

IN THE MATTER OF TABULATION IN ORDER OF
SENIORITY OF ALL DECREED WATER RIGHTS
AND CONDITIONAL WATER RIGHTS IN THE
DRAINAGE BASIN OF THE RIO GRANDE RIVER
LOCATED IN FORMER WATER DISTRICT NO. 20
AND IN WATER DIVISION NO. 3.

REVISED PRIORITY LIST

Notice is hereby given that pursuant to Section 148-21-28, C.R.S. 1963, as amended, the Division Engineer of Water Division No. 3 has made such revisions as he deems proper to the July 10, 1974 tabulation of absolute and conditional decreed water rights, including omission or modification of water rights which he has determined to have been abandoned in whole or in part.

The revised tabulation does not include water rights decreed under the provisions of Section 148-21-20, C.R.S. 1963, as amended, and may not include certain water rights in those proceedings under Section 148-21-44, C.R.S. 1963, as amended.

The Division Engineer has made separate Revised Priority Lists so that only those water rights which take or will take water from the same source and are in a position to affect one another will be on the same list.

The Revised Priority List will be available after October 10 in the offices of each Division Engineer, Water Commissioner and County Clerk and Recorder for inspection at any time during regular office hours. The Division Engineer will furnish or mail a copy of a Revised Priority List to anyone requesting the list upon payment of a fee of Five Dollars (\$5.00).

Any person who wishes to protest the manner in which a water right or conditional water right is listed in the tabulation, including any revisions, or the omission of a water right or conditional water right from such tabulation shall file a written protest with the water clerk and with the division engineer not later than November 30. Such protest shall set forth in detail the facts and legal basis therefor. Service of a copy of the protest or any other document is not necessary for jurisdictional purposes, but the water judge may order service of a copy of the protest or any other document on any person and in any manner which he may deem appropriate. The fee for filing such protest with the water clerk shall be Twenty Dollars (\$20.00).

IN THE MATTER OF TABULATION IN ORDER OF
SENIORITY OF ALL DECREED WATER RIGHTS
AND CONDITIONAL WATER RIGHTS IN THE
DRAINAGE BASIN OF ALAMOSA CREEK LOCATED
IN FORMER WATER DISTRICT NO. 21 AND IN
WATER DIVISION NO. 3.

REVISED PRIORITY LIST

Notice is hereby given that pursuant to Section 148-21-28, C.R.S. 1963, as amended, the Division Engineer of Water Division No. 3 has made such revisions as he deems proper to the July 10, 1974 tabulation of absolute and conditional decreed water rights, including omission or modification of water rights which he has determined to have been abandoned in whole or in part.

The revised tabulation does not include water rights decreed under the provisions of Section 148-21-20, C.R.S. 1963, as amended, and may not include certain water rights in those proceedings under Section 148-21-44, C.R.S. 1963, as amended.

The Division Engineer has made separate Revised Priority Lists so that only those water rights which take or will take water from the same source and are in a position to affect one another will be on the same list.

The Revised Priority List will be available after October 10 in the offices of each Division Engineer, Water Commissioner and County Clerk and Recorder for inspection at any time during regular office hours. The Division Engineer will furnish or mail a copy of a Revised Priority List to anyone requesting the list upon payment of a fee of Five Dollars (\$5.00).

Any person who wishes to protest the manner in which a water right or conditional water right is listed in the tabulation, including any revisions, or the omission of a water right or conditional water right from such tabulation shall file a written protest with the water clerk and with the division engineer not later than November 30. Such protest shall set forth in detail the facts and legal basis therefor. Service of a copy of the protest or any other document is not necessary for jurisdictional purposes, but the water judge may order service of a copy of the protest or any other document on any person and in any manner which he may deem appropriate. The fee for filing such protest with the water clerk shall be Twenty Dollars (\$20.00).

IN THE MATTER OF TABULATION IN ORDER OF
SENIORITY OF ALL DECREED WATER RIGHTS
AND CONDITIONAL WATER RIGHTS IN THE
DRAINAGE BASIN OF LA JARA CREEK LOCATED
IN FORMER WATER DISTRICT NO. 21 AND
IN WATER DIVISION NO. 3.

REVISED PRIORITY LIST

Notice is hereby given that pursuant to Section 148-21-28, C.R.S. 1963, as amended, the Division Engineer of Water Division No. 3 has made such revisions as he deems proper to the July 10, 1974 tabulation of absolute and conditional decreed water rights, including omission or modification of water rights which he has determined to have been abandoned in whole or in part.

The revised tabulation does not include water rights decreed under the provisions of Section 148-21-20, C.R.S. 1963, as amended, and may not include certain water rights in those proceedings under Section 148-21-44, C.R.S. 1963, as amended.

