## **2006 ANNUAL LOCAL VALE REPORT (January 1 – December 31, 2006)**

In 1984, the General Assembly approved legislation to establish the Assistance to Victims of and Witnesses to Crimes and Aid to Law Enforcement Act (VALE). As currently enacted, the Act mandates a surcharge on fines imposed for felonies, misdemeanors, juvenile offenses, class 1 and 2 traffic offenses, and certain traffic infractions. A flat fee, rather than a surcharge, is collected on cases where fines are not imposed. The funds collected are used for grants to agencies that provide services to crime victims within the local judicial district in which the monies are collected. The Act has been amended several times since its original passage in 1984.

In 2003, the Colorado Legislature passed Senate Bill 271 (SB 03-271), which increased the surcharge that may be imposed for individuals convicted of felony, misdemeanor, and traffic offenses. The surcharge for the following class of criminal convictions was increased as follows: felony convictions rose from \$125.00 to \$162.50, misdemeanor convictions rose from \$60.00 to \$78.00, class 1 misdemeanor traffic offenses rose from \$35.00 to \$45.50, and class 2 misdemeanor traffic offenses rose from \$25.00 to \$32.50. The portion of the surcharge attributable to the increase enacted in 2003 was deposited into the General Fund.

Section 24-4.2-108 of the VALE statute mandates that each of the local VALE boards shall submit to the Division of Criminal Justice an annual report detailing: the amount of funds granted to agencies; the number of agencies applying for funds; and the projects and services for which grants were awarded. This is the twentieth year that such a summary has been completed by the Division of Criminal Justice.

The graphs and summarizing data in this report provide an overview of the types of grants that were awarded by local VALE boards. The report also breaks down the percentage of funds supporting each victim service and law enforcement category. A detailed chart of each judicial district's awards is also included in the report.

### **LOCAL VALE BOARDS**

The Act provides for a five-member board (appointed by the Chief Judge) in each judicial district. Each local board accepts applications and makes decisions regarding the use of VALE funds in that judicial district.

### **FUNDING SOURCE**

Of the total fees collected by each local VALE program, a maximum of 10% may be used in each district for costs related to the administration of the Act and for preparation of victim impact statements. After allocation of administrative expenses, 13% of remaining collections are deposited with the State Treasurer for state administrative expenses and for the State VALE competitive grant application process.

