5. Licenses expire on the date stated on them.

## HUNTER EDUCATION (SAFETY)

Hunters born on or after Jan. 1, 1949, must have completed an approved hunter education course or bowhunter education course (for archery licenses only) sanctioned by a state or province before applying for or purchasing a license. Colorado honors hunter education courses from other states and provinces. You must present an original hunter safety card when buying a license. You must carry your hunter education card when hunting unless "Verified" is printed by the DOW on your license.

## HABITAT STAMP REQUIREMENTS

**For License Buyers:** A Colorado Wildlife Habitat Stamp is required of people 19-64 who buy hunting or fishing licenses. With a license purchase, the stamp is \$5 and required with the first 2 licenses bought in a calendar year (\$10 total). The stamp allows access to state wildlife areas or state trust lands leased by the DOW.

**For Wildlife and Outdoor Enthusiasts:** A Habitat Stamp is required of people 19-64 who visit a state wildlife area or state trust land leased by the DOW, such as wildlife viewers or hikers. This stamp is \$10.25 (25-cent search and rescue fee).

**Lifetime Stamp:** Anyone can buy a lifetime stamp for \$200, which satisfies either of the above requirements.

Licenses are **NOT** mailed until you meet your annual Colorado Habitat Stamp requirement. To avoid delays in receiving your license, buy your stamp online, by calling 1-800-244-5613 or send \$5 with each application.

## RESIDENCY QUALIFICATIONS

These are the requirements to qualify as a Colorado resident to buy a hunting license:

1. You must have lived continuously in Colorado at least six months immediately before applying for or buying a license, and must intend to make Colorado home (except #2 and 3 below). The residence address you give to buy or apply for a license must be the same as on your Colorado income tax return.
2. U.S. military personnel and military personnel of U.S. allies on active duty in Colorado under permanent orders and their dependents. This includes people who were Colorado residents when they entered the military and keep Colorado as their home of record, and their dependents (with Colorado as their home of record). Also included are personnel of the U.S. Diplomatic Service or diplomatic services of nations recognized by the U.S. assigned here on permanent active duty orders and their dependents. Active duty does not include reserve status or National Guard.
3. Full-time students enrolled and attending an accredited Colorado college, university or trade school at least six months immediately before applying for or buying a license. This includes students who are temporarily absent from Colorado but still enrolled. Colorado residents who attend school full time out of state and pay nonresident tuition still qualify for a resident license.
4. Children under 18 have the same residency status as their parent, legal guardian or person with whom they live most of the time per court order.
5. If you have a home in Colorado and another state, call (303) 297-1192 to make sure you comply with Colorado residency requirements before obtaining a hunting or fishing license.
6. Except as in #2 and 3 above, you lose your Colorado residency if you apply for, buy or accept a hunting or fishing license as a resident of another state or country; register to vote outside Colorado or get a driver's license using an address in another state.

## DOE DEER LICENSE FEES

**NEW FOR 2008:** License fees for **doe** deer have been reduced in specific units. Those units are 11, 12, 13, 22, 23, 24, 131, 211 and 231. The fee reduction applies only to specific hunt codes for those units. The reduction does **NOT** apply to D-F-033-01-M. Also, Colorado residents who apply for a preference point as their first choice and a reduced-fee doe deer license as a second choice must submit \$29 with their application. See "Limited License Fees."

## YOUTH BIG GAME LICENSES

Youths must be at least 12 and meet hunter education require-

ments. At age 11, can buy or apply for a license if they turn 12 before the end of season on the license. Youths cannot hunt with the license until they turn 12. License fees are reduced for deer, elk and pronghorn licenses for youths, 12-17. Hunters under 16 must be accompanied by a mentor, 18 or older, who must meet hunter education requirements. Mentors don't have to hunt. Youths and mentors must be able to see and hear each other while hunting. Youths cannot apply for a reduced-cost limited license if they turn 18 on or before Feb. 12 this year. Youths must be 12-17 to buy a reduced-cost unlimited or leftover license.

## YOUTH PREFERENCE

1. Up to 15 percent of limited doe pronghorn, doe and either-sex deer, and cow elk licenses for each unit in regular rifle and private-land-only rifle seasons (except late rifle, muzzleloading, Ranching For Wildlife and Air Force Academy) are available for youths, ages 12-17 who meet hunter education requirements. These licenses are available by drawing. Licenses not drawn by youths are available to the public.
2. Group applications are not accepted. If you enter more than 1 hunt code on your application, all hunt codes must be eligible for youth preferences as in #1 above.

