OCR Mission

The mission of the Office of the Child's Representative (OCR) is to provide effective legal representation to Colorado's children involved in the court system because they have been abused and neglected, impacted by high-conflict parenting time disputes, or charged with delinquent acts and without a parent able to provide relevant information to the court or protect their best interests during the proceedings. As a state agency, the OCR is accountable to the State of Colorado to achieve this mission in the most cost-efficient manner without compromising the integrity of services or the safety and well-being of children. The OCR is committed to ensuring that its attorneys provide these children, Colorado's most vulnerable and marginalized population in the courts, the best legal services available to protect and promote their safety and well-being and to have their voice heard throughout all aspects of a case.

OCR Values

1. **Accountability:** Colorado's children, attorneys, and taxpayers can count on OCR to ensure that each decision we make and action we take advances our mission in a fair and transparent manner.
2. **Efficiency:** OCR strives to accomplish its mission and conserve resources by streamlining efforts, adhering to deadlines, resolving conflict constructively, and honoring well-defined projects, processes, and roles. We balance our drive to achieve with thoughtful planning and implementation.
3. **Empowerment:** OCR cultivates an environment of respect and honesty. We value the experience and expertise of the children we serve, our contract attorneys, and our staff. We invest time to connect, focus on strengths, value feedback, and recognize success. We support each other in our mission to empower children.

Vision

Each Colorado child in need of an OCR attorney will receive comprehensive legal advocacy from a skilled attorney who has expertise in juvenile law who will diligently and effectively represent the child's legal interests in a cost-effective manner.

Agency Overview

The Office of the Child's Representative (OCR) is an independent state agency created in 2000 to address the General Assembly's concerns about the quality of representation provided to Colorado children. Colorado Revised Statute §13-91-101 et seq. mandates that OCR:

- Improve the quality of attorney services and maintain consistency of representation statewide.
- Provide accessible training statewide for attorneys.
- Establish minimum practice standards for all attorneys representing the best interests of children.
- Provide oversight of the practice of attorneys to ensure compliance with the established minimum standards.
- Establish fair and realistic compensation for state-appointed GALs sufficient to retain high-quality, experienced attorneys.
- Serve as a resource for attorneys.
- Develop measurement instruments to assess and document the effectiveness of various models of representation.

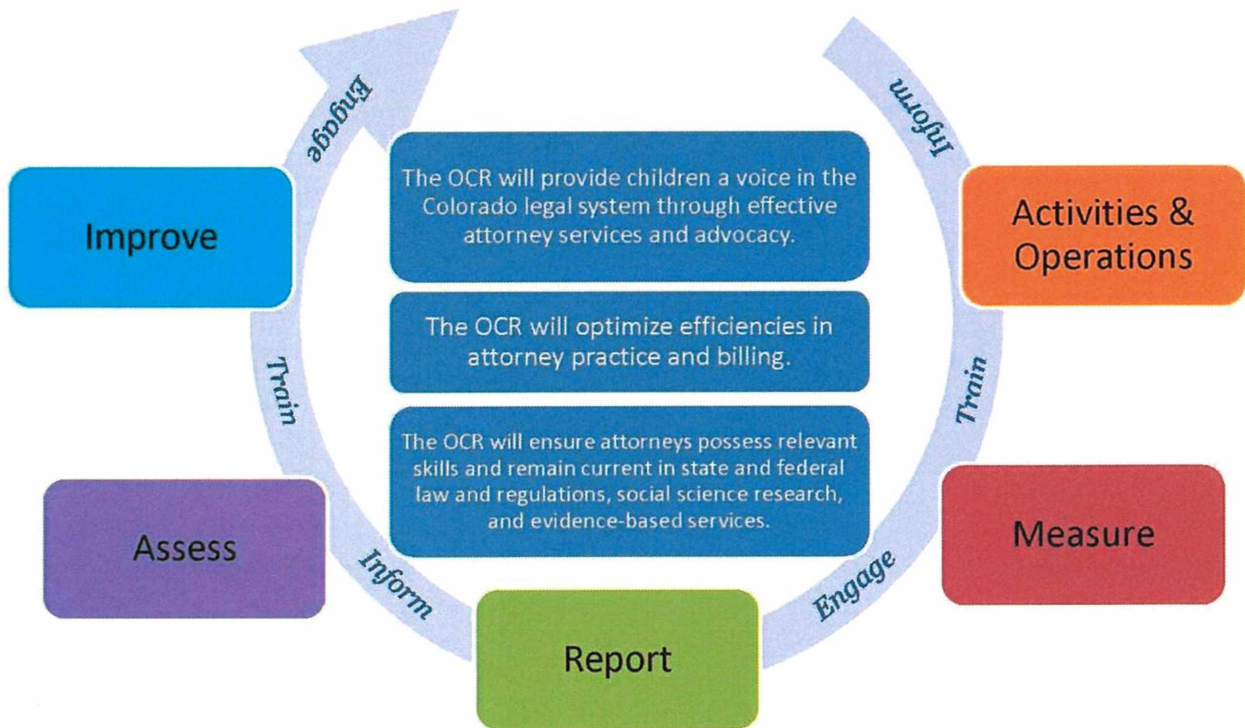

The OCR has been working diligently and successfully to fulfill these mandates and improve the quality of legal services and representation of children in Colorado. Currently the OCR contracts with approximately 275 attorneys who serve children in all 22 judicial districts across the state.

Performance Goals

The OCR has identified three performance goals:

- Goal 1:** Provide children a voice in the Colorado legal system through effective attorney services and advocacy.
- Goal 2:** Optimize efficiencies in attorney practice and billing
- Goal 3:** Ensure attorneys remain current in state and federal law and regulations, social science research and evidence-based services.

These performance goals will be met by implementing identified strategies and by utilizing a continuous improvement system illustrated below:
