## About the Report

The Fiscal Year (FY) 2014-15 State of Colorado Workforce Report is issued by the Department of Personnel \& Administration, Division of Human Resources.

The report highlights workforce data from the State Personnel System, including demographics, new hire, compensation and benefits data from July 1, 2014 to June 30, 2015. State of Colorado classified employees, who include most non-appointed employees serving in executive branch agencies are the focus of this report.

Unless otherwise noted, data in this report represents classified, permanent, full-time or part-time employees, and excludes non-classified and temporary employees.

## Workforce Overview

The State of Colorado government is comprised of three branches: the executive branch (headed by the governor), the legislative branch (which consists of the Colorado General Assembly) and the judicial branch (which consists of the Colorado Supreme Court and lower courts).

## Classified and Non-Classified System

The State Personnel System is established by the Colorado Constitution (CO Const. art. XII, §13) as the civil service system for State classified employees. The State of Colorado's classified workforce is comprised primarily of the executive branch full-time and part-time, permanent employees.

Certain positions, pursuant to Colorado exemption statute (C.R.S. 24-50-135) are exempt from the rules, procedures and regulations that govern the State Personnel System and are non-classified employees. Institutions of higher education are part of the executive branch, however, most higher education employees are exempt from the classified system. The legislative branch (with the exception of the State Auditor's Office) and judicial branch are also exempt from the classified system.

Figure 1. FY 2014-15 Workforce Classified and Non-Classified Employees

As of June 30, 2015 the State employed 95,150 employees. This includes both classified and non-classified, general government and higher education, permanent, temporary, part-time and fulltime employees.

Classified Employees
Part of the State Personnel System

What it means:
Classified employees have retention rights and must adhere to the policies and procedures established specifically for the State Personnel System in the State's constitution, statutes and personnel rules.

Who it applies to:

- Executive Branch Departments
- Full-time employees
- Part-time employees

## Non-Classified

Exempt from the State Personnel Svstem

## What it means:

Exempt or non-classified positions are exempted from the rules, procedures and regulations that govern the State Personnel System.

Who it applies to:

- Most higher education employees
- Amendment S positions
- Senior Executive Service positions
- Judicial employees
- Legislative employees
- Temporary employees

## Regional Distribution

Headquarters or primary locations for most of the State's executive departments are located in the Denver metro region. More than 13,750 employees work in the metro area. This represents $43.8 \%$ of the State's workforce. More than 17,400 employees work in Colorado's other regions. The northwest region is home to $19.6 \%$ of the State's workforce. The southern part of the state is home to a collective $28.5 \%$ of the workforce.

## Health Plan Membership

The State of Colorado Group Employee Medical Plan offers copayment and high deductible health plan (HDHP) medical insurance options through UnitedHealthcare and Kaiser Permanente. Each plan has maintained consistent enrollment numbers over the last three fiscal years. The copayment plans continue to be the most popular plan designs. Of the two high deductible health plans (HDHP), UHC has more participation.

Figure 12. Health Plan Membership Trend FY 2012-13 to FY 2014-15

The Kaiser Health Maintenance Organization (HMO) copayment plan is the most popular plan at the State of Colorado with 12,565 members. The Kaiser HDHP has the fewest members of all four plan designs with 1,804 members, up 7\% from FY 2013-14.

The UHC Copay Plus Plan has 9,966 members in FY 2014-15, up 5.3\% from FY 2013-14, and is the most popular UHC plan. The UHC HDHP plan decreased membership by $2.2 \%$ to 5,570 employees compared to FY 2013-14.

## Assumptions

## FY 2014-15 Workforce Report General Assumptions

1. Multiple Records: For any employees with multiple records in a given month, we selected the last record in the table for that employee for that given month. The one exception is for determining Full-Time/Part-Time status. For this, we calculated the sum of FTE (Full-Time Equivalent) for all records for a SSN for each month.
2. Employee Criteria: The tables are based on Permanent, Classified employees. The one exception is Table 14, which includes all Classified employees (both Permanent and Temporary).
3. Salary: The Salary amounts used in this analysis are unadjusted for FTE.
4. Table Types: Most demographic tables are based on June 2015. For tables involving average employee counts, the entire fiscal year was used. Each table has a note indicating the time period of the data upon which the table is based.
5. Community College Data Files: Two months of data files for the Community Colleges were unavailable. Tables based on the entire fiscal year use 10 months of data for Community College employees.
6. Repeated Data: The data used for nine institutions of higher education is not completely updated on a regular basis, if at all. These institutions are: Adams State University, Arapahoe Community College, Auraria Higher Education Center, Colorado Mesa University, Colorado School of Mines, Colorado State UniversityPueblo, Fort Lewis College, Metropolitan State University and Trinidad State Junior College.

## Workforce

For this report, the definition of an employee in the State Personnel System satisfies the following criteria:

- Classified within the State's Personnel System;
- Permanent full-time or part-time employee;
- Excludes higher education faculty and administrators; and
- Excludes temporary employees.

Due to the various types of metrics presented in this report, different definitions have been used to provide the necessary data. In some instances, the Department used a count of employees at a given point in time (June $30,2015)$, and in other instances, the Department used the average count or enrollment to provide the necessary data. Each table will indicate the methodology utilized. A position is an individual distinct set of duties or assignments. A full-time employee is the budgetary equivalent of one permanent position working 2,080 hours per fiscal year. Employees are the actual people holding a position and working in the personnel system.

The Colorado fiscal year runs from July 1 through June 30. FY 2014-15 data in this report are based on a CPPS extract of the State's workforce data for all months during the year (July 1, 2014 through June 30, 2015), with additional data provided by the University of Colorado, Colorado State University and the Colorado Community College System.

Average is the arithmetic mean, the value of all the entries in a set of data divided by the number of entries. Median is the middle value in a set of data, an equal number of values above it and below it. Due to rounding, percent totals may not always equal 100\%.

## Turnover

Definition of turnover for employees in the State Personnel System:

- Employee-initiated separations from state employment (voluntary);
- Employer-initiated separations from state employment (involuntary);
- Layoffs;
- Retirements; and
- Deaths.

For purposes of turnover in this report, "Layoffs" and "Deaths" were combined into the involuntary turnover category. Turnover data excludes employees who transfer from one department to another because they are still considered employees of the State Personnel System.

## Benefits

Benefits information is gathered and summarized by higher education and general government and derived from an internal report generated by the Department's Employee Benefits Unit.

Only permanent employees are eligible for benefits; temporary employees are not eligible for benefits.
Note that benefits information includes non-classified employees who are not in higher education, specifically judicial and legislative employees, and executive directors.

This report was prepared by the Department of Personnel \& Administration. This report is intended to be for informational purposes only and does not represent an opinion from the Department. Current trends have been highlighted as an illustration of workforce issues in the respective fiscal year.
