The Colorado Division of Parks and Wildlife (CPW) receives federal financial assistance from multiple bureaus within the U.S. Department of the Interior. Under Title VI of the 1964 Civil Rights Act (as amended), Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990 (as amended), the Age Discrimination Act of 1975 and Title IX of the Education Amendments of 1972, the U.S. Department of the Interior and its bureaus prohibit discrimination on the basis of race, color, religion, national origin, gender, disability or age. In addition, CPW adheres to all antidiscrimination laws of the state of Colorado. For more information on how to request an accommodation or to file a grievance, please visit cpw.state.co.us/accessibility.

WHAT'S NEW: 2022

- ▶ **FOR THE CENTRAL FLYWAY, DUCKS & MERGANSERS NOW PART OF THE SAME DAILY BAG LIMIT:** The daily bag limits for ducks and mergansers taken in the Central Flyway (Northeast, Southeast and Mountain/Foothills zones) have been combined into one daily bag limit of 6 in aggregate. *See page 12.*
- ▶ **FOR THE PACIFIC FLYWAY, THE DAILY BAG LIMIT FOR CANADA GEESE INCREASED:** The daily bag limit for Canada geese taken in the Pacific Flyway in the Western and Eastern zones is now 5 instead of 4 for dark geese. The daily bag limit for the early Canada goose season in the Pacific Flyway is now 5 instead of 4 for all geese. *See page 14.*
- ▶ **GMU 2 CLOSED TO GREATER SAGE-GROUSE HUNTING:** GMU 2 in NW Colorado will be temporarily closed to greater sage-grouse hunting until there are increased male lek counts. *See pages 10-11.*
- ▶ **CHECK OUR OTHER REGULATION BROCHURES FOR MORE INFORMATION:** Depending on the activity you'd like to do on our state's public lands, our other brochures such as Big Game, Fishing and Colorado State Recreation Lands contain useful additional information to help you recreate and hunt responsibly. WHAT YOU NEED TO BUY A LICENSE

See page 2 for details. ▶

- 1 **PROPER IDENTIFICATION** and **PROOF** of residency (for Colorado residents).
- 2 **PROOF** of hunter education.
- 3 **HABITAT STAMP:** A 2022 (\$10.59) or lifetime (\$318.08) Habitat Stamp is required prior to buying a license for anyone ages 18–64.

NOTE: A Social Security number is required for hunters age 12 and older.

LICENSE REQUIREMENTS

1. Hunters must have an annual youth small-game/furbearer, small-game (annual, 1-day or additional day, plus the furbearer harvest permit if applicable; *see number 5 below*), annual combo small-game/fishing license (plus the furbearer harvest permit if applicable; *see number 5 below*), or furbearer license. Hunters must carry their license when hunting and show it when requested by law enforcement officers.
2. Annual fishing, small-game and furbearer licenses, the furbearer harvest permit, and the Colorado Waterfowl Stamps and Habitat Stamps are valid March 1 through March 31 of the following year (13 months). Lifetime combo small-game/fishing licenses are valid as long as you are a Colorado resident.
3. In order to hunt small game in any seasons that continue beyond March 31, 2023, (*see small-game dates, pages 9–11*), you must purchase a 2023 small-game license.
4. **TO HUNT & TAKE SMALL GAME**, you need a small-game license, a combo small-game/fishing or a lifetime combo small-game/fishing license. *Small-game definition on page 5.* Small-game hunters must register with Harvest Information Program (HIP) before their first hunt. *See important details about HIP at left and on page 3.*
5. **TO HUNT FURBEARERS**, you will need to purchase either a furbearer license (*to harvest furbearers ONLY, definition of furbearer on page 5*) or a small-game license (including daily small-game licenses and combo small-game/fishing licenses) **AND** a \$10 annual furbearer harvest permit. *See number 6 below for the exception for coyote.*
6. **TO HUNT COYOTES**, you need a small-game license or a furbearer license. **An annual furbearer harvest permit is NOT required to hunt or take coyote.** During big-game seasons, if you have an unfilled big-game license for the same season and unit, you may hunt coyote without a small-game or furbearer license. You must use the same method of take for coyotes as your big-game license allows. Once the big-game license has been filled, hunters must purchase a small-game or furbearer license to continue hunting coyotes, and if using a rifle, it must be .23 caliber or smaller.
7. **TO HUNT EURASIAN COLLARED-DOVES**, and other invasive species, you must have a hunter education card; however, a hunting license is not required. *See page 7.*
8. **TO HUNT COMMON SNAPPING TURTLES**, you need a small-game or fishing license.
9. **TO HUNT WATERFOWL**, you need a small-game hunting license. If you are 16 or older, you also must have the \$31 Federal Migratory Bird Hunting and Conservation Stamp (Duck Stamp) **AND** the \$10.59 Colorado State Waterfowl Stamp to hunt waterfowl. **COLORADO WATERFOWL STAMP:** The state stamp is printed on your hunting license and validated by signing your name in ink on the license. The gumbacked stamp is available online for \$5 and is not valid for hunting (cpw.state.co.us). **FEDERAL DUCK STAMP:** The federal stamp is available after July 1 online, by phone and at select post offices (fws.gov/birds/get-involved/duck-stamp.php). It is valid when you sign your name in ink across the face of the stamp. It is also available at CPW offices and sales agents. When purchased at state outlets, an electronic stamp is issued. This instantly gives you a unique code that is valid for 45 days from the date of issue, sufficient time for the gum-backed stamp to arrive in the mail. *A federal stamp is not required to take light geese during the conservation order season: See "Legal Migratory Bird Hunting Methods," no. 10 on page 6.*
10. **TO HUNT SANDHILL CRANES**, a separate federal permit number, available through HIP (*see page 3*), is required.
11. **TO HUNT BAND-TAILED PIGEONS**, a permit (\$5) is required in addition to the small-game license. The permit is available online, by phone, at CPW offices and at sales agents.
12. If a license is restricted to a specific area, you can hunt only that area.
13. Licenses are not transferable.
14. False statements made in buying a license and altering a license are illegal and void the license.
15. Lost or destroyed licenses can be replaced by buying a new one or signing an affidavit and paying half the license fee, not to exceed \$25. Forms are available at CPW offices, state parks, authorized sales agents and online.

