The Honorable John Hickenlooper Governor of Colorado

Members of the Colorado General Assembly

Dear Governor, Senators and Representatives:

The Colorado Department of Revenue is proud to present its annual report for the fiscal year ending June 30, 2012.

This compilation of what we do for the people of our great state provides a plethora of numbers taxes collected, licenses issued, investigations conducted. But as important as what we do is how we provide those services to our customers.

To that end, the Department has been working diligently this year on plans and processes that will improve service to our customers. We will give greater value to all the numbers in this book by instilling a culture of continuous improvement focused on exemplary customer service.

The Department's strategic plan, which was adopted this year, provides focus and direction for the work we do in all divisions – Tax, Motor Vehicles, Enforcement and Lottery – with measurable goals.

You can expect the Department to:

- Be respectful to our customers by providing processes that are clear, simple, timely, and convenient.
- Provide responsible financial, resource, and project management that builds a sustainable foundation utilizing a high standard of care.
- Promote fairness and consistency in the application of the law.
- Recruit, develop, retain, and value a high-quality, diverse workforce in an environment that promotes collaboration, professional development, and employee innovation.
- Maximize public trust through responsible stewardship and transparent processes.

The Department's Division of Motor Vehicles faces a daunting challenge – cut waiting times while facing a significant increase in the number of customers.

Driver's license renewals are expected to rise sharply through 2015 because legal changes in the renewal cycles for driver's licenses. Beginning in 2011, licenses with five-year and 10-year renewal cycles are coinciding. The result: More people coming to driver's license offices while staffing levels remain the same. The number of people renewing licenses jumped from about 870,000 in 2010 to 1.3 million in 2012.

The DMV launched the Waitless initiative last year. It allows customers to schedule appointments so they can arrive at an assigned time to be served. It also gives managers the technology to track workloads and assign resources to address areas of the greatest need.

The Tax Section is completing work on one of the most significant and successful computer-system conversions in Department history. The five-year, \$53.6 million Colorado Integrated Tax Architecture system was delivered on time and within budget by a crew of dedicated employees. CITA, which replaced a 50-year-old system, is already improving collection efforts, turning around refunds faster and compiling better information.

The Enforcement section continues to preserve the integrity of games at casinos and betting sites and monitors the sales of liquor, tobacco and motor vehicles. The Medical Marijuana Enforcement Division continues its mission to license and regulate an emerging industry.

The Colorado Lottery posted record annual sales of \$545.3 million last year and returned \$123.2 million in total proceeds to beneficiaries: Great Outdoors Colorado, \$57.1 million; the Conservation Trust Fund, \$49.3 million; Colorado State Parks, \$12.3 million; and the Public School Capital Construction Assistance Fund, \$4.5 million.

Thank you for your continued support as the Department strives for efficient, effective and elegant service to the people of Colorado.

Sincerely.

### **Income Tax:** Title 39, Article 22

Individuals, Fiduciaries, and Corporations 4.63% of Colorado taxable income 1

1 Colorado taxable income is federal taxable income with Colorado modifications and adjustments.

Income tax is imposed upon the privilege of earning or receiving income in the state. Individuals and fiduciaries may be residents or non-residents. The proportion of a taxpayer's or entity's income allocated to Colorado determines tax liability. Residents are allowed credits for tax payments to other states. In general, an annual return is required to be filed by the 15th day of the 4th month following the tax year's close. Other requirements are imposed for withholding and estimated payments.

### Mileage and Fuel Tax: Title 42. Article 3 Title 39. Article 27

Passenger-mile 1.0 mill/passenger-mile **Aviation Gasoline** 6¢/gallon Aviation Jet Fuel 4¢/gallon Gasoline 22¢/gallon Special Fuel 20.5¢/gallon

Passenger-mile tax is imposed upon owners and operators of vehicles with a passenger-carrying capacity of 14 or more and used for the transportation of passengers for compensation. The tax is one mill for each passenger transported for a distance of one mile outside the boundaries of a city, city and county or incorporated town.

Gasoline and special fuel tax is imposed on licensed distributors acquiring gasoline for storage and subsequent sale based on adjusted gross gallons acquired less a 2% shrinkage allowance. Using net taxable gallons, the tax is computed less a .5% allowance for collection costs.

Both gasoline and special fuel tax are reported each month on a gasoline and special fuel distributor's monthly report, which is due on the 26th day following the end of the reporting month. Owners and operators of commercial interstate vehicles pay fuel excise tax on gasoline or special fuels at the retail pump. The excise tax paid is then redistributed to Colorado and other jurisdictions of the United States and Canada each quarter through the International Fuel Tax Agreement (IFTA). This redistribution is executed through the quarterly IFTA tax return, and is based on where the fuel is purchased and where the miles are traveled. A quarterly IFTA tax return is due the last day of the month following the end of the quarter.

