Denver, CO 80217-3350

**Report 21: January 1, 2017**

**To: Members of the Joint Budget Committee**

**Senator Kent Lambert, Chair, Joint Budget Committee**  
**Senator Kevin Grantham, Joint Budget Committee**  
**Senator Pat Steadman, Joint Budget Committee**  
**Representative Millie Hamner, Vice Chair, Joint Budget Committee**  
**Representative Dave Young, Joint Budget Committee**  
**Representative Bob Rankin, Joint Budget Committee**

In accordance with the footnote contained in the 2015-16 Long Appropriations Bill (S.B. 15-234) listed below (Footnote 74, pages 240 and 241), the Colorado Department of Revenue, Division of Motor Vehicles (DMV) is providing this report for your consideration.

“The Department is requested to submit to the Joint Budget Committee by the first of every month, beginning May 1, 2015, a report about the progress made on meeting the demand for services offered under S.B. 13-251, which was estimated at 66,000 individuals. For individuals served who are not lawfully present, the report should include the number of appointments made available, the number of “no shows” for appointments, the number of appointments that resulted in no document issuance, the number of documents issued, and a justification based in data for why there is a continued need to offer services for individuals who cannot demonstrate a lawful presence in the United States at more than one location.”

**Program overview**

The Colorado Road and Community Safety Act (CO-RCSA S.B. 13-251), authorizes the issuance of a Colorado driver license, instruction permit or identification card to qualified individuals who either cannot demonstrate lawful presence in the United States or can demonstrate temporary lawful presence in the United States. This program was implemented by the Colorado Department of Revenue’s Division of Motor Vehicles on August 1, 2014.

For individuals unable to demonstrate lawful presence in the United States, the program is offered by appointment only at the Denver Central, Colorado Springs and Grand Junction Driver License Offices. There are 93 potential customers with appointments each business day.

Individuals who are able to demonstrate temporary lawful presence in the United States may apply at any state driver license office. They may choose to make an appointment online at one of 31 equipped offices, but an appointment is not required for services other than the driving test.

On June 15, 2016, the DMV began implementation of H.B. 16-1415. This bill allows individuals who received an instruction permit during their CO-RCSA appointment taking place after May 4, 2016, but who did not receive a driver license due to failing the driving test, to re-take the driving test at a third-party school within 60 days of failing the test at the driver license office. Once they pass the test at a third party school, individuals then have 180 days to return to one of the three offices that offer CO-RCSA services on a space-available basis. They will need to present their passing drive test certificate from the third-party school, the identification documentation used to obtain their permit, their valid instruction permit and proof of their current Colorado residence and pay a \$15 retest fee as well as the driver license fee to obtain their driver license.

More information on the CO-RCSA S.B. 13-251 program is available at [www.colorado.gov/dmv](http://www.colorado.gov/dmv).

#### **Requested information**

The Department has served 43,380 individuals through appointments who are unable to demonstrate lawful presence in the United States from the start of the program on August 1, 2014 through November 30, 2016. There were 13,382 individuals who did not keep their appointments out of the 56,762 available. There were 34,662 documents issued<sup>\*</sup>: 27,025 driver licenses<sup>†</sup>, 4,142 instruction permits and 3,495 identification cards. There were 9,309 appointments that did not result in a document issuance<sup>‡</sup>. See Table 1 below:

**Table 1**

Available appointments	Individuals served through appointments	Did not keep appointment	Documents issued	DL issued	Permit issued	ID issued	No document issued
56,762	43,380	13,382	34,662	27,025	4,142	3,495	9,309

From November 1-30, 2016, the Department served 1,067 individuals through appointments who are unable to demonstrate lawful presence in the United States. There were 1,871 total appointments available during this period and 804 individuals did not keep their appointment. There were 988 total documents issued<sup>\*</sup>: 796 driver licenses<sup>†</sup>, 97 instruction permits and 95

<sup>\*</sup> This reflects the total number of final documents issued at an appointment. The 23,792 individuals who received both an instruction permit and a driver license during the same appointment since the beginning of the program (713 in November) are not included in the instruction permit numbers above.

<sup>†</sup> This includes the 594 driver licenses issued through the H.B. 16-1415 process (85 in November).

<sup>‡</sup> This is due to a variety of reasons such as not being able to prove identity, not having an Individual Taxpayer Identification Number, not being able to prove residency, not being able to prove tax filing, providing inconsistent information, or failing either the written or drive test.

identification cards. There were 164 appointments that did not result in a document issuance±. See Table 2 below:

Table 2

Available appointments	Individuals served through appointments	Did not keep appointment	Documents issued	DL issued	Permit issued	ID issued	No document issued
1,871	1,067	804	988	796	97	95	164

There is continued demand for this service as evidenced by the fact that all available appointments for this program are full. The Department releases new appointments that are out 90 business days. These new appointments are released in equal amounts throughout the day at 8 a.m., noon, 4 p.m. and 8 p.m. The number of new appointments available each day varies due to rescheduling when the number of available offices changed.

There will be continued demand for this service in the future due to fact that cards issued under the Colorado Road and Community Safety Act are only valid for three years. The Department can anticipate beginning to see renewals for these cards on August 1, 2017.

If you have any questions regarding this report, you may contact the DMV's Driver License Section Operations Director David Lindsay at 303-205-5919.

Respectfully,

Barbara J. Brohl  
Executive Director