1 RESIDENCY REQUIREMENTS

cpw.state.co.us/proofofresidency

- ▶ The physical residence address you give to buy or apply for a license must be the same as the address given for Colorado state income tax purposes. *A P.O. Box is NOT a valid physical address.*
- ▶ You terminate your Colorado residency if you apply for, buy or accept a resident hunting, fishing or trapping license issued by another state or foreign country, register to vote outside Colorado or accept a driver's license that shows an address other than in Colorado.

RESIDENCY TYPES

1. STANDARD COLORADO RESIDENT

- a. Requirements:** You must live in Colorado for at least 6 consecutive months immediately prior to buying or applying for any resident CPW product, have your primary residence in Colorado and have not applied for or purchased a resident license or pass outside of Colorado in the last 6 months.
- b. Proof:** Current and valid Colorado driver's license/ID with a Colorado address issued 6 or more months prior. If the Colorado driver's license/ID is not 6 months old, you must provide at least two forms of additional residency proof, as outlined in "Additional Residency Proofs" below.

2. STUDENT: ATTENDING SCHOOL FULL-TIME IN COLORADO

- a. Requirements:** You must be attending school full time at an accredited Colorado school starting at least 6 months prior to buying or applying for any resident CPW product.
- b. Proof:** Student ID, name of institution, date you became a full-time student, school transcript showing full-time status.

3. STUDENT: ATTENDING SCHOOL FULL-TIME OUTSIDE OF COLORADO

- a. Requirements:** You must meet Colorado residency requirements and be attending an accredited school outside of Colorado, paying nonresident tuition.
- b. Proof:** Student ID, name of institution, date you became a full-time student, proof of out-of-state tuition payment.

4. MILITARY: STATIONED IN COLORADO

- a. Requirements:** You must be active-duty military stationed in Colorado (including your spouse/dependents). Residency begins the date the orders begin.
- b. Proof:** Military ID and orders.

5. MILITARY: COLORADO HOME OF RECORD

- a. Requirements:** You must be active-duty military stationed outside of Colorado, but with Colorado as your home of record, paying income tax as a Colorado resident (including your spouse/dependents).
- b. Proof:** Military ID and orders.

6. YOUTH

Children under the age of 18 have the same residency status as their parent, legal guardian or person with whom they live the majority of the time per court order.

OTHER RESIDENCY INFORMATION

1. ADDITIONAL RESIDENCY PROOFS

If you otherwise meet residency requirements but your Colorado driver's license or ID was issued or renewed less than 6 months ago, or you have a CPW-approved religious exemption to photo identification on your record, you must provide at least two additional proofs of residency showing 6 consecutive months of Colorado residency immediately prior to buying or applying for a license. Those proofs include: income sources (pay stubs), utility bills, state income tax documents (as a full-time resident), lease agreements/rent receipts, motor vehicle registration, voter registration.

2. MULTIPLE HOMES

If you have a home in Colorado and another location, call 303-297-1192 to make sure you comply with Colorado residency requirements before obtaining a CPW license or state park pass.

SPECIAL LICENSE INFORMATION

YOUTH LICENSES & MENTOR HUNTING

People under age 18 must have a license to hunt small game. A youth small-game license is for hunters 17 and younger, and costs \$1.31. If a youth plans on hunting with a youth small-game license, they must be accompanied by a mentor and must meet hunter education requirements. A mentor must be 18 or older and must meet hunter education requirements; mentors aren't required to hunt. While hunting, youths and mentors must be able to see and hear each other without binoculars, radios, or other aids. Youths also have the option to purchase an adult small-game license, which allows them to hunt without a mentor, as long as they meet hunter education requirements.

At age 18, hunters must buy an adult license. Mentors are not permitted to hunt ducks, geese, mergansers or coots during the youth waterfowl hunt season. See page 16, "Waterfowl: Youth, Veteran & Active Military Hunt," for season dates.

2 HUNTER EDUCATION

HUNTER EDUCATION (SAFETY) REQUIREMENTS

1. Anyone born on or after January 1, 1949, must have a hunter education card to hunt in Colorado.
2. A hunter education card is needed to apply for/buy a license.
3. Your hunter education card must be carried while hunting, unless it is verified and your license is marked with a "V." To get your hunter education card verified, take your hunter education card to a CPW office (*listed on inside front cover*) or state park.
4. CPW honors hunter education cards from other states, provinces and countries.

HUNTER EDUCATION EXEMPTIONS

1. Individuals over age 50 or active duty U.S. military and veterans can obtain a hunter education certificate by testing out of hunter education: cpw.state.co.us/HunterEdTestOut
2. An apprentice certificate can be obtained for hunters who are at least 10 years old and who must be accompanied by a mentor in the field. This hunter education waiver can be obtained twice in a lifetime: [cpw.state.co.us/apprentice certificate](http://cpw.state.co.us/apprenticecertificate)

▶ For more information, go to: cpw.state.co.us/HunterEd

3 HABITAT STAMPS

Habitat Stamps are **REQUIRED** for hunters and cost \$10.59; only one is required per person, per year for anyone ages 18–64. Habitat Stamps are now valid March 1–March 31 of the following year (13 months).

- ▶ A lifetime stamp is \$318.08.
- ▶ Anyone buying a one-day or additional-day license for fishing and/or small game is exempt from purchasing the Habitat Stamp with the first two of these licenses. The habitat fee will be assessed when a third one-day or additional-day license is purchased for fishing or small game.
- ▶ Anyone who is approved in the Columbine, Blue Spruce, Independence and/or Big Game Mobility programs is exempt from the Habitat Stamp requirement. See cpw.state.co.us/accessibility
- ▶ For more information, go to: cpw.state.co.us/habitastamp

CPW offers several licenses for hunters and anglers with disabilities.

Go to cpw.state.co.us/accessibility for more license information and how to apply. *These licenses require advance legal paperwork submissions.*

RESIDENT FIRST RESPONDER LIFETIME COMBO LICENSE

Colorado resident first responders who have proof of a permanent occupational disability can qualify for the First Responder program to obtain a lifetime combo small game/fishing license.

RESIDENT DISABLED VETERAN LIFETIME COMBO LICENSE

Military veterans who have a service-connected disability (with an overall combined rating of 60% or more by the Dept. of Veteran's Affairs) and are residents of Colorado can obtain a lifetime combo small game/fishing license.

