Owners of school buses, passenger vans and buses owned by a nonprofit corporation or organization as defined in 13-21-115.5 (3), C.R.S., and passenger vans and buses owned by any government agency are limited to purchasing no more than two additional multiple annual vehicle passes at a reduced fee per each annual vehicle pass purchased at the full fee. For the purpose of this regulation, "immediate family members" are defined as spouses and children with valid driver's licenses living at the same address. "Owner" is defined as the person whose name appears on the registration of both the original vehicle for which an annual pass was purchased and the additional vehicle, or a person who can provide proof of ownership of the original and the additional vehicle at a designated Division office.
- If the motor vehicle for which an annual vehicle pass or additional vehicle pass was issued is sold or traded, or the pass is lost or destroyed during the calendar year in which it is issued, the person to whom the pass was issued may obtain a duplicate thereof, upon signing an affidavit reciting where and by whom it was issued and the circumstances under which it was lost or traded. Upon payment of a fee of \$5.00, a new pass effective for the remainder of the calendar year may be issued only by the Division to the original owner of such pass.

- A disabled resident may obtain a Columbine annual pass pursuant to 33-12-103.5, C.R.S. The Columbine annual pass is transferable and is valid whenever temporarily affixed to any vehicle used to bring the pass holder into a park.
- A Columbine annual pass shall authorize entrance by motor vehicle, when and where motor vehicle access is permitted, to all state recreation areas and state parks during the period beginning on the fifteenth day of November of the year preceding the year printed on the face of the pass through the thirty-first day of December of the year printed on the face of the pass. Such authorization shall apply to the holder of the Columbine annual pass and all passengers in, and the driver of, the motor vehicle carrying the holder of the Columbine annual pass.
- A Columbine annual parks pass shall be issued following the Division's receipt of a completed application from a qualifying individual and the payment of the necessary fee.

- The Columbine annual parks pass must be continuously displayed in the manner described on the pass while the motor vehicle transporting the holder of the pass is operated or parked on Division properties.
 - Additional fees may be required at some facilities, such as campgrounds, group picnic areas, and swim beaches.
 - In order to qualify for a Columbine annual pass, a resident must provide written proof to the Division:

 - That he or she has been determined by a physician to have a physical or mental impairment which prevents gainful employment and is reasonably certain to continue throughout the person's lifetime.
 - The Columbine annual parks pass application shall be on a form provided by the Division. Blank applications shall be available, during regular business hours, at the Divisions' regional and Denver offices.
 - Individuals applying to the Division for a Columbine annual parks pass must provide the following information:
 - Full name and address, including city, county, state and zip code; and

The form shall also contain an oath that includes an affirmation attesting to the truth of that which is stated, that the applicant is aware that statements made are intended to be represented as true and correct statements, and that false statements are punishable by law.
 - At the time that an application for a Columbine annual parks pass is submitted to the Division, the appropriate fee shall also be paid.
 - Pending the issuance of a Columbine annual parks pass, possession on the applicant of a bona fide copy of the application permits the applicant and others in the motor vehicle carrying the applicant entrance by motor vehicle to all state parks and state recreation areas, when and where motor vehicle access is permitted, for a period of thirty days following the date of filing the application with the Division or until receipt of notice from the Division either granting or denying the application request, whichever period of time is shorter.
 - Within 15 days of the Division's receipt of a completed Columbine annual parks pass application and the appropriate fee payment, the Division shall review and approve or deny the application.
 - Completed applications shall be approved if the minimum qualifications set forth in this regulation are met.
 - Conversely, if the minimum qualifications are not met, then the application shall be denied. The applicant shall be notified in writing within five working days upon denial of a request. Such written notification shall include an explanation of the basis for denial and a refund of any fee paid.
 - The applicant may appeal this decision to the Division Director by notifying the Director in writing within sixty days of the Division's mailing of the denial notice. A faster appeal will be necessary when the calendar year will end prior to the expiration of the sixty day appeal period.
 - The address utilized by the Division for all mailings associated with the processing of a Columbine annual parks pass application shall be the address indicated on the application.
 - If an individual who holds a Columbine annual parks pass becomes ineligible for the pass due to a change in circumstances resulting in the individual no longer meeting the minimum qualifications set forth in this regulation, then the Columbine annual parks pass shall become invalid. Upon surrender of the pass to any Division office listed in paragraph 4.d. of this regulation the individual may then obtain, if they are otherwise eligible, an appropriate annual park pass for a fee of \$5.00.
- If a Columbine annual pass is lost or destroyed during the period of time that it would otherwise have been valid, the person to whom the pass was issued may obtain a duplicate thereof, upon signing an affidavit reciting where and by whom it was issued and the circumstances under which it was lost. Upon payment of a fee of \$5.00, a new pass may be issued only by the Division to the original owner of such Columbine annual pass.

Daily vehicle passes as defined in #700-4.a. shall not be available for sale at Arkansas Headwaters Recreation Area, except that such passes purchased at another State Park shall also be valid at Arkansas Headwaters for the day that they were issued.

