rendered on property tax appeals. According to the United States Geological Survey, domestic gold mine production in 2024 was estimated to be about 160 tons, an approximately 5.9 percent decrease from the 170 tons in 2023. The average price of gold increased for 2024 at \$2,390 per troy ounce, a nearly twenty-three percent increase from \$1,944 per troy ounce listed the prior year.

Agricultural Property

The value established for agricultural land is based on a 10-year average of the earning or productive capacity of the land regardless of the property's market value or its highest and best use. As a result, the actual values of agricultural property are often much lower than their market values, and they tend to be relatively stable from year to year. The assessed value of the agricultural property class remained virtually unchanged from the previous year.

State Assessed Property

Unlike most other classes, property classified as state assessed is valued annually by the Division using unitary valuation procedures. The state assessed property class is comprised of real and personal property that is owned or leased by public utilities as defined by article 4 of title 39 of the Colorado Revised Statutes. By far the largest portion of this value is attributable to personal property. The State Assessed Section of the Division values each company and allocates a portion of the value to Colorado. That value is then apportioned to the appropriate counties based on the location of the company's operating property or business activity. The county assessor then distributes the value to the appropriate tax areas throughout the county.

Information reported in the county abstracts of assessment for this class of property indicated an increase in assessed value of approximately \$524 million, or about 6.58 percent. Overall, this class makes up 4.66 percent of the total assessed value of the state.

Personal Property in 2024

In 2024, personal property accounted for 10.53 percent of Colorado's property tax base, but that percentage varied substantially from county to county. Approximately 40.38 percent of personal property is classified as state assessed while the remainder is valued at the local level. In 2024, 91.15 percent of the state assessed property value was for personal property. All taxable personal property is assessed at 29 percent of its actual value, except that for tax years 2023 and 2024, all taxable personal property is assessed at 27.9 percent, and if it is renewable energy personal property, it is assessed at 26.4 percent.

Under the Colorado Constitution and statutes, certain categories of business personal property are exempt from taxation, including equipment used for agricultural purposes, inventory, and supplies held for consumption.

Prior to January 1, 2009, business personal property under common ownership with a total actual value of no more than \$2,500 per county was also exempt. With subsequent legislation, the amount of actual value subject to the exemption increased according to the following schedule:

- Four thousand dollars (\$4,000) or less for property tax years 2009 and 2010.
- Five thousand five-hundred (\$5,500) or less for property tax years 2011 and 2012.
- Seven thousand dollars (\$7,000) or less for property tax years 2013 and 2014.
- Seven thousand three hundred dollars (\$7,300) or less for property tax years 2015 and 2016.
- Seven thousand four hundred dollars (\$7,400) or less for property tax years 2017 and 2018.
- Seven thousand seven hundred dollars (\$7,700) or less for property tax years 2019 and 2020.

House Bill 21-1312 increased the personal property threshold exemption and sets up a mechanism for reimbursing taxing jurisdictions for the loss of property tax revenue due to this exemption. For the 2021 and 2022 tax years, the exemption threshold is raised from \$7,900 or less to \$50,000 or less in total actual value. Following the above established practice, this amount will be adjusted biennially by the Property Tax Administrator to account for inflation.

For the 2021 tax year, each assessor calculated the total value of the additional personal property exempted forming the "baseline exemption total" for a county or local governmental entity. The treasurer then calculates the tax revenues lost by each local entity.

Beginning with the 2022 tax year, assessors must calculate the adjusted total value of the additional personal property exempted by taking the baseline exemption amount adjusted by the growth factor which is the total statewide percentage change in personal property values as calculated by the Administrator. The county treasurers report to the Administrator the calculated lost revenue and the state treasurer issues a warrant to reimburse that amount by April 15.

In addition, a provision in the Colorado Constitution allows any taxing entity to “enact cumulative uniform exemptions and credits to reduce or end business personal property taxes,” § 20(8)(b), art. X, COLO. CONST.

TABLE 6 lists the state assessed, locally assessed, and total taxable personal and real property by county.

RESIDENTIAL ASSESSMENT RATES AND ACTUAL VALUE ADJUSTMENTS

The General Assembly referred Senate Concurrent Resolution 20-001 to a vote of the people of Colorado, which passed as Amendment B in November of 2020. It eliminates most of the language in § 3(1)(b), article X, of the Colorado Constitution, commonly referred to as the Gallagher amendment. Eliminating this language eliminated Colorado's variable residential assessment rate which was to be adjusted every two years to stabilize the contribution amount of assessed value from residential properties as compared to all other property classes.

The language that established 29% as the assessment rate for most other classes of property was also removed from the constitution. Consequently, all assessment rates are now established solely through statute.