## LATE YOUTH ELK HUNTS

Colorado allows youths, 12-17, to keep hunting if they don't harvest an elk before their elk season ends. This is available to youths with unfilled cow or either-sex elk licenses. Youths with unfilled bull elk licenses are not eligible. Here's how the program works:

1. The elk season for which the original license was issued must have ended. Youths can go to the elk unit tables in this brochure and pick from any cow only elk season that's still open after the fourth regular rifle season ends, including private-land-only seasons. Ranching For Wildlife Licenses excluded.
2. Youths must follow the rules applying to the hunt code they select, including season dates and geographic restrictions. For example, if the unit table indicates a hunt is valid on private land only, youths can hunt only on private land. If the unit tables don't state "private land only," the license is valid on public and private land. Permission required before hunting on private land.
3. Youths with unfilled either-sex elk licenses must go to a DOW office and get the license converted to a cow license before continuing to hunt in one of these late seasons.
4. A mentor must accompany youths under 16.
5. Mentors can hunt with a youth only if their license is valid for the same unit, dates and geographic restrictions where the youth hunts.
6. Youths who obtained their original license at age 17 and later turn 18 can participate in these late seasons. Youth hunting rules apply.

## YOUTH OUTREACH LICENSES

Youth Outreach licenses are offered for deer, elk and pronghorn licenses to qualified organizations sponsoring educational youth hunting activities. Application procedures are on our website, [wildlife.state.co.us/Hunting/HunterOutreach/YouthLicensingPrograms](http://wildlife.state.co.us/Hunting/HunterOutreach/YouthLicensingPrograms).

## RANCHING FOR WILDLIFE

Public RFW licenses are available only to Colorado residents by drawing. Licenses are valid only for the season and ranch specified. RFW landowners must provide free access to hunters who draw a public license for their ranch. By applying for a RFW license, hunters allow the DOW to provide applicant information to the ranch. Hunting rules differ for each ranch. Read ranch rules before applying on our website.

## LANDOWNER PREFERENCE

Up to 15 percent of deer, elk and pronghorn licenses in units with totally limited licenses are allocated for people who own at least 160 contiguous acres of agricultural land. Landowner preference is available in units with limited licenses in all rifle seasons.

Landowner preference quotas are allocated by species, sex and season. The 15 percent is for regular and priority landowner applicants. Priority registered applicants have priority over other applicants.

## PRIORITY LANDOWNER REGISTRATION

Deadline to register properties is the second Friday in January.

To register for the 2009 season, contact a DOW office.

Registered landowners have priority over other landowners. Up to 6 deer, elk or pronghorn applications are available for landowners as an incentive to provide wildlife habitat. Number of applications per landowner depends on acres owned.

Landowner applications are drawn before the DOW's regular limited license drawing. Successful landowners get vouchers for eligible hunters of their choice. Vouchers must be redeemed at license agents or DOW offices before hunting. Unsuccessful landowners receive preference in next year's drawing. Hunters redeeming vouchers are subject to regular bag limits.

Redeeming vouchers grants permission to hunt on the land for which the voucher was issued. The DOW has a landowner pilot program for pronghorn hunting east of I-25 and elk in units 1 and 10. Call (303) 291-7380 for information.

## LANDOWNER PILOT PUBLIC LICENSES

The landowner pilot program offers elk hunting opportunities in units 1 and 10. These hunts are designated in the unit tables by Y2, Y3 and Y4 hunt codes. These licenses are valid in the entire unit, as well as on private properties registered in the pilot program. If you apply for and draw one of these licenses, you will receive a letter from the DOW with a list of participating landowners and other details.

## DREAM HUNT LICENSES

Deer, elk, pronghorn, mountain lion and bear licenses are available to hunters 12-21 with a terminal illness or life-threatening disease or injury. Licenses issued only for the dates and unit where a season is open for specific species. These licenses are not offered in units with at least 1 hunt code that require 10 or more resident preference points to draw (excluding Ranching For Wildlife). If hunting on private land, hunters must obtain written permission from the landowner before a license is issued. Sponsoring organization must request licenses in writing and must document the hunter's life-threatening or terminal condition, hunting experience, logistical considerations, the hunt location and dates. Submit requests to DOW, Hunter Outreach Coordinator, 6060 Broadway, Denver, 80216.

