REVISED PRIORITY LIST

The Division Engineer of Water Division No. 5 has made such revisions as he deems proper to the tabulation of decreed and conditional water rights which was made during the year of 1970 and subsequently revised in 1973, including omission or modification of water rights which he has determined to have been abandoned in whole or in part. The revised tabulation for each Water Division which consists of the various Revised Priority Lists, is available in the offices of each Division Engineer, Water Commissioner and County Clerk and Recorder for inspection at any time during regular office hours. The Division Engineer will furnish or mail a copy of a Revised Priority List to anyone requesting the list upon payment of a fee of Five Dollars (\$5.00).

Not later than September 10, any person who wishes to object to the manner in which a water right or conditional water right is listed in the tabulation, or to the omission or modification of a water right or conditional water right from such tabulation shall file a statement of objection in writing with the Division Engineer. A fee of Ten Dollars (\$10.00) shall be paid with such filing except that no fee shall be required to correct any clerical error. The statute provides for revision of the tabulation as required, opportunity for protest of such revision, hearings, and judgement and decree, pursuant to Section 148-21-28, C.R.S. 1963, as amended.
