<sup>1</sup> Collections could include medical and retail marijuana sales tax revenue for previous months due to late filings or corrections.

<sup>2</sup> Per §39-21-113(4), C.R.S., data from these local governments must be combined in order to protect the confidentiality of the individual taxpayers. It is the Department's practice to release aggregated data only when there are at least three taxpayers in a given category and none of them represents more than 80% of the total.

<sup>3</sup> May not sum to total due to rounding.