## HUNTERS WITH DISABILITIES

Permits are available to disabled hunters, including for method of take accommodations. To qualify:

**1.** Hunters must have a temporary or permanent disability that significantly impairs major life functions and the ability to hunt. Shooting from public roads not allowed. All wildlife laws must be observed.

**2.** Permits from other states are not honored here.

**3.** Hunters must apply for a permit at least 30 days before hunting. Applications are on our website. Hunters are encouraged to get a permit before applying for a limited license.

## MOBILITY-IMPAIRED LICENSES

**1.** Some doe deer, cow elk and doe pronghorn licenses are offered to mobility-impaired hunters. Hunters must have a mobility impairment resulting from permanent medical conditions, making it physically impossible to hunt without someone else's help. Evidence includes, but not limited to, prescribed equipment such as a wheelchair, shoulder or arm crutches, walker or two canes.

**2.** Applications are available at DOW offices and must be mailed with license fees to DOW, Limited Licenses, 6060 Broadway, Denver, 80216. Applications accepted from the Monday after the Wildlife Commission meeting in May through the end of rifle seasons. Licenses are first come, first served until unit and program caps are reached.

## PREFERENCE POINTS

**1.** One preference point is awarded if you apply properly for deer, elk, pronghorn, bear or moose as your first choice and are unsuccessful in drawing a license. You also can apply for a preference-point hunt code as your first choice. See "Preference Point Hunt Code." If you make any application error, you will not get a point.

**2.** Unsuccessful applicants and those who apply for a point will be assessed a \$25 fee per species unless they have **pur-****chased** 1 of the following: (Fee waived for youths, lifetime license holders and Colorado residents who are in the military on active duty outside Colorado.)

**a.** An annual fishing, small game, resident combination small game and fishing, or furbearer license in the previous year.

**b.** A big game license in the previous year or a current limited license for the same species for which they are seeking a point.

**3.** Points are awarded for specific species, not by hunt codes or method of take. No one else can use your points.

**4.** Priority goes to those with the most points, except when the license quota or nonresident cap would be exceeded.

**5.** Group applications receive priority according to the member with the fewest points except when there are not enough licenses for everyone in the group.

**6.** Second, third and fourth choices do not generate or use points.

**7.** If you are unsuccessful on your first choice, your accumulated points will be shown on your refund, leftover drawing application or your other-choice license.

**8.** Preference points accumulate until you draw a first-choice license. If you don't apply at least once within 3 consecutive years for a deer, elk, pronghorn or bear license, you lose your points for that species. Applying for preference points keeps your file active.

**9.** You can accumulate a max. of 3 points for moose. If you have 3 points for moose and fail to draw a first-choice license, you get weighted preference in future drawings. Weighted preference increases the probability of drawing a license. If you draw a license or don't apply at least once during 5 years, all points (weighted or otherwise) become void.

**10.** Youths can apply for a point if they turn 12 by Dec. 31 of the application year.

**11.** Active duty U.S. military stationed in Colorado but deployed elsewhere are eligible, when they return here, to apply for a preference point for any limited license offered this year.

**PREFERENCE POINT HUNT CODE**

You can apply for a preference point without losing points you already have. A special hunt code is in the hunt code sections for each species. Entering the preference point hunt code as a first choice on your application automatically awards you a point. You also can apply for a license as your second, third or fourth choice. You must pay the full cost of a license and meet all license requirements even if you are applying only for a point. If you only apply for a point, your money, minus the \$3 application fee, is refunded. Another \$25 may be deducted if you don't meet the criteria under "Preference Points #2."

**2008 BAG LIMITS**

- 1. **Limited licenses:** You can submit only 1 application in the drawing per species, per year. **No exceptions.**
- 2. **Bag limits, license purchases:** The bag and possession limit is the total number of animals you can legally kill of each species. Big game killed in January and February seasons set as part of the previous calendar year's seasons fall under that year's bag and possession limit.
- 3. **Moose:** The lifetime bag limit for bull moose is 1, except for auction, raffle or special management licenses.

**Bear**

1. You cannot hunt bear with an "over-the-counter with caps" bear license in a regular rifle deer or elk season west of I-25 or in units 133, 134, 136, 140, 141, 142, 143 and 147 unless you also have a deer or elk license for the same unit, season and method of take. If your deer or elk license is restricted to private land, so is the bear license. This does not apply to archery or muzzleloading bear licenses.

