OF THE

OF

COLORADO.

Adjutant General's Office, Denver, November 30, 1900.

To HIS EXCELLENCY,

CHARLES S. THOMAS,

GOVERNOR AND COMMANDER IN CHIEF, Denver, Colorado.

Sir:—I have the honor to submit the following report of the operations of this department for the biennial period ending November 30, 1900.

Very respectfully,

J. C. OVERMYER, Adjutant General.

ADJUTANT GENERAL OF COLORADO.

REORGANIZATION.

Upon assuming the duties of the office of Adjutant General, I found the National Guard of Colorado absolutely disorganized, owing to the fact that nearly all the officers and a large proportion of the enlisted men had entered the United States volunteer service.

EQUIPMENT.

BIENNIAL REPORT

The equipment of the National Guard of Colorado has all been purchased during my term of office, the United States government having taken everything we had at the time of the mustering into the United States service of our Colorado Volunteers.

The 30-calibre Winchester rifles, 500 in number, ordered by my predecessor, were received in April, 1899, and distributed between the infantry regiments. The balance of the guard is armed with the 45-calibre Springfield rifle and carbine.

We have our guard fully equipped for service. The clothing is in good condition, and we have plenty of tentage and ammunition.

PAY OF NATIONAL GUARD OF COLORADO FOR SIX DAYS' SERVICE IN CAMP ADAMS.

The Twelfth General Assembly levied a tax of one-fifth of a mill for the purpose of paying all certificates of indebtedness issued on account of the mobilization of troops for the Spanish-American war and for the purpose of paying each enlisted man of the National Guard of Colorado, who enlisted into the United States Volunteer service, for six days' service, May 1 to May 6, 1898, inclusive.

There have been paid, on account of the six days' service, 779 enlisted men, to whom was paid \$9,403.80, and on account of the lack of the address we have been unable to pay 128 enlisted men.

LAKE CITY RIOT.

On March 16, 1899, a detachment of the National Guard of Colorado, consisting of:

Chaffee Light Artillery, first brigade	Captain George L. Greer	14

were ordered by you to proceed to Lake City, Colorado, where some Italian laborers were on a strike and who were supposed to have broken into the armory of A Company, Second Infantry, N. G. C., and carried away their arms.

These troops were commanded by Col. H. E. Macarey and were on duty from one to twelve days.

The strike was settled without any violence being resorted to. The arms stolen from the armory at the time of the strike have not been recovered, although persistent efforts have been made by this department.

The cost of this insurrection was \$8,761.57, for which certificates of indebtedness have been issued, as follows:

SMALL ARM PRACTICE.

During the past season considerable interest has been taken in target practice, a number of the guard having qualified as marksmen and several as sharpshooters. In order to secure the best results, it is very important that a suitable rifle range be established at Denver, where more members of the National Guard are located than at any other point in the state.

MEDALS AND CERTIFICATES OF HONOR.

The patriotic citizens of Colorado purchased medals and certificates of honor, which were presented to every soldier who enlisted in a United States volunteer organization that was credited to Colorado.

These medals and certificates were turned over to the Adjutant General's department for distribution. Up to the present time we have distributed 1,473 medals and 1,459 certificates. We have on hand 253 medals and 267 certificates, which we cannot send out owing to our not having the addresses of the soldiers for whom they are intended.

RECORDS OF SOLDIERS OF WAR OF 1861-1865 AND OF THE SPANISH-AMERICAN WAR.

, The last general assembly passed a bill providing for the publication of the records of the soldiers of the war of 1861-1865 and of the Spanish-American war, and appropriated \$5,000.00 to defray the expense of compiling and publishing the same.

We commenced the work and carried it along for several months, when the Auditor of State notified us that the appropriation was not available and that the work should be discontinued.

I would recommend that an appropriation of \$5,000.00 be made for this purpose and that the work be completed, as the records of the 1861-1865 war are becoming old, torn and faded.

MILITARY ENROLLMENT.

From returns received from the officials of the different counties, we find that the military enrollment taken by your order is as follows:

COLLECTION OF POLL TAX.

The laws governing the collection of the military poll tax should be so amended as to provide for a penalty for failure to collect the same.

There is now due the state military fund \$227,505.61 back taxes from the various counties of the state.

CLAIMS AGAINST UNITED STATES GOVERNMENT.

We received from the United States government \$18,911.20 in cash and all ordnance and ordnance stores due the state on account of the Spanish-American war. The balance due the state is now being adjusted with the auditor for the war department by our attorney, employed by the Military Board.

RECOMMENDATIONS.

I would respectfully recommend that during the coming session of the legislature a law be passed providing that all company, troop, battery, battalion, squadron and regimental organizations of the National Guard of Colorado shall be officered the same as the United States army, and that the changes of the army may be followed from time to time without additional legislation.

A new armory and arsenal building should be secured in Denver by all means, as the present quarters for the troops are entirely too small.

Respectfully submitted,

J. C. OVERMYER, Adjutant General.