GENERAL INFORMATION

HARVEST INFORMATION PROGRAM (HIP)

Small-game, coyote and migratory bird hunters, including falconers, must sign up with HIP **EACH YEAR** before their license is valid. You can get a 2022–2023 HIP number beginning on April 1 but can get a HIP number anytime after April 1, as long as it's before you hunt small game or coyotes during the 2022–2023 season. Write the new HIP number on your license!

To sign up with HIP, call 1-866-265-6447 (1-866-COLOHIP) from 7 a.m. –10:30 p.m., or go to colohip.com. You will be asked for basic information, including how many birds and small game you harvested the previous season, and the species you plan to hunt this year. A season means Sept. 1 through March 15 of the next year. This information helps CPW manage migratory bird and resident small-game species by improving harvest estimates.

Live operator phone registrations at 1-866-COLO-HIP are no longer offered during the overnight hours from 10:30 p.m. to 7 a.m. The live operator system is also closed all day on major holidays (Thanksgiving, Christmas and New Year's Day). During these out-of-service periods, please call back during open service times or go to colohip.com and register online, still available 24/7.

WALK-IN ACCESS PROGRAM (WIA)

The Walk-In Access (WIA) program provides opportunities to hunt small game, migratory game birds and furbearers on enrolled properties, only during established season dates. Properties are closed to hunting Gambel's quail and greater sage-grouse.

The regular season walk-in properties are open Sept. 1 through the end of Feb. The late cropland season properties are open from the opening day of pheasant season through the end of Feb. Extended walk-in properties are open from the start of pheasant season through the end of March.

Properties are open to foot access only, from one hour before sunrise until one hour after sunset. They are open two hours before sunrise until two hours after sunset for waterfowl, deer, elk or pronghorn hunting.

Hunters must have a small-game license and Habitat Stamp to hunt on WIA lands. Properties enrolled are posted with Walk-In Access signs and published in the WIA atlas. Access is prohibited as posted when the landowner is actively harvesting crops.

Two atlases for 2022–23 will be published. The early version, the **2022 REGULAR WALK-IN ATLAS**, is available in late Aug. and includes properties open Sept. 1. The **2022 LATE CROPLAND ATLAS** will be available in late Oct. and includes an updated property list.

NOTE: Some WIA properties in eastern Colorado will be open for both small-game and big-game hunting as part of the Big Game Access Program. See the **2022 REGULAR WALK-IN ATLAS** for more details.

SMALL-GAME AND FURBEARER SURVEYS

Colorado Parks and Wildlife conducts several small-game and furbearer harvest surveys annually to estimate harvest, hunter numbers and recreation days, in addition to assessing satisfaction and crowding. Past surveys are available on the CPW website at cpw.info/small-game-stats and cpw.info/furbearers. Updated reports are available after annual surveys conclude.

Hunters are selected randomly to participate. Small-game and furbearer surveys are by telephone or by email. If contacted, your participation is not required, but responding — even if you did not hunt or harvest an animal — helps CPW manage small game and furbearers.

BOBCAT SEALS: MANDATORY

All bobcats or their pelts must be personally presented by the hunter for inspection and sealing by CPW within 30 days after take, or within five days after the season closes; whichever is sooner. *Any bobcat hide/pelt without a seal within five days after the season closes is illegal and becomes the property of the state.* Seals will be placed only on bobcats taken legally in Colorado.

Inspection and sealing is free, and seals must stay attached to hide until processed. Bobcat hides/pelts cannot be transported, shipped or otherwise taken from Colorado until inspected and sealed. It is illegal to buy, sell, trade or barter an unsealed bobcat hide/pelt without a seal. One seal per hide/pelt. Contact a nearby CPW office for details (*offices listed on inside front cover*).

ATTENTION HUNTERS!

Our effort to reintroduce lynx to the state has been a great success. Lynx can now be found throughout southwest Colorado and into other parts of the state. Lynx sightings should be reported to a CPW office as we continue to monitor populations and movement. *Bobcat hunters should use caution and carefully identify their target: It is illegal to harvest lynx.* Lynx differ from bobcats in several ways:

- **THE TIP OF A LYNX TAIL** is black all around. On a bobcat, the underside of the tip of its tail is white.
- **THE BELLY FUR** on a lynx is tawny colored. On a bobcat, it is white.
- **THE EAR TUFTS** of lynx are more than 1 inch long.
- **LYNX TRACKS** are 3 1/2 to 4 1/2 inches wide. Bobcat tracks are smaller than 2 1/2 inches wide.

DONATING WILDLIFE

You can donate edible parts of wildlife to a like-license holder anywhere or to anyone at the recipient's home. A like-license is for the same species, sex, dates and manner of take as the donor's license. Bag and possession limits apply to donors and recipients and birds must be properly tagged. See "Tagging, Transporting Birds," page 7.

WILDLIFE CAUSING DAMAGE

Colorado law allows landowners to protect private property from most wildlife damage. For information, call CPW at 303-297-1192. Also see cpw.state.co.us/regulations, Chapter W-17: Game Damage, for updated trapping regulations and details on small-game damage.

CALL BEFORE DIGGING: 1-800-922-1987

Colorado law requires waterfowl hunters to call the Utility Notification Center of Colorado before digging hunting pits. By doing so, hunters can avoid accidentally hitting electric, gas, water and other utility lines.

SAFE HANDLING OF GAME MEAT

Concern has grown about diseases affecting wild animals that could potentially make humans sick. Most of the time, properly handled and prepared game meat poses no greater risk than domestic meat of causing disease in humans. Hunters are encouraged to contact their local public health department or CPW office for information on wildlife diseases that may be present where they plan to hunt.

Public health officials recommend the following precautions when handling and preparing game meat:

1. Do not handle animals that are obviously sick or found dead. Report sick or dead animals you find to a CPW office.
2. Keep game cool, clean and dry.
3. Do not eat, drink or smoke while dressing game.
4. Use disposable gloves when cleaning game.
5. Wash your hands with soap and water, or use alcohol wipes after dressing game.
6. Clean all tools and surfaces immediately afterward. Use hot, soapy water, then disinfect with a 10 percent chlorine bleach solution.
7. Cook game meat to an internal temperature of at least 165 degrees F to kill disease organisms and parasites. Juices from adequately cooked game meat should be clear.
8. Do not eat any raw portions of wild game.
9. Do not feed raw wild game to domestic pets.

