NOW APPLY ONLINE!

Don't waste time on snail mail,
or money on stamps and envelopes.
Hunters now will find applying for most
limited licenses much faster and easier by
doing it online. Go to:
www.wildlife.state.co.us

SELECTING YOUR LICENSE

Left-Over Licenses: Limited licenses remaining after the drawing. Available in the left-over drawing before Aug. 8; by phone at DOW offices and license agents starting Aug. 8; online Aug. 9.

Limited Licenses: Limited in number; by application and drawing only; valid for specific units and dates. You can apply online or use applications in this brochure.

Over-the-Counter Licenses With Caps: Sold over the counter with a cap, which means only a preset number are available first come, first served. You can buy them online, by phone or from DOW offices and license agents, starting July 10. Sold for archery, muzzleloading and rifle bear, as well as in some units for rifle elk.

Private-Land-Only Licenses: By application and drawing only; valid only in specific units on private land and State Trust Lands not leased by the DOW. Landowner approval required before hunting on private land. Ranching For Wildlife licenses are not private-land-only licenses.

Ranching For Wildlife: Public RFW licenses available only to Colorado residents by application and drawing only. Valid for season and ranch listed on the license.

Unlimited Licenses: Sold at DOW offices, license agents, online and by phone.

Note: Late-season license holders should be aware the DOW conducts big game counts using planes and helicopters during late seasons. The counts must occur at this time and may disperse big game.

TOTAL LICENSING SYSTEM

Hunters now can apply online for many limited big game licenses. Instead of filling out applications in this brochure and mailing them to the DOW by the April 4 deadline, Colorado residents and nonresidents can go to our Web site and use an automated system to apply for limited deer, elk, pronghorn and bear licenses. Online applications for moose licenses are accepted only from Colorado residents. The online application process is easy, fast, saves postage and has automated features that help cut down on many simple and obvious mistakes, thereby reducing the chances your application will be rejected due to errors. Applying online is just one of the features of the DOW's Total Licensing System. DOW offices and license agents now use computer terminals to sell unlimited licenses and provide other services, such as replacing licenses and verifying hunter education cards issued by the DOW. You also can buy unlimited and leftover licenses by calling, 1-800-244-5613. Credit cards are accepted for phone or internet purchases. Learn more on our Web site, www.wildlife.state.co.us.

LICENSE SALES CUTOFF DATES

Unlimited licenses are not sold by license agents after these dates.

You must buy them at DOW offices:

ARCHERY BEAR: Midnight, Sept. 1.

MUZZLELOADING BEAR: Midnight, Sept. 8.

PLAINS RIFLE BEAR: Midnight, preceding opening day.

RIFLE ELK, BEAR:

1st season bear only, Oct. 14-18, cutoff: Oct. 13, midnight.

2nd combined rifle, Oct. 21-29 cutoff: Oct. 20, midnight.

3rd combined rifle, Nov. 4-10, cutoff: Nov. 3, midnight.

4th season bear only, Nov. 15-19, cutoff: Nov. 14, midnight.

LICENSE REQUIREMENTS

1. You must have a license to hunt and carry it while hunting.
2. You can hunt only the animal, season and area stated on your license.
3. It is illegal to give false information to obtain a license. It also is illegal to alter your license or to loan, transfer, sell or give your license to someone.
4. It is illegal to sign or tear off the carcass tag before a kill. Don't remove any part of a license except the carcass tag after harvest. Doing so voids your license, and you must buy a duplicate.
5. If you lose or destroy your license, a duplicate is available before the season opens from a license agent for a fee. After the season begins, you can get a duplicate only at DOW offices.
6. Your license expires on the date stated on the license.

HUNTER EDUCATION (SAFETY)

Anyone born on or after Jan. 1, 1949, must have completed an approved hunter education course or bowhunter education course (for archery licenses only) sanctioned by a state or province before applying for or purchasing a license. Colorado honors hunter education courses from other states and provinces. An original hunter safety card must be presented when buying a license over the counter at a license agency. All hunters must carry their hunter education card when hunting unless "Verified" is printed by the DOW on their license.

RESIDENCY QUALIFICATIONS

Who qualifies as a Colorado resident for a hunting license:

1. Anyone who has lived here continuously at least six months immediately before applying for or buying a license, and who intends to make Colorado home. (Except #2 & 3 below.)
2. U.S. armed services personnel; military personnel of U.S. allies; U.S. diplomatic service personnel and diplomatic services of nations recognized by the U.S. military; personnel stationed here on permanent active duty orders or who were residents of Colorado when they entered the military (unless they changed their home of record to another state). Dependents of these groups also qualify. Active duty does not include personnel in reserve status or the National Guard.
3. Full-time students enrolled at and attending a Colorado college, university or trade school at least six months immediately before applying for or buying a license, including students temporarily absent from Colorado but still enrolled here.
4. Children under age 18 have the same residency status as their parent or legal guardian.