The statutory language that directed the Property Tax Administrator to conduct a study biennially to determine the residential assessment rate in conformance with the Gallagher amendment was removed by Senate Bill 20-223. Though technically not binding on future legislatures, that legislation also placed a moratorium on changing the statutorily established assessment rates in place at the time of Amendment B's passage. The moratorium was subsequently repealed with Senate Bill 21-293, which established a classification and future assessment rate for "multi-family residential real property," Agricultural property and renewable energy property. It also established a separate assessment rate for lodging property, which was contingent upon the passage of Proposition 120 on the November 2021 ballot. That proposition failed; consequently, lodging property continues to have a 29% assessment rate.

The assessment rate for residential real property for the tax year commencing January 1, 2021 was 7.15%. All other types of property assessment rates remain unchanged for the 2021 tax year. For tax year 2022, residential property classified as multi-family had a new temporary assessment rate of 6.80% and all other residential property was assessed temporarily at 6.95%. Updated legislation for tax year 2023 temporarily changed the residential assessment rate to 6.7% for *all* types of residential property.

For tax year 2023 and 2024, not only were different assessment rates used for residential properties, but property owners across the state also received a prescribed adjustment after the establishment of the actual value (actual value reduction) and before the application of any assessment rate. Senate Bill 23B-001 made assessment rate reductions and expanded the actual value reduction for residential properties. For property tax years 2023 and 2024, residential property was assessed at 6.7% after an adjustment to lower the actual value by \$55,000. If the adjustment reduced the total assessed value below \$1,000, then the adjustment was reduced so that the assessed value did not fall below \$1,000. Senate Bill 22-238 established that for property tax years 2023 and 2024, commercial improved property was assessed at 27.9% after an adjustment of \$30,000 was applied to the actual value. If the adjustment reduced the total assessed value below \$1,000, then the adjustment was reduced so that the assessed value did not fall below \$1,000.

TABLE 7 illustrates the statewide actual values and distribution of residential values since 1983. The percentage of actual value attributable to residential property has increased dramatically starting at 53.20 percent in 1983 and increasing to 83.00 percent in 2024.

TABLE 7

PROTESTS, APPEALS, AND ABATEMENTS

Protests and Appeals

Colorado statutes mandate a process that allows taxpayers the opportunity to challenge the actual value established for their property. The process begins with the taxpayer's protest to the assessor. Upon receiving a protest, the assessor reviews the issues raised, and either adjusts or maintains the actual value for the property. Taxpayers who disagree with the assessor's decision can appeal to the county board of equalization. Taxpayers who disagree with the county board's decision have three choices for further appeal. They can appeal to the State Board of Assessment Appeals, district court, or binding arbitration. Decisions of the BAA and district court can be appealed to the Colorado Court of Appeals and ultimately to the Colorado Supreme Court. Decisions of an arbitrator are final.

Taxpayers can protest and appeal in either year of the reassessment cycle, the first year or odd-numbered year or the intervening year or even-numbered year. However, the number of protests and appeals are typically higher during the first year of the reassessment cycle.

The number of protests and appeals vary greatly from county to county. In 2023, Douglas County received the greatest number of protests to the assessor with 36,317 while Kiowa County received none. For many counties, the protest process places a significant strain on the resources of the assessor's office.

NOTE: Protest and appeal information is only collected in years of revaluation.

TABLE 8 lists the protests and county board of equalization appeals for each county during the first year of the last three reassessment cycles, organized according to the county officer pay categories established in § 30-2-102, C.R.S. For the purpose of this table, the Cities and Counties of Denver and Broomfield are placed in category one.

TABLE 9 provides a statewide statistical summary of protests and appeals.

Abatements

An abatement of tax is a cancellation or reduction of tax owed by the taxpayer. Abatements may be granted after the tax roll has been printed for an "erroneous valuation for assessment, irregularity in levying, clerical error, or overvaluation," § 39-10-114(1)(a)(I)(A), C.R.S. Abatement petitions may be approved only if they are filed within two years after January 1 of the year following the year in which the taxes were levied. Because abatement petitions are filed on taxes already levied, the abated or refunded taxes constitute lost revenue to the affected local governments. However, local governments are able to recover the amounts of abated taxes through an increase in mill levies under § 39-10-114(1)(a)(I)(B), C.R.S., and case law.

TABLE 10 displays the taxes abated and written off for tax years 2022, 2023, and 2024.

*Information reported by county treasurers for years 2022, 2023, and 2024.

SENIOR CITIZEN AND VETERAN WITH A DISABILITY EXEMPTIONS

In 2000, voters enacted section 3.5, article X of the Colorado Constitution, creating a property tax exemption for qualifying senior citizens and their surviving spouses. Voters expanded the program in 2006 to include qualifying veterans with a disability. Effective 2015, legislation expanded the veteran with a disability exemption to include the surviving spouse of a prequalified veteran with a disability. As of January 1, 2023, a surviving “Gold Star” spouse of a United States armed forces service member who died in the line of duty and received a death gratuity is also available for the property tax exemption. For both groups, the exemptions as enacted reduce the first \$200,000 of taxable actual value of a residential property by 50 percent, up to a maximum reduction of \$100,000. The reduction in property tax revenue to local governments is reimbursed by the state treasurer.

