THIRD REPORT OF THE COLORADO STATE BOARD OF EXAMINERS OF ARCHITECTS

Denver, Colo., December 4, 1915.

To His Excellency, George A. Carlson,
Governor of the State of Colorado:

The Colorado State Board of Examiners of Architects herewith submits for your consideration its report covering the period from December 1, 1914, to December 1, 1915.

The Board is at present constituted as follows:

Francis W. Cooper, Pueblo.....President
Park M. French, Denver.....Vice-President
Thomas F. Walsh, Denver.....Secretary-Treasurer
H. W. Baerresen, Denver
Charles E. Thomas, Colorado Springs

Mr. F. E. Edbrooke retired as a member of the Board in October, 1915, and Mr. C. E. Thomas was appointed, and has taken his seat as a member of the Board. The Board desires to express its appreciation of the splendid services rendered in the work of the Board during the last six years by Mr. Edbrooke.

In accordance with the Statute, "Providing for the Licensing of Architects and Regulating the Practise of Architecture" in this State, the annual report of receipts and expenditures of the Board have been filed with the Auditor of State, after same had been audited and approved by Messrs. P. M. French and H. W. Baerresen, the Auditing Committee appointed by the Board.

The total receipts and expenditures of the Board from December 1, 1914, to December 1, 1915, were as follows:

Receipts	\$1,935.84
Expenditures	1,140.86
Balance	<u>\$ 794.98</u>

Section 6 of the Act provides that "Any surplus of fees remaining in the hands of the Treasurer of this Board after the payment of the expenses of the members of the Board and the salary of the Secretary-Treasurer, as herein provided for, shall be paid annually to the Treasurer of the State of Colorado, and shall only be paid out upon the warrant and authority by requisition of said Board, and the approval of the Governor, and said surplus shall form the nucleus of a fund to provide for an Advanced Course of Architectural Study, to be established in the University of the State of Colorado."

The Board has turned into the State Treasury the sum of three hundred dollars (\$300.00), being the surplus on hand from this year's income, after retaining sufficient funds to maintain the necessary running expenses of the Board. The present surplus added to the previous sums paid into the State Treasury by the Board makes the total sum amount to five thousand one hundred dollars (\$5,100.00), which is now available to assist in installing the Advanced Course of Architecture in the University of Colorado.

The only delay in securing this Advanced Course of Architecture at the University is on account of no accommodation being available for such a class at the State University. The Board has taken up this unfortunate condition with the Regents and Faculty of the University from time to time; and, to expedite the matter, a Bill was presented to the Nineteenth General Assembly of the State of Colorado for an appropriation to erect a building for a School of Architecture and Engineering in connection with the University, and provide sufficient funds to maintain such, but unfortunately the Bill failed of passage.

Perhaps some future Legislature will rise to the occasion and pass such an Appropriation Bill, and the Board, with the help of a future Executive, will utilize the before-mentioned surplus fund at present in the State Treasury in providing and furnishing a complete Architectural, Engineering, Electrical and Sanitation Library, composed of the best literature on such subjects, and including photographs, cuts, plates, models and plaster casts, etc., of ancient and modern work, making this Library up-to-date in every respect, and one of the best of its kind.

During the last fiscal year the Board has held nine (9) regular meetings and four (4) special meetings, issued two (2) Class A Licenses and three (3) Class B Licenses.

There are at present seventy (70) Class A Licensed Architects and fifteen (15) Class B Licensed Architects, making a total of eighty-five (85) Architects licensed to practise Architecture in this State. Eight (8) Architects' Licenses have been cancelled during 1915 for non-payment of the annual renewal fees and because of death.

It is with sincere regret that the Board has to record the deaths of three Licensed Architects during the year, viz.: Mr. F. E. Eberley of Denver, Mr. A. W. Reynolds of Denver, and Mr. D. W. Dryden of Denver.

Each of these gentlemen were possessed of superior ability in our profession and were splendid citizens.

The last regular class examination was held in Room 518 Boston Block, Denver, on December 1, 2 and 3, 1914. Three (3) candidates presented themselves for examination, and each having shown sufficient skill and learning in the Art and Science of Architecture, received licenses to practise the profession of Architecture in the State of Colorado. The Board decided to hold the next regular examination in Room 518 Boston Block, Denver, on December 22, 23 and 24, 1915.

