Publish date: January 2019

Report methodology was revised beginning January 2016.
All values reported in gallons unless otherwise noted.
Gallons reported come from the Colorado Fuel Tracking System (COFTS).
Gasohol is a blend of ethanol (of 10% and greater) and gasoline in varying percentages. For the purposes of this reporting, it includes (but is not limited to) E10 and E85.
Alternative fuels includes compressed natural gas (CNG), liquefied natural gas (LNG), and liquefied petroleum gas (LPG).
Collections are based on filing data. They are the net of collections and any refunds processed in the accounting period.
Refunds reported are activity posted during the accounting period.
IFTA amounts are updated annually each December per FHWA request.
Due to rounding, the figures presented may not add up to the totals.