The Colorado Constitution grants the Colorado General Assembly the authority to raise or lower the maximum amount of actual value of residential real property of which fifty percent shall be exempt for the senior citizen and veteran with a disability exemptions. For tax years 2003, 2004, 2005, 2009, 2010, and 2011, the General Assembly enacted legislation to reduce the amount of the senior citizen exemption to 50 percent of \$0, effectively suspending the senior citizen exemption benefit. The veteran with a disability exemption benefit was not suspended for property tax years 2009, 2010, or 2011.

To qualify for the senior citizen exemption, a senior must be at least 65 years old on January 1 of the year in which he or she applies, must have owned, and occupied the property for at least 10 consecutive years as his or her primary residence. To qualify for the veteran with a disability exemption, a veteran must have sustained a service-connected disability that has been rated by the U.S. Department of Veterans Affairs as 100 percent permanent disability through disability retirement benefits pursuant to a law or regulation administered by the Department, the U.S. Department of Homeland Security, or the Department of the Army, Navy, or Air Force. The veteran must have also owned and occupied the property since January 1 of the year the application is filed.

Applications for the senior citizen exemption are filed with the county assessor no later than July 15, and applications for the veteran with a disability exemption are filed with the Colorado Division of Veterans Affairs, Department of Military, and Veterans Affairs (DMVA), no later than July 1. If approved by the DMVA, the veteran’s application is forwarded to the county assessor for further processing and approval. The application for the surviving spouse of the prequalified veteran with a disability is filed with the county assessor where the previously qualified property is located, no later than July 1. Once approved, the senior citizen or veteran with a disability, or surviving spouse of the previously qualified veteran with a disability exemption remains in effect from year to year until a change in ownership or occupancy triggers its removal. Each year, the treasurer and the assessor are required to mail a notice to all residential property owners explaining the exemption programs.

No later than September 10, the assessor is required to send the Division of Property Taxation an electronic list of the exemptions granted, including the names and social security numbers of each person occupying the property. The Division uses the data to identify individuals who were granted an exemption on more than one property in the state and denies the exemptions on each property. In 2024, the Division denied exemptions on 51 of these properties and an additional 226 were denied for applicants who no longer resided at the property. In 2024, 294,090 properties were approved for the senior citizen exemption, and 15,511 properties received the veteran with a disability exemption. Since 2016, the Division has cross-referenced the applicants for an exemption with the state’s vital statistics registrar to determine if individuals who applied were deceased. In 2024, the Division revoked 8,075 exemptions after determining the applicant passed away in a previous year.

The senior citizen and veteran with a disability exemption programs do not result in a loss of revenue to local governments. Instead, the state reimburses the local governments for the tax revenue exempted. No later than April 1, county treasurers send the state treasurer an itemized list of the exemptions granted and taxes exempted. No later than April 15, the state treasurer reimburses the local governments for the lost revenue. In April of 2025, the state treasurer reimbursed local

governments \$163,789,009.90 for senior citizen property tax exemptions granted and \$9,372,161.44 for veteran with a disability exemptions granted for tax year 2024.

TABLE 11 shows the total number of exemptions granted for both programs as well as the amount of tax reimbursed by the state treasurer over the past decade.

POSSESSORY INTERESTS

In 2001, the Colorado Supreme Court ruled that certain possessory interests are subject to ad valorem taxation in Colorado. A possessory interest is defined as a private property interest in government-owned property, or the right to the occupancy and use of any benefit in government-owned property that has been granted under lease, permit, license, concession, contract, or other agreement. The use of the property must be in connection with a business conducted for profit.

Taxable possessory interests may include but are not limited to the following:

- Private concessionaires utilizing government owned land, improvements, or personal property unless operating pursuant to a management contract
- Government land and improvements used in the operation of a farm or ranch
- Government land, improvements, and/or personal property used in the operation of ski or recreational areas
- Land underlying privately owned cabins or other residential property located on government land that is rented commercially
- Recreational use of lakes, reservoirs, and rivers in a revenue-generating capacity
- Land, improvements, and personal property at a tax-exempt airport
- Other government property leased to private parties. However, the property may be otherwise exempt pursuant to Colorado Revised Statutes

HOUSE BILL SUMMARIES

HB24-1052

Senior Housing Income Tax Credit

HB24-1052 reauthorizes and modifies the Senior Housing Income Tax Credit program from 2022. This is a one time, income-based refundable income tax credit for qualifying senior citizens. The program is administered through the Department of Revenue, commencing income tax year January 1, 2024. The credit is available for qualifying seniors who have not claimed a homestead property tax exemption for the tax year commencing on January 1, 2024, on or before August 15, 2024.

If a recipient of the senior exemption program wishes to be removed from the program in order to receive the senior housing income tax credit, they must notify the assessor by the August 15, 2024 deadline. If a senior removes themselves from the program and they wish to receive the senior exemption for property tax year 2025 (or later) they will be required to file a new application.

While assessors have no responsibility stemming from this bill, we have included this information as you may receive questions concerning the tax credit program.