It has been the aim of this Board since its organization, six years ago, to carry out as far as possible the true intent and spirit of the Statute, Licensing Architects and Regulating the Practise of Architecture in this State, and is gradually accomplishing the results desired, for the benefit of the public in general, and more especially in

so far as its enforcement requires more competent and reliable persons in the profession of Architecture, and who must show their ability to prepare plans for and construct buildings that will be safe structurally, sanitary in their appointments, and free from danger, or in any way a menace to the public.

The Board most respectfully requests your valuable assistance in securing an appropriation for the School of Architecture and Engineering, which is now so much required at the University of Colorado.

It may be of interest to you to be informed of the high appreciation the Illinois State Board of Examiners of Architects has regarding the School of Architecture in the University of Illinois, which was exemplified in the following resolution, viz.:

"RESOLVED, That after July 1, 1898, the diploma of graduation from the full four (4) years' course in Architecture or Architectural Engineering in the University of Illinois be accepted as satisfactory evidence of a competent knowledge of Architectural Construction, of the Laws of Sanitation, and of the Strength of Materials, required in the practise of an Architect in Illinois, according to Law; Provided, that in each case the applicant shall present evidence satisfactory to this Board to show that he has acquired the ability to successfully apply this knowledge to the design and construction of buildings."

The Illinois Board of Examiners of Architects adopted the foregoing resolution after making a personal examination of the Architectural Course in the University of Illinois, and it was in a position to give deserved recognition to the efficiency of the course, as taught in its University with reference to the theoretical studies which are necessary to properly fit and adapt the students for practical Architectural work. The benefits that would accrue to the University of Colorado by having a course of Architecture laid down on the lines of Illinois University, would be of great value to the State.

The Board is at present in communication with the Secretaries of the different States where a law licensing or registering Architects to practice Architecture is in force, and suggests the exchange of questions used for examination of candidates.

It is our opinion that by such an exchange of examination questions the Architect Boards in the different States may arrive at a more uniform rule of requirements of competency and ability required to pass our examinations.

The majority of the laws licensing or registering Architects in the different states permit of the acceptance of the application for license of anyone who may have procured a license in another State. Such being the case, we think that an exchange of examination questions would give the Boards of the different States more confidence, and save considerable time and trouble in passing on candidates moving from one State to another.

The Board is of the opinion that the time has arrived when the American Institute of Architects will be compelled to recognize more fully the importance of the usefulness and help that each State Board of Architects is to the profession generally, and ultimately must have a committee which will harmonize with the different Boards and provide ways and means for the best possible standard of excellence in our profession.

It is gratifying to the profession to know that three more States have been added to the list of those previously having licensing or registration laws regulating the practise of Architecture. The States having such statutes are California, Colorado, Florida, Illinois, Louisiana, Michigan, New Jersey, New York and Utah. The licensing and registration of Architects will ultimately become universal throughout the Union, an Architect will be recognized by the public as a person of special training and education, and assume the proper position he is entitled to in his community, and be a benefit to the public in constructing safe and artistic buildings.

The advancement of the good taste of the public generally as exemplified in our later public and private buildings; the endeavor throughout the country for the beautification of our cities and the complexity in the requirements of our modern buildings, demand much skill and originality, and as the practise of Architecture becomes more and more exacting it should be held by the most stringent regulations and be put under the care of those only who are familiar with approved methods of construction and design.

The Board respectfully asks your co-operation in this work.

Respectfully submitted,

THOMAS F. WALSH,
Secretary.

FRANCIS W. COOPER,
President.

AN ACT

TO PROVIDE FOR THE LICENSING OF ARCHITECTS AND REGULATING THE PRACTISE OF ARCHITECTURE IN THE STATE OF COLORADO.

Enacted by the Seventeenth General Assembly at the Regular Session, Approved April 26, 1909, and in Force October 25, 1909; with Amendments Adopted by the Nineteenth General Assembly, and Approved May 13, 1913.

Be It Enacted by the General Assembly of the State of Colorado.

Appointment of a State Board of Examiners of Architects.

Section 1. Within sixty days after the passage of this Act the Governor of the State of Colorado shall appoint a State Board of Examiners of Architects, to be composed of five members, who shall be architects residing in the State of Colorado, and who have been engaged in the practise of architecture at least five years. Two of the said practising architects appointed as examiners shall be designated to hold office for two years, and the other three to hold office for four years from the date of the passage of this Act.

Governor of the State to Fill Vacancies on the Board.

Sec. 2. Upon the expiration of the term of each member the Governor shall appoint his successor for a term of four years; each member shall hold over after the expiration of his term until his successor shall have been duly appointed and qualified. Any vacancy occurring in the membership of the Board shall be filled by the Governor of the State for the unexpired term of such membership.

