Note: This table represents a snapshot of the tax returns at the time the data was retrieved.

NR - Not releasable due to taxpayer confidentiality requirements.

¹ Liquor Excise Tax is the amount of tax reported by liquor manufacturers and wholesalers on monthly liquor excise tax returns (DR 0442 and DR 0448). The liquor excise taxes reported on the Personal Excise Tax Return for Alcohol Beverages (DR 0449) are not retrievable so they cannot be summarized.

² The amount of wine excise tax reported does not include additional surcharges or fees. Surcharges and fees are reported annually in the Colorado Department of Revenue Annual Report.

³ Starting April 2021, hard cider excise tax includes values from the Colorado Monthly Report of Excise Tax (DR 0448) in addition to the Liquor Excise Tax Return (DR 0442). Prior to April 2021, only the DR 0442 was summarized.

⁴ Starting January 2019, malt liquor includes all fermented malt beverages (malt liquor, beer, and 3.2% beer).

⁵ Starting September 2019, cider grapes are exempt from the Colorado Grape/Produce excise tax. Prior to this date, the excise tax summarized vinous grapes only.

⁶ Volumes were calculated on taxes owed as reported by manufacturers and wholesalers on monthly liquor excise tax returns (DR 0442) through March 2021. Starting April 2021, the volume is the value reported on the monthly liquor excise tax return (DR 0442).

⁷ Wine and Hard cider excise tax is calculated on volume sold as reported by manufacturers and wholesalers on monthly report of excise tax returns (DR 0448) because the reported excise tax is not retrievable.

⁸ Hard cider volume is calculated on taxes owed as reported by manufacturers and wholesalers on monthly liquor excise tax returns (DR 0442) because the reported volume is not retrievable.