Signed by Governor Jared Polis: June 6, 2024
Effective Date: August 7, 2024

Effective Property Tax Year: 2024

HB24-1104

Prohibiting Firefighter Personal Information on Internet

Current law states that the personal information for protected persons, and their immediate family, may be removed from the internet and any publicly accessed databases, § 18-9-313(2.7) C.R.S.

The bill expands the list of protected persons to include firefighters.

HB24-1172

County Revitalization Authorities

This legislation creates County Revitalization Law, adding article 31 to title 30, C.R.S. This law essentially mirrors Urban Renewal (UR) law pursuant to §§ 31-25-101 et seq., C.R.S., however there are some differences.

Similarities to urban renewal law include:

- How a county revitalization authority is formed and its powers.
- How a revitalization plan is approved and adopted, or substantially modified.
- The use of tax increment financing.
- Limitations on the inclusion of agricultural land in a revitalization plan area and the county assessor's purview over the inclusion of agricultural land.
- Prohibition of a county revitalization authority from levying ad valorem tax.
- Procedures for certifying values to taxing entities.
- Procedures for the BOCC certifying taxing entities' levies and revenues subject to TIF.
- Application of the 9-Step process for tracking base and increment value as outlined in ARL Volume 2, Chapter 12.

Differences from urban renewal law include:

- A blight study and findings of blight conditions are not required. To determine if a revitalization area is warranted, the actualization of one or more of nine "opportunity factors" is the guiding principle, § 30-31-103(14), C.R.S.
- The county revitalization authority consists of three to eight commissioners,
- § 30-31-104(2)(a)(I), C.R.S, depending on participation by various taxing entities in the authority.
- A certificate of appointment of an authority commissioner shall be filed with the County Clerk & Recorder, § 30-31-104(2)(d), C.R.S.
- A taxing entity's (other than the county) participation in an authority is voluntary, as they may petition to become a part of the authority, § 30-31-104(6)(a), C.R.S.
- Although the language is silent about whether or not a school district is part of the authority, Legislative Council Staff and the bill's drafter confirmed that school districts are excluded from the authority and are not subject to the TIF diversion of the school district's mill levy.
- Only specifically designated taxing entities that have joined the authority are subject to the TIF diversion of incremental property tax revenue, § 30-31-104(6)(c), C.R.S.
- At least 30 days prior to a public hearing to adopt a revitalization plan, the county must provide an impact report to any municipality within one mile of a proposed revitalization area, § 30-31-109(3)(a), C.R.S.
- The TIF provision, § 30-31-109(13), C.R.S, provides for a 30-year term for the diversion of increment revenue to the special fund of the authority. Otherwise, the TIF provision in this law is identical to the TIF provision in UR law, § 31-25-107(9), C.R.S.

- Because a taxing entity's participation in the authority is voluntary, there is no provision for increment revenue sharing agreements as there is in UR law, § 31-25-107(9.5), C.R.S.

HB24-1179

Updated Abstract

The bill requires assessors to prepare an updated abstract of assessment for the 2023 property tax year and file a copy of the abstract and other required information with the Division of Property Taxation in the Department of Local Affairs no later than February 20, 2024. The information in the abstract must be updated to account for changes resulting from the enactment of Senate Bill 23B-001. The updated abstract requirement is then repealed effective July 1, 2024, making it applicable only to the 2023 tax year.

HB24-1294

Mobile Homes in Mobile Home Parks

HB24-1294 provides additional legal rights & responsibilities relating to the sale, lease & purchase of Mobile Homes through a rent to own contract, while also touching on additional responsibilities of Mobile Home Park owners or management.

Items of importance for Ad Valorem valuations include a modification of the Mobile Home Park definition, removing the words "continuous" and "occupied," now stating: a "Mobile Home Park" or "park" means a parcel of land used for the accommodation of five or more mobile homes for which the management or landlord has a rental agreement with a tenant for (1) a mobile home, (2) or a lot, (3) or is receiving rent payments for a mobile home or lot from a tenant or third party.

This bill clarifies that a mobile home, or any accessory building or structure, that is owned by a person other than the landlord are each a separate unit of ownership, and that the accessory building or structure are each presumed to be owned by the owner of the mobile home unless a written agreement establishes ownership by another person.

Lastly, HB24-1294 specifies the requirements regarding a transfer of the title of the mobile home under a rent-to-own contract, requiring the seller to timely pay all property taxes until the purchaser becomes the owner and receives the title.

HB24-1302

Tax Rate Information to Real Property Owners

This bill requires each body authorized to levy taxes to submit, with its annual certification of levies: the current rate of each mill levy it imposes; if the authority has voter approval to retain and spend additional revenue, or if the levy is subject to limits on annual revenue growth; any adjustments or credits that have been applied; the revenue from those adjustments; and the maximum levy that may be levied. The taxing authority must also list; the prior year's levy, the allowable annual growth in revenue collected and the actual growth in revenue collected from the prior year, and any other requirements that the Division of Local Government deems necessary. As of December 31, 2024, counties must ensure that this information is available upon request. Beginning January 1, 2026, counties must ensure that this information is publicly available.

