2009 ANNUAL LOCAL VALE REPORT (January 1 – December 31, 2009)

In 1984, the General Assembly approved legislation to establish the Assistance to Victims of and Witnesses to Crimes and Aid to Law Enforcement Act (VALE). As currently enacted, the Act mandates a surcharge on fines imposed for felonies, misdemeanors, juvenile offenses, class 1 and 2 traffic offenses, and certain traffic infractions. A flat fee, rather than a surcharge, is collected on cases where fines are not imposed. The funds collected are used for grants to agencies that provide services to crime victims within the local judicial district in which the monies are collected. The Act has been amended several times since its original passage in 1984. The surcharges that may be imposed are as follows: felony convictions \$163.00, misdemeanor convictions \$78.00, class 1 misdemeanor traffic offenses \$46.00, class 2 misdemeanor traffic offenses \$33.00, and class A and B traffic offenses as outlined in C.R.S. § 24-4.1-119(1)(f).

C.R.S. 24-4.2-108 mandates that each of the local VALE boards submit to the Division of Criminal Justice an annual report detailing: 1) the amount of funds granted to agencies; 2) the number and type of agencies applying for grant funds; and, 3) the projects and services for which grants were awarded. This is the twenty-third year that such a summary has been completed by the Division of Criminal Justice.

The graphs and summarizing data in this report provide an overview of the types of grants that were awarded by local VALE boards. The report also breaks down the percentage of funds supporting each victim service and law enforcement category. A detailed chart of each judicial district's awards is also included in the report.

LOCAL VALE BOARDS

The Act provides for a five-member board (appointed by the Chief Judge) in each judicial district. Each local board accepts applications and makes decisions regarding the use of VALE funds in that judicial district.

FUNDING SOURCE

Of the total fees collected by each local VALE program, a maximum of 10% may be used in each district for administrative costs to implement the statute and for preparation of victim impact statements. After the allocation of administrative expenses, 13% of the remaining collections are deposited with the State Treasurer for state administrative expenses and for the State Victim Assistance and Law Enforcement (State VALE) competitive grant program. Overall, 88.3% of all collections are used for grants in each of the local districts.