2. You can hunt bears only with an "over-the-counter with caps" bear license in 1 bear season. If the deer or elk season dates overlap more than 1 bear season, you must pick 1 bear season when you buy your license.

**Coyotes**

You can hunt coyotes without a small game license during big game seasons if you have an unfilled big game license. But, you can hunt coyotes only in the same unit, season and manner of take as on the big game license. Once you fill your big game license, you must buy a small game or furbearer license to hunt coyotes. Harvesting a coyote does not void your big game license.

**NUMBER OF ALLOWABLE LICENSES**

The following charts tell how many and the kind of licenses you can have for each species.

### LICENSE ALLOCATIONS

Nonresident allocations are determined by the average number of preference points a Colorado resident needed to draw a specific license over a 3-year period that ended with the 2005 drawing.

1. For hunt codes that required a min. of 5 or more points for a Colorado resident to draw an elk or deer license, 80 percent of licenses are allocated to residents and up to 20 percent to nonresidents. These hunts are shown in unit tables by a “+” under “Permitted Bag.”
2. For hunt codes where the min. was fewer than 5 points for a Colorado resident to draw an elk or deer license, 65 percent of licenses go to residents and up to 35 to nonresidents.
3. Nonresident allocations may increase if licenses remain after drawing all first-choice hunt codes from Colorado residents.
4. License allocations do not apply to private-land-only and Ranching For Wildlife licenses.
5. Mixed-group applications of residents and nonresidents count against the nonresident allocation.

### GROUP APPLICATIONS

1. Any number of people can apply as a group for deer, elk, bear and pronghorn. Group applications are not allowed for moose. Members must apply for the same species, unit and season for each of their choices. If there are discrepancies, the leader’s hunt code is used. Groups are assigned a number, and if their number is selected in the drawing, everyone in the group gets a license. This won’t happen if there aren’t enough licenses for everyone in the group. It also won’t happen if the group includes resident and nonresident applicants and the nonresident cap has been met.
2. To apply as a group, 1 person must be the leader. Members must apply using the leader’s CID number. See “Filling Out Applications.”
3. If everyone in the group is successful for their first choice, they all get a license and their preference points drop to zero. If unsuccessful for their first choice, everyone gets a point. Licenses, refunds and notifications are sent to each person.
4. If anyone in the group makes an application error or doesn’t pay the correct amount, everyone is disqualified and won’t get a preference point.

### HUNTING HOURS

One-half hour before sunrise to one half-hour after sunset, unless specifically restricted. See sunrise and sunset chart in this brochure.

### IT'S AGAINST THE LAW TO:

1. Have a loaded (in the chamber) rifle or shotgun in or on any motor vehicle. Muzzleloading rifles are considered unloaded if percussion cap or shotgun primer is removed, or if powder is removed from flashpan. **NEW FOR 2008:** It is illegal for anyone to have a loaded electronic-ignition muzzleloader in or on a motor vehicle unless the chamber is unloaded or the bat-

tery is disconnected and removed from its compartment.

2. Carry firearms (except handguns) on an OHV during deer, elk, pronghorn antelope and bear seasons unless they are unloaded in the chamber and magazine. Firearms (except handguns) and bows carried on an OHV must be fully enclosed in a hard or soft case. Scabbards or cases with open ends or sides are prohibited. This does not apply to landowners or their agents who carry a firearm on an OHV to take depredating wildlife on property they own or lease.
3. Hunt carelessly or discharge a firearm or release an arrow disregarding human life or property.
4. Operate or ride a snowmobile with a firearm unless it's completely unloaded and cased, or with a bow unless it's unstrung or cased. Compound bows must be cased, not unstrung.
5. Shoot from or use a motor vehicle, motorcycle, off-highway vehicle, snowmobile or aircraft to hunt, intercept, chase, harass or drive wildlife.
6. Use aircraft to hunt, to direct hunters on the ground or to hunt the same day or day after a flight was made to find wildlife.
7. Hunt under the influence of alcohol or controlled substances.
8. Use artificial light as an aid in hunting wildlife.
9. Use poison, drugs or explosives to hunt or harass wildlife.
10. Fail to extinguish a campfire.
11. Fail to make a reasonable attempt to track and kill animals you wound or may have wounded. It is against the law to pursue wounded wildlife that goes on private property without first obtaining permission from landowner or person in charge.
12. Fail to prepare edible wildlife meat for human consumption. At a minimum, the four quarters, tenderloins and backstraps are edible meat. Internal organs are not.
13. Shoot from, across or on a public road with a firearm, bow or crossbow. People firing a bow, rifle, handgun or shotgun with a single slug must be at least 50 feet from centerline of the road.
14. Party hunt (kill someone else's game or let someone kill yours).
15. Interfere with hunters. This includes distracting or frightening prey; causing prey to flee by using light or noise; chasing prey on foot or by vehicle; throwing objects; making movements; harassing hunters by using threats or actions; erecting barriers to deny access to hunting areas and intentionally injecting yourself into the line of fire. Violators face prosecution and may have to pay victim's damages and court costs.
16. Kill and abandon big game. It is illegal to remove only the hide, antlers or other trophy parts and leave the carcass in the field. (Felony)
17. Sell, buy or offer to sell or buy big game. (Felony)
18. Solicit someone to illegally kill big game for commercial gain or provide outfitting services without required registration. (Felony)
19. If convicted of these felony violations, you can face a lifetime license suspension.
20. Use internet or other computer-assisted remote technology while hunting or fishing. Hunters must be physically present in the immediate vicinity while hunting.
21. Use dogs or bait to hunt bears, deer, elk, pronghorn or moose. Bait means to put, expose, distribute or scatter salt, minerals, grain, animal parts or other food as an attraction for big game. Scent sticks that smell like food are illegal for bears.
22. Kill cubs or bears accompanied by one or more cubs. A cub is a bear less than a year old.
23. Have a carcass, hide, skull, claws or parts of bears or mountain lions without a valid hunting license or unless authorized by DOW.