This bill also eliminates the requirement for county assessors to include an estimate or range of taxes on the Notice of Valuation that is sent to property owners annually on May 1.

HB24-1308

Effective Implementation of Affordable Housing Programs

This bill amends the reporting requirements of the Division of Housing, adding information on applications for affordable housing programs, including the number of applicants approved, amounts of money granted, and amounts of money applied for but denied. This bill establishes procedures for accepting applications, issuing final rewards, and executing any required contracts. This bill allows political subdivisions to donate land to a community land trust or non-profit affordable housing developer for the purposes of meeting affordable housing unit requirements.

This bill allows non-profit affordable housing developers and community land trusts to submit one application or annual report filed pursuant to § 39-2-117, C.R.S., for subdivided property exempt under § 39-3-127.7, C.R.S. While one application or annual report may account for all subdivided parcels, the property owner must still submit fees commensurate with the amount of parcels exempt under the application or report.

While assessors have no responsibility stemming from this bill, we have included this information as you may receive questions concerning this program.

HB24-1411

Increase in Property Tax Exemption Filing Fees

This bill increases the fees paid for submitting new applications for exemption, as well as annual reports for currently exempt properties. The fee for a new application for exemption increases from \$175 to \$200. Fees increase for filing an annual report from \$75 to \$110 for timely filing, and from \$250 to \$300 for late filing. The increases apply to all such forms filed on or after July 1, 2024, regardless of tax year.

This bill also leaves any future adjustments to the fees to the Property Tax Administrator. The Administrator shall annually adjust the fees for submitting new applications and annual reports according to the rate of inflation or deflation, in increments of five dollars.

SENATE BILL SUMMARIES

SB24-002

Local Government Property Tax Credits Rebates

SB24-002 expands local government authority to implement property tax credit and rebate programs for real property. The incentive programs are limited to an area of local concern, meaning a use of local real property that the local governing authority can show, with verifiable data, that is “diminishing or unavailable” and are “necessary for the health, safety or welfare of the residents in the county.”

At the county level, the Board of County Commissioners are authorized to create the incentive programs and at the municipal level, the local municipal government is granted the authority.

Before implementation, a governing body must hold hearings and provide at least a 30 day notification to the clerks of the county and municipalities that can be impacted by the incentive program. The notified parties must be given time to respond to the possible impact. After this process, the governing body must pass an ordinance or resolution to allow a one year incentive program. The program must be evaluated annually via a public hearing in order to ensure its efficacy and whether to extend the program for an additional year.

Any incentive of this nature must allow for all owners of the targeted property class and area to participate in the program. Additionally, this bill does not allow incentive programs that may harm or are expected to harm a “disproportionately impacted community” or is expected to prevent adherence to existing greenhouse gas emission regulations.

While assessors have no direct responsibility stemming from this bill other than sharing classification information with local governments, we have included this information as you may receive questions concerning this program that local governments may implement.

SB24-111

Senior Primary Residence Prop Tax Reduction

SB24-111 establishes a new "Qualified-Senior Primary Residence" classification for the tax years 2025 and 2026. This classification will offer qualifying senior citizens (or their surviving spouse) a property tax reduction of “the amount equal to the actual value of the property minus the lesser of fifty percent of the first two hundred thousand dollars of that actual value

or the amount that causes the valuation for assessment of the property to be one thousand dollars” on their primary residence.

If SB24-233 remains in place, the qualified-senior primary residence classification will also include a reduced assessment rate for these years. However, this is contingent on whether or not November ballot initiatives pass that will negate SB24-233. Please see the SB24-233 write up for more details.

In order to qualify, the applicant must meet “owner occupier” criteria and they must have previously qualified for and received, in property tax year 2020 or later (but are not currently receiving), the senior property tax exemption.

The bill is patterned after the existing senior property tax exemption program and shares many similarities with that program, with a notable difference concerning application deadlines. For the classification program, timely applications are due to the County Assessor by March 15 and late applications must be accepted until July 15. The County Assessor will process Division created applications for the classification. The Assessor’s office will submit reports to the Division as they do with the senior property tax exemption with similar reporting requirements and deadlines. The Division will review the reports to ensure the eligibility of each applicant. The county treasurer will file a report each March for the duration of this program to allow the Division to approve reimbursement funds from the State Treasurer.

SB24-183

Mobile Home Taxation Task Force

SB24-183 temporarily suspends the current law that allows the treasurer to enforce collection of delinquent taxes on mobile homes by distraining, seizing, and selling the mobile home. SB24-183 suspends these distraint sales as well as the accrual of delinquent interest. It creates a task force to recommend statutory changes to bring state law into compliance with the recent United States Supreme Court's decision affirming a property owner's constitutional right to the value of their property in excess of their tax debt.

The task force is required to convene by June 15, 2024; meet at least once a month during the 2024 legislative interim, or more often as directed by the chairperson; and submit a report with its findings and on or before October 1, 2024. The task force is repealed, effective January 1, 2025.