The Division Engineer has made separate Revised Priority Lists so that only those water rights which take or will take water from the same source and are in a position to affect one another will be on the same list.

The Revised Priority List will be available after October 10 in the offices of each Division Engineer, Water Commissioner and County Clerk and Recorder for inspection at any time during regular office hours. The Division Engineer will furnish or mail a copy of a Revised Priority List to anyone requesting the list upon payment of a fee of Five Dollars (\$5.00).

Any person who wishes to protest the manner in which a water right or conditional water right is listed in the tabulation, including any revisions, or the omission of a water right or conditional water right from such tabulation shall file a written protest with the water clerk and with the division engineer not later than November 30. Such protest shall set forth in detail the facts and legal basis therefor. Service of a copy of the protest or any other document is not necessary for jurisdictional purposes, but the water judge may order service of a copy of the protest or any other document on any person and in any manner which he may deem appropriate. The fee for filing such protest with the water clerk shall be Twenty Dollars (\$20.00).

IN THE MATTER OF TABULATION IN ORDER OF
SENIORITY OF ALL DECREED WATER RIGHTS
AND CONDITIONAL WATER RIGHTS IN THE
DRAINAGE BASIN OF LA JARA CREEK LOCATED
IN FORMER WATER DISTRICT NO. 21 AND
IN WATER DIVISION NO. 3.

REVISED PRIORITY LIST

Notice is hereby given that pursuant to Section 148-21-28, C.R.S. 1963, as amended, the Division Engineer of Water Division No. 3 has made such revisions as he deems proper to the July 10, 1974 tabulation of absolute and conditional decreed water rights, including omission or modification of water rights which he has determined to have been abandoned in whole or in part.

The revised tabulation does not include water rights decreed under the provisions of Section 148-21-20, C.R.S. 1963, as amended, and may not include certain water rights in those proceedings under Section 148-21-44, C.R.S. 1963, as amended.

The Division Engineer has made separate Revised Priority Lists so that only those water rights which take or will take water from the same source and are in a position to affect one another will be on the same list.

The Revised Priority List will be available after October 10 in the offices of each Division Engineer, Water Commissioner and County Clerk and Recorder for inspection at any time during regular office hours. The Division Engineer will furnish or mail a copy of a Revised Priority List to anyone requesting the list upon payment of a fee of Five Dollars (\$5.00).

Any person who wishes to protest the manner in which a water right or conditional water right is listed in the tabulation, including any revisions, or the omission of a water right or conditional water right from such tabulation shall file a written protest with the water clerk and with the division engineer not later than November 30. Such protest shall set forth in detail the facts and legal basis therefor. Service of a copy of the protest or any other document is not necessary for jurisdictional purposes, but the water judge may order service of a copy of the protest or any other document on any person and in any manner which he may deem appropriate. The fee for filing such protest with the water clerk shall be Twenty Dollars (\$20.00).

IN THE MATTER OF TABULATION IN ORDER OF
 SENIORITY OF ALL DECREED WATER RIGHTS
 AND CONDITIONAL WATER RIGHTS IN THE
 DRAINAGE BASIN OF THE CONEJOS RIVER
 LOCATED IN FORMER WATER DISTRICT NO.
 22 AND IN WATER DIVISION NO. 3.

REVISED PRIORITY LIST

Notice is hereby given that pursuant to Section 148-21-28, C.R.S. 1963, as amended, the Division Engineer of Water Division No. 3 has made such revisions as he deems proper to the July 10, 1974 tabulation of absolute and conditional decreed water rights, including omission or modification of water rights which he has determined to have been abandoned in whole or in part.

The revised tabulation does not include water rights decreed under the provisions of Section 148-21-20, C.R.S. 1963, as amended, and may not include certain water rights in those proceedings under Section 148-21-44, C.R.S. 1963, as amended.

The Division Engineer has made separate Revised Priority Lists so that only those water rights which take or will take water from the same source and are in a position to affect one another will be on the same list.

The Revised Priority List will be available after October 10 in the offices of each Division Engineer, Water Commissioner and County Clerk and Recorder for inspection at any time during regular office hours. The Division Engineer will furnish or mail a copy of a Revised Priority List to anyone requesting the list upon payment of a fee of Five Dollars (\$5.00).

Any person who wishes to protest the manner in which a water right or conditional water right is listed in the tabulation, including any revisions, or the omission of a water right or conditional water right from such tabulation shall file a written protest with the water clerk and with the division engineer not later than November 30. Such protest shall set forth in detail the facts and legal basis therefor. Service of a copy of the protest or any other document is not necessary for jurisdictional purposes, but the water judge may order service of a copy of the protest or any other document on any person and in any manner which he may deem appropriate. The fee for filing such protest with the water clerk shall be Twenty Dollars (\$20.00).

