PREFACE

The information contained in this report has been compiled from the annual reports of condition submitted by all State chartered commercial and industrial banks in compliance with the provisions of Chapter 14, Article 2, Section 9, and Chapter 14, Article 17, Section 9 (7) (a) CRS 1963, as amended.

Publication and distribution is in accordance with the provisions of Chapter 29, Section 40, 1964 Sessions Laws of Colorado.

The purpose of this report is to provide factual and statistical information that may be used by financial institutions and others engaged in economic studies, and by those who might otherwise be influenced by its contents.

Historically, this report has been prepared by the State Bank Commissioner for submission to the Governor of Colorado, and included informative data on such matters as suggested legislation; increases in capital stock; certificates of authority issued; registered licensees conducting business as trust companies, title guaranty companies, credit unions, consumer finance companies, money lenders, retail motor vehicle installment sales licensess, money order licensees, etc.

In the interest of economy, the format of this report has been changed this year to include only such information as required by the statutes recited above. However, for the purpose of identification, we have continued the numerical sequence of the publications.

HARRY BLOOM
State Bank Commissioner