Signed by Governor Jared Polis: May 31, 2024
Effective Date: Upon Signature

Effective Property Tax Year: 2024

SB24-233

Property Tax

Starting in 2025, this bill establishes a new 5.5% property tax growth limit on local governments, using property tax year 2023 as the base year for qualified revenue. The property tax revenue limit is equal to the base year's qualified property tax revenue increased for each year since the base year by 5.5%.

County assessors will need to supply the information necessary to allow all local governments in their county the ability to establish their base year revenue limit. The base year is 2023, if the local government had qualifying property tax revenue for that year. Otherwise, it is the first year the local government has qualifying revenue.

Local governments that are still limited by either the current 5.5% limit (§ 29-1-301, C.R.S.) or by the TABOR limit (section 20 of article X in the state constitution) are excluded from this new limit.

This bill establishes the following assessment rates:

Property Type/Tax Year	2024	2025	2026	2027
Vacant	27.9%	29%	29%	29%
Residential	6.7% of the adjusted actual value [^]	NA	NA	NA
Residential Schools	NA	7.15%*	7.15%	7.15% or adjusted by SBOE**
Residential Local Govs (LGs)	NA	6.4%	6.95% of the adjusted actual value [^]	6.95% of the adjusted actual value [^]

Qualified-Senior Primary Residential Schools	NA	7.15% of the adjusted actual value [^]	7.15% of the adjusted actual value [^]	NA
Qualified-Senior Primary Residential LGs	NA	6.4% of the adjusted actual value [^]	6.95% of the adjusted actual value [^]	NA
Commercial Improved	27.9% of the adjusted actual value [^]	27%	25%	25%
Commercial Other	27.9%	29%	29%	29%
Commercial Improved Renewables	26.4% of the adjusted actual value [^]	27%	25%	25%
Industrial	27.9%	29%	29%	29%
Ag (Real & Personal)	26.4%	27%	25%	25%
Natural Resources	27.9%	29%	29%	29%
Mining	No Change	No Change	No Change	No Change
O&G	No Change	No Change	No Change	No Change
State Assessed	27.9%	29%	29%	29%
State Assessed Renewables	26.4%	29%	29%	29%
Personal Property	27.9%	29%	29%	29%

*For property tax year 2025, if it is not possible for an assessor to calculate the assessed value using two different assessment rates, then the school assessed value is approximated by multiplying the 6.4% by 111.71875%.

**Starting in 2027, the residential assessment rate for schools may be temporarily reduced annually in order for the total local share of statewide total program to equal 60%. The State Board of Equalization (SBOE) will report to the General Assembly the necessary assessment rate that provides the balancing percentage.

[^]Adjusted Actual Values:

1. For property tax year 2024, the residential actual value adjustment is the actual value minus \$55k, with a \$1k assessed value minimum.
2. For property tax year 2024, the commercial improved and commercial renewables improved actual value adjustment is the actual value minus \$30k, with a \$1k assessed value minimum.
3. For property tax years 2026 and following, the residential adjustment is the actual value minus 10% of the first \$700k, with a \$1k minimum assessed value. This only applies when calculating the LG assessed value.
4. For property tax years 2025 and 2026, the qualified-senior primary residential

adjustment for schools is 50% of the first \$200k of the actual value, with a \$1k minimum assessed value.

5. At this time, for 2025, the qualified-senior primary residential adjustment for local governments will first be 10% of the first \$700k of the actual value, plus then 50% of the first \$200k of the adjusted actual value, with a \$1k minimum assessed value. We believe that the 10% adjustment is subject to change.

6. For property tax year 2026, the qualified-senior primary residential adjustment for local governments will first be 10% of the first \$700k of the actual value, plus then 50% of the first \$200k of the adjusted actual value, with a \$1k minimum assessed value.

Starting in 2027, the \$700k limit to the adjustment of actual value for residential property will be increased for inflation in each subsequent reassessment cycle. The Property Tax Administrator will publish the inflation adjusted value used for the maximum adjustment.

The portable senior exemption is a 2-year program, for property tax years 2025 and 2026. It is also qualified by having sufficient excess state revenue. For details of the portable senior exemption, see the write-up for SB24-111.

This bill establishes a reimbursement mechanism for local governments, except for schools. Assessors shall report to the PTA, no later than March 1, 2025, the necessary information for every local government that had a decrease in assessed value of real property between property tax year 2022 and property tax year 2024. The reimbursement will be based on the loss in value and the 2022 modified mill levy (2022 mill levy less the mills for bonds and/or contractual obligations). If there is insufficient funds, the State Treasurer will proportionally reduce the amounts.

Starting in 2025, the property tax deferral program (§39-3.5-101) is modified to eliminate the 4 percent growth cap on what can be deferred.

2024

EXTRAORDINARY SESSION BILL SUMMARIES

HB24B-1001 Property Tax

HB24B-1001 addresses both property tax and local government (LG) statutes. The following is a summary, section by section.

