

MESSAGE FROM THE ACTING DIRECTOR

The Division of Gaming has been providing information and assisting during our scheduled sunset review through the Department of Regulatory Agencies (DORA). DORA's office of Policy, Research and Regulatory Reform released its review on Oct. 15, recommending the Division of Gaming continue to serve Colorado for another nine years, until 2022 (our next mandatory review.)

By law, a number of entities, functions, and boards within Colorado government are scheduled to terminate each July. Under the Colorado sunset review process, the entities and functions scheduled for termination are examined prior to the termination date to be sure they are still needed, or to consider any changes that may be recommended.

These reviews seek to balance the need for regulation to protect the public interest with the need to ensure that industry and professions are not over-regulated. In order to continue, the entity being reviewed must demonstrate that a public need exists for its continued existence and that its regulation is the least restrictive regulation consistent with the public interest.

Details of the OPRRR report, and its recommendations, can be found on the web at: [DORA Office of Policy Research and Regulatory Reform - Recently Released Reviews.](#)

-- Laura Manning, the Division's Chief of Investigations, is serving as Acting Director. Ron Kammerzell is currently serving as Acting Senior Director for the Department of Revenue's Enforcement Business Group.

What is a Sunset Review?

A sunset review is a periodic assessment of state boards, programs, and functions to determine whether or not they should be continued by the legislature. Sunset reviews focus on creating the least restrictive form of regulation consistent with protecting the public. In formulating recommendations, sunset reviews consider the public's right to consistent, high quality professional or occupational services and the ability of businesses to exist and thrive in a competitive market, free from unnecessary regulation.