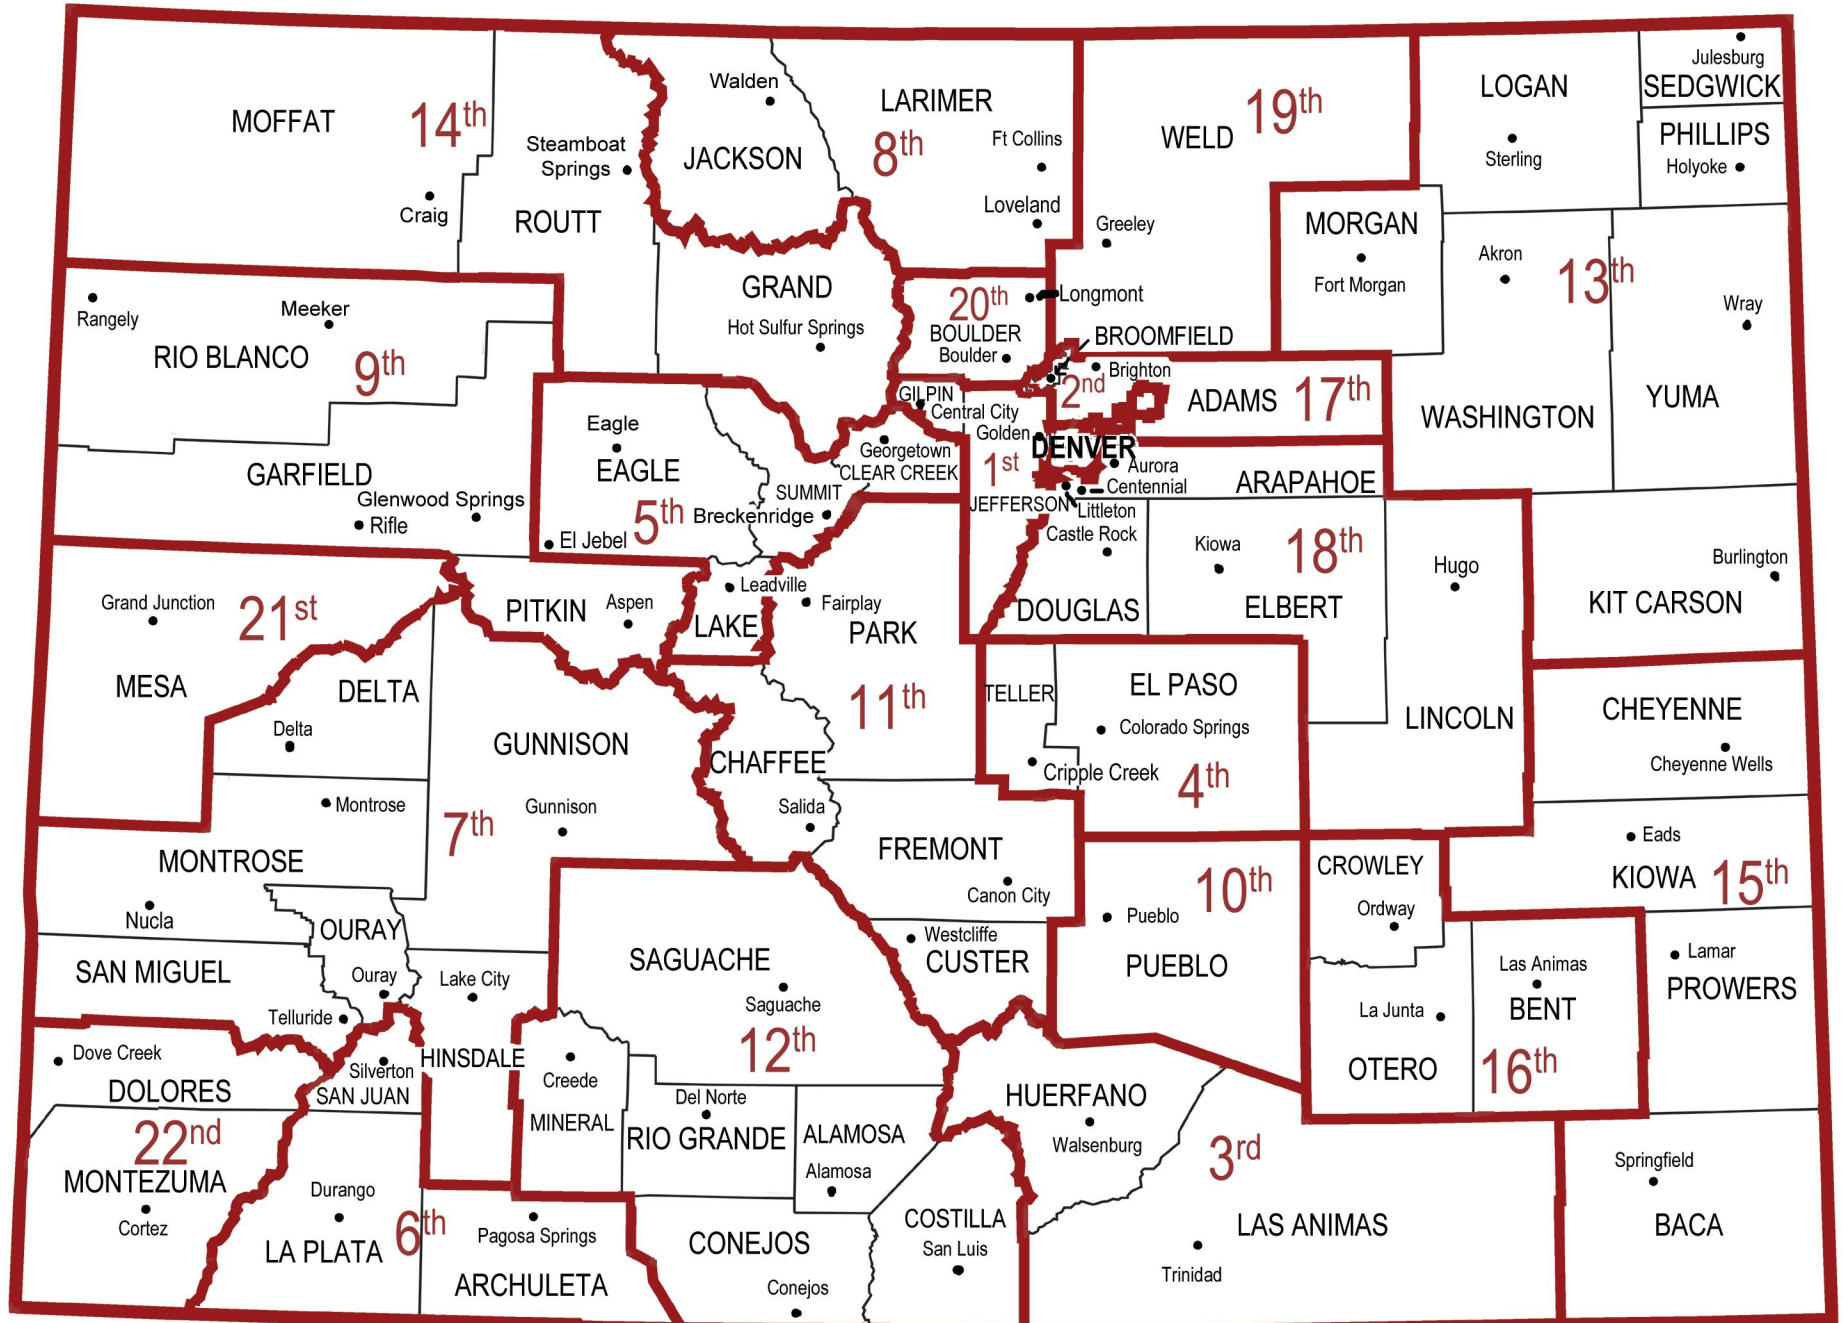

GRANT AWARDS

During 2009, 389 grants and 729 scholarships were awarded to various organizations by local Victim Assistance and Law Enforcement boards. These grant awards and training scholarships totaled \$13,179,536.

PRIORITY FUNDING AREAS

There are two priority areas for VALE funding. One priority establishes funding for programs that implement the Victim Rights Act (C.R.S. 24-4.1-302.5; 24-4.1-303; and 24-4.1-304). The other priority is funding for victim and witness services which are listed in the C.R.S. 24-4.2-105(4). These include, but are not limited to, crisis intervention services, referrals of victims to appropriate community services and victim compensation programs, translator services, and counseling.

- Each VALE board decides whether a specific grant should be taken from the "Victim Assistance" or "Law Enforcement" portion of the fund. Usually boards designate that any grant monies that provide services for victims of crime be allocated from the Victim Assistance portion of the fund. Victim Assistance includes grants to law enforcement agencies for victim service related activities.
- The amount of money awarded was not necessarily disbursed during calendar year 2009.

SECTION III

Financial Report, by Judicial District, on the VALE Fund

Table 8: Collections, Administrative Expenses, Allocations to the State, Other Revenue, and Funds Allocation for the Grant Program

The financial report that follows is a snapshot of a single year of revenue to the VALE fund, with the statutory allocations for administrative funds and the state treasury included. The State Court Administrator's Office provides the revenue information.

The financial report has some limitations that should be noted when reviewing the information. It does not record fund balances, actual expenditures of administrative funds, or any refunds to the fund when grant awards are not fully expended.

Despite these limitations, the financial report offers a statewide look at monies collected and deposited to the VALE fund during the period of a single year.

During 2009, there was a decrease in the amount collected for the Tax Intercept Program by the Department of Revenue, which resulted in less funds being provided to local programs by the Department of Revenue.

In previous years, all of the Department of Revenue funds collected under the statute were provided to the VALE programs. In 2009, the Department of Revenue funds were divided equally between local VALE and local Victim Compensation programs in each judicial district. Therefore, there was a decrease in Department of Revenue funds to the local VALE programs for 2009.

Table 9: Historical Look at VALE Collections

A table is included that reflects the amount of VALE dollars collected in each Judicial District since 2002. This table clearly illustrates that collections have increased over the last five years.