Section 1 (§ 2-2-2201, C.R.S): It continues the Property Tax Commission work, having them evaluate the equity of the assessment rates from both SB24-233 and this bill, HB24B-1001. A report to the General Assembly (GA) is due no later than May 1, 2025.

Section 2 (§ 2-4-115, C.R.S): Starting in 2025, there are 2 assessment rates for residential property. Therefore, there may be ambiguity in statute when referencing the terms “assessed value” or “valuation for assessment.” The bill gives the Property Tax Administrator (PTA) the authority to determine which rate is to be used in the specific context. For example, when looking at Tax Increment Finance (TIF) law, the rate to be used is the rate for LGs. Assessors will use the LG rate when working through the 9-step spreadsheets for calculating the percentages of base and increment value.

Section 3 (§ 29-1-1701, C.R.S): This section amends current statute with the definition of Local Government meaning a governmental entity authorized to impose ad valorem taxes,

excluding any local governmental entity that has not received voter approval to exceed the revenue limits set in § 29-1-301, C.R.S., (5.5%) or the limit set within section 20 of article X in the state constitution (TABOR).

It defines Local Governmental Entity as any Local Government excluding school districts and City and County, City, or Town that has adopted a home rule charter.

It defines the exclusions of “qualified local share property tax revenue” for school districts as:

- i. Increased assessed value of new construction and associated personal property
- ii. Increased assessed value due to a change in the law for a property tax calculation or the annexation or inclusion of additional land, the improvements, and personal property
- iii. Increased property tax revenue attributable to the expiration of a TIF in the previous property tax year
- iv. Assessed value that was omitted from the tax rolls
- v. Property tax revenue abated or refunded
- vi. Increase in assessed value from previously exempt property
- vii. Increased assessed value from producing mines or lands or leaseholds producing oil and gas
- viii. Property tax revenue attributable to a school district increasing their mill levy for district program funding
- ix. Property tax revenue attributable to any mills levied not in connection with district total programming
- x. Property tax revenue attributable in specific ownership tax paid to the district
- xi. Property tax revenue attributable to a change in the amount of property tax credits

The last 4 items do not come from the assessor.

It defines the exclusions for “qualified property tax revenue” for a local government as:

- i. Increased property tax revenue from new construction and associated personal property (from SB24-233)
- ii. Increased property tax revenue due to a change in the law for a property tax calculation or the annexation or inclusion of additional land, the improvements, and personal property
- iii. Increased property tax revenue attributable to the expiration of a TIF in the previous property tax year
- iv. Increased property tax revenue from property omitted from the tax rolls
- v. Property tax revenue abated or refunded
- vi. Increased property tax revenue attributable to previously exempt property
- vii. An amount to provide for the payment of bonds
- viii. Property tax revenue attributable to a local governmental entity increasing its total number of mills.
- ix. Property tax revenue attributable to specific ownership tax revenue

The last 3 items do not come from the assessor. Also note, that a few of these items are addressed in SB24-233, but are included here for completeness.

Section 4 (§ 29-1-1702.5, C.R.S.): This section defines the school district property tax limit.

When the qualified local share of property tax revenue exceeds 60%, the State Board of Equalization (SBOE) will temporarily reduce the assessment rate for schools to a percentage that caps the qualified local share at 60%.

The assessors shall report to the PTA, for each school district in their county, the necessary information to determine the amount of qualified local share property tax revenue. The report, created by the Division of Property Taxation (DPT), is due on December 10, 2024, and every following year on August 25.

The PTA shall report to Legislative Council Staff (LCS) the information necessary to determine the statewide qualified local share of property tax revenue. The initial report is due on January 2, 2025, for Property Tax Year (PTY) 2024, and then October 31, 2025, and every October 31 thereafter.

No later than January 15, 2025, and every January 15 thereafter, LCS shall provide the SBOE the information necessary to calculate the balancing percentage and correction percentage for the appropriate tax year.

No later than 21 days after receiving the LCS report, the SBOE shall meet and submit to the GA the balancing percentage and correction percentage for the relevant property tax year that will be applied to residential properties.

Section 5 (§ 29-1-1703, C.R.S): This section establishes the new 5.25% revenue limit for local governments that are not school districts and the new 6% revenue limit for school districts.

There are no specific duties for assessors in this section of the bill.

Section 6 (§ 29-1-1704, C.R.S): This section describes the method for local governments to obtain voter approval to waive the new 5.25% limit.

There are no specific duties for assessors in this section of the bill.

Section 7 (§ 29-1-1705, C.R.S): This section ensures that the new 5.25% local government limit does not impair any current indebtedness due to bonds or contractual obligation that are outstanding as of November 5, 2024.

It clarifies that a school district may continue to ask voters for an increased mill levy.

It exempts, for local governments, the amount spent for disaster emergency spending from the calculation of the property tax limit in the same property tax year.

There are no specific duties for assessors in this section of the bill.