HABITAT STAMP

New For 2006: Sportsmen and conservationists joined to develop a habitat stamp, approved by the Colorado legislature, starting Jan. 1. Money from stamp sales goes to buy and manage habitat for hunting, fishing and wildlife viewing. For people 19-64, the stamp is \$5 and is required on the first 2 licenses bought in a calendar year. The stamp is \$10 if bought without a license and is required of people 19-64 who visit a state wildlife area. Lifetime stamps are \$200. People younger than 19 or older than 64 are not required to buy a stamp. The \$5 isn't collected when hunters apply for limited licenses in the drawing. Instead, limited licenses will read "Habitat Stamp Required" and hunters must comply with the requirements.

YOUTH BIG GAME LICENSES

Youths must be at least 12 and meet hunter education requirements to hunt big game. An 11 year old can buy or apply for a license if he/she turns 12 before the end of hunting season on the license. However, youths cannot hunt with the license until they turn 12. License fees are reduced for deer, elk and pronghorn licenses for youths, ages 12-15. Hunters under 16 must be accompanied by a mentor, 18 or older, who must comply with hunter education requirements. Mentors don't have to hunt. Youths and mentors must be able to see and hear each other while hunting without binoculars, radios or other aids. Youths cannot apply for a

reduced-cost license in the limited license drawing if they turn 16 on or before Feb. 15 of the current year. Youths must be 12-15 to buy a reduced-cost unlimited or left-over license.

YOUTH PREFERENCE

1. Up to 15 percent of limited doe pronghorn, doe and either-sex deer, and cow elk licenses for each unit during regular rifle and private-land-only rifle seasons (except late rifle, muzzleloading, Ranching For Wildlife and Air Force Academy) are available for youths. Youths must be 12-15 and meet hunter education requirements. These licenses are available through the limited license drawing. Licenses not drawn by youths are available to the public.
2. Group applications are not accepted. If you enter more than 1 hunt code on your application, all hunt codes must be eligible for youth preferences as in #1 above.

LATE YOUTH ELK HUNTS

Colorado offers youths, 12-15, an opportunity to keep hunting if they don't harvest an elk before their elk season ends. This option is available to youths with unfilled cow or either-sex elk licenses. Youths with unfilled bull elk licenses are not eligible. Here's how the program works:

1. The elk season for which the original license was issued must have ended. Youths can go to the elk unit tables in this brochure and pick from any antlerless only (cow) elk season that's still open after the fourth regular rifle season ends, including private-land-only licenses. Ranching For Wildlife Licenses are excluded.
2. Youths must follow the rules that apply for the specific hunt code they select, including season dates and geographic restrictions. For example, if the unit tables indicate that a hunt is valid on private land only, youths can hunt only on private land. If the unit tables don't state "private land only," the license is valid on public and private land. Don't forget to get permission before hunting on private land!
3. Youths with unfilled either-sex elk licenses must go to a DOW office and have their license converted to a cow license before continuing to hunt in one of these late seasons.
4. A mentor must accompany youths. See "Youth Big Game Licenses" for mentor requirements.
5. Mentors can hunt with the youth only if their license is valid for the same unit, dates and geographic restrictions as their youth companion plans to hunt.
6. Youths, who obtained their original license at age 15 and later turn 16, can participate in these late seasons. Youth hunting rules apply.

HUNTERS WITH DISABILITIES

Special permits are available to qualified disabled hunters, including for method of take accommodations. To qualify:

1. Hunters must have a temporary or permanent disability that significantly impairs major life functions and their ability to hunt. Shooting from a public road is not allowed. All wildlife laws must be observed.
2. Hunters must have an accommodation permit only from the DOW. Permits from other states are not honored here.
3. Hunters must apply for a permit at least 30 days before hunting. Permits and applications are free from DOW offices and on our Web site. Hunters are encouraged to get the permit before applying for a drawing license.
4. For information about vehicles on public land, contact the appropriate land management agency.

MOBILITY-IMPAIRED LICENSES

1. The DOW offers some doe deer, cow elk and doe pronghorn licenses to mobility-impaired hunters. Hunters must have a mobility impairment resulting from permanent medical conditions, making it physically impossible to hunt without someone else's help. Evidence includes, but not limited to, prescribed equipment such as a wheelchair, shoulder or arm crutches, walker or two canes.
2. Applications are available at DOW offices and must be mailed with license fees to: DOW, Limited Licenses, 6060 Broadway, Denver, 80216.

Applications accepted from the Monday after the Wildlife Commission meeting in May through the end of rifle seasons. Licenses are first come, first served until unit and program caps are reached.

RANCHING FOR WILDLIFE

Public RFW licenses are available only to Colorado residents by drawing. Licenses are valid only for the season and ranch specified. RFW landowners must provide free access to hunters who draw a public license for their ranch. By applying for a RFW license, hunters allow the DOW to provide applicant information to the ranch. Hunting rules differ for each ranch. Read ranch rules before applying, online at, www.wildlife.state.co.us/ranching/ranching.asp.

