Program Update

- Disaster Case Management (DCM)
 - On Thursday, April 23, 2015, the Disaster Case Management Program (DCMP) held a state-wide training session. The day-long event was hosted by Catholic Charities at its Denver headquarters and was attended by the full DCM team and staff from the Boulder, Larimer, Weld and balance of state DCM offices. As a part of the program, Mitigation Specialist Scott Baldwin presented an overview of the Hazard Mitigation Grant Program (HMGP) acquisition process and both Baldwin and Mitigation and Recovery Manager Marilyn Gally participated in a wide-ranging question and answer session. The agenda also included a CDBG-DR update and question and session with Alison O'Kelly of DOLA, and a presentation on FEMA's 8 Step Review Process by Senior Environmental Specialist Portia Ross. Jonathan Gunderson of CDPHE provided the group with follow-up tips, exercises and online resources related to

his January presentation on Resiliency. Janet Strickland of Catholic Charities (formerly of FEMA) discussed the process of closing out or transitioning difficult cases. Robyn Knappe closed out the session with a discussion of the possible extension of the DCMP grant to December 2015 and a tentative scheduling of the next state-wide training for June 18, 2015.

Program Update

The State is currently working four disasters that involve HMGP funding: DR-4067, DR-4133, DR-4134 and DR-4145

- A total of ninety-eight HMGP applications have been submitted to FEMA for formal review. FEMA is working on reviewing the applications and providing the State with a FEMA request for information (RFI). The State is then forwarding the FEMA RFI to the sub-applicant and assisting them with questions and helping guide them through the RFI process. A breakdown of projects by disaster is shown below:

Disaster	Number of Projects
4067	4
4133	2
4134	7
4145	85
Total Projects	98

- FEMA RFI response is mandatory.** If a FEMA RFI is generated, it will be communicated to the sub-applicant via DHSEM email. Sub-applicants are highly advised to provide their FEMA RFI response to the State within twenty calendar days of receipt. This will allow for State review and comment prior to FEMA submission. Failure to provide responses to the State within the twenty-day period will result in responses being sent to FEMA without review. Response to a FEMA RFI within thirty days is mandatory. Failure to respond to a FEMA RFI within the thirty-day deadline will result in project removal from the HMGP. Projects can only be reinstated in the HMGP through an extended appeal process.
- The graph below is for Disaster 4145 only. The State RFI process has been completed for all other open disasters.

- Weekly HMGP acquisition conference calls will continue to be hosted every Thursday (April 30, 2015 is next call) at 1 p.m. This call presents the sub-grantee a great opportunity to ask questions and gain a better understanding of the acquisition process.
- Bi-weekly 5% & Generator conference calls will continue to be hosted every other Tuesday (May 5, 2015 is next call) at 10 a.m. Sub-applicants are encouraged to attend to learn more about project specific information and the State Grant Agreement process.
- A total of 39 projects have been awarded for HMGP DR-4145 with a combined sum of \$3,205,766 of federal funds to date.

Matt Carrera, Mitigation & Recovery Disaster Specialist

- The Mitigation Section is excited to welcome Matt Carrera who has joined the team as a Mitigation & Recovery Disaster Specialist. Carrera has been involved with emergency management since 1999 which includes Emergency and Rapid Response Service section of the USEPA and fourteen years as a Firefighter/Training Chief. He has an undergraduate degree in Public Administration from Regis University and holds professional certifications through the Division of Fire Prevention and Control, USEPA, and FEMA. Carrera previously worked for the South Adams County Fire Protection District before joining the DHSEM in 2015.

Program Update

- El Paso County Hazard Mitigation Plan (HMP) Update submitted to FEMA for review on April 24, 2015.
- Three HMPs currently under FEMA review (Fremont, Boulder, El Paso).
- Arapahoe County HMP Update FEMA required revisions conference call with locals, contractor, DHSEM/MARS-Durango, and FEMA scheduled for May 4, 2015.
- Northeast Region HMP Update FEMA required revisions nearly complete by locals and contractor.
- Three county HMPs in planning process (Douglas, Costilla, Montezuma); Montezuma County HMP kickoff meeting held April 22, 2015 in Cortez. Costilla County Comprehensive/HMP Update project nearing completion (tentatively May 2015).
- Four local HMPs remain in Approvable Pending Adoption (APA) status (Grand = 7 of 14 adoptions received to date; Teller = 0 of 4 adoptions received to date; Park = 0 of 6 adoptions received to date; Mesa = 0 of 11 adoptions received to date).
- Hazard Mitigation Grant Program (HMGP) planning grant contracts (13) are being processed and executed as received by the State. Local Request for Proposals (RFPs) for these plans are being distributed; additional HMPs will begin process as contractors are selected.
- Provided technical assistance as requested from various HMGP Planning Grant and other local mitigation planning jurisdictions, and coordinated with FEMA, DHSEM, and DOLA staff regarding same.
