The above figures were compiled by the Colorado Division of Fire Safety from local fire departments that submit their incidents(s) into the Colorado Fire Incident Reporting System. A total of **253** fire departments, which protect about **84.7%** of Colorado's resident population, submitted their 2007 data to the Division. For all reporting elements, statistical methods were employed to project estimated actual rates from reported rate.

## Participation in the Colorado Fire Incident Reporting System

The Division of Fire Safety would like to acknowledge those fire departments that participated in the Colorado Fire Incident Reporting System during 2007 (\* denotes partial year data):