LANDOWNER PREFERENCE

Up to 15 percent of deer, elk and pronghorn licenses in units with totally limited licenses are allocated for people who own at least 160 contiguous acres of agricultural land. Landowner preference is available only in units with limited licenses in all rifle seasons. Landowner preference quotas are allocated by species, sex and season. The 15 percent is for regular and priority landowner applicants. Priority registered applicants have priority over other applicants in the drawing. **New for 2006:** The DOW has a new landowner pilot program. It includes pronghorn hunting east of I-25 and elk in units 1 and 10. Call (303) 291-7380 for information.

PRIORITY LANDOWNER REGISTRATION

Deadline to register properties is the second Friday in January annually. To register for the 2007 season, contact a DOW office.

Registered landowners have priority over other landowner applicants. Up to 6 deer, elk or pronghorn license applications are available for landowners as an incentive to provide wildlife habitat. Number of applications per landowner depends on acres owned. Landowner applications are drawn before the DOW's regular drawing for limited licenses. Successful landowners receive vouchers to give eligible hunters of their choice. Vouchers must be redeemed at license agents or DOW offices before hunting. Unsuccessful landowners receive preference in next year's drawing. Hunters redeeming vouchers are subject to regular bag limits. **NEW FOR 2006:** Redeeming vouchers grants permission to hunt on the land for which the voucher was issued.

LANDOWNER PILOT PUBLIC LICENSES

NEW FOR 2006: The new landowner pilot program offers public hunters more opportunities for elk hunting in units 1 and 10. These hunts are designated in the unit tables by Y2, Y3 and Y4 hunt codes. These licenses are valid in the entire unit, as well as on private properties registered in the pilot program. If you apply for and draw one of these licenses, you will receive a letter from the DOW with a list of participating landowners and other details.

PREFERENCE POINTS

1. One preference point is awarded to hunters who apply properly for deer, elk, pronghorn, bear or moose as their first choice and are unsuccessful in drawing a license, or to hunters who apply for a preference-point hunt code as their first choice. See "Preference Point Hunt Code." **NOTE:** If you make any error on your application, including a first-choice hunt codes, will not get a point.
2. **NEW FOR 2006:** In addition to #1 above, unsuccessful applicants (except youths) for deer, elk, pronghorn or bear won't receive a preference point unless they have purchased 1 of the following:
 - a. A fishing, small game, resident combination small game and fishing, or furbearer license during the previous year.
 - b. A big game license in the previous year or a current drawing license for the same species for which they are seeking a point.
 - c. Paid a \$25 fee to buy a preference point. The fee, by species, entitles hunters to a point for that species.
3. Preference points are awarded to individuals for specific species.

For example, points earned for elk are applied only for elk. Points are not awarded by hunt codes or method of take. No one else can use your points.

4. Priority goes to the person with the most points, except when the license quota or nonresident cap would be exceeded.
5. Group applications receive priority according to the member with the fewest points except when there are not enough licenses for everyone in the group.
6. Second-, third- and fourth-choice hunt codes do not generate or use preference points.
7. If unsuccessful for your first choice, you will be notified of accumulated points on your refund stub, left-over drawing application or your other-choice license.
8. **NEW FOR 2006 ONLY:** Preference points accumulate until you draw a first-choice license. When you draw a deer, elk, pronghorn or bear license as a first choice, only the minimum number of points needed to draw (by residency), plus 1, are deducted from your total points. The rest of your points stay on record for that species.
9. **NEW FOR 2006:** If you don't apply at least once within 3 consecutive years for a deer, elk, pronghorn or bear license, your points will be lost for that species. Applying for preference points keeps your file active. Purging begins after the 2007 drawing.
10. You can accumulate a max. of 3 points for moose. If you already have 3 preference points for moose and fail to draw a first-choice license, you will receive weighted preference in future drawings. Weighted preference increases the probability of drawing a license. If you draw a license or don't apply at least once during 5 years, all accumulated points (weighted or otherwise) become void.
11. Youths can apply for a preference point if they turn 12 by Dec. 31 of the application year.

PREFERENCE POINT HUNT CODE

Big game hunters can apply for a preference point without losing points they already have. A special hunt code is provided in the hunt code sections for each species. Entering the preference point hunt code as a first choice on your application automatically awards you a point. You also can apply for a license as your second, third or fourth choice. **NEW FOR 2006:** You must pay the full cost of a license even if you are applying only for a point. If you apply for a point only, your money, minus the \$3 application fee, is refunded. Another \$25 may be deducted if you don't meet the criteria under "Preference Points #2."