25. Not wear at least 500 square inches of solid **DAYLIGHT FLUORESCENT ORANGE** material in an outer garment above the waist while hunting deer, elk, pronghorn, bear or moose during a firearm season. Part of the fluorescent orange must be a hat or head covering visible from all directions. Camouflage orange does not qualify. Mesh garments are legal but not recommended. We strongly recommend wearing daylight fluorescent

orange clothes in the field even if you're not hunting.

26. Hunt on private land without first obtaining permission from landowner or person in charge.
27. Post, sign or indicate that public lands, not under an exclusive-control lease, are private.

## AFTER YOU HARVEST AN ANIMAL

### CARCASS TAGS

You must attach a carcass tag to animals you kill per instructions on tag. Tags must stay on until meat is processed and remain with meat until consumed. It is illegal to sign or tear the tag before a kill. If you lose, accidentally destroy or detach the tag, you must get a duplicate from the DOW before hunting and prove the loss, detachment or destruction was accidental. Do not remove other parts of a license except the carcass tag after a kill. Doing so voids the license, and you must buy a duplicate. For CWD testing tags, see "Submitting Animals for Testing."

### EVIDENCE OF SEX, ANTLER POINTS

1. It is illegal to have or transport a big game carcass without evidence of sex *naturally attached*. It is illegal only to have evidence of sex accompany the carcass. If you submit a deer or elk head for CWD testing, leave evidence of sex on the carcass.
2. Evidence of sex is:
  - a. **Buck/Bull:** Head, with antlers or horns, attached to carcass, or testicle, scrotum or penis attached to carcass.
  - b. **Doe/Cow:** Head, udder (mammary) or vulva attached to carcass .
  - c. **Black Bear:** Male: testicles or penis. Female: vulva.
3. Heads detached from carcass are not adequate evidence of sex.
4. If a carcass is cut in pieces or deboned, evidence of sex only needs to be attached to 1/4 or another major part of carcass. All portions must be transported together.
5. Evidence of sex not required if a donation certificate accompanies less than 20 lbs. of meat or after the carcass is cut into processed meat (commercially or otherwise), wrapped and frozen, or stored at licensee's home.
6. Elk antler-point compliance:
  - a. If you leave the head with its antlers at a taxidermist, you must get a receipt from taxidermist, with date delivered and description of antlers before you take the carcass home or to a commercial processor.
  - b. Head or skull plate, with both antlers naturally attached, must accompany the carcass of bulls in camp or in transit, even when the scrotum or testicles are used as evidence of sex. (Except in "a" above.)

### TRANSPORTING GAME

1. You can be cited for illegally transporting game animals even if someone else made an error. When you transport carcasses or processed meat:
  - a. Carcasses must be properly tagged. You must meet evidence of sex and antler-point requirements. Hunters must keep their own license.
  - b. Carcass tags or donation certificates must accompany processed game meat.
2. Carcass tags must be securely attached to carcass, not antlers, or must accompany processed meat.
3. To ship by commercial carrier, the license, photocopy of license, carcass tag or donation certificate must accompany carcass or processed meat.