REVISED PRIORITY LIST

Notice is hereby given that pursuant to Section 148-21-28, C.R.S. 1963, as amended, the Division Engineer of Water Division No. 3 has made such revisions as he deems proper to the July 10, 1974 tabulation of absolute and conditional decreed water rights, including omission or modification of water rights which he has determined to have been abandoned in whole or in part.

The revised tabulation does not include water rights decreed under the provisions of Section 148-21-20, C.R.S. 1963, as amended, and may not include certain water rights in those proceedings under Section 148-21-44, C.R.S. 1963, as amended.

The Division Engineer has made separate Revised Priority Lists so that only those water rights which take or will take water from the same source and are in a position to affect one another will be on the same list.

The Revised Priority List will be available after October 10 in the offices of each Division Engineer, Water Commissioner and County Clerk and Recorder for inspection at any time during regular office hours. The Division Engineer will furnish or mail a copy of a Revised Priority List to anyone requesting the list upon payment of a fee of Five Dollars (\$5.00).

Any person who wishes to protest the manner in which a water right or conditional water right is listed in the tabulation, including any revisions, or the omission of a water right or conditional water right from such tabulation shall file a written protest with the water clerk and with the division engineer not later than November 30. Such protest shall set forth in detail the facts and legal basis therefor. Service of a copy of the protest or any other document is not necessary for jurisdictional purposes, but the water judge may order service of a copy of the protest or any other document on any person and in any manner which he may deem appropriate. The fee for filing such protest with the water clerk shall be Twenty Dollars (\$20.00).

IN THE MATTER OF TABULATION IN ORDER OF
SENIORITY OF ALL DECREEED WATER RIGHTS
AND CONDITIONAL WATER RIGHTS IN THE
DRAINAGE BASIN OF THE SAN LUIS CREEK
LOCATED IN FORMER WATER DISTRICT NO.
25 AND IN WATER DIVISION NO. 3.

REVISED PRIORITY LIST

Notice is hereby given that pursuant to Section 148-21-28, C.R.S. 1963, as amended, the Division Engineer of Water Division No. 3 has made such revisions as he deems proper to the July 10, 1974 tabulation of absolute and conditional decreed water rights, including omission or modification of water rights which he has determined to have been abandoned in whole or in part.

The revised tabulation does not include water rights decreed under the provisions of Section 148-21-20, C.R.S. 1963, as amended, and may not include certain water rights in those proceedings under Section 148-21-44, C.R.S. 1963, as amended.

The Division Engineer has made separate Revised Priority Lists so that only those water rights which take or will take water from the same source and are in a position to affect one another will be on the same list.

The Revised Priority List will be available after October 10 in the offices of each Division Engineer, Water Commissioner and County Clerk and Recorder for inspection at any time during regular office hours. The Division Engineer will furnish or mail a copy of a Revised Priority List to anyone requesting the list upon payment of a fee of Five Dollars (\$5.00).

Any person who wishes to protest the manner in which a water right or conditional water right is listed in the tabulation, including any revisions, or the omission of a water right or conditional water right from such tabulation shall file a written protest with the water clerk and with the division engineer not later than November 30. Such protest shall set forth in detail the facts and legal basis therefor. Service of a copy of the protest or any other document is not necessary for jurisdictional purposes, but the water judge may order service of a copy of the protest or any other document on any person and in any manner which he may deem appropriate. The fee for filing such protest with the water clerk shall be Twenty Dollars (\$20.00).

IN THE MATTER OF TABULATION IN ORDER OF
SENIORITY OF ALL DECREED WATER RIGHTS
AND CONDITIONAL WATER RIGHTS IN THE
DRAINAGE BASIN OF THE SAGUACHE CREEK
LOCATED IN FORMER DISTRICT NO. 26 AND
IN WATER DIVISION NO. 3.

REVISED PRIORITY LIST

Notice is hereby given that pursuant to Section 148-21-28, C.R.S. 1963, as amended, the Division Engineer of Water Division No. 3 has made such revisions as he deems proper to the July 10, 1974 tabulation of absolute and conditional decreed water rights, including omission or modification of water rights which he has determined to have been abandoned in whole or in part.

The revised tabulation does not include water rights decreed under the provisions of Section 148-21-20, C.R.S. 1963, as amended, and may not include certain water rights in those proceedings under Section 148-21-44, C.R.S. 1963, as amended.