GROUP APPLICATIONS

1. Any number of people can apply as a group for deer, elk, bear and pronghorn. Group applications are not allowed for moose. Members must apply for the same species, unit and season for each of their choices. If there are discrepancies, the leader's hunt code will be used. Groups are assigned a number, and if their number is selected in the drawing, everyone in the group gets a license. This won't happen if there aren't enough licenses for everyone in the group or if the group includes resident and nonresident applicants and the nonresident cap has been met.
2. To apply as a group, 1 person must be the leader. Members must fill out their applications using the leader's CID number. Applications are linked by the leader's CID number. See "Application Instructions."
3. If everyone in the group is successful for their first choice, they all get a license and the number of preference points needed to draw are deducted from each person's file. If unsuccessful for their first choice, everyone gets a point. Licenses, refunds and notifications are sent to each person.
4. If one person in the group makes an error on the application or doesn't send enough money, everyone is disqualified and won't get a preference point.

2006 BAG LIMITS

1. **Limited licenses:** You can submit only 1 application in the drawing per species, per year. **No exceptions.**
2. **Bag limits, license purchases:** The bag and possession limit is the total number of animals you can legally obtain for each species. Big game killed during January and February seasons set as part of the previous calendar year's seasons fall under that year's bag and possession limit.
3. **Moose:** The lifetime bag limit for antlered moose is 1, except for auction, raffle or special management licenses.

SEASON PARTICIPATION RESTRICTIONS

Bear

1. You cannot hunt bear with an over-the-counter bear license during any regular rifle deer or elk season west of I-25 or in units 133, 134, 136, 140, 141, 142, 143 and 147 unless you also have a deer or elk license for the same unit and season. If your deer or elk license is restricted to private land, so is the bear license. These restrictions do not apply for hunters with archery or muzzleloading bear licenses.
2. You only can hunt bears with an over-the-counter bear license during one

bear season. If your deer or elk season dates overlap more than one bear season, you must pick one bear season when you buy your license.

3. **Reminder:** Hunters with unfilled limited rifle bear licenses can no longer continue hunting bears during a regular rifle deer or elk season.

Coyotes

1. You can hunt coyotes without a small game license during big game seasons if you have an unfilled big game license. But, you can hunt coyotes only in the same unit, season and manner of take as stated on the big game license. Once you fill your big game license, you must buy a small game or furbearer license to hunt coyotes. Harvesting a coyote does not void your big game license.

LICENSE ALLOCATIONS

NEW FOR 2006:

Nonresident allocations are determined by the average number of preference points a Colorado resident needed to draw a specific license over a 3-year period that ended with the 2005 limited license drawing

1. For hunt codes that required a minimum of 5 or more preference points for a Colorado resident to draw an elk or deer license, 80 percent of the licenses are allocated to residents and up to 20 percent to nonresidents. These hunts are shown in unit tables by a "+" under "Permitted Bag."
2. For hunt codes where the minimum was fewer than 5 preference points for a Colorado resident to draw an elk or deer license, 65 percent of licenses are allocated to residents and up to 35 to nonresidents.
3. Nonresident allocations may increase if licenses remain after drawing all first-choice applications from Colorado residents.
4. License allocations do not apply to private-land-only and Ranching For Wildlife licenses.
5. Mixed-group applications of residents and nonresidents count against the nonresident allocation.

TIPs PROGRAM

The TIPs program rewards people who voluntarily provide information resulting in charging a poacher with illegal take or possession of big game or turkey. Awards can be a preference point for the species of choice or an unlimited license for the species being reported. Some limited licenses may be available as a third option. Reward licenses do not count toward annual bag and possession limits. Applications and more information about TIPs are available from the DOW.

HUNTING HOURS

One-half hour before sunrise to one half-hour after sunset, unless specifically restricted. See sunrise and sunset chart elsewhere in this brochure.

IT'S AGAINST THE LAW TO:

1. Have a loaded (in the chamber) rifle or shotgun in or on a motor vehicle, including a motorcycle. Muzzleloading rifles are considered unloaded if the percussion cap or shotshell primer is removed, or if powder is removed from the flashpan.
2. Carry firearms (except handguns) on an OHV during deer, elk, pronghorn and bear seasons unless they are unloaded in the chamber

and magazine. Firearms (except handguns) and bows carried on an OHV must be fully enclosed in a hard or soft case. Scabbards or cases with open ends or sides prohibited. This does not apply to landowners or their agents who carry a firearm on an OHV to take depredated wildlife on property they own or lease.