### DONATING GAME MEAT

1. Donation certificates are required for game meat donations. Certificates must show names, addresses and telephone numbers of donor and recipient; donor's license number; species and amounts donated; date of kill; donor's signature. The certificate can be a simple note; no special form required. It must stay with the meat until completely consumed.
2. A "like license" is a license for the same species, sex, season and method of take as a donor's license.
3. Donor and recipient are subject to bag and possession limits.
4. Any amount of processed and packaged game meat can be donated to anyone, anywhere.
5. You can donate to someone without a "like license":
  - a. up to 20 lbs. of unprocessed meat, anywhere.

- b. more than 20 lbs. of unprocessed meat, only at recipient's home.
- 6. You can donate to someone with a "like license":
  - a. up to 20 lbs. of unprocessed meat, anywhere.
  - b. more than 20 lbs. of unprocessed meat, anywhere, only if:
    - (1) recipient's license is unfilled, and
    - (2) recipient's carcass tag is on the meat. This establishes recipient's claim to his/her portion of meat and voids his/her license. Donor's tag must remain with his/her portion.
    - (3) If the entire carcass is donated, donor's carcass tag and recipient's "like license" must be attached to carcass.

### **BEARS - INSPECTION AND SEALS**

You must personally present bears to the DOW for inspection and sealing within 5 working days after the kill. **NEW FOR 2008:** Bear heads and hides must be unfrozen when presented for inspection. At inspection, the DOW is authorized to extract and keep a premolar tooth. If the head and hide are frozen, the DOW may keep them long enough to thaw so that a tooth can be removed. A check report must be done at inspection. No fee required. Seals must be attached to the hide until tanned. Bears cannot be taken out of Colorado until hide and skull are inspected and sealed. Having a bear hide without a seal after the 5-day period is illegal, and the hide becomes state property. Contact the nearest DOW office or officer for inspection and sealing. To transport a bear or parts to a foreign country, you must first obtain CITES documents. Contact U.S. Fish & Wildlife Service, (303) 342-7430.

### **MANDATORY REPORT: MOOSE**

All moose hunters (successful or not) must return a completed questionnaire 30 days after the season ends, or they are ineligible for future moose licenses. Moose also must be submitted for CWD testing.

### **ACCIDENTAL KILL**

Accidental kill is unintentionally killing wildlife not due to carelessness or negligence. You must report big game accidentally killed to the DOW before continuing to hunt and as soon as practical. Before contacting the DOW, field dress the animal to avoid spoiling meat. The DOW evaluates the circumstances, including shots fired, species and number of animals present, firearms or ammunition, etc. Big game accidentally killed does not count toward annual bag limits.

### **EAR TAGS, RADIO COLLARS**

If you shoot big game with a collar or ear tag, report the number, color, harvest location and date to the DOW and return radio collars.

### **HARVEST SURVEYS**

You may receive a phone call or e-mail, asking you to take part in a harvest survey. Only randomly selected hunters can participate. Surveys are important in helping the DOW set hunting seasons. You will be asked basic information, such as where you hunted and when. If you are contacted, you can do the survey online, [www.cdowsurvey.com](http://www.cdowsurvey.com) or call 1-866-825-0045. The survey runs 24 hours daily, Oct. through mid-Feb. See our website for more information.

## **CHRONIC WASTING DISEASE**

Chronic wasting disease (CWD) affects deer, elk, and moose. It occurs in free-ranging deer, elk and moose in parts of Colorado, as well as several other states and provinces. Infected animals show no apparent signs of illness throughout much of the disease course. In terminal stages of CWD, animals appear emaciated and often display abnormal behavior. In Colorado, distribution and prevalence of CWD vary. Infection rates appear higher in males and older animals. As a result of testing deer, elk and moose that appeared sick ("suspects") or were killed by hunters or vehicles, CWD was detected in units 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 17, 18, 19, 20, 22, 23, 24, 25, 27, 28, 29, 33, 36, 37, 38, 51, 59, 84, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 102, 109, 131, 161,

171, 181, 191, 211, 214, 231, 301, 391, 421, 441, 461, 521, 591, 951. These units are highlighted on the map in this brochure. Surveillance summaries are posted on our website.