Examiners to File Oath—Treasurer to File Bond.

Sec. 3. The members of the State Board of Examiners of Architects shall, before entering upon the discharge of their duties, and within thirty days after their appointment, take and subscribe an oath before any officer authorized to administer oaths in the State, for the faithful performance of duty, and file same with the Secretary of State. They shall, as soon as organized, and annually thereafter, in the month of January, elect from their number a President and Secretary, who shall also be Treasurer. The Treasurer shall file a bond for the penal sum of two thousand dollars (\$2,000.00) with the Secretary of State, said bond to be accepted and approved by the Secretary of State, before entering upon his duties.

Board Shall Adopt Rules and Seal.

Sec. 4. The Board shall adopt all necessary rules, regulations and by-laws to govern its proceedings, not inconsistent with this Act, the laws of this State or of the United States. The Board shall adopt

a seal, and the Secretary shall have the care and custody thereof, and shall keep a record of all proceedings of the Board, which shall be open at all times to public examination.

All Expenses Paid from the Registration Fees.

Sec. 5. The expenses of said Board and of the officers thereof and of the examination held by said Board, and of any other matter in connection with the provisions of this Act, shall be paid from the registration fees herein provided for, and not otherwise, and in no case shall any of the expenses be paid by the State of Colorado or be a charge against said State.

The members of the Board shall be entitled to reimbursement for their traveling and hotel expenses incurred in pursuance of their duties, and five dollars (\$5.00) per diem shall be allowed for each member of said Board for attending each annual examination; the Secretary and Treasurer of the State Board of Examiners of Architects shall receive such annual compensation as shall be provided by the Board, by resolution adopted by it at a regular meeting. Neither the State Treasurer nor any member of this Board shall be held responsible for any portion of the Secretary's and Treasurer's salary, should the fees for certificates received by said Board be insufficient to meet the same.*

Surplus to Form Fund for Advanced Course of Architectural Study in the State University.

Sec. 6. Any surplus or fees remaining in the hands of the Treasurer of this Board after the payment of the expenses of the members of the Board and the salary of the Secretary and Treasurer, as herein provided for, shall be paid annually to the Treasurer of the State of Colorado, and shall only be paid out upon the warrant and authority by requisition of said Board and the approval of the Governor, and said surplus shall form the nucleus of a fund to provide for an advanced course of architectural study to be established in the University of the State of Colorado.

Quorum.

Sec. 7. Three members of this Board shall constitute a quorum.

Special Meeting—Rules for Examinations.

Sec. 8. Special meetings of the Board shall be called by the Secretary upon the request of any two members, by giving at least five (5) days' written notice of the meeting to each member. The Board shall adopt rules and regulations for the examination and registration of applicants desiring to practise architecture in accordance with the provisions of this Act, and may amend, modify and repeal such rules and regulations from time to time.

File with Secretary of State Names of Examiners and Publish in One Daily Newspaper.

Sec. 9. The Board shall, immediately upon the election of each officer thereof, and upon the adoption, repeal or modification of the rules and regulations for the registration of applicants for license, file with the Secretary of State, and publish in at least one daily newspaper in the State, the names and postoffice address of each officer, and a copy of such rules and regulations, or the amendment, repeal or modification thereof.

*As amended May 13, 1913.

Examinations—Applicants for License to Pay Fee of \$10.

Sec. 10. Provision shall be made by the State Board of Examiners of Architects for holding examinations at least once in each year of applicants for license to practise architecture, if there shall be any such applicants. Any person over twenty-one (21) years of age, upon payment of a fee of ten dollars (\$10.00) to the Secretary of this Board, shall be entitled to enter any examination to determine his or her qualifications. If any applicant fails to pass said examination, his or her application fee shall be retained by the Board.*

Examinations, if Passed, Further Fee of \$15.00 to be Paid—Without Examinations, Fee \$25.00—All Licenses to be Recorded.

Sec. 11. If the examination of any applicant shall be satisfactory to a majority of the Board, and upon payment of an additional fee of fifteen dollars (\$15.00) to the said Board, a certificate shall be issued to the applicant authorizing him or her to practise the profession of architecture.

Any person who shall, at the time of the passage of this Act, have been engaged in the practise of architecture in this State for at least one year, and who shall present to this Board an affidavit to that effect, or a certificate from a similarly constituted board of another State; and any person who is a member of the American Institute of Architects, shall be entitled to receive such certificate upon the payment to the said Board of a fee of twenty-five dollars (\$25.00), without an examination by the Board of Examiners, which fee shall be turned into State Treasury. In the case of a co-partnership of architects, each member must be licensed to practise architecture.