GENERAL HUNTING LAWS

1. Colorado Parks and Wildlife can post firing lines at its properties.
2. It is illegal to kill, capture, injure or harass wildlife from a motor vehicle or an aircraft. It is also illegal to operate aircraft with intent to injure, harass, drive or rally wildlife. It is illegal to discharge a firearm or release an arrow from a motor vehicle or an aircraft.
3. It is illegal to discharge a firearm or release an arrow from, on or across a public road. Hunting with rifles, handguns, shotguns firing a single slug and archery equipment is prohibited within 50 feet on each side of the center line of any public road. On a divided road, the prohibition includes the median, and the 50-foot requirement is measured from the center line of both roads.
4. It is illegal to carry or have a firearm, except a pistol or revolver, in or on a motor vehicle unless the chamber is unloaded. While using artificial light from a vehicle, it is illegal to have a firearm with cartridges in the chamber or magazine, or possess a strung bow unless the bow is cased.
5. You must take all edible portions of meat from the field and prepare for human consumption. Do not leave wounded wildlife (or wildlife that might be wounded) without attempting to track and kill it.
6. Possession of wildlife is evidence you hunted.
7. Small-game and migratory bird hunters are not required to wear solid, fluorescent orange or pink clothes. However, CPW encourages you to wear fluorescent orange or pink clothes for safety.
8. You must stop at CPW check stations when told to do so.
9. Violations of Colorado wildlife laws carry point values. You can face suspension of license privileges for up to five years or more if you accumulate 20 or more points in five years.
10. During deer, elk, pronghorn and bear seasons, firearms (except handguns) must be unloaded in the chamber and magazine when carried on an off-highway vehicle (OHV). Firearms (except handguns) and bows carried on an OHV must be fully enclosed in a hard or soft case. Scabbards or cases with open ends or sides are prohibited. This regulation does not apply to landowners or their agents carrying a firearm on an OHV for the purpose of taking depredated wildlife on property owned or leased by them.
11. **CALIBER RESTRICTION:** It is illegal to hunt game birds, small-game animals or furbearers with a centerfire rifle larger than .23 caliber in regular rifle deer and elk seasons west of I-25, unless you have an unfilled deer or elk license for the season you are hunting. A small-game license is required.

LEGAL HUNTING HOURS

Legal times to hunt small game and/or waterfowl are one-half hour before sunrise to sunset.

An exception is made for furbearers, which can be hunted from one-half hour before sunrise to one-half hour after sunset. Raccoons, coyotes, bobcats, striped skunks, beavers and red, gray or swift foxes can be hunted at night. See *Furbearers under Small-Game Hunting Laws* on page 5 for details.

In light goose conservation season, hunting is allowed one-half hour before sunrise to one-half hour after sunset.

Go to cpw.state.co.us/huntingresources for a link to sunrise/sunset tables and more information.

RESTRICTIONS

CHILD SUPPORT DELINQUENCY

State law requires a Social Security number to buy a license. It is not displayed on the license but is provided, if requested, to Child Support Enforcement authorities. Hunting and fishing licenses are not issued to those suspended for noncompliance with child support. Any current licenses become invalid if held by an individual who is noncompliant with child support.

WEAPONS RESTRICTIONS

Colorado and federal laws prohibit people convicted of certain crimes, such as domestic violence, from possessing weapons even for hunting. If you've been convicted of a crime, check with the appropriate law enforcement authority to find out how the laws apply to you.

AIDS IN HUNTING SM. GAME & WATERFOWL

1. Dogs are allowed to hunt small game, waterfowl and furbearers, but only to pursue, bring to bay, retrieve, flush or point. It is illegal to use dogs to hunt cottontail rabbits, snowshoe hares and tree squirrels on land where any regular deer, elk, pronghorn or moose season is in progress.
2. Artificial decoys are permitted.
3. European ferrets are permitted for hawking. Ferrets must be neutered, tattooed on left inguinal area and dyed along one-fourth of their body for easy field identification.
4. Mechanical devices designed to call wildlife are allowed. Recorded or electronically amplified calls can be used to hunt furbearers and crows only.
5. You can hunt migratory game birds over standing crops or feed used in the course of agricultural planting, harvesting or other normal agricultural practices; baiting is not allowed.
6. It is illegal to use drones to look for, scout or detect wildlife as an aid in hunting.

SMALL-GAME HUNTING LAWS

LEGAL SMALL-GAME HUNTING METHODS

FOR SMALL-GAME MAMMALS

- Rifles or handguns.

NOTE: SMART RIFLES are prohibited, including any firearm equipped with a target tracking system, electronically controlled, assisted or computer-linked trigger or a ballistics computer. Any firearm equipped with a scope containing a computer processor is considered to be a smart rifle.

NOTE: FULLY AUTOMATIC RIFLES are prohibited.
- Shotguns no larger than 10 gauge. Shotguns cannot be capable of holding more than 3 shells in magazine and chamber combined.
- Hand-held bows and crossbows.
- Air guns and slingshots.
- Hawking.
- All live traps (only cage or box traps) placed on public lands must be labeled clearly with the trapper's Customer Identification number (CID), in a place that can be easily seen without needing to move the trap to see the label. Trappers who don't have a CID must legibly label the traps with the trapper's name. Live traps that aren't labeled properly may be confiscated by any wildlife officer. *This law also applies to furbearers (below).*

FOR SMALL-GAME BIRDS

(EXCEPT MIGRATORY BIRDS: SEE PAGE 6-7)

- Rifles or handguns allowed for dusky grouse and ptarmigan.
- Shotguns no larger than 10 gauge not firing a single slug. Shotguns cannot be capable of holding more than 3 shells in magazine and chamber combined.
- Hand-held bows and crossbows.
- Air guns and slingshots allowed for dusky grouse and ptarmigan.
- Hawking.

FOR FURBEARERS

- Any rifle, handgun, shotgun, handheld bow or crossbow, live traps (limited to cage or box traps), air gun (pre-charged pneumatic air gun .25 caliber or larger for coyote and bobcat).
- Use of bait. It must be made solely of plants or animals. Bait cannot contain metal, glass, porcelain, plastic, cardboard or paper. Wildlife used as bait can be carcasses or parts of legally taken furbearers, carp, shad, white and longnose suckers, and inedible parts of legally obtained game mammals, birds or game fish.
- Electronic call devices.
- You must check traps in person, at least daily. In lynx recovery areas, or where lynx are, you must check traps every 24 hours. More on lynx: cpw.state.co.us/lynx_research
- Any accidentally captured live animals for which trapping hours are open must be killed or released immediately upon checking the trap.

