

## MEMORANDUM

**To:** Governor's Office

**From:** Scott Cuthbertson, COGCC Interim Director

**Subject:** Annual Comprehensive Orphan Wells and Orphaned Sites List as Directed by Executive Order D 2018-12

**Date:** July 1, 2022

---

### **Background**

Executive Order D 2018-12 was signed on July 18, 2018 to improve the environment, public health, and safety of Coloradans by directing the Colorado Oil and Gas Conservation Commission (COGCC) to plug, remediate, and reclaim orphaned wells and sites and prevent future orphaned wells and sites. The Executive Order requires COGCC to update its comprehensive list of orphaned wells and sites annually by July 1, and to prioritize the list into low-, medium-, and high-priority categories based on identified risk factors. COGCC's 2022 prioritized list is enclosed.

### **Methodology**

COGCC staff analysis resulted in a final total of 528 orphaned wells and 981 associated orphaned sites as of July 1, 2021. This list was prioritized into low-, medium, and high-priority categories based on risk factors, including population density and urbanization, environmental factors, years in service, active spills, stormwater issues, noxious weeds, wildlife/livestock/vegetation impacts, surface equipment, bradenhead pressure, mechanical integrity test data, and history of venting or leaking. Each site received a numerical score between 0 and 100. Sites scoring between 0 and 44 are classified as low-priority, between 45 and 64 as medium-priority and between 65 and 100 as high-priority. Of the 981 orphaned sites, 176 or 18% are classified as low-priority, 663 or 68% as medium-priority and 142 or 14% as high priority.

### **Forthcoming Annual Report**

As required by the Executive Order, COGCC will provide an annual report of progress on plugging, remediation, and reclamation of orphaned wells and orphaned sites for the preceding year (July 1, 2021 through June 30, 2022) by September 1, 2022. The report will be made available to the public, and presented to the Governor and General Assembly committees of reference with oversight authority over the COGCC.

---
