Re: Department of Public Safety's report pursuant to Section 24-76.5-103(9), C.R.S.
(HB 06S-1023)

Dear Senator Tapia and Representative Weissmann:

Please accept this letter, with attachments, as the Department of Public Safety's report required by Section 24-76.5-103(9), C.R.S., for fiscal years 2007 and 2008.

Referenced below for each division of the Colorado Department of Public Safety are the duties and responsibilities relative to HB 06S-1023:

1. Colorado State Patrol: Based upon a review of the general operations of and services provided by the State Patrol, there are no "federal, state or local public benefits" provided that would fall under the provisions of Section 24-76.5-102, 103, C.R.S. The Patrol's Immigration Enforcement Unit has regular contact with aliens (include persons who are not lawfully present in the United States). Those law enforcement contacts by the members of the State Patrol are done under the provisions of the 287(g) agreement with the United States Immigration and Customs Enforcement (I.C.E).

2. Colorado Bureau of Investigation (CBI): The Colorado Bureau of Investigation does not provide "federal, state or local public benefits". Hence, no verification for lawful presence is required based upon the services provided by and the programs administered through the Colorado Bureau of Investigation.

Division of

Office of Preparedness,
Security, and Fire Safety

3. Office of Preparedness and Security: The Office of Preparedness and Security provides no "federal, state or local public benefits." Therefore, there is not any "verification of lawful presence" data to report.

4. Division of Criminal Justice: The Division of Criminal Justice is responsible for the distribution of funds to a number of local, state and private entities through contracts and grants. Each grant award contains language requiring the recipient to verify, under penalty of perjury, that the recipient is lawfully present in the United States. (A sample contract page is included as Attachment "A".)

The Division also distributes funding to community corrections providers throughout the state. Verification of lawful presence is a prerequisite for the recipient to receive funding.

Some direct services funds (to crime victims or law enforcement agencies) are distributed through the Division of Criminal Justice. These monies are either exempted under Section 24-76.5-103(3), C.R.S., or do not fall with the definition of "public benefit".

5. Division of Fire Safety: The Division of Fire Safety administers two programs, Fire Suppression and Fireworks, that provide a state public benefit in the form of a license or certification. Attachment "B" details the data for each of these two programs, for fiscal year 2007 and for fiscal year 2008.

If you have additional questions or desire supplemental information, please do not hesitate to contact me.

Sincerely,

Peter A. Weir
Executive Director