Each person licensed shall cause such license to be recorded in the Secretary of State's office. Failure to have his or her license recorded shall be deemed sufficient cause for revocation of said license.

Licensed Architects to Have Stamps.

Sec. 12. Every licensed architect shall have a stamp, which must contain the name of the architect, his or her place of business, and the words "Licensed Architect," "State of Colorado," with which he or she shall stamp all drawings and specifications issued from his or her office for use in this State.

Penalty for Practising Architecture Without a License.

Sec. 13. After six (6) months from the passage of this Act it shall be unlawful, and it shall be a misdemeanor punishable by a fine of not less than ten dollars (\$10.00), nor more than two hundred dollars (\$200.00), for any person to practise architecture without a license in this State, and to advertise or put out any sign or card or other devise which might indicate to the public that he or she is entitled to practise as an architect except as otherwise provided in this Act.

Persons Who Are to be Regarded as Architects.

Sec. 14. Any person who shall be engaged in the planning or supervision of the erection, enlargement or alteration of buildings for others, and to be constructed by persons other than himself, except as hereinafter provided, shall be regarded as an architect within the provisions of this Act, and shall be held to comply with the same; but nothing contained in this Act shall prevent the draughtsmen, students, clerks of works, or superintendents and other employees of

*As amended May 13, 1913.

those lawfully practising as architects, under license as herein provided for, from acting under the instruction, control or supervision of their employers; or shall prevent the employment of superintendents of buildings paid by the owners from acting, if under the control and direction of a licensed architect who has prepared the drawings and specifications for the building. The term building in this Act shall be understood to be a structure consisting of foundations, walls and roof, with or without the other parts; but nothing contained in this act shall be construed to prevent any person, mechanic or builder from making plans and specifications for, or supervising the erection, enlargement or alteration of any building less than three stories in height that is to be constructed.

License Revoked.

Sec. 15. Architect's license issued in accordance with the provisions of this Act shall remain in full force until revoked for cause, as hereinafter provided. Any license so granted may be revoked by unanimous vote of the State Board of Examiners of Architects for gross incompetency or recklessness in the construction of buildings, or for dishonest practises on the part of the holder thereof; but before any license shall be revoked, such holder shall be entitled to at least twenty days' notice of the charge against him, and of the time and place of the meeting of the Board for the hearing and determination of such charge. And on the cancellation of such license it shall be the duty of the Secretary of the Board to give notice of such cancellation to the Secretary of State, who shall mark the license recorded in his office cancelled. The person whose license was revoked may have a new license issued to him by the Secretary upon certificate of the Board of Examiners, issued by them upon satisfactory evidence of proper reasons for his reinstatement, and upon payment to the Secretary of the fee of ten dollars (\$10.00), which fee shall be turned into the State Treasury.

Renewal of Licenses.

Sec. 16. Every licensed architect in this State who desires to continue the practise of his or her profession shall annually, during the time he or she shall continue in practise, pay to the Secretary of the Board during the month of July a fee of ten dollars (\$10.00), which fee shall be turned into the State Treasury, and the Secretary shall thereupon issue to such licensed architect a certificate of renewal of his or her license for a term of one year. Any licensed architect who shall fail to have his or her license renewed during the month of July in each and every year shall have his or her license revoked; but the failure to renew said license shall not deprive him or her of the right to renewal upon payment of said fee.

Report of Proceedings to be Filed with Auditor of State.

Sec. 17. Within the first week of December, after the organization of the Board, and annually thereafter, the Secretary of the Board shall file with the Auditor of State a full report of the proceedings of the Board and a complete statement of the receipts and expenditures of the Board, attested by the affidavits of the President and Secretary.

RULES OF THE COLORADO STATE BOARD OF EXAMINERS OF ARCHITECTS.

Rules.

1. Roberts' Rules of Order shall govern the conduct of business at its meetings.

Officers.

2. The State Board of Examiners of Architects shall annually elect a President, Vice-President and Secretary, who shall also be Treasurer; said officers shall hold office until their successors shall have been duly appointed and qualified. The Secretary shall keep a record of all the proceedings of the Board, which shall be open to public examination. (Adopted January 15, 1912.)

Seal of the Board.

3. The Board shall adopt a seal for its own use and shall have the words "Colorado State Board of Examiners of Architects," and the year "1909" inscribed thereon, and the Secretary shall have the care and custody thereof.