### **SIMPLE PRECAUTIONS ADVISED**

CWD is not likely transmissible to humans, according to state and federal health experts. However, the Colorado Department of Public Health and Environment and the Division of Wildlife advise hunters to take simple precautions when handling carcasses of deer, elk and moose killed in units where the disease has been detected. Do not shoot, handle or consume animals that appear sick. Wear rubber gloves when field dressing and processing animals. Minimize handling brain, spinal and lymphatic tissues. Wash your hands and instruments thoroughly after field dressing. Bone out meat from your animal (following evidence of sex and antler-point regulations). Avoid eating brain, spinal cord, eyes, spleen, pancreas, tonsils and lymph nodes. Do not eat meat from CWD positive animals.

### **CWD TESTING**

1. CWD testing for deer and elk is voluntary and available statewide. The test cost will be up to \$25 per animal when submitted through the DOW. See CWD page on our website in early August for costs and other details. Test costs may be waived at DOW submission sites in seasons or units where more samples are needed.

2. Hunters who harvest moose must submit the head at any CWD testing site designated for moose within 5 days after harvest. Hunters must provide harvest information requested at the time of testing. Antlers and capes can be removed before submitting heads for testing.

### **PREPARING ANIMALS FOR TESTING**

Avoid shooting an animal in the head or neck. When removing the head, leave 1-2 inches below where the neck joins the skull (just below first vertebrae). Whole brains or other brain pieces are not acceptable for testing. Check the CWD section of our website for alternate tissues that may be used for testing. Hunters may want to learn to collect samples themselves. Keep samples or heads cold but not frozen. Do not submerge in water. Submit samples or heads as soon as possible, no more than 5 days after harvest. Hunters can remove antlers before submitting heads. However, animals from units with antler-point restrictions must comply with regulations.

### **SUBMITTING ANIMALS FOR TESTING**

You can take heads or tissue samples to a DOW submission site or a participating veterinarian. You also must bring the CWD testing tag provided with the license or your license so that DOW can scan the bar code and obtain your address and phone number. You will be asked for kill site coordinates or to show it on a map at the submission site, along with the unit and date of harvest. If someone else submits your animal, he/she must bring the CWD testing tag, but you should keep your license. Submitters should bring the same information listed above. See CWD page on our website in early August for submission sites, hours and other details.

### **TEST RESULTS**

All samples are sent to Colorado State University's Veterinary Diagnostic Laboratory. Testing is for CWD screening only and does not assure the absolute safety of meat for human consumption. Testing accuracy and sensitivity vary, depending on sample type and quality. No test can assure complete accuracy, and "not detected" results don't exclude the possibility of early stage CWD. Test results are provided by automated phone system, 1-800-434-0274, on our website or by calling (303) 297-1192. Tests are completed as soon as possible. The goal is to provide results within 10-

15 working days, subject to volume and laboratory backlog. Suspected positive results are confirmed by a second test, which takes 7-10 more working days. Because moose samples are tested differently than deer and elk, their initial results may not be available for 15-20 working days or more. In addition, hunters whose animals test positive are contacted by the DOW. If you don't get test results more than three weeks (15 working days) after submission, call a DOW office.

#### LICENSE FEE AND OTHER REFUNDS

Hunters whose deer, elk or moose test positive for CWD are eligible for a license fee refund or an antlerless license. If the hunting season has ended or there's not a reasonable amount of time left in the current season, the DOW may issue an antlerless license for the next year's hunting season in the same game management unit where the animal was killed. If antlerless hunting isn't offered in that unit, the DOW can designate a substitute unit. If the original license was for a season that closed before Oct. 31, the replacement license will be valid until Oct. 31. When paid, costs for processing CWD positive animals also are refunded. Requests for reimbursements must be made on DOW forms and accompanied by receipts. Reimbursements up to \$50 for processing allowed without receipts. Reimbursements for deer and elk are limited to \$100 per animal for private processing or \$200 per animal for commercial processing. The maximum allowed for commercial processing of moose is \$250.

#### CARCASS TRANSPORT RESTRICTIONS

**NEW FOR 2008:** The Wildlife Commission has eliminated carcass transport restrictions within Colorado. However, nonresidents are encouraged to check with their home wildlife agency to see if carcass restrictions apply before taking deer, elk or moose carcasses from Colorado.

## GUIDE TO UNIT TABLES

### COMBINED UNITS

Please read the unit tables carefully. Some licenses are valid one unit only while others are valid in multiple units. There are two different ways this is shown in the unit tables.