3. Hunt carelessly, or discharge a firearm or release an arrow disregarding human life or property.
4. Operate or ride a snowmobile with a firearm unless it's completely unloaded and cased, or with a bow unless it's unstrung or cased. Compound bows must be cased, not unstrung.
5. Shoot from or use a motor vehicle, motorcycle, off-highway vehicle, snowmobile or aircraft to hunt, intercept, chase, harass or drive wildlife.
6. Use aircraft to hunt, to direct hunters on the ground or to hunt the same day or day after a flight was made to find wildlife.
7. Hunt under the influence of alcohol or controlled substances.
8. Use electronic night vision equipment, electronically enhanced light-gathering optics or thermal imaging devices as an aid in hunting or taking wildlife. Having a firearm with cartridges in chamber or magazine, or loaded with powder or ball, or strung, uncased bow while trying to project artificial light into area with wildlife is prima facie evidence of a violation.
9. Use dogs or bait to hunt bears, deer, elk, pronghorn or moose. Bait means to put, expose, deposit, distribute or scatter salt, minerals, grain, animal parts or other food as a lure, attraction or enticement for big game. Scent sticks that smell like food are illegal for bears.
10. Use poison, drugs or explosives to hunt or harass wildlife.
11. Fail to extinguish a campfire.
12. Fail to make a reasonable attempt to track and kill animals you wound or may have wounded. It also is against the law to pursue wounded wildlife that goes on private property without first obtaining permission from the landowner or person in charge of the property.
13. Not wear at least 500 square inches of solid **DAYLIGHT FLUORESCENT ORANGE** material in an outer garment above the waist while hunting deer, elk, pronghorn, bear or moose during a firearm season. Part of the fluorescent orange must be a hat or head covering visible from all directions. Camouflage orange does not qualify. Mesh garments are legal but not recommended. We strongly recommend wearing daylight fluorescent orange clothes in the field even if you're not hunting.
14. Fail to prepare edible wildlife meat for human consumption. At a minimum, the four quarters, tenderloins and backstraps are edible meat. Internal organs are not considered edible.
15. Shoot from, across or on a public road with a firearm, bow or crossbow. People firing a bow, rifle, handgun or shotgun with a single slug must be at least 50 feet from the centerline of the road.
16. Party hunt (kill someone else's game or let someone kill your game).
17. Interfere with hunters, including alarming or distracting prey; causing prey to flee using light or noise; chasing prey on foot or by vehicle; throwing objects; making movement; threatening hunters; erecting barriers to deny access to hunting areas and intentionally injecting yourself into the line of fire. Violators face criminal prosecution and may have to pay damages to the victim, as well as court costs.
18. Kill and abandon big game. Killing big game, removing only hide, antlers or other trophy parts, and leaving the carcass in field are illegal. **(Felony)**
19. Sell, purchase or offer to sell or purchase big game. **(Felony)**
20. Solicit someone to take big game illegally for commercial gain or providing outfitting services without required registration. **(Felony)**
21. Sell, trade, barter or offer to sell, trade or barter bear gall bladders or edible portions of bears.
22. Kill cubs or black bears accompanied by one or more cubs. A cub is a bear less than a year old.
23. Have a carcass, hide, skull, claws or parts of bears or mountain lions without a valid hunting license or unless authorized by DOW.
24. Hunt on private land without first obtaining permission from landowner

or person in charge.

25. Post, sign or indicate that public lands, not under an exclusive-control lease, are private.

26. Hunt or fish on State Land Board properties not leased and signed by DOW without permission of lessee.

27. Convictions for felony violations may result in lifetime suspension of hunting privileges.

CLOSURES, LAND-USE RESTRICTIONS

1. Hunting prohibited 1/2 mile on either side of centerline of Mt. Evans Hwy. (Colo. 5) from Echo Lake to summit, all of Summit Lake Cirque and all of Summit Lake Flats above 11,600 ft. Also, Mt. AFTER YOU HARVEST AN ANIMAL

CARCASS TAGS

You must attach a carcass tag to big game you kill. The tag must stay on the meat until processed. Instructions are on the carcass tag. If you lose, accidentally destroy or inadvertently detach the tag, you must get a duplicate from the DOW before hunting. You must prove the loss, detachment or destruction was accidental.

EVIDENCE OF SEX, ANTLER POINTS

1. It is illegal to have or transport a big game carcass without evidence of sex *naturally attached*. It is illegal to have evidence of sex accompanying the carcass. If you plan to submit a deer or elk head for CWD testing, be sure to leave evidence of sex on the carcass.

2. Evidence of sex is:

a. **Buck/Bull:** Head, with antlers or horns, attached to carcass, or testicle, scrotum or penis attached to carcass.

b. **Doe/Cow:** Head, udder (mammary) or vulva attached to carcass.

c. **Black Bear:** Male: testicles or penis. Female: vulva.

3. Heads detached from carcass are not adequate evidence of sex.

4. If a carcass is cut in pieces or deboned, evidence of sex only needs to be attached to 1/4 or another major part of carcass. All portions must be transported together.

5. Evidence of sex is not required when a donation certificate accompanies less than 20 lbs. of meat or after the carcass is cut into processed meat

(commercially or otherwise), wrapped and frozen, or stored at licensee's home.