ILLEGAL SMALL-GAME HUNTING METHODS

- The use of toxicants, drugs, explosives, stupefying substances or body grip devices, cable device traps, enclosed foothold traps, foothold traps, lethal cable device traps, and to hunt, kill, capture, injure or harass wildlife are illegal, except as allowed under Chapter W-17 or permitted by the CO Dept. of Agriculture.
- Use of electronic calls is not allowed to hunt small game. *(Electronic calls are legal to hunt furbearers.)*
- Use of any artificial light, night vision or thermal devices as an aid in hunting wildlife, except as in "Legal Small-Game Hunting Methods" (above) is not allowed.
- Use live-action game cameras to locate, surveil, or aid or assist in locating or surveiling game wildlife in order to take/try to take game wildlife during the same or following day. This doesn't include game cameras that record photographic/video data and store such data for later use, as long as the device cannot transmit data wirelessly.
- Use of bait to hunt small-game mammals, game birds and migratory birds is not allowed.
- Animals captured in live traps cannot be moved from the capture site and must be killed or released on site when trap is checked.
- If wildlife (*except Canada lynx, see No. 8 in this list*) is accidentally captured alive when trapping season is closed or is illegal for that species, you must release the animal immediately. You cannot kill it. If you find a dead animal in your trap, you must bring its carcass to a CPW officer or office within 5 days. Failing to do so is evidence of illegal possession of wildlife. Trappers who comply will not be charged with illegal possession.
- If you accidentally capture a Canada lynx and it's not injured, you must release it immediately and report it to CPW within 24 hours. If a lynx is accidentally injured, but not in your possession, you must report it to CPW within 24 hours. If you capture a lynx accidentally and injure it, take the lynx to CPW or a licensed veterinarian, and report it to CPW within 24 hours. If you accidentally kill a lynx, you must report it to CPW within 24 hours, and take the carcass to CPW within 3 days after the report. Failing to follow these rules is considered unlawful take and possession. You will not be charged if you comply with these requirements or use the plan's best management practices to avoid accidentally taking a lynx. Guidelines available on the CPW website, search for Avoid Lynx Take.
- On private land, artificial light is allowed at night to hunt beavers, raccoons, coyotes, bobcats, striped skunks and red, gray or swift foxes, with written permission of landowner or agent.
- On public land, artificial light is allowed at night with permit from local district or area wildlife manager, to hunt raccoons, coyotes, bobcats, striped skunks, beavers and red, gray or swift foxes. Permits are valid for time and place specified.
 - Permits are not valid 24 hours before or during deer, elk or pronghorn rifle seasons, nor opening weekend of grouse, pheasant, quail and waterfowl seasons.
 - It is illegal to hunt with a light permanently attached to a vehicle, or to project light from inside a vehicle.
 - It is illegal to take furbearers within 500 yards of a dwelling, building, campground or other structure, or in areas that jeopardize human safety.
 - You must carry and show the permit while hunting if requested by a law enforcement officer.
 - CPW can deny a permit for management purposes.
 - Night-hunting permits are not issued for bobcat on public land in Canada lynx recovery areas or where lynx are. If a bobcat hunter kills a Canada lynx during bobcat hunting season, CPW will not issue any more night-hunting permits for bobcat for the rest of the calendar year in the recovery areas or where the lynx was killed. CPW also will revoke all night-hunting permits previously issued for bobcats.
- Use of visual lures, fresh meat baits, fish oil and anise oil lures to attract felids in lynx recovery areas or where lynx are found is not allowed.
- Except when legally placed on private property by permit, it is illegal to set traps within 50 feet of either side of the travelled part of state or federal highways or county roads.
- It is illegal to destroy or damage beaver or muskrat houses, dens or dams, except to maintain water flow or prevent property damage.
- Contests involving furbearers (including coyote), black-tailed, white-tailed and Gunnison's prairie dogs, or Wyoming (Richardson's) ground squirrels are prohibited. A contest is any competitive event where money or other valuable prizes are awarded for the taking of these species. Certificates or similar tokens of recognition without significant monetary value are not considered valuable prizes. This does not apply to wildlife parks and field trials licensed by CPW.

HUNTING TERMS & DEFINITIONS: SMALL GAME

AIR GUN: any rifle or handgun .177 caliber or larger firing pellets, slugs or roundball ammunition powered by high-pressure air or compressed inert gas. Includes: pellet guns and pneumatic weapons.

CANADA LYNX RECOVERY AREA: in the San Juan and Rio Grande national forests, and associated land above 9,000 feet, W from a N-S line through Del Norte; E from a N-S line through Dolores; from New Mexico N to Gunnison basin, including Taylor Park E to Collegiate Range. The recovery area includes GMUs 55, 65-68, 70, 71, 74-81, 551, 681, 711 and 751.

CROSSBOW: bow fired from the shoulder, attached perpendicularly to its stock. Has mechanical device to hold string cocked.

DAILY BAG LIMIT: maximum number of wildlife you can take in a day, including any eaten or donated during the day they're taken.

FALCONRY (OR HAWKING): hunting with a trained raptor.

FURBEARERS: mink; pine marten; badger; red, gray, swift fox; striped, western-spotted skunk; beaver; muskrat; long-tailed, short-tailed weasel; coyote; bobcat; opossum; ring-tailed cat; raccoon.

HAND-HELD BOW: long bow or compound bow with a manually held or drawn string.

HANDGUN: pistol, revolver, without shoulder stock or attachment.

LIVE TRAP (CAGE OR BOX): mechanical device designed so an animal enters the trap through a door that closes, preventing exiting.

PRE-CHARGED PNEUMATIC AIR GUN: air gun that is charged from an external high-compression source, such as an air compressor, air tank or external hand pump.

PELT: skin of a furbearer with hair intact.

POSSESSION LIMIT: maximum number of wildlife you can have at any time, including in the field, in transport, at home or in storage.

RIFLE: firearm fired from the shoulder with a rifled bore, at least a 16-inch or longer barrel and at least 26 inches in overall length.

