LEGISLATIVE DIGEST

## LEGISLATIVE DIGEST

Summary of Senate and House bills, pertaining to taxes collected and/or administered by the Department of Revenue, enacted by the Forty-fourth General Assembly of the State of Colorado (1964 - second regular session).

General Effective March 31, 1964  
 S-13 - Department of revenue - collection of taxes. Authorizes director of revenue to assess and collect taxes due plus fifteen per cent of taxes, penalties, and interest due, or twenty-five dollars, whichever is greater, in cases of taxpayers against whom the department of revenue has had to resort to issuance of distraint warrant three times or more. Such additional fifteen per cent or twenty-five dollars, as the case may be, shall be used to compensate the department for administrative and collection costs as to such delinquent taxes. Applies to all taxes collected by the department, including motor fuel taxes, sales and use taxes, and motor vehicle registration fees.

Cigarette Tax Effective July 1, 1964  
 H-1086 - Cigarette tax. Imposes a tax on cigarettes at the rate of three cents per pack, requires a license of each cigarette wholesaler, and requires wholesaler to pay the tax and affix a tax stamp, either by gummed stamp or printed impression, on each package of cigarettes sold or offered for sale in this state. Annual license fee shall be ten dollars. The department of revenue shall administer the act, license wholesalers, and sell stamps or approve metering machines to affix impressions. Stamps shall be sold to wholesalers for cash at a discount of ten per cent of face value. Provides for confiscation, without a warrant, of packages of cigarettes without a stamp or imprint thereon by the department of revenue or by any peace officer of the state when directed or requested to do so by the department of revenue, and for the sale thereof by the department of revenue at public sale. Any person who shall possess for sale any package of cigarettes without the tax stamp or imprint shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine not exceeding one hundred dollars, or by imprisonment in the county jail not to exceed three months, or by both. Requires each licensed wholesaler to retain for three years accurate records of cigarettes purchased and sold, and shall make monthly returns as to cigarettes sold by him and the tax due thereon.

Eighty-five percent of the tax collected shall be paid to the old age pension fund and fifteen per cent to the general fund. Sales of cigarettes to the United States or any of its agencies shall be exempt from such tax. Nothing in this act shall prevent the imposition of a tax on cigarettes by any city or town in this state, nor shall it affect any existing tax imposed thereon.

## Gross Ton Mile Tax

Effective February 3, 1964

H-1032- Ton mile tax - records. Permits director of revenue to authorize the filing of ton mile tax return and payment of tax for periods in excess of one month but not to exceed a period of twelve months.

## Income Tax

Effective January 1, 1965

H-1003- Income tax. Rewrites substantially all of the income tax article, defining Colorado adjusted gross income as the federal adjusted gross income with the following modifications: Add the interest, if any, on obligations of a state or any subdivision thereof (except on obligations of this state which are exempt from the state income tax), state income taxes, federal net operating loss deduction, and federal income tax refunds; and subtract interest income on obligations of the United States or any agency thereof, amounts received from certain pensions, the gain or loss on the disposition of property having higher adjusted basis for Colorado income taxation than for federal taxation purposes, income previously taxed under the income taxes of this state, the Colorado net operating loss deduction, and certain depletion allowances for oil shale production.

Specifies that the itemized deductions shall be the federal itemized deductions with the following modifications: Add the federal income tax liability for the same taxable year, and any income taxes to any foreign country claimed as a credit on the federal return; and subtract the income taxes imposed by this state or any other taxing jurisdiction.

Other important changes are: The dividend exclusion and the "more than six months" holding period for long-term capital gains will apply in the determination of Colorado income taxes. The two thousand dollars exclusion for military pay and the deduction for travel to and from work have been repealed. The drug and medical deductions will be the same as for federal returns. Alimony paid by an ex-husband shall be a deduction from his adjusted gross income and shall be included in the adjusted gross income of the ex-wife. Does not provide for split income advantages if a husband and wife file a joint return. Requires declaration of estimated tax only in cases where the estimated tax exceeds forty dollars.

Authorizes director of revenue to promulgate withholding tables such that the amount withheld from wages will approximate the income tax due the state. This provision takes effect upon signature of the governor in order to compensate for the 1964 reduction in federal income taxes.

## Sales and Use Tax

Effective March 31, 1964

S-14 - Sales and use taxes. Includes steam in definition of "sale", and includes private sales in definition of "farm close out sale". Adds definition of "auction sale". Provides for sales tax upon sales of steam when consumed or used in original form. Provides for apportionment of costs between product and services when sale price includes maintenance services for said product, and permits sales tax on only that portion of cost allocated to sale of the product. Provides that vendors collecting sales taxes less than forty dollars per month may report and make payment thereof at intervals not greater than every three months. Exempts aviation fuel from sales and use taxes. Permits department of revenue to offset sales and use tax deficiencies from subsequent years against claims for sales and use tax refunds for prior years. Reduces interest on unpaid use taxes from two to one per cent per month.