Headquarters and Examinations.

4. The headquarters of the Board shall be at Denver, and the examinations shall take place at Denver, or such other place as shall be designated by a vote of the Board.

Location.

5. The office of the Secretary and Treasurer shall be at Room 314 Chamber of Commerce Building, in the City of Denver.

Finance.

6. All funds collected shall be deposited in bank to the credit of the Board, and all checks shall be signed by the Secretary and Treasurer and countersigned by the President, and no disbursements shall be made except on order of the Board. There shall be an Auditing Committee, composed of two members of the Board other than the President and the Secretary and Treasurer, who shall audit the Treasurer's accounts within the last week of November of each year. All bills shall be presented to the Board at a regular meeting.

Regular Meetings.

7. The regular meetings of the Board shall be held on the third Monday of each month at 2 p. m., and the place shall be as ordered by the President. Special meetings of the Board shall be called by the Secretary upon the request of any two members, by giving at least five days' notice of the meeting to each member. Three members of the Board shall constitute a quorum.

Examinations and Certificates of License.

8. Any person who shall present to the said Board a certificate from a similarly constituted board of another State, and any person who is a member of the American Institute of Architects, shall be entitled to receive a certificate of license, upon the payment to the said Board of twenty-five dollars (\$25.00).

Any person over twenty-one (21) years of age, upon the payment of a fee of ten dollars (\$10.00) to the Board, shall be entitled to enter any examination to determine his or her qualifications for an architect's license.

If the examination of any applicant for such a license shall be satisfactory to a majority of the Board, and upon the payment of an additional fee of fifteen dollars (\$15.00) to the said Board a certificate of license shall be issued to the applicant authorizing him or her to practise the profession of architecture.

Applications for license from residents of other States may be considered at any meeting of the Board, without the personal appearance of the applicants; provided, the proofs submitted in connection with such applications from non-resident architects establish an ability equal to that demanded by the regular written and oral examinations, the Board shall issue license to such applicants.

Each person licensed shall cause such license to be recorded in the Secretary of State's office. (Adopted May 19, 1913.)

Class Examinations.

9. Regular written and oral examinations to occupy not more than three (3) days, shall be held as provided by the Act of April 26, 1909. The time shall be devoted to ascertaining the ability of the candidate to make practical application of his or her knowledge in the professional work of an architect. The examination shall be directed toward ascertaining the qualifications of the applicant in draughtsmanship, construction, design, the art of planning and preparing specifications.

Applications.

10. Applications for examinations will be received at any time, and should their number and urgency make it seem expedient to the Board to hold examinations at any other time than herein mentioned, due notice of such additional examinations will be forwarded by the Secretary to those whose applications are already filed at his office. Applications to enter an annual examination shall be at the Secretary's office on or before the third Monday of November in each year, and the annual examination be held on the third Tuesday, Wednesday and Thursday of December in each year. (Adopted November 17, 1913.)

Dates of Regular Class Examinations.

11. Regular class examinations shall be held once in each year. In all cases in which applications for examinations have remained on file one year or more, the parties have not appeared for examinations, the examination fees shall be returned and the applications cancelled. (Adopted May 19, 1913.)

Notices.

12. Applicants will be duly notified of the result of the examinations. All licenses shall bear the date of the time when finally approved by the Board. (Adopted May 19, 1913.)

Co-Partnership Licenses.

13. Each member of a firm of practising architects, including each practising member of an incorporated architectural firm, shall have a separate license. All certificates of license shall be signed by the President and Secretary.

Architect's Stamps.

14. The stamp of licensed architects shall be circular and two (2) inches in diameter. The words "State of Colorado" shall appear at the top between two (2) circular lines and the words "Licensed Architect" at the bottom, between the same lines. The name and place of business of the licensee are to be placed within the inner circle. Where there is a co-partnership of architects the individual names of the several members licensed may appear on one stamp.

The plans and specifications for buildings: (a) more than two (2) stories in height; (b) public or semi-public buildings, such as churches, schools, museums, libraries, art galleries, state, county and city buildings, theaters and assembly halls, shall be made and stamped by a licensed architect.

When the ceiling of the lower story of any building is four (4) feet or more above grade line, or when the attic story or space immediately under the roof of any building can be used for any purpose, such lower story or attic story shall each be a story for the purpose of this Act. (Adopted May 19, 1913.)

LIST OF ARCHITECTS LICENSED TO PRACTISE THE PROFESSION OF ARCHITECTURE IN THE STATE OF COLORADO.

January 12, 1916.