The Division Engineer has made separate Revised Priority Lists so that only those water rights which take or will take water from the same source and are in a position to affect one another will be on the same list.

The Revised Priority List will be available after October 10 in the offices of each Division Engineer, Water Commissioner and County Clerk and Recorder for inspection at any time during regular office hours. The Division Engineer will furnish or mail a copy of a Revised Priority List to anyone requesting the list upon payment of a fee of Five Dollars (\$5.00).

Any person who wishes to protest the manner in which a water right or conditional water right is listed in the tabulation, including any revisions, or the omission of a water right or conditional water right from such tabulation shall file a written protest with the water clerk and with the division engineer not later than November 30. Such protest shall set forth in detail the facts and legal basis therefor. Service of a copy of the protest or any other document is not necessary for jurisdictional purposes, but the water judge may order service of a copy of the protest or any other document on any person and in any manner which he may deem appropriate. The fee for filing such protest with the water clerk shall be Twenty Dollars (\$20.00).

IN THE MATTER OF TABULATION IN ORDER OF
 SENIORITY OF ALL DECREED WATER RIGHTS
 AND CONDITIONAL WATER RIGHTS IN THE
 DRAINAGE BASIN OF THE TUTTLE, CARNERO,
 LA GARITA, AND ALL OTHER CREEKS AND
 THEIR TRIBUTARIES WITH SOURCE IN THE
 LA GARITA MOUNTAINS THAT FLOW EASTWARD
 INTO THE SAN LUIS VALLEY LOCATED IN
 FORMER WATER DISTRICT NO. 27 AND IN
 WATER DIVISION NO. 3.

REVISED PRIORITY LIST

Notice is hereby given that pursuant to Section 148-21-28, C.R.S. 1963, as amended, the Division Engineer of Water Division No. 3 has made such revisions as he deems proper to the July 10, 1974 tabulation of absolute and conditional decreed water rights, including omission or modification of water rights which he has determined to have been abandoned in whole or in part.

The revised tabulation does not include water rights decreed under the provisions of Section 148-21-20, C.R.S. 1963, as amended, and may not include certain water rights in those proceedings under Section 148-21-44, C.R.S. 1963, as amended.

The Division Engineer has made separate Revised Priority Lists so that only those water rights which take or will take water from the same source and are in a position to affect one another will be on the same list.

The Revised Priority List will be available after October 10 in the offices of each Division Engineer, Water Commissioner and County Clerk and Recorder for inspection at any time during regular office hours. The Division Engineer will furnish or mail a copy of a Revised Priority List to anyone requesting the list upon payment of a fee of Five Dollars (\$5.00).

Any person who wishes to protest the manner in which a water right or conditional water right is listed in the tabulation, including any revisions, or the omission of a water right or conditional water right from such tabulation shall file a written protest with the water clerk and with the division engineer not later than November 30. Such protest shall set forth in detail the facts and legal basis therefor. Service of a copy of the protest or any other document is not necessary for jurisdictional purposes, but the water judge may order service of a copy of the protest or any other document on any person and in any manner which he may deem appropriate. The fee for filing such protest with the water clerk shall be Twenty Dollars (\$20.00).

REVISED PRIORITY LIST

Notice is hereby given that pursuant to Section 148-21-28, C.R.S. 1963, as amended, the Division Engineer of Water Division No. 3 has made such revisions as he deems proper to the July 10, 1974 tabulation of absolute and conditional decreed water rights, including omission or modification of water rights which he has determined to have been abandoned in whole or in part.

The revised tabulation does not include water rights decreed under the provisions of Section 148-21-20, C.R.S. 1963, as amended, and may not include certain water rights in those proceedings under Section 148-21-44, C.R.S. 1963, as amended.

The Division Engineer has made separate Revised Priority Lists so that only those water rights which take or will take water from the same source and are in a position to affect one another will be on the same list.

The Revised Priority List will be available after October 10 in the offices of each Division Engineer, Water Commissioner and County Clerk and Recorder for inspection at any time during regular office hours. The Division Engineer will furnish or mail a copy of a Revised Priority List to anyone requesting the list upon payment of a fee of Five Dollars (\$5.00).

Any person who wishes to protest the manner in which a water right or conditional water right is listed in the tabulation, including any revisions, or the omission of a water right or conditional water right from such tabulation shall file a written protest with the water clerk and with the division engineer not later than November 30. Such protest shall set forth in detail the facts and legal basis therefor. Service of a copy of the protest or any other document is not necessary for jurisdictional purposes, but the water judge may order service of a copy of the protest or any other document on any person and in any manner which he may deem appropriate. The fee for filing such protest with the water clerk shall be Twenty Dollars (\$20.00).
