

CONCERNING THE ABANDONMENT LIST OF)  
WATER RIGHTS AND CONDITIONAL WATER)  
RIGHTS IN WATER DIVISION 4 )

ABANDONMENT LIST

Notice is hereby given that pursuant to Section 37-92-402, C.R.S. (1973 & 1983 supp.) the Division Engineer of Water Division No. 4, in consultation with the State Engineer, has made such revisions as determined to be necessary or advisable to the July 1, 1978, abandonment list. The abandonment list contains those water rights or conditional water rights that the Division Engineer has determined to have been abandoned in whole or in part. The abandonment list when concluded by judgment and decree, shall be conclusive as to water rights determined to have been abandoned.

The July 1, 1978 abandonment list for Water Division No. 4 contained no water rights or conditional water rights that the Division Engineer determined to have been abandoned, in whole or in part. Accordingly, no abandonment list was either printed or published in 1978. The revisions to the 1978 abandonment list have resulted in a determination that certain absolute and conditional water rights have been abandoned, in whole or in part.

The list of absolute and conditional water rights determined to have been abandoned, in whole or in part, may be inspected after July 1, 1984, in the offices of the Division Engineer, each Water Commissioner and each County Clerk and Recorder at any time during regular office hours. The Division Engineer will furnish or mail a copy of the Water Division abandonment list to any requesting the same upon payment of a fee of five dollars (\$5).

Any person who wishes to protest the inclusion of any water rights on the abandonment list and any revisions thereto shall file a written protest with the Water Clerk and the Division Engineer in accordance with the procedures of Section 37-92-401(5), C.R.S. (1983 supp.) except that such protest must be filed with the Water Clerk no later than December 31, 1984. The fee for filing such a protest with the Water Clerk shall be twenty dollars (20).

Dated this 1st day of July 1984.

Ralph V. Kelling, Division Engineer  
Jeris A. Danielson, State Engineer
