The Honorable Terrance Carroll
Speaker of the House
Colorado General Assembly

The Honorable Brandon Shaffer
President of the Senate
Colorado General Assembly

Dear Sirs,

In accordance with CRS 24-75-212, we submit the Report of Federal Assistance for all state agencies for the fiscal year ended June 30, 2010.

The Fiscal Year 2010 federal expenditures are up from the Fiscal Year 2009 expenditures by approximately \$2.9 billion. This amount is primarily related to an increase in Unclustered Programs in the amount of \$1.3 billion (primarily comprising Unemployment Insurance, offset by programs now included in separate clusters); a \$347 million increase in Medicaid; a \$304 million increase in the ARRA-related State Fiscal Stabilization Funds; a \$222 million increase in the Supplemental Nutrition Assistance Program; a \$117 million increase in Highway Planning and Construction (of which a majority is from ARRA funds), and a \$326 million increase in Student Financial Aid. In a new requirement, the federal government requires inclusion of Perkins Loan balances that do not represent current inflows or outflows; amounts are not available at this time for all state agencies, but those that are included increased expenditures by \$30 million. The residual increase comprises a large number of smaller increases.

The attached schedule was compiled from information provided by state agencies and has not been audited or verified by our office. However, the State Auditor will audit the data supporting the schedule as part of the Statewide Single Audit, and any audit adjustments will be incorporated in the final Schedule of Expenditures of Federal Awards (SEFA) printed in the Auditor's Single Audit Report.

In order for this report to match the required SEFA presentation, the \$2.5 billion shown for Unemployment Insurance in Department of Labor and Employment includes \$1.5 billion of federal support and \$985 million of state match. Included in the federal portion is \$1.4 billion of ARRA related funds.

If you have any questions concerning this report please contact Karoline Clark at 303.866.3811.

Sincerely,

David J. McDermott, CPA
Colorado State Controller

STATE OF COLORADO
FEDERAL ASSISTANCE REPORTED BY STATE AGENCIES
FOR THE FISCAL YEAR ENDING JUNE 30, 2010

Note 1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the State of Colorado agencies and institutions of higher education. The information in this schedule is presented in accordance with the requirements of the Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Under A-133, an award is considered expended when certain events related to the award occur. These include:

- Expenditure/expense transactions associated with grants, cost reimbursement contracts, cooperative agreements, and direct appropriations. The State of Colorado recognizes expenditures/expenses on the modified accrual or full accrual basis depending on the fund used. See note 5 of the Basic Financial Statements for additional information.
- Disbursement of amounts entitling the state to an interest subsidy
- Use of loan proceeds under loan and loan guarantee programs
- Distribution or consumption of food commodities
- Receipt of property or surplus property
- Disbursement of funds to subrecipients
- The period when insurance is in force
- Receipt or use of program income

As a result of these criteria, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic financial statements.

Note 2. Report Organization - Federal Assistance Reported by State Agencies

The Report is organized first by cash assistance and then by noncash assistance. Within these subgroups, the information is sorted by agency indicator.

Note 3. Other Assistance

Most noncash assistance is reported on the final two pages of the Federal Assistance Reported by State Agencies. The following provides additional information about amounts shown in the report that federal agencies consider to be assistance.

- A. The State Department of Labor and Employment expended \$2,474,930,915 for grant 17.225 - Unemployment Insurance and 17.Unknown for Federal Employee Compensation Act (FECA) Reimbursable, Federal Extended Benefits, Temporary Extended Unemployment Compensation (TEUC) Benefit Payments and Emergency Unemployment Compensation 2008 (EUC08) Benefit Payments. The total expenditure amount includes the federal portion of the grants and the required state match in the amounts of \$1,468,301,056 and \$985,192,347, respectively. Included in the federal portion are American Recovery and Reinvestment Act (ARRA) funds in the amount of \$1,363,119,460.
- B. The State Department of Higher Education expended \$486,271,526 for grant 84.032 - Federal Family Education Loans. Of this amount, \$393,157,299 has been or will be received from the federal government related to incentive fees and reinsurance costs of student loan defaults paid to lenders. The remaining amount is made up of new loan issuances of which \$64,223,744 was guaranteed by College Assist, and \$28,890,483 was guaranteed by other entities. The outstanding balance of the Federal Family Education Loan program since its inception was \$12,411,918,085 as of June 30, 2010.
- C. The State Department of Human Services expended \$663,961,212 for grant 10.551 Supplemental Nutrition Assistance Program (SNAP). The reported expenditures for benefits under the Supplemental Nutrition Assistance Program are supported by both regularly appropriated funds and incremental funding made available under section 101 of the American Recovery and Reinvestment Act of 2009. The portion of total expenditures for SNAP benefits that is supported by Recovery Act funds varies according to fluctuations in the cost of the Thrifty Food Plan, and to changes in participating households' income, deductions, and assets. This condition prevents USDA from

obtaining the regular and Recovery Act components of SNAP benefits expenditures through normal program reporting processes. As an alternative, USDA has computed a weighted average percentage to be applied to the national aggregate SNAP benefits provided to households in order to allocate an appropriate portion thereof to Recovery Act funds. This methodology generates valid results at the national aggregate level but not at the individual State level. Therefore, we cannot validly disaggregate the regular and Recovery Act components of our reported expenditures for SNAP benefits. At the national aggregate level, however, Recovery Act funds account for approximately 15 percent of USDA's total expenditures for SNAP benefits in the Federal fiscal year ended September 30, 2009

Note 4. Subrecipients

All amounts passed-through to subrecipients are identified in the Report under the column titled Passed to Subrecipients.