6. Elk antler-point compliance:

- a. If you leave the head with its antlers at a taxidermist, you must get a receipt from the taxidermist, showing the date delivered and describe the antlers before you take the carcass home or to a commercial processor.
- b. The head or skull plate, with both antlers naturally attached, must accompany the carcass of bulls while in camp or being transported, even when the scrotum or testicles are used to meet evidence of sex requirements. (Except as in "a" above.)

TRANSPORTING GAME

- 1. You can be liable for illegally transporting game animals even if someone else made an error. When you transport carcasses or processed meat:
 - a. Carcasses must be properly tagged. You must comply with evidence of sex and antler-point requirements. Hunters must keep their own license.
 - b. Carcass tags or donation certificates must accompany all processed game meat.
- 2. Carcass tags must be securely attached to carcass, not antlers, or must accompany processed meat.
- 3. To ship by commercial carrier, the license, photocopy of license, carcass tag or donation certificate must accompany carcass or processed meat.

DONATING GAME MEAT

A "like license" is a license for exactly the same species, sex, season and method of take as a donor's license.

- 1. You can donate to someone without a "like license":
 - a. up to 20 lbs. of unprocessed meat, anywhere.
 - b. more than 20 lbs. of unprocessed meat, only at recipient's home.
- 2. You can donate to someone with a "like license":
 - a. up to 20 lbs. of unprocessed meat, anywhere.
 - b. more than 20 lbs. of unprocessed meat, anywhere, only if:
 - (1) recipient's license is unfilled, and
 - (2) recipient's carcass tag is on the meat. This establishes recipient's claim to his/her portion of meat and voids his/her license. Donor's tag must remain with his/her portion.
 - (3) If the entire carcass is donated, donor's carcass tag and recipient's "like license" must be attached to carcass.
- 3. Any amount of processed and packaged game meat can be donated to anyone, anywhere.
- 4. A donation certificate is required with names, addresses and telephone numbers of donor and recipient; donor's hunting license number; species and amounts donated; date of kill; donor's signature. The certificate can be a simple note; no special form is required. Certificate must stay with the meat until completely consumed.
- 5. Donor and recipient are subject to all bag and possession limits.

BEARS - INSPECTION AND SEALS

You must personally present bears to the DOW for inspection and sealing within 5 working days after the kill. Bear hides must be unfrozen during inspection. A check report must be completed at inspection. No fee is required. Seals must stay attached to the hide until tanned. Bears cannot be taken out of Colorado until hide and skull are inspected and sealed. Possessing a bear hide without a seal after the 5-day period is illegal, and the hide becomes state property. Contact the nearest DOW office or officer for inspection and sealing. To transport a bear or its parts to a foreign country, you must first obtain CITES documents. Contact the U.S. Fish & Wildlife Service, (303) 342-7430.

MANDATORY REPORT: MOOSE

All moose hunters (successful or not) must return a completed harvest questionnaire 30 days after the season ends, or they are ineligible for future moose licenses. Moose also must be submitted for CWD testing.

ACCIDENTAL KILL

Accidental kill is unintentionally killing wildlife not due to carelessness or negligence. You must report to the DOW big game accidentally killed before continuing to hunt and as soon as practical. Before contacting the DOW, field dress the animal immediately to avoid spoiling meat. The DOW evaluates the circumstances, including shots fired, species and number of animals present, firearms or ammunition, etc. Big game accidentally killed does not count toward annual bag limits.

EAR TAGS, RADIO COLLARS

If you shoot big game having a collar or ear tag, report the number, color, harvest location and date to the DOW and return radio collars.

HARVEST SURVEYS

Hunters may be asked to participate in a harvest survey via telephone. Survey results are used to set hunting seasons. Note what units you hunt.

CHRONIC WASTING DISEASE

Chronic wasting disease (CWD) is a prion disease of deer, elk, and moose. CWD occurs in free-ranging deer, elk and moose in parts of Colorado, as well as several other states and provinces. Infected animals show no apparent signs of illness throughout much of the disease course. In terminal stages of CWD, animals appear emaciated and often display abnormal behavior. In Colorado, distribution and prevalence of CWD vary. Infection rates appear higher in males with older animals, especially males, more likely to be infected. As a result of testing deer, elk and moose that appeared sick ("suspects") or were killed by hunters or vehicles, CWD was detected in units 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 17, 18, 19, 20, 22, 23, 24, 27, 28, 29, 36, 37, 38, 51, 59, 84, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 102, 109, 161, 171, 181, 191, 211, 214, 231, 301, 391, 421, 441, 461, 521, 591, 951. These units are highlighted on the map in this brochure. Surveillance summaries are posted on our Web site. You also can call (303) 291-7CWD for recorded information or (303) 297-1192 to speak with a customer service representative.