SHOTGUN: firearm fired from the shoulder with a smooth bore, at least an 18-inch barrel and at least 26 inches in overall length.

SLINGSHOT: hand-held device manually drawn or held with elastic band attached to arms, or attachment points for propelling stones or metal projectiles. Wrist-brace attachments and non-elastic projectile pouches are normal parts of a slingshot.

SMALL-GAME BIRDS: dusky, mountain sharp-tailed grouse; greater sage-grouse; white-tailed ptarmigan; pheasant; northern bobwhite, scaled, Gambel's quail; chukar partridge; greater prairie-chicken.

SMALL-GAME MAMMALS: cottontail rabbit; snowshoe hare; white-tailed, black-tailed jackrabbit; marmot; fox, pine, Abert's squirrel; black-tailed, white-tailed, Gunnison's prairie dog; Wyoming (Richardson's) ground squirrel

OTHER SMALL GAME: ; prairie rattlesnake; common snapping turtle.

TRAPPING: taking or attempting to take wildlife with a trap.

MIGRATORY BIRD HUNTING LAWS

In Colorado, the Pacific Flyway is all lands west of the Continental Divide, and the Central Flyway is all lands east of the Continental Divide. Federal and state laws apply.

LEGAL MIGRATORY BIRD HUNTING METHODS

- Shotguns cannot be larger than 10 gauge. They cannot be capable of holding more than three shells in magazine and chamber combined. They must be fired from the shoulder. To reduce capacity of shotguns that hold more than three shells in the chamber and magazine combined, the magazine must be cut off, altered or plugged with a one-piece filler that cannot be removed unless the gun is disassembled. Slugs are illegal to hunt waterfowl.
- Hand-held bows are allowed only if the arrow or bowstring is not held or drawn mechanically. It is illegal to use bows on firing lines designated by the Parks and Wildlife Commission.
- It is legal to hunt waterfowl in the open, from a blind or other concealed place (except a sink box). When camouflaged with vegetation from agricultural crops, camouflaging cannot result in exposing, depositing, distributing or scattering grain or other feed.
- Hunting is allowed from vessels (except sink boxes) with motors or sails if motor is off, and/or sails furled and forward movement has stopped. Hunting is allowed from drifting vessels and those propelled by hand. Motorized vessels are only allowed to pick up dead or injured birds, or to put out and retrieve decoys.
- It is legal to take migratory birds, including waterfowl, coots and cranes, on or over the following lands not otherwise baited: standing or flooded standing crops; standing flooded or manipulated natural vegetation; flooded harvested crop lands; where seeds or grains were scattered solely from normal agricultural planting, harvesting, post-harvest manipulation or normal soil stabilization practice; flooded, standing agricultural crops where grain is inadvertently scattered solely by a hunter entering or exiting an area, placing decoys or retrieving downed birds.
It is also legal to take migratory birds, except waterfowl, coots and cranes, on or over the following lands not otherwise baited: where grain or other feed is distributed or scattered solely from manipulation of agricultural crops or other feed, or solely from normal agricultural operations.
"Baiting" means the direct or indirect placing, exposing, depositing, distributing or scattering of salt, grain or other feed that could serve as a lure or attraction for migratory game birds to, on or over any areas where hunters are attempting to take them. "Baited area" means any area on which salt, grain or other feed has been placed, exposed, deposited, distributed or scattered, if that salt, grain or other feed could serve as a lure or attraction for migratory game birds to, on, or over areas where hunters are attempting to take them. Any such area will remain a baited area for ten days following the complete removal of all such salt, grain or other feed.
- Hawking or falconry permitted.
- Dogs, artificial decoys, duck calls or goose calls are legal, except recorded or electronically amplified calls or sounds. Recorded or electronically amplified calls are legal to hunt common crows.
- You don't need a permit to have and transport plumage or skins of legally taken migratory birds for your use.
- You don't need a permit to have, dispose and transport feathers from wild ducks and wild geese legally killed, or from birds seized and condemned by wildlife authorities. It is legal to use feathers to make fishing flies, bed pillows, mattresses and similar commercial items, except for millinery or ornamental use.
- 10. IN LIGHT GOOSE CONSERVATION ORDER SEASON:** Recorded or electronically amplified calls are allowed. Shotguns that hold more than 3 rounds in the chamber and magazine may be used in this season only. Hunting is allowed one-half hour before sunrise to one-half hour after sunset. A federal migratory bird stamp is not required, but a Colorado waterfowl stamp is. (See page 14 for season dates.)
- 11. THE MOST RESTRICTIVE STATE OR FEDERAL LAWS APPLY.** See cpw.state.co.us/waterfowlhunting or fws.gov/program/migratory-birds for a detailed summary of federal regulations on migratory bird hunting. More regulations also may apply to National Wildlife Refuges opened to hunting; go to www.fws.gov/refuges for details.

