

## Department of Military and Veterans Affairs Q2 FY2016 Performance Evaluation (December 2015)

### Strategic Policy Initiatives

The Department of Military and Veterans Affairs has identified several strategic policy initiatives for FY 2015-16 and beyond. For this performance evaluation, the Department has updated progress on the initiatives identified in the FY2016 Performance Plan that capture the Department's strategic and operational priorities, and reflect the overall direction as identified by Department leadership. The updates reflect data as of January 1, 2016.

Additional detail for these, and other, strategic policy initiatives is available in the Department's Performance Plan, which may be accessed [here](#).

#### **SPI 1 Strategies to Improve Disaster Coordination**

Recent trends indicate a growing reliance on the domestic response capability of the Colorado National Guard within the State. The Department of Military and Veterans Affairs has proven resilient in the face of adversity and capable of meeting the significant challenges posed by natural disasters, to include fires and floods. It is the goal of the Department to learn from these experiences and constantly update the response provided to the state in such a way that is both proactive and generates greater coordination and cooperation with intra-State agencies as well as local and national partners. The Joint Staff of the Colorado National Guard will continue to integrate elements of the Colorado National Guard into realistic training exercises partnered with other State and Federal agencies.

#### **SPI 2 Expand Services Provided to Underserved Veterans Through Planning**

Serving Colorado's veterans remains a cornerstone of the Department of Military and Veterans Affairs' efforts. Rural and student veterans stand out as being underserved within the state. By providing grants which support transportation for veterans to appointments and counseling services, both the Veterans Trust Fund and the Veterans Assistance Grant provide support to veterans across the state. The Department seeks to improve awareness amongst recently separated veterans by contacting them at their residence, thus increasing the likelihood of awareness amongst those veterans who reside outside the major metropolitan spheres of marketing influence. The Division of Veterans Affairs will send direct-mail information to recently separated military members.

#### **SPI 3 Provide Low-Cost Disaster Mitigation Services**

The Colorado Wing of the Civil Air Patrol provides a low-cost aviation capability that can be utilized by law enforcement, local responders and other entities before, during and after a disaster strikes. The goal of the Division is to raise statewide awareness and recognition of the full scope of the Colorado Wing of the Civil Air Patrol's skills and abilities within the first responder community.