### **GRANT AWARDS**

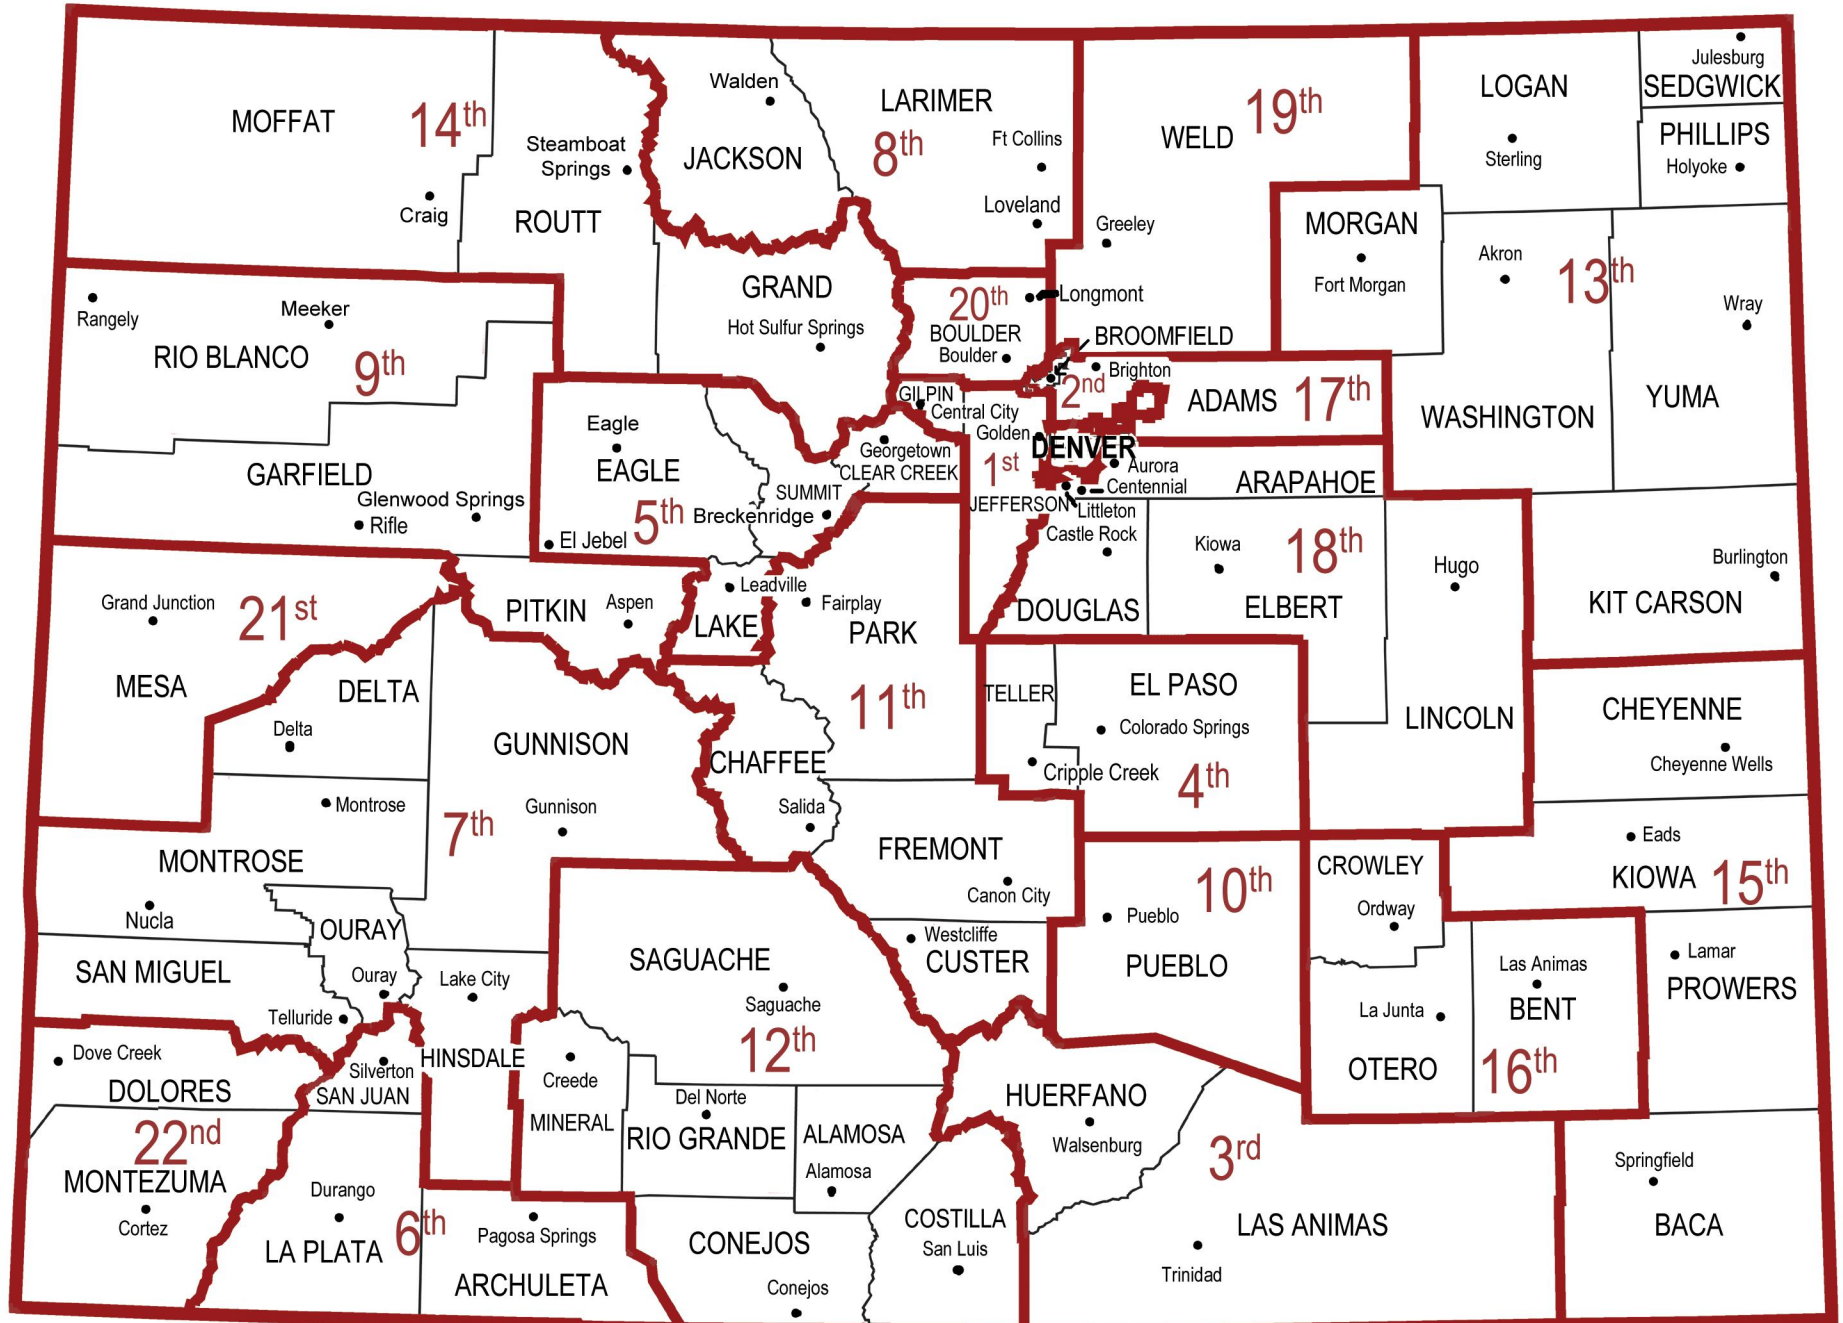

During 2006, 347 grants and 505 scholarships were approved by local Victim Assistance and Law Enforcement boards. These grant awards and training scholarships totaled \$9,333,377.

Since 1986, 12,100 grants and scholarships totaling \$122,934,809 have been approved for funding by local VALE boards.

## **PRIORITY FUNDING AREAS**

There are two areas of equal priority for VALE funding. One priority established funding for programs that implement the Victim Rights Act (CRS 24-4.1-302.5; 24-4.1-303; and 24-4.1-304). The other priority is funding for victim and witness services which are listed in the CRS 24-4.2-105(4). These include, but are not limited to, crisis intervention services, referrals of victims to appropriate community services and victim compensation programs, translator services, and counseling.

## SECTION III

### Financial Report on the VALE Fund by Judicial District

Table 8: Collections, Administrative Expenses, Allocations to State, Other Revenue, and Funds for Grant Program

The Judicial District financial report that follows is a snapshot of a single year of revenue to the VALE fund, with the statutory allocations for administrative funds and the state treasury included. The State Court Administrator's Office supplies revenue information.

The financial report has additional limitations that should be acknowledged in the review of the information. The report does not fully describe the status of the VALE fund in each district; it does not record fund balances, actual expenditures of administrative funds, or any refunds to the fund (e.g. a grant award that is not fully expended).