#702 - BOARD AUTHORITY

- The Board may waive the requirement for a park pass, or it may close any state park or state recreation area, or portions thereof, whenever it finds the action necessary to protect and promote the health, safety and general welfare of the people of this state.

SPECIAL ACTIVITIES

#703 - SPECIAL ACTIVITIES REQUIRING PERMITS

- "Special activities" means those events which have the potential for a significant adverse impact on park values or the health, safety or welfare of park visitors or which may otherwise require special planning/scheduling for proper management. Special activities shall require prior approval in the form of a special-activities permit. Applications thereof generally shall be made to the Park Manager at least ninety (90) days prior to the event. Such application must be accompanied by the appropriate application filing fee. This requirement for an application to be filed ninety days prior to an event will be waived in rare circumstances where arrangements can be made in a shorter time without putting an undue administrative burden on the Park Manager or when no special arrangements are necessary.
- The decision of whether to approve special activity permits will be made by the Park Manager when it is determined that the special activities will not involve the use of a park or recreation area by a group of persons totaling more than the park or recreation area's established carrying capacity. Otherwise, the Regional Manager shall make the decision of whether to approve the permits. The decision of whether to approve special activities permits will be based on the impact on park values and/or the health, safety and welfare of park visitors and other affected persons, and also will be based on:
 - The nature of the park or recreation area and the types of recreational opportunities/resources it is intended to provide the public.
 - The carrying capacity of the facility or facilities to be utilized during the special activity compared to:

- (1) The total number of park visitors (including participants and spectators in the special activity) expected to utilize such facilities; and
 - (2) The total number of vehicles, vessels or persons expected to participate in or be attracted to such activities.
- c. The extent to which the special activity will contribute to the variety of outdoor recreational opportunities available to the people of this state and its visitors.
- d. The extent to which the activity places an administrative burden on the staff of the park area.
3. Permits will be denied when a proposed special activity would have significant adverse impact on park values, pose significant threats to the health, safety or welfare of park visitors or other persons, be inconsistent with area management plans or intended facility use, or place an unreasonable administrative burden on park staff.
4. Whenever it is determined that any special activity will involve the use of a park or recreation area by a group of persons totaling more than the park's or recreation area's established carrying capacity, a thirty day written public comment period and a public meeting shall be required prior to the granting of a permit. The Park Manager shall publish notice of both the written comment period and the meeting at least once in a newspaper of general circulation in the county or counties wherein said park or recreation area is located. The meeting shall be conducted by the Division representative responsible for the permit issuance decision and shall be held either at the park or recreation area, or within a county in which the park or recreation area is located. Such public meeting is not intended to be an adjudicatory licensing hearing under the provisions of the Colorado Administrative Procedures Act, but only an opportunity for public comment.
5. An application for a permit shall be acted upon promptly, and the applicant shall be notified immediately after the taking of action on the application. If the application is denied, the applicant shall be notified in writing within five working days of such action. Such written notification shall include the basis for the denial. The applicant may submit a written appeal of a denial to the Division Director within sixty days of receipt of the denial, requesting a hearing pursuant to section 24-4-104(9), C.R.S. If the date of the proposed special activity is to occur within the sixty day appeal period, then the applicant shall submit any written appeal as soon as practicable so as to allow a reasonable time for the Director to act upon the appeal. Absent special circumstances justifying a later submittal and depending upon the nature of the proposed special activity and the amount of preparation required on the part of the Division for such activity, generally an appeal submitted less than twenty-five days prior to the proposed special activity will be deemed untimely.
6. Upon written request, the Division shall waive the requirement for a parks pass for those vehicles when all the occupants are entering parks and outdoor recreation areas for the purpose of administering permitted special activities and not for the purpose of their own recreation.
7. For special activities where the Division representative responsible for the permit issuance decision determines it will be a greater administrative ease for the Division to administer the activity, an alternative fee of \$1.00 per person per day may be charged for admission of persons participating in the special activity in lieu of the requirement for each vehicle to have a valid parks pass. This permission shall apply only to groups of twenty or more persons.

CAMPGROUND USE PERMITS

#704 - CAMPGROUND USE PERMITS AND GROUP CAMPGROUND USE PERMITS

Possession of a valid campground-use permit visibly displayed at a place provided at each campsite shall authorize a single camping unit (tent, camper, etc.) occupied by a single family unit, or a maximum of six (6) persons to camp in a campsite until 12:00 noon the following day. - e. Notwithstanding the established campground fees, the Board delegates to the Division Director the authority to lower a campground's classification by one class, and consequently lower the campground fee, when the Division Director determines that it is necessary to do so based upon one or more of the following criteria:
 - (1) A significant increase in the vacancy rate for the campground exists.
 - (2) A significant need to rehabilitate the campground facilities exists.
 - (3) A temporary closure of campground facilities is necessary in order to implement repairs.

Upon a determination by the Division Director that the cause for lowering the campground classification has been abated, the original campground classification will be reinstated.
6. The camping minimum night stay for the yurts at Pearl Lake shall be two nights.
7. The cancellation fee for group camping reservations at all group camping sites in the system shall be equal to the amount of the first night's fee if the cancellation is made within fourteen days of the first reserved date.