ILLEGAL MIGRATORY BIRD HUNTING METHODS

- Baiting is illegal (see description of baiting above, number 5). For information on federal baiting laws, go to fws.gov/story/2021-12/information-waterfowl-hunters.
It is illegal to take migratory game birds and waterfowl by the aid of baiting, or on or over any baited area, if you know or reasonably should know the area is baited. It is illegal to place or direct placement of bait on or next to an area to cause, induce or allow anyone to take or attempt to take migratory birds with the help of bait or over a baited area.
- It is illegal to use any artificial light as an aid in hunting or taking wildlife.
- Traps, snares, nets, rifles, pistols, swivel guns, punt guns, battery guns, machine guns and fish hooks, poisons, toxicants, explosives or stupefying substances are illegal.
- It is illegal to use live, tame or captive ducks and geese as decoys. All tame, captive ducks and geese must be removed 10 days before hunting. They must be in an enclosure that substantially reduces the sound of their calls, and conceals them from the sight of waterfowl.
- It is illegal to leave decoys or things used as decoys in the field or on water overnight on state wildlife areas.
- You cannot hunt migratory birds on a federal reservation, federal land set aside as a wildlife reservation, breeding ground or refuge or federal land closed by the Migratory Bird Treaty Act, except as permitted.
- It is illegal to hunt migratory birds from, on or across a highway, road, trail, public or private right-of-way in national wildlife refuges. Stricter regulations may apply on wildlife refuges. Contact: Alamosa and Monte Vista NWR, 719-589-4021; Browns Park NWR, 970-365-3613; Arapaho NWR, 970-723-8202.
- 8. IN THE AREAS BOUNDED** on N by Wyoming; E and S by I-76, Hwy. 71, U.S. 36 and I-70; and W by the Continental Divide and Larimer- Jackson county line; and in Bent, Crowley, Kiowa, Mesa, Otero and Prowers counties:
 - It is illegal to hunt waterfowl within 50 yards on either side of center line of a public road.
 - It is illegal to hunt waterfowl within 150 yards of a dwelling, including directly above it, without first obtaining permission from owner, occupant or person in charge of the dwelling.
- 9. PUEBLO COUNTY:** It is illegal to hunt waterfowl within 150 yards of a dwelling, including directly above it, without first obtaining permission from owner, occupant or person in charge of dwelling.
- You cannot kill, have, transport, import or export migratory birds, their parts, nests or eggs that were taken, bought, sold, transported, possessed or exported illegally.
- It is illegal to have or transport live migratory birds or waterfowl, including wounded birds. You must kill migratory birds immediately after you injure them, and they become part of your bag limit.
- It is illegal to buy, sell, barter or offer to buy or sell feathers or mounted specimens of migratory birds.
- It is illegal to receive or have someone else's migratory birds unless they are tagged as required.
- SANDHILL CRANE HUNTERS:** Whooping cranes are federally endangered and illegal to hunt. They may be in Colorado during sandhill crane season.
- The most restrictive state or federal laws apply. See www.fws.gov/program/migratory-birds for more.

TAGGING, TRANSPORTING BIRDS

1. A carcass tag must be attached to wildlife requiring one.
2. Licensees must accompany wildlife not requiring a carcass tag (*except as in No. 4*).
3. One fully feathered wing or head must be attached to birds in transit until they arrive at hunter's home or commercial processing facility.
4. To ship migratory birds, packages must be marked outside with name and address of sender, name and address of receiver and number of birds, by species. Licenses, a photocopy of the license or carcass tag must accompany wildlife shipped by common carrier.
5. It is illegal to leave migratory birds anywhere other than at your home or with someone else for picking, cleaning, processing, permanent or temporary storage or taxidermy, unless the birds or package of birds have a tag attached. You must sign tags and include your address, total number and species of birds, date of kill and your hunting license number.
6. It is illegal to receive or have someone else's migratory birds unless they are tagged as required.
7. Migratory bird preservation facilities:
 - a. If you have someone else's migratory birds for picking, cleaning, freezing, processing, storing or shipping, you must have records showing the number of each species, date you received them, date birds were disposed of, and name and address of who received the birds.
 - b. You must keep records 1 year after the last entry.
8. Per week, beginning on Sunday, it is illegal to import more than 25 doves and 10 pigeons from a foreign country, or more than 10 ducks and 5 geese from a foreign country, except Canada and Mexico. Doves and waterfowl imported from Canada and Mexico cannot exceed Canadian and Mexican export limits. One fully feathered wing must stay attached to birds transported and shipped between ports of entry and someone's home or a migratory bird facility. It is illegal to import someone else's birds.
9. It is illegal to take, have, transport, import or export migratory birds, their parts, nests or eggs that were taken, bought, sold, transported, possessed or exported illegally.
10. It is illegal to have or transport live migratory birds, including wounded birds. You must kill migratory game birds immediately after recovering them.
11. No permit is required to have or transport plumage and skins of legally taken migratory birds for your own use.
12. No permit is required to have, dispose of and transport feathers of wild ducks and wild geese legally killed, or of birds seized by wildlife authorities. It is legal to use feathers to make fishing flies, bed pillows, mattresses and similar commercial items, except millinery or ornamental use.
13. It is illegal to buy, sell, barter or offer to buy or sell feathers or mounted specimens of migratory game birds.

BIRD SPECIES IDENTIFICATION

A fully feathered wing or head must be attached to all birds, except turkeys, doves and band-tailed pigeons, in transit to hunter's home or commercial processor. For pheasants, a foot with visible spur can be substituted.

NOTE: While in the field or during transport, all dressed (not fully feathered) doves, including

Eurasian collared-doves, count against the daily bag and possession limit for mourning and white-winged doves during the Sept. 1–Nov. 29 dove season. Eurasian collared-doves must be fully feathered while in the field or during transport at all other times.

species may be taken at night with the use of artificial light and night vision equipment.

Commercial hunting of invasive species is prohibited, as is receiving or attempting to receive compensation by hunting these species.

Eurasian collared-doves must remain fully feathered while in the field or during transport, except when counted as part of the mourning or white-winged dove bag and possession limit during the dove season that runs from Sept. 1–Nov. 29. See page 10 for season dates and bag limits.

HUNTING INVASIVE BIRDS

EURASIAN COLLARED-DOVES, EUROPEAN STARLINGS AND HOUSE (ENGLISH) SPARROWS are considered invasive species in Colorado. Because of this designation, these species may be hunted year-round. No license or Habitat Stamp is required to hunt invasive species; however hunters must have and carry with them a hunter education card.

Hunters may harvest any number of each of these species and by any method of take approved for big- or small-game hunting. These

WATCH FOR BANDED BIRDS

Wildlife managers need help gathering information about the migratory bird populations. If you kill or find a banded bird, please report it to the USGS Bird Banding Lab:

www.reportband.gov

HUNTING TERMS & DEFINITIONS: MIGRATORY BIRDS

AGGREGATE: Total number of animals allowed to be taken in one day, by one person, regardless of species.

DAILY BAG LIMIT: Maximum number of wildlife you can take in a day, including any eaten or donated during the day they're taken.

CENTRAL FLYWAY: East of the Continental Divide.

GEESE: All species of geese and brant. Light geese means lesser snow geese (including blue), greater snow geese and Ross' geese. Dark geese means Canada geese, white-fronted geese, brant, cackling geese and all other species of geese except light geese.

MANIPULATION: Alteration of natural vegetation or agricultural crops by activities that include, but are not limited to, mowing, shredding, discing, rolling, chopping, trampling, flattening, burning or herbicide treatments. Manipulation does not include distributing or scattering grain, seed or other feed after removal from, or storage on, the field where grown.