SIMPLE PRECAUTIONS ADVISED

CWD is not likely transmissible to humans, according to state and federal health experts. However, the Colorado Department of Public Health and Environment and the Division of Wildlife advise hunters to take simple precautions when handling carcasses of deer, elk and moose killed in units where the disease has been detected. Do not shoot, handle or consume animals that appear sick. Wear rubber gloves when field dressing and processing animals. Minimize handling brain, spinal and lymphatic tissues. Wash your hands and instruments thoroughly after field dressing. Bone out meat from your animal (following evidence of sex and antler-point regulations). Avoid eating brain, spinal cord, eyes, spleen, pancreas, tonsils and lymph nodes. Do not eat meat from CWD positive animals.

CWD TESTING

- 1. CWD testing for deer and elk is voluntary and available statewide. The test costs at least \$15-\$25 per animal when submitted through the DOW. See CWD page on our Web site in early August for costs and other details. Test costs may be waived at DOW submission sites in seasons or units where more samples are needed. Carcass transportation rules are in effect for deer and elk in some units, including where heads are taken for testing. See "Carcass Transport Restrictions."
- 2. CWD testing is mandatory for moose to provide more data on CWD in this species. Hunters must submit moose heads for testing within 5 days of harvest at a submission site for moose. Testing is free. Hunters must provide harvest information when heads are submitted.

PREPARING ANIMALS FOR TESTING

Avoid shooting an animal in the head or neck because it may destroy tissues needed for testing. Lymph nodes in the upper throat or under the jaw are used for testing, so it's preferable to have the entire head available for sampling. Or, hunters may want to learn to collect samples themselves. If you remove the head, leave 1-2 inches below where neck joins the skull (just below first vertebrae). Whole brains or other brain pieces are not accepted. Keep heads cold but not frozen. Do not submerge heads in water. Submit heads as soon as possible, no more than 5 days after harvest. Hunters can remove antlers before submitting heads. However, animals from units with antler-point restrictions must comply with regulations. See our Web site in early August.

SUBMITTING ANIMALS FOR TESTING

You can take heads to a DOW submission site or a participating veterinarian. You also must bring or send the testing tag provided with the license, or your license so that DOW can scan the bar code and obtain your address and phone number. You will be asked kill site coordinates or to show it on a map at the submission site, along with the unit and date of harvest. If someone else submits your animal, he/she should bring the head testing tag, but you should keep your license. Submitters should bring the same information required of you. See CWD page on our Web site in early August for submission sites, hours and other details.

TEST RESULTS

All samples are sent to Colorado State University's Veterinary Diagnostic Laboratory. Testing is for CWD screening only and does not assure the absolute safety of meat for human consumption. Testing accuracy and sensitivity vary, depending on sample quality. Overall, the test has been more than 98 percent accurate. However, no test can assure complete accuracy, and "not detected" results don't exclude the possibility of early stage CWD. Because of the large number of results, they are provided by automated phone system, 1-800-434-0274, or on our Web site. Tests are completed as soon as possible. The goal is to provide results within 7-10 working days during off-peak times in regular rifle seasons and 10-15 working days during peak times, early and late seasons, subject to volume and laboratory backlog. Suspected positive results are confirmed by a second test, which takes 7-10 more working days. In addition, hunters whose animals test positive are contacted by the DOW. If you don't get test results more than three weeks after submission, call a DOW office.

LICENSE FEE AND OTHER REFUNDS

Hunters whose deer or elk test positive are eligible for either a license fee refund, an antlerless license for the same species in a remaining season, or an antlerless license for the original unit and species during a season next year. Moose hunters whose animals test positive can get a license fee refund or a cow moose license for the same unit, valid during the 2006 season. If your original moose license was for a season that closed before Oct. 31, the replacement license will be valid until Oct. 31. Test costs (when paid) also are refunded. Reasonable commercial game processing fees and private game processing supplies, such as wrapping bags and paper, are reimbursed. Valid receipts required.

CARCASS TRANSPORT RESTRICTIONS

To transport deer and elk, as well as carcass parts, killed in units 7, 8, 9, 19, 191, 20, 29, 38, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96 and 951, hunters must follow these restrictions. Only these carcass parts can be removed from the units:

1. Cut and wrapped meat, commercially or privately.
2. Quarters or other parts of meat without part of spinal column or head attached.*
3. Boned-out meat.
4. Hides without heads attached.

5. Clean (no meat or tissue) skull plates with antlers attached.
 6. Antlers without meat or tissue.
 7. Upper canine teeth, also known as buglers, whistlers or ivories.
 8. Finished taxidermied heads.
- Hunters who kill deer, elk or moose in other CWD units are encouraged to follow these restrictions voluntarily or to bag and properly dispose of carcass remains by incinerating or burying. Nonresident hunters should check with their home wildlife agency to see if carcass restrictions apply before taking deer, elk or moose carcasses from Colorado.

OTHER INFORMATION

OFF-HIGHWAY VEHICLE REGISTRATION

OHV owners must have a Colorado OHV registration, valid registration or license from another state, or a Colorado nonresident OHV permit. Out-of-state registrations are valid here for 30 days, after which a Colorado nonresident OHV permit is required. Contact State Parks Registration Unit, 13787 S. Hwy. 85, Littleton, CO 80125, (303) 791-1920.