#### Example 1

All rifle elk licenses for unit 7 are also valid in unit 8. In this circumstance, the sentence, "**License valid in units 7, 8**" appears in bold type at the bottom of the table for unit 7. Unit 8 reads "See UNIT 7."

#### Example 2

Not all licenses in unit 44 are valid in other units. Instead, only some of unit 44 hunt codes include other units. In this situation, the table indicates within specific seasons where the hunt code is valid. In unit 44, the separate rifle season license lists units 44, 45, 47 and 444 where you can hunt with this license. However, in the three combined seasons and the rifle early season, no other units are listed. That means these licenses only are valid in unit 44.

### Hunting Season or Method

\*Archery (Bow and Arrow Only)  
 \*Muzzleloading Rifle Only  
 \*Rifle and Other Legal Methods

### Dates

Season dates when licenses are valid.

### Permitted Bag

This part indicates the sex that can be hunted in that season.

### Hunt Code

Be sure to verify your hunt codes in the unit tables. They may have changed since last year.

### Private Land Only

When a hunt is allowed only on private land, you must get permission from a landowner in that unit before you hunt.

## GUIDE TO LEGAL HUNTING HOURS

The table below is for Denver. Subtract 1 minute from opening and closing time for each 12 1/2 miles east of Denver. Add 1 minute to opening and closing time for each 12 1/2 miles west of Denver. The above changes assume that each degree of longitude equals 50 miles and a change of 1 degree of longitude equals a 4-minute change in sunrise and sunset times.

### ATTENTION BIG GAME HUNTERS!

The Division of Wildlife has released Canada lynx in southwest Colorado. If you see a lynx, please report it to any DOW office. If you are bobcat hunting, please make sure you don't shoot at a lynx. Lynx are different from bobcats in several ways:

- \*The tip of a lynx's tail is black all around. On a bobcat, the underside of the tip of its tail is white.
- \*The ear tufts of a lynx are more than 1 inch long.
- \*The fur on a lynx's belly is tawny colored. On a bobcat, it is white.
- \*Lynx tracks are 3 1/2 to 4 1/2 inches wide. A bobcat's are less than 2 1/2 inches wide.

## PREFERENCE POINT HUNT CODE

You can gain a preference point as your first choice on your application to use another year. You can use your second choice to apply for a license. If you apply for a point only, your money, minus the \$3 application fee, is refunded. Another \$25 may be deducted if you don't meet the criteria under "Preference Points #2." To apply for a point, enter hunt code **D-P-999-99-P** as a **First Choice**.

\* Under "Permitted Bag/Sex" denotes units with licenses left after last year's drawing.

+ Under "Permitted Bag/Sex" denotes hunt codes requiring an average of at least 5 preference points for a Colorado resident needed to draw a specific license over a 3-year period ending with the 2005 drawing.

\***Trinchera Ranch**, 20% of cow licenses are awarded in a separate public drawing. Applications accepted 9 a.m. to noon, 2nd Wed. in August at San Luis Community Center, San Luis, CO. Drawing at 1 p.m. Hunters must apply in person. Only Colorado residents may apply. Do not buy a license before the drawing.

**ELK HUNTERS: BE AWARE OF YOUR TARGET!**  
Moose can be found in the same habitat as elk in Colorado. Make sure you know the difference between these two species, so you don't accidentally kill a moose. Use your binoculars, not scopes. Don't just look at the animal's antlers; study the entire head before you shoot.

## GUIDE TO LEGAL HUNTING HOURS

The table below is for Denver. Subtract 1 minute from opening and closing time for each 12 1/2 miles east of Denver. Add 1 minute to opening and closing time for each 12 1/2 miles west of Denver. The above changes assume that each degree of longitude equals 50 miles and a change of 1 degree of longitude equals a 4-minute change in sunrise and sunset times.

### ATTENTION BIG GAME HUNTERS!

The Division of Wildlife has released Canada lynx in southwest Colorado. If you see a lynx, please report it to any DOW office. If you are bobcat hunting, please make sure you don't shoot at a lynx. Lynx are different from bobcats in several ways:

- \*The tip of a lynx's tail is black all around. On a bobcat, the underside of the tip of its tail is white.
- \*The ear tufts of a lynx are more than 1 inch long.
- \*The fur on a lynx's belly is tawny colored. On a bobcat, it is white.
- \*Lynx tracks are 3 1/2 to 4 1/2 inches wide. A bobcat's are less than 2 1/2 inches wide.