Sections 8 & 9 (§ 39-1-104, C.R.S): These sections set the assessment rates for nonresidential properties, excluding mining and O&G.

See assessment rates below.

Section 10 (§ 39-1-104.2, C.R.S): This section sets the assessment rates for residential properties.

Statewide actual value growth is defined as the difference between the 2024 actual value and the 2025 actual value.

As soon as practicable after the abstract and initial certification by assessors on August 25, 2025, the PTA will determine the statewide actual value growth and report that determination

to the SBOE. The SBOE will certify the statewide actual value growth and whether the growth is greater than 5%. This will determine the residential assessment rates for 2025 and beyond. The assessment rates will then be published on the website maintained by the DPT.

See assessment rates below.

Section 11 (§ 39-1-104.2, C.R.S): This section sets the assessment rates for qualified-senior primary residential properties.

See assessment rates below.

Section 12 (§ 39-1-104.6, C.R.S): This section contains a conforming technical change.

Section 13 (§ 39-1-104.7, C.R.S): This section strikes §39-1-104.7 C.R.S. from law.

Section 14 (§ 39-2-115, C.R.S): This section requires assessors to also file actual values when reporting the abstract of assessment on August 25, 2025.

Section 15 (§ 39-3-211, C.R.S): This section contains the PTY 2025 backfill language.

For PTY 2025, the assessor shall calculate the decrease, if any, in the total assessed value of real property for each local government entity commencing on January 1, 2024, and January 1, 2025, due to HB24B-1001.

The assessor shall also determine each local government entity's mill levy for property tax year 2024, excluding mills for bonds and/or contractual obligations.

No later than March 1, 2026, an assessor shall report to the PTA, using the reimbursement spreadsheet provided by the PTA, the local government entities that had a decrease in assessed value between PTY 2024 and PTY 2025.

After review, the PTA will report the reimbursement data to the State Treasurer who shall issue a warrant to each county no later than April 15, 2026.

The amount of reimbursement for each local government that had a decrease in total assessed value of real property will be the amount of decrease due to the HB24B-1001 multiplied by the 2024 modified mill levy.

If there is insufficient money in the fund for the State Treasurer to issue warrants, the amounts of the warrants will be proportionally reduced.

Section 16 (§39-5-121 C.R.S): Starting in PTY 2025, the assessor shall not include the assessment rate in the Notice of Value.

Section 17 (§39-10-103 C.R.S): Starting in PTY 2025, the treasurer shall not include the assessed value on the tax statement.

HB 24B-1003

Expands and Extends Exemptions for Agricultural Equipment

HB24B-1003 extends the exemption for personal property used in a controlled environment agricultural facility, and provides a new exemption for personal property used as agricultural equipment in connection with a greenhouse. The exemption related to CEA facilities originally had a sunset provision in tax year 2028, but that provision was removed with this bill.

Personal property used in a greenhouse has been added to the agricultural equipment exemption. Such personal property must be used solely for planting or growing food within the greenhouse to obtain a monetary profit. The main impact on county assessors is to exempt personal property (machinery or equipment) used in connection with a CEA facility or a greenhouse into perpetuity.

An affidavit from the property owner is still required for CEA facilities, but does not apply to qualifying greenhouse properties.

Signed by Governor Jared Polis:

September 6, 2024

Effective Date:

November 28, 2024, subject to referendum

Effective Property Tax Year:

The exemption begins for property tax year 2025 and has no end date.

Section VI

Taxable Real and Personal Property Assessed by the Counties

The listing of values reflect the Abstracts of Assessment for each county in the state. Under § 39-5-123(1), C.R.S., the abstracts are filed with the Property Tax Administrator annually on August 25. Additionally, counties may make an election pursuant to § 39-5-122.7, C.R.S., in which case the abstracts are filed no later than November 21.

All values reflected are assessed values.

Section X

Certification of Levies and Revenues by County

The assessed values reflect those values existing in the counties on the date the levies are certified to the county commissioners, December 15. See: §§ 39-1-111(1), 39-1-111(5), and 39-5-125, C.R.S.

FOOTNOTES:

- (A) Excess levy approved by Division of Local Government
- (B) Excess levy revenue voted at special election

NOTE: Special Assessments on the tax roll are no longer shown.

SCHOOL DISTRICT CODING:

School districts entirely within a county:

Designated by the last position number of “0” or “5”.

Multi-county school districts:

Designated by the last position numbers of “1” through “4”. The administrative offices of the school district are located in the county designated by the code number “1”. The adjoining counties are listed by code numbers “2” through “4”, assigned to the counties alphabetically.

Questions regarding School District levies should be referred to the Department of Education, Office of Management Services.

CERTIFICATION OF LEVIES AND REVENUES

(1) Average will not add to the Total Average County Levy because denominators (Assessed Valuation) are not common to all.

(2) Municipal Revenues are divided by the sum of Municipal Assessed Valuation.

(3) Special District Revenues are divided by the sum of Special District Assessed Valuation.

* These figures include tax increment valuation and all tax revenues attributable to the increment are allocated to the increment