HUNTERS BRINGING/USING HORSES

You must contact a veterinarian to get a Certificate of Health Inspection within 30 days before horses enter Colorado. Horses also need a Coggins Blood Test for equine infectious anemia within a year before coming here. Call Colorado State Veterinarian's office, (303) 239-4161. Residents: Horses may require brand inspection before transportation. Call brand inspector, (303) 294-0895.

CERTIFIED HAY

Hay, straw and mulch are illegal on federal land and DOW property unless certified free of noxious weeds. Hay must be clearly marked by certifying agency. People who transport these materials on public roads crossing DOW properties are exempt. For a list of Colorado weed-free forage, go to www.ag.state.co.us/DPI/publications/producerlist.pdf; or contact Colorado Dept. of Agriculture, (303) 239-4149; Forest Service or BLM.

CHILD SUPPORT DELINQUENCY

State law requires Social Security numbers to buy all licenses. It is not displayed on the license but is provided, if requested, to Child Support Enforcement authorities. Hunting and fishing licenses are not issued to people delinquent in child support.

WEAPONS RESTRICTIONS

Colorado and federal laws prohibit people convicted of certain crimes, such as domestic violence, from possessing weapons, even for hunting. Check with the appropriate law enforcement authority on how the laws apply to you.

BUCKSKIN NETWORK

Many Colorado radio stations transmit emergency notices for hunters during big game seasons, at approx. 6 a.m., noon and 8 p.m. The Colorado State Patrol, (970) 824-6501, handles messages, which air until the hunter or family cancels. Citizen Band radio operators in Colorado also handle emergency messages for hunters.

GUIDE TO UNIT TABLES

Hunting Season or Method

*Archery (Bow and Arrow Only)
*Muzzleloading Rifle Only
*Rifle and Other Legal Methods

Dates

Season dates when licenses are valid.

Permitted Bag

This part indicates the sex that can be hunted in that season.

Hunt Code

Be sure to verify your hunt codes in the unit tables. They may have changed since last year.

Private Land Only

When a hunt is allowed only on private land, you must get permission from a landowner in that unit before you hunt.

COMBINED UNITS

Please read the unit tables carefully. Some licenses are valid one unit only while others are valid in multiple units. There are two different ways this is shown in the unit tables.

Example 1

All rifle elk licenses for unit 7 are also valid in unit 8. In this circumstance, the sentence, "License valid in units 7, 8" appears in bold type at the bottom of the table for unit 7. Unit 8 reads "See UNIT 7."

Example 2

Not all licenses in unit 44 are valid in other units. Instead, only some of unit 44 hunt codes include other units. In this situation, the table indicates within specific seasons where the hunt code is valid. In unit 44, the separate rifle season license lists units 44, 45, 47 and 444 where you can hunt with this license. However, in the three combined seasons and the rifle early season, no other units are listed. That means these licenses only are valid in unit 44.

MAKE SURE YOU GET A LICENSE!

Just because you're unsuccessful in the drawing, doesn't mean you can't get a hunting license for this fall.

Our applications for deer, elk and pronghorn feature a special box with options if you don't draw a first choice. Elk hunters can pick from 5 different kinds of licenses. Just look for the "If unsuccessful" box on the application and make your selection. (See #9 on previous page.)

Our online application process also offers these selections. Go to: www.wildlife.state.co.us

You must pay the full license cost if you're applying only for a point. If you apply for a point only, your money, minus the \$3 application fee, is refunded. Another \$25 may be deducted if you don't meet the criteria under "Preference Points #2." To apply for a preference point for elk, enter HUNT CODE **E-P-999-99-P** as a **First Choice**.
NONRESIDENTS: You must pay at least \$254 to apply for an elk preference point. If your second, third or fourth choice is for bull or either sex, or if your unsuccessful option is for an over-the-counter bull license, you must pay \$499.

The Wildlife Commission sets the number of licenses in May. You can buy them at DOW offices, license agents, via telephone and internet starting July 10, 9 a.m. The following charts list units where these licenses are offered. These are not drawing licenses. ATTENTION BIG GAME HUNTERS!

The Division of Wildlife has released Canada lynx in southwest Colorado. If you see a lynx, please report it to any DOW office. If you are bobcat hunting, please make sure you don't shoot at a lynx. Lynx are different from bobcats in several ways:

*The tip of a lynx's tail is black all around. On a bobcat, the underside of the tip of its tail is white.

*The ear tufts of a lynx are more than 1 inch long.

*The fur on a lynx's belly is tawny colored. On a bobcat, it is white.

*Lynx tracks are 3 1/2 to 4 1/2 inches wide. A bobcat's are less than 2 1/2 inches wide.
