

IN THE MATTER OF TABULATION IN ORDER OF)
 PRIORITY OF ABSOLUTE AND CONDITIONAL DECREED)
 WATER RIGHTS IN DIVISION II WHICH CONSISTS OF) NOTICE OF TABULATION OF
 THOSE LANDS IN THE STATE OF COLORADO IN THE) DECREED WATER RIGHTS
 DRAINAGE BASIN OF THE ARKANSAS RIVER AND)
 LOCATED IN FORMER WATER DISTRICTS 10, 11, 12,)
 13, 14, 15, 16, 17, 18, 19 and 67)

Pursuant to Section 148-21-27, Colorado Revised Statutes 1963, as amended, the Division Engineer of Division No. II, with the approval of the State Engineer, hereby publishes a tabulation of all absolute and conditional decreed water rights in order of their priority, as said water rights appear of record in Court Decrees on file in the Office of the Division Engineer which decrees were entered in the various former water districts and derive their water supply from one common water source as set forth in the caption above. All information on the list is as decreed except locations which are adjusted to conform to re-surveys or known locations and amounts which are converted to cubic feet per second or acre feet.

NOTICE IS HEREBY GIVEN

That not later than September 10, 1970, any person wishing to object to the manner in which an absolute or conditional decreed water right is listed in the tabulation or to the omission of an absolute or conditional decreed water right from such tabulation shall file a statement of objection in writing with the Division Engineer, Rudolph Styduhar, 1906 W. Northern Ave., Pueblo, Colorado 81004.

After considering matters raised by statements of objection and consultation with interested parties, the Division Engineer shall make such revisions, if any, that he deems proper in such tabulation on or before October 10, 1970. If the tabulation is revised, the Division Engineer will make such publication as is necessary to advise interested parties of such revisions on or before October 20, 1970.

EXPLANATION OF CODES USED IN THE WATER RIGHTS TABULATION

Column [(1)] - This column indicates the type of STRUCTURE and is coded as follows:

1 Ditch	4 Spring	7 Pipeline	0 other
2 Well	5 Seeps	8 Surface Pump	* Two or more of the
3 Reservoir	6 Mine	9 Power Plant	preceding

Column [WD] - The number signifies the original Water District. Two exceptions are:

71 = District 34 72 = District 42

Column [(2)] - The type of USE is coded as follows:

1 Irrigation	4 Industrial	7 Fire	0 Other
2 Municipal	5 Recreation	8 Domestic	*** Combination of four or
3 Commercial	6 Fishery	9 Stock	more of the previous

Column [AMOUNT] - The units are coded: CFS Cubic feet per second
 AF Acre feet

Column [(3)] - This column contains a code of the TYPE OF ADJUDICATION

A Original	K Original Conditional Alternate
B Supplemental	L Supplemental Conditional
C Original Conditional	M Supplemental Transfer To
D Original Transfer To	N Supplemental Transfer From
E Original Transfer From	O Supplemental Abandonment
F Original Abandoned	P Supplemental Alternate
G Original Alternate	Q Supplemental Conditional Transfer To
H Original Conditional Transfer To	R Supplemental Conditional Transfer From
I Original Conditional Transfer From	S Supplemental Conditional Abandonment
J Original Conditional Abandonment	T Supplemental Conditional Alternate

Column [M] - Code of the Principle Meridians required for LOCATION.

S Sixth Principle Meridian	U Ute Principle Meridian
N New Mexico Principle Meridian	C Costilla Survey

Column [TWN] or [RNG] - An (H) following either a township TWN or RNG number indicates a half township or range.

Rudolph Styduhar, Division Engineer

C. J. Kuiper, State Engineer