Despite these limitations, the financial report offers a statewide look at collections to the VALE fund during the period of a single year that may be useful to VALE Boards- and Administrators.

Table 9: Historical Look at VALE Collections

Due to the increasing demand on VALE funds, we have included a table that reflects the amount of VALE dollars collected in each Judicial District since 1999. This table clearly illustrates that collections have increased over the last three years.

## A Historical Look at VALE Fund Collections

Table 9

The revenue figures include Court Fines and Surcharges, Model Traffic Code, monies from the Department of Revenue, the Department of Wildlife, Community Corrections Escapees, and Interest. The revenue figures do **NOT** include unclaimed restitution and donations, nor do they reflect monies disbursed to the D.A.'s Administrative Fund, The State Treasurer, or to grantees. These figures are compiled from information submitted by the State Court Administrator to the Division of Criminal Justice.

## SECTION IV

### Individual Projects, Services, Training and Conferences Awarded by Judicial District

The following is a list of all grants, services, training and conferences awarded in each Judicial District. Funding is assigned to one of a series of categories to easily describe how grant funds are being allocated.

Each Judicial District VALE Board allocates grant funds in a manner which best meets the identified needs of the community and statutory requirements.

For each Judicial District, grant awards are listed before scholarships and trainings. For consistency, whenever possible, DCJ has recorded award amounts rather than final expenditures that may be slightly less in some cases.