## State Sales and Use Taxes: Title 39, Article 26

Sales and Use Tax 2.9% of taxable value

State sales tax is imposed upon the purchase price of retail sales of tangible personal property and is remitted by vendors. If no sales tax is paid, the buyer is liable for use tax. In addition to tangible personal property, taxable sales include lodging, telephone service, restaurant food and drink sales, rental autos, and similar items. Sales tax returns are due monthly (if tax liability is \$300 or more) or quarterly (if tax liability is less than \$300). Wholesalers file annually. Vendors are currently given a discount of taxes due to cover collection expense of 3 1/3%.

Consumer use tax is imposed on the purchaser of tangible personal property in cases where the seller did not or could not collect sales tax (e.g., purchases from an out-of-state retailer who does not collect Colorado sales tax). Use tax is deemed to be owed when the tangible personal property is actually used or after delivery is completed, as well as the keeping, storing, withdrawing from storage, moving, installing, or performing any other act by which control of the property is assumed by the purchaser. Retailer use tax applies to out-of-state vendors that sell tangible personal property to Colorado residents but that do not maintain a place of business in Colorado.

## Legislative Digest 2012

Following is a list of new laws enacted by the Sixty-ninth General Assembly during the first regular session that pertain to the operations of the Department of Revenue. Effective dates are listed after each summary. Much of this information has been excerpted from the Digest of Bills prepared by the Office of Legislative Legal Services.

#### **Administration:**

HB 12-1263—Reduce Barriers to State Employment for Individuals with Criminal Records. The act specifies that a regulatory authority cannot consider an individual's criminal history when granting a state license unless there is a specific statutory disqualification. In all other cases, the agency is governed by the provisions related to public employment. Effective: August 8, 2012

SB 12-152—Procedures for Filing Reports with the GA. The act updates the reporting requirements of the, "Information Coordination Act". Reporting entities must file the following: an electronic copy of statutorily-required reports with the joint legislative library and a hyperlink to the web site where the report is located if the report is directly accessible via the internet; and 4 hard copies with the state librarian for the state publications depository and distribution center. Effective: August 8, 2012

#### **Driver's License & Driving Violations:**

HB 12-1168—Clarification of Ignition Interlock. The act repeals and reenacts the statute authorizing the Department of Revenue to require ignition interlock devices for persons driving with an interlock-restricted license. Statutory provisions regarding crimes related to ignition interlock devices to the interlock statute were relocated, and, "suffering irreparable harm", was removed as a factor in issuing a stay of revocation when a person's driver's license is revoked based on an administrative determination. Effective: August 8, 2012

HB 12-1231—Private Investigators Access to Motor Vehicle Data. The act allows for access to information on driver's licenses and motor vehicle registrations to licensed private investigators, licensed private investigative agencies, and licensed security services. This change conforms state law to the federal "Driver's Privacy Protection Act of 1994". Effective: August 8, 2012

SB 12-44—Failure to Provide Valid Mass Transit Pass. The act repeals the crime of theft of public transportation services and creates a class B traffic infraction (failure to present a valid transit pass or coupon) that covers the same prohibited conduct as the former crime. Effective: June 8, 2012

#### **Emissions:**

SB 12-12—Department of Revenue Audits of Auto Emission Test Centers. The act implements the recommendations of the legislative audit committee regarding the conduct of automobile emission inspections. Specifically, Environmental Protection Agency rules require inspections of test centers a minimum of twice per year while current state law generally requires them every 90 days; the act conforms state law with federal law. Additionally, the act authorizes the department to conduct risk-based audits for stations and facilities employing inspectors or mechanics suspected of violating rules. Effective: July 1, 2012

#### **Income Tax:**

HB 12-1006—Red Cross tax checkoff. Creates a new voluntary contribution benefitting the American Red Cross Colorado. For the 5 income tax years immediately following the year in which a line has become available on the individual income tax form and the American Red Cross Colorado voluntary contribution is next in the queue, a voluntary contribution designation line for the American Red Cross Colorado fund shall appear on state individual income tax return forms. Effective: August 8, 2012

HB 12-1042—Income Tax Credit for Estate Taxes on Agricultural Land. Creates an income tax credit, based on the amount of Colorado estate taxes that are attributable to the transfer of agricultural land, for a person who inherits agricultural land located within the state. If more than one person inherits the land, the credit is apportioned among all beneficiaries. If the credit exceeds the income taxes owed, the excess is refundable to the taxpayer. If the land is reclassified in the 10 years after the credit is claimed, the taxpayer is required to repay the credit, with interest, to the state as part of an amended income tax return. The credit is only effective if Congress enacts legislation that has the effect of delaying the state estate tax. After the delay is over and there is a state estate tax again, the credit may be claimed. Effective: August 8, 2012

HB 12-1273—Add Approved Facility Schools Eligibility to Child Care Credit. For income tax years commencing on and after January 1, 2013, adds approved facility schools that are also affiliated with a licensed or certified hospital in the state and are also nonprofit organizations as eligible child care facilities for purposes of the child care contribution income tax credit; except that, subject to other limitations in the law, any credit for a monetary contribution made to an approved facility school in the income tax year commencing on or after January 1, 2013, but before January 1, 2014, shall not be claimed until the income tax year commencing on or after January 1, 2014. Effective: August 8, 2012
