Customer Service – Be respectful to our customers by providing processes that are clear, simple, timely, and convenient.

DOR is unique in that through our services, we touch every person in the State. Because of this, our customer base is mainly outwardly focused. Even though most of our customers are required to interact with us, i.e. paying taxes or getting a license, DOR has the responsibility to treat our customers with respect. We strive to resolve matters at first contact, reduce the time it takes to interact with us, provide education to the public regarding what is required, and provide various ways that our customers can interact with us to get the services they desire.

Fiduciary Responsibility – Provide responsible financial, resource, and project management that builds a sustainable foundation utilizing a high standard of care.

The Department of Revenue collects billions of dollars a year on behalf of the citizens of Colorado. It is our responsibility to ensure that those funds are collected in a fair and consistent manner and in accordance with the law. In addition, we have a responsibility with the funds that are allocated to the Department to ensure that the citizens are getting the best services possible with the dollars provided.

Statutory Responsibility – Promote fairness and consistency in the application of the law.

The DOR is governed by the statutes of the state of Colorado. In many areas, those statutes are subject to interpretation by the Department. We strive to offer opportunities for stakeholders and the public to provide input prior to rules and regulations being adopted as well as making sure that current rules and regulations are reviewed on a regular basis to ensure relevance, necessity, and ease in understanding and implementation.

Employees – Recruit, develop, retain, and value a high-quality, diverse workforce in an environment that promotes collaboration, professional development, and employee innovation.

The employees of the Department of Revenue perform very important functions for the citizens of Colorado. To achieve our goals and serve the public, it is paramount that we recruit and hire the best possible employees, provide professional development to those employees, and create an environment where employees can be creative, innovative, and problem solvers.

Public Confidence – Maximize public trust through responsible stewardship and transparent processes.

So many of DOR's regulatory functions exist to ensure that the public is protected, ranging from inspecting gaming machines, licensing liquor and marijuana establishments, ensuring that auto dealer claims are investigated, and ensuring the integrity of lottery games. It is paramount that the public have confidence that we are doing our job so that they feel protected when they partake in these activities. We do that through education, how we present ourselves, setting expectations and then living up to them.