MIGRATORY GAME BIRDS: Migratory birds included in conventions between U.S. and foreign countries to protect birds for which seasons are established. They are: waterfowl (ducks, including mergansers, and geese, including brant), mourning and white-winged doves, sandhill cranes, American coots, sora, Virginia rail, Wilson's snipe, band-tailed pigeons, crows.

NATURAL VEGETATION: Non-agricultural, native or natural plants growing from planting, or existing seeds and other propagules. This does not include planted millet. However, millet growing on its own after planting year is considered natural vegetation.

NONTOXIC SHOT: Any shot type approved to take migratory game birds according to 50 CFR 20.21 (*U.S. Fish and Wildlife Service*). See page 8 for table and details.

NORMAL AGRICULTURAL OPERATION: Planting, harvesting, post-harvest manipulation or agricultural practice conducted according to 50 CFR 20.11 (*U.S. Fish and Wildlife Service*).

NORMAL AGRICULTURAL PLANTING, HARVESTING OR POST-HARVEST MANIPULATION: Planting or harvesting to produce and gather crops, or manipulation after harvest and removal of grain, conducted according to 50 CFR 20.11 (*U.S. Fish and Wildlife Service*).

NORMAL SOIL STABILIZATION PRACTICE: Planting for agricultural soil erosion control or post-mining reclamation conducted according to 50 CFR 20.11 (*U.S. Fish and Wildlife Service*).

PACIFIC FLYWAY: West of the Continental Divide.

POSSESSION LIMIT: Maximum number of wildlife you can have at any time, including in the field, in transport, at home or in storage.

SINKBOX: Raft or low-floating device with a depression concealing a person below the surface of the water.

HAWKING & FALCONRY HUNTING LAWS

NOTE: See page 16, Hunting with Hawks & Falcons, for season dates and bag limits.

- Apprentices may hunt with only one raptor at a time.
- A resident falconry license is required.
- Nonresident falconers must buy either:
 - A nonresident annual falconry license; applications are submitted online at cpwshop.com/purchase-special-license.page, or;
 - A nonresident small-game license and have proof that they possess a current and valid falconry license in their home state.
- Hunter education certificate is not necessary with a resident 3-year falconry license or a nonresident annual falconry license. State and federal Migratory Bird Hunting Stamps are required for hunting migratory waterfowl.
- Falconers must comply with HIP (see page 3).
- Firearms are prohibited while hawking.
- Hawking is prohibited from a public road.
- Hawking on private property is illegal without permission from the owner or person in charge.
- A Raptor Importation License is required to import any raptor into Colorado. An application for raptor importation must be submitted a minimum of 7 days of proposed importation date. A current health certificate issued within 30 days of the proposed entry from the state of origin is required. Raptor import application/license are fee exempt and may be submitted at cpwshop.com/purchase-special-license.page.

NONTOXIC SHOT REGULATIONS

- It is illegal to use or have toxic (lead) shot, either in shotshells or as loose shot for muzzleloading, while taking or attempting to take ducks, geese or coots in Colorado. This includes national wildlife refuges open to hunting. Toxic shot, either in shotshells or as loose shot for muzzleloading, cannot be in a hunter's gun, on his/her person or near a hunter taking or attempting to take waterfowl. Store lead shot in your vehicle. You can store lead shot elsewhere if it's not readily accessible while hunting waterfowl.
- Nontoxic shot is required in commercial wildlife parks, field trials and dog-training while hunting captive-reared mallards.
- It is illegal to have or use nontoxic shot larger than size T to hunt ducks, geese or coots.
- Nontoxic shot is any type approved by the U.S. Fish and Wildlife Service. On Nov. 6, 2017, USFWS approved addition of corrosion-inhibited copper shot as a new form of nontoxic shot for waterfowl hunting. Find more information at fws.gov/policy/library/2017/2017-24117.pdf

This table summarizes Tom Roster's analyses to date of the lethality data bases for certain of the 16 U.S. steel vs lead waterfowl & dove shooting tests published between 1968 & 2014 & one steel-only pheasant shooting test (1999) plus lethality data bases owned by ammunition companies for birds taken with nontoxic shotshell loads Roster tested for them & the CONSEP Org. Note: Steel #BBB (.190") & HEVI-Shot #2 (.150") have exhibited the best all-around performance for taking geese; steel #3 (.140") & HEVI-Shot #4 (.130") the best all-around performance for taking ducks; steel #2 & HEVI-Shot #4 (.130") the best all-around performance for taking ring-necked pheasants; & steel 7's (.100") the best all-around performance for taking doves.

¹These findings are derived from testing 2 1/2" 28 gauge; 3" 20 ga.; 2 1/4", 3" & 3 1/2" 12 ga.; & 3 1/2" 10 ga. steel loads; plus 2 1/4" 28 ga.; 2 1/4" & 3" 20 ga.; and 2 1/4" & 3" 12 ga. HEVI-Shot loads.

GET THE LEAD OUT

Colorado Department of Public Health & Environment and Colorado Parks and Wildlife

Go to CDPHE.COLORADO.GOV/LEAD-HEALTH and click "For the public" to see the Lead in Harvested Wild Game factsheet.

From the field to the table, ensuring your next harvest is safe for your family is important. Switching from lead bullets may be an option that's right for you. Science tells us ingesting lead can cause potential health problems over time. Risks are low for most people; however, you can also:

- Use lead-free shot or bullets.
- Choose a firearm with lower-velocity bullets, so bullet fragments don't scatter as far into the wound. Liberally trim and discard meat damaged by the bullet when you process an animal.
- Clean your meat grinder between each animal. Lead is soft and can go through your grinder, contaminating an entire batch of ground meat. If you don't grind the meat yourself, speak with your commercial processor about their equipment cleaning process between animals.
- Avoid eating game meat from animals harvested with lead bullets if you are pregnant. Children younger than 6 should also avoid it.

There are three types of doves in Colorado.

Knowing how to identify each is important to avoid violating the law while hunting. White-winged doves are not common in Colorado, and live mostly along the Front Range. The white-winged dove is pioneering new habitats north of its historic range in the southwest U.S. Eurasian collared-doves are sporadic throughout the state. It is an exotic introduced into the United States, and is considered an invasive species.

DOVE BANDING

Mourning doves are banded in Colorado and other states as part of a program to monitor their status.

Hunters should report banded mourning doves to the USGS Bird Banding Lab:
